WHEREAS, the Town of East Hampton formed an Energy & Sustainability Committee to address the energy needs of our community; and

WHEREAS, the Town of East Hampton adopted the Comprehensive Energy Vision to move the Town forward as a leader in sustainable energy policies and practices; and

WHEREAS, the Comprehensive Energy Vision seeks significant energy cost savings for residents and local businesses, in addition to environmental and public health benefits; and now, therefore be it

RESOLVED, that it shall be the goal of the Town of East Hampton to:

Meet 100 percent of community wide electricity consumption with renewable energy sources by the year 2020 and to

meet the equivalent of 100 percent of economy wide energy consumption such as electricity, heating, and transportation with renewable energy sources by the year 2030; and further be it

RESOLVED, that these goals can be reasonable met based upon existing and new national, state, and local initiatives.
