Should the results become public a long methodology statement will be made available by YouGov within two business days at <https://au.yougov.com/results/apc>.

Termination of pregnancy is permitted in all Australian states and territories under various circumstances after 20 weeks of pregnancy. This is referred to as a 'late-term abortion.' Sometimes a baby is born alive in a 'late-term abortion' procedure. Which is closer to your own view about babies born alive after a late-term abortion procedure?
