29 June 2015

## Creation of National Operations Centre UPDATE 1

**Pacific National has advised the RTBU that it will consolidate its planning, rostering and live run functions into a single National Operations Centre, to be based in North Sydney.**

This will mean that up to 100 positions may be made redundant across the country – including operations sites such as Parramatta, Adelaide, Newcastle, Port Kembla and Mackay. The new operations centre is expected to be up and running by March next year.

At this stage, Pacific National is still working through the details, however there will be opportunities for some staff to be relocated to Sydney.

Obviously this is a major change to the way Pacific National does business, and the next few months will be a stressful time for everyone affected.

**Your Union is and will be doing everything in its power to ensure the company adheres to its obligations under the Enterprise Agreement, and to ensure members are kept fully informed through the restructuring process.**

**We will provide you with more information as soon as possible, in the meantime, members with concerns are encouraged to talk to your local RTBU Delegate or Organiser – or email the RTBU National Office at [rtbu@rtbu.org.au](mailto:rtbu@rtbu.org.au) .**
