

Progress Puerto Rico to Rally in Miami at Debate

June 25th, 2019

Media Advisory – IMMEDIATE RELEASE

On Tuesday Progress Puerto Rico announced its participation in a pre-debate rally to raise awareness for Puerto Rico in advance of the Democratic Primary debate in Miami. Progress Puerto Rico will join like-minded partners and our supporters at the *Torch of Friendship* in Miami on Wednesday [6-7PM, June 26th] as we call on all Presidential candidates to make our island and people of Puerto Rico a focus in their campaigns. **We'll be joined by the sounds of the bomba drums, Puerto Rican leaders and a half dozen other organizations as we politically amplify our voice of our island nationwide.**

Progress Puerto Rico founder Isabel Villalón issued the following statement:

"We're proud to join with like-minded partners and our supporters in Miami this week as we call on all Presidential candidates to make our island and people of Puerto Rico a focus in their electoral campaigns. We're looking for real solutions, engagement and those who will step up with real policy, perspectives and positions that reflect and represent our island and community at the national and federal level. Our island and people need advocates now more than ever – so much of the policy that directly impacts our island is shaped at the federal level – advancing progress in Puerto Rico will take having sincere partners who understand, are informed and in tune with the many needs of our diverse community."

Progress Puerto Rico PAC is the nation's leading federal committee and non-partisan volunteer led movement solely dedicated to politically amplifying the voice of puertorriqueños both on and off the island at the federal level. Our goal is to fill the historic void and desperate need for electoral advocacy in order to protect and advance the interests of the island and people of Puerto Rico.
