On November 4<sup>th</sup>, there are many reasons to go to the polls. Here are four critical decisions you can make to support the Commonwealth.

### No on #1

- **To keep the T funded.** Retain the law that indexes the gas tax to inflation. We cannot afford to gamble on our transportation system. The shifting nature of political winds require us to ensure the continued stability of this key resource for our state's economic lifeline.

### Yes on #2

- **For a better environment.** Only 23% of beverage containers without deposits make it to recycling compared to 80% with deposits. Expanding deposits to water and juice containers will increase recycling and save towns in litter collection, trash disposal, and street cleaning.

### Yes on #3

- **To repeal the casino deal.** Experts agree that casinos are terrible for the economy. Casino revenues are a false promise. Casino jobs are low-paying, and they cause job losses in other sectors. Casinos are bad for communities. They double gambling addiction and increase crime.

### Yes on #4

- **For earned sick time.** Earned sick time improves employee retention and productivity, and is good for our economy. This measure has proven beneficial for businesses large and small, and for employees across sectors. A healthier workforce is better for everyone.

Mark your calendars!  
Election Day is Tuesday
