Water: What’s it to you?

Why bottled water is a bad idea...
Where do we find water?

What makes water drinkable or potable?
What do we use water for?

- Drinking and cooking 4%
- Garden watering 20%
- Toilet flushing 32%
- Bathing and cleaning 28%
- Laundry and dishes 16%
How’s that made?
Water as a limited resource
What kind of water do you drink?

And your family?

Why do we drink bottled water?
Where does your Ottawa bottled water come from?
Where does your tap water come from?
Bottle or tap?

- Quality of water / Health
- Environmental impacts
  - Distance
  - Climate Change
  - Energy and Water Consumption
- Cost
- Practicality
