Mapping the Opposition: Who is Attacking Universal Health Care?

When: Tuesday, October 17th, 7:30PM – 9:00PM

Where: Beth Israel's Phillips Ambulatory Care Center, 10 Union Square East @ E 14th Street, 2nd Floor Auditorium

Featuring:

Robert Galbraith, Researcher with LittleSis

As the movement to win truly universal, public health care shows signs of success, we can expect the opposition to our effort — insurance and pharmaceutical corporations — to pour exorbitant amounts of money into the campaign to defeat us. Here in New York, almost a majority of the legislature is on record supporting the New York Health Act — the universal single-payer bill in New York State. Not surprisingly, groups like Reclaim New York are funding anti-New York Health Act mailers in key Senate districts to undermine the effort.

Join PNHP NY Metro for a discussion with public accountability organization, [LittleSis](http://littlesis.org) (littlesis.org), on how the opposition to truly universal, single-payer health care is mobilizing. Learn who funds these efforts, and how they profit from the status quo. In what is a David and Goliath battle, this free forum will address how we will build the movement to take on these corporations and win the right to health care.
