

It's time to lift up Oregon families by investing in strong schools. *Our future depends on it.*

Over a generation of disinvestment has left Oregon's classrooms among the most crowded in the country. Only three other states have lower graduation rates. Oregon schools are overwhelmed and underfunded, and the effects show in our state rankings.

This session, we have a chance to turn the tide of underfunding and make game-changing investments for students and schools. Lawmakers recently released the bipartisan **Student Success Act** - a plan to invest \$2 billion in K-12 schools. It's huge news -- and puts the fight for funding within our grasp. If funded, the Student Success Act will reduce class sizes, restore lost programs and teachers, and invest in mental and behavioral health supports (and so much more!). These investments would be transformative for Oregon students.

YOU CAN HELP!

- **SIGN THE PLEDGE:**

Endorse the Invest in Oregon project at: bit.ly/Pledge4OregonStudents

- **CONTACT YOUR LAWMAKERS:**

Tell them you support the Student Success Act by going to: bit.ly/Message2Lawmaker

- **Sign up for the May 8 Day of action!**

Rally with parents, teachers and other allies in calling on lawmakers to invest in students and schools. Learn more and register at: <https://www.may8forstudents.org/>
