

**A Petition to the Legislative Assembly of Ontario – MANDATORY FACE MASKS**

**WHEREAS** public policy mandating face masks from both municipal governments and public health units are based upon public opinion polls;  
**AND WHEREAS** competent medical professionals across specializations agree the mandating of face masks will not prevent the transmission from COVID-19;  
**AND WHEREAS** despite exemptions being provided for medical conditions without proof, many still face harassment and discrimination;  
**AND WHEREAS** many organizations such as the World Health Organization, Center for Disease Control, and peer-reviewed studies published by New England Journal of Medicine advise against the wearing of masks for healthy people;  
**AND WHEREAS** our opinions have not been considered in these mandatory face mask polls;  
**WE the undersigned** petition the Legislative Assembly of Ontario as follows:  
 That the Government of Ontario take a firm stance against mandatory face masks, striking down all policies mandating indoor public face mask use, and provide guidance to businesses as to the privacy rights the public has to their medical information.
