

Public Safety Matters

We say NO to high-risk experiments that threaten Justice, Rule of Law, Safety in our Neighborhoods, and Victim Rights. Senate Bill 10 is currently making its way through the California State Legislature. We at Americans for Safe Neighborhoods see this bill as a threat to public safety because it reduces criminal accountability and places an unfair burden on the justice system. Americans for Safe Neighborhoods is an organization that dedicates itself to promoting the safety of American communities by encouraging the public to take an active part in shaping government policy through participation in political processes.

Your neighbors are saying NO to SB 10

- Experts say SB 10 is a cite-and release program for felonies
- SB 10 will release criminals in vulnerable neighborhoods
- SB 10 takes away the constitutional right to seek bail and get out of jail
- SB 10 threatens property value of homes and the safety of people living in high risk communities
- SB 10 turns justice away from judges, and breaks down systems of accountability in public safety
