Lobby Training for Single Payer Health Care

Sunday, April 12, 11am – 3pm
131 W 33rd Street, 4th Floor

Join us for a lobby training to prepare you to join other supporters of single-payer universal health care so that you can answer tough questions on the ***New York Health Act*** (A.5062/S.3525) in meetings with your legislators.

This session will prepare you to advocate for a health care system that puts people over profit.

The bill was reintroduced this session with enough cosponsors to pass the Assembly. Let's push to pass single-payer in New York State this session and say loud and clear,
Health Care IS A Human Right!

***Lunch will be served, please RSVP at
pnhpnymetro.org***

Thanks to the New York State Nurses Association for use of their space.
