The presentation will be followed by reports from student leaders about the growth of the student movement for single payer health care and tactics that unite students to oppose cuts to our current health care system, while pushing for improved Medicare for All.

The student arm of PNHP—**Students for a National Health Program (SNaHP)**—has grown to over 50 chapters nationwide with 8 chapters in the NY Metro area. To find out more about our student movement, visit <http://student.pnhp.org/>
