

# HEALTHCARE IS A HUMAN RIGHT: WINNING WITH THE POWER OF OUR STORIES

Ever stayed  
in a job  
because of  
the health  
benefits?

Have you ever delayed going  
to the doctor or getting a  
medication due to cost?

Do you worry  
about the cost of  
healthcare?

Do you believe healthcare should be  
guaranteed for everyone?

Join Campaign for New York Health, the Workers' Center of CNY, FACES, ARISE and Physicians for a National Health Program NY Metro for a training on how sharing our healthcare stories can help us be more effective advocates for universal healthcare. **Participants will receive \$20 gift card. RSVP required.** Support provided by Health Foundation for Western and Central NY.

## **Grassroots Leadership Trainings: Healthcare Storytelling**
