A report on the educational levels of CPMs based on responses to the 2009 Job Analysis Survey.

461 CPMs responded to the survey, approximately 42% of the CPMs certified at that time.

Based on the response rate of 42%, NARM is satisfied that these numbers are a close approximation of the educational levels of all CPMs.

**Highest level of non-midwifery education achieved:**

- Doctoral degree    1.5%
- Master’s degree    7.3%
- Nursing degree     8.0%
- College Degree     37.5%
- Some college       36.1%
- High school        9.0%
- No response        .6%

**Type of Midwifery Education**

- Preceptor clinical based education        45.1%
- MEAC-accredited midwifery school           32.7%
