## WHO ARE WE?

Like you, we are residents of Montgomery County who are trying to evaluate candidates running for office, in order to make informed choices in the Democratic Party primaries. **For the first time ever**, our four progressive organizations are working together to provide information to help you make your choices.

Each organization separately vetted the candidates through questionnaires, interviews, and voting records to determine who will work for the best interests of all the people in our county.

We have spent hundreds of hours on this process - a particular challenge this year because of the many good candidates running. **Here are our endorsements, (continued on the next pages).**
