

PATRIOTS FOR FREEDOM PAC ENDORSES RALPH REBANDT FOR MICHIGAN GOVERNOR

Patriots for Freedom PAC is pleased to announce the endorsement of Ralph Rebandt, Republican candidate for Governor of Michigan.

Sonya Green, founder of Patriots for Freedom, said of the endorsement, "Pastor Ralph is the epitome of a good man - something we need more of. He is a devout man of God, cares deeply for his growing family, and leads with a servant's heart. Ralph has spent most of his adult life in service to others, through his ministry and as a community leader. Michiganders can trust Ralph to clean up Lansing, and it starts with casting out the tyrant Gretchen Whitmer. Governor Whitmer has insisted upon destroying the life of the Michigan worker, the strength of the family unit, and the work ethic of the heart of America. She deserves not one more day in the Governor's mansion. Pastor Ralph's Lighthouse Initiative will set Michigan on the right track by putting God first, reinstating common-sense American values, and establishing policies that restore integrity in Michigan's elections, ensure fiscal responsibility, the empowerment of parents in their child's education, and protection of our Constitutional freedoms. I strongly encourage all Michiganders to not only vote for Ralph Rebandt on August 2, 2022, but invest their hard-earned resources of time and money into his campaign. For now is not the time to hang your head or sit on the sidelines, but rather get back into the fight."

Patriots for Freedom was created in 2021, first as a civic organization meant to unite communities. As the year progressed and hundreds of concerned citizens began attending Patriots for Freedom meetings, founder Sonya Green made the bold decision to file as a political action committee in an effort to elect patriots to all offices.
