

I am a 22 year old UVic student taking Political Science and Business. I have been involved with the Greens since 2016 when I joined the UVic Greens, and also worked on the Andrew Weaver and Mark Neufeld campaigns of that same year. I then volunteered for Elizabeth's 2019 re-election campaign. During that time, I became part of the UVic Greens Executive.

I am running for the EDA Executive to be able to provide input and a youth perspective, as well as share any experience I have from my past campaign experiences as well as my recent formal education in the field.
