

RAISE YOUR HAND

FIGHTS FOR POLICIES THAT PROTECT & STRENGTHEN OUR PUBLIC SCHOOLS

OUR CAMPAIGNS:

Join us if you believe...

Public schools are at the heart of our democracy

Government has the obligation to fully fund public schools

Schools should support the development of the whole child--meeting their academic, health and social-emotional needs

Your zip code shouldn't determine the resources in your school

Children shouldn't have to test in or rely on lotteries to gain access to a well-resourced school

Test scores don't tell us much about the quality of teaching in a school

What can you do now?

- Sign up for our weekly newsletter at <http://www.ilraiseyourhand.org/sign-up>
- Gather a few friends at your school and form a public education advocates network
- Learn about the policies that matter and raise your voice at school board meetings, ward offices and our state capitol. Watch for notices on policies from RYH and commit to taking action

Stand up for strong public education with Raise Your Hand!
