

REEF IQ

Coral Reefs versus Cities Activity

LINK THE LETTERS FROM THE CITY ROLES TO THE CORRESPONDING CORAL REEF ORGANISM WHICH PERFORMS THE SAME OR A SIMILAR ROLE IN A CORAL REEF CITY.

A. City Gardeners: Trim the plants and trees keeping them from overrunning the city.

B. Policemen: Help keep the population under control.

C. Doctors: Help keep people healthy.

D. Construction Workers: Help build the city.

E. Garbage Men: Keep the city clean and recycle the rubbish.

F. Grocers: Provide food and energy for people.
