

# 2018 MHSA County Programs

## Introduction and Acknowledgements

NAMI California is pleased to present our *2018 Mental Health Services Act County Programs: Transforming Mental Health Delivery* report.

Nearly 14 years ago, Californians voters passed Proposition 63, the Mental Health Services Act (MHSA). Californians recognized the need to increase funding for community-based mental health services in order to reduce homelessness, incarceration, and preventable hospitalization. Since then, the Act has brought in approximately \$15 billion and has had an impact on all of us.

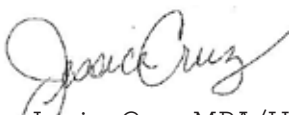

Recognizing that the MHSA cannot meet the tremendous need for mental health services in the state, the Legislature and Governor enacted Senate Bill 82, the “Investment in Mental Health Wellness Act” of 2013. SB 82 provides much needed additional funding for crisis support services and works in tandem with the MHSA programs. SB 82 programs are included in this report in order to give an even better overview of local services available.

This report provides a comprehensive directory of all MHSA and SB 82 funded programs currently operating in California’s counties. It is intended to be a tool for those seeking services, providing services, and involved in state and local decision making regarding mental health services and associated funding. We acknowledge that MHSA and SB 82 are not sole sources of funding for mental health throughout the state. However, it is our intention through this report to list programs and services being offered through these Acts.

Although California has made progress in expanding access to mental health care, we still lack a statewide standard of care for our mental health system. What services are available, and to whom, often depends on the county in which an individual resides. Further, counties have historically lacked guidance on appropriate performance indicators to assess MHSA program efficacy and impact, data collection requirements and processes, and clarity on certain fiscal policies. The need for a standardized approach to care throughout the state is clear – zip code should not determine the type and quality of care received. A recent audit has brought new life to this conversation, and multiple bills in the legislature seek to address these omissions by providing guidance on statewide priorities, objectives, and metrics as well as clarity on data collection requirements and processes.

The programs listed herein represent the tremendous commitment of counties, family members, consumers, and providers. We are particularly appreciative of the County Behavioral Health Directors, who not only provide these services on a daily basis, but also provided the information that makes this report possible. We also recognize the work of policymakers who envisioned the MHSA and Investment in Mental Health Wellness Act of 2013, as well as local policymakers who ensured the successful implementation of these programs. And finally, this report is made possible through the generous support of the Mental Health Services Oversight and Accountability Commission.

With gratitude,

Jessica Cruz, MPA/HS  
Chief Executive Officer  
NAMI California

# Executive Summary

## About Proposition 63

Proposition 63, the Mental Health Services Act, was passed by voters in 2004. At the time, California was struggling to meet the mental health needs of its residents. A 2003 report by the California Mental Health Planning Council estimated that as many as 1.7 million Californians were not receiving the mental health services they needed. As many as 80% of children with mental health needs were undiagnosed or unserved. The consequences of untreated mental illness were seen throughout health systems, school systems, and the criminal justice system. Therefore, the Act was designed to reduce homelessness, incarceration, and preventable hospitalizations, and to increase access to behavioral health services.

The Act imposes a 1% tax on personal income over \$1 million and places revenues into the Mental Health Services Fund. Counties receive annual distributions from the Fund, and are responsible for providing community-based mental health services. Program expenditures align with the five core components of the Act:

- **Community Services and Support (CSS)** is the largest component of the MHSA. The CSS component is focused on community collaboration, cultural competence, client and family driven services and systems, and wellness focus. This programming applies concepts of recovery and resilience, integrated service experiences for clients and families, as well as serving the unserved and underserved. Housing is also a large part of the CSS component.
- **Prevention and Early Intervention (PEI)** is intended to help counties implement services that promote wellness, foster health, and prevent the suffering that can result from untreated mental illness. The PEI component requires collaboration with consumers and family members in the development of PEI projects and programs.

- **Innovation (INN)** projects aim to increase access to underserved groups, increase the quality of services, and promote interagency collaboration and increase access to services. Counties select one or more goals and use those goals as the primary priority or priorities for their proposed Innovation plan.
- **Capital Facilities and Technological Needs (CFTN)** works toward the creation of facilities that are used for the delivery of MHSA services to mental health consumers and their families or for administrative offices. Funds may also be used to support an increase in peer-support and consumer-run facilities, development of community-based settings, and the development of a technological infrastructure for the mental health system to facilitate the highest quality and most cost-effective services and supports for clients and their families.
- **Workforce Education and Training (WET)** is intended to develop a diverse workforce. Clients and families/caregivers are given training to help others by providing skills to promote wellness and other positive mental health outcomes. They work collaboratively to deliver client-and family-driven services, provide outreach and services that are linguistically and culturally competent and relevant, and include the viewpoints and expertise of clients and their families/caregivers.

## About SB 82 – The Investment in Mental Health Wellness Act of 2013

In 2013, California enacted SB 82, the Investment in Mental Health Wellness Act, as a competitive grant program to disburse funds to counties for the purpose of developing mental health crisis support programs.

### *SB 82 - Mental Health Services Oversight and Accountability Commission*

Under SB 82, \$32 million per year for three years was appropriated to the Mental Health Services

Oversight and Accountability Commission (MHSOAC) to add mental health triage personnel. In 2014, an initial round of funding allocated a portion of the \$32 million to counties – as of March 2016, the triage personnel program had funded 347 hired positions in 24 counties with monies from the initial funding round.

### ***SB 82 - California Health Facilities Financing Authority***

Under SB 82, in 2014, California also allocated a one-time apportionment of \$142 million to the California Health Facilities Financing Authority (CHFFA) from the general fund for crisis residential treatment beds, mobile crisis teams, and crisis stabilization units. An additional recurring, annual \$6.8 million was allocated to CHFFA for associated personnel costs and is funded with MHSA and federal grant dollars. Five rounds of CHFFA funding were completed over three years, completely spending down the \$142 million one-time allocation.

The sixth and final round of funding from CHFFA was awarded in May 2016. Grants from all six funding rounds funded 69 capital projects and, in total, all projects were expected to add 1,194 beds, vehicles or equipment for an equivalent of 110 mobile crisis support teams, and 57.25 personnel.

### **About SB 833 – An expansion to the Investment in Mental Health Wellness Act of 2013**

In 2016, California enacted SB 833 – an expansion to the Mental Health Wellness Act of 2013, adding additional funding for crisis intervention and support services for children and youth ages 0-21. Under SB 833, California allocated a one-time apportionment of \$3 million in funding to MHSOAC for school-county collaborations, and a one-time appropriation of \$27 million to CHFFA to enhance the continuum of crisis services for children and youth ages 21 and under. In addition, SB 833 authorized new criteria for the distribution of MHSOAC funds to include a requirement that 50 percent of funds be earmarked for children and youth ages 0-21; and 50 percent be earmarked for adults and transitional age youth.

### **Recent Allocations of SB 82 and SB 833 monies**

In 2018, the MHSOAC opened three requests for proposals to award unspent SB 82 MHSOAC funding (originally allocated in 2014), in addition to the \$3 million allocated to MHSOAC from SB 833, to counties for triage personnel. MHSOAC awarded the following grants in the spring of 2018:

- \$48 million to 15 counties for adults and TAY crisis triage intervention grants;
- \$29.6 million to multiple counties for children and youth crisis triage intervention grants; and
- \$7.5 million to four counties for school-county collaborations crisis triage intervention grants.

For the \$27 million allocated to CHFFA to enhance the continuum of crisis services for children and youth ages 21 and under, four categories of programs have been established that are eligible for these funds and include: crisis residential treatment, crisis stabilization, mobile crisis support team, and family respite care. As of May 2018, CHFFA is still in the planning stages and waiting on regulations, and therefore, has not yet opened funding rounds.

### **Impact of the MHSA**

This year, the MHSA will generate nearly \$2 billion in revenue. Since its inception, it has catalyzed a shift toward recovery oriented mental health services. The 59 County Behavioral Health Departments are currently operating nearly 2,000 distinct programs. In a sample of 17 counties, the number of clients served has increased 32% since 2004 according the County Behavioral Health Directors Association 2016 Outcomes report.

Programs are designed to meet the Act's goals of reducing homelessness, incarceration, and preventable hospitalizations, and to promote recovery. While not specified in this way under the Act, it is worth noting several types of services provided:

- **Peer and Family Support:** Peer-to-peer and family-to-family support is an integral component of recovery-oriented mental health systems and

the MHSA. These services are unique in their approach to promote resiliency and hope through lived experience. Programs include outreach, engagement, crisis support, case management, and mentoring, among other strategies. According to this year's MHSA programs report, counties currently operate 273 programs that meet this need.

- **Reducing Disparities:** A central tenet of the MHSA is to ensure that services are delivered in a culturally and linguistically appropriate manner. Not only do programs aim to reduce existing mental health care disparities, but also to reach all of California's diverse communities effectively. These programs utilize peers, community health workers and other community informed strategies. According to this year's MHSA programs report, counties currently operate 605 programs designed to reduce mental health disparities.
- **Housing:** Over 40% of California's homeless population lives with a mental illness, and stable housing is a persistent challenge for behavioral health consumers. Funding for housing not only supports housing units, but supports clients in maintaining their housing through the use of peers and clinicians. According to this year's MHSA programs report, counties currently operate 146 programs that meet this need.

- **Crisis Support:** A national 2016 study conducted by NAMI, Mental Health America and the National Alliance on Caregiving found that three quarters of caregivers have taken their loved one to an emergency department due to a mental health crisis. However, most often caregivers found these services to be inadequate and the individual continued to experience symptoms. MHSA and SB 82 programs aim to intervene in mental health crisis situations with adults and children in order to provide community based assessment and to avoid both incarceration and hospitalization whenever possible. According to this year's MHSA programs report, counties currently operate 233 programs that meet this need.

### About NAMI California

The National Alliance on Mental Illness (NAMI) is the country's largest grassroots mental health organization. NAMI California is the state affiliate of the national organization. We are comprised of 62 local Affiliates across the state, and tens of thousands of individuals and families whose lives have been impacted by serious mental illness. We provide education and support programs, as well as leadership in advocacy and policy to reduce stigma and improve mental health care for all Californians.

## Methodology

The purpose of this report is to provide a comprehensive overview of the types of services being provided through the Mental Health Services Act and SB 82. It is not intended to assess the outcomes of these services.

To obtain data for the report, NAMI California contacted each of the 59 Behavioral Health Departments via email in early spring. Departments were provided with an overview of the request, their portion of the last MHSA report produced by NAMI California, a link to the last full report, and a template to complete for the 2018 report format.

We are grateful to have all counties represented in this project. In order to assure quality control, the reports are checked by county staff following NAMI California review.

Behavioral Health Departments classify their programs for the use of MHSA funds into the five components specified above: Community Services and Supports (CSS), Prevention and Early Intervention (PEI), Innovation (INN), Capitol Facilities and Technological Needs (CFTN), and Workforce Education and Training (WET). Each program listed specifies the component under which it qualifies for MHSA funding (or SB 82 funding).

In 2016, NAMI California began asking Behavioral Health Departments if they were meeting specific key needs: crisis support, peer and family support, reducing disparities, and housing. This is intended to clearly showcase the impact of the nearly 2,000 MHSA funded programs across the state and how they fulfill the goals of the Act, as well as to assess continued gaps in mental health care and support for consumers and family members.

Currently, decision makers at the state level are in discussion about restructuring evaluation procedures and oversight provided by the state to counties regarding MHSA programs. The outcome of this discussion, and in particular, potential new metrics for evaluating long-term progress, may reshape this report in the future. For now, we maintain the previous edition's categorization: crisis support, peer and family support, reducing disparities, and housing. Below are symbols used throughout the report that specify whether a program meets the needs of one or more categories.

Symbolizes **crisis support services**, defined as programs that provide services to individuals experiencing signs and symptoms of a mental health crisis.

Symbolizes **peer/family support services**, defined as programs that utilize peer, parent and family support specialists.

Symbolizes **reducing disparities**, defined as programs that aim to reduce the disparities in access to mental health care for underserved communities by providing culturally competent services or through other means.

Symbolizes **housing**, defined as programs that provide housing or housing related assistance.

Symbolizes **all other programs** not captured in another category

## Program Highlights

### **Crisis Support – Alternative Crisis Services: Los Angeles County Residential and Bridging Program**

The Los Angeles County Residential and Bridging program is a county-run program that facilitates quick and effective “linkages,” or transitions, between inpatient care settings such as nursing facilities and psychiatric hospitals to outpatient community-based programs. These community-

**In 2016-2017, an estimated 66,663 people were provided services through the LA County Residential and Bridging program.**

based programs, also known as Full Service Partnerships, provide a full spectrum of intensive and integrated mental health services for individuals living with separate or co-occurring mental health and substance abuse disorders, in addition to assistance with housing, employment, and education.

Transitions can be a dangerous time for patients. Further, hospitals often have a short turnaround before they are required to discharge patients, increasing the likelihood of individuals falling through the cracks. Programs like the Los Angeles County Residential and Bridging program are key to ensuring that continuity of care is maintained for higher-risk clients. To ensure this continuity of care, social workers and peer support specialists, known as “navigators” in this context, maintain close ties with local hospitals, receiving referrals from hospital staff. Once individuals in need of linkage services are identified, navigators begin the process of transferring patients to open beds in community-based programs. By creating a smooth transition process, individuals continue to receive access to care they need.

### **Crisis Support – Crisis Residential Program: Sacramento County Turning Point Community Programs, Wellness Recovery Action Plan (WRAP)**

The Crisis Residential Program (CRP) is an inpatient program for adults with psychiatric disabilities who have become suicidal, critically depressed, or otherwise psychiatrically incapacitated. The CRP is designed for persons who meet psychiatric inpatient admission criteria or are at risk of admission due to a mental health crisis. By providing critical services and support, promoting an ethos of mutual trust, using member input and peer support, and offering a flexible program, CRP services often reduce the need for clients to be hospitalized. Whenever possible, those with lived experience of mental illness are hired so they can assist clients by sharing their own experiences, strengths, and hope.

The program operates a 12-bed and 15-bed facility. Intake services begin with an in-depth clinical assessment and development of an individual service plan, which includes two components: (1) crisis plans to help individuals navigate out of crisis, and (2) Wellness Recovery Action Plans (WRAP) to help steer long-term recovery. Once admitted, individuals receive structured day and evening services seven days a week, including individual and group counseling. The program offers crisis intervention counseling, medication evaluations, and transition support between treatments. Many of these services continue to be available for consumers after leaving the program. Additionally, non-psychiatric counseling is provided, which includes planned activities that encourage socialization, pre-vocational and vocational counseling, and consumer advocacy education.

## SB 82 Triage Funding – BHS Triage Case Manager: Calaveras County

In an effort to expand access to crisis intervention and crisis stabilization services, Calaveras County employs a Behavioral Health Services (BHS) Triage Case Manager. The Triage Case Manager works part-time at the county mental health clinic and part-time at the Sheriff's Office in San Andreas. He or she provides crisis intervention and crisis stabilization services when calls come in through the 911 line rather than through the mental health crisis line. The Triage Case Manager works during the evening, which is when most crisis calls come in from individuals experiencing a mental health crisis.

The goal of the Triage Case Manager is to stabilize crisis situations in a therapeutic recovery-focused manner, thereby avoiding client progression towards involuntary treatment. The triage case manager also makes follow-up phone calls and house visits to check whether a client has successfully accessed services. Clients may then be connected to additional outreach and peer support programs.

The Triage Case Manager plays a critical role in bridging the different approaches of BHS and law enforcement personnel towards responding to individuals living with a mental illness. Having a Triage Case Manager located at the Sheriff's Office reduces the response time for crisis calls, time spent on 5150 evaluations, and repeat crisis calls.

During the 2015-2016 fiscal year, the Triage Case Manager served 245 persons and conducted 381 consultations. After one full year of Triage program activities, there was a 42 percent decrease in mental health crisis evaluations

at the Calaveras County Jail, and an 18 percent decrease in mental health crisis evaluations completed at the local emergency room. Additionally, over this same time period, there was a 7 percent decrease in 5150s completed at local emergency rooms.

## Workshop Languages

Hmong   Loatian  
Kmer   Arabic  
English

## Reducing Disparities – Cultural-Based Access Navigation Specialist Project (CBANS): Fresno County, Fresno Interdenominational Refugee Ministries (FIRM)

The Cultural-Based Access Navigation Specialist Project (CBANS) is a mental health program that works on stigma reduction, outreach, education, and advocacy for the Hmong, Laotian, Slavic, African and Syrian refugee community. The CBANS program is a prevention and early intervention program aimed at reducing risk factors and stressors, building protective factors and skills, and increasing social supports across all age groups.

Program components include facilitating individual and group peer support, raising community awareness, and educating refugees within culturally sensitive formats and contexts. Programs are carried out by community health workers and peer support specialists who provide advocacy and act as a liaison between the mental health systems and cultural communities of Fresno County. The program also includes one-on-one drop-in services, case management, peer support groups, referrals to community resources, home visitations, and regular workshops in Hmong, Laotian, Khmer, and Arabic. These services ensure that Southeast Asian, Slavic, Syrian, and other refugee communities are receiving culturally competent mental health services.

## Mental Health Crisis Evaluations

### After 1 year of Triage Program

Decrease of  
evaluations at  
the County Jail

Decrease of  
evaluations at  
the ER

## **Crisis Support – Comprehensive Crisis Services: San Francisco Mobile Crisis Program, Child Crisis Program, and Crisis Response Program**

Comprehensive Crisis Services (CCS) is an integrated program that provides crisis response services to children and adults. This program, which operates twenty-four seven, focuses on acute mental health issues and provides a community-based response to crisis situations. CCS offers a wide range of services that include: evaluations for 5150 psychiatric holds, transition support between inpatient and outpatient services, and clinical counseling.

CCS teams are often called in to assist with traumatic and extreme circumstances, including critical shootings and pedestrian homicides, by providing mental health based support. They provide on-scene psychological first aid and support services, such as psychological counseling for families and victims as well as group debriefings. Similarly, CSS is often called in for barricaded suspects or individuals who are suicidal. In these cases, CCS provides a mental health consultation by advising on how to approach and work with a suspect, then providing linkage to therapeutic services.

The program is made up of three categories of services: mobile crisis, crisis response, and child crisis. Mobile crisis services include in-the-field crisis triage and interventions and short-term crisis case management. Crisis response services include mobile clinical support, therapy, and crisis case

management services to individuals and families affected by community violence. Child crisis services include crisis assessments and intervention for suicidal, homicidal, and gravely disabled children and adolescents. CSS crisis responders are trained to provide all three types of services. Crisis responders also support the local Crisis Intervention Team (CIT) which provides behavioral health training, instruction, and support for law enforcement officers on how to effectively manage behavioral crisis situations in the field.

In addition to crisis responders, CSS also employs case managers who provide follow up care with up to 30 days of crisis management, and therapists who provide up to 18-24 months of counseling.

## **Peer & Family Support Specialist – Support Program for Clients who are Homeless: Butte County Torres Shelter**

Butte County maintains a partnership with the Torres Shelter, the only overnight shelter in Butte County, which operates as a contracted provider. The shelter, which is partially funded by the MHSA and partially funded through the non-profit organization People Aiding the Homeless (PATH), served 963 clients in FY 2016-2017 – a 32 percent increase in population served from the previous year.

Shelter staff supports shelter guests during peak service hours – specifically overnight. All positions must be occupied by a peer partner - defined as an individual with lived experience

### **Mobile Crisis**

- Field crisis triage
- Short-term crisis management

### **Crisis Response**

- Clinical support
- Focus on victims and families

### **Child Crisis**

- Crisis assessments
- Concentrated on suicidal, homicidal, or gravely disabled children and adolescents

with either mental illness and/or homeless living situation employed as a service coordinator.

The two main goals of the shelter are to provide:

- linkage referrals to county or partner agency
- behavioral health programs, housing placements, vocational trainings, and consumer employments; and (2) client engagement services by shelter staff to improve an individual’s length of stay at the shelter. Research shows that individuals who stay at a shelter longer are more likely to participate in available services including health care, mental health, vocational training, and substance use disorder services.

**Torres Shelter**

Alameda		Family Education & Resource Center	CSS - OESD	Provides a range of info/referral and support services for families within ACBHCS. FERC programmatic components include: (1) a warm line; (2) education, training and support for family/caregivers; (3) a resource center; (4) assistance with AB-1424 (communication with providers); (5) support for the development of family leadership; and (6) collaboration with other MHSa-funded programs.	<a href="http://www.askferc.org">www.askferc.org</a>	1.888.869.9972
Alameda		Mental Health Consultation in Preschools	PEI	Outreach, on-site mental health consultation, screening and evaluation at preschools.	<a href="https://sites.google.com/site/acearlyconnect/home">https://sites.google.com/site/acearlyconnect/home</a>	ACCESS Line: 1.800.491.9099
Alameda		Mental Health Consultation in Schools	PEI	Outreach, on-site mental health consultation, screening and evaluation at elementary, middle and high schools.	<a href="http://www.acbhcs.org/MHSA/overview.htm">http://www.acbhcs.org/MHSA/overview.htm</a>	ACCESS Line: 1.800.491.9099
Alameda		Prevention and Recovery in Early Psychosis (PREP) Alameda County	PEI	Outreach, education and early treatment for TAY experiencing the onset of psychosis and SMI.	<a href="https://askprep.org/">https://askprep.org/</a>	(510) 318-6100
Alameda		Transition Age Youth (TAY) Resource Center	PEI	Provides mental health services to TAY at an existing youth development center.	<a href="http://youthuprising.org/programs/health-wellness/#h1">http://youthuprising.org/programs/health-wellness/#h1</a>	(510) 777-9909
Alameda		Wellness, Recovery, Resiliency Resource Hub	PEI	Provides technical assistance and training to integrate wellness practices into the culture and operations of BHCS programs. Hub staff and consultants provide program design consultation, workshops, ongoing classes and events that build culturally relevant and wellness-oriented experience, knowledge, skills and practice.	<a href="http://www.acbhcs.org/MHSA/overview.htm">http://www.acbhcs.org/MHSA/overview.htm</a>	ACCESS Line: 1.800.491.9099

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Alameda		Workforce Staffing Support	WET	Provides infrastructure to manage the development, implementation and evaluation of all Workforce Education and Training (WE&T) programs and initiatives. Spearheads partnerships with community-based organizations, peer-run agencies, educational institutions and local, regional and state agencies.	<a href="http://www.acbhcs.org/MHSA/overview.htm">http://www.acbhcs.org/MHSA/overview.htm</a>	ACCESS Line: 1.800.491.9099
Alameda		Training Institute	WET	Provides a coordinated, consistent approach to training and staff development. Develops, researches and provides a broad array of training related to mental health practice; wellness, recovery and resiliency; peer employment and supports and management development.	<a href="http://www.acbhcs.org/MHSA/overview.htm">http://www.acbhcs.org/MHSA/overview.htm</a>	ACCESS Line: 1.800.491.9099
Alameda		Community College Career Pathway	WET	Develops a mental health career pipeline strategy in the community colleges, which serve as an academic entry point for consumers, family members, ethnically and culturally diverse students and individuals interested in human services education and can lead to employment in the ACBHCS workforce.	<a href="http://www.acbhcs.org/MHSA/overview.htm">http://www.acbhcs.org/MHSA/overview.htm</a>	ACCESS Line: 1.800.491.9099
Alameda		Educational Campaign to Increase Workforce Diversity	WET	Develops a culturally appropriate educational campaign to enhance the image of mental health employment and to recruit students and potential employees from Alameda County's diverse communities.	<a href="http://www.acbhcs.org/MHSA/overview.htm">http://www.acbhcs.org/MHSA/overview.htm</a>	ACCESS Line: 1.800.491.9099
Alameda		Graduate Stipends to Increase Workforce Diversity	WET	Graduate Intern Stipend Program is a financial incentive strategy designed to recruit individuals into ACBHCS county-operated programs and contracted, community-based mental health or integrated health care organizations, thus creating a public mental health workforce pipeline. This Stipend Program provides support to qualified bilingual and bicultural students that have the capacity to provide services to consumers in one of the ACBHCS threshold languages: Spanish, Vietnamese, Cantonese, and Mandarin. Student interns must work in an eligible ACBHCS county program or contracted community-based organization. Selected interns receive up to \$6,000 per academic year in exchange for 720 internship hours per academic year. ACBHCS developed hard to fill/retain eligibility selection criteria for the Graduate Intern Stipend program based on specific workforce needs and gaps in the system.	<a href="http://www.acbhcs.org/MHSA/overview.htm">http://www.acbhcs.org/MHSA/overview.htm</a>	ACCESS Line: 1.800.491.9099
Alameda		Loan Assumption Program	WET	The State Mental Health Loan Assumption Program (MHLAP) was created by the Mental Health Services Act (Act). The Act provided funding to develop a loan forgiveness program in order to retain qualified professionals working within the Public Mental Health System (PMHS). An award recipient may receive up to \$10,000 to repay educational loans in exchange for a 12-month service obligation in a hard-to-fill or retain position within Alameda County Behavioral Health Care Services (ACBHCS). Eligible applicants must work in ACBHCS County-operated mental health settings or in contracted, community-based mental health agencies. This program requires that eligible applicants work in a "hard to fill" position as defined by ACBHCS.	<a href="http://www.acbhcs.org/MHSA/overview.htm">http://www.acbhcs.org/MHSA/overview.htm</a>	ACCESS Line: 1.800.491.9099
Alameda		Internship Program	WET	Coordinates academic internship programs across the ACBHCS workforce. Meets with educational institutions to publicize internship graduate-level opportunities, provides technical assistance to clinical supervisors, and in-service trainings to student interns.	<a href="http://www.acbhcs.org/MHSA/overview.htm">http://www.acbhcs.org/MHSA/overview.htm</a>	ACCESS Line: 1.800.491.9099
Alameda		MHSA Technology project	CFTN	Purchase, installation and maintenance of a new behavioral health information system, to include: electronic health records, personal health records, eprescribing functions, data interoperability and the necessary support staff during the implementation process, and other projects that provide access and supports to consumers and family members for access to their personal health record and other wellness and recovery supports. Creates electronic health records based on technology that supports interoperability with other systems to ensure a dynamic data exchange with other entities involved in the care of consumers.	<a href="http://www.acbhcs.org/MHSA/cft/cft.htm">http://www.acbhcs.org/MHSA/cft/cft.htm</a>	Email: MHSA@acbhcs.org
Alameda		Renovation and/ or Expansion - Capital Facilities	CFTN	Renovates and/ or expands County-owned or County-controlled properties for use by MHSA programs/ activities and capital facilities. The MHSA program(s) to be located at the facility are yet to be determined.	<a href="http://www.acbhcs.org/MHSA/overview.htm">http://www.acbhcs.org/MHSA/overview.htm</a>	Email: MHSA@acbhcs.org
Alameda		Provision of Computer Resources - Technology	CFTN	Provides computer resources in locations where consumers and family members gather and receive services to allows access the internet and other software. Computers will be used for education, accessing job-related information and public policy materials, accessing/managing personal health information and other tools that promote wellness and recovery.	<a href="http://www.acbhcs.org/MHSA/cft/cft.htm">http://www.acbhcs.org/MHSA/cft/cft.htm</a>	Email: MHSA@acbhcs.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Alameda		Electronic Prescription Functionality - Technology	CFTN	Develops electronic prescription functionality that will be available to consumers in Alameda County. E-prescribing improves quality of care and reduces medication errors, including the possibility of a misread prescription by a dispensing pharmacist. E-prescription applications alert doctors to potential drug-to-drug/food interactions and drug allergies, provide pregnancy and lactation alerts, peer medication dosing patterns and online access to clinical references.	<a href="http://www.acbhcs.org/MHSA/cft/cft.htm">http://www.acbhcs.org/MHSA/cft/cft.htm</a>	Email: MHSA@acbhcs.org
Alameda		Personal Health Record - Technology	CFTN	Develops a Personal Health Record (PHR) that will be available to consumers to access important aspects of their Electronic Medical Record, including scheduled appointments, treatment information, options for completing a Wellness and Recovery Action Plan (WRAP) and for communicating with clinical staff. The specific function of the PHR will be determined by emerging PHR standards, stakeholder processes, clinical care policy, security implications, and other technical and administrative issues that emerge from accessing health information electronically.	<a href="http://www.acbhcs.org/MHSA/cft/cft.htm">http://www.acbhcs.org/MHSA/cft/cft.htm</a>	Email: MHSA@acbhcs.org
Alameda		Behavioral Health / Mental Health Career Pathways for High School & Undergrad Students	WET/ INN	Community based providers will develop pilot projects to address challenges in building effective academic and career pathway programs to recruit, train and retain culturally, linguistically and economically diverse high school and undergrad students into public behavioral/ mental health field.	<a href="http://www.acinnovations.org">www.acinnovations.org</a>	Email: MHSA@acbhcs.org
Alameda		Round Four Innovative Grants - Mental Health Technology Applications	INN	Community based providers will collaborate with web developers to create Innovative web-based mental health technology to support the wellness of consumers. INN Project categories include: 1) Mental health wellness promotion and care coordination; 2) Recovery support and care coordination; 3) Outreach, engagement, education to promote mental health wellness and referrals to existing mental health services.	<a href="http://www.acinnovations.org">www.acinnovations.org</a>	Email : TA@acinnovations.org
Alameda		Round Five Innovative Grants - API & Refugees	INN	Alameda County Behavioral Health Care Services (BHCS) invites members of the community respond to the Request for Proposal (RFP) for Round Five Innovative Projects to serve Asian Pacific Islanders and Refugees. RFP will be released in Spring 2018. Innovative projects are defined as: 1) Introducing a new mental health practice or approach, or 2) Adapting an existing mental health practice or approach, so that it can serve a new target population or setting, or 3) Modifying an existing practice or approach from another field, to be used for the first time in mental health.	<a href="http://www.acinnovations.org">www.acinnovations.org</a>	Email: MHSA@acbhcs.org
<b>ALPINE COUNTY</b>						
<b>Crisis Support</b>						
Alpine		Field Capable Clinical Services	CSS	Behavioral Health Services extends clinical services to schools, homes, and community locations throughout the County. The FCCS program increases behavioral health services utilization rates, supports isolated and homebound individuals, and increases behavioral health collaboration with the Hung-A-Lel-Ti Community through these in-field services. The FCCS program ensures that therapeutic support and case management can be provided where the client feels most comfortable in the community.	<a href="http://www.alpinecountyca.gov/Index.aspx?NID=192">http://www.alpinecountyca.gov/Index.aspx?NID=192</a>	Alpine County Behavioral Health Services Office Open M-F 8-5pm 1.800.318.8212, 24 hour crisis line
Alpine		Full Service Partnerships	CSS	Designed to expand mental health services and supports to residents of all ages who have severe mental illness (SMI) or identified as severe emotional disturbance (SED) and assist these residents in achieving their goals. ACBHS staff members also serve as active partners in County Multi-Disciplinary Teams in order to increase coordination of services across departments and jurisdictions and promote cross-disciplinary learning.	<a href="http://www.alpinecountyca.gov/Index.aspx?NID=192">http://www.alpinecountyca.gov/Index.aspx?NID=192</a>	Alpine County Behavioral Health Services Office Open M-F 8-5pm 1.800.318.8212, 24 hour crisis line
Alpine		School-Based Mental Health Clinician	CSS	Assists with early detection and intervention for students struggling with personal, academic, and mental and emotional health issues, all within the low-threat school setting. The clinician also provided referrals and linkages to other resources as needed and engaged in family or group counseling when appropriate. The Play Therapy component of this program was designed to deliver clinical services to children in a low stakes environment with the goals to help children decrease anxiety, increase confidence, make healthier choices, and decrease behavior issues through the expression of play. Play Therapy was intended as an ad-hoc program to be applied as necessary.	<a href="http://www.alpinecountyca.gov/Index.aspx?NID=192">http://www.alpinecountyca.gov/Index.aspx?NID=192</a>	Alpine County Behavioral Health Services Office Open M-F 8-5pm 1.800.318.8212, 24 hour crisis line

<b>Peer/Family Support Specialists</b>						
Alpine		School-Based Primary Intervention Program	PEI	An evidenced-based program that provides one-to-one services to students through the use of non-directive play sessions, including games, arts and crafts activities, and conversations. Services are delivered by a child aid, with close supervision from a school-based mental health professional. Children receive one 30–40 minute one-to-one session per week, for a period of 12–15 weeks. PIP is designed to enhance the social, emotional, and behavioral development of young students; to build children's self-esteem and confidence; and to encourage positive attitudes toward school and improved academic achievement.	<a href="http://www.alpinecountyca.gov/Index.aspx?NID=192">http://www.alpinecountyca.gov/Index.aspx?NID=192</a>	Amy Broadhurst, MHSA Coordinator 530.694.1320 <a href="mailto:abroadhurst@alpinecountyca.gov">abroadhurst@alpinecountyca.gov</a>
Alpine		Positive Behavior Intervention Support	PEI	An evidenced-based school-based approach to student social-emotional support and behavioral management. The approach includes systemic and individualized strategies to achieve learning and social emotional outcomes at both the individual and the school-wide levels, while preventing problem behaviors and emotional stress as well as increasing academic achievement. PBIS programs have been shown to effectively reduce disciplinary referrals within schools and reduce the number of out-of-school student suspensions.	<a href="http://www.alpinecountyca.gov/Index.aspx?NID=192">http://www.alpinecountyca.gov/Index.aspx?NID=192</a>	Amy Broadhurst, MHSA Coordinator 530.694.1320 <a href="mailto:abroadhurst@alpinecountyca.gov">abroadhurst@alpinecountyca.gov</a>
Alpine		Workforce, Education, and Training	WET	Workforce, Education and Training (WET) Programs emerged during the Community Planning (CPP) Process and was approved to implement beginning in FY 2016-2017. The WET Plan includes a Coordinator Position to oversee the coordination and implement all components of the MHSa plan. The WET Plan includes Fundamental Learning Programs to ensure staff is up to date with basic competencies of behavioral health service provision, ACBHS partners with providers to train its staff and stakeholders on topics such as psychosocial rehabilitation skills, the recovery model, trauma-informed cognitive health services, integrated care and delivering comprehensive services promoting wellness and recovery. The plan also includes a budget to increase Mental Health Staff Through Educational Stipends.	<a href="http://www.alpinecountyca.gov/Index.aspx?NID=192">http://www.alpinecountyca.gov/Index.aspx?NID=192</a>	Amy Broadhurst, MHSA Coordinator 530.694.1320 <a href="mailto:abroadhurst@alpinecountyca.gov">abroadhurst@alpinecountyca.gov</a>
<b>Reducing Disparities</b>						
Alpine		Outreach & Engagement	CSS	Focus on identification, education, and support of individuals in need of mental health services. These activities also seek to reduce barriers to participation in behavioral health services and programs.	<a href="http://www.alpinecountyca.gov/Index.aspx?NID=192">http://www.alpinecountyca.gov/Index.aspx?NID=192</a>	Amy Broadhurst, MHSA Coordinator 530.694.1320 <a href="mailto:abroadhurst@alpinecountyca.gov">abroadhurst@alpinecountyca.gov</a>

Alpine		Play Therapy	CSS	Designed to deliver clinical services to children in a low-stakes environment with the goals to help children decrease anxiety, increase confidence, make healthier choices, and decrease behavior issues through the expression of play.	<a href="http://www.alpinecountyca.gov/Index.aspx?NID=192">http://www.alpinecountyca.gov/Index.aspx?NID=192</a>	Alpine County Behavioral Health Services Office Open M-F 8-5pm 1.800.318.8212, 24 hour crisis line
Alpine		Senior Socialization & Exercise	PEI	Focuses on improving the healthy attitudes, beliefs, skills and lifestyles of older adults in Alpine County; reducing stigma associated with seeking behavioral health services; reducing isolation, depression, fear, anxiety, and loneliness among seniors; and increasing referrals to and knowledge about supportive services.	<a href="http://www.alpinecountyca.gov/Index.aspx?NID=192">http://www.alpinecountyca.gov/Index.aspx?NID=192</a>	Alpine County Behavioral Health Services Office Open M-F 8-5pm, 1.800.318.8212, 24 hour crisis line
Alpine		Positive Behavior Intervention Support	PEI	An evidenced-based school-based approach to student social-emotional support and behavioral management. The approach includes systemic and individualized strategies to achieve learning and social emotional outcomes at both the individual and the school-wide levels, while preventing problem behaviors and emotional stress as well as increasing academic achievement. PBIS programs have been shown to effectively reduce disciplinary referrals within schools and reduce the number of out-of-school student suspensions.	<a href="http://www.alpinecountyca.gov/Index.aspx?NID=192">http://www.alpinecountyca.gov/Index.aspx?NID=192</a>	Amy Broadhurst, MHSA Coordinator 530.694.1320 <a href="mailto:abroadhurst@alpinecountyca.gov">abroadhurst@alpinecountyca.gov</a>
Alpine		Create the Good	PEI	Began as an adult luncheon geared toward adults and seniors, these luncheons featured presentations on topics related to health, wellness and parenting. The event promotes community socialization, awareness of current health and wellness issues, and provides the possibility for further learning. Over the course of FY 2014/15, the program expanded to provide more early intervention opportunities by hosting an open support group, adding 10-week sessions of Yoga & Art for Trauma Release, and creating opportunities for “meet and greets” between participants and ACBHS staff, in particular residents in the geographically isolated communities.	<a href="http://www.alpinecountyca.gov/Index.aspx?NID=192">http://www.alpinecountyca.gov/Index.aspx?NID=192</a>	Alpine County Behavioral Health Services Office Open M-F 8-5pm, 1.800.318.8212, 24 hour crisis line
Alpine		Combining Past & Present	PEI	A culturally-based prevention program for Alpine County residents of all ages which seeks to preserve cultural traditions, build community, and prevent the onset of depression and anxiety related to lack of socialization and identity confusion for members of the Hung-A Lel-Ti Community. Through community dialogue and activities, the program also addresses trauma related mental health topics.	<a href="http://www.alpinecountyca.gov/Index.aspx?NID=192">http://www.alpinecountyca.gov/Index.aspx?NID=192</a>	Alpine County Behavioral Health Services Office Open M-F 8-5pm, 1.800.318.8212, 24 hour crisis line
Alpine		Wellness Projects	PEI	Designed to provide targeted programming for a variety of distinct populations programs will offer continued support to prevent the development and onset of mental health issues among Alpine County residents and engage residents in programming to decrease barriers to accessing SMI/SED services. Wellness Projects include contract with Suicide Prevention Network and offers Mental Health First Aid Trainings in our County.	<a href="http://www.alpinecountyca.gov/Index.aspx?NID=192">http://www.alpinecountyca.gov/Index.aspx?NID=192</a>	Amy Broadhurst, MHSA Coordinator 530.694.1320 <a href="mailto:abroadhurst@alpinecountyca.gov">abroadhurst@alpinecountyca.gov</a>
<b>Other Programs</b>						
Alpine		Capital Facilities Development	CFTN	The Capital Facilities funds will be used to acquire a new building for MHSA administration and services. The focus of the facility will be to offer MHSA services to children, transition age youth, families, adults, and older adults. The site will provide activity rooms for individual and group service delivery (including Play Therapy and additional wellness programs) as well as dedicated space for ACBHS Administration.	<a href="http://www.alpinecountyca.gov/Index.aspx?NID=192">http://www.alpinecountyca.gov/Index.aspx?NID=192</a>	Alissa Nourse, Director of Alpine County Behavioral Services 530.694.1816
Alpine		Electronic Health Record Implementation	CFTN	During FY 2010/11, Alpine conducted a technological needs assessment, applied, and received funding for implementing an electronic health record (EHR) to document services, streamline assessments, and track programmatic and client outcomes over time. The system was also intended to monitor due dates for charting, client services plans, and other utilization review activities. Such features would expedite staff access to client information and enable them to share critical information regarding high-risk clients (e.g., allergies, drugs sensitivities, recent crisis information, as appropriate). The EHR would also ensure the privacy of protected health information by having state-of-the-art equipment and software.	<a href="http://www.alpinecountyca.gov/Index.aspx?NID=192">http://www.alpinecountyca.gov/Index.aspx?NID=192</a>	Gail St. James Clinical Coordinator of Alpine County Behavioral Services 530.694.1816
<b>AMADOR COUNTY</b>						
<b>Crisis Support</b>						
Amador		Crisis Team	CSS-SD	Provides follow-up specialized skills for staff/team building in the community, including hospital ER and family groups. 24 Hour Toll Free #: (888) 310-6555	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	<a href="mailto:mcranfill@amadorgov.org">mcranfill@amadorgov.org</a>

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Amador		Mobile Support Team	CSS-OE	This team includes a full-time Clinician, along with a full-time Consumer/ Family Advocate, who is equipped with a 4-wheel drive vehicle and laptop with mobile “hot spot” for field intakes, assessments, and safety plans. The Consumer/Family Advocate will also be trained to provide individual Wellness Recovery Action Plans (WRAP), also in the field (i.e., a client’s home). 24 Hour Toll Free #: (888) 310-6555	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	mcranfill@amadorgov.org
<b>Peer/Family Support Specialists</b>						
Amador		MHA Sierra Wind Wellness Center	CSS-OE	Sierra Wind is a peer-led self-help center offering advocacy, support, benefits acquisition, culturally diverse support groups, training, and patient’s rights advocacy. Sierra Wind provides weekly support groups, daily meals, linkage and navigation of services, and volunteer opportunities for all of its clients. Sierra Wind also offers Anger Management and other workshops that as identified by its members. WRAP is also offered on an ongoing basis.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		Quality Improvement Advocate / Primary Care Liaison	CSS-SD	The Quality Improvement Advocate/Liaison attends client meetings and serves on policy and program development teams to promote the concept of clients/families as partners in the treatment process. The Quality Improvement Advocate delivers a peer perspective and voice to many programs within ACBHS and the community. The Quality Improvement Advocate also acts as a liaison to connect consumers to primary care and lower levels of treatment.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		NAMI Outreach & Engagement	CSS-OE	NAMI advocates for access to services, treatment, supports and research and is steadfast in its commitment to raising awareness and building a community of hope for all of those in need. For this project in Amador County, NAMI conducted outreach and education to family members and people with lived experience.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		NAMI Family to Family	CSS-OE	This free, 12-week course offered by the National Alliance on Mental Illness (NAMI) is offered throughout the United States, in two Canadian provinces and in three regions in Mexico. With more than 3,500 volunteer teachers, 250,000 family members have participated in the program since 1991. Family to Family provides education about mental illness and treatments, emotional and practical support, and problem solving and communication skills for family members and caretakers of those with a mental illness.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		NAMI Peer to Peer	CSS-OE	Provided by NAMI Amador, Peer-to-Peer is a unique, experiential learning program for people with any serious mental illness who are interested in establishing and maintaining their wellness and recovery. Peer-to-Peer consists of 10 two-hour units and is taught by two trained peer mentors who are personally experienced at living well with mental illness.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
<b>Reducing Disparities</b>						
Amador		Full Service Partnerships	CSS-FSP	The program’s focus is to provide an integrated system of care, including outreach and support, to children, youth, transitional age youth, adults and older adults seeking or receiving behavioral health care in Amador County. Its focus with Full Service Partners is to provide a team approach to “wrap around” clients and their families. Staff do whatever it takes from a clinical perspective to ensure that consumers can stay in the community and out of costly psychiatric hospitals, incarcerations, group homes, and evictions. The focus is on community integration and contribution.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		Circle of Wellness: Mother, Child, Family	INN	This project is a specialized collaborative including a medical clinic trusted and recognized by Native American residents (the MACT clinic), Sutter Health, First 5, ACBHS, Public Health, Tribal TANF and other CBOs. Partners will identify and refer pregnant women to a two-track treatment and support program designed to normalize emotional health services as part of routine OB practice. By adding behavioral health visits to obstetric protocols, Circle of Wellness will serve Amador County Native American mothers and non-Native mothers without a medical home—approximately 25-30 pregnant women and their families annually—delivering a prevention-focused approach to pre- and postnatal medical and mental health treatment in a stigma-free environment designed to ensure optimal bonding and parent-child emotional and physical health and development.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		Community Training	WET	ACBHS is providing ongoing community training that align with needs identified in the annual Cultural Competency Objectives and through the stakeholder process. More recent trainings provided have been Bridges Out of Poverty (2-day workshop) and Military Culture and Clinical Implications training.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Amador		MHA Sierra Wind Wellness Center	CSS-OE	Sierra Wind is a peer-led self-help center offering advocacy, support, benefits acquisition, culturally diverse support groups, training, and patient's rights advocacy. Sierra Wind peer staff is culturally reflective of the community it serves. Sierra Wind provides weekly support groups, daily meals, linkage and navigation of services, and volunteer opportunities for all of its clients. Sierra Wind also offers Anger Management and other workshops that as identified by its members. WRAP is also offered on an ongoing basis.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		NEXUS Youth Empowerment Program	PEI	Develops a network of transitional age youth to guide and shape youth empowerment activities.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		NEXUS Project SUCCESS	PEI	Project SUCCESS is a SAMHSA-recommended, research-based program that uses interventions proven effective in reducing risk factors and enhancing protective factors.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		NEXUS Building Blocks of Resiliency	PEI	The Building Blocks of Resiliency program offers Parent-Child Interaction Therapy (PCIT) to help create stronger and healthier families with positive relationships. PCIT is designed to improve family functioning, resiliency, and cohesion as parents receive one-on-one coaching in "real time" to acquire skills and tools to improve the quality of the parent-child relationship. The program also offers Aggression Replacement Training (ART) to help increase resiliency in children and teens. Through ART, youth develop a skill set for responding to challenging situations with social learning and cognitive behavioral strategies.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		NEXUS Community Center Outreach	PEI	This program provides outreach, education, and support intervention services to Spanish-speaking and isolated consumers and their families. The program also provides mental health and wellness education workshops for the community. The program offers consumer-centered case management and family advocate support services to help consumers identify mental and physical health issues and service needs. Staff then provide referrals to resources and assist consumers with the beginning steps of an individualized care plan.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		NEXUS Promotores de Salud	PEI	The Promotores de Salud is a Latino Peer-to-Peer program that utilizes Spanish-speaking Hispanic/Latino community members to reach out to other historically underserved Spanish-speaking Hispanic/Latino and linguistically isolated community members. The goal of this program is to promote mental health, overall wellness, and ultimately increase access to services. Promotores conduct educational presentations and outreach activities and help overcome barriers such as transportation, culture, language, stigma, and mistrust.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		Human Services Certificate Sponsorship	WET	ACBHS is partnering with the Amador Community College Foundation (ACCF) to promote an 18-unit Human Services certificate and to provide additional supports as needed. ACCF currently partners with Coastline Community College to offer Amador County residents certificate and associate degree programs, completely online. The Human Services certificate is the ideal entry level certificate for consumers, family members, or anyone interested in beginning employment with ACBHS, typically as a Personal Service Coordinator.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		MHSA Community & Four Year College Scholarships	WET	ACBHS is creating a menu of options for consumers, family members, staff, and the public. To fully support the partnership with ACCF and to ensure the success of the students seeking the Human Services certificate, ACBHS is dedicating \$22,000 in scholarship funds for those with a financial need. For staff seeking to advance their careers in public mental health, ACBHS will assist in identifying which of the several loan assumption programs are most appropriate, including the MHSA-funded Mental Health Loan Assumption Program, which provides Bachelor or Masters level graduates who are in "hard to fill" positions up to \$10,000 in funding for a one year service commitment.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
<b>Housing</b>						
Amador		Housing	Housing	Amador County is utilizing their MHSA Housing Program funds throughout (FY 2015/16 to FY 2018/19) to fund a combination of Emergency Assistance and Move-In Assistance (with funding split 50/50 between the two options), with funding for a case manager to assist with housing acquisition, sustainability, budgeting, and connection to other resources (such as Smart Money classes). The MHSA Housing Program funds are also utilized in a partnership with a local landlord in a master lease agreement. ACBHS subleases a 4-plex to hours FSP clients and other actively engaged consumers to support the transition to permanent housing and independent living.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Other Programs						
Amador		Co-Occurring Group for Teens	INN	This Innovations project is a treatment group for teens with co-occurring mental health and substance use disorders. By promoting interagency collaboration between divisions of Amador County Behavioral Health, and collaborating with Public Health, Child Welfare, Juvenile Probation, our school district's Student Attendance Review Board (SARB) and community-based organizations, a referral network will be developed enabling us to serve up to 30 unique teens per year. The group will be co-facilitated by a SUD counselor and a mental health clinician who are currently developing a treatment curriculum incorporating neuroscientific principles designed to engage and heal traumatized youth. Our evaluation will inform curriculum improvement and document an array of individual, relational, family and system outcomes.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		Personal Service Coordinators	CSS-FSP	Functioning as case managers and personal service coordinators, the positions provides direct clinical services consistent with the vision and goals of MHSF. PSCs will be responsible for implementing outreach and engagement activities and individual and group services for the corresponding age groups. Off-site services will be integrated with existing activities at a community-based center or within the home. The position will ensure that services are delivered in a manner that embraces the recovery model.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		First 5 Behavioral Consultation	PEI	First 5 Amador provides high quality mental health consultation, treatment, and socialization classes, as well as education to child care providers, teachers, families and children in order to reduce the number of youth who are removed from child care setting and to improve family functioning.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		The Resource Connection Grandparents Program	PEI	Provides respite care for at risk grandparents raising their grandchildren. Grandparents are eligible to receive up to 16 hours of care per month for their grandchildren in a licensed child care facility. The program also provides a training and support groups throughout the year and mails additional resources to all who apply for services.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		Isolated Seniors Project	PEI	ACBHS contracts with the Amador County Senior Center to expand the scope and/or outreach of their efforts to support the mental health and wellbeing of isolated older adults. ACBHS currently provides marketing funds to advertise and stipends to expand a Senior Peer Program serving Amador County. The marketing funds for the Senior Peer program are intended to advertise services, solicit new volunteers, and to provide training for existing volunteers.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		Workforce Staffing Support	WET	Staffing support includes assisting staff with work-related education and training goals, tracking mental health workforce trends, identifying local needs, and representing the department at regional and statewide meetings.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		Essential Learning Online Training Platform (Relias)	WET	Essential Learning (Relias) includes over 300 courses of readily available curriculum, with CEUs at no additional cost. Essential Learning curriculum covers training on all MHSF target populations, current therapeutic interventions, as well as the MHSF essential elements.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
Amador		Internship & Supervision Program	WET	ACBHS continues to offer Masters in Social Work and Marriage and Family Therapist Interns opportunities to earn their hours toward licensure within the department. Students needing practicum hours to graduate are also extended opportunities for needed experience as capacity allows. A roving supervisor has been contracted through the Central Region WET Partnership and visits Amador weekly to support all interns and practicum students.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	mcranfill@amadorgov.org
Amador		Anasazi Electronic Health Record System	CFT	Technology funds have been dedicated to the department's Electronic Billing and Records System, Anasazi, in partnership with Kingsview for technical support.	<a href="http://amador.networkofcare.org/mh/content.aspx?id=1387">http://amador.networkofcare.org/mh/content.aspx?id=1387</a>	shess@amadorgov.org
BERKELEY CITY						
Crisis Support						
Berkeley City		Intensive Support Services Children's Wraparound Full Service Partnership	CSS-FSP	This community-based mental health program is designed to provide intensive short-term, individualized treatment, care coordination and support to children and youth ages 0-18 years. Normal business hours are weekdays, 8:30-6:00pm. Mobile Crisis Services are available after hours.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Fawn Downs (510) 981-5236

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Berkeley City		TAY- Adult & Older Adult (FSP)	CSS-FSP	Provides intensive support services to individuals with severe mental illness who are homeless or at risk of becoming homeless. Priority populations include transition-age youth, older adults, and individuals in unserved and underserved ethnic communities. Normal business hours are weekdays, 8:30-6:00pm. Mobile Crisis Services are available after hours.	<a href="https://www.cityofberkeley.info/ContentDisplay.aspx?id=15648">https://www.cityofberkeley.info/ContentDisplay.aspx?id=15648</a>	Nancy Njissang (510) 981-5248
Berkeley City		Transitional Outreach Team (TOT)	CSS-OESD	This program augments Mobile Crisis Services by providing interventions that address issues individuals experience either immediately prior to, or following a mental health crisis.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Tenli Yavneh (510) 981-7641
<b>Peer/Family Support Specialists</b>						
Berkeley City		Wellness & Recovery Support Services	CSS-OESD	Advances wellness & recovery goals on a system wide level through a collaboration of staff, consumers, family members, and other stakeholders. Promotes increased involvement of consumers and family members in the service delivery system. Creates policies that facilitate the MHSF goals of becoming more wellness and recovery oriented and consumer and family member driven. Designed, organized, and led by BMH consumers and consumer staff, this program implements workshops, trainings, creative activities, and ongoing healthy groups for consumers and family members.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Carol Patterson (510) 981-7721
Berkeley City		Family Advocate Services	CSS-OESD	Provides outreach, education, supports, referrals, and community linkages for family members throughout the mental health system.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Yvette Katuala (510) 981-7654
Berkeley City		Peer Leadership Coordination	WET	Coordinates skills training for consumers, family members, and culturally and linguistically diverse community members to enable them to participate on Berkeley Mental Health (BMH) committees and boards; secure consumer and family member positions; and/or provide wellness and recovery community organizing.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Carol Patterson (510) 981-7721
<b>Reducing Disparities</b>						
Berkeley City		Multi-Cultural Outreach & Engagement	CSS-OESD	Identifies, develops, implements, monitors, and evaluates services that lead to continuous cultural, ethnic, and linguistic improvements within the mental health system of care, with a special emphasis on engaging un-served, underserved, and inappropriately served communities.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Barbara White (510) 981-7646
Berkeley City		Transition Age Youth (TAY) Support Services	CSS-OESD	Provides outreach, support, services, and/or referrals to homeless Transition Age Youth (TAY) with serious mental health issues. Priority is given to youth coming out of foster care and/or the juvenile justice system, with targeted outreach strategies to engage youth from various ethnic communities, including Asian and Latino populations.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Karen Klatt (510) 981-7644
Berkeley City		Community Education & Supports Project	PEI	Partners with community groups to implement culturally appropriate outreach, engagement and support services within underserved cultural/ethnic populations to individuals in need of trauma supports.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Karen Klatt (510) 981-7644
Berkeley City		Peer Leadership Coordination	WET	Coordinates skills training for consumers, family members, and culturally and linguistically diverse community members to enable them to participate on Berkeley Mental Health (BMH) committees and boards; secure consumer and family member positions; and/or provide wellness and recovery community organizing.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Carol Patterson (510) 981-7721
Berkeley City		Peer Leader Stipend Program	WET	Provides stipends for consumers and family members to participate in leadership roles at BMH and in peer counseling training roles in the clinics.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Carol Patterson (510) 981-7721
Berkeley City		Graduate Level Training Stipend Program	WET	Enables BMH to provide stipends to culturally and linguistically diverse graduate level trainees and interns.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Babalwa Kwanele (510) 981-5239
<b>Housing</b>						
Berkeley City		TAY- Adult & Older Adult (FSP)	CSS-FSP	Provides intensive support services to individuals with severe mental illness who are homeless or at risk of becoming homeless. Priority populations include transition-age youth, older adults, and individuals in unserved and underserved ethnic communities.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Nancy Njissang (510) 981-5248

<b>Other Programs</b>						
Berkeley City		Employment Services	CSS-OESD	Develops relationships with existing employment services such as the State Department of Rehabilitation, Alameda County Behavioral Health Vocational Services Program, and community-based one-stop employment centers. The Employment Specialist will collaborate with existing service teams to provide information and support for consumers accessing employment and educational services.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Yvette Katuala (510) 981-7654
Berkeley City		Benefits Advocacy	CSS-OESD	A collaboration with a community-based organization assists clients in obtaining benefits.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Karen Klatt (510) 981-7644
Berkeley City		BE A STAR (Behavioral Emotional Assessment, Screening, Treatment, and Referral)	PEI	Implements a coordinated system to identify children birth to five at risk of developmental delays, physical, social-emotional, and behavioral concerns. Triage, assessment, referral, and treatment as needed through appropriate community-based or specialist services.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Karen Klatt (510) 981-7644
Berkeley City		Social Inclusion Project	PEI	Ensures a coordinated effort with ACBHCS around anti-stigma programming in Berkeley. Among other activities, trains consumers to conduct community presentations in order to dispel myths, attitudes and discrimination around mental health clients and issues.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Carol Patterson (510) 981-7721
Berkeley City		High School Youth Prevention Program	PEI	The program consists of a thorough screening process that is used to identify young people who may need more intensive intervention, and to provide referrals that connect students in need with therapeutic treatment and services when necessary.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Fawn Downs (510) 981-5236
Berkeley City		Community-based Child & Youth Risk Prevention Program	PEI	A range of psycho-educational activities in multiple modalities provide information and supports for those in need. Services also include assessment, brief treatment, case management, and referral to long term providers as needed to reduce risk factors or other stressors, and promote positive cognitive, social, and emotional well-being.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Fawn Downs (510) 981-5236
Berkeley City		Homeless Outreach and Treatment Team	CSS-OESD & PEI	The primary goal of this program is to engage and provide access and linkage to services that promote health, mental health and self-sufficiency for individuals who have significant mental health and related disorders, and are currently living on the streets of Berkeley and Albany. HOTT seeks to reduce hospitalization and incarceration rates and support Berkeley residents who are experiencing homelessness.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Tenli Yavneh (510) 981-7641
Berkeley City		Albany Resource Center	OESD	This Resource Center offers a one-stop venue to learn about and receive referrals to resources to assist with a range of social and economic needs.	<a href="https://www.cityofberkeley.info/ContentDisplay.aspx?id=15648">https://www.cityofberkeley.info/ContentDisplay.aspx?id=15648</a>	Tenli Yavneh (510) 981-7641
Berkeley City		Trauma Informed Care for Educators	INN	This project implements Trauma Informed Care (TIC) training for educators (and interested parents) in three Berkeley schools. The primary purposes of the project are to increase access to mental health services for students in need, increase access for underserved groups, and increase the quality of mental health services, including better outcomes.	<a href="https://www.cityofberkeley.info/ContentDisplay.aspx?id=15648">https://www.cityofberkeley.info/ContentDisplay.aspx?id=15648</a>	Fawn Downs (510) 981-5236
Berkeley City		Supportive Schools Program	PEI	This program provides resources to support mental health prevention and intervention services in the schools including: outreach; psycho-social education; and consultation with parents/or teachers.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Nina Goldman (510) 981-7537
Berkeley City		Staff Development and MHSA Training	WET	Through this program BMH staff and affiliated community agencies provide trainings to guide the MHSA transformation for the system of care.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Barbara White (510) 981-7646
Berkeley City		Adult Services Clinic Renovation	CFTN	A renovation of the BMH Adult Services Clinic will create a safe and welcoming, consumer-friendly and family friendly environment.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Steve Grolnic-McClurg (510) 981-5249
Berkeley City		Wellness Center	CSS-OESD	Berkeley City and Alameda County Behavioral Healthcare Services have pooled money for a Wellness Center sited in Berkeley.	<a href="http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648">http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=15648</a>	Steve Grolnic-McClurg (510) 981-5249
<b>BUTTE COUNTY</b>						
<b>Crisis Support</b>						
Butte		Crisis Stabilization Unit (CSU)	CSS-OESD	Provides up to 23 hours of specialized services to voluntary individuals. Services include crisis intervention and stabilization, emergency medications, nursing health assessment, and mental health assessment for all ages.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Butte		Crisis Residential Treatment - Iris House	CSS	The Crisis Residential Treatment program will provide adult consumers requiring mental health crisis services with community-based treatment alternatives to institutional placements. The program is an intensive 24-hour, seven-days-a-week structured, therapeutic milieu for consumers in crisis who have a major mental health diagnosis and may also have co-occurring substance abuse and/or physical health challenges. Each consumer in the program will participate in an initial assessment period to evaluate ongoing need for crisis residential services for up to 30 days.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		Crisis Triage	PEI	The Triage Teams will embed Crisis Staff in facilities in Butte County where high-risk psychiatric emergencies are most likely to occur: 3 emergency departments and 2 homeless shelters/centers. As well, a Phone Triage team will be integrated into the current Butte County Crisis Services team to support crisis response and coordinate care for youth and adults.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		Mobile Crisis	CSS	The Mobile Crisis Team will partner with the law enforcement to provide crisis related outreach and engagement as well as respond to 911 requests regarding possible psychiatric or emotional crisis in the community.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
<b>Peer/Family Support Specialists</b>						
Butte		Homeless Client Support Program (Torres Shelter)	CSS	Services at the Torres Shelter utilize peer partners to provide support to shelter guests who are experiencing mental illness. The goal is to increase the shelter guests' ability to effectively partake in services and to reinforce stable and secure housing. Peer partners are available during the Torres Shelter evening hours, building relationships with shelter guests, decreasing stigma around mental health issues, and guiding guests towards self-sufficiency.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		Live Spot Gridley & Oroville	PEI	Provides academic support, life skills and leadership development, vocational support, relationship building, connection to the community, and supportive services to school age youth during after school hours.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		Northern Valley Talkline	CSS-OESD	A non-crisis warm line offering peer to peer support, compassionate listening, and county-wide resource referrals. The Northern Valley Talk Line operates 365 days a year, 4:30–9:30pm. 1-855-582-5554.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		Wellness & Recovery Centers	CSS-OESD	The Wellness and Recovery Centers (WRC) are consumer driven and emphasize recovery-oriented activities including peer support, socialization opportunities, life skills groups, reintegration into the community, employment services, and medication support. These centers are open to all community members ages 18 and over.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		Youth Intensive Programs	CSS-OESD	Youth Intensive Programs (YIP) provide specialized wraparound services throughout the county. The common goal of all Youth Intensive Programs is to provide interventions and treatments that have been shown to decrease youth hospitalization, disruptive out-of-home placements, and involvement in the juvenile justice system while improving mental health and daily functioning.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
<b>Reducing Disparities</b>						
Butte		6th Street Center	CSS-OESD	Open to homeless youth, or those at risk of homelessness. Services include basic needs (laundry facilities, showers, afternoon meals), education support, employment development, family reunification assistance, and referral to community services. 6th Street Center is a program of Youth for Change, Inc. (YFC).	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		African American Family and Cultural Center	PEI	Provides African American families and community members a place to reclaim and revitalize their community in order to create healthy and vibrant lives. This program is in partnership with Youth for Change, Inc. (YFC) and is in alliance with Southside Oroville community members.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		LGBTQ+ Suicide Prevention and Education Program (SAYes)	PEI	A program of Stonewall Alliance of Chico, provides suicide prevention, education, and outreach services to gay, lesbian, bisexual, transgender, and questioning youth and young adult and their families and friends. This program also connects individuals to the Trevor Project 24/7 LBGTQ Youth Helpline (1-866-488-7386) and Butte County Crisis Services (1-800-334-6622).	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		Live Spot Gridley & Oroville	PEI	Provides academic support, life skills and leadership development, vocational support, relationship building, connection to the community, and supportive services to school age youth during after school hours.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Butte		Mental Health Awareness	PEI	Mental Health Awareness collaborates with existing groups and develops community response to mental health issues. This includes collaboration with NAMI for providing classes and mental health awareness events; American Foundation for Suicide Prevention Which hosts and annual 'out of the darkness walk' in Chico; Care Enough To Act (CETA) a multi-county suicide prevention task force, with reduce stigma and discrimination through community-wide education presentations, a quarterly speaker series, and community and mental health awareness events organized National by Alliance on Mental Illness (NAMI) in collaboration with other organizations.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		Older Adult Suicide Prevention and Education	PEI	Provided by Passages, OASPE conducts outreach, education, coaching, social opportunities, training for caregivers, and other supportive services.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		Promotores	PEI	A program of Northern Valley Catholic Social Services (NVCSS) in partnership with BCDBH, Promotores provides health education and support to Latino and Hmong communities.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		Zoosiab - Hmong Cultural Center	PEI	Zoosiab staff will work to decrease the cultural and linguistic barriers that Hmong elders experience in accessing community and mental health services. To help elders recover from mental illness, the Zoosiab Program will utilized both Western and traditional cultural practices to support the Hmong communities Butte County. This combination of both practices will effectively recover the mental health conditions of stress, isolation, stigmatization, depression and/or trauma of the Hmong elderly that they carried over decades after the Vietnam War. Zoosiab will provide outreach and client support services to the Hmong Elders in Butte County.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
<b>Housing</b>						
Butte		6th Street Center	CSS-OESD	Open to homeless youth, or those at risk of homelessness. Services include basic needs (laundry facilities, showers, afternoon meals), education support, employment development, family reunification assistance, and referral to community services. 6th Street Center is a program of Youth for Change, Inc. (YFC).	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		Homeless Client Support Program (Torres Shelter)	CSS	Services at the Torres Shelter utilize peer partners to provide support to shelter guests who are experiencing mental illness. The goal is to increase the shelter guests' ability to effectively partake in services and to reinforce stable and secure housing. Peer partners are available during the Torres Shelter evening hours, building relationships with shelter guests, decreasing stigma around mental health issues, and guiding guests towards self-sufficiency.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		Housing Development Program	CSS-OESD	The MHSF Housing Development Program will provide approximately 14 units of permanent, affordable, supportive housing to individuals with Mental Health disabilities who are homeless or at risk of homelessness. The housing units will be linked with on-site or off-site supportive services that help tenants to retain their housing and consumers to become more self-sufficient and live as independently as possible. The housing program serves adults, older adults, transitional age youth, and all races/ethnicities and genders.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		Master Lease Housing	CSS-OESD	Provides site control and guaranteed permanent housing for our Transitional Age Youth (TAY), Adult, and Older Adult consumers. Northern Valley Catholic Social Services (NVCSS) and Youth for Change, Inc. (YFC) manage and offer this service to individuals who are homeless or at risk of homelessness. BCDBH provides case management for tenants.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		Support, Employment, Assistance, Recovery, Consumer Housing (SEARCH)	CSS-OESD	Provides intensive services to individuals who are homeless or at risk of homelessness due to a severe and persistent mental illness. Individuals are linked to the Housing Authority of Butte County, Department of Rehabilitation (DOR), Veterans Services, Legal Aid, Social Security Administration, and other needed services.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Butte		Transitional Housing	CSS	Transitional housing provides an opportunity to help consumers on their journey to recovery and self-sufficiency by helping them to secure a safe place to live. Consumers sometimes have difficulty finding safe affordable housing due to poor rental histories, including evictions, and poor credit and insufficient financial resources. Contracted providers secure lease agreements with local property owners and sublet the units to consumers. Supervision is provided to assist consumers in maintaining their housing while achieving a level of self-sufficiency. Tenants work towards the goal of securing a lease of their own. Provides short-term (6 months to 1 year), temporary transitional housing for youth ages 14 to 17 with serious mental illness (SMI) and who have no other options for housing. Youth work with a case manager to secure permanent and safe housing and are counseled on independent living skills, education and employment.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
<b>Other Programs</b>						
Butte		Consumer Employment Program	CSS-OESD	Employment opportunities are contracted through several local agencies.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		Department of Rehabilitation Cooperative (DOR Co-Op)	CSS-OESD	BCDBH has partnered with Department of Rehabilitation (DOR) to assist individuals in finding employment.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		Youth Intensive Programs	CSS-OESD	Youth Intensive Programs (YIP) provide specialized wraparound services throughout the county. The common goal of all Youth Intensive Programs is to provide interventions and treatments that have been shown to decrease youth hospitalization, disruptive out-of-home placements, and involvement in the juvenile justice system while improving mental health and daily functioning.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		Information Technology	CFTN	Information Technology has allowed BCDBH to upgrade technology infrastructure which has allowed for the implementation of an Electronic Health Record. The Electronic Health Record has allowed BCDBH to have more streamlined patient care including e Prescriptions and e Labs. Clinical staff are better able to accurately document services which leads to better data and better billing. Information Technology has also been used to provide consumer with computer labs in all four major population areas in Butte Counties. Consumers are able to access computers in order to learn new skills and to assist in job and house hunting. Butte County has a shortage of psychiatrists which can have a negative effect on clinical services, the Information and Technology component has allowed for implementation of the Tele-Psychiatry for patients who are interested in accessing psychiatric services in this manner. The Capital Facilities funds were used to renovate a building which houses an adult wellness and recovery center and provides medication management services.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		Welcoming Triage & Referral	PEI	Welcomes youth and adult outpatients into the Behavioral Health system. This program allows for walk-in and urgent care services.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
Butte		Workforce Education & Training	WET	Unlike many of the MHSa programs, Workforce Education and Training (WET) programs do not provide direct services. The goal of WET is to develop a diverse and well-trained mental health workforce skilled in providing services to consumers and the community, and that understand the wellness and recovery philosophy. Butte County's WET plan includes strategies and funding for training and skill development for employees across all levels of the public mental health workforce.	<a href="http://www.buttecounty.net/behavioralhealth/Home.aspx">http://www.buttecounty.net/behavioralhealth/Home.aspx</a>	Holli Drobny (530) 879-3971 hdrobny@buttecounty.net
<b>CALAVERAS COUNTY</b>						
<b>Crisis Support</b>						
Calaveras		Crisis Intervention and Crisis De-Escalation Trainings	PEI	A Three-Day CIT Training provided skills and resources to police officers and other public safety first responders in dealing with individuals experiencing a mental health crisis. Training offered in February 2018 included lectures, role play, and demonstrations, and features experienced trainers from law enforcement, service providers, NAMI, consumers and family members. A shorter version of CIT is also provided throughout the year - titled "Crisis De-Escalation" and provides participants with an understanding of individuals in crisis that suffer from a mental illness, and how to de-escalate a potentially volatile situation that results in positive outcomes. At the same training, an instructor from San Francisco's Combat to Community organization provides insight and training on how to work with local veterans in crisis.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAlvarado@co.calaveras.ca.us (209) 754-6023

<b>Peer/Family Support Specialists</b>						
Calaveras		Living Room Peer Recovery Center	CSS	An average of 30 community members and consumers attend the Living Room Peer Center daily (Monday through Thursday) at the BHS Annex. Dual Diagnosis, Wellness Recovery Action Plan (WRAP), Women's Process, Depression, Art Therapy, Six Dimensions of Wellness, Walking for Your Health, Poetry, and NAMI Connections support groups are weekly peer run recovery support groups, which are held at the Living Room. Two Peer Specialists are responsible for the day to day operations at this site.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
Calaveras		Parent Mentor Program	PEI	The Parent Mentor Program will consist of up to four trained and committed parent consumer volunteers (who have successfully navigated the CWS system) that will provide information, support and mentorship to parents who have recently lost custody of their children as well as parents whose children are in the foster care system. A skilled BHS clinician will train, support and monitor these peer volunteers one day a week.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
Calaveras		Socialization Program	PEI	NAMI Socialization Program: The Socialization Program is a weekly peer run program sponsored by NAMI Gold Country that provides activities for consumers that include shopping, bowling, movies and pizza nights. Behavioral Health provides NAMI a contract to cover cost of activities, and also provides transportation.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
Calaveras		Integrated Dual Diagnosis Project	INN	Since October, 2015 - the Integrated Dual Diagnosis Project has trained and supports three peer-run weekly support groups that provide peer support to dual diagnosis consumers suffering with substance abuse and mental illness and live in Calaveras County (currently Railroad Flat, Copperopolis and Angels Camp) with 15 persons participating. These volunteers meet twice a month with the Integrated Dual Diagnosis Case Manager for ongoing peer support and professional consultation. Currently three weekly peer-support IDDT groups are being held in Angels Camp, Copperopolis and Railroad Flat for 15 participants.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
<b>Reducing Disparities</b>						
Calaveras		Art Therapy	PEI	The Art Therapy Program contracts to provide art therapy workshops titled Teen Art and Self Discovery and Healing Through Expressive Arts for at-risk youth and adults with mental illness. These workshops utilize a variety of artistic expression that results in new coping skills, management of emotions, and self-confidence skill building for at-risk youth and adults.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
Calaveras		LGBTQ Support Group	PEI	With a contract from BHS, a community therapist provides weekly support group facilitation to youth identified as lesbian, gay, bisexual, transgender and/or queer (LGBTQ) in two high schools, in order to improve wellbeing, increase confidence/self-esteem, increase support network, and gain coping skills.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
<b>Housing</b>						
Calaveras		Housing Services	MHSA Housing	In July, 2017, Vision House (MHSA Transitional Supportive Housing Program) was implemented, providing high quality, safe, and affordable transitional supportive housing services for up to six homeless (or at risk of homelessness) persons with mental illness on-site and off-site supportive services that will enable them to secure permanent housing and meet their personal goals.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
<b>SB 82 Funded</b>						
Calaveras		Sheriff Liaison	SB 82	MHSOAC awarded Calaveras a three year grant to provide a crisis support Sheriff Liaison position at the jail facility that reduces the number of encounters between law enforcement and persons in mental health crisis. In June, 2015 – the Triage case manager was hired as the Sheriff Liaison for BHS. The case manager responds quickly to dispatchers’ calls from officers throughout Calaveras County that are in need of immediate support, and provides the crisis stabilization services that may prevent the need for a psychiatric evaluation at the emergency room. This service reduces the incidence of ongoing crises, and reduces the number of 911 repeat calls from individuals who need assistance. Hours are noon to 9pm from Monday to Friday.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
<b>Other Programs</b>						
Calaveras		Full Service Partnerships	CSS-FSP	FSP provides extensive and specialized case management services for adults who have serious mental illness or children/youth with a severe emotional disorder. Services include assignment of a single point of responsibility case manager, access team with 24/7 availability, linkages to supportive services, and a “whatever-it-takes” commitment to progress on concrete recovery goals.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
Calaveras		Supportive Employment Program	CSS	Department of Rehabilitation Supportive Employment Services Program is currently in development to provide supportive employment including job placement and job coaching services to interested mental health consumers of Behavioral Health Services. The new program, to be implemented in July, 2018 by Calaveras Health and Human Services Agency’s Cal-Works Program, will provide Intake, Job Preparation, Job development, and Placement and Retention Services as needed for consumers with severe mental illness who qualify and receive BHS services.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
Calaveras		Outreach and Engagement and System Development	CSS-OESD	Older Adult Outreach: A Community Services Liaison provides outreach and engagement services targeting the older adult population (55+). The purpose of these services is to reach out to those unserved or underserved older adults needing mental health services by focusing on identified needs, assisting with linkages to services, and reducing barriers to services. Latino/Hispanic Outreach: A Community Health Assistant provides peer support, case management, advocacy, outreach and engagement to Spanish speaking families in Calaveras County, as well as helps to better understand the mental health system. Services include support to parents participating in parenting support groups in Valley Springs and Angels Camp/Murphys each month, establishing and making referrals and consultations specific to education, job/house seeking, and community resources such as Cal-Works, Food Bank, health clinics and mental health services. Outreach is provided to residents by focusing on identified needs, assisting with linkages to services, and reducing stigma and barriers to services.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
Calaveras		Staff Training	WET	Ongoing training has been provided to staff since 2010 through the online Relias Learning platform, monthly In-Service training sessions, and individual off-site training. Relias Learning curriculum covers target MHSF populations and therapeutic interventions, as well as the MHSF essential elements. Training offered in FY 2017/18 include Across Cultures Panel, Dyadic Developmental Psychotherapy Training, Law and Ethics, FSP Revisited, Eye Movement Desensitization and Reprocessing (EMDR).	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
Calaveras		Psychosocial Rehabilitation Certificate Program	WET	Since 2009, per the Workforce Education and Training (WET) component of the MHSF plan, CHHSA/ BHS continues to sponsor a Psychosocial Rehabilitation Certificate Program at Columbia College for consumers, family members, and BHS staff of Calaveras County, with transportation services and books provided. The department supports a psychosocial rehabilitation certificate program at Columbia College for consumers, family members, and staff who want to work in mental health field.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Calaveras		Foster Youth - Mentor Program	PEI	Foster Youth Mentor Program -with a three-year contract from Behavioral Health Services, the Calaveras County Office of Education is matching foster children or children living with grandparents, in first through twelfth grades, with caring adult mentors.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
Calaveras		Grandparents Program	PEI	Grandparents Program is contracted through the Calaveras County Office of Education to provide groups and individual consultation to grandparents and other caregivers raising relatives' children to help identify children and youth with serious emotional or behavioral disorders. Four Groups in Calaveras County meet monthly, and provide information and education on recognizing signs of emotional/behavioral disorders, feelings of isolation, grief and depression due to loss, parenting education, family reunification, special education, advocacy and legal issues, county resources, school system access, and conflict resolution.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
Calaveras		Suicide Prevention Trainings	PEI	Question, Persuade, Refer (QPR) suicide prevention trainings target a broad range of individuals, such as school staff, students and parents, employers, faith-based and spiritual leaders, community-based service staff, individuals with mental illness and/or substance abuse problems and natural community helpers. QPR training helps to recognize and review risk, and intervene to prevent the immediate risk of suicide.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
Calaveras		Art Therapy Program	PEI	The Art Therapy Program contracts to provide weekly art therapy workshops titled Teen Art and Self Discovery and Healing Through Expressive Arts for at-risk youth and adults with mental illness. These workshops utilize a variety of artistic expression that results in new coping skills, management of emotions, and self-confidence skill building for at-risk youth and adults.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
Calaveras		Mental Health First Aid Trainings	PEI	Three local contractors for Behavioral Health provide Mental Health First Aid trainings to Calaveras residents. Participants receive an 8 hour education course, and learn a five 4-step plan encompassing the skills, resources and knowledge to help an individual in mental health related crisis connect with appropriate professional, peer, social and self-help care.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
Calaveras		Breaking Down the Walls	PEI	Calaveras County Office of Education, with a contract from CHHSA/BHS, implements Breaking Down the Walls, a bullying prevention strategy, at both Toyon Middle School and Bret Harte High School. In Breaking Down the Walls, a pre-selected group of students is trained to become small group facilitators. Leaders were trained to facilitate important exercises and discussion throughout the program. Then, the entire student body is engaged through a school-wide assembly in which a dynamic speaker uses compelling stories, humor, and probing questions about how students see themselves on campus and how they interact with their peers and teachers on a daily basis. Over the next several days, close to 150 different students at each campus worked with facilitators and the trained student leaders in an all-day workshop. Together, students built a common sense of purpose and identity to improve compassion and respect on campus.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
Calaveras		PrePaRE Trainings	PEI	Mental Health Crisis Training for School Personnel: Trainings have been held two years in a row (September 2015 and September 2016) in the PREPaRE Curriculum – which provides mental health professionals and other school crisis intervention team members with the knowledge necessary to meet the mental health needs of students and staff following school-associated crisis events. The PREPaRE training provides skill development as well as new opportunities to strengthen collaboration among schools, behavioral health, law enforcement and other county agencies. Since the trainings, Student Mental Health collaborative meetings have taken place. The collaborative includes school administrators and counselors, Special Education staff, county mental health administrators and service providers, law enforcement, and agencies such as First 5 and The Resource Connection. The meetings have greatly improved communication among agencies working with youth who are in crisis, and resulted in the creation of countywide crisis protocols for students at risk for suicide and students who may pose a threat to others.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Calaveras		Eliminating Barriers to Learning Trainings	PEI	Calaveras County Office of Education, with funds from Behavioral Health, provides Eliminating Barriers to Learning (EBL) training to school personnel, giving them tools to identify, recognize, refer, and support students with mental health needs, as well as mental health crisis training.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
Calaveras		Veterans Night	PEI	Veterans Night - twice a month veterans are meeting informally to socialize and provide support when needed to veterans with stress, trauma and PTSD symptoms. "Veterans Night" was organized by a group of local veterans who are receiving bi-weekly training and support from a contracted clinician specific to helping skills needed for this new service. Veterans across Calaveras County are invited to participate.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
Calaveras		Women Who Love Vets Support Group	PEI	The Women Who Love Veterans support group, facilitated by a contracted local psychologist and two veteran volunteers, provides support to spouses and family members of local veterans or active duty military who are facing mental health challenges in adjustment to civilian life.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
Calaveras		Calaveras Strengthening Families Program	PEI	Contracted to First 5 Calaveras, this program provides community-based educational services and training for parents, as well as local educators and child care providers. Services include training, parenting seminars, workshops, coaching, counseling and counseling scholarships. First 5 Calaveras also targets and supports foster/kinship/adopt parents by providing training that specifically meets the identified needs of adults raising at-risk foster children, and providing stipends for their participation to assist with transportation and childcare costs.	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
Calaveras		Technology Needs	CFTN	Funds from CF/TN over the last four years, have been spent for CHSA/BHS services and supports as follows: <ul style="list-style-type: none"> <li>Anasazi, an electronic medical record and mental health service billing system, was purchased in 2012. Staff training continues with the electronic records system with a focus on assessments, use of electronic signature pads, document imaging, performance outcome tools for both adults and children, and additional modules to improve usability.</li> <li>Computers and internet services were purchased and implemented for consumer use at the Living Room and Drop-In Day, along with new computers, software upgrades for MHSA staff, and GPS devices for drivers picking up clients in remote areas.</li> <li>In 2017, funds for technological equipment for the Living Room Wellness Cabin Peer Center were allocated for staff and client computers, a printer, Comcast Wi-Fi, DVD players, television, a security system that includes video cameras and panic buttons, phones for both staff and consumers, and technology training in word/excel/PowerPoint.</li> </ul>	<a href="http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx">http://co.calaveras.ca.us/cc/Departments/BehavioralHealthServices.aspx</a>	Susan Sells SSells@co.calaveras.ca.us (209) 754-2810 Kaybee Alvarado KAvarado@co.calaveras.ca.us (209) 754-6023
<b>COLUSA COUNTY</b>						
<b>Peer/Family Support Specialists</b>						
Colusa		Safe Haven	CSS-OESD	Safe Haven is a peer supported drop-in center that serves adults and older adults who are in recovery from substance abuse, dealing with mental health issues, and or avoiding isolation. The center provides a number of recovery and resiliency focused groups run by peers and Behavioral Health staff. A peer support specialist is funded to provide support in linking members to other services in the community through collaboration and outreach events, which allow for increased awareness around mental health and reduce stigma and discrimination in the community. Members can also participate in the Leadership Advocacy Committee, to aid in the day-to-day operation of the center, this allows for growth in leadership skills and peer advocacy	<a href="http://www.countyofcolusa.org/index.aspx?nid=325">http://www.countyofcolusa.org/index.aspx?nid=325</a>	(530) 458-0856

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Colusa		Wraparound	CSS-FSP	Wraparound provides intensive wrap around services to children and youth who could benefit from a more integrated approach to services. Wraparound is client and family driven focused on wellness, recovery, and resilience. Staff works with the client to build natural supports within the community through collaboration with other departments in the community and the client's family.	<a href="http://www.countyofcolusa.org/index.aspx?nid=325">http://www.countyofcolusa.org/index.aspx?nid=325</a>	(530) 458-0520
Colusa		WET Action Volunteer	WET	WET Action Volunteer program works in collaboration with vocational services and focuses on wellness, recovery, and resilience by giving consumers an opportunity to build vocational skills that can be used in the workforce. The program provides opportunities to adults and older adults of the community. Volunteers are offered job-related trainings, participate in community outreach events, and can be connected with job employment opportunities. The program works in collaboration with the local One-Stop to allow individuals an opportunity to grow and gain new skills in hopes of moving into more permanent employment in the community. Funding will end in 2018.	<a href="http://www.countyofcolusa.org/index.aspx?nid=325">http://www.countyofcolusa.org/index.aspx?nid=325</a>	(530) 458-0520
Colusa		ASOC-FSP	CSS-FSP	A "whatever it takes" method of services is provided to consumers of all ages (children, transition age youth, adults, and older adults) who meet specific requirements. Specific requirements include, being at risk of homelessness, psychiatric hospitalization, and incarceration as a result of a mental illness. Consumers are provided with intensive services in collaboration with natural supports and services other than mental health. Supports can include housing, transportation, education, vocational training, food, and clothing. MSHA has assigned a housing coordinator/case manager to focus on implementing opportunities to seek funding to assist restricted income opportunities.	<a href="http://www.countyofcolusa.org/index.aspx?nid=325">http://www.countyofcolusa.org/index.aspx?nid=325</a>	(530) 458-0520
Colusa		MHSA Infant to 5 Program	PEI	Mental Health Service Act (MHSA) Infant to 5 Program is designed to provide access, engagement and prevention behavioral health services in collaboration with other community programs to youth and their families for Colusa County Office of Education's infant to preschool programs. These services include: 1) Biannual observations in each infant, toddler and preschool setting to assess behavioral concerns 2) Coaching staff related to children behavioral concerns in the classroom, and ideas/skills to address with parents 3) When appropriate, suggest referrals to Colusa County Behavioral Health MHSA Infant to 5 will provide a four to six week parenting classes at school sites to educate and coach basic emotional support skills to parents of Infant to 5 youth. These services will include cultural sensitivity to Hispanic youth and parents in efforts to build community and strengthen parenting skills. (Program under development)	<a href="http://www.countyofcolusa.org/index.aspx?nid=325">http://www.countyofcolusa.org/index.aspx?nid=325</a>	(530) 458-0520
<b>Reducing Disparities</b>						
Colusa		Juvenile Forensic Program	INN	This program, in collaboration with juvenile probation, allows for the use of a therapist from Colusa County Behavioral Health to provide support services for juveniles who suffer of a mental health illness while incarcerated. The therapist works in collaboration with the Tri-County Juvenile Rehabilitation Facility, and other services in the community providing discharge planning, medication management referrals, individual counseling, groups, and crisis intervention. This program is also in collaboration with Colusa County Probation Adult Detention, Sheriffs Colusa County, and the Day Reporting Center (DRC) to provide appropriate levels of care and treatment to adults experiencing a mental health issue while incarcerated. Services focus on wellness and recovery by having a Colusa County Behavioral Health therapist assists with crisis intervention, discharge planning, art group therapy, substance use education, and services in the community. The forensic program seeks to reduce recidivism rates, reduce crisis in jail, and increase mental health services. This is done by providing support for this population, and better access to services resulting in an increase in the overall quality of services. Funds are utilized for therapist partial salary.	<a href="http://www.countyofcolusa.org/index.aspx?nid=325">http://www.countyofcolusa.org/index.aspx?nid=325</a>	(530) 458-0520

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Colusa		Cultura Es Vida Program	INN	<p>The purpose of Cultura Es Vida is to better serve the Hispanic/Latino population in Colusa County. The goal of this program is to address social determinants that prevent access to mental health services. Social determinants such as language, stigma, and cultural differences are significant factors that create challenges for this population in accessing mental health services. Cultura Es Vida has focused its efforts in reducing the effects of the aforementioned determinants.</p> <p>Outreach efforts promoting services offered by Colusa County Behavioral Health as well as presentations on various mental health topics including the stigma associated with seeking mental health services are the focus of this project. An important component of Cultura Es Vida is the development of a bilingual/bicultural committee that meets quarterly to address and develop strategies for outreach events and services to the Hispanic/Latino community. Outreach efforts through Colusa County Behavioral Health has played a role in the increase Hispanic/Latinos accessing local mental health services since 2011 by 46%.</p> <p>Another factor that has contributed to the increase of Hispanic/Latinos accessing mental health services has been the hiring of bilingual/bicultural staff. Currently, Colusa County Behavioral Health has 13 staff members who are bilingual/bicultural. This number includes support staff, case managers and mental health clinicians. The ability to provide therapy in the client's native language increases the probability of positive clinical outcomes and continued use of services.</p> <p>A key question by Cultura Es Vida for the Hispanic/Latino community is "how do you wish to be served?" The implementation of "Promotores" program is one way to address this question. The concept of the "Promotores" program is to hire members in the Hispanic/Latino community who know the community and would conduct outreach and engagement efforts that promote awareness and access to mental health services. Currently, the two MHSF Co-ordinators have attended a week long "Promotores" training focusing on training the trainer. The priority this year is to hire individuals to become Promotores and to train and prepare them to go into the Hispanic/Latino community and do outreach.</p>	<a href="http://www.countyofcolusa.org/index.aspx?nid=325">http://www.countyofcolusa.org/index.aspx?nid=325</a>	(530) 458-0520
Colusa		Social Determinants of Rural Mental Health	INN	<p>The Social Determinants of Rural Mental Health Project (SDRMHP) is a program designed to examine and address some basic life factors that contribute to mental health for people in a rural communities. Social determinants of mental health are currently being studied by the World Health Organization (WHO) and are part of the U.S. Department of Human Services Healthy People 2020 initiative. Attention is being paid to the social determinants of mental health in a public health approach to improve the lives of persons with mental illness. Understanding these basic determinants has the potential to improve mental health outcomes when applied appropriately as part of mental health interventions. The intent is to identify, support and stabilize life domains to improve the quality of life for persons with mental health issues. The basic social determinants to be studied will be:</p> <ol style="list-style-type: none"> <li>1. Safe and secure housing</li> <li>2. Access to healthy, nutritious food choices</li> <li>3. Transportation access</li> <li>4. Adverse Childhood Experiences</li> </ol> <p>Individualized assessments will be made to determine the needs or deficits in the areas of transportation, nutrition and housing. Treatment interventions focus on these areas of study will track the services provided and the outcomes achieved. A meta-analysis will be conducted to measure the impact of these interventions on overall treatment outcomes.</p> <p>Another component of this program will be to engage the FSP process to organize services and provide specific supports in the above areas of need. By engaging persons identified as having these social determinants as part of their mental health condition will allow for pragmatic solutions and specific interventions that are likely to improve treatment outcomes. Adult services teams will work directly with participants in this program.</p> <p>A final aspect of this program will have to do with the allocation of limited resources. If social determinants of rural mental health can help define need and direct the best use of resources we are more likely to improve treatment outcomes. As a small rural county with limited resources it is important for us to do what we can to make the best determination of the allocation of resources that get the best results. (Program under development)</p>	<a href="http://www.countyofcolusa.org/index.aspx?nid=325">http://www.countyofcolusa.org/index.aspx?nid=325</a>	(530) 458-0520

<b>Other Programs</b>						
Colusa		CSOC-Outreach and Engagement	CSS-OESD	CSOC-Outreach and Engagement allows for community collaboration and outreach through Multi-Disciplinary Teams (MDT), the use of a therapist, and outreach through community events. The MDT meets monthly and includes representatives from the various county service departments, in which they discuss children's' cases in order to be more culturally competent; focusing on wellness, recovery, and resilience. The use of a therapist provides an integrative experience that allows the family and the client to lead the services through school collaboration and providing in home support services when needed. The Department of Behavioral Health organizes community events and also provides support at events hosted by other organizations in the community as a way to reduce stigma and raise awareness around mental health.	<a href="http://www.countyofcolusa.org/index.aspx?nid=325">http://www.countyofcolusa.org/index.aspx?nid=325</a>	(530) 458-0520
Colusa		2nd Step	PEI	This program works in collaboration with the Colusa County Office of Education 2nd Step services in various schools of the community. 2nd Step works with students in kindergarten to third grade, focusing on socially appropriate behaviors between the teacher and the student, peer to peer, and classroom behaviors. Students are taught in a classroom setting in a variety of activities involving music, dancing, and storytelling. Through this program students are able to develop appropriate coping and social skills as they progress through elementary school.	<a href="http://www.countyofcolusa.org/index.aspx?nid=325">http://www.countyofcolusa.org/index.aspx?nid=325</a>	(530) 458-0520
Colusa		Friday Night Live and Club Live	PEI	Friday Night Live/Club Live (FNL/CL) programs are youth led action groups that meet weekly on high school or Middle School campuses throughout Colusa County. The programs build leadership skills, broaden young people social networks, and implement youth led projects to improve school climate and reduce youth access to alcohol and other drugs. Through the positive youth development model, individual's focus on their strengths and their potential to contribute positively to their own lives and to their communities.	<a href="http://www.countyofcolusa.org/index.aspx?nid=325">http://www.countyofcolusa.org/index.aspx?nid=325</a>	(530) 458-0520
Colusa		ASOC-Training/Internship/Student Loan Repayment	WET	This program provides incentive to the Department of Behavioral Health staff to not only continue with their education, but to continue with providing services to the Colusa County community. Supervision for registered interns and scholarships funds to assist in the repayment or full repayment of student loans are available to staff pursuing a Bachelor's in the Mental Health field, Master's degree in Social Work, or Marriage and Family Therapy.	<a href="http://www.countyofcolusa.org/index.aspx?nid=325">http://www.countyofcolusa.org/index.aspx?nid=325</a>	(530) 458-0520
<b>CONTRA COSTA COUNTY</b>						
<b>Crisis Support</b>						
Contra Costa		Mobile Crisis Intervention Team	CSS - General Systems Support	The Forensic Team also partners with law enforcement to field a Mental Health Evaluation Team (MHET). Funded by a state grant licensed clinicians (one for each County region) ride along with a Sheriff's Department officer assigned to the team, and the MHET contacts individuals in the community who have been referred by various law enforcement jurisdictions. Referrals are persons who have been in contact with the police on numerous occasions due to psychiatric issues, and are at a high risk for hospitalization or incarceration. The team evaluates the contacted individual and coordinates appropriate care in order to avoid a more restrictive intervention. MHSa funds will be used to augment and expand the capacity of CCBHS clinicians to assist law enforcement jurisdictions respond to persons experiencing psychiatric crises.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Mental Health First Aid Instructor Training	WET	CCBHS will be engaging the National Council to train staff to become instructors for Mental Health First Aid. These instructors will then provide Mental Health First Aid Training to community and faith based organizations and agencies who are often first responders to community trauma, violence or natural disaster. Mental Health First Aid is a proprietary evidence based in-person training for anyone who wants to learn about mental illnesses and addictions, including risk factors and warning signs. This eight hour training teaches participants a five step action plan to help a person in crisis connect with professional, peer, social, and self-help care. Participants are given the opportunity to practice their new skills and gain confidence in helping others who may be developing a mental health or substance use challenge, or those in distress. The staff instructors will be part of CCBHS's Emergency Response Team, with liaison responsibilities to these first responder entities, should the Emergency Response Team be activated.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Contra Costa		Suicide Prevention	PEI	There are three plan elements that augment the County's efforts to reduce the number of suicides in Contra Costa County; 1) augmenting the Contra Costa Crisis Center, 2) dedicating a clinical specialist to support the County's adult clinics, and 3) supporting a suicide prevention committee.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Children's Full Service Partnerships	CSS-FSP	The Children's Full Service Partnership Program is comprised of four elements, 1) personal services coordinators, 2) multi-dimensional family therapy for co-occurring disorders, 3) multi-systemic therapy for juvenile offenders, and 4) county operated children's clinic staff. 1) Personal Service Coordinators. Personal service coordinators are part of a program entitled Short Term Assessment of Resources and Treatment (START). Seneca Family of Agencies contracts with CCBHS to provide personal services coordinators, a mobile response team, and three to six months of short term intensive services to stabilize the youth in their community and to connect them and their families with sustainable resources and supports. Referrals to this program are coordinated by County staff on a countywide assessment team, and services are for youth and their families who are experiencing severe stressors, such as out-of-home placement, involvement with the juvenile justice system, co-occurring disorders, or repeated presentations at CCBHS's Psychiatric Emergency Services. 2) Multi-dimensional Family Therapy (MDFT) for Co-occurring Disorders. Lincoln Child Center contracts with CCBHS to provide a comprehensive and multi-dimensional family-based outpatient program for adolescents with a mental health diagnosis who are experiencing a co-occurring substance abuse issue. These youth are at high risk for continued substance abuse and other problem behaviors, such as conduct disorder and delinquency. This is an evidence based practice of weekly or twice weekly sessions conducted over a period of 4-6 months that target the youth's interpersonal functioning, the parents' parenting practices, parent-adolescent interactions, and family communications with key social systems. 3) Multi-systemic Therapy (MST) for Juvenile Offenders. Community Options for Families and Youth (COFY) contracts with CCBHS to provide home-based multiple therapist-family sessions over a 3-5 month period. These sessions are based on nationally recognized evidence based practices designed to decrease rates of anti-social behavior, improve school performance and interpersonal skills, and reduce out-of-home placements. The ultimate goal is to empower families to build a healthier environment through the mobilization of existing child, family and community resources. 4) Children's Clinic Staff. County clinical specialists and family partners serve all regions of CCBHS, and contribute a team effort to full service partnerships. Clinical specialists provide a comprehensive assessment on all youth deemed to be most seriously emotionally disturbed. The team presents treatment recommendations to the family, ensures the family receives the appropriate level of care, and family partners helps families facilitate movement through the system.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Adult Full Service Partnerships	CSS-FSP	Adult Full Service Partnerships provide a full range of services to adults over the age of 18 who are diagnosed with a serious mental illness, are at or below 300% of the federal poverty level, and are uninsured or receive Medi-Cal benefits. Three contractors to CCBHS will provide full service partnerships in Fiscal Year 2016-17, and utilize a modified assertive community treatment model. This is a model of treatment made up of a multi-disciplinary mental health team, including a peer specialist, who work together to provide the majority of treatment, rehabilitation, and support services that clients use to achieve their goals. Anka Behavioral Health takes the lead in providing full service partnership services to Central County. The Portia Bell Hume Center contracts with CCBHS to provide full service partnerships for West and East County, while Familias Unidas contracts with CCBHS to provide the lead on full service partnerships for West County's Latino population. Anka Behavioral Health additionally serves those adults who have been charged with non-violent felonies or misdemeanors, who experience a serious mental illness/serious emotional disturbance, and are on probation. Contra Costa Behavioral Health's Forensic Team refers those individuals who have been screened for services and need the full spectrum of care of a full service partnership program.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Contra Costa		Transition Age Youth (TAY) Full Service Partnerships	CSS-FSP	Eligible youth (ages 16-25) are individuals who are diagnosed with a serious emotional disturbance or serious mental illness, and experience one or more of the risk factors of homelessness, co-occurring substance abuse, exposure to trauma, repeated school failure, multiple foster care placements, and experience with the juvenile justice system. Fred Finch Youth Center contracts with CCBHS to serve West and Central County. This program utilizes the assertive community treatment model as modified for young adults that includes a personal service coordinator working in concert with a multi-disciplinary team of staff, including peer and family mentors, a psychiatric nurse practitioner, staff with various clinical specialties, to include co-occurring substance disorder and bi-lingual capacity. In addition to mobile mental health and psychiatric services the program offers a variety of services designed to promote wellness and recovery, including assistance finding housing, benefits advocacy, school and employment assistance, and support connecting with families. Youth Homes contracts with CCBHS to serve Central and East County. This program emphasizes the evidence based practice of integrated treatment for co-occurring disorders, where youth receive mental health and substance abuse treatment from a single treatment specialist, and multiple formats for services are available, to include individual, group, self-help and family.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Assisted Outpatient Treatment	CSS-FSP	In February 2015, the Contra Costa Board of Supervisors passed a resolution authorizing \$2.25 million of MHSAs funds to be utilized on an annual basis for providing mental health treatment as part of an assisted outpatient treatment (AOT) program. CCBHS will implement the standards of an assertive community treatment team as prescribed by Assembly Bill 1421, and thus meet the acuity level of a full service partnership. This program will provide an experienced, multi-disciplinary team who will provide around the clock mobile, out-of-office interventions to adults, a low participant to staff ratio, and will provide the full spectrum of services, to include health, substance abuse, vocational and housing services. Persons deemed eligible for assisted outpatient treatment will be served, whether they volunteer for services, or are ordered by the court to participate. CCBHS underwent a competitive bid process to select a suitably qualified community-based organization to provide Assertive Community Treatment (ACT) to eligible adults in Contra Costa County; as a result, CCBHS entered into contract with Mental Health Systems, Inc. Services began during FY 2015-16. Contra Costa Mental Health has dedicated clinicians and administrative support within the Forensic Mental Health Clinic to serve on the AOT Care Team in the following capacity: provide the lead in receiving referrals in the community, conduct outreach and engagement to assist a referred individual, conduct the investigation and determination of whether a client meets eligibility criteria for AOT, prepare Court Petitions with supporting documentation and ongoing affidavits, testify in court, coordinate with County Counsel, Public Defender and law enforcement jurisdictions, act as liaison with ACT contractor, and participate in the development of the treatment plan.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Hope House - Crisis Residential Program	CSS-FSP	CCBHS contracts with Telecare to operate a recently constructed MHSAs financed 16 bed residential facility. This is a voluntary, highly structured treatment program that is intended to support seriously mentally ill adults during a period of crisis and to avoid in-patient psychiatric hospitalization. It also serves consumers being discharged from the hospital and long-term locked facilities that would benefit from a step-down from institutional care in order to successfully transition back into community living. Services are designed to be up to a month in duration, are recovery focused with a peer provider component, and will be able to treat co-occurring disorders, such as drug and alcohol abuse.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Miller Wellness Center	CSS - General Systems Development	CCBHS has completed construction on a separate building near the Contra Costa Regional Medical Center that houses an assessment and recovery center. This county operated mental health treatment program for both children and adults is co-located with a primary care site, and will be utilized to divert adults and families from the psychiatric emergency services (PES) located at the Regional Medical Center. Through a close relationship with Psychiatric Emergency Services children and adults who are evaluated at PES can quickly step down to the services at the Miller Wellness Center if they do not need hospital level of care. The Miller Wellness Center will also allow for urgent same day appointments for individuals who either are not open to the Contra Costa Behavioral Health System of Care, or have disconnected from care after previously been seen. Positions to be filled under MHSAs funding include a program manager, program supervisor, and two community support workers.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
<b>Peer/Family Support Specialists</b>						
Contra Costa		Supporting Family Members	WET	For the Three Year Plan a cadre of volunteers will be recruited, trained and supervised for the purpose of supporting family members and significant others of persons experiencing mental illness. Critical to successful treatment is the need for service providers to partner with family members and significant others of loved ones experiencing mental illness. Family members of consumers should be provided with assistance to enable them to become powerful natural supports in the recovery of their loved ones. Stakeholders continue to underscore the need to provide families and significant others with education and training, emotional support, and assistance with navigating the behavioral health system. Via a competitive Request for Qualifications process CCBHS will seek an organization to recruit, train and develop family members with lived experience to act as subject matter experts in a volunteer capacity to educate and support other family members in understanding and best navigating and participating in the different systems of care.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Cognitive Behavioral Social Skills Training	INN	Many consumers spend years residing at County augmented board and care facilities with little or no mental health treatment provided, and little or no functional improvement taking place. Often this lack of progress results in multiple admissions to CCBHS's Psychiatric Emergency Services and other, more costly, interventions. Cognitive Behavioral Social Skills Training (CBSST) is an emerging practice with demonstrated positive results for persons with severe and persistent mental illness. The CBSST Project proposes to apply this therapeutic practice to the population of individuals that have been placed in augmented board and care facilities. The CBSST Project will create a clinical team, consisting of clinician and peer support worker, to lead cognitive behavioral social skills training groups at board and care facilities. Adults with serious mental illness will learn and practice skills that will enable them to achieve and consolidate recovery based skills.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Children's Full Service Partnerships	CSS-FSP	The Children's Full Service Partnership Program is comprised of four elements, 1) personal services coordinators, 2) multi-dimensional family therapy for co-occurring disorders, 3) multi-systemic therapy for juvenile offenders, and 4) county operated children's clinic staff. 1) Personal Service Coordinators. Personal service coordinators are part of a program entitled Short Term Assessment of Resources and Treatment (START). Seneca Family of Agencies contracts with CCBHS to provide personal services coordinators, a mobile response team, and three to six months of short term intensive services to stabilize the youth in their community and to connect them and their families with sustainable resources and supports. Referrals to this program are coordinated by County staff on a countywide assessment team, and services are for youth and their families who are experiencing severe stressors, such as out-of-home placement, involvement with the juvenile justice system, co-occurring disorders, or repeated presentations at CCBHS's Psychiatric Emergency Services. 2) Multi-dimensional Family Therapy (MDFT) for Co-occurring Disorders. Lincoln Child Center contracts with CCBHS to provide a comprehensive and multi-dimensional family-based outpatient program for adolescents with a mental health diagnosis who are experiencing a co-occurring substance abuse issue. These youth are at high risk for continued substance abuse and other problem behaviors, such as conduct disorder and delinquency. This is an evidence based practice of weekly or twice weekly sessions conducted over a period of 4-6 months that target the youth's interpersonal functioning, the parents' parenting practices, parent-adolescent interactions, and family communications with key social systems. 3) Multi-systemic Therapy (MST) for Juvenile Offenders. Community Options for Families and Youth (COFY) contracts with CCBHS to provide home-based multiple therapist-family sessions over a 3-5 month period. These sessions are based on nationally recognized evidence based practices designed to decrease rates of anti-social behavior, improve school performance and interpersonal skills, and reduce out-of-home placements. The ultimate goal is to empower families to build a healthier environment through the mobilization of existing child, family and community resources. 4) Children's Clinic Staff. County clinical specialists and family partners serve all regions of CCBHS, and contribute a team effort to full service partnerships. Contra Costa		Older Adult Mental Health	CSS - General Systems Development	First implemented in 2008, there are now two programs serving the older adult population over the age of 60, 1) Intensive Care Management, and 2) IMPACT (Improving Mood: Providing Access to Collaborative Treatment). Intensive Care Management consists of three multi-disciplinary teams, one for each region of CCBHS and provides mental health services to older adults in their homes, in the community, and within a clinical setting. The primary goal is to support aging in place and to improve consumers' mental health, physical health and overall quality of life. Each multi-disciplinary team is comprised of a psychiatrist, a nurse, a clinical specialist, and a community support worker. The teams deliver a comprehensive array of care management services, linkage to primary care and community programs, advocacy, educational outreach, medication support and monitoring, and transportation assistance. IMPACT is an evidence-based practice which provides depression treatment to older adults in a primary care setting who are experiencing co-occurring physical health impairments. The model involves short-term problem solving therapy and medication support, with up to one year follow-up as necessary. MHSa funded mental health clinicians are integrated into a primary treatment team.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Children's Wraparound Support	CSS - General Systems Development	CCBHS's Wraparound Program, in which children and their families receive intensive, multi-leveled treatment from CCBHS's three children's mental health, were augmented in 2008 by family partners and mental health specialists. Family partners are individuals with lived experience as parents of children and adults with serious emotional disturbance or serious mental illness who assist families with advocacy, transportation, navigation of the service system, and offer support in the home, community, and county service sites. Family partners participate as team members with the mental health clinicians who are providing treatment to children and their families. Mental Health Specialists are non-licensed care providers who can address culture and language specific needs of families in their communities. These professionals arrange and facilitate team meetings between the family, treatment providers and allied system professionals.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Miller Wellness Center	CSS - General Systems Development	CCBHS has completed construction on a separate building near the Contra Costa Regional Medical Center that houses an assessment and recovery center. This county operated mental health treatment program for both children and adults is co-located with a primary care site, and will be utilized to divert adults and families from the psychiatric emergency services (PES) located at the Regional Medical Center. Through a close relationship with Psychiatric Emergency Services children and adults who are evaluated at PES can quickly step down to the services at the Miller Wellness Center if they do not need hospital level of care. The Miller Wellness Center will also allow for urgent same day appointments for individuals who either are not open to the Contra Costa Behavioral Health System of Care, or have disconnected from care after previously been seen. Positions to be filled under MHSa funding include a program manager, program supervisor, and two community support workers.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Liaison Staff	CSS - General Systems Development	CCBHS partners with CCRMC to provide Community Support Worker positions to liaison with Psychiatric Emergency Services in order to assist individuals experiencing a psychiatric crisis connect with services that will support them in the community. These positions are housed at the Miller Wellness Center.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Contra Costa		Clinic Support	CSS - General Systems Development	County positions are funded through MHSA to supplement clinical staff implementing treatment plans at the adult clinics. These positions were created in direct response to identified needs surfaced in Community Program Planning processes. 1) Resource Planning and Management. Dedicated staff at the three adult clinics assist consumers with money management and the complexities of eligibility for Medi-Cal, Medi-Care, Supplemental Security Income (SSI) and Social Security Disability Insurance (SSDI) benefits. Money management staff are allocated for each clinic, and work with and are trained by financial specialists. 2) Transportation Support. The Community Program Planning Process identified transportation to and from clinics as a critical priority for accessing services. Toward this end one-time MHSA funds were utilized in Fiscal Years 2013-14 and 14-15 to purchase additional county vehicles to be located at the clinics. Community Support Workers, one for each adult clinic, have been added to the three clinics to be dedicated to the transporting of consumers to and from appointments. 3) Evidence Based Practices. Clinical Specialists, one for each Children's clinic, have been added to provide training and technical assistance in adherence to the fidelity of treatment practices that have an established body of evidence that support successful outcomes.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Outreach for Increasing Recognition of Early Signs of Mental Illness	PEI	Programs in this category provide outreach to individuals with signs and symptoms of mental illness so they can recognize and respond to their own symptoms. Outreach is engaging, educating and learning from potential primary responders. Primary responders include, but are not limited to, families, employers, law enforcement, school, community service providers, primary health care, social services and faith based organizations. The Counseling Options Parenting Education (COPE) Family Support Center utilizes the evidence based practices of the Positive Parenting Program to help parents develop effective skills to address common child and youth behavioral issues that can lead to serious emotional disturbances. Targeting families residing in underserved communities this program delivers in English and Spanish a number of seminars, training classes and groups throughout the year.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Prevention	PEI	Programs in this category provide activities intended to reduce risk factors for developing a potentially serious mental illness, and to increase protective factors. Risk factors may include, but are not limited to, poverty, ongoing stress, trauma, racism, social inequality, substance abuse, domestic violence, previous mental illness, prolonged isolation, and may include relapse prevention for those in recovery from a serious mental illness. Putnam Clubhouse provides peer-based programming for adults throughout Contra Costa County who are in recovery from a serious mental illness. Following the internationally recognized clubhouse model this structured, work focused programming helps individuals develop support networks, career development skills, and the self-confidence needed to sustain stable, productive and more independent lives. Features of the program provide respite support to family members, peer-to-peer outreach, and special programming for transition age youth and young adults.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Stigma and Discrimination Reduction	PEI	Activities in this category are designed to 1) reduce negative feelings, attitudes, beliefs, perceptions, stereotypes and/or discrimination related to having a mental illness, 2) increase acceptance, dignity, inclusion and equity for individuals with mental illness and their families, and 3) are culturally congruent with the values of the population for whom changes, attitudes, knowledge and behavior are intended. CCBHS operated Office for Consumer Empowerment (OCE) provides leadership and staff support to a number of initiatives designed to reduce stigma and discrimination, develop leadership and advocacy skills among consumers of behavioral health services, support the role of peers as providers, and encourage consumers to actively participate in the planning and evaluation of MHSA funded services. Staff from the OCE support the following activities designed to educate the community in order to raise awareness of the stigma that can accompany mental illness.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Contra Costa		Improving Timely Access to Mental Health Services for Underserved Populations	PEI	Programs in this category provide mental health services as early as possible for individuals and their families from an underserved population. Underserved means not having access due to challenges in the identification of mental health needs, limited language access, or lack of culturally appropriate mental health services. Programs in this category feature cultural and language appropriate services in convenient, accessible settings. Rainbow Community Center has contracted with CCBHS to continue to develop a behavioral/mental health model to serve youth, TAY and adult consumers who identify themselves as lesbian, gay, bi-sexual, transgender or questioning their sexual identity or gender. Previously, this program worked to identify unmet needs and tested the effectiveness of various modes of engagement, assessment and service provision, and developed best practices for engaging and serving LGBTQ consumers and broadening and strengthening their social supports (peers, family, schools, faith communities). A key component of the project included building learning collaboratives of local community members and organizations who worked to improve linkage and care services for LGBTQ community members in schools, faith communities, and service provider settings. The project developed proposed models of LGBTQ counseling, support groups, youth and TAY development activities, and specialty mental health services tailored to meet needs of LGBTQ community members. Three categories of interventions will be sustained with future funding in order to inform the mental health system of care as to best practices and to assist in replication: i) promote inclusive climates with faith communities and service providers, ii) individual counseling (clinic and school-based) and support group services to promote healthy LGBTQ identity development, iii) specialty mental health services for consumers who have been marginalized and have a serious mental illness, and iv) development of evaluation methodology for school and agency-based mental health services. The counseling and mental health programs have begun to serve TAY and adults and older adults as well as youth.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Access and Linkage to Treatment	PEI	Within the County operated Children's Services five mental health clinicians support families who are experiencing the juvenile justice system due to their adolescent children's involvement with the law. Three clinicians are out-stationed at juvenile probation offices, and two clinicians work with the Oren Allen Youth Ranch. The clinicians provide direct short-term therapy and coordinate appropriate linkages to services and supports as youth transition back into their communities.		
Contra Costa		Wellness Coaches	INN	Individuals who have experience as a consumer and/or family member of the mental health system have been trained to provide mental health and health wellness coaching to recipients of integrated health and mental health services within Contra Costa Mental Health. These peer providers are part of CCBHS's Behavioral Health Services integration plans that are currently being implemented. The Wellness Coaches are paired with Wellness Nurses, and are assigned to the adult mental health clinics. The Coaches have received training specific to the skill sets needed to improve health and wellness outcomes for consumers.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Partners in Aging	INN	Older adults who are frail, homebound and suffer from mental health issues experience higher rates of isolation, psychiatric emergency interventions, and institutionalization that could be prevented. An Innovation Project is being developed that would train and field in-home peer support workers to engage older adults who have been identified by Psychiatric Emergency Services as individuals who need additional staff care in order to avoid repeated crises, engage in ongoing mental health treatment, increase their skills in the activities of daily living, and engage appropriate resources and social networks.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Overcoming Transportation Issues	INN	Contra Costa Behavioral Health Services is seeking approval for this project from the Mental Health Services Oversight and Accountability Commission in 2016. Transportation challenges provide a constant barrier to accessing mental health services. A comprehensive study was completed via CCBHS's community program planning process, and a number of needs and strategies were documented. Findings indicated a need for multiple strategies to be combined in a systemic and comprehensive manner. These strategies include training consumers to independently navigate public transportation, providing flexible resources to assist with transportation costs, educating consumers regarding schedules, costs and means of various modes of public transportation, transport consumers to and from mental health appointments and develop shuttle routes, accommodate special transportation needs, and create a centralized staff response to coordinate efforts and respond to emerging transportation needs. An Innovation Project will be developed to address these needs and provide a means to inform the overall mental health system of care regarding solutions for improving transportation access to mental health care.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Contra Costa		Training and Technical Assistance	WET	Various individual and group staff trainings will be funded that support the values of the Mental Health Services Act. As a part of the MHSF community program planning process and training surveys, stakeholders identified the need for training to increase knowledge related to cultural communities, such as disadvantaged populations, and the lesbian, gay, bi-sexual, transgender communities, and those who question their sexual identity. Additionally, stakeholders expressed the need to develop activities to reduce stigma. In response CCBHS will host a variety of culture-specific training events focused on cultural groups, such as Asian Americans, Latinos, and African Americans. In addition, the following specific contracts will be let out; i) payment to the Contra Costa National Alliance on Mental Illness (NAMI) to provide Family-to-Family training in Spanish that assists families support their loved ones navigate the public mental health system, ii) training for law enforcement officers to respond safely and compassionately to crisis situations involving persons with mental health issues.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Reducing Disparities						
Contra Costa		EPSDT Expansion	CSS - General Systems Support	Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) is a federally mandated specialty mental health program that provides comprehensive and preventative services to low income children and adolescents that are conjointly involved with Children and Family Services. State realignment funds have been utilized as the up-front match for the subsequent federal reimbursement that enables CCBHS to provide the full scope of services. This includes assessment, plan development, therapy, rehabilitation, collateral services, case management, medication support, crisis services, intensive home based services (IHBS), and Intensive Care Coordination (ICC). Recently the Department of Health Care Services has clarified that the continuum of EPSDT services are to be provided to any specialty mental health service beneficiary who needs it. In addition, newly enacted Assembly Bill 403 mandates statewide reform for care provided to foster care children, to include CCBHS's responsibility to provide Therapeutic Foster Care (TFC) services. This significant expansion of care responsibility will utilize MHSF funds as the up-front match for the subsequent federal reimbursement that enables CCBHS to provide the full scope of services, and includes adding County mental health clinicians, family partners and administrative support.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Financial Incentive Program	WET	For the Three year Plan CCBHS will also implement a County funded Loan Forgiveness Program that specifically addresses critical psychiatry shortages, and provides potential career advancement opportunities for CCBHS Community Support Workers performing in the roles of peer provider and family partner. The recently completed Needs Assessment of workforce staffing shortages revealed that only 43% of authorized County psychiatrist positions were filled in FY 2015-16. Contracts for non-county psychiatrist time have been utilized to make up the shortage, but actual utilization falls significantly short of what is authorized. While all county mental health programs struggle to be competitive with the private sector for psychiatry time, Contra Costa's pay for psychiatrists, both county and contract psychiatrists, significantly lags behind the pay provided by neighboring Bay Area county mental health programs. CCBHS will partner with the California Mental Health Services Authority (CalMHSA) to administer a loan forgiveness program patterned after the state level MHLAP, but differing in providing flexibility in the amount awarded each individual, and CCBHS selecting the awardees based upon workforce need, such as psychiatrists.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Contra Costa		Children's Full Service Partnerships	CSS-FSP	The Children's Full Service Partnership Program is comprised of four elements, 1) personal services coordinators, 2) multi-dimensional family therapy for co-occurring disorders, 3) multi-systemic therapy for juvenile offenders, and 4) county operated children's clinic staff. 1) Personal Service Coordinators. Personal service coordinators are part of a program entitled Short Term Assessment of Resources and Treatment (START). Seneca Family of Agencies contracts with CCBHS to provide personal services coordinators, a mobile response team, and three to six months of short term intensive services to stabilize the youth in their community and to connect them and their families with sustainable resources and supports. Referrals to this program are coordinated by County staff on a countywide assessment team, and services are for youth and their families who are experiencing severe stressors, such as out-of-home placement, involvement with the juvenile justice system, co-occurring disorders, or repeated presentations at CCBHS's Psychiatric Emergency Services. 2) Multi-dimensional Family Therapy (MDFT) for Co-occurring Disorders. Lincoln Child Center contracts with CCBHS to provide a comprehensive and multi-dimensional family-based outpatient program for adolescents with a mental health diagnosis who are experiencing a co-occurring substance abuse issue. These youth are at high risk for continued substance abuse and other problem behaviors, such as conduct disorder and delinquency. This is an evidence based practice of weekly or twice weekly sessions conducted over a period of 4-6 months that target the youth's interpersonal functioning, the parents' parenting practices, parent-adolescent interactions, and family communications with key social systems. 3) Multi-systemic Therapy (MST) for Juvenile Offenders. Community Options for Families and Youth (COFY) contracts with CCBHS to provide home-based multiple therapist-family sessions over a 3-5 month period. These sessions are based on nationally recognized evidence based practices designed to decrease rates of anti-social behavior, improve school performance and interpersonal skills, and reduce out-of-home placements. The ultimate goal is to empower families to build a healthier environment through the mobilization of existing child, family and community resources. 4) Children's Clinic Staff. County clinical specialists and family partners serve all regions of CCBHS, and contribute a team effort to full service partnerships. Clinical specialists provide a comprehensive assessment on all youth deemed to be most seriously emotionally disturbed. The team presents treatment recommendations to the family, ensures the family receives the appropriate level of care, and family partners helps families facilitate movement through the system.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Transition Age Youth (TAY) Full Service Partnerships	CSS-FSP	Eligible youth (ages 16-25) are individuals who are diagnosed with a serious emotional disturbance or serious mental illness, and experience one or more of the risk factors of homelessness, co-occurring substance abuse, exposure to trauma, repeated school failure, multiple foster care placements, and experience with the juvenile justice system. Fred Finch Youth Center contracts with CCBHS to serve West and Central County. This program utilizes the assertive community treatment model as modified for young adults that includes a personal service coordinator working in concert with a multi-disciplinary team of staff, including peer and family mentors, a psychiatric nurse practitioner, staff with various clinical specialties, to include co-occurring substance disorder and bi-lingual capacity. In addition to mobile mental health and psychiatric services the program offers a variety of services designed to promote wellness and recovery, including assistance finding housing, benefits advocacy, school and employment assistance, and support connecting with families. Youth Homes contracts with CCBHS to serve Central and East County. This program emphasizes the evidence based practice of integrated treatment for co-occurring disorders, where youth receive mental health and substance abuse treatment from a single treatment specialist, and multiple formats for services are available, to include individual, group, self-help and family.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Contra Costa		Adult Full Service Partnerships	CSS-FSP	Adult Full Service Partnerships provide a full range of services to adults over the age of 18 who are diagnosed with a serious mental illness, are at or below 300% of the federal poverty level, and are uninsured or receive Medi-Cal benefits. Three contractors to CCBHS will provide full service partnerships in Fiscal Year 2016-17, and utilize a modified assertive community treatment model. This is a model of treatment made up of a multi-disciplinary mental health team, including a peer specialist, who work together to provide the majority of treatment, rehabilitation, and support services that clients use to achieve their goals. Anka Behavioral Health takes the lead in providing full service partnership services to Contra Costa County. The Portia Bell Hume Center contracts with CCBHS to provide full service partnerships for West and East County, while Familias Unidas contracts with CCBHS to provide the lead on full service partnerships for West County's Latino population. Anka Behavioral Health additionally serves those adults who have been charged with non-violent felonies or misdemeanors, who experience a serious mental illness/serious emotional disturbance, and are on probation. Contra Costa Behavioral Health's Forensic Team refers those individuals who have been screened for services and need the full spectrum of care of a full service partnership program.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Assisted Outpatient Treatment	CSS-FSP	In February 2015, the Contra Costa Board of Supervisors passed a resolution authorizing \$2.25 million of MHSF funds to be utilized on an annual basis for providing mental health treatment as part of an assisted outpatient treatment (AOT) program. CCBHS will implement the standards of an assertive community treatment team as prescribed by Assembly Bill 1421, and thus meet the acuity level of a full service partnership. This program will provide an experienced, multi-disciplinary team who will provide around the clock mobile, out-of-office interventions to adults, a low participant to staff ratio, and will provide the full spectrum of services, to include health, substance abuse, vocational and housing services. Persons deemed eligible for assisted outpatient treatment will be served, whether they volunteer for services, or are ordered by the court to participate. CCBHS underwent a competitive bid process to select a suitably qualified community-based organization to provide Assertive Community Treatment (ACT) to eligible adults in Contra Costa County; as a result, CCBHS entered into contract with Mental Health Systems, Inc. Services began during FY 2015-16. Contra Costa Mental Health has dedicated clinicians and administrative support within the Forensic Mental Health Clinic to serve on the AOT Care Team in the following capacity: provide the lead in receiving referrals in the community, conduct outreach and engagement to assist a referred individual, conduct the investigation and determination of whether a client meets eligibility criteria for AOT, prepare Court Petitions with supporting documentation and ongoing affidavits, testify in court, coordinate with County Counsel, Public Defender and law enforcement jurisdictions, act as liaison with ACT contractor, and participate in the development of the treatment plan.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Older Adult Mental Health	CSS - General Systems Development	First implemented in 2008, there are now two programs serving the older adult population over the age of 60, 1) Intensive Care Management, and 2) IMPACT (Improving Mood: Providing Access to Collaborative Treatment). Intensive Care Management consists of three multi-disciplinary teams, one for each region of CCBHS and provides mental health services to older adults in their homes, in the community, and within a clinical setting. The primary goal is to support aging in place and to improve consumers' mental health, physical health and overall quality of life. Each multi-disciplinary team is comprised of a psychiatrist, a nurse, a clinical specialist, and a community support worker. The teams deliver a comprehensive array of care management services, linkage to primary care and community programs, advocacy, educational outreach, medication support and monitoring, and transportation assistance. IMPACT is an evidence-based practice which provides depression treatment to older adults in a primary care setting who are experiencing co-occurring physical health impairments. The model involves short-term problem solving therapy and medication support, with up to one year follow-up as necessary. MHSF funded mental health clinicians are integrated into a primary treatment team.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Contra Costa		Children's Wraparound Support	CSS - General Systems Development	CCBHS's Wraparound Program, in which children and their families receive intensive, multi-levelled treatment from CCBHS's three children's mental health, were augmented in 2008 by family partners and mental health specialists. Family partners are individuals with lived experience as parents of children and adults with serious emotional disturbance or serious mental illness who assist families with advocacy, transportation, navigation of the service system, and offer support in the home, community, and county service sites. Family partners participate as team members with the mental health clinicians who are providing treatment to children and their families. Mental Health Specialists are non-licensed care providers who can address culture and language specific needs of families in their communities. These professionals arrange and facilitate team meetings between the family, treatment providers and allied system professionals.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Reducing risk of developing a serious mental illness	PEI	This category includes a) providing outreach and engagement to underserved communities, b) supporting at-risk youth, c) supporting healthy parenting skills, d) integrating primary care and mental health care for adults, and e) providing outreach and support to isolated older adults.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Preventing Suicide	PEI	There are three plan elements that augment CCBHS's efforts to reduce the number of suicides in Contra Costa County; a) augmenting the Contra Costa Crisis Center, b) dedicating a clinical specialist to support CCBHS's adult clinics and psychiatric emergency services, and c) supporting a suicide prevention committee.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Partners in Aging	INN	Older adults who are frail, homebound and suffer from mental health issues experience higher rates of isolation, psychiatric emergency interventions, and institutionalization that could be prevented. An Innovation Project is being developed that would train and field in-home peer support workers to engage older adults who have been identified by Psychiatric Emergency Services as individuals who need additional staff care in order to avoid repeated crises, engage in ongoing mental health treatment, increase their skills in the activities of daily living, and engage appropriate resources and social networks.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Training and Technical Support	WET	Various individual and group staff trainings will be funded that support the values of the Mental Health Services Act. As a part of the MHSa community program planning process, staff development surveys, CCBHS's Training Advisory Workgroup and Reducing Health Disparities Workgroup, stakeholders identified six staff training and training-related themes; 1) Client Culture, 2) Knowledge and Skills, 3) Management, 4) Orientation, 5) Career Development, and 6) Interventions/Evidence Based Practices. Within these themes a number of training topics were listed and prioritized for MHSa funding in the Three Year Plan. NAMI Basics/Faith Net/Family to Family (Familia de Familia). NAMI-Contra Costa will offer these evidence based NAMI educational training programs on a countywide basis to culturally diverse family members and care givers of individuals experiencing mental health challenges. These training programs are designed to support and increase family members' knowledge of mental health issues, navigation of systems, coping skills, and connectivity with community resources that are responsive and understanding of the challenges and impact of mental illness on the entire family. Crisis Intervention Training. CCBHS partners with CCBHS's Sherriff's Department to provide three day Crisis Intervention Trainings twice a year for law enforcement officers so that they are better able to respond safely and compassionately to crisis situations involving persons with mental health issues. Officers learn from mental health professionals, experienced officers, consumers and family members who advise, problem-solve and support with verbal de-escalation skills, personal stories, and provide scenario-based training on responding to crises.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Contra Costa		Internship Programs	WET	CCBHS supports internship programs which place graduate level students in various county operated and community based organizations. Particular emphasis is put on the recruitment of individuals who are bi-lingual and/or bi-cultural, and individuals with consumer and/or family member experience. CCBHS provides funding to enable up to 75 graduate level students to participate in paid internships in both county operated and contract agencies that lead to licensure as a Marriage and Family Therapist (MFT), Licensed Clinical Social Worker (LCSW), Clinical Psychologist and Mental Health Nurse Practitioner. These County financed internships are in addition to the state level workforce education and training stipend programs that are funded by the California Office of Statewide Health Planning and Development. This state funded stipend program requires that participants commit to working in community public mental health upon graduation. CCBHS's assessment of workforce needs has determined that a combination of state and locally financed internships has enabled CCBHS and its contractors to keep pace with the annual rate of turnover of licensed staff.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Financial Incentive Programs	WET	CCBHS will participate in the state level workforce, education and training funded Mental Health Loan Assumption Program (MHLAP) until it sunsets in 2018. Administered by the Office of Statewide Health Planning and Development, this program makes annual payments of up to \$10,000 to an educational lending institution on behalf of an employee who has incurred debt while obtaining education. The recipient is required to work in the public mental health system for a year (up to five years) before a payment is made.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
<b>Housing</b>						
Contra Costa		Oak Grove Youth Residential Program	CSS-FSP	CCBHS is in planning stages to repurpose their county owned Oak Grove facility in Concord to establish a 16 bed residential treatment facility for youth ages 18-26. This will be co-located residential and supportive services operation to provide voluntary community level treatment with safe and stable housing for the most vulnerable and at-risk youth who are experiencing serious mental health issues. The planning process will include stakeholder participation in planning the facility and its operations, to be followed by a competitive bid process to select a vendor to operation the program. Initial funding for FY 2017-18 is included for program and budget planning and start-up costs, with implementation later in the fiscal year. MHSa Three Year Plan Updates will address full year costs when more definitive information is available.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Children's Full Service Partnerships	CSS-FSP	The Children's Full Service Partnership Program is comprised of four elements, 1) personal services coordinators, 2) multi-dimensional family therapy for co-occurring disorders, 3) multi-systemic therapy for juvenile offenders, and 4) county operated children's clinic staff. 1) Personal Service Coordinators. Personal service coordinators are part of a program entitled Short Term Assessment of Resources and Treatment (START). Seneca Family of Agencies contracts with CCBHS to provide personal services coordinators, a mobile response team, and three to six months of short term intensive services to stabilize the youth in their community and to connect them and their families with sustainable resources and supports. Referrals to this program are coordinated by County staff on a countywide assessment team, and services are for youth and their families who are experiencing severe stressors, such as out-of-home placement, involvement with the juvenile justice system, co-occurring disorders, or repeated presentations at CCBHS's Psychiatric Emergency Services. 2) Multi-dimensional Family	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Contra Costa		Children's Full Service Partnerships	CSS-FSP	Continued... Therapy (MDFT) for Co-occurring Disorders. Lincoln Child Center contracts with CCBHS to provide a comprehensive and multi-dimensional family-based outpatient program for adolescents with a mental health diagnosis who are experiencing a co-occurring substance abuse issue. These youth are at high risk for continued substance abuse and other problem behaviors, such as conduct disorder and delinquency. This is an evidence based practice of weekly or twice weekly sessions conducted over a period of 4-6 months that target the youth's interpersonal functioning, the parents' parenting practices, parent-adolescent interactions, and family communications with key social systems. 3) Multi-systemic Therapy (MST) for Juvenile Offenders. Community Options for Families and Youth (COFY) contracts with CCBHS to provide home-based multiple therapist-family sessions over a 3-5 month period. These sessions are based on nationally recognized evidence based practices designed to decrease rates of anti-social behavior, improve school performance and interpersonal skills, and reduce out-of-home placements. The ultimate goal is to empower families to build a healthier environment through the mobilization of existing child, family and community resources. 4) Children's Clinic Staff. County clinical specialists and family partners serve all regions of CCBHS, and contribute a team effort to full service partnerships. Clinical specialists provide a comprehensive assessment on all youth deemed to be most seriously emotionally disturbed. The team presents treatment recommendations to the family, ensures the family receives the appropriate level of care, and family partners helps families facilitate movement through the system.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Transition Age Youth (TAY) Full Service Partnerships	CSS-FSP	Eligible youth (ages 16-25) are individuals who are diagnosed with a serious emotional disturbance or serious mental illness, and experience one or more of the risk factors of homelessness, co-occurring substance abuse, exposure to trauma, repeated school failure, multiple foster care placements, and experience with the juvenile justice system. Fred Finch Youth Center contracts with CCBHS to serve West and Central County. County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Contra Costa		MHSA Housing Services	CSS-FSP	MHSA funded housing services supplements services provided by Contra Costa Behavioral Health Services and CCBHS's Homeless Services Program, and is designed for those low income adults with a serious mental illness or children with a severe emotional disorder and their families who are homeless or at imminent risk of being homeless. The annual budget for this program provides affordable housing, and is comprised of five elements, 1) supportive housing, 2) augmented board and care facilities, 3) temporary shelter beds, 4) permanent housing units, and 5) a centralized county operated coordination team.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Assisted Outpatient Treatment	CSS-FSP	In February 2015, the Contra Costa Board of Supervisors passed a resolution authorizing \$2.25 million of MHSA funds to be utilized on an annual basis for providing mental health treatment as part of an assisted outpatient treatment (AOT) program. CCBHS will implement the standards of an assertive community treatment team as prescribed by Assembly Bill 1421, and thus meet the acuity level of a full service partnership. This program will provide an experienced, multi-disciplinary team who will provide around the clock mobile, out-of-office interventions to adults, a low participant to staff ratio, and will provide the full spectrum of services, to include health, substance abuse, vocational and housing services. Persons deemed eligible for assisted outpatient treatment will be served, whether they volunteer for services, or are ordered by the court to participate. CCBHS underwent a competitive bid process to select a suitably qualified community-based organization to provide Assertive Community Treatment (ACT) to eligible adults in Contra Costa County; as a result, CCBHS entered into contract with Mental Health Systems, Inc. Services began during FY 2015-16. Contra Costa Mental Health has dedicated clinicians and administrative support within the Forensic Mental Health Clinic to serve on the AOT Care Team in the following capacity: provide the lead in receiving referrals in the community, conduct outreach and engagement to assist a referred individual, conduct the investigation and determination of whether a client meets eligibility criteria for AOT, prepare Court Petitions with supporting documentation and ongoing affidavits, testify in court, coordinate with County Counsel, Public Defender and law enforcement jurisdictions, act as liaison with ACT contractor, and participate in the development of the treatment plan.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Unspecified						
Contra Costa		Adult Mental Health Clinic Support	CSS-FSP	Contra Costa Mental Health has dedicated clinicians at each of the three adult mental health clinics to provide support, coordination and rapid access for full service partners to health and mental health clinic services as needed and appropriate. Rapid Access Clinicians offer drop-in screening and intake appointments to clients who have been discharged from CCBHS Hospital or Psychiatric Emergency Services but who are not open to CCBHS mental health system of care. Rapid Access Clinicians will then refer clients to appropriate services and, when possible, follow-up with clients to ensure a linkage to services was made. If a client meets eligibility criteria for Full Service Partnership services, the Rapid Access Clinician will seek approval to refer the client to Full Service Partnership services. Clinic management act as the gatekeepers for the Full Service Partnership programs, authorizing referrals and discharges as well as providing clinical oversight to the regional Full Service Partnership programs. Full Service Partnership Liaisons provide support to the Full Service Partnership programs by assisting the programs with referrals and discharges, offering clinical expertise, and helping the programs to navigate CCBHS systems of care.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Forensic Team	CSS - General Systems Development	Authorized for Fiscal Year 2011-12 four clinical specialists were funded by MHSA to join a multi-disciplinary team that provides mental health services, alcohol and drug treatment, and housing services to individuals with serious mental illness who are on probation and at risk of re-offending and incarceration. These individuals were determined to be high users of psychiatric emergency services and other public resources, but very low users of the level and type of care needed. This team works very closely with the criminal justice system to assess referrals for serious mental illness, provide rapid access to a treatment plan, and work as a team to provide the appropriate mental health, substance abuse and housing services needed.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Contra Costa		Quality Assurance and Administrative Support	CSS - General Systems Development	In 2008, CCBHS first added needed positions via MHSa funding to perform various administrative support and quality assurance functions for statutory, regulatory and contractual compliance, as well as management of quality of care protocol. County staff time and funding to support the community program planning process are also included here. Utilizing the state's allowance guide of 15% of total MHSa budget for this support element, CCBHS's total percentage has varied from 10% to 12% each year. County positions have been incrementally justified, authorized and added each year as the total MHSa budget has increased.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		PEI Administrative Support	PEI	A Mental Health Program Supervisor position has been allocated by CCBHS to provide administrative support and evaluation of programs and plan elements that are funded by MHSa.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Early Intervention	PEI	CCBHS operated First Hope Program serves youth who show early signs of psychosis, or have recently experienced a first psychotic episode. Referrals are accepted from all parts of CCBHS, and through a comprehensive assessment process young people, ages 12-25, and their families are helped to determine whether First Hope is the best treatment to address the psychotic illness and associated disability. A multi-disciplinary team provides intensive care to the individual and their family, and consists of psychiatrists, mental health clinicians, occupational therapists and employment/education specialists. These services are based on the Portland Identification and Early Referral (PIER) Model, and consists of multi-family group therapy, psychiatric care, family psycho-education, education and employment support, and occupational therapy.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Workforce Education and Training Coordination	WET	County staff are designated to develop and coordinate all aspects of this component. This includes conducting a workforce needs assessment, coordinating education and training activities, acting as an educational and training resource by participating in the Greater Bay Area Regional Partnership and state level workforce activities, providing staff support to County sponsored ongoing and ad-hoc workforce workgroups, developing and managing the budget for this component, applying for and maintaining CCBHS's mental health professional shortage designations, applying for workforce grants and requests for proposals, coordinating intern placements throughout CCBHS, and managing the contracts with various training providers and community based organizations who implement the various workforce education and training activities.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Mental Health Career Pathway Programs	WET	The Service Provider Individualized Recovery Intensive Training (SPIRIT) is a college accredited recovery oriented, peer led classroom and experiential-based program for individuals with lived mental health experience as a consumer or a family member of a consumer. This classroom and internship experience leads to a certification for individuals who successfully complete the program, and is accepted as the minimum qualifications necessary for employment within CCBHS in the classification of Community Support Worker. Participants learn peer counseling skills, group facilitation, Wellness Action Plan (WRAP) development, wellness self-management strategies and other skills needed to gain employment in peer provider and family partner positions in both county operated and community based organizations. The Office for Consumer Empowerment (OCE) offers this training annually, and supplements the class with a monthly peer support group for those individuals who are employed by CCBHS in various peer and family partner roles.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
Contra Costa		Information Technology	CFTN	CCBHS received approval from the State in 2010 to utilize up to \$6 million in MHSa funds to develop and implement an electronic mental health record system. The approved project is intended to transform the current paper and location-based system with an electronic system where clinical documentation can be centralized and made accessible to all members of a consumer's treatment team, with shared decision-making functionality. It would replace the existing claims system, where network providers and contract agencies would be part of the system and be able to exchange their clinical and billing information with CCBHS. The proposed system would allow doctors to submit their pharmacy orders electronically, and permit sharing between psychiatrists and primary care physicians to allow knowledge of existing health conditions and drug inter-operability. It would also allow consumers to access part of their medical record, make appointments, and electronically communicate with their treatment providers.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Contra Costa		Center for Recovery and Empowerment	INN	CCBHS recognizes substance abuse/dependence in adolescence (adolescents 12-18 years of age) as it negatively affects physical, social, emotional and cognitive development. Early onset of alcohol or other drug use is one of the strongest predictors of later alcohol dependence. This is a priority because CCBHS does not have a coordinated system of care to provide treatment services to youths with addictions and co-occurring emotional disturbances. The CORE Project will be an intensive outpatient treatment program offering three levels of care; intensive, transitional and continuing care to adolescents dually diagnosed with substance use and mental health disorders. Services will be provided by a multi-disciplinary team, and will include individual, group and family therapy, and linkage to community services.	<a href="http://cchealth.org/mentalhealth/mhsa/">http://cchealth.org/mentalhealth/mhsa/</a>	(925) 957-5150
<b>DEL NORTE COUNTY</b>						
<b>Crisis Support</b>						
Del Norte		Adult Full Service Partnership Programs	CSS-FSP	Helps identified individuals achieve their desired outcomes through the delivery of individualized, consumer/family-driven mental health services and supports, providing a “whatever it takes” approach to help these individuals move toward recovery and live successfully in the community. Services include traditional mental health services (psychiatry/medication support, therapeutic interventions), as well as services and supports including transitional and permanent supportive housing, vocational and employment opportunities, necessities of daily living (food, clothing), and peer support. We will expand services to include more options for individual counseling, life skills training and linkages to adjunct services and community resources.	<a href="http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch">http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch</a>	Marcus Padilla 707-464-7224 mpadilla@co.del-norte.ca.us
Del Norte		Children’s System of Care/ Wraparound Services	CSS-FSP	To be implemented - Works with our priority population of children ages 0-15 with serious emotional disturbance at risk of out-of-home placement and/or uninsured at risk of out-of-home placement. Expands the program for better coordination with our county Wraparound program to include schools, local service agencies, Hmong, Latino, and Native American communities, and faith-based organizations to provide linkages for all available services. Expands the program to provide additional family treatment.	<a href="http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch">http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch</a>	Marcus Padilla 707-464-7224 mpadilla@co.del-norte.ca.us
Del Norte		Bridge Team	CSS-OESD	The Bridge Team will continue to deliver integrated services providing expanded Outreach and Engagement activities and intensive case management for all clients entering our Mental Health system as a consequence of crisis. The Team monitors progress toward goals over a 20-90 day period, adjusting services to meet consumer needs, while creating linkages to our Service Center programs and all other available community supports in order to prevent “decompensation,” which places clients at risk of higher levels of care, incarceration, homelessness, and inpatient hospitalization.	<a href="http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch">http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch</a>	Marcus Padilla 707-464-7224 mpadilla@co.del-norte.ca.us
<b>Peer/Family Support Specialists</b>						
Del Norte		Service Center Programs	CSS-OESD	The Center offers daily activities and supports that allow staff to assist consumers using a wellness focus in an alternative setting. Many consumers have recently returned to the community from long-term care facilities; others are at risk of higher levels of care without staff intervention. The concepts of recovery and resilience provide the foundation to develop independence and achieve goals in stable living, personal and community functioning, dual diagnosis substance abuse. Additional peer self-help groups and linkages to other community resources empower consumers, allowing them to remain in the community in a successful manner. Services address the individual’s known risks, utilize and strengthen available resources, and open opportunities to help consumers develop personal potential and self sufficiency.	<a href="http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch">http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch</a>	Marcus Padilla 707-464-7224 mpadilla@co.del-norte.ca.us
Del Norte		Adult Service Center	CSS-OESD	Provides the foundation to develop independence and achieve goals in stable living, personal and community functioning, education, and employment. Provides education and resources in the areas of social skills, stress management, coping skills, healthy relationship choices, basic health care and hygiene, and cultural appreciation. Includes individual counseling options and clinical and dual- diagnosis groups. Vocational rehabilitation/return to work program identifies and trains employment skills based on consumer strengths. Expands outreach and engagement efforts to the outlying communities, tribal, Hispanic, and Hmong communities.	<a href="http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch">http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch</a>	Marcus Padilla 707-464-7224 mpadilla@co.del-norte.ca.us

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Del Norte		Strengthening Families	PEI	The Strengthening Families program will be focused on youth who are at risk of developing low level mental health and behavioral problems that affect the health of the family. This voluntary program is intended for children and youth ages 6-18 and their families. the ability to reach a more diverse age group allows for customization of the sessions, and better utilization of staff time. These parenting classes, which also involve children and youth in separate and joined sessions with the parents, provide a unique and rich opportunity for life skills and relationship building.	<a href="http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch">http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch</a>	Marcus Padilla 707-464-7224 mpadilla@co.del-norte.ca.us
Del Norte		Reach for Success	PEI	The Reach for Success program is voluntary and will be held during school hours to facilitate access and participation for youth where transportation is a barrier. Programs held within tribal organizations or community centers would be in a familiar environment that is not routinely used for provision of mental health services. As a result outcomes are enhanced through a sense of trust and safety. The program is designed to provide prevention and early intervention to youth at risk of developing low level mental health and behavioral problems that affect the health of the family as well as transition age youth in foster care. Youth will learn relationship building, life and coping skills and resiliency. With the development of significant support systems and role models they will have the ability to make better life choices, including school participation and success, following rules, and understanding consequences. As a result they will have better opportunities for success in life, preventing further generational traumas of domestic violence, child abuse, and substance abuse.	<a href="http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch">http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch</a>	Marcus Padilla 707-464-7224 mpadilla@co.del-norte.ca.us
<b>Reducing Disparities</b>						
Del Norte		TAY Services (Transitional Age Youth)	CSS-OESD	The priority population for these services is youth ages 16-25 who are seriously emotionally disturbed and severely and persistently mentally ill. Provides the foundation to develop independence and achieve goals in employment, education, stable living, and personal and community functioning. Provides individual counseling and education and resources in the areas of health care, coping skills, healthy relationship choices, identifying means for health insurance, money management, social skills, parenting skills, and cultural appreciation. Groups offered in life skills and dual diagnosis provide TAY with the tools to make healthier life choices. Recreation groups promote social skills. Expands technology room to provide additional training resources and community partnerships that enable us to link consumers with vocational rehabilitation and training.	<a href="http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch">http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch</a>	Marcus Padilla 707-464-7224 mpadilla@co.del-norte.ca.us
Del Norte		Coastal Connections	PEI	The priority population for these services is transition age youth (TAY) ages 16-25 who are 1) involved in Public Systems 2) Dropped Out of High School / Enrolled in Community Day School 3) Homeless 4) Living with Disability or Special Need, 5) Transitioning from Foster Care or 6) Pregnant or Parenting; conditions leaving them at risk for a mental health crisis.. Provides the foundation to develop independence and achieve goals in employment, education, stable living, and personal and community functioning with decreased involvement in the justice system, fewer mental health crises, improved emotional well-being and social connectedness, and increased confidence about their future.. Provides individual counseling and education and resources in the areas of health care, coping skills, healthy relationship choices, identifying means for health insurance, money management, social skills, parenting skills, and cultural appreciation. Groups offered in life skills and dual diagnosis provide TAY with the tools to make healthier life choices. Recreation groups promote social skills. Creation of a media production room to provide additional training resources and further develop community partnerships that enable us to link consumers with vocational rehabilitation and training.	<a href="http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch">http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch</a>	Marcus Padilla 707-464-7224 mpadilla@co.del-norte.ca.us
Del Norte		Incredible years	PEI	An elementary education program teaching social skills through the county	<a href="http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch">http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch</a>	Marcus Padilla 707-464-7224 mpadilla@co.del-norte.ca.us

<b>GLENN COUNTY</b>						
<b>Crisis Support</b>						
Glenn		MHSA CSS Comprehensive Service Plan	CSS-OESD & FSP	Encompasses all ages children aged 0-17 through older adults 60+, all genders and all ages/ethnicities. Includes comprehensive assessment services; wellness and recovery action planning (WRAP); case management services; individual and group mental health services; crisis services; short-term hospitalizations; peer-led self-help/support groups; education and employment support; anti-stigma events; linkages to needed services; and housing support. Consumer-run Adult Wellness Center (Harmony House) provides a safe, comfortable place to receive services and participate in age-appropriate activities. TAY Center offers an alternative to delivering mental health services in the clinic and helps to ensure inclusion and non-discrimination. The TAY Center is a safe environment for youth who are LGBTQ and provides advocacy and support for youth at the local high school. Services for all clients, including the persons who have been identified as FSP, are culturally and linguistically competent, as well as offering services to persons who are visually and/or physically challenged. A number of our FSP clients from the Latino and/or Native American communities.	<a href="http://www.countyofglenn.net/govt/departments/mental_health/">http://www.countyofglenn.net/govt/departments/mental_health/</a>	Cindy Ross (530) 865.1622 cross@glenncountyhealth.net
Glenn		SMART	INN	Innovation Project-System-wide Mental Health Assessment and Response Treatment Team (SMART). The System-wide Mental Health Assessment and Response Treatment Team (SMART) is a collaborative multi-agency team that responds quickly and efficiently to critical school incidents such as school threats, suicidal behavior, violence, and bullying. SMART uses proven practices to address school threats and suicidal behavior; prevent bullying; and provides ongoing services to resolve identified issues. The SMART Team responds to situations across the county and conducts a comprehensive mental health and crisis evaluation. An evidence-based practice, MOSAIC, is used to determine the level of risk for each child. This data also helps to identify the most effective strategy in each situation, and provides protocols to help respond and evaluate the situation to support a positive outcome for each situation. The SMART team includes Mental Health staff, law enforcement, probation, and school designees. Each school is in the process of developing school response teams. These teams include school counselors, school psychologists, principals, vice principals, and other key staff. Services offer a wide array of prevention activities and support, crisis response, community threat response, screening, assessment, early identification of school violence, case management monitoring and clinical services.	<a href="http://www.countyofglenn.net/govt/departments/mental_health/">http://www.countyofglenn.net/govt/departments/mental_health/</a>	Lisa Cull (530) 934-6582 LCull@glenncountyhealth.net
<b>Peer/Family Support Specialists</b>						
Glenn		Strengthening Families Program	PEI	Strengthening Families Program is an evidence-based program selected for the Prevention component of PEI. Strengthening Families is a 14-session, evidence-based parenting skills, children's social skills, and family life skills training program specifically designed for high-risk families. Parents and children participate in Strengthening Families programs both separately and together.	<a href="http://www.countyofglenn.net/govt/departments/mental_health/">http://www.countyofglenn.net/govt/departments/mental_health/</a>	Francis Cunt fcuny@countyofglenn.net (530.865.6459)

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Glenn		MHSA CSS Comprehensive Service Plan	CSS-OESD & FSP	Encompasses all ages children aged 0-17 through older adults 60+, all genders and all ages/ethnicities. Includes comprehensive assessment services; wellness and recovery action planning (WRAP); case management services; individual and group mental health services; crisis services; short-term hospitalizations; peer-led self-help/support groups; education and employment support; anti-stigma events; linkages to needed services; and housing support. Consumer-run Adult Wellness Center (Harmony House) provides a safe, comfortable place to receive services and participate in age-appropriate activities. TAY Center offers an alternative to delivering mental health services in the clinic and helps to ensure inclusion and non-discrimination. The TAY Center is a safe environment for youth who are LGBTQ and provides advocacy and support for youth at the local high school. Services for all clients, including the persons who have been identified as FSP, are culturally and linguistically competent, as well as offering services to persons who are visually and/or physically challenged. A number of our FSP clients from the Latino and/or Native American communities.	<a href="http://www.countyofglenn.net/govt/departments/mental_health/">http://www.countyofglenn.net/govt/departments/mental_health/</a>	Cindy Ross (530) 865.1622 cross@glenncountyhealth.net
Glenn		Parent-Child Interaction Therapy (PCIT)	PEI	Parent-Child Interaction Therapy (PCIT) is an evidence-based practice which utilizes a specially equipped treatment room to train parents in parenting and behavioral management skills. PCIT provides families with very direct and individualized parenting skills that are developed through a process in which parents receive instruction through an earpiece that is linked to a therapist/intern. The therapist/intern, from behind a one-way mirror, observes interactions between the parent and child, coaches the development of relationship enhancement techniques, and gives behavioral interventions for how to respond to difficult parent/child situations. Each training session lasts about 1 hour; occurs for approximately 15-20 weekly visits; and shows very strong outcomes for both parents and children. Case Managers may provide in-home support to generalize the skills learned in the home setting, including replacement skills.	<a href="http://www.countyofglenn.net/govt/departments/mental_health/">http://www.countyofglenn.net/govt/departments/mental_health/</a>	Maria Gomez-Acuna (530) 865.6459 mgomez@countyofglenn.net
<b>Reducing Disparities</b>						
Glenn		Strengthening Families Program	PEI	Strengthening Families Program is an evidence-based program selected for the Prevention component of PEI. Strengthening Families is a 14-session, evidence-based parenting skills, children's social skills, and family life skills training program specifically designed for high-risk families. Parents and children participate in Strengthening Families programs both separately and together.	<a href="http://www.countyofglenn.net/govt/departments/mental_health/">http://www.countyofglenn.net/govt/departments/mental_health/</a>	Francis Cunt fcunt@countyofglenn.net (530.865.6459)
Glenn		CHANGE Festival	PEI	The CHANGE (Creating Health and Wellness And New Growth Everywhere) Festival event is where consumers, staff and community members partner to educate and support anti stigma efforts regarding Mental Health and suicide. The CHANGE Festival is during the month of May and supports Children's Mental Health Awareness. The TAY Center is a chapter of Youth MOVE (Moving Others through Voices of Experience) which is a national organization that supports authentic youth voice inside systems. The event is youth-directed and guided. The day is filled with youth-friendly activities, music performances, speakers, and resource community tabling.	<a href="http://www.countyofglenn.net/govt/departments/mental_health/">http://www.countyofglenn.net/govt/departments/mental_health/</a>	Cindy Ross (530) 865.1622 cross@glenncountyhealth.net
Glenn		SPEAKS	PEI	SPEAKS (Suicide Prevention Education Awareness Knowledge Stigma) Event is an event where consumers, staff and community members partner to educate and support anti stigma efforts regarding Mental Health and suicide. SPEAKS Event grew out the idea of making Glenn County a suicide safer community. The SPEAKS Event was created to offer an event in Glenn County, rather than attending suicide awareness events in larger communities. This event is held in September, during World Suicide prevention week. The planning is a partnership between consumers, behavioral health staff, Glenn County Health and Human Resource Staff, and interested community members. Each year we have had a master of ceremonies who is a volunteer from the community. The event is comprised of inspirational speakers, community resources tabling, music performances, and different activities to engage the community. The event ends with a Native American drumming and candle lighting to honor those who have passed, due to suicide.	<a href="http://www.countyofglenn.net/govt/departments/mental_health/">http://www.countyofglenn.net/govt/departments/mental_health/</a>	Cindy Ross (530) 865.1622 cross@glenncountyhealth.net

Glenn		Welcoming (Warm) Line	PEI	The Welcome Line is designed to improve access to unserved and underserved community members by immediately connecting the caller to an individual who is knowledgeable about resources within the community, and is willing to listen to the caller and determine the need for services. The Welcome Line is utilized by many different community members and older adults. By offering immediate interactions and supportive responses to callers, we provide support and welcoming conversation to help individuals remain stable and prevent escalation in symptoms. The Welcome Line also provides outreach to community members, which includes weekly phone contact for community members who are in need of extra support. Outreach activities can help reduce stigma and increase awareness of our programs. The Welcome Line engages callers and provides information and support.	<a href="http://www.countyofglenn.net/govt/departments/mental_health/">http://www.countyofglenn.net/govt/departments/mental_health/</a>	Patti Crowell and Christina Wong (530) 865.6725 pcrowell@countyofglenn.net cwong@countyofglenn.net
Glenn		Suicide Prevention	PEI	Suicide Prevention Program works to provide a number of suicide prevention activities in the county. These activities include training of staff and first responders to recognize the warning signs of suicidal behavior; developing and disseminating techniques to improve community response to situations involving suicide threat; and developing resources and linkages across agencies and within the community for individuals in crisis. Coaches/Peer Mentors, Case Managers, and clinicians are all involved in outreach and training activities.	<a href="http://www.countyofglenn.net/govt/departments/mental_health/">http://www.countyofglenn.net/govt/departments/mental_health/</a>	Cindy Ross (530) 865.1622 cross@glenncountyhealth.net
<b>Housing</b>						
Glenn		MHSA Housing	Housing	Housing funds are utilized to support consumers move into independent living situations and Iris House. Iris House is a supportive housing environment where consumers who are homeless or at risk for homelessness can stay for 30 days after discharge from an inpatient hospital. Services can be extended an additional 60 days with prior authorization. Services include access to a psychiatrist, and a case manager. Housing fund will also offer hotel vouchers, security deposits, rent, PG&E, and payments for household items to those consumers who are homeless or at risk of homelessness.	<a href="http://www.countyofglenn.net/govt/departments/mental_health/">http://www.countyofglenn.net/govt/departments/mental_health/</a>	Cindy Ross (530) 865.1622 cross@countyofglenn.net

<b>Other Programs</b>						
Glenn		See It, Speak It, Change It	PEI	In addition, we offer a Bullying Prevention program called “See It, Speak It, Change It.” Bullying was identified as a significant issue in our community by youth, schools, and our adult clients, who experienced bullying as children and as adults. This program helps to identify bullying behavior and develops skills and strategies for changing the behavior. We utilize our Peer Mentors using a Say It Straight model to help stop bullying. This program is delivered to freshmen at the high schools, during Freshmen Orientation week, and throughout the year. We also give teachers the skills to address bullying and help to change it.	<a href="http://www.countyofglenn.net/govt/departments/mental_health/">http://www.countyofglenn.net/govt/departments/mental_health/</a>	Calley Pfyl (530) 865.1622 cpfyl@countyofglenn.net
<b>HUMBOLDT COUNTY</b>

<b>IMPERIAL COUNTY</b>						
<b>Crisis Support</b>						
Imperial		Transitional Engagement Supportive Services (TESS) - Outreach and Engagement	CSS-OE	<p>The Transitional Engagement Supportive Services (TESS) Program provides outreach and engagement activities to unserved and underserved SED and SMI individuals ages 14 and over. The TESS Program receives referrals from various agencies and programs, such as local community agencies, PIER Model, individuals who have been discharged from Lanterman-Petris Short Act (LPS) Conservatorship by the courts, acute care psychiatric hospitals, the ICBHS Crisis and Referral Desk (CRD), and the Imperial County Jail and State of California Department of Corrections Rehabilitation. The TESS Program assists in expediting services to individuals that, after prescreening evaluation, have been found to be in imminent need of services due to high risk of decompensation or homelessness, or in need of linkage to community resources. The objective of the TESS Program is to provide supportive services while individuals transition to outpatient mental health treatment.</p> <p>The TESS Program provides individualized mental health rehabilitation/targeted case management services to youth and young adults, adults, and older adults who have experienced a personal crisis in their life requiring involuntary or voluntary mental health crisis intervention services. These services assist the individual with reintegrating back into the community by linking the individual to educational and employment programs, housing related assistance programs, drug and alcohol services, and linkage to outpatient mental and/or medical services. Additionally, the TESS Program assists AB 109, non-active, and active individuals who are referred to either the McAlister Institute for 14-day drug and alcohol detox (adults) or 21-day drug and alcohol detox (adolescents), or a sober living home. The TESS Program provides aftercare and follow-up services, with the objective of assisting the individual in accessing mental health and substance abuse related treatment upon release from the McAlister Institute Detox Program or sober living home.</p> <p>The TESS Program is also responsible for implementing Phase I and Phase II of the PIER Model, which consists of outreach and engagement (Phase I) and in-depth assessment (Phase II) using the Structured Interview for Prodromal Syndromes (SIPS) to determine prodromal or first episode criteria for the PIER Model. Individuals and their families receive Phase III Treatment of the PIER Model through the YAYA-FSP Program.</p> <p>The TESS Program also provides educational information on the importance of mental health treatment, recovery, and accessibility to services by conducting community presentations and attending local community health fairs. Individuals are linked to the ICBHS Youth and Young Adults Services or Adult Services Divisions for continuation of care. As a result of outreach and engagement efforts, the TESS Program has been able to link individuals into outpatient mental health treatment to prevent decompensation and/or higher levels of care</p>	<a href="http://www.imperial.networkofcare.org/mh/home/index.cfm">http://www.imperial.networkofcare.org/mh/home/index.cfm</a>  <a href="http://www.co.imperial.ca.us/behavioralhealth/index.asp">http://www.co.imperial.ca.us/behavioralhealth/index.asp</a>	Maria Ruiz MariaRuiz@co.imperial.ca.us 442-265-1541

Imperial		Adult and Older Adult Services Full Service Partnership Program	CSS-FSP	<p>The Adult and Older Adult Services Full Service Partnership (Adult-FSP) Program is consumer-driven, community focused, and promotes recovery and resiliency. The Adult-FSP Program provides a “whatever it takes” approach to ensure that all consumers receive the services and assistance that are needed. Services provided by the Adult-FSP Program staff include case management, rehabilitative services, “wrap-like” services, integrated community mental health, alcohol and drug services, crisis response, and peer support.</p> <p>This program serves all SMI adults who meet the following criteria:            Their mental disorder results in substantial functional impairments or symptoms, or they have a psychiatric history that shows that, without treatment, there is an imminent risk of decompensation with substantial impairments or symptoms. This program also serves SMI adults with co-occurring disorders of substance abuse. Their mental functional impairment and circumstances may result in disabilities and require public assistance, services, or entitlements.</p> <p>In addition, adults and older adults must meet the following criterion: Adults (ages 26-59) must meet the criteria in either (a) or (b) below:            a. They are unserved and:            (1) Homeless or at risk of becoming homeless;            (2) Involved in the criminal justice system (i.e., jail, probation, parole); or            (3) Frequent users of hospital and/or emergency room services as the primary resource for mental health treatment. These individuals are identified subsequent to being placed on an involuntary hold (W&amp;IC 5150).            b. They are underserved and at risk of:            (1) Homelessness;            (2) Involvement in the criminal justice system (i.e., jail, probation, parole); or            (3) Institutionalization (i.e., jail, psychiatric hospital, Institute for Mental Disease, Skilled Nursing Facility).</p> <p>- Older Adults (ages 60 and older) must meet the criteria in either (a) or (b) below:            a. They are unserved and:            (1) Experiencing a reduction in personal and/or community functioning;            (2) Homeless;            (3) At risk of becoming homeless;            (4) At risk of becoming institutionalized (i.e., jail, psychiatric hospital, Institute for Mental Disease, Skilled Nursing Facility);            (5) At risk for out-of-home care (i.e., nursing home, assisted living facility, board and care); or            (6) At risk of becoming frequent users of hospital and/or emergency room services as the primary resource for mental health treatment. These individuals are identified subsequent to being placed on an involuntary hold (W&amp;IC 5150).            b. They are underserved and:            (1) At risk of becoming homeless;            (2) At risk of becoming institutionalized (i.e., jail, psychiatric hospital, Institute for Mental Disease, Skilled Nursing Facility);            (3) At risk for out-of-home care (i.e., nursing home, assisted living facility, board and care);            (4) Frequent users of hospital and/or emergency room series as the primary resource for mental health treatment. These individuals are identified subsequent to being placed on an involuntary hold (W&amp;IC 5150); or            (5) Involved in the criminal justice system (i.e., jail, probation, parole).</p> <p>The Adult-FSP Program provides a variety of services, in a culturally competent environment, to adults and older adults, ages 26 and older, in all of the adult outpatient clinic locations. Individuals eligible to receive services through the Adult-FSP Program benefit from receiving medication support, therapy, and mental health rehabilitation/targeted case management services, if needed. Additionally, the program’s mental health rehabilitation technicians assist consumers with reintegrating back into the community through linkage of the following applicable services: emergency shelter; permanent housing; emergency clothing; food assistance; SSI/SSA benefits application and/or appeals; DSS Cash Aid application; Section 8 Housing application; substance abuse treatment and/or rehabilitation referral; referrals to general physician and/or dentist; driver’s license/ID application; and/or immigration paperwork.</p> <p>Adult-FSP Program staff promote recovery, resiliency, and hope through full community integration by offering the aforementioned rehabilitation services and linkage to eligible individuals. Additionally, for the older adult population, delivery of needed supports and services are provided at their homes if they are homebound, unable to access public transportation, or do not have transportation.</p>	<a href="http://www.imperial.networkofcare.org/mh/home/index.cfm">http://www.imperial.networkofcare.org/mh/home/index.cfm</a>  <a href="http://www.co.imperial.ca.us/behavioralhealth/index.asp">http://www.co.imperial.ca.us/behavioralhealth/index.asp</a>	Gabriela Jimenez Gabrielajimenez@co.imperial.ca.us 760-482-2133

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Imperial		Wellness Center	CSS-OESD	<p>he main focus of the Resource Center Program (RCP) is to provide engagement and education, and promote wellness, recovery, and self-sufficiency. Program staff serve the unserved and underserved adults and older adults, ages 26 and older, who are Severely Mentally Ill and have a diagnosis that includes Bipolar Type I and II disorders, Psychotic Disorders, Delusional Disorders, and/or Schizophrenic Disorders. RCP staff offer daily structured activities that assist consumers in their recovery from their mental illness, as well as assist them with rebuilding a healthy and more independent lifestyle.</p> <p>The RCP has partnered with outside agencies such as the Department of Rehabilitation/Work Training Center (DOR/WTC), Imperial Valley College (IVC), Fitness Oasis Gym, Imperial Valley Regional Occupation Program (IVROP), and Clinicas De Salud Del Pueblo. These agencies offer consumers educational classes and pre-employment readiness and employment training, as well as assist them in obtaining a high school diploma. Consumers also have access to computers and the internet to aid them in completing school assignments (i.e. research, homework, and projects). Program staff provide bus vouchers and/or arrange transportation through ICBHS based upon the consumer's specific transportation needs. Through the aforementioned agencies, consumers are also offered the opportunity to attend classes on English as a Second Language; arts &amp; crafts; photography; self-esteem; life skills; cooking (such as baking and/or cake decorating); and quilting and/or sewing. Additionally, consumers are offered the opportunity to participate in various support groups, such as medication education, wellness groups, and health and fitness classes. Consumers also have an individualized Wellness and Recovery Action Plan (WRAP) to assess their specific level of recovery and plan appropriate recovery goals.</p> <p>The RCP staff offer an array of services through the RCP Outpatient Clinic to assist SMI consumers in reaching and maintaining their recovery goals. The program offers the following services:</p> <ul style="list-style-type: none"> <li>• Medication Support</li> <li>• Crisis Intervention Services</li> <li>• Targeted Case Management Services</li> <li>• Individual Therapy</li> </ul>	<a href="http://www.imperial.networkofcare.org/mh/home/index.cfm">http://www.imperial.networkofcare.org/mh/home/index.cfm</a>  <a href="http://www.co.imperial.ca.us/behavioralhealth/index.asp">http://www.co.imperial.ca.us/behavioralhealth/index.asp</a>	Gabriela Jimenez Gabrielajimenez@co.imperial.ca.us 760-482-21334
Imperial		Transitional Engagement Supportive Services (TESS) - Outreach and Engagement	CSS-OE	<p>The Transitional Engagement Supportive Services (TESS) Program provides outreach and engagement activities to unserved and underserved SED and SMI individuals ages 14 and over. The TESS Program receives referrals from various agencies and programs, such as local community agencies, PIER Model, individuals who have been discharged from Lanterman-Petris Short Act (LPS) Conservatorship by the courts, acute care psychiatric hospitals, the ICBHS Crisis and Referral Desk (CRD), and the Imperial County Jail and State of California Department of Corrections Rehabilitation. The TESS Program assists in expediting services to individuals that, after prescreening evaluation, have been found to be in imminent need of services due to high risk of decompensation or homelessness, or in need of linkage to community resources. The objective of the TESS Program is to provide supportive services while individuals transition to outpatient mental health treatment.</p> <p>The TESS Program provides individualized mental health rehabilitation/targeted case management services to youth and young adults, adults, and older adults who have experienced a personal crisis in their life requiring involuntary or voluntary mental health crisis intervention services. These services assist the individual with reintegrating back into the community by linking the individual to educational and employment programs, housing related assistance programs, drug and alcohol services, and linkage to outpatient mental and/or medical services. Additionally, the TESS Program assists AB 109, non-active, and active individuals who are referred to either the McAlister Institute for 14-day drug and alcohol detox (adults) or 21-day drug and alcohol detox (adolescents), or a sober living home. The TESS Program provides aftercare and follow-up services, with the objective of assisting the individual in accessing mental health and substance abuse related treatment upon release from the McAlister Institute Detox Program or sober living home.</p> <p>The TESS Program is also responsible for implementing Phase I and Phase II of the PIER Model, which consists of outreach and engagement (Phase I) and in-depth assessment (Phase II) using the Structured Interview for Prodromal Syndromes (SIPS) to determine prodromal or first episode criteria for the PIER Model. Individuals and their families receive Phase III Treatment of the PIER Model through the YAYA-FSP Program.</p> <p>The TESS Program also provides educational information on the importance of mental health treatment, recovery, and accessibility to services by conducting community presentations and attending local community health fairs. Individuals are linked to the ICBHS Youth and Young Adults Services or Adult Services Divisions for continuation of care. As a result of outreach and engagement efforts, the TESS Program has been able to link individuals into outpatient mental health treatment to prevent decompensation and/or higher levels of care</p>	<a href="http://www.imperial.networkofcare.org/mh/home/index.cfm">http://www.imperial.networkofcare.org/mh/home/index.cfm</a>  <a href="http://www.co.imperial.ca.us/behavioralhealth/index.asp">http://www.co.imperial.ca.us/behavioralhealth/index.asp</a>	Maria Ruiz MariaRuiz@co.imperial.ca.us 442-265-1541

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Imperial		Community Outreach and Engagement	CSS-OESD	The Outreach and Engagement Program provides outreach and engagement services to unserved seriously emotionally disturbed and seriously mentally ill individuals in the neighborhoods where they reside, including those who are homeless, in order to reduce the stigma associated with receiving mental health treatment and increase access to mental health services. The program also provides education to the community regarding mental illnesses and symptoms, early identification of mental illness, and resources to improve access to care through outreach at local schools; homeless shelters; substance abuse treatment facilities and self-help groups; low-income housing; faith-based organizations; and community-based organizations. The program assists individuals in obtaining services from ICBHS by providing information pertaining to programs and services; educating them about the intake assessment process; scheduling intake assessment appointments; and providing transportation to intake assessment appointments when necessary.	<a href="http://www.imperial.networkofcare.org/mh/home/index.cfm">http://www.imperial.networkofcare.org/mh/home/index.cfm</a>  <a href="http://www.co.imperial.ca.us/behavioralhealth/index.asp">http://www.co.imperial.ca.us/behavioralhealth/index.asp</a>	Scott Dudley scottdudley@co.imperial.ca.us 442-265-4765
Imperial		Trauma- Focused CBT Program	PEI	<p>The TF-CBT Program utilizes Trauma Focused-Cognitive Behavioral Therapy as the intervention to treat children and adolescents, ages 4 to 18, who have been exposed to a traumatic experience. This therapy model is being implemented as an early intervention activity aiming to prevent the development of mental illness and from symptoms from becoming severe and disabling. TF-CBT was designed to help children, youth, and their parents overcome the negative effects of traumatic life events such as child sexual or physical abuse; traumatic loss of a loved one; domestic, school, or community violence; or exposure to natural disasters (earthquakes), terrorist attacks, or war trauma. TF-CBT incorporates cognitive and behavioral interventions with traditional child abuse therapies that focus on enhancement of interpersonal trust and empowerment. Under the TF-CBT program, staff also conduct preventive activities by participating in outreach activities in the community and by providing presentations in schools across Imperial County.</p> <p>The Incredible Years program has been implemented as a prevention strategy targeting children/youth in stressed families. Incredible Years is an evidence-based program with a skills-based behavioral group intervention for parents of infants/toddlers and children ages 0 to 12, focusing on strengthening parenting competencies and fostering positive parent-child interactions and attachments. Incredible Years provides a set of curricula designed to provide parents with the necessary skills to promote their child's development in a positive environment, as well as nurturing relationships, reducing harsh discipline, and fostering parents' ability to promote their child's social and emotional development. ICBHS has contracted with the Children and Parent Council (CAP Council) to provide the parenting groups free of charge to residents of Imperial County. The parenting groups are delivered in 10 to 16 weekly group sessions of 2-3 hours with two trained facilitators. Parenting skills are taught through a combination of video vignettes, role playing, rehearsals, homework, and group support. In addition, this program was selected in order to meet the linguistic and cultural needs of our community; all program materials are available in English and Spanish.</p>	<a href="http://www.imperial.networkofcare.org/mh/home/index.cfm">http://www.imperial.networkofcare.org/mh/home/index.cfm</a>  <a href="http://www.co.imperial.ca.us/behavioralhealth/index.asp">http://www.co.imperial.ca.us/behavioralhealth/index.asp</a>	Leticia Plancarte LetyPlancarte@co.imperial.ca.us 442-265-1696

<b>Other Programs</b>						
Imperial		Innovation	INN	<p>The Innovation Plan consists of developing and establishing a unique collaborative relationship between behavioral health and local education agencies that can be replicated and expanded to other school districts county-wide. This unique collaborative will be developed through the process of implementing an intervention program designed for early school-age children who are an underserved population in Imperial County. This Innovation Plan consists of ICBHS staff delivering services in the school settings where they have daily interaction with school personnel. Staff from both agencies attends training and work together in the implementation of an intervention program. The benefits of this collaborative will be the establishment of a collaborative relationship between both agencies. By embedding behavioral health staff in kindergarten classrooms in different elementary schools countywide, a new working relationship is being developed and it serves as a bridge to providing information on mental illness and providing services in a non-traditional setting. This in turn, assists in the reduction of stigma as staff introduces information about mental illness to parents and teachers in order to facilitate dialogue, problem solving, and referrals. The innovation lies in defining how the implementation of the evidence-based model contributes to the success of developing and sustaining a collaborative relationship between these two agencies. By establishing this collaboration, both agencies share a common mission when working with young children and their parents.</p> <p>The evidenced-based behavior intervention model being implemented is First Step to Success (FSS). FSS is being utilized as a vehicle to develop a collaborate relationship between mental health and education. FSS is an early intervention program that historically has been implemented by school personnel and its major goal is to prevent an antisocial path as a consequence of unaddressed mental illness. ICBHS staff, rather than school personnel, are providing some of these interventions along with teachers at school, serving as the behavior coach or interventionist. This provides parents and classroom teachers with immediate access to services, consultation, and information on other Behavioral Health resources, when needed. The FSS program also engages parents/caregiver of identified children. The implementation of Innovation Plan requires the training of ICBHS and Education on staff conducting age-appropriate comprehensive assessment and age-appropriate interventions. These trainings enhance the skills of staff which assists in the early identification of behavioral and emotional problems in kindergarten-age children and the timely use of appropriate interventions that will prevent the development of serious behavioral problems and mental illness.</p>	<a href="http://www.imperial.networkofcare.org/mh/home/index.cfm">http://www.imperial.networkofcare.org/mh/home/index.cfm</a>  <a href="http://www.co.imperial.ca.us/behavioralhealth/index.asp">http://www.co.imperial.ca.us/behavioralhealth/index.asp</a>	Leticia Plancarte LetyPlancarte@co.imperial.ca.us 442-265-1696
Imperial		Training and Technical Assistance Action 1 : Evidence-Based and Promising Practices Trainings	WET	This action provides for several training and consultation opportunities, including: 1) Aggression Replacement Training (ART) Agency Trainer Training; 2) Juvenile Offender Training; 3) PIER Model Training; 4) Depression Treatment Quality Improvement (DTQI) Training; 5) Case Consultation for the Behavior Code; 6) Cognitive Behavioral Therapy (CBT) for Depression; 7) Dialectical Behavior Therapy (DBT) Conference; 8) The Behavior Code Conference; 9) Consultation for Shared Data Tracking System between ICBHS and Probation Department; 10) Evidence-Based Treatment for Anxiety in Adults; 11) Evidence-Based Treatment for ADHD; 12) The Incredible Years Training; 13) LGBTQ Consultation.	<a href="http://www.imperial.networkofcare.org/mh/home/index.cfm">http://www.imperial.networkofcare.org/mh/home/index.cfm</a>  <a href="http://www.co.imperial.ca.us/behavioralhealth/index.asp">http://www.co.imperial.ca.us/behavioralhealth/index.asp</a>	Andrea Kühlen AndreaKuhlen@co.imperial.ca.us 442-265-1602
<b>INYO COUNTY</b>						
<b>Crisis Support</b>						
Inyo		4 Crisis Beds at Progress House	CSS-OESD	Local residential program Progress House has four beds designated for crisis respite care and transitional care for high-risk, high-need clients. Helps de-escalate the situation and keep clients in the community while preventing inpatient hospitalizations (closest inpatient facility for over 200 miles away).	<a href="http://www.inyocounty.us/publichealth/">http://www.inyocounty.us/publichealth/</a>	Gail Zwier or Gina McKinzey (760) 873-6533 Crisis Line: Toll free 24-Hour (800) 841-5011
<b>Peer/Family Support Specialists</b>						
Inyo		Wellness Centers in Bishop and Lone Pine	CSS-OESD	Two wellness centers offer a warm welcoming environment for adults and older adults, providing support from our staff, as well as from each other. The Bishop Wellness Center is centrally located and close to where many consumers live. Activities include cooking, budgeting, housing, employment, photography, writing, exercise, walking, gardening, canning, and education. A consumer-driven, co-occurring group meets weekly as well as a women's group, DBT group, and recovery skills group. The Lone Pine Wellness Center is also centrally located and provides similar peer-facilitated activities and supports in the community.	<a href="http://www.inyocounty.us/publichealth/">http://www.inyocounty.us/publichealth/</a>	Cynthia Mattovich (760) 873-8039

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Inyo		Families Intensive Response Strengthening Team Wraparound	CSS	Work collaboratively with Social Services and Juvenile Probation to provide wraparound services to families with youth at risk of placement.	<a href="http://www.inyocounty.us/publichealth/">http://www.inyocounty.us/publichealth/</a>	Gail Zwier (760) 873-6533
Inyo		FIRST	PEI	Intensive parent-training program for families with hyperactive, defiant, and/or oppositional children; families with parents who have limited parenting skills; and families who have experienced domestic violence and/or child abuse. Program has been adapted as an intervention for many different types of families (child welfare population, at-risk families, adoptive families, foster families, and other languages including Spanish). Case managers provide in-home coaching to reinforce skills. Skills are also taught to teachers to reinforce in the classroom.	<a href="http://www.inyocounty.us/publichealth/">http://www.inyocounty.us/publichealth/</a>	Karen Rathburn (760) 873-6533
<b>Reducing Disparities</b>						
Inyo		Full Service Partnership Program	CSS-FSP	Serves children, transition age youth, adults, and older adults. Provides the additional support needed to remain in the community and thrive. A nurse meet the needs of older adults, enabling us to coordinate physical with mental health care to help elders to stay in their homes and manage their health and mental health needs.	<a href="http://www.inyocounty.us/publichealth/">http://www.inyocounty.us/publichealth/</a>	Cynthia Mattovich (760) 873-8039
Inyo		Parent-Child Interaction Therapy (PCIT) Community Collaboration	PEI	Intensive parent-training program for families with hyperactive, defiant, and/or oppositional children; families with parents who have limited parenting skills; and families who have experienced domestic violence and/or child abuse. Program has been adapted as an intervention for many different types of families (child welfare population, at-risk families, adoptive families, foster families, and other languages including Spanish). Case managers provide in-home coaching to reinforce skills. Skills are also taught to teachers to reinforce in the classroom.	<a href="http://www.inyocounty.us/publichealth/">http://www.inyocounty.us/publichealth/</a>	Karen Rathburn (760) 873-6533
Inyo		Older Adult PEI Services	PEI	Identifies at-risk seniors who begin to exhibit symptoms of depression, prescription abuse, isolation, and other mental health conditions related to the aging population. Provides linkage and support for older adults to access mental health and health care services especially in our remote southeast end of the County. Provides early mental health screening and intervention to older adults who are receiving Senior Center Services, In-Home Supportive Services, and/or have contact with APS. Uses the a Friendly Visitor Program strategy to target isolated seniors. Also trains agency partners, to recognize the signs and symptoms of mental illness in older adults.	<a href="http://www.inyocounty.us/publichealth/">http://www.inyocounty.us/publichealth/</a>	Gail Zwier (760) 873-6533
Inyo		North Star Counseling Inyo County Superintendent of Schools (ICSOS)	PEI	Provision of school-based counseling services for at-risk youth and their families, including youth with high ACEs scores/ Provision of targeted groups to address issues such as bullying, school violence , anxiety and depression. Presentations and strategies to reduce stigma and prevention of suicide.	<a href="http://www.inyocounty.us/publichealth/">http://www.inyocounty.us/publichealth/</a>	Gail Zwier (760) 873-6533
<b>Housing</b>						
Inyo		4 Crisis Beds at Progress House	CSS-OESD	Local residential program Progress House has four beds designated for crisis respite care and transitional care for high-risk, high-need clients. helps de-escalate the situation and keep clients in the community while preventing inpatient hospitalizations (closest inpatient facility for over 200 miles away).	<a href="http://www.inyocounty.us/publichealth/">http://www.inyocounty.us/publichealth/</a>	Gail Zwier or Gina McKinzey (760) 873-6533
<b>Unspecified</b>						
Inyo		Neurofield	CSS-FSP	Use of Neuroimaging and brain-mapping as alternative treatment to talk therapy for adults and youth living with SMI.	<a href="http://www.inyocounty.us/publichealth/">http://www.inyocounty.us/publichealth/</a>	Gail Zwier (760) 873-6533
Inyo		Transition Age Youth (TAY) Program	CSS-OESD	Transition Age Youth (TAY) program meets at the Bishop Wellness Center. Youth learn life skills needed in the “real world” and develop employment and independent living skills. Off-site recreation activities promote positive social interactions.	<a href="http://www.inyocounty.us/publichealth/">http://www.inyocounty.us/publichealth/</a>	Cynthia Mattovich (760) 873-8039
Inyo		Coordinated Care Collaborative	INN	Taking steps toward the development of a coordinated Behavioral Health and Physical Health care system to address health conditions and promote wellness through the use of recovery principles and self-management skills for person with severe mental illness. Also use of coordinated care strategy for persons re-entering the community from the local jail to address both health and behavioral health conditions.	<a href="http://www.inyocounty.us/publichealth/">http://www.inyocounty.us/publichealth/</a>	Gail Zwier (760) 873-6533

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
<b>KERN COUNTY</b>						
<b>Crisis Support</b>						
Kern		Wellness, Independence & Senior Enrichment - Full Service Partnership	CSS-FSP	Serves transition aged adults 55-59 years and older adults 60+ who are reluctant or have difficulty seeking care in traditional mental health settings. Mobile team provides age-competent services in the home, primary care offices and other settings where older adults are most comfortable. Provides comprehensive, integrated assessments of mental health, substance abuse and physical health conditions, planning and management, intensified mental health services, crisis intervention, and linkage to community resources.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Liliana Galvan (661) 868-5050 <a href="mailto:lgalvan@kernbhhs.org">lgalvan@kernbhhs.org</a>
Kern		Transition Aged Youth	CSS-FSP	Serves youth ages 16-25 with serious mental illness. Many are nearing or have recently emancipated from the foster care system and are at risk for hospitalization, incarceration and homelessness. Uses the Transitions to Independence (TIP) evidence-based model, addressing such needs as education, employment, housing and transition to the community or the adult mental health system of care.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Brenda Story (661) 868-6465 <a href="mailto:Bstory@kernbhhs.org">Bstory@kernbhhs.org</a>
Kern		Youth Multi-Agency Integrated Services Team (MIST)	CSS-FSP	Serves youth ages 0-21 who have more than one inpatient hospitalization in the past year; multiple emergency room visits which have not led to hospitalization; one placement failure or at risk for placement failure. Collaborative program targets youth who are at risk for placement failure. Collaborative program targets youth who are at risk of losing their foster home, group home, or biological home placement. An intensive family-centered, strength-based approach, incorporates group, individual and family contacts to preserve the family unit. Youth in need of high-level residential placement are treated in foster care settings when possible.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Vija Turjanis (661) 868-8343 <a href="mailto:vturjanis@kernbhhs.org">vturjanis@kernbhhs.org</a>
Kern		Assertive Community Treatment	CSS-FSP	Serves transition aged youth, adults, and older adults at high risk for frequent psychiatric hospitalization who have historically benefitted little from traditional mental health services. Provides integrated support services, including mental and physical health, medication management support, substance use treatment, vocational/educational, life skills, housing, and social opportunities to improve and expand peer support and personal outcomes and recovery.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Sheri Akins (661) 868-5038 <a href="mailto:sakins@kernbhhs.org">sakins@kernbhhs.org</a>
Kern		Youth Wraparound	CSS-FSP	Serves youth ages 0-21 years with severe emotional disorders deemed eligible for mental health services and needing intensive services to transition effectively to community living; youth at risk for inpatient psychiatric hospitalization or who have recently been discharged from an inpatient hospital. Stabilizes and maintains children in the least restrictive safe environment. Assists families who are experiencing the transition of a child back into the home, or foster families receiving a child, who may need more interventions than can be provided by clinic-based services. Also provides mental health services to children who reside in group homes.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Brad Davis, II (661) 868-6475 <a href="mailto:bdavis@kernbhhs.org">bdavis@kernbhhs.org</a>
Kern		Adult Wraparound Core Team - System Development	CSS-OESD	Serves transition-aged youth, adults, and older adults at imminent risk for homelessness, substance abuse, criminal justice involvement, and/or psychiatric hospitalization. Services include medication support, home visits, crisis services, transportation, housing and living skills assistance, substance abuse services, and family support. This short-term Wraparound program is meant to provide additional support to those entering or currently active in outpatient treatment.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Tonya Mann (661) 868-7163 <a href="mailto:Tmann@kernbhhs.org">Tmann@kernbhhs.org</a>
Kern		Adult Wraparound - Dialectical Behavioral Therapy Core Team - System Development	CSS-OESD	Serves transition-aged youth, adults and older adults in need of specialized care for Borderline Personality Disorder. The program provides an 18-month intensive service for those currently receiving outpatient care. Services are provided beyond those clients currently receive in outpatient treatment.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Stephanie Heintz (661) 868-1817 <a href="mailto:sheintz@kernbhhs.org">sheintz@kernbhhs.org</a>
Kern		Crisis Hotline	CSS-OESD	The Access to Care Crisis Hotline is designated by Lifeline and SAMSHA as part of the national 1 (800) Suicide Prevention lines for all Kern County residents. Provides immediate English and Spanish phone access for crisis intervention, mental health services access and information. Serves children, youth, adults, and older adults who have barriers or challenges to accessing care, who have previously been underserved, unserved, or uninsured.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Ellen Eggert (661) 868-1719 <a href="mailto:eeeggert@kernbhhs.org">eeeggert@kernbhhs.org</a>

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Kern		Access and Assessment/Crisis Walk-in Clinic	CCS-OESD	The Access to Care Center provides mental health screenings for both walk-ins and those referred from the Hotline or other sources. The Access to Care Assessment Center provides mental health assessments for those who screen positive for potential mental health needs. The Crisis Walk-in Clinic provides voluntary crisis intervention services. This would be for individuals who require crisis intervention, but do not require an involuntary hold. Clients may be self-referred as walk-ins or referred from either the Access and Assessment Center or Psychiatric Evaluation Center/Crisis Stabilization Unit.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Fernanda Ramirez (661) 868-8079 Fgonzaes@kernbhhs.org Tiffany Hanzal (661) 868-1560 Thanzal@kernbhhs.org
Kern		Adult Transition Team - Full Service Partnership	CSS-FSP	Serves transition aged youth, adults, and older adults for whom traditional mental health services were ineffective. Consumers often suffer from co-occurring disorders, criminal justice system involvement and are homeless or at risk of homelessness. Provides integrated support services, including mental and physical health, medication management support, substance use treatment, vocational/educational, life skills, housing, and social opportunities to improve and expand peer support and personal outcomes and recovery.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Michelle Streiff (661) 868-1881 mstreiff@kernbhhs.org
<b>Peer/Family Support Specialists</b>						
Kern		Consumer Family Learning Center (CFLC)	CSS-OESD	Serves children, youth, and adults of all ages; consumers and family members of mental health services; mental health providers and the general public. Provides enhanced access for consumers and families to self-help and support services throughout Kern County. Programs focus on recovery and outreach activities, training of staff consumers and family members, and dissemination of recovery-based education and anti-stigma information. The Consumer Family Learning Center (CFLC) provides recovery-based classes and support groups, computer lab access, and opportunities for outreach to peers and to the community.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Jeffrey Kaya (661) 868-7850 jkaya@kernbhhs.org
Kern		Self-Empowerment Team (SET)	CSS-OESD	The Self-Empowerment Team (SET) provides peer support to clients new to the system of care. In 2016, the SET team expanded services to include Access and Linkage through their Peer Navigator program. Peer navigation services engage the client after a referral has been made, but before a first service has been received. This program element was added to reduce the number of first appointment no-show events.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Jeffrey Kaya (661) 868-7580 jkaya@kernbhhs.org
Kern		Volunteer Senior Outreach	PEI	Serves older adults who isolate due to loss, illness, grief, loneliness, and/or substance abuse; at high risk for mental decompensation and requiring specialty services. As this particular population is increasing in number with prolonged longevity, additional services are needed to prevent hospitalization and institutionalization. Uses community volunteers to make contact with the at-risk older adults and use peer counseling techniques to socialize with the senior and watch for early signs of problems or decompensation. Based on the Santa Monica Peer Counseling for Seniors model Provides for comprehensive training of volunteers and other involved persons in peer counseling for a variety of cultural populations.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Liliana Galvan (661) 868-5050 LGalvan@kernbhhs.org
Kern		Risk Reduction Education and Engagement Accelerated Alternative Community Behavioral Health (REACH)	PEI	REACH provides engagement and access and linkage to care for difficult to engage adults who have either disconnected from care or have not received care for serious mental illness. Individuals are referred via hotline by family, support persons, law enforcement or others. Staff provide engagement services and skill building exercises while preparing the individual to begin or reconnect with outpatient services. Follow-up continues for up to one year after engagement/re-engagement occurs.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Sheri Akins (661) 868-5038 Sakins@kernbhhs.org
<b>Reducing Disparities</b>						
Kern		Community Outreach and Education	CSS-OESD	Serves children and families, transition aged youth, adults, and older adults who receive mental health services or might benefit from services; the community at large; elected and appointed office holders; the business community. Outreach increases community awareness and understanding of mental illness and works to reduce stigma. Collaborates with community agencies on special events and educational opportunities. Educates and trains law enforcement agencies and other community partner agencies to improve understanding of mental illness and its impacts.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Estela Padilla (661) 868-6674 epadilla@kernbhhs.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Kern		Volunteer Senior Outreach	PEI	Serves older adults who isolate due to loss, illness, grief, loneliness, and/or substance abuse; at high risk for mental decompensation and requiring specialty services. As this particular population is increasing in number with prolonged longevity, additional services are needed to prevent hospitalization and institutionalization. Uses community volunteers to make contact with the at-risk older adults and use peer counseling techniques to socialize with the senior and watch for early signs of problems or decompensation. Based on the Santa Monica Peer Counseling for Seniors model Provides for comprehensive training of volunteers and other involved persons in peer counseling for a variety of cultural populations.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Liliana Galvan (661) 868-5050 LGalvan@kernbhhs.org
Kern		Project Care: Integrated physical and behavioral health	PEI	Located in community health centers in both urban and rural areas. Serves individual and families not receiving behavioral health care due to cultural, economic, geographic or other causes. Addresses the specific types of mental health needs of military veterans and people with substance related, mental health or co-occurring conditions. Services include on-site physician triage with licensed mental health staff or referral to the co-located mental health provider(s); mental health screening for depression, personality and mood disorders and other tests; psychiatric assessment for patients referred for medication evaluation and management.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Ana Olvera (661) 868-7596 Aolvera@kernbhhs.org
Kern		Crisis Hotline	CSS-OESD	The Access to Care Crisis Hotline is designated by Lifeline and SAMSHA as part of the national 1 (800) Suicide Prevention lines for all Kern County residents. Provides immediate English and Spanish phone access for crisis intervention, mental health services access and information. Serves children, youth, adults, and older adults who have barriers or challenges to accessing care, who have previously been underserved, unserved, or uninsured. The Access to Care Center provides mental health screenings for both walk-ins and those referred from the Hotline or other sources. The Access to Care Assessment Center provides mental health assessments for those who screen positive for potential mental health needs.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Ellen Eggert (661) 868-1719 eeggert@co.kern.ca.us Fernanda Ramirez (661) 868-8079 Fgonzales@co.kern.ca.us
Kern		Youth Brief Treatment	PEI	Provides same-day, walk-in assessment and immediate care and treatment to children, ages 0-21 years, mild to moderate mental health impairments. Specifically, the program will address general psychosocial, situational, and adjustment stressors in order to prevent mental illness from becoming severe and persistent, and lessen the need for more intensive, long-term mental health treatment.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Jason Giffard (661) 868-6961 jgiffard@kernbhhs.org
Kern		Transition Aged Youth Career Development Program	PEI	Provide “at risk” youth, ages 16-25, with the unique opportunity to partner with professionals from both Employers Training Resource and Kern County Mental Health’s Transitional Age Youth team to develop the necessary skills to enter the workforce. Special emphasis is given to youth who may be exiting the juvenile justice or youth foster care system, and have minimal to no support to help them make a successful transition from childhood into adulthood. The youth are at higher risk for homelessness, depression and suicide, substance abuse and other types of illegal behavior when they lack the foundational tools for living as an independent adult.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Brenda Story (661) 868-6465 bstory@co.kern.ca.us
Kern		PEI Statewide	PEI	Provides statewide training stigma and discrimination and suicide prevention materials used for training, technical assistance, outreach campaigns and events.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Alexis Stokes (661) 868-6681 astokes@kernbhhs.org
Kern		Training Enhancement and Expansion	WET	Increases opportunities to ascertain knowledge and competency of current and future direct line staff, supervisors, and managers within the department as well as contract providers. Encourages licensure at all levels and provides for increased knowledge through continuing education. Support consumers wishing to develop a career in public mental health. Enhances knowledge of and commitment to cultural competence, recovery principles and strategies and integrated services that address the needs of individuals with co-occurring disorders.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Joy Quiton-Buaya (661) 868-7852 jquiton@kernbhhs.org
Kern		Art Risk Reduction Program	PEI	The Art Risk Reduction Program integrates art medias including Visual Arts and Spoken Word to existing mental health programs serving those with specialty mental health care needs to provide additional coping skills/protective factors.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Jennie Sill (661) 868-7807 Jsill@kernbhhs.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Kern		Youth Juvenile Justice Engagement	PEI	Youth Juvenile Justice Engagement is a dual-component program which works with Kern County youth Probation staff to provide outreach/education on signs and symptoms of mental illness and how to refer youth who have experienced criminal justice-related events for care. The Early Intervention piece identifies those referred and provides early intervention services for mild/moderate mental health care needs as well as access and linkage to care for serious mental illness as needed.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Brad Davis, II (661) 868-6475 Bdavis@kernbhhs.org
Kern		Foster Youth Engagement	PEI	Foster Youth Engagement is a dual-component program which provides psychoeducation and outreach to social workers serving foster youth through the Kern County Department of Human Services. Outreach includes providing information on signs and symptoms of mental illness and methods to refer youth for care. Early Intervention services include staff on-site at the Department of Human Services building to receive referrals and provide access and linkage to either early intervention care or care for serious mental illness as needed.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Maria Aleman (661) 868-8333 Maleman@kernbhhs.org
Kern		Risk Reduction Education and Engagement Accelerated Alternative Community Behavioral Health (REACH)	PEI	REACH provides engagement and access and linkage to care for difficult to engage adults who have either disconnected from care or have not received care for serious mental illness. Individuals are referred via hotline by family, support persons, law enforcement or others. Staff provide engagement services and skill building exercises while preparing the individual to begin or reconnect with outpatient services. Follow-up continues for up to one year after engagement/re-engagement occurs.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Sheri Akins (661) 868-5038 Sakins@kernbhhs.org
<b>Housing</b>						
Kern		Adult Transition Team, Assertive Community Treatment, Homeless Adult Team - Full Service Partnership	CSS-FSP	Clients active in Adult FSP services who are at risk of homelessness or experiencing homelessness are eligible to receive housing vouchers as needed and appropriate.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Michelle Streiff (661) 868-1881 mstreiff@kernbhhs.org
Kern		Transition Aged Youth - Full Service Partnership	CSS-FSP	Our Transitional Aged Youth Full-Service Partnership team provides on-site services for youth residing in TAY-designated housing at the Residences at West Columbus. Services are on-site, providing further support for those clients currently open for FSP services. Housing vouchers may also be used for FSP TAY clients.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Brenda Story (661) 868-6465 bstory@kernbhhs.org
<b>SB 82 Funded</b>						
Kern		Crisis Stabilization Unit (CSU)	SB 82	The CSU will be expanding services to include a new voluntary hold wing, with 6 - 8 beds for those not requiring W&I 5150. The CSU currently has separate adult and minor wings, but voluntary and involuntary individuals are co-mingled in each wing.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Toll Free: (800) 991-8142 TTY: (661) 868-8142
Kern		Mobile Evaluation Team (MET)	SB 82	The Mobile Evaluation Team (MET) collaborates with law enforcement as a second responder as needed, reporting to community calls, hospitals and schools. The MET currently operates on a 7 a.m. to 12:30 a.m. schedule and with SB 82 funding will be expanded with an additional six team members, allowing for 24/7 coverage.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Crisis Services Administration (661) 868-8158
<b>Unspecified</b>						
Kern		Internship Programs	WET	Increases the number of internship placements available in the mental health system. Serves psychology doctoral student interns, marriage and family therapist interns and licensed clinical social work interns.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Joy Quiton-Buaya (661) 868-7852 jquiton@kernbhhs.org
Kern		Financial Incentive Programs	Statewide WET	The Mental Health Loan Assumption Program (MHLAP) was created by the Mental Health Services Act (Act), passed by California voters in November 2004. The Act provided funding to develop a loan forgiveness program in order to retain qualified professionals working within the Public Mental Health System (PMHS). Through the Workforce Education and Training component of the Act, \$10 million is allocated yearly to loan assumption awards. An award recipient may receive up to \$10,000 to repay educational loans in exchange for a 12-month service obligation in a hard-to-fill/retain position within the County PMHS. Assumption is completed as part of statewide OSHPD.	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	KernBHRS Human Resources (661) 868-6840

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Kern		Recovery and Wellness Centers	CSS-OESD	Recovery and Wellness Centers provide specialty care for those adults who do not require Full-Service Partnership care. Recovery and Wellness Center programs incorporate Self-Empowerment Team (SET) peers to assist with peer support needs including designing recovery goals and gaining independence through activities of daily living (ADL).	<a href="http://www.kernbhhs.org/mhsa">www.kernbhhs.org/mhsa</a>	Heather Hornibrook (661) 868-5018 Hhornibrook@kernbhhs.org
<b>KINGS COUNTY</b>						
<b>Crisis Support</b>						
Kings		Assertive Community Team	CSS-FSP	ACT is a multidisciplinary intensive treatment team approach which includes dedicated psychiatric care, psychotherapy, and intensive case management with connection to the community. ACT treatment reliably decreases hospitalization and incarceration while improving quality of life. The purpose of ACT is to provide individuals, who have had difficulty successfully engaging in lower-level outpatient services, with an intensive, evidence-based program, with low staff to client ratio, that decreases hospitalizations, incarcerations, and homelessness, and increases recovery, quality of life, and other psychosocial outcomes. (Coming FY 2018-2019)	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444 Crisis Line (559) 582-4484 or (800) 655-2553
Kings		Full Service Partnership: Adults	CSS-FSP	Provides an intensive service and support delivery system for adults with serious mental illness, and when appropriate, family members, utilizing a “whatever it takes” approach”.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444 Crisis Line (559) 582-4484 or (800) 655-2553
Kings		Full Service Partnership: Children & Youth	CSS-FSP	Provides an intensive service and support delivery system for children and youth with psychiatric disabilities, serious emotional disturbance, and those with unmet or under-met mental health treatment needs utilizing a “whatever it takes approach”.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444 Crisis Line (559) 582-4484 or (800) 655-2553
Kings		Full Service Partnership: Older Adults	CSS-FSP	Provides an intensive service and support delivery system for older adults with serious mental illness, and when appropriate, family members, utilizing a “whatever it takes” approach.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444 Crisis Line (559) 582-4484 or (800) 655-2553
Kings		Full Service Partnership: Transition Age Youth (TAY)	CSS-FSP	Provides an intensive service and support delivery system for TAY with psychiatric disabilities and/or serious mental illness and may be experiencing homelessness or at-risk of homelessness, emancipating from the foster care system or juvenile hall, involved with or at-risk of involvement with the criminal or juvenile justice system, or experiencing a first episode of serious mental illness, utilizing a “whatever it takes approach”.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444 Crisis Line (559) 582-4484 or (800) 655-2553
Kings		KARELink	CSS-OESD	Kings Access to Resources and Enhanced Linkages (KARELink) provides Kings County residents with assistance navigating the various services and resources available in the County. KARELink is a system of referral and linkage that involves collaboration between many Kings County providers and is designed to assist Kings County residents who could benefit from having a personal advocate for accessing any combination of services related to mental health needs, addictions, and/or chronic health conditions. The purpose of KARELink is to provide timely, individualized access to care coordination and services to those in most need. KARELink is a Whole Person Care program	<a href="http://www.kcbh.org">www.kcbh.org</a>	(559) 852-2444 Crisis Line (559) 582-4484 or (800) 655-2553
Kings		Intensive Case Management/ Intensive Outpatient Program	CSS-OESD	Intensive Case Management/Intensive Outpatient Services (ICM/IOP) provide community based long-term clinical, case management and care across the lifespan. The purpose of ICM/IOP is to engage people in mental health services, promote recovery and quality of life, and reduce the likelihood that individuals served will require higher levels of care. ICM/IOP serves children, youth, adults, and older adults who meet medical necessity for specialty mental health services and are eligible for Medi-Cal. ICM/IOP is distinct from FSP in that it is generally office-based rather than community based and consumers engage at a lower level of intensity and lower frequency than they would in FSP. (Coming FY 2018-2019)	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444 Crisis Line (559) 582-4484 or (800) 655-2553
<b>Peer/Family Support Specialists</b>

Kings		Full Service Partnership: Transition Age Youth (TAY)	CSS-FSP	Provides an intensive service and support delivery system for TAY with psychiatric disabilities and/or serious mental illness and may be experiencing homelessness or at-risk of homelessness, emancipating from the foster care system or juvenile hall, involved with or at-risk of involvement with the criminal or juvenile justice system, or experiencing a first episode of serious mental illness, utilizing a “whatever it takes approach”.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Empowering Consumers to Help Others (ECHO) – Oak Wellness Center	CSS-OESD	Provides a participant-driven wellness and recovery drop-in center in Hanford. Participants can access an array of consumer-driven services and social/recreational programming through ECHO and the Oak Wellness Center.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Mental Health Services for Domestic Violence Survivors	CSS-OESD	Provides mental health services to women with serious mental illness or who would meet criteria for having a serious mental illness, and to children with serious emotional disturbance or who would meet criteria for having a serious emotional disturbance. Mental health treatment at the shelter ensures that clients can access co-located mental health services, including assessment, intensive case management, wraparound services, crisis counseling and therapeutic treatment to address, among other things, PTSD and major depression.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Community Wide Stigma and Discrimination	PEI	Kings County utilizes a number of efforts to reduce stigma, increase cultural competency, and increase service connectedness. These efforts include, coordination of speakers bureau, Cultural Competency Taskforce, Mental Health Literacy Program-Cultural Ambassador (based on a promotores model)	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Prevention and Wellness Services	PEI	Provides confidential counseling and case management services in the Hanford office. Services, which are available in English and Spanish, range from individual, group and family counseling. Kings County provides individualized case management, linkages to other departments, and referrals to outside agencies for both children and adult clients. The services provided are non-crisis, and are rendered using a brief treatment model. Some of the services include support groups for family members (Family Support Group), veterans (Veterans Support Group) and African American women (Sister Speak)	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Suicide Prevention Taskforce	PEI	Key Services/Activities of suicide prevention include: <ul style="list-style-type: none"> <li>• Reduction and Elimination of Stigma Through Art Targeted Education (RESTATE) is a stigma and discrimination reduction program designed to educate local high school students about mental health issues through a curriculum that uses media arts to promote awareness and understanding of mental health.</li> <li>• The Depression Reduction Achieving Wellness (DRAW) program is a campus-linked project that addresses the first onset of a psychiatric illness in students through collaboration with an institution of higher education. DRAW provides students with education regarding both the cultivation of wellness approaches and the identification of signs and symptoms of mental illness, short-term low-intensity intervention services, referrals to community-based agencies for more extended or intensive services when needed, and training for college staff on the signs and symptoms of depression.</li> <li>• Local Outreach to Suicide Survivors (LOSS) is a program that dispatches support teams to the location of a suicide to provide resources, support, and hope to friends and family members of the suicide victim.</li> <li>• Central Valley Suicide Hotline is an existing hotline that support individuals experiencing suicide ideation. KCBH will participate in providing this service for Kings County residents.</li> </ul>	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	1-888-506-5991 (559) 852-2444
Kings		Therapeutic Activity Groups for Transition Age Youth (TAY) (Tier 1)	PEI	Therapeutic Activity Groups (TAG) utilize creative outlets for personal and cultural expression to help youth create meaningful experiences that promote healing, empowerment, wellness, and social development. TAG aims to increase connectedness to community, culture, and increase positive coping and adaptive skills. KCBH partners with Beats, Rhymes, and Life, Inc. to provide curriculum for KCBH staff to implement Hip Hop based skills groups to involve youth in services through creating music and attending workshops.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
<b>Reducing Disparities</b>						
Kings		Parent Child Interaction Therapy (PCIT)	CSS-OESD	Parent-child Interaction Therapy (PCIT) is an evidence-based, family-centered treatment for young children with emotional and behavioral disorders that places emphasis on improving the quality of the parent-child relationship and changing parent-child interaction patterns. PCIT combines behavioral therapy, play therapy, and parenting techniques to improve the quality of the parent-child relationship, strengthen parenting skills, and support healthier parent-child interactions.	<a href="http://www.kcbh.org">www.kcbh.org</a>	(559) 852-2444

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Kings		Collaborative Justice Treatment Court (CJTC)	CSS-OESD	Comprised of three courts including Behavioral Health Court, Drug Court, and Veterans Court, CJTC provides linkages for intensive therapeutic services for mental health, case management, and supervision to Veterans, people with co-occurring mental illness and substance abuse residing in Kings County. CSS funds are directed towards the treatment and care CJTC participants.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Full Service Partnership: Adults	CSS-FSP	Provides an intensive service and support delivery system for adults with serious mental illness, and when appropriate, family members, utilizing a “whatever it takes” approach”.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Full Service Partnership: Children & Youth	CSS-FSP	Provides an intensive service and support delivery system for children and youth with psychiatric disabilities, serious emotional disturbance, and those with unmet or under-met mental health treatment needs utilizing a “whatever it takes approach”.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Full Service Partnership: Older Adults	CSS-FSP	Provides an intensive service and support delivery system for older adults with serious mental illness, and when appropriate, family members, utilizing a “whatever it takes” approach.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Full Service Partnership: Transition Age Youth (TAY)	CSS-FSP	Provides an intensive service and support delivery system for TAY with psychiatric disabilities and/or serious mental illness and may be experiencing homelessness or at-risk of homelessness, emancipating from the foster care system or juvenile hall, involved with or at-risk of involvement with the criminal or juvenile justice system, or experiencing a first episode of serious mental illness, utilizing a “whatever it takes approach”.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Warmline	CSS-OESD	Warm Line is an extension of a service that exists in Tulare County. The Warm Line will be a non-emergency, peer to peer, peer-run phone line for anyone seeking support. The Warm Line assists people who need to reach out when having a hard time and offers emotional support and information about mental health resources. They can also refer calls for more intensive services to other agencies in the county. The Warm Line is available 24 hours a day, seven days a week.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Empowering Consumers to Help Others (ECHO) – Oak Wellness Center	CSS-OESD	Provides a participant-driven wellness and recovery drop-in center in Hanford. Participants can access an array of consumer-driven services and social/recreational programming through ECHO and the Oak Wellness Center.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Mental Health Services for Domestic Violence Survivors	CSS-OESD	Provides mental health services to women with serious mental illness or who would meet criteria for having a serious mental illness, and to children with serious emotional disturbance or who would meet criteria for having a serious emotional disturbance. Mental health treatment at the shelter ensures that clients can access co-located mental health services, including assessment, intensive case management, wraparound services, crisis counseling and therapeutic treatment to address, among other things, PTSD and major depression.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Satellite Clinic Expansion	CSS-OESD	Satellite Clinics in the outlying areas of Avenal and Corcoran provide services and supports for clients with serious mental illness and children with serious emotional disturbance. These services provide an alternative point of access for mental health treatment to the main clinic located in Hanford. The County is beginning to work with Satellite Clinic providers and partner agencies to develop a plan to enhance hours at the Satellite Clinics beyond 8:00 am – 5:00 pm hours and expand access to psychiatry services in a telemedicine format (Telepsychiatry).	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Summer Day Camp	CSS-OESD	Provides a Summer Day Camp program, which is designed to deliver intensive services to children and youth with serious emotional disturbance and/or serious mental illness during the summer months when they do not have access to school-based behavioral health programs and services. Summer Day Camp helps to reduce the impact of living with serious mental illness and/or emotional disturbance for children and youth by conducting four (4) camps. (This program is set to sunset FY 17-18)	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Prevention and Wellness Services	PEI	Provides confidential counseling and case management services in the Hanford office. Services, which are available in English and Spanish, range from individual, group and family counseling. Kings County provides individualized case management, linkages to other departments, and referrals to outside agencies for both children and adult clients. County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Kings		Community Wide Prevention Strategies	PEI	Community-Wide Education works to improve the community's ability to recognize and respond to early signs and symptoms of mental illness. The focus of KCBH's community wide education and training strategies include keeping people healthy and getting people the treatment they need early on in the onset to prevent negative consequences that can occur if mental illness is undiagnosed and/or untreated. Programs used are Mental Health First Aid, Youth Mental Health First Aid, ASIST, Another Kind of Valor and Safe Talk.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Community Wide Stigma and Discrimination	PEI	Kings County utilizes a number of efforts to reduce stigma, increase cultural competency, and increase service connectedness. These efforts include, coordination of speakers bureau, Cultural Competency Taskforce, Mental Health Literacy Program-Cultural Ambassador (based on a promotores model)	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Early Intervention Services	PEI	Early Intervention Clinical Services (EICS) seeks to engage youth early on in the development of a serious mental illness to decrease the severity of symptoms, increase recovery and help youth stay on track developmentally. The target population of EICS is Transitional Age Youth identified by parents, providers, schools, emergency rooms, primary care physicians, child welfare, law enforcement, and juvenile probation that have experienced a first episode of psychosis, mania, depression, or other mental health disorder or are beginning to show signs of developing a serious mental health problem. Services provided include home, community, and office based clinical services, case management, and other supportive services for the youth and their family. Areas of focus may include vocational/education, housing, medication management, therapy, case management, psychoeducation in individual and group settings.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Respite for Caregivers	PEI	Provides periodic support and relief to primary caregivers from the responsibility and stress of caring for older adults with mental illness. Caregivers accessing this service must live in a non-licensed setting and are non-paid. This service allows primary caregivers to meet in scheduled and unscheduled events and have time away from caring for the individual. Respite for caregivers may include in and out-of-home services, and other activities in community locations. The program also provides some assistance to primary caregivers on the supervision/caregiving of his/her family member.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		School-Based Prevention Services	PEI	School Based Services are designed to provide students with skills and tools to promote increased mental health, school performance, and healthy relationships and communication. The target population of this program is children and youth who are at risk of developing a mental health problem. The following are key services and activities within the school based services. COPING & SUPPORT TRAINING (CAST) is a 12-week program that focuses on building young people's coping skills and talking about the real life challenges of youth life in today's increasingly complex world. CAST focuses on building strategies for coping with academic pressures, handling stressful relationships, managing anger, and emphasizes seeking out support from responsible adults and setting personal life goals. MINDFULL SCHOOLS- is a mindfulness program that utilizes a curriculum that teaches mindfulness to K-12 students with the purpose of increasing attention, self-regulation, and empathy. The research-based program allows behavioral health staff to teach and implement mindfulness activities and practices in classrooms, after-school programs, or other settings. The program seeks to improve the student's emotional regulation, focus, and engagement, as well as improve connections with other students. This is a cost-effective way to help students develop skills to decrease stress and anxiety.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Senior Access for Engagement (SAFE)	PEI	Senior Access for Engagement (SAFE) reaches out to unserved/underserved populations to identify early symptoms of mental illness and provide appropriate services to prevent the development or progression of mental illness. SAFE serves isolated older adults ages 60 and older at risk of or beginning to experience mental health problems, such as depression, related to aging and isolation. SAFE also serves primary caregivers of older adults with mental illness. Caregivers accessing this service must not be paid for caregiving and must live in a non-licensed setting.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Avenal One-Stop	CFTN	Kings County has allotted funding to the construction of a 5,000 sq./ft. County One-Stop in Avenal, CA a geographically and culturally isolated community. The One Stop will house Behavioral Health, Public Health and Human Services.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Kings		Kings 2-1-1/Access and Linkage	PEI	The Kings 2-1-1 is a multi-platform service that includes web based, smart phone application and telephone resource that connects users with a wide array of necessary health and human services resources, including, among other things, mental health treatment and crisis services, substance use treatment programs, transportation, and legal services.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Suicide Prevention Taskforce	PEI	Key Services/Activities of suicide prevention include: <ul style="list-style-type: none"> <li>• Reduction and Elimination of Stigma Through Art Targeted Education (RESTATE) is a stigma and discrimination reduction program designed to educate local high school students about mental health issues through a curriculum that uses media arts to promote awareness and understanding of mental health.</li> <li>• The Depression Reduction Achieving Wellness (DRAW) program is a campus-linked project that addresses the first onset of a psychiatric illness in students through collaboration with an institution of higher education. DRAW provides students with education regarding both the cultivation of wellness approaches and the identification of signs and symptoms of mental illness, short-term low-intensity intervention services, referrals to community-based agencies for more extended or intensive services when needed, and training for college staff on the signs and symptoms of depression.</li> <li>• Local Outreach to Suicide Survivors (LOSS) is a program that dispatches support teams to the location of a suicide to provide resources, support, and hope to friends and family members of the suicide victim.</li> <li>• Central Valley Suicide Hotline is an existing hotline that support individuals experiencing suicide ideation. KCBH will participate in providing this service for Kings County residents.</li> </ul>	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	1-888-506-5991 (559) 852-2444
Kings		Truancy Intervention Prevention Program (TIPP)	PEI	The Truancy Intervention Prevention Program (TIPP) is a collaborative partnership among the Office of Education, the District Attorney's Office, Local School Districts, and Kings County Behavioral Health. TIPP was formed to provide families and youth with tools and resources to reduce the incidence of truancy in the community. The goal of TIPP is to reduce youth and family involvement in the criminal justice system, prevent school failure, develop healthier families through skill development and service linkage, and provide tools and resources to eliminate truancy in the community. The target population of TIPP are chronically truant youth. One of the key activities of TIPP is the Life Strategic Training and Education Program (Life STEPS). Life STEPS is a course that focuses on providing psycho-education to families with truant or chronically absent students on the following topics: <ul style="list-style-type: none"> <li>• Importance of being involved in children's education</li> <li>• Understanding of both parental and child roles</li> <li>• Setting limits and boundaries</li> <li>• Substance use, mental health, gangs and criminal activity, and other issues that may affect truancy/ chronic absenteeism and children's educational success</li> </ul>	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Therapeutic Activity Groups for Transition Age Youth (TAY) (Tier 1)	PEI	Therapeutic Activity Groups (TAG) utilize creative outlets for personal and cultural expression to help youth create meaningful experiences that promote healing, empowerment, wellness, and social development. TAG aims to increase connectedness to community, culture, and increase positive coping and adaptive skills. KCBH partners with Beats, Rhymes, and Life, Inc. to provide curriculum for KCBH staff to implement Hip Hop based skills groups to involve youth in services through creating music and attending workshops.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
<b>Housing</b>						
Kings		Full Service Partnership: Adults	CSS-FSP	Provides an intensive service and support delivery system for adults with serious mental illness, and when appropriate, family members, utilizing a "whatever it takes" approach".	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Full Service Partnership: Children & Youth	CSS-FSP	Provides an intensive service and support delivery system for children and youth with psychiatric disabilities, serious emotional disturbance, and those with unmet or under-met mental health treatment needs utilizing a "whatever it takes approach".	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Full Service Partnership: Older Adults	CSS-FSP	Provides an intensive service and support delivery system for older adults with serious mental illness, and when appropriate, family members, utilizing a "whatever it takes" approach.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Kings		Full Service Partnership: Transition Age Youth (TAY)	CSS-FSP	Provides an intensive service and support delivery system for TAY with psychiatric disabilities and/or serious mental illness and may be experiencing homelessness or at-risk of homelessness, emancipating from the foster care system or juvenile hall, involved with or at-risk of involvement with the criminal or juvenile justice system, or experiencing a first episode of serious mental illness, utilizing a “whatever it takes approach”.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
<b>Other Programs</b>						
Kings		Continued Capital Facilities Support to Ongoing MHSA Funded Programs	CFTN	Includes Capital Facilities investments into CSS and PEI programs to ensure that consumers, family members, and staff have the facilities they need to provide adequate mental health services.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		Electronic Health Records Implementation & Maintenance	CFTN	Includes the pursuit and selection of software add-ons or enhancements that will integrate outcomes measurement of programs and services with billing reconciliation functions.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
Kings		PEI Data Base	CFTN	Kings County is exploring the creation of a PEI Database to ensure proper data collection of PEI programs can be conducted so that PEI programs can be evaluated, as well as meet regulatory requirements for PEI program reporting.		
Kings		Linkages/Referrals Portal	PEI	A web-based linkages and referral portal is being developed for officers while they are in the field responding to mental health calls. The process will provide fast, dependable access and up-to-date information on what mental health programs, resources, and services are available to provide the most accurate and complete information to Kings County residents in need of mental health services.	<a href="http://www.kcbh.org/mental-health-services-act.html">http://www.kcbh.org/mental-health-services-act.html</a>	(559) 852-2444
<b>LAKE COUNTY</b>						
<b>Crisis Support</b>						
Lake		Crisis Access Continuum	CSS-GSD	Provides increased access and an introduction to mental health recovery concepts at the earliest opportunity for consumers experiencing challenges. Provides a local crisis hotline, a warm line, and outreach and engagement services for consumers who have recently been hospitalized or released from a crisis evaluation, and respite in a supported transitional housing setting.	<a href="http://mhsa.lakecountyca.gov">http://mhsa.lakecountyca.gov</a>	(707) 274-9101
Lake		Statewide and Regional Projects	PEI	Lake County is contributing 7% of its PEI funds to support the continuation of the Statewide Projects: Suicide Prevention, Stigma and Discrimination Reduction, and the Student Mental Health Initiative. The County is also continuing to support the regional suicide prevention hotline by providing sustainability funding beginning in fiscal year 2015-16.	<a href="http://mhsa.lakecountyca.gov">http://mhsa.lakecountyca.gov</a>	(707) 274-9101
Lake		Regional Suicide Prevention	PEI	Funding to support the regional suicide prevention hotline and local suicide prevention task force formerly funded by the statewide projects initiative.	<a href="http://mhsa.lakecountyca.gov">http://mhsa.lakecountyca.gov</a>	(707) 274-9101
Lake		SB 82	SB 82	The SB82/Triage grant services are an enhancement to our current crisis services and include mobile crisis services that can work hand-in-hand with frontline law enforcement, navigation services to assist consumers with finding the best referrals for their situations, and a crisis wellness center (to be named) staffed with crisis, peer support, and prevention staff members. Through planning with law enforcement and local hospitals in conjunction with Crisis Intervention Training, efforts will be made to avoid taking a consumer to the local emergency departments and/or preventing an acute psychiatric hospitalization. A consumer in crisis, but not meeting criteria for a 5150 hold, can be taken to the crisis wellness center, where consumers can receive respite, peer support services and/or other crisis intervention to help with stabilization, including linkages to other resources. Crisis workers are available 24/7.	<a href="http://mhsa.lakecountyca.gov">http://mhsa.lakecountyca.gov</a>	(707) 994-7090
<b>Peer/Family Support Specialists</b>						
Lake		Full Service Partnership	CSS-FSP	Consumers of all ages (children 0-15, transition age youth 16-25, adults 26-59, and older adults 60+) who meet eligibility requirements are provided “whatever it takes” services. A full array of recovery- oriented mental healthcare, including psychiatric services, is provided to consumers enrolled in an FSP. Services and supports include funding for housing, food, clothing, primary healthcare, transportation, education, and vocational opportunities.	<a href="http://mhsa.lakecountyca.gov">http://mhsa.lakecountyca.gov</a>	(707) 274-9101

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Lake		Older Adult Access	CSS-GSD	Provides outreach and engagement services, linkage to resources, mental health interventions, and FSP programming to seniors who may be experiencing mental health challenges. The Senior Peer Counseling program provides peer-aged volunteer support to older adults who may be isolating or experiencing mild mental health concerns.	<a href="http://mhsa.lakecountycalifornia.gov">http://mhsa.lakecountycalifornia.gov</a>	(707) 274-9101
Lake		Peer Support	CSS-GSD	Supports staffing to serve both transition age youth and adult consumers in the TAY and Adult Peer Support Centers. Programs provide access to services (including non-mental health related), peer support, socialization, and companionship to these two age groups. The concepts of wellness, recovery, and resiliency are imbedded in the programming in both locations.	<a href="http://mhsa.lakecountycalifornia.gov">http://mhsa.lakecountycalifornia.gov</a>	(707) 274-9101
Lake		Parent Partner Support	CSS-GSD	Supports families involved with community mental health. A Parent Partner with “lived experience” as a family member assists families with navigating the system, service coordination, group support, and, as an FSP team member, assists the family through the FSP process.	<a href="http://mhsa.lakecountycalifornia.gov">http://mhsa.lakecountycalifornia.gov</a>	(707) 274-9101
Lake		Community Outreach and Engagement	CSS-OE	Serving specifically the Tribal and Latino communities in the corresponding Peer Support Centers serving each population. Each culturally influenced program provides access to services (including non-mental health related), peer support, socialization, and companionship to these two communities. The concepts of wellness, recovery, and resiliency are imbedded in the programming in both locations.	<a href="http://mhsa.lakecountycalifornia.gov">http://mhsa.lakecountycalifornia.gov</a>	(707) 274-9101
Lake		Peer Support Recovery Centers	PEI	The Bridge Peer Support Center, Harbor on Main Transition Age Youth Peer Support Center, Circle of Native Minds Center and La Voz de la Esperanza, serve niche populations, promote cultural competency through program design, and allow access to resources and linkage to needed services.	<a href="http://mhsa.lakecountycalifornia.gov">http://mhsa.lakecountycalifornia.gov</a>	(707) 274-9101
Lake		Older Adult Outreach and Prevention	PEI	The Friendly Visitor Program provides companionship to the vulnerable population of homebound older adults. The volunteers offer individualized companionship, support, and friendship on a regular basis to seniors who have limited access to outside activities. Reassuring phone calls and access to the MHSA-funded Senior Peer Counseling Program are also benefits of the program.	<a href="http://mhsa.lakecountycalifornia.gov">http://mhsa.lakecountycalifornia.gov</a>	(707) 274-9101
Lake		Postpartum Depression Screening and Support	PEI	Mother-Wise provides volunteers, in their role as Saathi, who offer mothers the companionship of a listening ear and a helping hand. They offer real support and solutions to mothers at a time when they need it the most through home visitation. Mother-Wise services are available for all pregnant women or new moms with babies under twelve months, regardless of income.	<a href="http://mhsa.lakecountycalifornia.gov">http://mhsa.lakecountycalifornia.gov</a>	(707) 274-9101
Lake		Workforce Education and Training	WET	Provides funding for workforce staffing support, training and staff development, mental health career pathways strategies, and financial incentives to address shortages in the public mental health workforce.	<a href="http://mhsa.lakecountycalifornia.gov">http://mhsa.lakecountycalifornia.gov</a>	(707) 274-9101
Lake		SB 82	SB 82	The SB82/Triage grant services are an enhancement to our current crisis services and include mobile crisis services that can work hand-in-hand with frontline law enforcement, navigation services to assist consumers with finding the best referrals for their situations, and a crisis wellness center (to be named) staffed with crisis, peer support, and prevention staff members. Crisis workers are available 24/7.	<a href="http://mhsa.lakecountyca.gov">http://mhsa.lakecountyca.gov</a>	(707) 994-7090
<b>Other Programs</b>						
Lake		Forensic Mental Health Partnership	CSS-GSD	Provides support for consumers who encounter legal problems or are incarcerated in jail or juvenile hall due to mental illness. Assists consumers in addressing their mental health needs, navigating the legal process, transition planning, and provides support in the community after release from incarceration through service coordination, clinical services, and the FSP program when indicated.	<a href="http://mhsa.lakecountyca.gov">http://mhsa.lakecountyca.gov</a>	(707) 274-9101
Lake		Coordinated Care for Co-occurring Behavioral and Physical Health Conditions	CSS-GSD	This expanding element in the recovery planning process is a critical component of comprehensive services and supports that has been identified as an obstacle to wellness for consumers experiencing behavioral health difficulties. The program is intended to provide coordinated resources and treatment options for consumers with complex co-occurring behavioral and physical health disorders.	<a href="http://mhsa.lakecountyca.gov">http://mhsa.lakecountyca.gov</a>	(707) 274-9101
Lake		Early Student Support	PEI	Enhances the social and emotional development of young students (grades K-2) who are experiencing school adjustment difficulties such that they are served in an intensive services setting. Alternative personnel provide direct services to students under ongoing supervision and training by credentialed school psychologists in collaboration with Lake County Behavioral Health Department professional staff.	<a href="http://mhsa.lakecountyca.gov">http://mhsa.lakecountyca.gov</a>	(707) 274-9101
Lake		Trauma Focused Co-Occurring Disorder Screening and Treatment	PEI	Serving consumers in community collaboration for screening and treatment of trauma and co-occurring disorders.	<a href="http://mhsa.lakecountyca.gov">http://mhsa.lakecountyca.gov</a>	(707) 274-9101

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Lake		Prevention Mini- Grants	PEI	Invites community-based providers and organized consumer and family groups to design prevention activities and submit a funding request to Lake County Behavioral Health. This mini-grant program issues funding of \$500 to \$2,500 for one-time events and projects.	<a href="http://mhsa.lakecountyca.gov">http://mhsa.lakecountyca.gov</a>	(707) 274-9101
Lake		Training, Technical Assistance, and Capacity Building	PEI	Lake County committed this resource to the California Mental Health Services Authority and the Superior Region Data Workgroup to identify outcome measures to be used across programs. This pilot project was facilitated by RAND corporation providing training to the County on results based accountability using the Getting to Outcomes © approach to program design, evaluation, and continuous quality improvement.	<a href="http://mhsa.lakecountyca.gov">http://mhsa.lakecountyca.gov</a>	(707) 274-9101
Lake		Critical Incident Stress Management Team	PEI	Critical Incident Stress Management (CISM) is a system of education, prevention, and mitigation of the effects from exposure to highly stressful critical incidents. The purpose of CISM is to provide members and employees involved in a critical incident with initial and follow up support. (CISM is part of new County Plan, but not implemented yet.)	<a href="http://mhsa.lakecountyca.gov">http://mhsa.lakecountyca.gov</a>	(707) 274-9101
Lake		Superior Region WET Collaborative	WET	Lake County has been a contributing member of this 16-county partnership since 2008. The collaborative is focused on the development of career pathways in community mental health in conjunction with institutions of higher education in the region.	<a href="http://mhsa.lakecountyca.gov">http://mhsa.lakecountyca.gov</a>	(707) 274-9101
Lake		Capital Facilities	CFTN	The Clearlake Clinic will be renovated to provide a more integrated experience that promotes wellness, recovery, and resiliency and increased access and engagement to underserved populations.	<a href="http://mhsa.lakecountyca.gov">http://mhsa.lakecountyca.gov</a>	(707) 274-9101
Lake		Lake County Electronic Health Record Project	CFTN	Addresses technological needs for secure, reliable, real-time access to client health record information where and when it is needed to support care. Includes the following components: implementation of Anasazi software, conversion to Microsoft SQL server, conversion of paper charts, purchasing additional hardware, and ongoing service/maintenance, as well as meeting Meaningful Use and Interoperability requirements.	<a href="http://mhsa.lakecountyca.gov">http://mhsa.lakecountyca.gov</a>	(707) 274-9101
Lake		Early Intervention Services	PEI	Lake County Behavioral Health provides the equivalent of one full-time mental health specialist to provide direct early intervention services and supports to those consumers and families who experience the first onset of a serious emotional disturbance or serious mental illness.	<a href="http://mhsa.lakecountyca.gov">http://mhsa.lakecountyca.gov</a>	(707) 274-9101
Lake		Full Cycle Referral and Consumer Driven Care Coordination	INN	This proposed two phase project will include the use of a web based call center and community resources clearinghouse to link consumers to needed resources. Phase one involves notification of when referrals are sent, received, and completed. The system will also allow consumers to grant access to personal health information to anybody in their circle of support by way of a secure electronic personal health record in Phase two.	<a href="http://mhsa.lakecountyca.gov">http://mhsa.lakecountyca.gov</a>	(707) 274-9101
<b>LASSEN COUNTY</b>						
<b>Peer/Family Support Specialists</b>						
Lassen		Full Service Partnerships	CSS	Full Service Partnerships	<a href="http://www.lassencounty.org/dept/mental-health/mental-health">http://www.lassencounty.org/dept/mental-health/mental-health</a>	Lassen County Behavioral Health 555 Hospital Lane Susanville, CA 96130 530-251-8108 tarmstrong@co.lassen.ca.us
Lassen		Outreach & Engagement	CSS	Outreach and engagement to identify unmet needs of the Seriously Mentally Ill (SMI) / Severely Emotional Disturbed (SED) population across Lassen County. It will establish an integrated delivery system with clinicians, consumers and family members and existing community resources. Its goal is to involve families and individuals in an array of appropriate services tailored to the rural culture. Unserved and inappropriately served SMI / SED individuals and families in areas of Lassen County which have not had consistent mental health services.	<a href="http://www.lassencounty.org/dept/mental-health/mental-health">http://www.lassencounty.org/dept/mental-health/mental-health</a>	Lassen County Behavioral Health 555 Hospital Lane Susanville, CA 96130 530-251-8108 tarmstrong@co.lassen.ca.us

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Lassen		Wellness Activities	CSS	Through a comprehensive stakeholder process in Lassen County, the stakeholders supported the idea of having Wellness and Recovery activities implemented within Susanville and all One Stop locations. LCBH develops, supports, promotes Wellness and Recovery initiatives within the mental health division. Funding for organized consumer and family member groups to work in partnership with LCMH to develop a service infrastructure to engage, identify and provide peer support services to MHSF eligible Seriously Mentally Ill / Severely Emotionally Disturbed individuals and families. This program embraces central concepts of wellness and recovery and promotes consumer employment. The program engages vulnerable and at-risk individuals who might not otherwise seek mental health services. Individuals experiencing mental distress can be assessed and supported with brief interventions or appropriate referrals to community resources. Also offers mental health clients a place to meet, socialize, and participate in client-centered and client-directed activities. These activities have included wellness activities, self-care programs consisting of life skill training, support, recovery techniques, self-management skills and strategies in order to manage symptoms, promote resiliency, recovery and hope.	<a href="http://www.lassencounty.org/dept/mental-health/mental-health">http://www.lassencounty.org/dept/mental-health/mental-health</a>	Lassen County Behavioral Health 555 Hospital Lane Susanville, CA 96130 530-251-8108 tarmstrong@co.lassen.ca.us
Lassen		Innovation	INN	This project intends to improve the quality of care for those individuals with serious mental health issues who have difficulty accessing health care, have chronic medical issues or who do not access regular primary health care. It will test whether an innovative, holistic approach to empowering consumers to access health care while ensuring coordinated care between mental health, physical health and other providers leads to improved physical and mental health outcomes for individuals with serious mental illness. The Virtual Coordinated Care Team proposes an innovative collaboration between an existing mental health clinic and local primary care (PC) clinic to create a new patient centered medical home for SMI individuals. This structure will provide clients with a unique, innovative continuum of care, depending on the acuity of their illness – ranging from specialty mental health services in the MH clinic when they are acutely ill, to medication maintenance and recovery-oriented chronic disease management. The Virtual Coordinated Care team will meet the mental health needs of underserved community who typically present in the primary care setting.	<a href="http://www.lassencounty.org/dept/mental-health/mental-health">http://www.lassencounty.org/dept/mental-health/mental-health</a>	Lassen County Behavioral Health 555 Hospital Lane Susanville, CA 96130 530-251-8108 tarmstrong@co.lassen.ca.us
Lassen		Wellness Peer Support	CSS	Peer Run Wellness Services  Wellness Center programs across the California have been identified as playing a prominent role in promoting self-healing, resiliency and recovery for the seriously mentally ill. Wellness Centers provide a non-stigmatizing and welcoming setting where participants receive an array of services including life skills training, support groups, and social interaction. Organized around recovery and resiliency principles, wellness services include but are not limited to communication skills, physical health, social skills, self-advocacy, recreational activities, hobby development and healthy living activities.  LCBH currently partners with Lassen Aurora Network and with the Family Resources Centers with providing wellness activities and peer support to anyone in the community. In late 2017, LCBH partnered with the Family Resource Centers and modified the peer support services to have an expanded role in the outlying areas.  Located in Susanville, Lassen County's most populous city, Lassen Aurora Network Wellness Center is client driven, focused on peer support and aimed at promoting resiliency and recovery. Services at Lassen Aurora Network are offered to mentally ill adults, older adults and families within a safe, caring and supportive environment where individuals can participate in activities that encourage recovery and resiliency. Lassen Aurora Network (LAN) offers a wide variety of support groups and activities for members to choose from. LAN staff are completing a Peer Specialist Certification training program, and have been trained in WRAP (Wellness Recovery Action Plan) Facilitation.	<a href="http://www.lassencounty.org/dept/mental-health/mental-health">http://www.lassencounty.org/dept/mental-health/mental-health</a>	Lassen County Behavioral Health 555 Hospital Lane Susanville, CA 96130 530-251-8108 tarmstrong@co.lassen.ca.us
<b>Reducing Disparities</b>						
Lassen		Reducing Stigma and Discrimination	PEI	LCBH is committed to reducing Stigma and Discrimination surrounding mental health issues. On-going efforts to this end include distribution of stigma and discrimination reduction materials through social marketing, newspaper ads/inserts and other outreach material such as pens, bags, posters and flyers offered through the "Each Mind Matters" statewide campaign. LCBH continues to provide stigma and discrimination reduction activities to middle and high school age youth through presentations in conjunction with the SUD prevention program. Also focused on the TAY population 15-25 years old.	<a href="http://www.lassencounty.org/dept/mental-health/mental-health">http://www.lassencounty.org/dept/mental-health/mental-health</a>	Lassen County Behavioral Health 555 Hospital Lane Susanville, CA 96130 530-251-8108 tarmstrong@co.lassen.ca.us

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Lassen		NAMI	PEI	Lassen County Behavioral health has partnered with NAMI volunteers to bring peer-led programs to a wide variety of community settings, from churches to schools to law enforcement. With the unique understanding of people with lived experience, these programs and support groups provide outstanding free education, skills training and support. NAMI will provide a minimum of 1 Stigma and Discrimination Reduction programs and 3 NAMI Provider Education workshops. NAMI volunteers will also disseminate resources concerning mental wellness such as website links, hotline numbers, stories of recovery and combating challenges associated with mental illness. Information will be shared via social media, newsletters and monthly calendars, and will include information about programs and support offered in the local communities, the county and nationally.	<a href="http://www.lassencounty.org/dept/mental-health/mental-health">http://www.lassencounty.org/dept/mental-health/mental-health</a>	Lassen County Behavioral Health 555 Hospital Lane Susanville, CA 96130 530-251-8108 tarmstrong@co.lassen.ca.us
Lassen		Strengthening Families	PEI	Strengthening Families (SFP) is an evidence-based family skills training program found to significantly reduce problem behaviors, delinquency, and alcohol and drug abuse in children and to improve social competencies and school performance. Groups specifically for women, men or older adult as well as Nurturing Parenting classes will be provided.	<a href="http://www.lassencounty.org/dept/mental-health/mental-health">http://www.lassencounty.org/dept/mental-health/mental-health</a>	Lassen County Behavioral Health 555 Hospital Lane Susanville, CA 96130 530-251-8108 tarmstrong@co.lassen.ca.us
Lassen		Friday Night Live /Botvin	PEI	LCBH offers Prevention programs targeting children and youth. Programs such as Friday Night Live and Botvin Life Skills are evidence-based and utilize motivational interviewing and a strengths based perspective to foster positive connections and promote personal and collective strength and confidence in participating youth. These programs have demonstrated efficacy in reducing delinquency and recidivism rates and increasing educational aspiration and school engagement for all youth. An array of other community or practice-based programs will be offered by several contractors in the County.	<a href="http://www.lassencounty.org/dept/mental-health/mental-health">http://www.lassencounty.org/dept/mental-health/mental-health</a>	Lassen County Behavioral Health 555 Hospital Lane Susanville, CA 96130 530-251-8108 tarmstrong@co.lassen.ca.us
<b>Other Programs</b>						
Lassen		Newborn Observations	PEI	<p>The ENO is a structured set of observations designed to help the clinician and parent together, to observe the infant's behavioral capacities and identify the kind of support the infant needs for his successful growth and development. It is a relationship-based tool designed to foster the parent-infant relationship. The ENO system consists of a set of 18 neurobehavioral observations, which describe the newborn's capacities and behavioral adaptation from birth to the third month of life. While it describes the infant's capacities, the ENO provides parents with individualized information about their infant's behavior, so that they can appreciate their baby's unique competencies and vulnerabilities and thereby understand and respond to their baby, in a way that meets her/his developmental needs. The 18 ENO items include observations of the infant's</p> <ul style="list-style-type: none"> <li>• capacity to habituate to external light and sound stimuli (sleep protection)</li> <li>• the quality of motor tone and activity level</li> <li>• capacity for self-regulation (including crying and consolability)</li> <li>• response to stress (indices of the infant's threshold for stimulation)</li> <li>• visual, auditory and social-interactive capacities (degree of alertness and response to both human and non-human stimuli)</li> </ul> <p>While the ENO attempts to reveal the full richness of the newborn's behavioral repertoire, the clinical focus is on the infant's individuality, on the aspects of behavior that make the baby unique and different. In other words, the ENO provides the baby with a ""voice"", with a ""signature"". It gives the baby an opportunity to tell the caregiver who he or she is, if you will, what her preferences are and what her vulnerabilities might be and in what areas she may need support. By providing this behavioral profile of the infant's strengths and challenges, the ENO can provide clinicians with the kind of individualized guidance that can help parents meet their baby's needs. This, in turn, will help the parents develop the kind of confidence they need to support their baby's development and enjoy the experience of being a new parent.</p> <p>While the ENO was developed to meet the needs of parents, it is designed in its ease of use to be a helpful tool for professionals who work with parents during the perinatal period. It is flexible and can easily integrated into routine home visits. The ENO, therefore, was designed as a relationship-building method that can be flexibly administered and that offers individualized information to parents about their baby, with a view to promoting a positive bond between parent and child and between themselves and the parents and family. For that reason, the ENO is best understood as a relationship-building tool. It is inherently interactive and family-centered, because parents are involved as partners in the ENO session throughout.</p>	<a href="http://www.lassencounty.org/dept/mental-health/mental-health">http://www.lassencounty.org/dept/mental-health/mental-health</a>	Lassen County Behavioral Health 555 Hospital Lane Susanville, CA 96130 530-251-8108 tarmstrong@co.lassen.ca.us

Lassen		Mental Health First Aid	PEI	LCBH will continue to provide 8-hour Mental Health First Aid (MHFA) trainings for anyone living in Lassen County. Training will focus on educating first responders, including medical professionals, teachers, law enforcement, Family Resource Center staff, and others to recognize the early signs of potentially severe and disabling mental illness, and to provide support and/or referrals for individuals who require treatment to appropriate services.	<a href="http://www.lassencounty.org/dept/mental-health/mental-health">http://www.lassencounty.org/dept/mental-health/mental-health</a>	Lassen County Behavioral Health 555 Hospital Lane Susanville, CA 96130 530-251-8108 <a href="mailto:tarmstrong@co.lassen.ca.us">tarmstrong@co.lassen.ca.us</a>
Lassen		safeTALK/ASSIST	PEI	LCBH will offer a minimum of two safeTALK/ASSIST or other Suicide prevention trainings to providers and partners in Lassen and neighboring counties. Trainings may be provided by agency and/or contracted staff, at a cost of approximately \$2,500. Cost includes time and materials.	<a href="http://www.lassencounty.org/dept/mental-health/mental-health">http://www.lassencounty.org/dept/mental-health/mental-health</a>	Lassen County Behavioral Health 555 Hospital Lane Susanville, CA 96130 530-251-8108 <a href="mailto:tarmstrong@co.lassen.ca.us">tarmstrong@co.lassen.ca.us</a>
<b>LOS ANGELES COUNTY</b>						
<b>Crisis Support</b>						
Los Angeles		Children's FSPs	CSS-FSP	<p>"The Children's Full Service Partnership (FSP) is a mental health service program for children ages 0 – 15 and their families who would benefit from an intensive in-home program designed to address the total needs of the child, including his or her family, who is experiencing significant, emotional, psychological and behavioral problems that are interfering with the child's well being.</p> <p>Children ages 0 – 15 who have a serious emotional disturbance (SED) and are at risk of being removed from the home, who have extreme behavior problems at school, whose parents or caregiver have a substance abuse problem or who are moving back home or into the community after being in an out-of-home placement are the ideal candidates for an FSP program. Children's FSP programs are capable of providing an array of services 24 hours per day, seven days a week that are well beyond the scope of traditional clinic-based outpatient mental health services.</p> <p>A children's FSP consists of a team of mental health professionals and other service providers dedicated to working with the child and family and providing comprehensive, intensive services in the family's home and community. Services may include:</p> <ul style="list-style-type: none"> <li>• Individual and family counseling</li> <li>• Peer support from people experiencing similar issues</li> <li>• Transportation</li> <li>• Access to physical health care</li> <li>• Help finding suitable housing for children and families enrolled in FSP programs</li> <li>• Help getting the financial and health benefits the child and family are entitled to</li> <li>• Assisting family members with substance abuse and domestic violence counseling as needed. "</li> </ul>	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 <a href="mailto:DIGomberg@dmh.lacounty.gov">DIGomberg@dmh.lacounty.gov</a>
Los Angeles		Children's Family Support Services	CSS-GSD	Family Support Services (FSS) provide access to mental health services such as individual psychotherapy, couples/group therapy, psychiatry/medication support, crisis intervention, case management linkage/ brokerage, parenting education, domestic violence and Co-Occurring Disorder services to parents, caregivers, and/or other significant support persons of Full Service Partnership (FSP) enrolled children who need services, but who do not meet the criteria to receive their own mental health services.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 <a href="mailto:DIGomberg@dmh.lacounty.gov">DIGomberg@dmh.lacounty.gov</a>
Los Angeles		Transition Age Youth (TAY) FSPs	CSS-FSP	Intensive services with 24/7 staff availability to help individuals address emotional, housing, physical health, transportation, and other needs to help them function independently in the community. FSP have several defining characteristics, including providing a wide array of services and supports, guided by a commitment by providers to do "whatever it takes," to help individuals within defined focal populations make progress on their particular paths to recovery and wellness.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 <a href="mailto:DIGomberg@dmh.lacounty.gov">DIGomberg@dmh.lacounty.gov</a>
Los Angeles		Law Enforcement - Mental Health Teams	CSS-GSD	Funds mental health staff who partner with law enforcement to intervene in field settings in order to divert individuals with mental illness from institutional care.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 <a href="mailto:DIGomberg@dmh.lacounty.gov">DIGomberg@dmh.lacounty.gov</a>

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Los Angeles		Transition Age Youth (TAY) Drop in Centers	CSS-GSD	Drop-In Centers provide temporary safety and basic supports for Seriously Emotionally Disturbed (SED) and Severe and Persistently Mentally Ill (SPMI) TAY who are living on the streets or in unstable living situations. Drop-In Centers provide “low-demand, high tolerance” environments in which TAY can make new friends, participate in social activities, access computers, books, music, and games. As the youth is ready, staff persons can connect them to the services and supports they need in order to work toward stability and recovery. Drop-In Center services include the following: Showers, Meals, Clothing, Computer/Internet Access, DVD and Games, Social Activities, Peer Support Groups, Linkage to Mental Health and Case Management Services, Linkage to Substance Abuse Treatment Information, Educational Services, Employment Assistance, Housing Assistance and more.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		Transition Age Youth (TAY) Probation Camps Services	CSS-GSD	<p>Probation Camp Services provides services to youth ages 16 to 20 who are residing in Los Angeles County Probation Camps; particularly youth with SED, SPMI, those with co-occurring substance disorders and/or those who have suffered trauma. Services in the Probation Camps are critical in assisting this population to reach their maximum potential and eventually transition back to the community rather than continue their involvement in the criminal justice system as adults. Multidisciplinary teams, including parent advocates, clinicians, Probation staff, and health staff provide an array of on-site treatment and support services that include the following:</p> <ul style="list-style-type: none"> <li>• Assessments</li> <li>• Substance-abuse treatment</li> <li>• Gender-specific treatment</li> <li>• Medication support</li> <li>• Aftercare planning</li> <li>• Transition services (including FSP and other intensive community-based mental health services)</li> </ul> <p>A key component of the planned services is outreach and engagement to the incarcerated youth's family providing transportation to the camps to ensure opportunities to participate in the youth's treatment during camp placement and through the transition back into the community.</p>	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		Adult Full Services Partnerships (FSPs)	CSS-FSP	<p>"Adult Full Service Partnership (FSP) programs are designed for adults ages 26-59 who have been diagnosed with a severe mental illness and would benefit from an intensive service program. The foundation of Full Service Partnerships is doing "whatever it takes" to help individuals on their path to recovery and wellness. Full Service Partnerships embrace client driven services and supports with each client choosing services based on individual needs. Unique to FSP programs are a low staff to client ratio, a 24/7 crisis availability and a team approach that is a partnership between mental health staff and consumers.</p> <p>Adult FSP programs assist with housing, employment and education in addition to providing mental health services and integrated treatment for individuals who have a co-occurring mental health and substance abuse disorder. Services can be provided to individuals in their homes, the community and other locations. Peer and caregiver support groups are available. Embedded in Full Service Partnerships is a commitment to deliver services in ways that are culturally and linguistically competent and appropriate. Adult Full Service Partnership programs will provide services to 2,611 individuals."</p>	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Los Angeles		Alternative Crisis Services	CSS-GSD	<p>Residential and Bridging Program:</p> <p>Involves psychiatric social workers and peer advocates assisting in the coordination of psychiatric services and supports for TAY, Adults, and Older Adults with complicated psychiatric and medical needs. The program ensures linkages to appropriate levels and types of mental health and supportive services through collaboration with Service Area Navigators, Full Service Partnerships, residential providers, self-help groups, and other community providers. Peer advocates provide support to individuals in IMDs, IMD step-down facilities, and intensive residential programs to successfully transition to community living.</p> <p>The County Hospital Adult Linkage Program is part of the Residential and Bridging program and has a mission to assist in the coordination of psychiatric services for Department of Mental Health (DMH) clients at Department of Health Services (DHS) County Hospitals in order to ensure linkage of clients being discharged with the appropriate level and type of mental health, residential, substance abuse, or other specialized programs. The County Hospital Adult Linkage Program promotes the expectation that clients must be successfully reintegrated into their communities upon discharge and that all care providers must participate in client transitions. Urgent Care Centers."</p>	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		Older Adults Full Service Partnerships (FSPs)	CSS-FSP	<p>Older Adult Full Service Partnership (FSP) are comprehensive, intensive services for persons 60 and above who have been diagnosed with a mental illness and are interested in participating in a program designed to address their emotional, physical and living situation needs. FSP Programs are capable providing an array of services beyond the scope of traditional outpatient services.</p> <p>Key Components</p> <p>FSP provides specialty mental health services designed to meet the unique biopsychosocial needs of older adults ages 60 and above.</p> <p>FSP are provided in settings that are often preferred by older adults, for example in the home of the older adult, or in other community settings such as senior centers or senior housing complexes, or primary care settings.</p> <p>FSP are provided by multi-disciplinary teams of professional and paraprofessional and volunteer providers who have received specialized training preparing them to work effectively with older adults.</p> <p>Who is eligible to receive these services?</p> <p>Older adults, ages 60 and above with a serious and persistent mental illness:</p> <ul style="list-style-type: none"> <li>*who are homeless or at serious risk of becoming homeless</li> <li>*who are being released from jail or at serious risk of going to jail</li> <li>*who have multiple psychiatric hospitalizations or are in an Institution for Mental Disease (IMD)</li> <li>*who experience significant factors such as risk of being placed in a Skilled Nursing Facility (SNF), have a co-occurring medical or substance abuse disorders, and are unable to participate in services provided in traditional mental health clinic programs, may be eligible to participate in FSP.</li> </ul>	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		Adult/Older Adult Full Service Partnerships	CSS-FSP	<p>Target population of ages 26 and over who due to their mental illness are at risk of becoming unserved or underserved, being placed out of home, experiencing increased levels of isolation, involved in the criminal justice system, homelessness, and receiving involuntary treatment or hospitalization. Individuals in the FSP receive more frequent counseling services and more intensive case management.</p>	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		Trauma Recovery Services	PEI	<p>The Trauma Recovery Services Project provides an array of evidence-based practices that will (1) provide short-term crisis debriefing, grief, and crisis counseling to clients, family members and staff who have been affected by a traumatic event; and (2) provide more intensive services to trauma-exposed youth, adults, and older adults to decrease the negative impact and behaviors resulting from the traumatic events. The programs include outreach and education, psychosocial assessment, individual short-term crisis counseling, family counseling, youth and parent support groups, case management, and training for staff that are likely to work with trauma victims.</p>	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		Family Crisis Services: Respite Care Program	CSS-GSD	<p>Respite Care Services are positive, supportive services intended to help relieve families from the stress and family strain that result from providing constant care for a child with Severe Emotional Disturbance (SED), while at the same time addressing minor behavior issues, implementing existing behavioral support plans, and assisting with daily living needs. Approximately 166 clients will be served each FY.</p>	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov

Los Angeles		SB 82 Crisis Stabilization	SB 82	Added 3 additional Mental Health Urgent Care Centers to the county.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Mary Marx (213) 738-4775 Mmarx@dmh.lacounty.gov
Los Angeles		SB 82 Triage	SB 82	<p>1) Youth Crisis Placement Stabilization Team - The program serves children and youth (birth to 21 years old) who have been detained by the Department of Children and Family Services (DCFS) and are awaiting placement at the Child Welcome Center (CWC) or the Youth Welcome Center (YWC), as the target population for Child/Youth.</p> <p>2) DMH Mobile Triage Teams –Provides field-based triage and assessment of referred individuals/families to determine eligibility for DMH services and for those that are eligible to actively link them to the appropriate on-going services. For those referrals that are assessed as eligible for DMH services, the teams provides any needed case management services up to 60 days as they actively work to ensure clients are linked to on-going services.</p> <p>Target Population: The primary target population to be served by this team is individuals/families that are homeless including those that are formally homeless that are experiencing problems in their housing that puts them at risk of returning to homelessness. Other populations served will include Veterans and Older Adults (60+) that may not be homeless.</p> <p>3) Forensic Outreach Teams –These teams assists those being released from jail with successful transitions to community based mental health treatment services. They will do jail in-reach and short term intensive case management to link the people to the appropriate treatment in the community.</p> <p>4) Crisis Transition Specialist Teams –These teams engage those receiving services at the UCC and provide intensive case management for up to 60 days following discharge to ensure stabilization, linkage to on-going services within the local community.</p>	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Maria Funk (213) 251-6582 Mfunk@dmh.lacounty.gov
<b>Peer/Family Support Specialists</b>						
Los Angeles		Adult Wellness Centers	CSS-GSD	Wellness Centers are programs staffed by at least 51% consumer staff who provide an array of mental health and supportive services to clients at higher levels of recovery. Services include medication support, linkage to physical health and substance use services, self-help and a variety of peer-supported services, including crisis and self-management skill development.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		Integrated Peer-Run Model	INN	The Integrated Peer-Run Model supports people with mental health needs who also have additional health and/or substance abuse treatment needs to become well and stay well by providing new programs that are designed and run by people with lived experience of mental health issues. This model incorporates two innovative strategies: Peer-Run Integrated Services Management (PRISM) and Alternative Peer-Run Crisis Houses. PRISM is a client-driven, holistic alternative to traditional community mental health services that allows uninsured peers to secure needed physical health, mental health, and substance abuse options as part of a program designed to support and empower people to take responsibility for their own recovery. PRISM is based upon a “whatever it takes” philosophy in a context of personal choice. It consists of innovative specially-trained peer teams that share features of ISM teams in the Community- Designed ISM Model. As in the ISM model, the teams work clients to ensure service access, coordination, understanding, follow-up, and inter-provider clinical communication. Also as with ISM teams, PRISM teams meet regularly with clients and provide information, transportation, motivation and encouragement, and help with provider communication. However, unlike the teams in the ISM model, PRISM teams consist entirely of specially-trained peers who will coordinate the provision of clinical services and coordinate and deliver peer-run/self help services. Peer-Run Crisis Houses are client-driven, holistic alternatives to hospitalization and are designed to provide a warm, safe, welcoming environment for uninsured people in psychiatric distress who are not a danger to others. These houses are located in two places in Long Beach and in the San Gabriel Valley.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov

<b>Reducing Disparities</b>						
Los Angeles		Adult Jail Linkage and Transition Services	CSS-GSD	Jail Transition and Linkage Services are designed to outreach and engage individuals involved in the criminal justice system and receiving services from jail or jail related services (e.g. court workers, attorneys, etc.) and successfully link them to community-based services upon their release from jail. The program addresses the needs of individuals in collaboration with the judicial system by providing identification, outreach, support, advocacy, linkage, and interagency collaboration in the courtroom and in the jail. Jail Transition and Linkage staff work with the MHSA Service Area Navigators as well as service providers to assist incarcerated individuals with accessing appropriate levels of mental health services and supports upon their release from jail, including housing, benefits and other services as indicated by individual needs and situations. The goal of these services is to prevent release to the streets, thus alleviating the revolving door of incarceration and unnecessary emergency/acute psychiatric inpatient services.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov

The goal is to successfully link them to community-based services upon their release from jail. The program addresses the needs of individuals in collaboration with the judicial system by providing identification, outreach, support, advocacy, linkage, and interagency collaboration in the courtroom and in the jail. Jail transition and linkage staff work with the MHSA Service Area Navigators as well as service providers to assist incarcerated individuals with accessing appropriate levels of mental health services and support upon their release from jail, including housing, benefits and other services as indicated by individual needs and situations. The goal of these services is to prevent release to the streets, thus alleviating the revolving door of incarceration and unnecessary emergency/acute psychiatric inpatient services.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		Adult Integrated Care Program	CSS-GSD	Four integrated behavioral health and physical health programs where mental health is either embedded within a Federally Qualified Health Center (FQHC) or physical health and substance use services are embedded within a mental health center. Three are located within Service Area 4 (Metropolitan Los Angeles) and one is located in Service Area 6 (South Los Angeles). In addition, 10 programs have been funded across the county that provide similar integrated services, adding non-traditional outreach and engagement strategies to engage and serve individuals with a serious mental illness and a medical condition who self-identify as either Latino, African/African American, Asian Pacific Islander, Native American/American Indian or Middle Eastern/Eastern European.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		Improving Access for Underserved Populations	PEI	The Improving Access for Underserved Populations Project provides an array of evidence-based practices that will (1) build resiliency and increase protective factors among monolingual and limited English-speaking immigrants and underserved cultural populations, lesbian/gay/bisexual/transgender/questioning (LGBTQ) individuals, deaf/hard of hearing individuals and their families; and blind/visually impaired individuals and their families; (2) identify as early as possible individuals who are a risk for emotional and mental problems; and (3) provide culturally and linguistically appropriate early mental health intervention services. The programs will provide outreach and education as well as promote mental wellness through universal and selective prevention strategies.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Los Angeles		American Indian Project	PEI	The American Indian Project will (1) build resiliency and increase protective factors among children, youth and their families; (2) address stressful forces in children/youth lives, teaching coping skills, and divert suicide attempts; and (3) identify as early as possible children and youth who have risk factors for mental illness. The programs will provide outreach and education; promote mental wellness through universal and selective prevention strategies; offer early mental health intervention services at comfortable, non-stigmatizing localities; and involve multi-generations in the American Indian children and youth's lives. An important emphasis is on preventing suicide among American Indian youth, given the high rate among this population.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		Community Mental Health Promoters/Community Health Workers for Child, TAY, Adult and Older Adult	CSS-GSD	This program adds Community Mental Health Promoters (Promoters)/ Community Health Workers (CHWs) as a directly operated, cross-cutting program across age groups, within each Service Area. Community Mental Health Promoters/Community Health Workers are trained and stipend community members who are trusted members of and/or have an unusually close understanding of the community served. Community Mental Health Promoters/Community Health Workers generally share the ethnicity, language, socioeconomic status, and life experiences of the community members they serve. These social attributes and trusting relationships enable CHWs to serve as educators, stigma busters, and as a liaison, link, or intermediary between health, mental health and social services and the community to facilitate access to and enrollment in services and improve the quality and cultural competence of services.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		Outreach and Engagement	CSS-OE	Mental health outreach and engagement activities across the county involving the development and distribution of materials and/or media in various threshold languages designed to educate, engage and where appropriate link individuals from specific ethnic, cultural and geographic communities to mental health services.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
<b>Housing</b>						
Los Angeles		Transition Age Youth (TAY) Enhanced Emergency Shelter Program	CSS-FSP	The Enhanced Emergency Shelter Program contained in the Mental Health Services Act (MHSA) Plan will serve the immediate and urgent housing needs of the Seriously Emotionally Disturbed (SED)/Severely Persistently Mentally Ill (SPMI) TAY population. The goal of this program is to ensure availability in all eight (8) Service Areas and to ensure countywide coverage and geographic accessibility. The primary objective of this program is to provide temporary shelter for TAY clients in a supportive housing environment for up to 29 nights (including extensions) while pursuing the long-term goals of secure, permanent housing. The Enhanced Emergency Shelter Program will offer a warm, clean and safe place to sleep, hygiene facilities; hot meals (breakfast, lunch, and dinner); and case management services. Since placement in the Enhanced Emergency Shelter Program is very short-term, a plan for transitioning the TAY client into stable housing should be made at the time of placement into the program. Eligibility Criteria <ul style="list-style-type: none"> <li>• TAY 18-25 (Minors 16-17 may be accepted at a later date)</li> <li>• SED/SPMI</li> <li>• Indigent</li> <li>• Homeless or at imminent risk of homelessness</li> <li>• Does not have any income, benefits, or any other resources to pay for shelter</li> <li>• Not a danger to self, others, or gravely disabled</li> </ul>	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Los Angeles		Transition Age Youth (TAY) Project Based Operating Subsidies for Permanent Housing	CSS-GSD	Housing provides a fundamental level of stability for young people to achieve their goals of wellness, recovery, and eventual self-sufficiency. The lack of safe and affordable housing options is often a profound barrier for SED/SPMI TAY who needs access to these basic supports for recovery. The Project-Based Operational Subsidy funds provide subsidies for Unit-based Permanent Supportive Housing programs and ""Youth-Oriented"" board and care-type (non-licensed) programs to address the long-term housing needs of SED/SPMI TAY who are eligible for Full Service Partnerships (FSP) and others coming directly from transitional housing programs or directly from foster care or group homes. The Project-Based Operating Subsidy targets youth who, with sufficient support, could live independently in community settings. Supportive mental health and other services will be made available for youth who are: High-risk (transitioning out of long-term institutional settings) Moderate-risk (often homeless but are actively engaged on the streets) Low-risk (generally high-functioning in their recovery and may be working or going to school) The advantage of these long-term investments is that when a unit is vacated by a youth, the unit remains available for occupancy by other TAY with similar mental health needs. The operational subsidy stays with the unit, not with the individual, and thereby insures a permanent supply of housing for this hard-to-place population. Moreover, the rents remain stable (affordable) over decades since the apartments are not in the competitive private real estate market.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		Adult Housing Services	CSS-GSD	The Adult Housing Services include 14 Countywide Housing Specialists that, as part of a Service Area team, provide housing placement services primarily to individuals and families that are homeless in their assigned Service Area.  MHSF Housing Program The MHSF Housing Program provides funding for permanent, supportive, affordable housing for individuals and their families living with serious mental illness, who are homeless. It is a statewide program that includes a partnership with California Housing Finance Agency. DMH provides supportive services including mental health services to tenants living in MHSF funded units.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
<b>SB 82 Funded</b>						
Los Angeles		SB 82 Crisis Stabilization	SB 82	Added 3 additional Mental Health Urgent Care Center to the county.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Mary Marx (213) 738-4775 Mmarx@dmh.lacounty.gov
Los Angeles		SB 82 Triage	SB 82	1) Youth Crisis Placement Stabilization Team - The program serves children and youth (birth to 21 years old) who have been detained by the Department of Children and Family Services (DCFS) and are awaiting placement at the Child Welcome Center (CWC) or the Youth Welcome Center (YWC), as the target population for Child/Youth. 2) DMH Mobile Triage Teams –Provides field-based triage and assessment of referred individuals/families to determine eligibility for DMH services and for those that are eligible to actively link them to the appropriate on-going services. For those referrals that are assessed as eligible for DMH services, the teams provides any needed case management services up to 60 days as they actively work to ensure clients are linked to on-going services. Target Population: The primary target population to be served by this team is individuals/families that are homeless including those that are formally homeless that are experiencing problems in their housing that puts them at risk of returning to homelessness. Other populations served will include Veterans and Older Adults (60+) that may not be homeless. 3) Forensic Outreach Teams –These teams assists those being released from jail with successful transitions to community based mental health treatment services. They will do jail in-reach and short term intensive case management to link the people to the appropriate treatment in the community. 4) Crisis Transition Specialist Teams –These teams engage those receiving services at the UCC and provide intensive case management for up to 60 days following discharge to ensure stabilization, linkage to on-going services within the local community.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Maria Funk (213) 251-6582 Mfunk@dmh.lacounty.gov

Los Angeles		Recovery, Resilience and Reintegration	CSS-GSD	Services for clients in the recovery process that allows for the ability to respond in the field, provide evidence-based clinic services and help clients reintegrate into their communities. For all age groups.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		Service Area Navigators	CSS-GSD	Service Area Navigator Teams assist individuals and families in accessing mental health and other supportive services and network with community-based organizations in order to strengthen the array of services available to clients of the mental health system. Such networking creates portals of entry in a variety of settings that would make the Department's long-standing goal of "no wrong door" achievable. The Service Area Navigators increase knowledge of and access to mental health services through the following activities: <ul style="list-style-type: none"> <li>• Engaging in joint planning efforts with community partners, including community-based organizations, other County Departments, intradepartmental staff, schools, health service programs, faith-based organizations, self-help and advocacy groups, with the goal of increasing access to mental health services and strengthening the network of services available to clients in the mental health system.</li> <li>• Promoting awareness of mental health issues and the commitment to recovery, wellness and self-help.</li> <li>• Engaging with people and families to quickly identify currently available services, including supports and services tailored to a client's particular cultural, ethnic, age and gender identity.</li> <li>• Recruiting community-based organizations and professional service providers to become part of an active locally-based support network for people in the service area, including those most challenged by mental health issues.</li> <li>• Following up with people with whom they have engaged to ensure that they have received the help they need.</li> </ul>	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		Family Wellness/Resource Centers	CSS-GSD	Family Wellness/Resource Centers (FWRC) are designed to act as a welcoming and family-friendly center within the community where families with children in need of mental health services can go to obtain information and resources to navigate the mental health, physical health and educational systems and participate in self-help meetings and workshops. FWRCs include a resource library and computer stations for families within the community and offers peer counseling, parent support groups and educational classes. FWRCs are located within established community organizations (e.g. Integrated School Health Centers, parks and recreational centers, children's mental health clinics, health clinics, etc.) and work in partnership with other community non-profit and government agencies. Parent Partners/ Parent Advocates are integral to FWRCs.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		TAY Supportive Employment	CSS-GSD	TAY Supportive Employment will assist TAY, receiving mental health services and residing in permanent supportive housing (and other housing situations), to obtain and maintain gainful employment to achieve self-sufficiency. TAY Supportive Employment will incorporate effective strategies that are driven by the individual's choice and include principles that integrate with mental health treatment. The proposed funding will be utilized to train current TAY mental health providers in implementing supportive employment services within their existing mental health delivery system.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		School-Based Services Project	PEI	The School-Based Services Project provides an array of evidence-based practices that will (1) build resiliency and increase protective factors among children, youth and their families; (2) identify as early as possible children and youth who have risk factors for mental illness; and (3) provide on-site services to address nonacademic problems that impede successful school progress. The programs will provide outreach and education; promote mental wellness through universal and selective prevention strategies; foster a positive school climate; offer early mental health intervention services on school sites; and provide training in mental health evidence-based programs to school personnel and providers working with youth and children.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		Family Education and Support Project	PEI	The Family Education and Support Project provides an array of evidence-based practices that will build competencies, capacity and resiliency in parents, family members and other caregivers in raising their children by teaching a variety of strategies. Services will be offered to a diverse population throughout the county. The project utilizes universal and selective intervention as well as early intervention approaches for children/youth in stressed families. The programs will address the risk factors and protective factors that promote positive mental health, concentrating on parental skill-building through a variety of training, education, individual, group parent, and family interaction methods.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Los Angeles		At-Risk Family Services	PEI	The At-Risk Family Services Project will provide an array of evidence-based practices that (1) provide training and assistance to families whose children are at risk for placement in foster care, group homes, psychiatric hospitals, and other out of home placements; (2) build skills for families with difficult, out of control or substance abusing children who may face the juvenile justice involvement; and (3) provide support to families whose environment and history renders them vulnerable to forces that lead to destructive behavior and the disintegration of the family.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		Primary Care and Behavioral Health Services	PEI	Develops mental health services within primary care clinics in order to increase primary care providers' capacity to offer effective mental health guidance and early intervention through the implementation of screening, assessment, education, consultation, and referral. Another purpose is to prevent patients at primary care clinics from developing severe behavioral health issues by addressing their mental health issues early on. Behavioral health professionals skilled in consultation and primary care liaison will be integrated within the primary care system. It is the intent of the Project to build resiliency and increase protective factors among children, youth, adults and older adults and their families and other caregivers through the PEI programs. By offering assistance in identifying emotional and behavioral issues at a clinic setting, the stigma associated with seeking out mental health services will be minimized.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		Early Care and Support for Transition Age Youth (TAY)	PEI	The Early Support and Care for Transition-Age Youth Project provides an array of evidence-based practices that will (1) build resiliency, increase protective factors, and promote positive social behavior among TAY; (2) address depressive disorders among the TAY, especially those from dysfunctional backgrounds; and (3) identify, support, treat, and minimize the impact for youth who may be in the early stages of a serious mental illness. The programs will provide outreach and education; promote mental wellness through universal and selective prevention strategies; offer early mental health intervention services on school sites, youth centers and other youth-friendly sites; and provide training in mental health evidence-based programs to school personnel and providers working with TAY. Emancipating, emancipated, and homeless TAY are a special focus of this project.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		Juvenile Justice Services	PEI	The Juvenile Justice Services Project provides an array of evidence-based practices that will (1) build resiliency and protective factors among children and youth who are exposed to risk factors that leave them vulnerable to becoming involved in the juvenile justice system; (2) promote coping and life skills to youths in the juvenile justice system to minimize recidivism; and (3) identify mental health issues as early as possible and provide early intervention services to youth involved in the juvenile justice system. Services will be provided at probation camps throughout the County, residential treatment facilities, health clinics, community settings, and other non-traditional mental health sites.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
Los Angeles		Early Care and Support for Older Adults	PEI	The Early Care and Support Project for Older Adults provides an array of evidence-based practices that will (1) establish the means to identify and link older adults who need mental health treatment but are reluctant, are hidden or unknown, and/or unaware of their situation; (2) prevent and alleviate depressive disorders among the elderly; and (3) provide brief mental health treatment for individuals. The stigma of mental illness is a significant barrier for the older generation who often do not seek treatment until the illness has progressed significantly. Services are directed at older adults, their family members, caregivers, and others who interact with and provide services to this senior citizen population.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov

Los Angeles		Data Warehouse Redesign	CFTN	Implementation of the electronic health record necessitates re-designing the current LAC-DMH data warehouse. Along with new data collected in the IBHIS, forthcoming MHSa programs (Prevention and Early Intervention, Workforce Education and Training, and Innovation) will bring in additional new clinical, administrative, and financial data that must be stored in the data warehouse. This project will prepare LAC-DMH for warehousing these data from disparate data sources as well as establish appropriate resources for warehousing legacy data.	<a href="http://dmh.lacounty.gov/wps/portal/dmh/mhsa">http://dmh.lacounty.gov/wps/portal/dmh/mhsa</a>	Debbie Innes-Gomberg (213) 738-2756 DIGomberg@dmh.lacounty.gov
<b>MADERA COUNTY</b>						
<b>Peer/Family Support Specialists</b>						
Madera		Hope House and Mountain Wellness Centers	PEI	Hope House (City of Madera) and the Mountain Wellness Center (Oakhurst) are two "drop-in-centers" with the primary goal of providing outreach and education services for community members who may be at risk of mental illness.	<a href="https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information">https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information</a>	(559) 673-3508
Madera		Youth Empowerment Program	PEI	This program is a peer support prevention and intervention service that are provided at local high schools. The program provides peer support groups, education wellness and recovery activities, life skills development services. In addition, the program attends outreach services to high school aged youth.	<a href="https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information">https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information</a>	(559) 673-3508
<b>Reducing Disparities</b>						
Madera		Nurture 2 Nurture Madera	INN	This program is focused on the needs of mothers experiencing mental illness specifically related to pregnancy and shortly after birth. In addition, the purpose of this program is to create a function inter-organizational collaboration process that helps multiple agencies work effectively together and achieve common goals.	<a href="https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information">https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information</a>	(559) 673-3508
Madera		PEI Community and Family Education	PEI	These programs offer training in specific educational curriculums, e.g., Mental Health First Aid, Los Niño's Bien Educators and the New Confident Parenting Program to any member of the public including clients, client family members, and staff. During FY 2012-2013, suicide prevention programs were implemented. Those programs include ASIST (Applied Suicide Intervention Skills Training) and SafeTALK (another suicide prevention skills training).	<a href="https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information">https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information</a>	(559) 673-3508
Madera		PEI Statewide Programs	PEI	Madera County PEI Statewide dollars have been assigned to the Department of Mental Health and California Mental Health Authority (CalMHSA). The three programs are CalMHSA Suicide Prevention, CalMHSA Stigma and Discrimination Reduction, and CalMHSA Student Mental Health Initiative. CalMHSA has been actively initiating state-wide and regional programs in response to the statewide dollars. One of the regional programs is a suicide prevention hotline for this region of central California. We also participate in the Know the Signs campaign.	<a href="https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information">https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information</a>	(559) 673-3508

<b>Housing</b>						
Madera		Housing	Housing	<p>On June 3, 2010, the Madera County Housing Plan was approved contingent upon the submission of specific project information. There is a collaborative effort for this project between Madera County Behavioral Health and the Housing Authority of the City of Madera. They have joined together to form a non-profit organization named MMHSA Housing, INC. Currently there are facilities in Madera, Chowchilla and Oakhurst.</p> <p>Since the plan was approved, a four bedroom house that will accommodate four consumers in supportive housing in the city of Madera has been purchased and is operational. A four-plex in Chowchilla that accommodates eight consumers has been developed and is operational. We are in collaboration with Turning Point of Central Valley who owns a 7 unit apartment complex in Oakhurst.</p>	<a href="https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information">https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information</a>	(559) 673-3508
<b>SB 82 Funded</b>						
Madera		SB 82	SB 82	Three clinicians were funded through SB 82 funds to provide crisis services to residents of Madera and Oakhurst. One of the clinician is placed at the Emergency Department of Madera Community Hospital. One clinician is placed at the Madera Clinic and one at the Oakhurst Clinic. Program is operational.	<a href="https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information">https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information</a>	(559) 673-3508
<b>Unspecified</b>						
Madera		Children/TAY FSPs	CSS-FSP	This program serves a target population of ages 0-25 who due to their mental illness experience out of home placement, isolation, juvenile justice involvement, homelessness and/or failure in achieving educational milestones. Individuals in the FSP receive more frequent counseling services and more intensive case management.	<a href="https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information">https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information</a>	(559) 673-3508
Madera		Adult/Older Adult FSPs	CSS-FSP	This program serves target population of ages 26 and over who due to their mental illness are at risk of becoming unserved or underserved, being placed out of home, experiencing increased levels of isolation, involved in the criminal justice system, homelessness, and receiving involuntary treatment or hospitalization. Individuals in the FSP receive more frequent counseling services and more intensive case management.	<a href="https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information">https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information</a>	(559) 673-3508
Madera		PEI Regional Program Suicide Prevention Training	PEI	During FY 2011-12, Madera County BHS was able to tap into regional funds to have select staff trained in providing suicide prevention training. This training, ASIST (Applied Suicide Intervention Skills Training) is an evidenced-based training. The ASIST workshop is for caregivers who want to feel more comfortable, confident and competent in helping individuals to prevent the immediate risk of suicide.	<a href="https://www.maderacounty.com/government/behavioral-health-services">https://www.maderacounty.com/government/behavioral-health-services</a>	(559) 673-3508
Madera		Community Health Worker	PEI	This program provides services at community sites where older adults (60+) congregate. The program promotes peer support, education wellness and recovery activities, life skills development services. In addition, the program helps facilitate social outings to help older adults connected to community events.	<a href="https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information">https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information</a>	(559) 673-3508
Madera		Telesocial Health Services	INN	This program uses iPads to help clients that are placed in out of county placements, stay connected with mental health staff, family and peer supports.	<a href="https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information">https://www.maderacounty.com/government/behavioral-health-services/mental-health-services-act-information</a>	(559) 673-3508
<b>MARIN COUNTY</b>						
<b>Crisis Support</b>						

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Marin		Crisis Continuum of Care	CSS-OESD	<p>Crisis Planning aims to (1) increase clients' knowledge, skills and network of support to decrease crises; (2) provide crisis plans to Crisis Stabilization Unit that increase the role of the client and their network of support in case of a crisis; and (3) to engage and support clients who are residing in the Crisis Residential in the completion of a crisis plan.</p> <p>PES Family Partner is an integral member of the PES team. They are on site 11am-7pm, five days a week, and take referrals from the PES staff when a family arrives with a loved one in crisis or PES receives a call from the community from a family in crisis. The family partner assists families in navigating the mental health system and advocating for families to find the appropriate resources.</p> <p>Casa Rene is a 10-bed Crisis Residential facility administered by Buckelew Programs. The program aims to reduce unnecessary acute psychiatric hospitalizations by giving clients the choice to recover from a psychiatric crisis in a home-like setting rather than a locked, involuntary inpatient unit. The program consists of further integrating peer and professional staffing as well as client centered programming focused on wellness and recovery principles. In addition the SBIRT model (Screening Brief Intervention Referral and Treatment) is used to provide screening and referral on-site for substance use issues. Currently all referrals to this program come through Marin County Crisis Stabilization Unit or Hospital liaison for inpatient unit referral in collaboration with Buckelew Programs. This program is a key component of the crisis continuum of care in that it offers clients a voluntary recovery-focused residential option to recover from a crisis.</p>	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Mobile Crisis Teams	SB 82	One team consisting of trained mental health professionals: Licensed/ and/or Licensed eligible Crisis Specialists. They will be responsive to people in the community who present in psychiatric crisis and could benefit from crisis intervention. The teams will be in operation 7 days a week from 1-9pm. The teams will provide field based crisis intervention, thereby reducing the need and amount of time for law enforcement to intervene in a mental health crisis. There will be two vehicles and the teams will have the capacity to respond to all of Marin County.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Transition (Triage Team)	SB 82	The transition team is an integral part of the Mobile Crisis Continuum. They provide short term crisis oriented planning/linkage/support to those consumers who choose to participate and want the assistance and support. They operate 5 days a week from 10 am – 6 pm and are staffed by licensed and/or Licensed eligible clinicians as well as Peer providers. The team is funded with a blend of SB82 grant and MHSA funding.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238

<b>Peer/Family Support Specialists</b>						
Marin		Enterprise Resource Center Expansion	CSS-OESD	This Outreach and Engagement project involved expanding and enhancing Marin's consumer-staffed Enterprise Resource Center by adding consumer positions and establishing a Wellness/Recovery Center in central Marin through enlarging and co-locating the Enterprise Resource Center with housing, employment and clinical services at the new Health & Human Services Health and Wellness Campus. Known for its low-barrier access and welcoming environment, the Enterprise Resource Center plays a key role in Marin's efforts to outreach to and engage with adults with serious mental illness in the county who are disenfranchised and reluctant to seek help and services. Managed and staffed entirely by mental health consumers, the center promotes a strengths-based, harm-reduction approach and offers participants a one-stop central location to access and receive services such as socialization activities, peer counseling, mentoring, psycho-educational activities, and support groups. The goals of the program are to promote recovery and self-sufficiency, improve the ability to function in the community, increase social supports and reduce isolation.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Marin		ASOC (Adult System of Care) Development	CSS-OESD	This System Development expansion project was designed to expand and enhance supports and services available in Marin's system of care for adults with serious mental illness and their families by: 1) increasing peer specialist services on the Adult Case Management team; 2) providing outreach and engagement and support services to Hispanics/Latinos; 3) increasing Vietnamese outreach and engagement services; 4) adding family outreach, engagement and support services to the ASOC at large; and 5) providing short-term housing assistance. The goals of the project are to promote recovery and self-sufficiency, improve the ability to function in the community, reduce isolation, and provide low-barrier access which welcomes unserved clients of Vietnamese and Hispanic/Latino origin, 6) ASOC Outreach and Engagement Team will provide outreach and engagement services to those at-risk individuals in the community who are unable/unwilling to engage in mental health treatment despite the severe negative consequences they experience because of their untreated mental illness and despite the efforts of family, friends, and other in the community to convince them to seek treatment.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Co-Occurring Capacity	CSS-OESD	<p>A contracted Addiction Psychiatrist provides staff consultation and training directed at increasing the competency of the behavioral health workforce to effectively identify and treat individuals with complex co-occurring mental health and substance use disorders. Clinical Consultation and training services are provided at various locations and across Community Services and Supports (CSS) programs in the Mental Health System of Care.</p> <p>Peer to Peer Tobacco Cessation Services uses the evidence-based Peer-to-Peer Tobacco Dependence Recovery Program to train and supervise peer cessation specialists. In addition to the peers providing ongoing cessation support to consumers in the Marin Mental Health System of Care, project staff work concurrently with County and contractor agencies and clinics serving mental health consumers to adopt policies and practices that integrate sustainable tobacco cessation support into their programs.</p> <p>Engagement and treatment services previously offered through Alliance in Recovery (AIR) will be integrated into the Road to Recovery Program which provides a continuum of services for individuals with complex co-occurring disorders.</p>	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Peer Mentoring	WET	Peer mentors are used to support the success of consumers/family members who are entering the behavioral healthcare system as vocational drug/alcohol, domestic violence and mental health peer counselors while engaged in their course study. Mentors all have lived experiences.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Youth Empowerment Services (YES) (formerly CSOC-Children's System of Care)	CSS-FSP	Marin County's Youth Empowerment Services (YES), formerly known as the Children's System of Care (CSOC), is a Full Service Partnership program serving 40+ youth through age 21 who are at risk emotionally and behaviorally due to significant mental health issues. The YES program aims to serve youth who are unserved or underserved and are at risk due to emotional and behavioral factors. The YES model is a supportive, intensive based model with the goal of meeting youth and families in their homes and in the community to provide culturally appropriate mental health services with a 'whatever it takes' model.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		TAY (Transitional Age Youth)	CSS-FSP	This integrated multi-disciplinary service team program for 24 Transition Age Youth (16- 25) with serious mental illness is run by Sunny Hills Services and provides culturally competent mental health services, intensive case management, housing supports, psychiatric care, substance abuse counseling, employment services and independent living skills. Transition Age Youth are linked to necessary services and supports as they transition out of the TAY Program, depending on their needs.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		STAR (Support and Treatment after Release) Program	CSS-FSP	This multi-agency, multi-disciplinary team provides culturally competent, community-based services to 50 adults who have serious mental illness and current involvement with the criminal justice system. Operating in conjunction with the STAR mental health court, the team provides comprehensive assessment, individualized client-centered service planning, psychiatric care, intensive case management, therapy and linkages to all needed services and supports. The goals of the program are to promote recovery and self-sufficiency, improve the ability to function independently in the community, reduce incarceration, and reduce hospitalization.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Marin		HOPE (Helping Older People Excel)	CSS-FSP	This multi-agency, multi-disciplinary team serves 50 older adults, ages 60 and older, who have serious mental illness, and are isolated and at risk of out of home placement, hospitalization or homelessness. By providing a full range of integrated, culturally competent services including outreach, comprehensive assessment, individualized client-centered service planning, psychiatric care, intensive case management, therapy and linkages to needed services and supports, participants are assisted to better control their illness, reach their personal goals, lead more satisfying lives, and avoid higher, more restrictive levels of care.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Consumer Operated Wellness Center-Empowerment Clubhouse	CSS-FSP	The goals of the program are to promote recovery and self-sufficiency, improve the ability to function in the community, increase social supports and reduce isolation. The Wellness and Recovery Program serves individuals who are actively working on their recovery, including those who no longer require intensive case management services by Marin's Adult System of Care (ASOC). The Consumer Operated Wellness Center is consumer staffed and operated and provide an array of classes, peer support, skill-building, and activities focused on recovery, illness self-management, and self sufficiency.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Integrated Multi-Service Partnership Assertive Community Treatment (IMPACT)	CSS-FSP	The goal of this program is to promote recovery and self-sufficiency, improve ability to function independently in the community, reduce homelessness, incarceration and hospitalization. This program provides culturally competent, intensive, integrated services for 30 priority population at-risk adults through a "wrap-around" model. A multidisciplinary team provides comprehensive assessment, individualized client-centered service planning, crisis management, therapy services, peer counseling and support, medication support, psycho-education, employment services, independent living skills training, assistance with money management, and linkages to/ provision of all needed services and supports.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		ODYSSEY Program	CSS-FSP	This multi-disciplinary, multi-agency team provides culturally competent intensive, integrated services to 80 adults with serious mental illness who are homeless or at-risk of homelessness. The program provides comprehensive assessment, individualized client-centered service planning, psychiatric care, intensive case management, supported housing and linkages to all needed services and supports in order to assist participants to achieve their individualized goals, as well as to promote recovery and self-sufficiency, improve the ability to function independently in the community, reduce homelessness, reduce incarceration, and reduce hospitalization.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		First Episode Psychosis Program (FEP)	CSS	The FEP provides targeted services to individuals who are experiencing their first psychotic episode and are between the ages of 15-30 years old. A Coordinated Specialty Care team, which includes a team leader, a prescribing psychiatrist, current county staff working with clients, a supported education and employment specialist, a Transition Age Youth (TAY) peer specialist and a family partner, collaborate to develop and implement treatment plans by addressing several key areas: psychotherapy, pharmacotherapy, case management, supported education and employment, coordination with primary care, and family education and support. The team emphasizes a collaborative, shared decision making and recovery-oriented approach.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		FEP (First Episode Psychosis)	CSS	The FEP provides targeted services to individuals who are experiencing their first psychotic episode and are between the ages of 15-30 years old	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Consumer Operated Wellness Center-Empowerment Clubhouse	CSS-FSP	The Consumer Operated Wellness Center is consumer staffed and operated and provide an array of classes, peer support, skill-building, and activities focused on recovery, illness self-management, and self sufficiency.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Health Navigator	PEI	Will provide a BHRS clinician to facilitate linkage of clients from PEI to BHRS services.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Reducing Disparities						

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Marin		ASOC (Adult System of Care) Development	CSS-OESD	This System Development expansion project was designed to expand and enhance supports and services available in Marin's system of care for adults with serious mental illness and their families by: 1) increasing peer specialist services on the Adult Case Management team; 2) providing outreach and engagement and support services to Hispanics/Latinos; 3) increasing Vietnamese outreach and engagement services; 4) adding family outreach, engagement and support services to the ASOC at large; and 5) providing short-term housing assistance. The goals of the project are to promote recovery and self-sufficiency, improve the ability to function in the community, reduce isolation, and provide low-barrier access which welcomes unserved clients of Vietnamese and Hispanic/Latino origin, 6) ASOC Outreach and Engagement Team will provide outreach and engagement services to those at-risk individuals in the community who are unable/unwilling to engage in mental health treatment despite the severe negative consequences they experience because of their untreated mental illness and despite the efforts of family, friends, and other in the community to convince them to seek treatment.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Growing Roots: The Young Adult Services Project	INN	This Plan aims to reduce disparities in access to culturally competent behavioral health services for TAY from un/underserved populations (i.e.: race, ethnicity, language, sexual orientation, gender identity, geographic isolation, experiencing complex conditions) who are at risk for or experiencing a mental illness by building on the strengths of the informal system of care. By learning from and integrating the expertise of TAY themselves and providers who reflect TAY in terms of culture, language and lived experience, we hope to: Increase our understanding of the behavioral health needs of un/underserved TAY in Marin; Increase access to, quality of, range of, and cultural competency of services available to TAY; Increase the number of TAY receiving services and achieving positive behavioral health outcomes. What we learn about increasing access and providing effective services will be incorporated into BHRS' work going forward.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Latino Community Connection	PEI	Train and support Promotores to provide outreach, education, support and linkages to services in Central, North and West Marin. Provides mental health education, screening, and assistance in a community-based organization in the Canal District. Produce a weekly radio show about mental health related topics in Spanish. These services help to bridge the cultural and language barriers that contribute to the Latino community being underserved for mental health needs.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Vietnamese Community Connection	PEI	Train and support Community Health Advocates to provide outreach, education, and linkages to services. Provides mental health education, screening and assistance. CHA's and the program coordinator conduct community activities and discussion groups, to reduce isolation, build social support, and increase self-care behaviors. These services help to bridge the cultural and language barriers that contribute to the Vietnamese community being underserved for mental health needs.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238

<b>SB 82 Funded</b>						
Marin		Mobile Crisis Teams	SB 82	One team consisting of trained mental health professionals: Licensed/ and/or Licensed eligible Crisis Specialists. They will be responsive to people in the community who present in psychiatric crisis and could benefit from crisis intervention. The teams will be in operation 7 days a week from 1-9pm. The teams will provide field based crisis intervention, thereby reducing the need and amount of time for law enforcement to intervene in a mental health crisis. There will be two vehicles and the teams will have the capacity to respond to all of Marin County.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Transition (Triage Team)	SB 82	The transition team is an integral part of the Mobile Crisis Continuum. They provide short term crisis oriented planning/linkage/support to those consumers who choose to participate and want the assistance and support. They operate 5 days a week from 10 am – 6 pm and are staffed by licensed and/or Licensed eligible clinicians as well as Peer providers. The team is funded with a blend of SB82 grant and MHSA funding.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
<b>Other Programs</b>						
Marin		Early Childhood Health Consultation	PEI	Provides training and support to staff of early childhood education sites to identify children whose behavior indicates social/emotional difficulties, develop a plan for meeting the child's needs, and to assist the family. Services are culturally and linguistically appropriate so as to reduce stigma. Trainings provided to strengthen staff skills in working with all children and voluntary screening is available to families for adult depression.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Transition Age Youth Prevention & Early Intervention	PEI	Provides mental health education, screening, and assistance for transition age youth (16-25 years old). Services include behavioral health screening and brief intervention at teen clinics and psycho-education groups for at-risk TAY at participating high schools. Youth identified for needing more intensive services are linked to the appropriate supports. Provides training for TAY providers in identifying and responding to common behavioral health challenges TAY experience.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Older Adult PEI	PEI	This program provides behavioral health screening and brief intervention to older adults who are experiencing transitions or other risk factors. In addition, providers, older adults and community leaders are trained to identify mental health concerns and refer at-risk older adults.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Community and Provider Prevention and Early Intervention Training	PEI	Mental Health First Aid (an evidence-based training to educate about mental health and substance use signs and symptoms, helping somebody access services, and reducing stigma), as well as other trainings, are provided for community members and providers. In addition, funds support attendance at conferences on PEI issues and outreach opportunities. In FY15-16 funds were provided to develop 3 English (Meaningful Mental Health) and 3 Spanish (Latinos en la Casa) TV shows about mental health. 263 Marin County community members participated in MHFA training including 26 youth.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		School Age Prevention and Early Intervention	PEI	A range of prevention and support services available for K-8 students and their families. Services are currently provided Sausalito Marin City School District, Shoreline School District and an additional school to be determined in the upcoming year.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Veterans Community Connection	PEI	This program does active outreach and support for Veterans, particularly those who are homeless or involved in the criminal justice system, to link them to medically necessary mental health services. Case management, treatment planning and linkage to resources in the community provided.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Statewide Prevention and Early Intervention	PEI	Support for statewide efforts regarding Student Mental Health, Suicide Prevention and Stigma Reduction.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Marin		Scholarships for Underserved Consumers and Family Members	WET	Scholarships for consumers, family members and members of under-represented populations are provided when the educational program will result in possible entry to or advancement within the public mental health system.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Community Based Organization (CBO) Intern Stipends	WET	Stipends for CBO based interns that are able to serve consumers in a culturally and linguistically relevant manner.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Training Initiatives	WET	Trainings are provided in areas identified by consumers as necessary to increase consumers capacity to advocate for consumers, qualify for employment within the mental health system, and participate in planning and policy within the system.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		BHRS Intern Stipends	WET	Stipends are provided for mental health practitioner interns in our APA accredited internship program in order to fill hard-to-fill positions and to increase the diversity of Marin's workforce. Because we are able to provide stipends Marin County has been competitive in recruiting a more diverse group of interns over the last several years, including Spanish speaking, LBGT and African American interns who can then provide more culturally competent services to our community.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Practice Management	CFTN	ShareCare practice management system has modernized and transformed Marin's clinical and administrative systems. Continued updates include adding a technology position which increased Marin's capacity to generate customizable financial and clinical reports and accurately track and monitor service delivery outcomes.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Electronic Health Record Upgrade	CFTN	Clinicians Gateway has modernized and transformed clinical and administrative systems. Upgrades and enhancement meet Federal and State Meaningful Use guidelines. Data collection capability, forms and reporting upgrades were made to the system. Electronic signature pad functionality was added and Clinical Decision support modules were enhanced.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
Marin		Capital Facilities	CFTN	Outpatient facility was upgraded to ensure that general upkeep, security needs, technological needs, safety, and longevity are meeting their respective operational needs/standards for the facilities and programs operated by the County of Marin.	<a href="https://www.marinhhs.org/mhsa">https://www.marinhhs.org/mhsa</a>	Galen Main gmain@marincounty.org 415-473-6238
<b>MARIPOSA COUNTY</b>

<b>MENDOCINO COUNTY</b>						
<b>Crisis Response</b>						
Mendocino		Dual Diagnosis Program	CSS	Dual Diagnosis Programs are mental health and substance use disorder treatment groups that address substance use treatment needs in the context of a specialty mental health concern.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSa Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		AB 1421 Assisted Outpatient Treatment (AOT)	CSS	AOT is a program developed out of AB1421, otherwise known as Laura's Law. Clients must meet nine (9) criteria outlined in Welfare and Institutions Code 5346 to be eligible for court-monitored treatment, with referral, screening, and triage provided. The program provides referrals for clients that do not meet the formal criteria for court-monitored treatment to less restrictive outpatient services such as FSPs and outpatient care management.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSa Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
<b>Peer/Family Support Specialists</b>						
Mendocino		Senior Peer Counseling and Friendly Visitor Program	PEI	These are peer-based programs supporting older adults designed to reduce isolation, increase pro-social/positive health activities, and reduce the risk of depression and other more serious mental health issues. These programs use a Senior Peer Counseling and/or a Friendly Visitor model.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSa Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		Wellness and Recovery Centers	CSS-OESD-FSP	Adult Wellness and Recovery Centers are environments where individuals can engage in mental wellness resources, attend groups and classes, and connect with outreach and engagement support activities.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSa Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		School Based Peer Support	PEI	These are school-based activities and trainings, which promote referrals to peer counseling that are offered in the Point Arena Schools to screen for mental health concerns, educate about wellness and self-care, and provide stigma and discrimination reduction activities.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSa Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		Youth Resource Center	CSS-OESD	The Youth Resource Center provides wellness and resiliency skills building, as well as outreach and engagement support activities.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSa Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		Parent Partner Program	CSS	The Parent Partner Program supports parents through a peer model designed to assist families, and specifically parents, of children struggling with mental health issues. By offering peer support to the parents, the family's ability to access, navigate, and manage their mental health concerns is improved.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSa Program Administrator (707) 472-2355 hooperd@mendocinocounty.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Mendocino		Resiliency and Prevention Project	PEI	This project provides trainings on suicide alertness, awareness, and resiliency to the Round Valley community. Trainings include SafeTALK, Mental Health First Aid, and resiliency-focused curricula.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSa Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		Child and Adolescent Substance Abuse Counseling	PEI	This is a school-based educational program designed to enhance youth's internal strengths and resiliency, and to reduce patterns of substance use and the impacts of previously unrecognized mental health issues.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSa Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		NAMI Education & Support Program	PEI	NAMI education and support program provides outreach and advocacy to individuals and/or their families in need of mental health support. May include classes, groups, a Warm Line, and community/home outreach.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSa Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		Breaking the Silence	PEI	These are middle school based educational groups designed to raise awareness of mental illness. School districts include Ukiah, Willits, Redwood Valley, Point Arena, Fort Bragg, and Laytonville.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSa Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
<b>Reducing Disparities</b>						
Mendocino		Full Service Partnerships for Children, Youth, and Families	CSS-FSP	FSPs are a "whatever it takes" service delivery that provides care management from the perspective of a partnership with the consumer and their natural supports. Specialty mental health providers identify consumers that are at risk, or require higher levels of care, or more intensive service delivery. Care plans may include crisis prevention and response. When consumers no longer need the level of intensity offered by FSPs they are transitioned to less intensive outpatient services.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSa Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		Full Service Partnerships for Transition Aged Youth (TAY)	CSS-FSP	FSPs are a "whatever it takes" service delivery that provides care management from the perspective of a partnership with the consumer and their natural supports. Specialty mental health providers identify consumers that are at risk, or require higher levels of care, or more intensive service delivery. Care plans may include crisis prevention and response. When consumers no longer need the level of intensity offered by FSPs they are transitioned to less intensive outpatient services.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSa Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		Full Service Partnerships for Adults	CSS-FSP	FSPs are a "whatever it takes" service delivery that provides care management from the perspective of a partnership with the consumer and their natural supports. Specialty mental health providers identify consumers that are at risk, or require higher levels of care, or more intensive service delivery. Care plans may include crisis prevention and response. When consumers no longer need the level of intensity offered by FSPs they are transitioned to less intensive outpatient services.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSa Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		Full Service Partnerships for Older Adults	CSS-FSP	FSPs are a "whatever it takes" service delivery that provides care management from the perspective of a partnership with the consumer and their natural supports. Specialty mental health providers identify consumers that are at risk, or require higher levels of care, or more intensive service delivery. Care plans may include crisis prevention and response. When consumers no longer need the level of intensity offered by FSPs they are transitioned to less intensive outpatient services.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSa Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		Outreach and Engagement	CSS-OESD	Outreach and Engagement services attempt to involve individuals in need of mental health support. Individuals receiving these services may be unwilling or unable to access services through traditional specialty mental health pathways. These programs aim to provide additional strategies to enable and encourage consumers to utilize services available.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSa Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		Therapeutic Services for Underserved Latino, Native American, and Tribal Government Communities	CSS-OESD	These services include outreach, engagement, and therapy services to communities that may be less inclined to receive services through specialty mental health providers due to cultural considerations. Providers are culturally responsive.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSa Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		Anderson Valley Early Intervention Program	PEI-OESD	This is a school based intervention and therapy program. The program promotes early identification, intervention, and development of recovery skills, and the use of paraprofessional groups, and referral to individual therapy and rehabilitation services.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSa Program Administrator (707) 472-2355 hooperd@mendocinocounty.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Mendocino		Mendocino County Suicide Prevention Projects	PEI	This program offers suicide prevention activities such as the regional North Bay Suicide Prevention Hotline, maintaining updated resources, communicating suicide prevention numbers, resources, and trainings. Activities include Suicide Prevention Week educational activities, SafeTALK, and ASIST trainings. This project includes community education and resource referrals regarding risks and protective factors for suicide.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSA Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		Behavioral Health Court (BHC)	CSS	BHC is a collaborative, therapeutic court proceeding comprised of the Superior County, District Attorney, Public Defender, Probation, Sheriff's office, and specialty mental health providers. Individuals charged with a misdemeanor crime, which was related to or caused because of a mental health symptoms, may be referred to this court, which considers behavioral health treatment in the court decisions.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSA Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		Whole Person Care Integration Specialist	PEI-OESD	Whole person care integrates care specialists and connects clients with mental health concerns to appropriate levels of care. This program facilitates linkage, assessment, and follow-through on services to address the needs of the whole person.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSA Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		Whole Person Care Peer Extension Worker and Suicide Risk Assessment	PEI	In this program, peer support staff assists individuals with connecting to community resources to address whole person needs, resiliency, and recovery. This program provides screening and assessment for suicide risk when clients qualify for any whole person care service.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSA Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		Mental Health Awareness Activities	PEI	Mendocino County provides activities to increase awareness of mental health symptoms, treatment, and available resources. Activities include "May is Mental Health Month" activities, and participation in health fairs.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSA Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		Round Valley-Crisis Respnse Services	INN	The Innovation Project #1, Round Valley- Crisis Response Services has as its overarching goals: to learn how the small, isolated, rural community of Round Valley can work together with Mendocino County providers to build on cultural strengths, and improve trust and collaboration to create local, and long-term crisis response systems, in partnership with BHRS, that meet the needs of this unique community.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSA Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
<b>Housing</b>						
Mendocino		MHSA Housing Program, Willow Terrace	CSS	Willow Terrace is in development. Mendocino County BHRS is collaborating with Rural Community Housing Development Corporation to develop a supportive housing facility for adults and older adults. The targeted open date is 2018.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSA Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		Wellness Program	CSS	This wellness program provides supportive housing for eligible FSPs.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSA Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
<b>SB 82</b>						
Mendocino		SB 82 Mental Health Wellness Grant	CSS	This program is in development. Mendocino County Behavioral Health and Recovery Service (BHRS) is collaborating with Redwood Community Services (RCS) to develop a Crisis Residential Treatment Facility. Funds from this project come in part from SB82 Investment in Mental Health Wellness Grant. Target open date late 2018.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSA Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
<b>Unspecified</b>						
Mendocino		CalMHSA Statewide PEI Projects	PEI	This is a Joint Powers Authority agreement between California counties formed in 2009 to combine county resources to provide programs and campaigns that are consistent across the State. Examples of programs and campaigns include Know the Signs, Each Mind Matters, and Directing Change.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSA Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
Mendocino		Mobile Outreach and Prevention Services (MOPS)	PEI	MOPS is a partnership between behavioral health rehabilitation specialists and Sheriff's service technicians designed to respond to three underserved target areas of the County. The teams provide triage for specialty mental health and community services. Additionally, they provide care management/support for mental health issues as needed, and crisis prevention support/coordination when necessary.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSA Program Administrator (707) 472-2355 hooperd@mendocinocounty.org

Mendocino		Jail Discharge Linkage & Referral	PEI	Rehabilitation specialists coordinate with jail services to refer those released from jail to necessary and appropriate behavioral health services. Program pending staffing.	<a href="https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act">https://www.mendocinocounty.org/government/health-and-human-services-agency/mental-health-services/mental-health-services-act</a>	De-Anne Hooper MHSa Program Administrator (707) 472-2355 hooperd@mendocinocounty.org
<b>MERCED COUNTY</b>						
<b>Crisis Support</b>						
Merced		Wraparound, Empowerment, Compassion and Needs (WeCan) - Youth/TAY Full Service Partnership	CSS-FSP	The WeCan program is a WRAP program which was and is able to provide services to children and families outside of the “office” environment. Services are delivered in the clients’ home, school, and community, thereby reducing stigma of coming to a facility and reaching many of the unserved and underserved population by reducing obstacles such as transportation, service location, standard “office hours” etc. WeCan provides services to family when and where services are needed anywhere in Merced County based on the client’s own involvement and reports. Culturally and ethnically the WeCan program is made up of male and female English, Spanish, and Hmong speaking staff in order to address these threshold languages within Merced County. Services are also available in other languages through the use of interpreters and or Language Line when needed. The WeCan program collaborates with other Merced Community partners and attends to the Cultural Competency Oversight Committee to stay in touch with disparities and how to further overcome them.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Rebecca McMullen Program Supervisor (209) 726-3090 ext. 5214 Rmcmullen@aspiranet.org
Merced		Community Assistance Recovery Enterprise (CARE) - Adult and Older Adult Full Service Partnership	CSS-FSP	CARE implements a 24 hours a day/ 7 days a week intensive case management approach. The multidisciplinary team comprised of case worker, clinicians, substance abuse specialist, housing and employment specialist, nurses, and psychiatrists to assist members with their psychiatric disabilities. The approach emphasis on integrated/wraparound service that follows an ACT (Assertive Community Treatment) model). Each case manager carries a caseload of 10 clients with primary goals of reducing hospitalization, reducing incarceration, reducing homelessness and institutionalization and increasing community integration. The program assists members with full service partners in different domains of their lives. These areas include education, family reunification, transitions into lower levels of care, life skills, drug and alcohol support, applying for SSI, general assistance, spiritual support, legal affairs, access to primary health care are so on. CARE participates in the TAY Subcommittee and has ongoing meetings with TAY clinicians and other TAY providers to identify referrals. In addition CARE works with Spanish speaking clinicians to target individuals that may meet criteria for services.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Vong Chang Program Director (209) 723-6559 ext. 2802 VongChang@tqpc.org
Merced		Community Outreach Program Engagement and Education (COPE)	CSS-OESD	COPE provides outreach to engage the unserved and/or racially disparate populations through: Community Access to Recovery Services (CARS), Crisis Stabilization Unit (CSU), general Outreach and Engagement. Priority populations to be served include children, youth (TAY), adults and older adults. The continued aim of COPE is on developing and maintaining a collaborative system that relies on community based organizations to engage individuals in racially and ethnically diverse communities. These individuals may not seek services at traditional MH sites. The emphasis of outreach is to engage homeless individuals, Hispanic, Southeast Asian populations as well as the Gay, Lesbian, Bisexual and Transgender communities. The intent is to identify children and youth who are seriously emotionally disturbed and adults with severe mental illness. Additional priority populations served are: Hispanic and SEA incarcerated youth, wards of the court and inmates released from jail who have mental illness and/or co-occurring disorders.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	C.A.R.S. Merced		CSS in Schools and Communities	CSS	School-based program that provides comprehensive mental health services; facilitates ongoing therapy for individual students in the school; group therapy based on the specific needs of students at multiple campuses; links students, parents, staff, and community partners with mental health programs and services.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Merced, Winton, Weaver, Atwater, Delhi, and Hilmar Betty Hoskins BHRS Division Director (209) 381-6800 ext. 3277 BHoskins@co.merced.ca.us Los Banos and Livingston Cesar Velasquez BHRS Division Director (209) 381-6800 ext. 3247 cvelasquez@co.merced.ca.us
Merced		MAPS (Mental Health and Police in Schools)	PEI	MAPS is a collaborative programs between Merced County Department of Mental Health and the Livingston Police Department. A Mental Health Clinician and a Police Officer work together to keep youth in schools, educate them to stay out of trouble, and reduce truancies, suspensions, and expulsions.	<a href="http://www.co.merced.ca.us/index.aspx?NID=487">http://www.co.merced.ca.us/index.aspx?NID=487</a>	Chief Ruben Chavez Chief of Police (209) 394-5581 RChavez@livingstonpd.org Cesar Velasquez BHRS Division Director (209) 381-6800 ext. 3247 cvelasquez@co.merced.ca.us
Merced		Golden Valley Health Center Westside Integrated Primary Care-Hispanic Community	PEI	Integrates mental health and primary care. Bicultural, bilingual clinician sees patients who have never accessed and would not likely access traditional mental health settings. Relatively low stigma of primary care setting and high level of integration of behavioral health services in clinics. Patients frequently self refer because of joint waiting room and mental health pamphlets in the waiting room.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Heydi Herrera Assistant Director (209) 385-5241 hherrera@gvhc.org
Merced		Merced Lao Family Community Inc. Integrated Primary Care - Hmong Community	PEI	Outreaches to the unserved and underserved Southeast Asian adult population. Provides assessment or screening through PHQ-9. Clients who present mild mental health symptoms have the opportunity to receive brief counseling to reduce their symptoms.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Mai Ka Vang Behavioral Health Clinician (209) 384-7384 PEI@laofamilymerced.org
Merced		Juvenile Behavioral Court	PEI	The Merced County Juvenile Behavioral Health Court is a three year Innovative funded court-supervised program for minors diagnosed primarily with an Axis I mental illness and who are wards of the Juvenile Delinquency Court. The focus of the program is to utilize a family strengthening approach to promote healthy relationships and enhance protective factors.	<a href="http://www.mercedcourt.org/juvenile.shtml">http://www.mercedcourt.org/juvenile.shtml</a>	Betty Hoskins BHRS Division Director (209) 381-6800 ext. 3277 BHoskins@co.merced.ca.us
<b>Peer/Family Support Specialists</b>						
Merced		The Merced Wellness Center (WC)	CSS-OESD	The Merced Wellness Center (WC) continues in its commitment to reaching out to and serving all severely mentally ill consumers of Merced County in a culturally competent manner. The WC provides Consumer driven services that include, but are not limited to: Housing, Vocational, Socialization, Educational Assistance as well as a focus on social relationships and community integration activities. There is an active Consumer Advisory Committee (CAC) that meets on a weekly basis.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Jennifer Jones BHRS Community Enrichment Director (209) 381-6800 ext. 3351 Jennifer.Jones@co.merced.ca.us
Merced		Westside Transitional Center	CSS-OESD	Component of the Los Banos outpatient mental health treatment program. The aim of the program is to serve mentally ill adults of Los Banos and the surrounding area including Santa Nella, Gustine, and Dos Palos. While the Westside Transitional Center is still evolving in its practical and philosophical direction, it is guided by the Recovery Principles as espoused by the MHA Village of Long Beach. Consistent with the Village Recovery Model is the notion that people coming in to the Westside Transitional Center will be offered an integrated program of services aimed at helping them improve their quality of life. This starts with providing a safe, supportive setting for consumers of the program to begin working on their personalized plan of recovery. Staff will ultimately assist consumers in establishing a greater sense of hope and empowerment in their lives. Hopeful and empowered consumers are more inclined to take reasonable risks in challenging themselves and have a greater sense of self-determination with regard to the future.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Jennifer Jones BHRS Community Enrichment Director (209) 381-6800 ext. 3351 Jennifer.Jones@co.merced.ca.us

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Merced		Community United by Empowerment (CUBE)	CSS-OESD	The CUBE builds upon and operationalize the concepts of the MHSF. The performance of the CUBE has implemented the five essential principles inherent in the MHSF. The CUBE is fully youth-driven, sustains a wellness focus of recovery and resilience, partners with the community, welcomes and employs cultural competence activities and approaches, and has integrated services as demonstrated by the number of community partners embedded in the program. The CUBE's primary target population is TAY - youth between the ages of 16 and 25 who have emancipated, or will soon be emancipating, from Child Welfare dependency.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Jennifer Jones BHRS Community Enrichment Director (209) 381-6800 ext. 3351 Jennifer.Jones@co.merced.ca.us
Merced		Dual Diagnosis Program (DDP)	CSS-OESD	DDP is the county's only dual recovery program for co-occurring disorders, utilizing an approach that helps people recover by offering mental health and substance abuse services at the same time and in one setting. The overall goal of Dual Diagnosis Program is to provide a welcoming, accessible, integrated service that is responsive to the multiple and complex needs of persons experiencing co-occurring mental health and addictive conditions in all levels of care, across all agencies, and throughout all phases of the recovery process; i.e., engagement, screening, assessment, treatment, rehabilitation, discharge planning and continuing care.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Tony Ryland Program Manager (209) 381-6800 ext. 3625 TRyland@co.merced.ca.us
Merced		Caring Kids	PEI	Provides intervention services to promote the optimal social and emotional development of children ages 0-5 throughout Merced County. Provides parents, child-care providers, and teachers with the assistance needed to nurture and give positive social and emotional support to children, and to prepare preschool-aged children for the social demands of kindergarten.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Monica Adrian Program Manager (209) 381-6790 ext. 6146 MAdrian@mcoe.org
Merced		Youth to Youth Middle School Mentoring	PEI	The Middle School Mentoring Program is an expanded State funded alcohol and drug prevention program for middle school children. The program works towards alcohol and drug prevention through a peer mentoring model, pairing trained high school leaders with at-risk eighth graders. Core curriculum activities include education about the ill effects of alcohol and drugs.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Christopher Jensen Alcohol and Other Drugs Prevention Specialist (209) 381-6880 Christopher.Jensen@co.merced.ca.us
Merced		Transition to Independence (TIP)	PEI	The Transition to Independence Process (TIP) is a program that addresses the unique needs of transition age youth (14-25 years old) with emotional and behavioral difficulties (EBD) by preparing them for their movement into adult roles through an individualized process. The goal of the program is to engage young people in their own future's planning process by providing them with developmentally-appropriate, non-stigmatizing, culturally-competent, and appealing services and supports. Young adults, their families and other key players are engaged in a process that prepares and facilitates them in their movement toward greater self-sufficiency and successful achievement of their goals related to relevant transition in the areas of employment/career, educational opportunities, living situation, personal effectiveness/wellbeing, and community-life functioning.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Anna Santos Program Supervisor (209) 725-2125 ext. 7519 asantos@aspiranet.org
Merced		NAMI Merced County	PEI	NAMI is a mental health organization dedicated to building better lives for the millions of Americans affected by mental illness. NAMI Merced County offers a wide range of classes on understanding how to cope with your own or a family member's mental illness, how to identify the symptoms, and what resources are available to make life easier.	<a href="http://www.co.merced.ca.us/index.aspx?NID=487">http://www.co.merced.ca.us/index.aspx?NID=487</a>	Emily Bernard Director (209) 789-6264 namimerced2@gmail.com
<b>Reducing Disparities</b>						
Merced		Southeast Asian Community Advocacy	CSS-OESD	Southeast Asian Community Advocacy (SEACAP) - Outreach to underserved Southeast Asian population, linking them to unstructured support groups to increase participation, continuing necessary services with evaluation through assessment and completing plan of care that includes linkages to medication services and more intensive therapy. These individuals would not have participated with treatment without outreach efforts, transportation or introduction to mental health such as peer support groups. SEACAP contract is to provide services to 125 adults and 25 youths /TAY for 1 year period. Services are to target mainly Southeast Asian providing ethnic specific strategy. The array of services includes but is not limited to: 1) individual and group therapy; 2) Case management services; 3) Cultural consultation; 4) Outreach; 5) Rehab services; 6) Collateral.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Paul Thao Case Manager (209) 384-7384 mhs@laofamilymerced.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Merced		Community Outreach Program Engagement and Education (COPE)-Public Health Partnership	CSS-OESD	COPE provides outreach to engage the unserved and/or racially disparate populations through a partnership with Public Health. Priority populations to be served include children, youth (TAY), adults and older adults. The program concentrates on educating the community members on chronic medical conditions and how to cope with mental health illness(as) that may be associate to it. Through Spanish speaking classes, the program is able to draw in the Hispanic population of Merced County. The continued aim of COPE is on developing and maintaining a collaborative system that relies on community based organizations to engage individuals in racially and ethnically diverse communities. The emphasis of outreach is to engage homeless individuals, Hispanic, Southeast Asian populations as well as the Gay, Lesbian, Bisexual and Transgender communities.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Amalia Madrigal-Hernandez, MPH Supervising Health Educator (209) 381-1232 AMHernandez@co.merced.ca.us
Merced		Livingston Community Health Cultural Brokers	PEI	Provides outreach and engagement services to the Livingston community. Educates community leaders on mental health illnesses and symptoms. Works towards reducing stigma associated to mental health illnesses and services.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Letitia Guillen Director (209) 394-7913 lguillen@visittch.org
Merced		Livingston Community Health Integrated Primary Care	PEI	Integrates mental health and primary care. Bicultural, bilingual clinician sees patients who have never accessed and would not likely access traditional mental health settings. Relatively low stigma of primary care setting and high level of integration of behavioral health services in clinics. Patients frequently self refer because of joint waiting room and mental health pamphlets in the waiting room.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Letitia Guillen Director (209) 394-7913 lguillen@visittch.org
Merced		Golden Valley Health Center/ Cultural Brokers - Hispanic Community	PEI	Provides prevention services (stress management) to students at Central Valley Opportunity Center. GVHC participated in community events such as “Celebration of Fatherhood” and Rock d Block” to provide early intervention services to help reduce cultural and ethnic inequalities in the community. Joined with Merced’s Family Resource Council to partner with other community agencies to help the needy in all areas of Merced.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Heydi Herrera Assistant Director (209) 385-5241 hherrera@gvhc.org
Merced		Merced Lao Family Community Inc. Cultural Brokers - Hmong Community	PEI	Provides outreach to the unserved and underserved Southeast Asian adult population so that they become more aware of and are more comfortable accessing mental health services. Delivers educational television segments on our Hmong television program. Continues to engage consumers in the community through community events to support mental health awareness.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Lue Thao Cultural Broker (209) 384-7384 PEI@laofamilymerced.org
Merced		Veterans	PEI	The Veterans Office provides services to veterans of United States military services, their spouses, dependents, and/or survivors, to assist them in the prevention or treatment of mental health or substance abuse problems. Staff consults with veterans during scheduled appointments or walk-ins and identifies mental health issues or substance abuse problems. The office provides outreach to community veterans, service providers, veteran service organizations, or other outside agencies on benefits and mental health services.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	County Veteran Services Officer (209) 385-3000 ext. 5417 veterv@hsa.co.merced.ca.us
Merced		PEI Strengthening Families	PEI	Recruits family and community partners to focus on the developmental milestones of life transitions in diverse and non-traditional settings. Strengthens families and builds on existing resiliency. Decreases risk factors and enhances nurturing and attachment; knowledge of parenting and/or child, youth and adolescent development; parental resilience; social connections; concrete supports for parents.	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Sharon Jones MHSF Coordinator (209) 381-6800 ext. 3611 SJones@co.merced.ca.us
Merced		Innovative Strategist Network (ISN)	INN	The ISN provides a network comprised of innovative thinkers and strategists who will utilize Appreciative inquiry, Building of community and program capacity and Care coordination to infuse wellness and recovery into the community and mental health services. Merced County’s ISN will test out a different approach to mental health care, looking at alternatives that will build service capacity and address mental health needs. Individuals in need will have the opportunity to select from seven (7) ISN strategists to improve their health outcomes. The goal is that the stigma and barriers to services will be reduced by offering more than one strategist..	<a href="http://www.co.merced.ca.us/index.aspx?NID=486">http://www.co.merced.ca.us/index.aspx?NID=486</a>	Cesar Velasquez, BHRS Division Director (209) 381-6800 ext. 3247 cvelasquez@co.merced.ca.us Sharon Jones MHSF Coordinator (209) 381-6800 ext. 3611 SJones@co.merced.ca.us

<b>MONO COUNTY</b>						
<b>Crisis Support</b>						
Mono		Crisis Team	CSS-OESD	Support for those who are in crisis. Provide 24/7 assessments for persons who may be harm to self, others, or gravely disabled.	<a href="http://monocounty.ca.gov/behavioral-health">http://monocounty.ca.gov/behavioral-health</a>	(760) 924.1740
Mono		Student Mental Health; Suicide Prevention; Stigma Reduction	PEI	Provide Prevention and Early Intervention in Mono County Schools regarding student mental health, healthy choices, and anti-bullying. Provides Crisis support and stabilization for all county residents. Provides stigma reduction in each community with stakeholder influence.	<a href="http://monocounty.ca.gov/behavioral-health">http://monocounty.ca.gov/behavioral-health</a>	(760) 924.1740
Mono		Telepsychiatry Collaborative with Mammoth Hospital	CSS	MCBH's in-person crisis services are now complemented by telepsychiatry services in the Emergency Department of Mammoth Hospital. This service, which is funded jointly by MCBH and Mammoth Hospital aims to better serve individuals in crisis.	<a href="http://monocounty.ca.gov/behavioral-health">http://monocounty.ca.gov/behavioral-health</a>	(760) 924.1740
<b>Peer/Family Support Specialists</b>						
Mono		Socialization and Wellness Centers	CSS-OESD	Two socialization and wellness centers spread throughout Mono County; (north, Mammoth Lakes, southeast region) serves transition age youth, adults and older adults. Allow for one-stop-shopping, meeting many of consumers' health, social service, mental health, case management, educational and social needs. Centers support improvements in employment, vocational training, education, social and community activities. Provides a network of social relationships, timely access to needed help, including during crisis, reduction in involuntary services and a reduction in out-of-home placements.	<a href="http://monocounty.ca.gov/behavioral-health">http://monocounty.ca.gov/behavioral-health</a>	(760) 924.1740
Mono		Ongoing Employment and Educational Staff Support	WET	Provides employment and educational supports to consumer and family members, including those from diverse communities. Focuses on essential skill sets and supports to promote success in employment. Emphasizes supporting consumer and consumer family member employees, promoting recovery, wellness and resilience, but this additional help is also available to all public mental health employees. Hires consumers into full-time paid and benefited County positions. Assists consumer employees to succeed on a day-to-day basis in the workplace. Reinforces and supports Mono County's commitment to retention of consumers and family members who enter the workforce. Prepares consumers and family members for successful employment in the public mental health system.	<a href="http://monocounty.ca.gov/behavioral-health">http://monocounty.ca.gov/behavioral-health</a>	(760) 924.1740
<b>Reducing Disparities</b>						
Mono		Racial Ethnic Disparity Coalition	OESD	Joined R.E.D. with Mono County Probation to address disparities related to race and ethnicity	<a href="http://monocounty.ca.gov/behavioral-health">http://monocounty.ca.gov/behavioral-health</a>	(760) 924.1740

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Mono		Student Mental Health; Suicide Prevention; Stigma Reduction	PEI	Provide Prevention and Early Intervention in Mono County Schools regarding student mental health, healthy choices, and anti-bullying. Provides Crisis support and stabilization for all county residents. Provides stigma reduction in each community with stakeholder influence.	<a href="http://monocounty.ca.gov/behavioral-health">http://monocounty.ca.gov/behavioral-health</a>	(760) 924.1740
Mono		Peapod (Parenting) Program	PEI	Provides two new parent support groups in Mammoth Lakes; one serves Spanish-speaking mothers. Provides a new parent support group in the Benton/Chalfant area of Mono County (southeast region) and similar support in the north end of the County. Peapod program focuses on new parents with funds to support mental health care. Curriculum is designed to de-stigmatize recognition of the early signs of mental health problems/issues and to encourage and normalize seeking assistance. Pilots a variety of strategies to see which is most effective at encouraging utilization of mental health services for different ethnic populations. The three populations we will focus mirror our county demographics and include Caucasian, Hispanic and Native American	<a href="http://www.monohealth.com/mental/mh.html">http://www.monohealth.com/mental/mh.html</a>	(760) 924.1740
Mono		Foro Latino	CSS-OESD	Mono County Behavioral Health (MCBH) is proud to host its Foro Latino, a quarterly event held only in Spanish. The goals of el Foro are to help members of the Latino community feel more connected, to create a space where culture and heritage can be celebrated, and to reduce stigma around mental health services. Foro Latino presenters have included representatives from the ACLU and the Mexican Embassy, while other Foro events focus on family engagement. When adults are participating in important community discussions, MCBH provides activities for children.	<a href="http://monocounty.ca.gov/behavioral-health">http://monocounty.ca.gov/behavioral-health</a>	(760) 924.1740
Mono		Community Socials in Outlying Areas	CSS-OESD	Every month, MCBH hosts socials in three small communities throughout the county: Walker, Benton, and Bridgeport. This dinner and social gathering is helping to build community connection, reduce stigma, and increase access to services.	<a href="http://monocounty.ca.gov/behavioral-health">http://monocounty.ca.gov/behavioral-health</a>	(760) 924.1740
Mono		Circulo de Mujeres	PEI-OESD	A women's support group held solely in Spanish, Circulo de Mujeres, focuses directly on reducing stigma and the effects of discrimination among Hispanic women.	<a href="http://monocounty.ca.gov/behavioral-health">http://monocounty.ca.gov/behavioral-health</a>	(760) 924.1740
Mono		Technology Suite	INN-OESD	MCBH is very excited to participate in an Innovation plan that will offer a suite of tech-based services to clients. The goals of the plan are to: 1) help promote immediate access to mental health services, 2) reduce isolation among people living in remote, rural areas, and 3) passively collect data that can predict first episode psychosis, specifically by working with Cerro Coso Community College.	<a href="http://monocounty.ca.gov/behavioral-health">http://monocounty.ca.gov/behavioral-health</a>	(760) 924.1740
Mono		Community Outreach and Engagement	PEI	To reduce stigma and discrimination, MCBH engages in several activities, including English and Spanish Facebook pages, tabling at health fairs and other community events, and developing a community outreach campaign.	<a href="http://monocounty.ca.gov/behavioral-health">http://monocounty.ca.gov/behavioral-health</a>	(760) 924.1740
<b>Housing</b>						
Mono		Supported & Transitional Housing	CSS	Provides help with locating and/or securing affordable housing as needed and when possible.	<a href="http://monocounty.ca.gov/behavioral-health">http://monocounty.ca.gov/behavioral-health</a>	(760) 924.1740
<b>Other Programs</b>						
Mono		Full Service Partnerships	CSS-FSP	Designed to expand mental health services and supports to residents of all ages who have severe mental illness (SMI) or identified as severe emotional disturbance (SED) and assist these residents in achieving their goals. MCBH staff members also serve as active partners in County Multi-Disciplinary Teams in order to increase coordination of services across departments and jurisdictions and promote cross-disciplinary learning	<a href="http://monocounty.ca.gov/behavioral-health">http://monocounty.ca.gov/behavioral-health</a>	(760) 924.1740
Mono		Eastern Sierra Strengths Based Learning Collaborative	INN	Inyo, Mono, and Alpine Counties are bringing facilitators to the Eastern Sierra to train staff how to use the evidence-based Strengths Model. It is the goal of the Collaborative to improve client outcomes, offer learning opportunities to staff, and improve regional partnerships.	<a href="http://monocounty.ca.gov/behavioral-health">http://monocounty.ca.gov/behavioral-health</a>	(760) 924.1740
Mono		MHSA Workforce Education and Training Coordination	WET	Funds clinical staff and support staff to coordinate the planning and development of the Workforce Education and Training component (WETC). Enables Mono County to effectively outreach to our diverse communities, coordinate a stakeholder input process, consolidate information, and craft a meaningful plan taking Mono County's specific needs into account.	<a href="http://monocounty.ca.gov/behavioral-health">http://monocounty.ca.gov/behavioral-health</a>	(760) 924.1740

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Mono		Student Loan Repayment Program for Professional Staff	WET	Links financial incentives to workforce development. The County makes student loan payments directly to the lending institution of eligible employees. Requires that the student loan was for the purpose of obtaining a degree that would make them license-eligible for work in the County's mental health service system.	<a href="http://monocounty.ca.gov/behavioral-health">http://monocounty.ca.gov/behavioral-health</a>	(760) 924.1740
Mono		Tuition reimbursement of paraprofessional staff	WET	Expands existing program to include paraprofessional staff. Begins a local incentive program to encourage and support existing staff, consumers, and family members in seeking career development and advancement. Incumbents employed in a paraprofessional staff position at Mono County Mental Health, are eligible for Mono County Mental Health to pay for tuition and books for agreed-upon programs to further their education in the mental health field.	<a href="http://monocounty.ca.gov/behavioral-health">http://monocounty.ca.gov/behavioral-health</a>	(760) 924.1740
<b>MONTEREY COUNTY</b>						
<b>Crisis Support</b>						
Monterey		Mobile Crisis	SB 82	Crisis Team staff are dispatched out to calls for service through county communications at law enforcement's request. Also, behavioral health outpatient staff can alert mobile crisis staff regarding clients who may be decompensating and a welfare check can be requested. Hours of Operation: Wednesday through Saturday 12:30pm to 10pm and alternating Tuesdays 1:30pm to 10pm.	<a href="http://www.mtyhd.org">www.mtyhd.org</a>	Melanie Rhodes (831) 796-1742 RhodesM@co.monterey.ca.us
Monterey		Crisis Intervention	PEI	Expansion of Crisis Intervention Training for Law Enforcement, Dispatch, ambulance, fire First Responders; On-Call Mental Health Consultation.	<a href="http://www.mtyhd.org">www.mtyhd.org</a>	Melanie Rhodes (831) 796-1742 RhodesM@co.monterey.ca.us
Monterey		Critical Incident Debriefing	PEI	This program provides individuals who have been traumatized by witnessing violence or a traumatic incident with needed professional assistance. Debriefings are conducted on or near the site of a violent or traumatic incident, usually within a 24 to 72 hour period.	<a href="http://www.mtyhd.org">www.mtyhd.org</a>	Melanie Rhodes (831) 796-1742 RhodesM@co.monterey.ca.us
Monterey		Suicide Prevention	PEI	The expansion of the Suicide Prevention Line has increased the capacity for a 24-hour toll free multi-lingual suicide crisis line that ensures services are accessible to all residents at-risk of suicide. Services include: crisis intervention, information and referral, support group information and collaboration with community service agencies.	<a href="http://www.mtyhd.org">www.mtyhd.org</a>	Dana Edgull (831) 796-6110 EdgullDR@co.monterey.ca.us
Monterey		Mental Health Services for the Archer Child Advocacy Center	PEI	This program serves as an early intervention effort to mitigate the long term effects of child abuse. This program provides mental health assessments, referral and brief therapy to children who have been sexually assaulted, and also provides crisis support to the child's family. Providing brief therapy at an early stage, immediately following the exposure to abuse and trauma, helps reduce the development of severe emotional disturbance or serious mental illness.	<a href="http://www.mtyhd.org">www.mtyhd.org</a>	Liz Perez-Cordero (831) 755-8430 Perez-CorderoLA@co.monterey.ca.us
<b>Peer/Family Support Specialists</b>						
Monterey		Family Preservation	CSS-OESD	Provides "home partner" supportive services to families of youth at risk of being removed from their homes.	<a href="http://www.mtyhd.org">www.mtyhd.org</a>	Liz Perez-Cordero (831) 755-8430 Perez-CorderoLA@co.monterey.ca.us
Monterey		Dual Diagnosis Services	CSS-FSP	For adults with serious mental illness, which can also include those with a co-occurring substance use disorder, FSP services will be offered as an intensive outpatient alternative to the array of residential treatment services and housing-based FSPs that often have long wait lists for entry to services	<a href="http://www.mtyhd.org">www.mtyhd.org</a>	Michael Lisman (831) 755-4708 LismanM@co.monterey.ca.us
Monterey		Peer Support Wellness Navigators	PEI	Improves access to mental health care, makes access more comprehensive and culturally sensitive, and facilitates more timely entry to care. Navigators are knowledgeable about treatment options, screening and assessment tools, individual education plans and other information to guide individuals who seek access to services. Navigators assess and assist clients in accessing screening service, inform of service options, advocate for the client, and follow up to ensure service access.	<a href="http://www.mtyhd.org">www.mtyhd.org</a>	Michael Lisman (831) 755-4708 LismanM@co.monterey.ca.us

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Monterey		Peer to Peer Counseling	PEI	Provides adults with a structured form of mutual support in a setting of agreed confidentiality, allowing consumers a safe environment. Support groups are consumer driven with consumer leadership opportunities. Minimal guidance by a mental health clinician/advisor is available as needed. Offered on a weekly basis in non-traditional settings, this program promotes wellness and recovery, provides emotional support, and prevents psychiatric decompensation.	www.mtyhd.org	Michael Lisman (831) 755-4708 LismanM@co.monterey.ca.us
Monterey		Peer Partners for Health	PEI	The Peer Partners for Health training and peer support program focuses on clients who are either in the crisis residential program at Manzanita and/or the Natividad Medical Center in-patient unit to help them with their transition into the community after they are discharged. The goal of the program is to utilize the assistance of a peer and a family member Wellness Navigator in connecting consumers to community based follow up services in a culturally sensitive manner, focusing mainly on Latino engagement.	www.mtyhd.org	Michael Lisman (831) 755-4708 LismanM@co.monterey.ca.us
Monterey		Adult Wellness Center (OMNI Resource Center)	PEI	The OMNI Resource Center is a FREE, peer and family member run mental health wellness center. The OMNI Resource Center (OMNI) offers innovative healing, leadership and supportive programs in a welcoming and inclusive environment that promotes personal connection and mutual support in order to increase the overall mental health of participants. There is no referral process and all services are completely free and voluntary. All staff and volunteers have personal experience with mental health issues and recovery and believe recovery is possible for everyone. OMNI's goal is to improve the quality of life and self-esteem of individuals with mental health or emotional issues by increasing the overall mental health of individuals and the community. OMNI serves all adults who are seeking peer support, personal empowerment, resource referral, advocacy and social activities on their journey towards mental health wellness and recovery. OMNI also offers skills training and tools to those who would like to become leaders and take an active role in the wellness and recovery movement. Center participants are given the opportunity to design and run OMNI programs, which reflect the suggestions, interests and talents of members.	www.mtyhd.org	Michael Lisman (831) 755-4708 LismanM@co.monterey.ca.us
Monterey		Success Over Stigma	PEI	The “Success Over Stigma” program focuses on consumer advocacy and outreach. The program promotes consumer involvement in planning and executing mental health services and anti-stigma messaging in the community, including training Monterey County consumer representatives for statewide forums, task forces, focus groups, etc. It also serve as means to increase peer involvement in developing and strengthening mental health services both locally and at the state level. Lastly, consumers will learn how to better advocate for themselves.	www.mtyhd.org	Dana Edgull (831) 796-6110 EdgullDR@co.monterey.ca.us
Monterey		Senior Peer Counseling	PEI	Volunteers support their peers in meeting he challenges of aging, (e.g., dealing with depression, grief, loss, isolation and other stressors). Senior peer counselors go through an intensive training program and are supervised by professionals. The program also serves as a link for participants to access a variety of other support groups and services in the community. Expansion has enhanced efforts to reach Latino seniors in the Salinas Valley region.	www.mtyhd.org	Dana Edgull (831) 796-6110 EdgullDR@co.monterey.ca.us
Monterey		Family Self-Help Support and Advocacy	PEI	NAMI Monterey County provides individual and group support, outreach services, family to family education courses for family members and care providers of adults living with mental illness, “provider education” presentations to mental health professionals, and anti-stigma campaigns throughout the County. Additional PEI funds aim to expand these services to residents who live in South County.	www.mtyhd.org	Dana Edgull (831) 796-6110 EdgullDR@co.monterey.ca.us
Monterey		Family Support Groups	PEI	Offers support groups to families of individuals with mental illness so that they can be part of a stable community of persons living with similar problems and concerns. Groups enhance families’ understanding of the signs and symptoms of mental illness. Offered in English and Spanish. Benefits of participation include making connections, improving coping skills, getting motivated and finding hope.	www.mtyhd.org	Michael Lisman (831) 755-4708 LismanM@co.monterey.ca.us
Monterey		Outreach for Increased Awareness of Early Signs of Mental Illness	PEI	MCBH staff to provide community based psycho-educational workshops when it is indicated to have clinical expertise and advanced knowledge of mental health and related topics. This will be done in partnership with local non-profits, schools, churches and other community based entities to reach community members in natural settings and accessible locations.	www.mtyhd.org	Dana Edgull (831) 796-6110 EdgullDR@co.monterey.ca.us

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Monterey		Epicenter “Voices”	PEI	The youth-led community center provides resources and counseling for youth ages 16-24, especially those who are transitioning out of foster care. Services include information, referral and linkage, coaching and mentoring, training, healthy eating and lifestyle education, outreach and relationship building with system partners, development and sustainability of local volunteers, and development, partnership, and support around various ILP related special events and experiences, emphasizing employment and education opportunities.	www.mtyhd.org	Dana Edgull (831) 796-6110 EdgullDR@co.monterey.ca.us
<b>Reducing Disparities</b>						
Monterey		Peer Support Wellness Navigators	PEI	Improves access to mental health care, makes access more comprehensive and culturally sensitive, and facilitates more timely entry to care. Navigators are knowledgeable about treatment options, screening and assessment tools, individual education plans and other information to guide individuals who seek access to services. Navigators assess and assist clients in accessing screening service, inform of service options, advocate for the client, and follow up to ensure service access.	www.mtyhd.org	Michael Lisman (831) 755-4708 LismanM@co.monterey.ca.us
Monterey		Peer Partners for Health	PEI	The Peer Partners for Health training and peer support program focuses on clients who are either in the crisis residential program at Manzanita and/or the Natividad Medical Center in-patient unit to help them with their transition into the community after they are discharged. The goal of the program is to utilize the assistance of a peer and a family member Wellness Navigator in connecting consumers to community based follow up services in a culturally sensitive manner, focusing mainly on Latino engagement.	www.mtyhd.org	Michael Lisman (831) 755-4708 LismanM@co.monterey.ca.us
Monterey		Workforce Support & Counseling	CSS	This program provides services to people with disabilities such as information and referral, housing assistance, individual advocacy, peer support, personal assistance services, independent living skills training, systems advocacy, assistive technology support (devices to help people with disabilities live independently) and benefits counseling.	www.mtyhd.org	Kacy Carr (831) 755-8941 CarrK@co.monterey.ca.us
Monterey		African American Partnership	PEI	Provides professional development services, thereby increasing the availability of culturally competent services for the African American community. Partnership’s work includes cultural competency development and systematic outreach activities. The Village Project also provides individual and family counseling, parenting groups and other prevention services.	www.mtyhd.org	Kacy Carr (831) 755-8941 CarrK@co.monterey.ca.us
Monterey		Latino Community Partnership: Promotores	PEI	Health promoters or “Promotores de Salud” provide the Latino community with knowledge and skills about mental health services and access. The knowledge component focuses on health topics and behaviors that have been identified as relevant by Latino immigrants. The skills component focuses on skills necessary to carry out the outreach activities such as communication skills, problem solving and resource collaboration.	www.mtyhd.org	Dana Edgull (831) 796-6110 EdgullDR@co.monterey.ca.us
Monterey		Multilingual Parenting Services - Parent Education Partnership	PEI	A lead agency works in collaboration with school districts and family resource centers to provide parenting skills development in an eight to ten week series, utilizing the Positive Parenting Program curriculum. Program increases parent awareness of mental health issues and community resources, providing culturally and linguistically appropriate parent education.	www.mtyhd.org	Dana Edgull (831) 796-6110 EdgullDR@co.monterey.ca.us
Monterey		Early Intervention (0-5) Secure Families	PEI	The Secure Families/Familias Seguras program has, as its core value, the provision of culturally and linguistically appropriate behavioral health services geared toward providing children ages 0-5 and the family with the necessary resources required to support positive physical, emotional and cognitive development. Services include: Dyadic Therapy (parent/caregiver and child); Mental Health Consultation; Developmental and Social-Emotional Screenings. Services are provided in conjunction with Family Resource Centers throughout Monterey County including King City, Salinas, Seaside and Castroville.	www.mtyhd.org	Relindis Diaz DiazRL@co.monterey.ca.us
Monterey		Outreach for Increased Awareness of Early Signs of Mental Illness	PEI	MCBH staff to provide community based psycho-educational workshops when it is indicated to have clinical expertise and advanced knowledge of mental health and related topics. This will be done in partnership with local non-profits, schools, churches and other community based entities to reach community members in natural settings and accessible locations.	www.mtyhd.org	Dana Edgull (831) 796-6110 EdgullDR@co.monterey.ca.us

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Monterey		Veterans Reintegration Transition Program	PEI	The Veterans Transition Center (VTC), Salvation Army (SA), Department of Social Services (DSS) faith based organizations, law enforcement, training and job placement agencies partner to assist Veterans reintegrate into their community after they are released from service. The MVAO Veteran Reintegration Transition Program Veterans Service Representative (VTRP VSR) communicates regularly with non-profit and veteran organizations within the community to provide support and services to Veterans. They can also assist the program by acting as mentors for our returning service members providing their experience and guidance to assist returning service members from today's major conflicts. VTRP VSRs also reach out Veterans who are in shelters, on the street, or in local correctional facilities to render assistance with mental health, healthcare and social service referrals.	www.mtyhd.org	Dana Edgull (831) 796-6110 EdgullDR@co.monterey.ca.us
<b>Housing</b>						
Monterey		Supportive Housing	CSS-FSP	Provides supportive housing and case management services for youth exiting the Youth Center and/or who are served by the Behavioral Health Juvenile Justice Team.	www.mtyhd.org	Marni Sandoval (831) 784-2170 SandovalMR@co.monterey.ca.us
Monterey		Supportive Housing	CSS-FSP	Expands existing McHome program serving the homeless mentally ill. Includes outreach and engagement, case management, and supportive Housing.	www.mtyhd.org	Michael Lisman (831) 755-4708 LismanM@co.monterey.ca.us
Monterey		Supportive Housing	CSS-FSP	Supportive housing for persons with mental illness who are homeless or at risk of homelessness at the following developments: Lupine Gardens, Sunflower Gardens, Rockrose Gardens, Wesley Oaks.	www.mtyhd.org	Michael Lisman (831) 755-4708 LismanM@co.monterey.ca.us
Monterey		Supportive Housing	CSS-FSP	Provides 24-hour residential care and supervision for older adults with a serious mental illness.	www.mtyhd.org	Tawnya Majeski (831) 647-7652 MajeskiT@co.monterey.ca.us
<b>SB 82 Funded</b>						
Monterey		Mobile Crisis	SB 82	Crisis Team staff are dispatched out to calls for service through county communications at law enforcement's request. Also, behavioral health outpatient staff can alert mobile crisis staff regarding clients who may be decompensating and a welfare check can be requested. <b>Unspecified</b>						
Monterey		HIV/AIDS Community Partnership	CSS-OESD	Provides mental Health services for persons with HIV or at high risk of HIV infection.	www.mtyhd.org	Kacy Carr (831) 755-8941 CarrK@co.monterey.ca.us
Monterey		Return to Work Benefits Counseling	CSS	Provides services to people with disabilities such as information and referral, housing assistance, individual advocacy, peer support, personal assistance services, independent living skills training, systems advocacy, assistive technology support (devices to help people with disabilities live independently) and benefits counseling.	www.mtyhd.org	Kacy Carr (831) 755-8941 CarrK@co.monterey.ca.us
Monterey		2-1-1 Program	PEI	The 2-1-1- system performs similarly to others that successfully operate in other California counties and reaches approximately 65% of the population nationwide. The system provides services in over 100 languages to residents of all age groups and race/ethnicities. Screening and referral of calls improves responsiveness of mental health crisis services, by diverting non mental health information calls to more relevant agencies. The 2-1-1 in Monterey County also operates a website.	www.mtyhd.org	Dana Edgull (831) 796-6110 EdgullDR@co.monterey.ca.us
Monterey		Mental Health First Aid	PEI	In collaboration with the Monterey County Office of Education (MCOE), the Behavioral Health Bureau is offering Mental Health First Aid courses. Mental Health First Aid teaches a 5-step action plan to offer initial help to people showing signs of a mental illness or in a crisis, and connect them with the appropriate professional, peer, social, or self-help care. The 8-hour Mental Health First Aid course is available for anyone 18 years and older who wants to learn how to help a person who may be experiencing a mental health crisis or problem and/or who works with young people, ages 12-18 — teachers, coaches, leaders of faith communities, social workers, and other caring citizens.	www.mtyhd.org	Kacey Rodenbush (831) 647-7651 RodenbushKM@co.monterey.ca.us

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Monterey		PEI Fund to CalMHSA for Statewide PEI Projects	PEI	The Behavioral Health Bureau partners with CalMHSA to implement statewide the initiatives Each Mind Matters, Know The Signs, Walk In Our Shoes, and Direct Change to reduce stigma and discrimination, improve student mental health, and prevent suicide. Education and public health messages to take action to prevent suicide, link Monterey County residents with key information about how to seek help	www.mtyhd.org	Dana Edgull (831) 796-6110 EdgullDR@co.monterey.ca.us
Monterey		Adoption Preservation	CSS-FSP	Provides parent training, mental health treatment and case management for adoptive children and their families.	www.mtyhd.org	Marni Sandoval (831) 784-2170 SandovalMR@co.monterey.ca.us
Monterey		Family Reunification Partnership	CSS-FSP	Provides intensive therapy and case management services for children in the foster care system.	www.mtyhd.org	Liz Perez-Cordero (831) 755-8430 Perez-CorderoLA@co.monterey.ca.us
Monterey		Juvenile Justice: Mental Health Court	CSS-FSP	Community Action Linking Adolescents ("CALA") program provides mental health services and case management for youth in the juvenile justice system.	www.mtyhd.org	Marni Sandoval (831) 784-2170 SandovalMR@co.monterey.ca.us
Monterey		AVANZA	CSS-FSP	This program nurtures and empowers youth and young adults by providing comprehensive case management and assistance with employment, education, independent living skills, and personal functioning. The program connects Transition Age Youth (TAY) with community resources, jobs and educational opportunities. Collaborative partners are: TAY, organizations serving youth, juvenile probation, education, and social services.	www.mtyhd.org	Marni Sandoval (831) 784-2170 SandovalMR@co.monterey.ca.us
Monterey		Integrated Co-Occurring Treatment	CSS-FSP	Provides integrated treatment for youth with co-occurring mental illness and alcohol or other drug abuse.	www.mtyhd.org	Marni Sandoval (831) 784-2170 SandovalMR@co.monterey.ca.us
Monterey		Resolving Trauma Services for Children	CSS	The focus of these mental health services is to resolve trauma experiences for infants and children ages 0 through 5 years, by addressing the impact of trauma on a child and his/her family, as well as the impact of trauma on children who are being raised by a relative caregiver. such services will help reduce the possibilities of future residential care, periodic inpatient hospitalization, placement at out-of-home facilities, or placement in a juvenile detention facility.	www.mtyhd.org	Marni Sandoval (831) 784-2170 SandovalMR@co.monterey.ca.us
Monterey		Integrated Co-Occurring Treatment	CSS-SD	Santa Lucia provides mental health services to adolescent females age 13-18 who require residential care and who are placed in out of home care by Social Services or Probation to identify, assess, treat, and stabilize psychiatric, emotional, behavioral, and co-occurring disorders	www.mtyhd.org	Marni Sandoval (831) 784-2170 SandovalMR@co.monterey.ca.us
Monterey		Early Childhood (0-5 yrs.)	CSS-OESD	Provides counseling services for children in childcare and Head Start programs; home visitation staff and other community partners.	www.mtyhd.org	Relindis Diaz DiazRL@co.monterey.ca.us
Monterey		MCSTART	CSS-SD	This program ensures that children under 5 have access to developmental screening and appropriate referral for services to foster positive physical, emotional and cognitive development. Therapists work with school faculty by providing mental health consultation in preschool classrooms, observations and dialogue with school staff. By identifying problems with self-regulation and providing low-intensity brief therapy before elementary school, fewer children will need treatment later and academic performance will improve.	www.mtyhd.org	Relindis Diaz DiazRL@co.monterey.ca.us
Monterey		6-8 Mental Health Screening	CSS-SD	Ensures that children 6-8 will have access to developmental screening and appropriate referral for services. This program extends the services provided by the Early Intervention program Secure Families to children through age 8 who are in need of screening, assessment and preventive/early intervention services.	www.mtyhd.org	Relindis Diaz DiazRL@co.monterey.ca.us

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Monterey		Prevention and Early Intervention in Early Psychosis	PEI	PREP Monterey County serves individuals between the ages of 14-35, with first onset of Schizophrenia, Schizoaffective Disorder, Schizophreniform Disorder, or Psychosis NOS, within the past two years. The Goals of PREP Services are 1) Remission: fewer hospitalizations, a remission of psychotic symptoms, and return to a normal life of school, work, family, and friends, 2) Rehabilitation: provide early psychosis clients with the tools that they need to continue to keep their illness under control for the long term, 3) Recovery: restores clients to a normal productive life and 3) Respect: all treatment planning will include participation and consent by the client, and his/her family (as defined by the client).	www.mtyhd.org	Dana Edgull (831) 796-6110 EdgullDR@co.monterey.ca.us
Monterey		School Based Counseling	PEI	Using evidence-based practices, provides early intervention addressing the mental health needs of elementary school aged children and a prevention education for parents and school faculty. The program places mental health professionals in two elementary school sites where they offer immediate services in schools which have been identified as having the greatest need.	www.mtyhd.org	Marni Sandoval (831) 784-2170 SandovalMR@co.monterey.ca.us
Monterey		Mental Health Services at Silver Star Resource	PEI	The program serves as a prevention effort to reduce the incidence of youth involvement in the juvenile justice system by providing mental health assessments, therapy and referrals to other resources in the community.	www.mtyhd.org	Marni Sandoval (831) 784-2170 SandovalMR@co.monterey.ca.us
Monterey		Youth Diversion	PEI	This program is a partnership between law enforcement, schools and Behavioral Health to intervene in the early incidence of juvenile delinquency. The program serves youth at risk of school failure and/or juvenile justice system involvement by providing assessment of the emotional and mental health needs of youth, counseling and referrals to community resources.	www.mtyhd.org	Marni Sandoval (831) 784-2170 SandovalMR@co.monterey.ca.us
Monterey		School Based Domestic Violence Counseling	PEI	Services are provided by licensed clinicians or qualified interns for schools for children who have witnessed violence or other traumatic events. Counselors provide individual and group therapy, utilizing various evidence based practice theories such as expressive arts, and make referrals to other resources.	www.mtyhd.org	Kacey Rodenbush (831) 647-7651 RodenbushKM@co.monterey.ca.us
Monterey		Kinship Center	CSS-SD	This program provides outpatient mental health services to children and their families referred by the Department of Social Services, other Behavioral Health programs and the community. Mental health services are designated to provide reduction of mental disability and improvement and maintenance of functioning consistent with the goals of learning, development, independent living and enhanced self-sufficiency.	www.mtyhd.org	Marni Sandoval (831) 784-2170 SandovalMR@co.monterey.ca.us
Monterey		Juvenile Sex Offender Response Team	CSS-FSP	A multi-disciplinary team consisting of the following agencies: Behavioral Health, Probation, Child Welfare, Law Enforcement, Victim Advocates and District Attorney provides oversight of a coordinated model of care for juveniles served through this project.	www.mtyhd.org	Marni Sandoval (831) 784-2170 SandovalMR@co.monterey.ca.us
Monterey		Mental Health Court	CSS-FSP	Expansion of Creating New Choices (CNC) program, providing mental health services and case management in collaboration with the Probation Department, District Attorney, Public Defender and the Court.	www.mtyhd.org	Amanda Briseno (831) 796-1759 BrisenoAL@co.monterey.ca.us
Monterey		Co-Occurring Integrated Care	CSS-OESD	Expansion of an existing dual recovery outreach, group support and aftercare program.	www.mtyhd.org	Michael Lisman (831) 755-4708 LismanM@co.monterey.ca.us
Monterey		Homeless Services and Supportive Housing	CSS-FSP	Expansion of the McHome program serving the homeless mentally ill. Services include outreach and engagement, case management, mental health services, and supportive housing services.	www.mtyhd.org	Michael Lisman (831) 755-4708 LismanM@co.monterey.ca.us
Monterey		Chinatown Learning Center	PEI	Community-based wellness and recovery services for adults who are currently homeless and who may also have serious mental illness and/or substance abuse disorder.	www.mtyhd.org	Michael Lisman (831) 755-4708 LismanM@co.monterey.ca.us
Monterey		Integrated Care	CSS-FSP	Co-locates and coordinates mental health services for older adults with existing multi-disciplinary teams.	www.mtyhd.org	Tawnya Majeski (831) 647-7652 MajeskiT@co.monterey.ca.us

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Monterey		Senior Companion Program	PEI	The Senior Companion Program recruits, trains and places Senior Companions to work with: homebound clients and clients who live alone; clients with chronic disabilities; clients whose caregiver needs respite from their responsibilities; clients with mental health issues; and clients who are visually or hearing impaired. Senior Companions volunteer an average of 20 hours per week. The Program works to assist clients served by Senior Companions to maintain independent living and achieve the highest quality of life possible.	<a href="http://www.mtyhd.org">www.mtyhd.org</a>	Dana Edgull (831) 796-6110 EdgullDR@co.monterey.ca.us
Monterey		Residency & Internship Programs	WET	Provides field placements, internship, and licensure opportunities at all levels -- high school, community college, bachelor level and masters level students -- as well as doctorate level psychologists.	<a href="http://www.mtyhd.org">www.mtyhd.org</a>	Jill Walker (831) 796-1271 WalkerJ@co.monterey.ca.us
Monterey		Financial Incentive Programs	WET	Coordinates loan forgiveness opportunities and provides incentives for participation on special projects.	<a href="http://www.mtyhd.org">www.mtyhd.org</a>	Jill Walker (831) 796-1271 WalkerJ@co.monterey.ca.us
Monterey		Workforce Training	WET	Provides training to mental health service providers in County operated and contracted out programs.	<a href="http://www.mtyhd.org">www.mtyhd.org</a>	Jill Walker (831)796-1271 WalkerJ@co.monterey.ca.us

<b>Peer/Family Support Specialists</b>						
Napa		Adult Full Service Partnership	CSS-FSP	The AFSP provides wraparound services to homeless mentally ill and other at-risk adult individuals ages 26-59 and assists them to obtain and maintain housing using a recovery oriented model. The AFSP works within the Napa County Mental Health Division to coordinate all aspects of mental health treatment. The AFSP program is centered on individual needs and focused on engaging individuals in their own care. By meeting individuals "where they are" staff foster hope and build on the individual's own resiliency. Personal Service Coordinators (PSCs) guide individuals in the process of developing Wellness and Recovery Plans (WRPs) that will help them improve housing stability by preventing homelessness or moving individuals from homelessness into stable housing. Staff also works with individuals to connect them to counseling and support groups, improve access to medication services, obtain consistent income (SSI, SSDI, etc.), obtain health benefits, access substance abuse treatment programs if needed, connect to employment and work toward individual educational goals, and to have access to reliable transportation. 2 Peer staff are also part of the FSP team and support individuals in their recovery and will begin offering support groups in 2016.	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	General Information, appointments and 24/7 Access: (707) 259-8151 or no charge to calling party: 1 (800) 648-8650
<b>Reducing Disparities</b>						
Napa		Children's Full Service Partnership	CSS-FSP	The Children's Full Service Partnership (CFSP) Program is designed to assist underserved, primarily Latino at-risk youth ages 0 to 15 with intense emotional disturbance who demonstrate problems with functioning in at least two of the following areas: a) school; b) home; c) community; and d) peer relationships; and are either at risk for hospitalization, incarceration, suicide, homicide, removal from the home; or the mental disorder/impairments are likely to continue for more than a year without treatment.	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	General Information, appointments and 24/7 Access: (707) 259-8151 or no charge to calling party: 1 (800) 648-8650
Napa		Transition Age Youth Full Service Partnership	CSS-FSP	The Transitional Age Youth Full Service Partnership (TAY FSP) provides wraparound/intensive case management services and a comprehensive range of supports for youth ages 16 to 25 years old who struggle with emotional difficulties and/or mental illness and who live in Napa County or who have been placed out of county and are at risk of incarceration, out of home placement, institutionalization or homelessness and are unserved or underserved.	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	General Information, appointments and 24/7 Access: (707) 259-8151 or no charge to calling party: 1 (800) 648-8650

Napa		Adult Treatment Team Full Service Partnership	CSS-FSP	The program is designed to address the urgent needs of individuals post-hospitalization, institutionalization or individuals who frequently require crisis intervention services. A multidisciplinary team will provide wraparound/intensive case management services with the goal of stabilizing the individual and moving them on to a lower level of care or to other programs that will meet the individual’s needs.	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	General Information, appointments and 24/7 Access: (707) 259-8151 or no charge to calling party: 1 (800) 648-8650
Napa		Older Adult Full Service Partnership	CSS-FSP	The Older Adult Full Service Partnership is a collaborative program of Napa County Health and Human Services Agency Comprehensive Services for Older Adults Division and the Mental Health Division. The OA FSP Program was designed for underserved, at-risk, mentally ill adults age 60 years and older, who would benefit from intensive wraparound case management. The OA FSP staff provides assistance in addressing an older adult’s physical, emotional and living situation needs.	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	General Information, appointments and 24/7 Access: (707) 259-8151 or no charge to calling party: 1 (800) 648-8650
Napa		Project Access	CSS-OESD	<p>Project Access Services include:</p> <ul style="list-style-type: none"> <li>• Client Travel and Transportation: Provides basic transportation assistance to individuals receiving mental health services to ensure they are attending general health appointments, medication appointments, case management meetings, etc.</li> <li>• Co-Occurring Disorder Support Group: Support group for individuals with mental health and substance abuse co-occurring disorders implemented by the Napa County Alcohol and Drug Services Division.</li> <li>• Network of Care Program: Website for the community to learn about mental health services and wellness resources in the community. <a href="http://napa.networkofcare.org/mh/home/index.cfm">http://napa.networkofcare.org/mh/home/index.cfm</a>.</li> <li>• Flexible Funds for Family Services and Supports: Funds to support individuals, caregivers and families to prevent further onset of mental health illness.</li> <li>• System Navigator Services: System Navigators provide mental health outreach, service linkage, transportation, resources, and referral services to individuals and families throughout Napa County with a focus on the needs of the Latino community. System Navigators are housed in the Mental Health Division and co-located at various community locations throughout Napa County. A bilingual Licensed System Navigator also provides assessment, brief therapy and support group services to monolingual Spanish-speaking individuals.</li> <li>• Parent and Caregiver Services: These services support parents, and other caregivers of children who are ‘at-risk’, have severe emotional disturbance or mental illness. Services include, but are not limited to: navigator services; family-to-family support groups; respite (including overnight) and subsidized day care; and in-home behavioral and supplemental mental health services for pre-referral programs in schools (e.g., parent training in positive behavioral supports).</li> <li>• Transformational Training: These are systemic change trainings for mental health and associated service professionals, consumers, families, and community members in Wellness and Recovery, Co-Occurring Disorders, Cultural Competency, etc.</li> <li>• Adult Resource and Recovery Center: Napa County’s adult consumer self-help resource center is known as the Innovations Community Center or ICC. It is a peer-run program in which consumers, staff and volunteers foster an atmosphere of support for individuals with mental illness who are on the path to wellness and recovery.</li> </ul>	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	Felix Bedolla MHD Project Manager (707) 299-1759 <a href="mailto:Felix.Bedolla@countyofnapa.org">Felix.Bedolla@countyofnapa.org</a>

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Napa		Home Visitation (HV) Project	PEI	The HV PEI Project serves families throughout the County and receives referrals from a wide range of service provider agencies. This program uses the Healthy Families of America evidence-based program and primarily serves families with children ages 0-5 to prevent child abuse. HV services include: case management, service linkage, specific services related to mental health, substance abuse, financial stability, insurance coverage, etc.	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	Felix Bedolla MHD Project Manager (707) 299-1759 <a href="mailto:Felix.Bedolla@countyofnapa.org">Felix.Bedolla@countyofnapa.org</a>
Napa		American Canyon (AC) PEI Project	PEI	The AC PEI Project offers Student Assistance Program (SAP) services ranging from primary to tertiary levels support services at Napa Junction Elementary School, American Canyon Middle School and American Canyon High School in the City of American Canyon.	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	Felix Bedolla MHD Project Manager (707) 299-1759 <a href="mailto:Felix.Bedolla@countyofnapa.org">Felix.Bedolla@countyofnapa.org</a>
Napa		Domestic Violence (DV) PEI Project	PEI	The Kids Exposed to Domestic Violence PEI Project provides services specifically for children exposed to domestic violence to prevent the onset of Post-Traumatic Stress Disorder (PTSD) or other mental illness. The DV PEI Project includes services for parents, tutoring, support groups (using specific curriculum), communication with schools, and referrals to specialty services for children exposed to domestic violence.	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	Felix Bedolla MHD Project Manager (707) 299-1759 <a href="mailto:Felix.Bedolla@countyofnapa.org">Felix.Bedolla@countyofnapa.org</a>
Napa		Lesbian, Gay, Bisexual, Transgender, Questioning (LGBTQ) PEI Project	PEI	The LGBTQ PEI Project offers training and technical assistance using best-practice trainings for local community providers on relevant LGBTQ issues (Best Practice for LGBTQ 101, TAY and Older Adult Trainings) as well as prevention services to the LGBTQ community. Known as or LGBTQ Connection, this project includes an LGBTQ Advisory Board and Q Youth Board to provide input and guidance to project staff.	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	Felix Bedolla MHD Project Manager (707) 299-1759 <a href="mailto:Felix.Bedolla@countyofnapa.org">Felix.Bedolla@countyofnapa.org</a>
Napa		Native American (NA) PEI Project	PEI	The NA PEI Project provides outreach, education, cultural events and provider training to develop and enhance prevention and early intervention resources for the Native American Communities in Napa County. The NA PEI Project also offers an environment of rich opportunities to practice traditional activities and ceremony which includes, but is not limited to, cultural focus groups, talking circles, video projects with youth, land-based youth camps, ceremonies such as sweat lodges and vision quests; traditional healing practices and regalia creation.	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	Felix Bedolla MHD Project Manager (707) 299-1759 <a href="mailto:Felix.Bedolla@countyofnapa.org">Felix.Bedolla@countyofnapa.org</a>
Napa		Up Valley PEI Project	PEI	The Up Valley PEI project focuses primarily on Latino youth and families in the underserved North County communities. The project has one main component – a school-based group mentoring program primarily for Latino/a youth called CLARA and CLARO that is implemented in the middle and high schools in St. Helena and Calistoga.	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	Felix Bedolla MHD Project Manager (707) 299-1759 <a href="mailto:Felix.Bedolla@countyofnapa.org">Felix.Bedolla@countyofnapa.org</a>
Napa		Older Adult (OA) PEI Project	PEI	The OA PEI project is designed to support early identification of mental illness and early intervention among at-risk older adults and older adults who are experiencing early onset of mental health issues, particularly those who are isolated and underserved or unserved. Known as, Healthy Minds, Healthy Aging, the OA PEI projects has three components - a gatekeeper training program, assessment and short-term therapy/case management program and a provider training component of geriatric topics related to mental health.	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	Felix Bedolla MHD Project Manager (707) 299-1759 <a href="mailto:Felix.Bedolla@countyofnapa.org">Felix.Bedolla@countyofnapa.org</a>
Napa		Court and Community Schools (CCS) Student Assistance Program (SAP)	PEI	The CCS SAP PEI Project expands the existing SAP services offered by the Napa County Office of Education to include screening, brief therapy, pro-social activities, and referral to youth at continuation schools.	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	Felix Bedolla MHD Project Manager (707) 299-1759 <a href="mailto:Felix.Bedolla@countyofnapa.org">Felix.Bedolla@countyofnapa.org</a>
Napa		Strengthening Families at Risk (SFR) PEI Project	PEI	The SFR PEI Project addresses the prevention and early intervention needs of families at-risk of developing mental illness through the expansion of services provided by the existing network of community family resource centers. This Project also offers support groups to couples to promote a healthy family dynamic and short-term therapy as needed. Priority is given to referrals from the Mental Health Division's existing PEI programs.	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	Felix Bedolla MHD Project Manager (707) 299-1759 <a href="mailto:Felix.Bedolla@countyofnapa.org">Felix.Bedolla@countyofnapa.org</a>

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Napa		Mental Health Division Internship Program - Residency, Internship Programs	WET	The Mental Health Division's Internship Program includes MSW interns and MFT trainees who are recruited from regional and state colleges and universities. The MHD Internship Coordinator works with HHS staff to develop clinical internships for graduate students. The Internship Coordinator also develops, maintains, and/or expands relationships with the educational institutions providing interns with administrative support along with the HHS Human Resources staff. The Internship Coordinator also tracks the interns who obtain employment with Napa County or with local community based organizations and develops strategies to retain interns in Napa County's publicly-funded mental health system.	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	Felix Bedolla MHD Project Manager (707) 299-1759 <a href="mailto:Felix.Bedolla@countyofnapa.org">Felix.Bedolla@countyofnapa.org</a>
Napa		Stipends, Employment, and Educational Incentives - Financial Incentive Programs	WET	The Stipends, Employment, and Educational Incentives Program offers stipends and financial incentives to those individuals interested in pursuing an education and making a commitment to provide mental health services within Napa County. By providing stipends/financial incentives for individuals who come from diverse educational, cultural and lived experience, the Division anticipates that it will be able to recruit and retain a more diverse mental health workforce that will more appropriately serve the mental health needs of the Napa County community. Stipends offered may include consumer employment stipends, consumer trainer stipends, educational stipends, stipends for interns, license preparation for pre-licensed staff. Assistance is also provided for pre-licensed Associate Social Workers (ASWs) and Marriage and Family Therapist Interns (MFTIs) to become licensed.	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	Felix Bedolla MHD Project Manager (707) 299-1759 <a href="mailto:Felix.Bedolla@countyofnapa.org">Felix.Bedolla@countyofnapa.org</a>
Napa		Adverse Childhood Experiences (ACEs) Project (Innovations Round 2)	INN	<p>Paraprofessionals, who are often best positioned to intervene in the prevention and treatment of ACEs, have the least professional support to address ACEs in their own lives. Licensed professionals receive training and often ongoing supervision to address their own trauma history and how it manifests in their work. This support is generally not available for the paraprofessionals.</p> <p>Since paraprofessionals are often the first contact that individuals have with an organization, the group developed the following learning goals for the ACEs Innovations Project, which will be implemented by Cope Family Center:</p> <ul style="list-style-type: none"> <li>• How does a paraprofessional's personal history with ACEs and Resiliency impact how they address ACEs with individuals?</li> <li>• How does a paraprofessional's personal history with ACEs and Resiliency impact their workplace stress?</li> <li>• Which supports do paraprofessionals find the most effective in changing how they address ACEs with individuals and/or how they manage workplace stress?</li> </ul>	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	Felix Bedolla MHD Project Manager (707) 299-1759 <a href="mailto:Felix.Bedolla@countyofnapa.org">Felix.Bedolla@countyofnapa.org</a>
Napa		Historical Trauma and Traditional Healing: A Training for Mental Health Providers (Innovations Round 2)	INN	<p>By combining information about Native American culture, experiences and historical trauma with the experience of a healing tradition, the contractor, Suscol Intertribal Council, hopes to change providers' understanding of and compassion for the Native American experience and encourage each participant to use and share the traditions in their personal and professional lives. This Innovation Project is focused on combining education about varied Native American cultures, histories and historical trauma with training on traditional wellness and healing practices. The project includes a series of workshops that take providers through the use and benefits of smudging, writing/art, drum circles, clapper sticks, drum making and drum blessings and videos of the workshops will be used to share the learning for ongoing training purposes after the project concludes.</p> <p>This project includes the following Learning Goals/Questions:</p> <ul style="list-style-type: none"> <li>• Does the workshop series change mental health providers' understanding and compassion for Native American individuals with mental health concerns and a traditional view of trauma?</li> <li>• Do providers integrate the learning into their own self-care? Why or why not?</li> <li>• Do providers use their knowledge of Native American culture and history and their experiences with traditional wellness and healing methods to change their professional practice? How? Why?</li> </ul>	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	Felix Bedolla MHD Project Manager (707) 299-1759 <a href="mailto:Felix.Bedolla@countyofnapa.org">Felix.Bedolla@countyofnapa.org</a>

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Napa		Addressing the Mental Health Needs of the American Canyon Filipino Community Project (Innovations Round 2)	INN	<p>After review of Napa Valley Unified School District (NVUSD) and Napa Mental Health Division service usage data, NVUSD staff realized that Filipino youth in American Canyon schools were not using the existing mental health services and supports at the same rate as other populations. District staff held focus groups and distributed surveys to the Filipino community in American Canyon to get a better perspective about what might help. In the focus group and planning process, school staff discovered that there were intergenerational barriers to accessing services for Filipino students and their families. Some of the areas that Filipino youth and adults identified as topics that will be addressed during this project include generational barriers, stigma, pressure, isolation and need for a different solution as current systems are not working or are not effective in getting people the help they need, both for youth and adults.</p> <p>This project is contracted to the Napa Valley Education Foundation which will work with NVUSD to explore the following Learning Goals/Questions: Does an intergenerational approach (both in school and outside of school) to mental health support change:</p> <ul style="list-style-type: none"> <li>• Intergenerational empathy and understanding about wellness needs of parents and students?</li> <li>• Willingness of Filipino youth and families to use supports to promote and maintain wellness?</li> </ul> <p>Do the ideas generated by the intergenerational approach (both in school and outside of school) change how the district and mental health providers support changes to:</p> <ul style="list-style-type: none"> <li>• Screening process to identify mental health risks of all students, not just those with external behaviors?</li> <li>• Supports available to promote and maintain wellness for all students?</li> </ul>	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	Felix Bedolla MHD Project Manager (707) 299-1759 <a href="mailto:Felix.Bedolla@countyofnapa.org">Felix.Bedolla@countyofnapa.org</a>
Napa		Work for Wellness Project (Innovations Round 2)	INN	<p>The Work for Wellness project is designed to learn what works to address the interpersonal, employer and system barriers in the current supported employment system and to learn how to create sustained, meaningful employment for Individuals with Serious Mental Illness (SMI) based on shared measures of success. The project will be implemented by On The Move (OTM) and will use OTM's community building and leadership development model, On The Verge, to bring together individuals with SMI, employers, and program administrators. The Work for Wellness project will tests the hypotheses that the key to creating sustained and meaningful employment opportunities is to build meaningful relationships between workers with mental illness, employers, and supported employment providers. If these participants have the opportunity to build trust and truly know each other, they will be more open to meeting each other's needs, sharing responsibility for success and building a more welcoming work environment across Napa County for people with Serious Mental Illness.</p> <p>This project includes the following Learning Goals/Questions: The learning goals/questions for this project are focused on testing ways to address the interpersonal, employer and system barriers in the current supported employment system.</p> <ul style="list-style-type: none"> <li>• How to create shared measures of success among all participants in the system?</li> <li>• How to increase commitment of all system participants to each other?</li> <li>• How to implement common measures of success in the supported employment system?</li> </ul>	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	Felix Bedolla MHD Project Manager (707) 299-1759 <a href="mailto:Felix.Bedolla@countyofnapa.org">Felix.Bedolla@countyofnapa.org</a>
<b>Housing</b>						
Napa		Hartle Court Permanent Supported-Living Housing Project	Housing	<p>After an extensive RFP process, the Mental Health Division awarded CSS Housing funds to Progress Foundation, which has partnered with the Gasser Foundation to finance acquisition and construction of the Hartle Court Housing Project, which includes 18 one-bedroom units of permanent supportive housing for homeless or at risk of homeless adults with mental illnesses and 6 two-bedroom units of transitional housing for homeless transition-aged youth (18 to 26 years) with mental illnesses. The Hartle Court Apartment complex is located on the south side of the town of Napa on a .68-acre plot next to the existing 59-bed South Napa Homeless Shelter. The land was donated through a 99-year \$1 per year lease by the Gasser Foundation. The total value of the project is approximately \$4 million with \$1,218,600 in CSS Housing funds and an additional \$609,300 in CSS Housing funds for operating subsidies.</p>	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	Felix Bedolla MHD Project Manager (707) 299-1759 <a href="mailto:Felix.Bedolla@countyofnapa.org">Felix.Bedolla@countyofnapa.org</a>

<b>SB 82 Funded</b>						
Napa		Crisis Stabilization Services Program (CSSP)	SB 82	<p>With funding from the California Health Facilities Finance Authority (CHFFA), the Napa County Mental Health Division developed the first Crisis Stabilization Unit (CSU) in Napa County. The Crisis Stabilization Services Program (CSSP) has 6 Adult and 2 Adolescent beds and was designed to address gaps in the county's continuum of care by providing access to emergency psychiatric services complementary to current resources. The CSSP:</p> <ul style="list-style-type: none"> <li>- Offers the first emergency psychiatric crisis services available in Napa County;</li> <li>- Expands access to early intervention and treatment services to improve the consumer experience, and helps them to achieve recovery and wellness;</li> <li>- Diverts mental health consumers from hospitalization and other institutional care to more appropriate, less restrictive levels of care;</li> <li>- Reduces the negative impacts of extended hospital emergency room stays upon consumers and local hospital emergency departments; and</li> <li>- Enables first responders to quickly transition consumers to crisis mental health services.</li> </ul>	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	2751 Napa Valley Corporate Way, Building B Napa, CA 94558 Phone: 707-253-4711 Hours: Open 24 hours a day

Napa		Technological Needs (TN)	CFTN	<p>The Mental Health Division's TN Project was identified with input from local stakeholders who were involved in the local TN planning process. The following items will enable the Mental Health Division to improve the delivery of mental health services to its clients regardless of whether they are seen at county facilities or at one of the many organization providers and/or members of the individual provider network. These items are required to achieve a more integrated Electronic Health Record (EHR) and include the following:</p> <ol style="list-style-type: none"> <li>1. E-prescribing (Doctor's Home Page)/Upgrade to Personal Health Records</li> <li>2. Wellness/Recovery Technology Project</li> <li>3. Anasazi rollout to organizational providers</li> <li>4. Additional modifications to current EHR system as needed</li> </ol>	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	Felix Bedolla MHD Project Manager (707) 299-1759 Felix.Bedolla@countyofnapa.org
Napa		Purchase and renovation of a local facility for the Adult Resource Center	CFTN	<p>The Adult Resource and Recovery Center is located at 3281 Solano Avenue in the City of Napa and is operated by On The Move, Inc., a community-based nonprofit organization. The facility is known as the Innovations Community Center and supports individuals with personalized socialization, relationship building, assistance with maintaining benefits, employment and educational referral opportunities, educational support sessions provided by County staff and community volunteers, and a range of social activities. The ultimate goal is to reduce dependence on the mental health system and increase self-reliance by building a healthy network of support systems. A key element of the program is the engagement and support offered by individuals recovering from mental illness.</p>	<a href="https://www.countyofnapa.org/290/Mental-Health">https://www.countyofnapa.org/290/Mental-Health</a>	Felix Bedolla MHD Project Manager (707) 299-1759 Felix.Bedolla@countyofnapa.org

Nevada		Suicide Prevention Program	PEI	This program supports a Suicide Prevention Intervention (SPI) Coordinator. The SPI Coordinator charge is to help create a more “suicide aware community.” The SPI Coordinator: raises awareness that suicide is preventable; reduces stigma around suicide and mental illness; promotes help seeking behaviors; and implements suicide prevention and intervention training programs.	<a href="https://www.mynevadacounty.com/473/Mental-Health-Services-Act">https://www.mynevadacounty.com/473/Mental-Health-Services-Act</a>	Adult Program Manager Front Desk: (530) 265-1437  Children's Program Manager Front Desk: (530) 470-2736
<b>ORANGE COUNTY</b>						
<b>Crisis Support</b>						
Orange		Crisis Stabilization Units	CSS	Although HCA operates a County-operated Crisis Stabilization Unit (CSU) for adults using non-MHSA funds, Orange County stakeholders identified a need to dedicate MHSA funding for additional CSUs that would meet increasing demand for services and expand the age range of those served. Similar to the existing program, the MHSA CSUs will provide the community with a 24-hour/7 day a week service for persons who are experiencing a psychiatric crisis and require emergent behavioral health assessment and stabilization.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 480-4678  (855) OC- LINKS
Orange		Children's In-Home Crisis Stabilization	CSS-OESD	Provides in-home crisis response, short term in-home therapy, case management and rehabilitation services with a focus on maintaining family stabilization and preventing hospitalization and/or out of home placement.	<a href="https://www.brightfutures4kids.org/learn/programs/">https://www.brightfutures4kids.org/learn/programs/</a>	(714) 543-4333  (855) OC- LINKS

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Orange		Children's Crisis Residential Program	CSS-OESD	With the goal of reducing at-risk behaviors, peer and family problems, out-of-home placement, and involvement in the child welfare and juvenile justice system among adolescents, the Crisis Residential Program of the Children Provider-CSP offers a temporary, short-term, six-bed crisis stabilization home to adolescents who are in crisis. Admissions are voluntary and available on a 24/7 basis depending on bed availability. The program facilitates, educates coping strategies and promotes resiliency in diverse youth and their families. Staff involved in evaluating possible inpatient admissions or the Family Stabilization Teams (FST) identify youth who do not require hospitalization but will benefit from additional assessment and therapeutic respite.	<a href="http://www.cspinc.org">http://www.cspinc.org</a>	(949) 494-4311  (855) OC- LINKS
Orange		Children's Crisis Assessment Team	CSS-OESD	Children & Youth Behavioral Health staff provide crisis evaluations for minors under the age of 18 to determine if psychiatric hospitalization is required or if the minor can be safely referred to a lower level of care. This 24/7 mobile crisis team consists of psychologists, social workers, and marriage and family therapists. The program serves the unfunded and Orange County Medi-Cal Recipients. CYS CAT also has a rotations of Service Chiefs and Psychiatrists available 24/7.	<a href="http://ochealthinfo.com/bhs/about/amhs/ces">http://ochealthinfo.com/bhs/about/amhs/ces</a>	(949) 494-4311  (855) OC- LINKS
Orange		TAY Crisis Residential Services	CSS-OESD	South Coast Children's Society – Transitional Age Youth (TAY) Crisis Residential Program is a six-bed program for TAY who have experienced a mental health crisis but do not meet the criteria for inpatient hospitalization. The program provides assistance with stabilization and linkage to longer term supports.	<a href="http://www.sccskids.org">http://www.sccskids.org</a>	(714) 966-5338  (855) OC- LINKS
Orange		Adult and TAY In-Home Crisis Stabilization	CSS-OESD	Provides 24/7 in-home crisis response, short term in-home therapy, case management, and rehabilitation services, with a focus on maintaining family stabilization and preventing hospitalization and/or out-of-home placement. The target population is adults aged 18 and older who are being considered for psychiatric hospitalization, but who don't meet criteria for admission. An evaluation will be provided by Adult services to determine if the individual meets the target population. The crisis stabilization team will come to the site of the evaluation and begin to (1) work out a plan to identify causes of the current crisis and (2) begin to work on healthful ways of avoiding future crises. The team will target a brief intervention period usually three weeks, occasionally extending to six. The In-Home Crisis Stabilization Team will help the family and individual develop coping strategies and linkages to on-going support.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 543-4333  (855) OC- LINKS
Orange		Adult and TAY CAT/PERT	CSS-OESD	The Crisis Assessment Team (CAT) provides 24 hour mobile response services to any adult who has a psychiatric emergency. This program assists law enforcement, social service agencies, and families in providing crisis intervention services for the mentally ill. CAT is a multi-disciplinary program that conducts risk assessments, initiates involuntary hospitalizations, provides resources and linkage, and conducts follow up contacts for individuals evaluated. Bilingual/bi-cultural staff works with family members to provide information , referrals, and community support services. Psychiatric Evaluation and Response Team (PERT) is a partnership with law enforcement, which includes designated police officers and mental health staff that respond to calls from officers in the field. Mental health consultations are provided for individuals in an apparent mental health crisis. The program also provides outreach and follow up services to ensure linkage to ongoing services.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(866) 830-6011  (855) OC- LINKS
Orange		Adult Crisis Residential	CSS-OESD	The T.R.E.E. House (Total Recovery Enriching Experience) is an adult crisis residential program, offering a safe environment for adults experiencing a mental health crisis who need additional support to avoid hospitalization, to stabilize symptoms, and return to their previous level of functioning. The program also provides co-occurring services for people who are experiencing a mental health crisis and also have substance abuse issues. The T.R.E.E. House offers short-term, voluntary services, typically lasting 7 to 14 days with a client-centered, recovery focus and an underscored concept of personal responsibility for one's own illness and independence. The program is designed to enhance social connection with family or community so that program participant can move back into the community and prevent an inpatient stay. Services include crisis intervention, development of a Wellness Recovery Action Plan (WRAP), individual and family therapy, group rehabilitation treatment, assistance with self-administration of medications, case management and discharge planning.	<a href="http://www.telecarecorp.com/programs/116">http://www.telecarecorp.com/programs/116</a>	(714) 289-3936  (855) OC- LINKS

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Orange		Crisis Prevention Hotline	PEI	The Crisis Prevention Hotline is an accredited 24-hour, toll-free suicide prevention service available to anyone in crisis or experiencing suicidal thoughts. Services include immediate, confidential over-the-phone assistance for anyone seeking crisis and/or suicide prevention services for themselves or someone they know. Hotline counselors will also conduct follow-up calls for individuals who give their consent to ensure their continued safety. Callers who are not experiencing a crisis are triaged and offered access to a WarmLine or other appropriate resources.	<a href="http://ochealthinfo.com/bhs/about/pi/crisis">http://ochealthinfo.com/bhs/about/pi/crisis</a>	(877) 727-4747 (855) OC- LINKS
<b>Peer/Family Support Specialists</b>						
Orange		Mentoring for Children and Youth	CSS-OESD	Provides mentoring services for SED children and youth and SMI transitional age youth who are receiving mental health treatment services through the County of Orange Health Care Agency/Children & Youth Behavioral Health (CYBH) operated or contracted programs. MHA-PT incorporates mentoring best practices as defined by the California Mentor Partnership into all aspects of the mentoring programs. Mentor services are initiated by the clinician of a child's/teen's CYS or CYS contract agency. All mentors are matched based on shared cultural and linguistic needs of the children, youth and families, and the clinician determines when a child/teen or parent/guardian will benefit from a mentor. Once a match becomes mutually agreeable to all parties involved, the clinician supports the mentor-mentee relationship, meets and advises the mentor on a regular basis during the child's/teen's process of forming a trusting, nurturing and one-to-one relationship.	<a href="http://www.mhaoc.org">http://www.mhaoc.org</a>	(714) 836-0355 (855) OC- LINKS
Orange		Peer Mentoring	CSS-OESD	The Peer Mentoring program serves individuals who are living with a serious emotional disturbance (SED) or serious mental illness (SMI), may also have a co-occurring disorder, and would benefit from the supportive services from a peer. This CSS program, which was originally created for adults ages 18 and older, and consists of three unique tracks, one of which will be expanded to serve individuals of all ages and their families	<a href="http://www.pathways.com/california/">http://www.pathways.com/california/</a>	(855) OC- LINKS
Orange		Survivor Support Services	PEI	Survivor Support Services provides support for those who have lost a loved one to suicide, and educates the community on suicide prevention and intervention. These services include outreach, crisis support, bereavement groups, individual support, and training. Trainings on suicide prevention and survivor support groups are available to Orange County residents and serve a broad range of people whose lives have been impacted by mental illness and, in particular, suicide. Culturally appropriate follow-up care, education, referrals and support target those who have attempted suicide and those who have lost someone to suicide. Through a peer-led group support model, this program aims to provide education and information regarding the personal and social impact of suicide, and to address survivors' emotions and needs. The service is also designed to improve family functioning/communication, identify and understand the factors that promote a survivor's resilience and strength, provide bereavement services and support, and address issues of stigma and shame.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 547-0885 (855) OC- LINKS
Orange		Family Support Services	PEI	Provides ongoing support for families struggling with behavioral health issues. The focus is on supporting and educating families about behavioral health and parenting issues to prevent the development of behavioral health problems in other members of the family. Services include group and individual support, weekly peer mentor support, educational workshops, a volunteer family mentor network, family matching and parenting classes.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 547-0885 (855) OC- LINKS
Orange		Children and Youth Behavioral Health Program of Assertive Community Treatment	CSS-OESD	The Children and Youth Behavioral Health Program of Assertive Community Treatment (CYBH PACT) is an individualized treatment approach that offers intensive services in the community. CYBH PACT assists children and youth in their recovery from mental illness.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 517-6300 (855) OC- LINKS
Orange		OC4Vets	PEI	Examines whether co-locating services for veterans with the Veterans' Services Office will increase access to health and supportive services for veterans with post-traumatic stress disorder (PTSD), traumatic brain injury (TBI), and severe depression, including those dually diagnosed with substance abuse disorders. It facilitates access to a comprehensive array of treatment and supportive services for veterans and their families and provides assistance (a warm hand-off) to help those veterans who are too fragile to integrate into the VA system. Uses peer veterans to provide service system navigation and solid connection with existing community resources. This program provides an integrated, holistic approach to veteran behavioral health, recognizing that medical, as well as basic shelter, food, and job issues impact behavioral health.	<a href="http://ochealthinfo.com/bhs/about/pi/mhsa/components/innovation">http://ochealthinfo.com/bhs/about/pi/mhsa/components/innovation</a>	(714) 480-6476 (855) OC- LINKS

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Orange		TAY Program for Assertive Community Treatment	CSS-OESD	The TAY Program for Assertive Community Treatment (TAY PACT) provides voluntary, community based recovery mental health services to individuals age 18-25, who are living with a serious and persistent mental illness. The TAY PACT program was designed to specifically meet the unique developmental needs of young adults who are dealing with a mental illness, who are transitioning into adulthood. The PACT teams emphasize a “whatever it takes” approach, which values individual consumer needs, strengths, choice, and involvement in service planning and implementation. PACT provides intensive case management services, including linkage to entitlements, community social support, linkage to housing programs, and linkage/collaboration of services with primary medical care. The majority of these services are provided in the community in order to reduce any barriers to accessing services.	<a href="http://orange.networkofcare.org/mh/services/agency.aspx?pid=TransitionalAgeYouthProgramforAssertiveCommunityTreatmentTAYPACTCountywide_348_2_0">http://orange.networkofcare.org/mh/services/agency.aspx?pid=TransitionalAgeYouthProgramforAssertiveCommunityTreatmentTAYPACTCountywide_348_2_0</a>	(714) 517-6300 (855) OC- LINKS
Orange		Supported Employment	CSS-OESD	Employment WORKS of Orange County Goodwill offers individuals who are seriously and persistently mentally ill the opportunity to participate in a supportive, competitive employment service. The program offers individualized job placement and supportive vocational services in two locations: Garden Grove and Mission Viejo.	<a href="http://www.ocgoodwill.org">http://www.ocgoodwill.org</a>	(714) 638-1741 (855) OC- LINKS
Orange		Adult Program for Assertive Community Treatment	CSS-OESD	The Adult Outpatient Mental Health Program for Assertive Community Treatment (PACT) provides voluntary, community based recovery mental health services to individuals who are living with a serious and persistent mental illness. The majority of PACT services are provided in the individual's home or community in order to reduce any barriers to accessing services. The PACT teams emphasize a “whatever it takes” approach, which values individual consumer needs, strengths, choice, and involvement in service planning and implementation. The staff provides mental health assessment, hospital diversion, crisis intervention, medication management, individual/collateral and group therapy, substance abuse assessment and treatment. Intensive case management services are provided, including linkage to entitlements, housing programs, community social support and primary medical care.	<a href="http://ochealthinfo.com/bhs">http://ochealthinfo.com/bhs</a>	(949) 643-6930 (855) OC- LINKS
Orange		Wellness Center	CSS-OESD	The Wellness Centers are designed for those members with lived experience who have achieved a high level of recovery in their treatment. The center offers programming that is culturally responsive and linguistically appropriate. Many groups and classes are focused on personalized socialization, relationship building, employment goals, exploration of educational opportunities and assistance to maintain benefits. The Wellness Center is grounded in the recovery model and facilitates and promotes recovery and empowerment through their staff and their interaction with members. The Wellness Center is a space for people to develop opportunities for socialization and growth in other areas of life outside the mental health system. It is a safe place there people can explore their potential in way that have been either inaccessible or perceived as impossible in the past. The members and staff are proof of recovery and represent a step towards a more transparent and transformative system.	<a href="https://media.ocgov.com/gov/health/bhs/about/pi/mhsa/default.asp">https://media.ocgov.com/gov/health/bhs/about/pi/mhsa/default.asp</a>	714-361-4860 (855) OC- LINKS
Orange		Older Adult Program of Assertive Community Treatment	CSS-OESD	The program focuses on delivering culturally competent services to seniors in the community, so that individuals may achieve their maximum level of functioning and independence. The program provides consumer-focused, recovery-based services and provides intervention, primarily in the home and community, to reduce access or engagement barriers. Collaboration with primary physical health care and providers of community and family supportive services is a priority in this multidisciplinary model of treatment.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(949)-643-6930 (855) OC- LINKS
Orange		Warmline	PEI	WarmLine is telephone-based, non-crisis support for anyone struggling with mental health and substance abuse issues. The staff providing the services has been through a similar journey, either as a mental health or substance abuse services consumer, or as a family member of an individual receiving these services. The WarmLine operates Monday through Friday 9am-11pm and Saturday and Sunday 10am-11pm. Additional funding (\$76,552) has been budgeted to continue the extended WarmLine hours from 11pm to 3 am as it is anticipated that the previous funding source will discontinue.	<a href="http://ochealthinfo.com/bhs/about/pi/crisis">http://ochealthinfo.com/bhs/about/pi/crisis</a>	(714) 991-6412 (855) OC- LINKS
Orange		Continuum of Care for Veteran & Military Children and Families	INN	The Continuum of Care for Veteran & Military Children and Families Innovation project will provide behavioral health and peer support services to active service members, reservists, veterans (regardless of their discharge status) and their children, spouses, partners and loved ones. The project will integrate military culture and services into Family Resource Centers (FRCs) located throughout Orange County to train non-veteran organizations on how to identify, screen and serve military connected families. It seeks to expand general service providers' knowledge of how to best meet the needs of military-connected families so that they feel competent and willing to identify and serve this currently hidden population.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 480-4678 (855) OC- LINKS

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Orange		Behavioral Health Services for Independent Living	INN	The Behavioral Health Services (BHS) for Independent Living project serves individuals ages 18 and older who are living with severe and persistent mental illness (SPMI) and have typically been dependent on others to manage their day-to-day needs or have not had the opportunity to live in a residence without supervision	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 480-4678 (855) OC- LINKS
Reducing Disparities						
Orange		BHS Outreach and Engagement	CSS	BHS Outreach and Engagement Services (OES) focuses their efforts on children, TAY, and adults who are Seriously Emotionally Disturbed and Mentally Ill (SED/SMI), and also homeless or on the verge of homelessness. OES assists the unserved or underserved populations with accessing culturally and linguistically appropriate full service partnerships, mental health services, and/or linkages with other needed community resources.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 954-2900 (855) OC- LINKS
Orange		Mental Health Court - Probation Services	CSS-FSP	The Collaborative Court Programs use a team approach to decision making, and include the participation of a variety of different agencies, such as Probation and mental health treatment providers. They involve active judicial monitoring and a high level of treatment. This program provides support to the probation department for their participation in the mental health collaborative courts. The probation officers provide evaluations, drug testing, field visits and searches, participate in treatment meetings, and offer Cognitive Behavioral Training.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(855) OC- LINKS
Orange		Integrated Community Services	CSS-OESD	Integrated Community Services (ICS) provides outreach into the medical community to facilitate bi-directional services to fully integrate both physical and mental health care. This collaboration with community medical clinics and county mental health programs is a healthcare model that will prove to bridge the gaps in service for the underserved low-income community and increase better overall health outcomes for the patients involved. In the ICS Community Home project a Mental Health Team (Psychiatrist, BHS Clinician and Mental Health Caseworker) will be brought into existing community health clinics: Asian Health Center and Korean Community Services. Bringing in each team to complement existing patient services allows full integration of patient care in each location.	<a href="http://ochealthinfo.com/bhs/about/pi/mhsa/components/innovation">http://ochealthinfo.com/bhs/about/pi/mhsa/components/innovation</a>	(714)-517-6100 (855) OC- LINKS
Orange		Outreach and Engagement Collaborative	PEI	Provides mental health preventative services to unserved and underserved populations at risk of mental illness and behavioral health problems. It is designed for those people who have had life experiences that may make them vulnerable to mental health problems, but who are hard to reach in traditional ways because of cultural or linguistic barriers. Identification with potential target groups or individuals is accomplished through already established relationships with community organizations, (e.g., non-profits, schools, community agencies, health care providers, first responders, judicial system, correctional system, etc.) that have developed trust with the community and have contact with the individuals, families or groups who require assistance in accessing prevention and/or early intervention services. Staff asks respected members of the community organization to introduce them to those needing information and assistance and maintain the contact with that individual or family until no further assistance is needed. Mental health interventions and wellness activities at community sites focus on coping with the impact of trauma and provide easy and immediate access, information, and referral assistance to culturally competent, early intervention services as needed.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 954-2900 (855) OC- LINKS
Orange		Mental Health Community Educational Events	PEI	Provides artistic events and activities that support self-confidence and hope in consumers and their family members and educate the general public about the abilities and experiences of those living with a behavioral health issue. Activities include art workshops and exhibits, musical and dance performances representing many cultures, and other activities as approved. These events provide a creative outlet and entertainment with consistent messages aimed at ending the silence of mental illness.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 824-1996 (855) OC- LINKS
Orange		College Veterans Program	PEI	The College Veterans Program is a collaborative with local community colleges. The program provides services to veteran students on campus at the Veterans' Resource Center. Veteran students have access to appointments with a BHS clinician who is a veteran. Some of the direct interventions available include behavioral health screening and assessment, individualized case management, referrals and linkage to appropriate community resources. The clinician also provides outreach and engagement on Orange County campuses using veteran specific events and support groups to encourage discussion of barriers to successful transition to college and civilian life.	<a href="http://ochealthinfo.com/bhs/about/pi/crisis/dropzone/">http://ochealthinfo.com/bhs/about/pi/crisis/dropzone/</a>	(714) 824-1996 (855) OC- LINKS

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Orange		Statewide Projects	PEI	Statewide Prevention and Early Intervention (PEI) Projects include the Suicide Prevention, Stigma and Discrimination Reduction, and Student Mental Health initiatives. Suicide Prevention activities include social marketing and training to support helpers and gatekeepers identify and respond to suicide risk and work with local suicide prevention partners to respond to individuals in crisis through hotlines. Stigma and Discrimination Reduction activities include implementation of best practices to support help-seeking behavior, build knowledge and change attitudes through development of policies, protocols, and procedures; informational/online resources; training and educational programs; and media and social marketing campaigns, including cultural adaptations to engage and inform underserved racial and ethnic communities. Student Mental Health activities include partnerships from Kindergarten through Higher Education to change school climate and campus environments by promoting mental health, engaging peers, providing student screening and providing technical assistance and social media campaigns to support efforts, increase awareness and engage community locally.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714)-834-2077  (855) OC- LINKS
Orange		OC ACCEPT	PEI	Provides community-based mental health and supportive services to individuals struggling with and/or identifying as LGBTIQ (Lesbian, Gay, Bisexual, Transgender, Intersex or Questioning) and the people important in their lives. The program specializes in addressing issues that are common in the LGBTIQ community, such as confusion, isolation, grief and loss, depression, anxiety, suicidal thoughts, self-medicating with drugs and high risk behaviors, self-esteem challenges, victims of bullying, trauma, homelessness, and lack of familial support. OC ACCEPT seeks to provide a safe environment with acceptance and compassion for individuals to express their feelings, build resilience, become empowered and connected with others for support. The program also raises awareness and reduces stigma by providing education about the LGBTIQ population to the community at large.	<a href="http://ochealthinfo.com/bhs/about/pi/mhsa/components/innovation">http://ochealthinfo.com/bhs/about/pi/mhsa/components/innovation</a>	(714) 517-6100
Orange		OC Parent Wellness	PEI	The Orange County Parent Wellness Program (OCPWP) serves youth and adults of all ages who are pregnant or who have had a child within the last 12 months. Youth, women and men who receive services from OCPWP are experiencing mild to moderate symptoms of anxiety and/or depression which are attributable to either the current pregnancy or recent birth of their child. Referrals come from a variety of sources including self-referrals, hospitals, schools or behavioral health outpatient facilities.	<a href="http://ochealthinfo.com/bhs/about/pi/early/ppw">http://ochealthinfo.com/bhs/about/pi/early/ppw</a>	(714) 480-5160  (855) OC- LINKS
Orange		Recovery Open Access	CSS-OESD	Recovery Open Access serves individual ages 18 and older living with serious and persistent mental illness and a possible co-occurring disorder who are in need of urgent outpatient behavioral health services. The target population includes adults who are being discharged from psychiatric hospitals, released from jail, or currently enrolled in outpatient BHS services and have an urgent medication need that cannot wait until their next scheduled appointment. Recovery Open Access serves two key functions: (1) it links adults with serious and persistent illness to on-going, appropriate behavioral health services, and (2) it provides access to short-term integrated behavioral health services (i.e., brief assessments, case management, crisis counseling and intervention services, SUD services, temporary medication support) while an individual is waiting to be linked to their (first) appointment.	<a href="http://orange.networkofcare.org/mh/services/agency.aspx?pid=AdultRecoveryCenterNorthRegion_348_2_0">http://orange.networkofcare.org/mh/services/agency.aspx?pid=AdultRecoveryCenterNorthRegion_348_2_0</a>	(714) 780-0750  (855) OC- LINKS
Orange		Youth Core Services	CSS-OESD	Youth Core Services – Residential track was established to serve foster youth from birth through age 25 who need the highest level of behavioral health care in a trauma-informed residential setting. Youth served in Youth Core Services will be served specifically in the residential track, which consists of Short-Term Residential Therapeutic Programs (STRTPs). Youth Core Services residential program track serves foster youth placed under the Senate Bill 403 mandate.  The Youth Core Services Field-Based Track serves youth under age 21 who meet medical necessity criteria for Specialty Mental Health Services and the Pathways to Well-Being subclass (formerly known as “Katie A”) which resulted from a settlement agreement that aimed to improve the delivery of MediCal covered mental health and supportive services for children and youth in – or at imminent risk of placement in – foster care in California. The program’s field-based track accepts referrals from all sources.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(855) OC- LINKS

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Orange		Early Intervention Services for Older Adults	PEI	The Early Intervention Services for Older Adults provides behavioral health early intervention services to older adults who are experiencing the early onset of mental illness and/or those who are at greatest risk of developing behavioral health conditions due to isolation. The program conducts comprehensive in-home assessments and connects participants to trained Life Coaches and volunteers to develop individualized socialization plans and to facilitate involvement in support groups, educational training, physical activities, workshops, and other activities. Based on the needs of the participants, the program also links participants to outside resources and services. Tele-geropsychiatric services are also available to consult with primary care physicians, participants and families.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(855) OC- LINKS
Orange		Parent Education Services	PEI	The Parent Education Services provides parent education to strengthen parenting skills and family communication. The program's over-arching goal is to reduce child abuse and substance abuse, juvenile delinquency, gang violence, learning disorders, behavior problems, and emotional disturbances. The program utilizes an evidence-based training model called COPE and provides parent education classes to parents and caregivers of children ages 0-12.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 543-4333 (855) OC- LINKS
Orange		Training in Physical Fitness and Nutrition	PEI	The Goodwill Fitness Center is a 12,000-square-foot facility specifically designed for people living with physical disabilities or chronic illness. The Fitness Center offers accessible exercise equipment, knowledgeable, trained staff, a personalized fitness program as well as group support and nutrition education classes. This program makes this service available for individuals receiving Behavioral Health Services.	<a href="http://ochealthinfo.com/bhs/about/pi/oclinks/">http://ochealthinfo.com/bhs/about/pi/oclinks/</a>	(714) 361-6180
Orange		Step Forward: On-Site Engagement in the Collaborative Courts	INN	Designed to increase the quality of mental health services by bringing access to mental health education programs to both the probation client and their families - onsite at the collaborative courts. The intent of this project is to teach and help probation clients and their families to better understand their serious persistent mental health diagnosis and how to live well and thrive outside of the criminal justice system. Probation clients and families will also learn how to navigate the mental health system and manage their mental health independently on a daily basis.	<a href="http://ochealthinfo.com/bhs/about/pi/mhsa/components/innovation">http://ochealthinfo.com/bhs/about/pi/mhsa/components/innovation</a>	(855) OC- LINKS
Orange		Religious Leaders Behavioral Health Training Services	INN	Designed to increase access to mental health services by introducing mental health training into the religious community. This program will use a train-the-trainer technique in which those in the mental health field, along with peer specialists, will help to train religious leaders in Orange County an evidence-based program with basic skill sets including basic listening, suicide prevention and supportive skills. Religious leaders will be trained and certified and, in turn, train other congregants with behavioral health skill sets.	<a href="http://ochealthinfo.com/bhs/about/pi/mhsa/components/innovation">http://ochealthinfo.com/bhs/about/pi/mhsa/components/innovation</a>	(855) OC- LINKS
Orange		Children's Support and Parenting Program	PEI	The Children's Support and Parenting Program (CSPP) provides a range of services intended to reduce risk factors for children and youth and to increase protective factors through parent training and family-strengthening programs. Services include family assessment; group interventions for children, teens and parents; brief individual interventions to address specific family issues; referral/linkage to community resources; and workshops.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 480-4678 (855) OC- LINKS
Orange		Stress Free Families	PEI	The Stress Free Families Program serves families that have been reported and/or investigated by Child Protective Services for allegations of child abuse and/or neglect. The program is designed to reach and support these families whose stressors make the children and parents more vulnerable to behavioral health conditions. Services consist of short term interventions including brief counseling, parent education and training, case management and referral and linkage to community resources. Staff is co-located at a Social Services Agency (SSA) site to provide consultation and receive referrals from SSA staff.	<a href="http://ochealthinfo.com/bhs/about/pi/early/stressfree">http://ochealthinfo.com/bhs/about/pi/early/stressfree</a>	(714) 480-4678
Orange		School Based Mental Health Services	PEI	Provides a combination of prevention and intervention services to empower families, reduce risk factors, build resiliency, and strengthen culturally appropriate coping skills in students. These school based-services will also utilize peer-to-peer helping programs to play a role in reducing the alienation and disconnectedness many youth feel from their schools, families, and society. Services will include parent education, individual/group counseling, crisis intervention, case management, community linkages, referrals, educational groups, screening and early intervention.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	714-954-2900

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Orange		School Based Behavioral Health Intervention and Support-Early Intervention Services	PEI	The School Based Behavioral Health Intervention and Support-Early Intervention Services serves families with children, K-7, experiencing challenges in attention, behavior and learning, and/or Attention Deficit/Hyperactivity Disorder (ADHD). The program provides a regular education school experience with modifications and skill development to meet the psychosocial and academic needs of children and families. Program services include academic support, social skills development, parent training and academic transitional support. The program is for 12-24 months, after which the child is transitioned to the next academic setting.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(949) 824-1800 (855) OC- LINKS
Orange		School Readiness/Connect the Tots	PEI	School Readiness/Connect the Tots serves families with children ages 0 to 8 years who are exhibiting behavioral problems that put them at increased risk of developing mental illness (as determined by behavioral and socio-emotional screening tools) and of school failure. The program provides prevention and early intervention services aimed at reducing risk factors for emotional disturbance in young children, promoting school readiness and preparing them for academic success. Services include children's and family needs assessments, parent education/training and coaching, case management, and referral and linkage to community resources.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 480-4678 (855) OC- LINKS
Orange		School Based Behavioral Health Intervention and Support	PEI	School Based Behavioral Health Interventions and Supports (BHIS) provide services and curriculum for students and their families for the purpose of preventing and/or intervening early with behavioral health conditions. Services are provided in elementary, middle and high schools in school districts that have the highest indicators of behavioral issues, including dropout rates, expulsion, and suspensions. Curriculum is implemented at the classroom level for all students in these schools and more intensive curriculum is available for students and families with a higher level of need.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(800) 251-0921 (855) OC- LINKS
Orange		School Based Stress Management Services	PEI	School-Based Stress Management Services (SBSMS) provides training to teachers (Kindergarten through 12th grade) as a way to support students' well-being, academic performance and socioemotional growth.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 480-4678 (855) OC- LINKS
Orange		Violence Prevention Education	PEI	The Violence Prevention Education (VPE) program's goal is to reduce violence and its impact in the schools, local neighborhoods and families. There are six programs under the Violence Prevention Education component.	<a href="http://ochealthinfo.com/bhs/about/pi/school/vpe">http://ochealthinfo.com/bhs/about/pi/school/vpe</a>	(714) 327-1068 (855) OC- LINKS
Orange		First Onset of Psychiatric Illness (OC CREW)	PEI	Orange County Center for Resiliency, Education, and Wellness (OCCREW) serves individuals ages 14-25 that are experiencing the first onset of psychotic illness and provides services to their families. Services include: psychiatric care; psycho-education; cognitive-behavioral intervention; multi-family groups; peer mentoring; development of long-term economic and social support; opportunities for physical fitness activity; and services to address substance misuse and Wellness Recovery Action Plans. This program also provides trainings to persons and organizations most likely to encounter individuals presenting with early warning signs of mental illness. Training is provided on how to recognize these early warning signs, how to support these individuals/families and how to refer persons from diverse ethnic/ cultural groups.	<a href="http://ochealthinfo.com/bhs/about/pi/early/crew">http://ochealthinfo.com/bhs/about/pi/early/crew</a>	(714) 480-5100 (855) OC- LINKS

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Orange		Older Adult Services	CSS-OESD	Older Adult Services provides voluntary, community based recovery mental health services to individuals who are living with a serious and persistent mental illness. The individuals served by this program are primarily home bound with little access to other resources or supports. The majority of these services are provided in the individual's home or in the community to reduce any barriers to access services. The team provides in-home mental health assessment, hospital diversion, crisis intervention, medication management, individual therapy, collateral therapy, substance abuse assessment and treatment. They provide case management services, including linkage to entitlements, community social support, linkage to housing programs, and linkage/collaboration with primary medical care.	<a href="http://ochealthinfo.com/bhs/about/pi/mhsa/fsp/older">http://ochealthinfo.com/bhs/about/pi/mhsa/fsp/older</a>	(855) OC- LINKS
Orange		Children and Youth Behavioral Health Co-Occurring Medical and Mental Health Clinic	CSS-OESD	This program provides mental health services to young people with physical disease complicated by their mental health issues.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(855) OC- LINKS
Orange		Children's Co-Occurring Residential Treatment	CSS	The Children's Co-Occurring Residential Program provides 24/7 care for adolescents in a structured setting. Recognizing that sustained rates of recovery can be significant when mental health and substance abuse treatment are integrated, the program incorporates individual and group therapy, family therapy, recreational therapy and life skills training while simultaneously addressing underlying issues such as trauma, attachment, abuse, neglect, etc.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(949)-643-6930 (855) OC- LINKS
Orange		Correctional Health Services: Jail to Community Re-Entry	CSS	The Correctional Health Services (CHS) Jail to Community Re-entry Program (JCRP) is a collaboration between BHS and Correctional Health Services that will serve adults ages 18 and older who are living with mental illness and detained in a County jail. This program will use a comprehensive "in reach" approach to discharge planning and re-entry linkage services for inmates with mental illness at all five County jail facilities. "In reach" services will be conducted while individuals are still in custody and will include thorough risk-needs-responsivity (RNR) assessments, re-entry groups aimed at identifying possible barriers to successful re-entry, and developing tailored discharge plans.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 480-4678 (855) OC- LINKS
Orange		Transportation Program	CSS	The Transportation program will serve adults ages 18 and older who need transportation assistance to and from necessary County behavioral health and/or primary care appointments, as well as behavioral health supportive services.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 480-4678 (855) OC- LINKS
Orange		Strong Families - Strong Children: Behavioral Health Services for Military Families	INN	Strong Families-Strong Children (SFSC): Behavioral Health Services for Military Families serves all members in the military family, including veterans, service members, spouses, partners and children. The goals of this project are to improve family functioning, communication and overall well-being. The SFSC project is designed to increase access to military-connected families. It utilizes trained clinicians and peer navigators with experience and knowledge of military culture to address mental health concerns encountered by veterans that may affect the whole family, such as post-traumatic stress disorder (PTSD), traumatic brain injury (TBI), substance use and other conditions. Clinicians provide short-term individual and family therapy to address the impact of traumatic events and experiences on children and family members. Peer navigators provide one-on-one peer support, case management, and referrals and linkages to community resources.	<a href="http://ochealthinfo.com/bhs/about/pi/mhsa/components/innovation">http://ochealthinfo.com/bhs/about/pi/mhsa/components/innovation</a>	(855) OC- LINKS
<b>Housing</b>						
Orange		The Multi-Service Center Courtyard Program	CSS	The Multi-Service Center's (MSC) Courtyard program serves residents ages 18 years or older who are living at the Courtyard homeless shelter in Santa Ana and have a serious and persistent mental illness and/or co-occurring substance use disorder.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 480-4678 (855) OC- LINKS
Orange		Year Round Emergency Shelter	CSS	The Year-Round Emergency Shelter program will serve homeless adults with serious mental illness who may also have a co-occurring substance use disorder and are in need of immediate shelter. The beds are expected to be available April 2018. Individuals will be referred to the shelter by BHS Outreach and Engagement (O&E), Orange County Community Resources (OCCR), and a contracted provider that reports to OCCR.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 480-4678 (855) OC- LINKS
Orange		MHSA Special Needs Housing Program	CSS	The MHSA Special Needs Housing Program is a funding mechanism to develop permanent supportive housing units for individuals living with serious mental illness.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 480-4678 (855) OC- LINKS

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Orange		Bridge Housing for Homeless	CSS-OESD	Provides interim housing (three to 18 months) for up to six individuals who are identified as severely and persistently mentally ill and homeless. Additionally, these individuals may have co-occurring medical issues that make them more fragile and at greater risk if left on the streets. Residents will have case management and psychiatric services provided by county or county-contracted programs attached to each participant. A nurse would visit the facility to ensure compliance with medication and other health regimens. The financing would be used to secure a residence and furnishings, hygiene and living necessities, and basic stocks of food. The treatment emphasis would be on medical and psychiatric stabilization and life skills/independent living.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714)796-0200 (855) OC- LINKS
Orange		Children's Full Service Partnership/Wraparound	CSS-FSP	The four Children's Full Service Partnership (FSP) programs focus on the areas prescribed in the original legislation and several areas of local need within the broader targets. One FSP focuses on the more general community. This program takes referrals from the Outreach and Engagement teams, Centralized Assessment Team, and County and contract clinics. Prominent among their referrals are the homeless or those who are at risk of homelessness. Parents frequently need job assistance, especially when the needs of their Seriously Emotionally Disturbed (SED) child impact their ability to maintain employment. The second FSP program focuses on the culturally and linguistically isolated, particularly those in the Vietnamese and Korean Communities. The third program serves a small number of children who entered the juvenile justice system at a younger age and, after in-custody rehabilitation, need support reintegrating into the community. The fourth children's FSP is a program for those young people who come to the attention of the Juvenile Court, especially those who require the services of specialized collaborative courts.	<a href="http://www.cspinc.org/">http://www.cspinc.org/</a>	(714) 842-6600 (855) OC- LINKS
Orange		TAY Full Service Partnerships/ Wraparound	CSS-FSP	The target groups for these programs are youths who are 16-25 who are homeless or at risk of homelessness, who are culturally or linguistically isolated, and/or who are at risk of incarceration or psychiatric hospitalization because of mental illness, frequently complicated by substance use. There are four programs in this category. One serves a broad spectrum of youths in the community including youths experiencing a first psychotic break and former foster youth, almost all of whom are at some risk of homelessness. A second focuses on the unique needs of the Asian Pacific Islander community with particular focus on the Korean and Vietnamese populations. The third is a program designed to meet the needs of youths who have been exposed to significant rehabilitation attempts while in the custody of the Orange County Probation Department. This program focuses on maintaining the gains the youths have made and on integrating back into the community. Learning how to obtain and maintain employment despite significant mental health issues is a particular focus. The fourth program was designed to meet the needs of a variety of youths involved with the Juvenile Court. This program works with the Juvenile Drug Court, particularly, to provide services once they graduate from the Court and are released from Probation. This program also serves youths who are Dual status (i.e. both wards and dependents of the court). These are multi-problem youths who may require services well into early adulthood. This FSP also works with children and families who come to the attention of the Truancy Court.	<a href="http://www.cspinc.org/Full%20Service%20Partnerships">http://www.cspinc.org/Full%20Service%20Partnerships</a>	(855) OC- LINKS
Orange		Older Adult FSP	CSS-OESD	Older Adult Support and Intervention System (OASIS) Is an Older Adult Full Service Partnership Program that follows the Wellness, Recovery, and evidence-based model. The program focuses on the person rather than the illness, the consumer strengths, self-identified goals and objectives. Individuals from all ethnicities and cultures are served with an emphasis on client centered care. The program is comprised of an interdisciplinary staff of peer counselors/ life coaches, Personal Services Coordinator (PSC), a therapist, nurses, a nurse practitioner, a gero-psychiatrist, and a pharmacist. All staff members are familiar with the specialized needs of older adults.	<a href="http://ochealthinfo.com/bhs/about/pi/mhsa/fsp/older">http://ochealthinfo.com/bhs/about/pi/mhsa/fsp/older</a>	(714)-399-3480 (855) OC- LINKS

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Orange		Adult Full Service Partnership	CSS-FSP	These programs provide a full array of services from outreach and engagement to community-based, client- centered care. Psychiatric services including medication and case management, housing, education, employment and community integration activities. All FSPs have been focused on data and outcomes as a way of assessing effectiveness and are now implementing best practices and measuring outcomes to ensure positive results. Integration of co-occurring disorders treatment and medical/health has been a primary focus in these programs. Adult FSPs primarily serve members from 18-59. The target population is the chronic mentally ill who are homeless or at risk of homelessness, and may also be diagnosed with co-occurring substance abuse or dependence disorder. These programs are linguistically and culturally responsive in providing services to the undeserved multi-ethnic populations in Orange County, such as Latinos, Vietnamese, Iranians, Koreans, monolingual non-English speakers, and the Deaf and Hard of Hearing.	<a href="http://ochealthinfo.com/bhs/about/pi/mhsa/fsp/adult">http://ochealthinfo.com/bhs/about/pi/mhsa/fsp/adult</a>	(855) OC- LINKS
Orange		Assisted Outpatient Treatment (AOT)	CSS-OESD	AOT provides court-ordered treatment for persons with severe mental illness who a history of not participating in needed mental health treatment. The person must be unlikely to survive safely in the community without supervision, based on an investigation and resultant clinical determination. If the criteria are satisfied, the County Mental Health Director or designee may file a certified petition with the court indicating that AOT is needed to help prevent relapse or deterioration that would likely result in grave disability or serious harm to self or others.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(855) 422-4122 (855) OC- LINKS
<b>SB 82 Funded</b>						
Orange		SB 82 Triage Program	CSS	Licensed triage staff will be located at hospital emergency rooms to provide assessment, crisis intervention, education, referral, and targeted case management to adults and youth. Their focus will be on coordinating patient placement to non-hospital settings whenever possible and appropriate. They will also provide telephonic follow up within 30 days to ensure that discharged patients have received appropriate and effective assistance. Peer Mentors will focus on providing assistance to identified consumers to ensure linkage to necessary community-based services. They will meet face to face with identified adult clients and licensed staff in emergency rooms or at the County's Crisis Stabilization Unit for a warm hand-off. For up to 30 days, the Peer Mentors will provide field-based services including on-going support, advocacy, education, resources and linkage assistance. Psychiatrists will focus on providing timely assessment and crisis stabilization, diverting from inpatient whenever possible and appropriate. Services will include providing telephonic and/or face to face consultation to emergency department physicians and face to face assessment and crisis intervention services to emergency department clients upon request.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 842-6600 (855) OC- LINKS
<b>Unspecified</b>						
Orange		Community Counselling and Supportive Services	PEI	Provides behavioral health treatment services for all age groups including short-term counselling and psychiatric services for those not meeting the criteria at the community mental health clinics. Staffing will include psychiatrists, behavioral health nurses and clinicians with the capacity of supervising a team of interns to further increase the program's capacity.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	714- 645-8000 (855) OC- LINKS
Orange		Information and Referral/OC Links	PEI	OCLinks is a telephone and internet chat based information and referral line that serves as a single access point for any community member seeking behavioral health services through the County of Orange's Health Care Agency/Behavioral Health Services department. Clinical Navigators have been extensively trained on all of the Child/Adult Mental Health, Alcohol and Drug inpatient and outpatient, and Prevention/Early Intervention programs provided through County and County contracted operation. Program services include callers' needs assessment and direct linkage to appropriate program.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 842-6600 (855) OC- LINKS
Orange		Training, Assessment, and Coordination Services	PEI	The program is designed to provide a variety of behavioral health-related trainings and supports to better understand, identify and address the potential mental health needs of the PEI priority populations and to help these populations access and utilize local community mental health resources.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 842-6600 (855) OC- LINKS
Orange		Mental Health Technology Solutions	INN	Orange County proposes to join Los Angeles and Kern County with the Mental Health Technology Solutions Innovation project. The suite of mental health-focused apps is designed to increase access to services.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 480-4678 (855) OC- LINKS

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Orange		OC Additional Component to Tech Solutions	INN	Orange County will add several components to the Mental Health Technology Solutions Innovation project.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 480-4678 (855) OC- LINKS
Orange		Co-Located Services Facility	CFTN	As part of the Co-Located Services strategic priority, \$9 million has been transferred from CSS to Capital Facilities for purchase of a building (Anita Drive Facility). This facility will offer co-located mental health and substance use services programs loosely modeled after the Restoration Center in San Antonio, Texas. These funds will be used specifically for the purchase of the facility and future funds will likely be requested to cover renovation costs.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 480-4678 (855) OC- LINKS
Orange		Youth Core Services Building Upgrades	CFTN	A one-time \$200,000 transfer to CFTN from unspent FY 2017-18 Youth Core Services funds will be used to cover upgrade costs to a County-owned CYBH facility that houses MHSA staff and/or serves MHSA clients. Renovations will bring the facility up to code to meet safety and Americans with Disabilities Act, etc. regulations.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 480-4678 (855) OC- LINKS
Orange		Electronic Health Record (E.H.R.)	CFTN	County of Orange Behavioral Health Services (BHS) is implementing a fully integrated EHR system that supports the goals of MHSA to promote wellness, recovery and resilience. It also aims to comply with the federal requirements for Meaningful Use which is a standard designed to benefit the individuals served.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 480-4678 (855) OC- LINKS
Orange		Adult Co-Occurring Residential Treatment	CSS	The Adult Co-Occurring Residential Program will serve individuals who are diagnosed with serious and persistent mental illness (SPMI) and a concurrent SUD. Qualifying TAY over the age of 18 will also be able to participate.	<a href="http://ochealthinfo.com/bhs/">http://ochealthinfo.com/bhs/</a>	(714) 480-4678 (855) OC- LINKS
<b>PLACER COUNTY</b>						
<b>Crisis Support</b>						
Placer		Co-Occurring Adult System of Care (ASOC)	CSS-FSP	Provides outreach, engagement, and enrollment into Full Service Partnership (FSP) case management services for TAY, adults, and older adults with Severe Mental Illnesses (SMI) who also have Co-Occurring Substance Use Disorders in unserved populations or high utilizing populations of emergency and crisis services. Support is 24/7 with a “whatever it takes” philosophy to engage clients into ongoing and sustained treatment. Priority is given to clients who are at risk of psychiatric hospitalization, homelessness, and emergency room utilization.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	Steven Swink 787-8885 (916)
Placer		Co-Occurring Community Recovery Resources (CoRR)	CSS-FSP	Provide substance use disorder treatment for youth, transition aged youth and adult enrolled in FSP.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(530) 889-7265
Placer		Adult Reintegration Outreach	CSS-FSP	Services to Placer County residents who are placed in locked facilities outside the county. They develop treatments plans and provide support services to assist people moving to lower levels of care. Many of these individuals will need Full Service Partnerships to be successful.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(888) 886-5401
Placer		Crisis Triage Follow-Up Services	CSS-ST	Provides crisis services at a new one-stop hospital site. This co-location increases the ability to provide timely and efficient crisis mental health services. This team also includes the Same Day Next Day and Family and Friend coordinator programs who meet consumers and their family in the emergency room, as well as providing follow up to those not hospitalized on the same or next day.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(888) 886-5401
Placer		Youth 13-21 with emerging mental health issues Gateway Mountain Center	PEI	Trauma-Focused Cognitive Behavioral Therapy (TF-CBT) is a psychotherapy approach for caregivers, children, and youth who are experiencing significant emotional and behavioral difficulties related to traumatic life events. TF-CBT provides short-term treatment (approximately 12 weekly sessions) targeted to overcoming specific trauma. To disrupt trauma-related mental illness, caregivers, children and youth are taught skills to help process thoughts and feelings related to traumatic life events; manage and resolve distressing thoughts, feelings and behaviors related to trauma; and improve coping skills of caregiver and child to create a better living environment for the family.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(530) 426-2110
Placer		Attachment Based Family Therapy (ABFT) Lighthouse	PEI	ABFT is a treatment for adolescents, ages 12-18, designed to treat clinically diagnosed major depressive disorder, eliminate suicidal ideation, and reduce dispositional anxiety. ABFT is short term, approximately 12-16 weekly sessions, and aims to strengthen or repair parent-adolescent attachment bonds and improve family communication. As the normative secure base is restored, parents become a resource to help the adolescent cope with stress, experience competency, and explore autonomy.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(916) 645-3300

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Placer		Applied Intervention Skills Training (ASIST)	PEI	Applied Suicide Intervention Skills Training (ASIST) is a two-day (15 hours) intensive, interactive and practice-dominated workshop designed to help individuals recognize risk and learn how to intervene to prevent the immediate risk of suicide. The goal of ASIST is to enhance a caregiver's abilities to assist a person at risk to avoid suicide.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	PCOE: (530) 889-8020
Placer		Safe Talk	PEI	SafeTALK is a three (3) to four (4) hour training that prepares anyone over the age of 15 to identify persons with thoughts of suicide and connect them to suicide first aid resources. As a safeTALK trained suicide alert helpers, individuals will be better able to (1) move beyond common tendencies to miss, dismiss, or avoid suicide; (2) identify people who have thoughts of suicide; and (3) apply the TALK steps (Tell, Ask, Listen, and KeepSafe) to connect a person with suicidal thoughts to suicide intervention caregivers.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	PCOE: (530) 889-8020
Placer		Mental Health First Aid (MHFA) Coordinated by PCOE	PEI	Public - Mental Health First Aid (MHFA) is a groundbreaking public education program that helps the public identify, understand, and respond to signs of mental illnesses and substance use disorders. MHFA is an interactive, 8-hour course that presents an overview of mental illness and substance use disorders in the U.S. and introduces participants to risk factors and warning signs of mental health problems, builds understanding of their impact, and provides an overview of common treatments. Participants learn a five-step action plan encompassing the skills, resources and knowledge to help an individual in crisis connect with appropriate professional, peer, social, and self-help care.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	PCOE: (530) 889-8020
<b>Peer/Family Support Specialists</b>						
Placer		Welcome Center/Cirby Clubhouse	CSS-ST	Offers an array of peer run activities. There are groups offered by professional and paraprofessional staff.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(888) 886-5401
Placer		Peer Supports for Housing (PSTH) Advocate for Mentally Ill Housing (AMIH)	CSS-ST	Peer Counselors to support the PSTH program. Peer Counselors use their own personal lived mental health experience to guide and support residents towards independent living.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(530) 878-5088
Placer		Peer Leadership Mental Health America	CSS-ST	Adult Advocacy Supervisor to provide training, capacity building, technical assistance and client leadership to adult clients and program teams in Placer County's Adult System of Care (ASOC).	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(530) 889-7265
Placer		Family Supports Mental Health America	CSS-ST	Provide peer support and mentoring services to families, friends, and natural support networks of clients identified for services by ASOC.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(530) 889-7265
Placer		Family Advocates Mental Health America	CSS-ST	The Placer County Family Advocacy Program is designed to provide the necessary support, mentoring and advocacy to families participating in the CSOC through the employment of parents or caregivers who, themselves, have been service recipients of like services. Likewise, this program and its team members provide important feedback to the system on family perceptions, needs and concerns.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(530) 889-7265
Placer		Youth Empowerment Support Services Whole Person Learning (WPL)	CSS-ST	Peer support services for youth and Transition Aged Youth. Youth Support Coordinators, who have lived experience in the mental health, child welfare and/or probation systems, work with TAY to accomplish their identified goals as well as utilize their lived experience and the voice of participants to transform system and community services. This includes supporting youth and young adults in finding appropriate placement options and getting their needs met in their placement.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	Lindsay Porta (530) 886-5461
Placer		Senior Peer Counseling	PEI	Free, short-term, peer support, goal-oriented program for residents who are 55 years and older. Peer Counselors work individually with clients in their home with issues such as family conflict, adjustment to health or living situation, substance use, change in independence level, caregiver stress, situational depression and/or anxiety, access to community resources, grief/loss, loneliness, and other age-related transitional concerns. Peer Counselors are volunteers who bring their life experience and are trained to listen, support, and gently coach the client towards their stated goals.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	Teresa Koch (916) 787-8859
Placer		Kognito (PCOE)	PEI	Kognito offers research-proven training simulations designed to prepare educators, staff, students, physicians, and caregivers to recognize when a student is exhibiting signs of psychological distress and talk to the student, with the goal of connecting them to the appropriate support. In these one-hour online trainings, users enter a virtual environment, assume the role of an educator, and engage in conversations with three emotionally responsive student avatars that exhibit signs of psychological distress, including thoughts of suicide.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	Mike Lombardo (530) 745-1493

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Placer		Project MANA (TTCF)	OESD	Project MANA's Homeless Outreach Program utilizes a Homeless Outreach Coordinator to provide outreach to homeless people in the North Tahoe region. The Coordinator works to promote safety, form relationships, learn common language construction, facilitate and support change, and form cultural and ecological considerations. The Homeless Outreach Coordinator also provides essential items, such as socks, sleeping bags, blankets, jackets, clothes, personal hygiene items, etc. They support and assist individuals to utilize warming shelters, as they are available, and educate homeless people about mental health and substance use issues and resources. If a homeless individual is severely mentally ill, the Coordinator will refer them to treatment and assist them in attending treatment services.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	Phyllis McConn (530) 587-1776
<b>Reducing Disparities</b>						
Placer		Bilingual/Bicultural Outreach Latino Leadership Council (LLC) and Placer County Office of Education (PCOE)	CSS-FSP	Bilingual, bi-cultural outreach and engagement services primarily to Latino children, transitional age youth, adults, and families as a part of the Full Service Partnership. Provide services to enrolled and non-enrolled consumers within each of the MHSA demographics.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	LLC: (530) 333-3283 PCOE: (530) 889-8020

Placer		Youth Services and Supports/ Peer Leadership Tahoe Safe Alliance (TSA)	PEI	Young Men's Work is a program for young men who are working together to solve problems without resorting to violence. This effective curriculum helps young men break the cycle of violence passed from generation to generation. Young women face many issues as they mature, such as eating disorders, depression, shame, low self-esteem, substance abuse, and abusive relationships. Young Women's Lives curriculum helps young women face problems, identify personal strengths and supportive resources, and develop new ways of thinking and addressing challenges both internal and external. The peer leadership group will learn about teen issues such as bullying, anxiety, teen dating violence, sexual violence, tolerance, suicidal ideation, depression, non-suicidal self-injury and the influence of social media. The group creates plans to decrease stigma around mental health around mental health in their community/school.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	Trisha Baird (775) 298-0167

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Placer		Big Brother Big Sisters of Tahoe	PEI	By partnering with North Lake Tahoe county agencies, law enforcement, schools and community nonprofits, Big Brothers Big Sisters identifies children at risk of suffering from mental health challenges. These children's home, school and social situations are identified as high stress with the potential to create adverse effects. High risk children are paired with professionally supported one-to-one volunteer mentors to supplement other mental health strategies with regular check-ins. Mentorships reduce risk behaviors and distress in children, and increase resilience, positive behaviors and functioning.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(530) 587-7717
Placer		Youth Services and Supports Sierra Native Alliance (SNA)	PEI	Peer support/mentoring groups to build youth resilience and positive cultural identity development.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(530) 888-8767
Placer		Parent Project	PEI	Parent Project Is a program that consists of activity-based instruction, support groups, and specific curriculum to address destructive adolescent behaviors. These behaviors often belie a substance abuse or mental health problem. Parent Project* teaches concrete prevention, identification and intervention strategies to address school attendance/performance, relationships and family dynamics, alcohol and other drug use, violence, and running away.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	LLC: (530) 320-5353 CoRR: (530) 885-1961 North Tahoe FRC: (530) 546-0952
Placer		Positive Indian Parenting Sierra Native Alliance (SNA)	PEI	Positive Indian Parenting provides culturally-relevant parenting education and support. This curriculum is provided in coordination with co-parenting, behavioral consultation, case management, and peer support to increase parenting skills and the resilience of families with children who have emotional and behavioral challenges.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(530) 888-8767
Placer		Youth Services and Supports Latino Leadership Council (LLC)	PEI	Latino Youth - Male & female youth groups to address depression, cultural stressors, discrimination outside and internal to Latino communities, challenges related to biculturalism, education achievement gaps, and violence.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(530) 320-5353
Placer		Adult Groups: Latino Leadership Council (LLC)	PEI	Facilitated weekly groups "Superacion Personal", in Auburn, Roseville and Lincoln, to address depression, anxiety, health, etc. These groups shall be open to men and women, and provided in Spanish.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(530) 320-5353
Placer		Adult Groups Sierra Native Alliance (SNA)	PEI	Native Women - "Women's Healing Circle" is to reduce the impact of trauma on family functioning and to minimize mental health symptoms.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(530) 888-8767
Placer		Perinatal Mood Disorder Treatment Kids First	PEI	Women or Men with child 0-5 - This program aims to reduce depression, anxiety, and suicide through culturally and age-appropriate services such as screening, assessment, evaluation, resources, home visitation, and short-term therapy for parents with children 0-5 years old.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(916) 774-6802 (530) 887-3536
Placer		Youth 13-21 with emerging mental health issues Gateway Mountain Center	PEI	Therapeutic mentoring programs serves youth in North Tahoe who suffer from symptoms of mental illness, emotional disturbance and substance abuse. Counseling uses real life "treatments" including: deep personal connection, life-enriching experience, exercise, proper nutrition, nature-connection, learning new things, and personal reflection. The program is successful with decreasing risk behaviors and distress, increasing coping and resilience, improving functioning, reducing stigma, and increasing positive behaviors.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(530) 426-2110
Placer		Student Assistance Program (SAP)	PEI	SAP is designed to support schools with a resource for students who have a first-time offense for possession or being under the influence of a substance (e.g., alcohol, marijuana, etc.). This is an early intervention for a population that is vulnerable to behavioral health problems. SAP is a substance abuse prevention and diversion program that establishes specific goals around the prevention and education of substance use among students, and the development of protective factors to improve student behavioral health. SAP is an eight (8) week program, which may be used in lieu of suspension or expulsion or for at-risk students, in participating schools.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	CoRR: (530) 885-1961
Placer		Youth Suicide Prevention Council	PEI	Expand "Know the Signs Campaign" by engaging youth and community members in outreach events. Goals include: educate the public about the signs of suicide, to reduce stigma and discriminations, increase awareness to strengthen social connections, and connect young people with mental health resources. Plan to administer with partner InnerRhythms Dance Co. a new youth-driven suicide prevention arts program called "Giving Voice" to be performed at least ten times in schools and the wider community, as well as coordinate a community movie night, facilitate speakers bureau presentations and expand existing outreach efforts.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	TTUSD: (530) 582-2500

Placer		Adventure Risk Challenge	OESD	High Risk Youth in Tahoe Utilizing statewide campaigns Know the Signs, Each Mind Matters, Busco Apoyo, and My3 App, provide one-on-one and group outreach to youth in Tahoe (in Spanish and English) to educate about signs and symptoms of mental health and integrate efforts to reduce stigma and discrimination. In partnership with the Tahoe Truckee Unified School District. ARC will facilitate two weekend retreats each year for the peer mentors and to increase their awareness, preparedness, and knowledge about suicide prevention and stigma and discrimination reduction.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(559) 676-5096
Placer		Latino Leadership Series North Tahoe Family Resource Center (NTFRC)	SDR	Spanish-speaking Members of Tahoe Community (Youth and Adults) A year-long series of workshops and support groups to the Latino community building individual, family and community capacity for leadership. This program is a culturally appropriate resource for positive mental health activities and practices, engaging participants to develop their understanding of human development, healthful habits and provide structure and accountability for personal growth. Culturally competent presenters and facilitators for these workshops seek to reduce stigma for clinical mental health services through their presentation and further provide “warm handoffs” to clinical service providers when appropriate.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(530) 546-0952
<b>Housing</b>						
Placer		Fast Wrap Uplift	CSS-FSP	Intensive in-home, short-term wraparound to children (17 and under) with severe emotional disorders and require limited assistance for family basic needs	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	Family and Children Services: (530) 889-7265
Placer		Homeless Adult System of Care	CSS-FSP	Serves TAY (18-25), Adults, and Older Adults with a severe and chronic mental illness who are homeless or at risk of homelessness. Homeless outreach is done in hospitals, jails, homeless camps, homeless shelters, and psychiatric hospitals to link adults with services such as mental health, alcohol/drug treatment, income, and housing. It provides a “Whatever it Takes,” 24/7 approach to assist people in their Recovery.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	Jainell Gaitan (530) 889-7203
Placer		TAY Housing Advocate for Mentally Ill Housing (AMIH)	CSS-FSP	Coordinate, secure, and maintain lease agreements with property owners for the purpose of providing houses that are utilized by ASOC and Turning Point Community Programs (TP) transitional age youth (TAY) FSP consumers.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(530) 878-5088
Placer		Support Services for Emergency Housing Advocate for Mentally Ill Housing (AMIH)	CSS-ST	Provides ASOC consumers with emergency short term housing typically lasting up to two weeks, but no more than 28 days. Emergency housing residents will be referred by ASOC and will include FSP consumers.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(530) 878-5088
Placer		Path to Independence Advocate for Mentally Ill Housing (AMIH)	CSS-ST	Provides support services to consumers in the AMIH/ASOC Housing Collaborative. These services provide ASOC consumers with the ability to live in an environment of support while developing skills for more independent living in the community.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(530) 878-5088
<b>SB 82 Funded</b>						
Placer		Mobile Crisis Triage (MCT) Services	OESD	Provides mental health crisis assessment and intervention services in the community to any individual, 16 years of age or older requesting services. MCT teams pair a mental health clinician with a mental health Peer Advocate and respond to any area of the community (homes, shelter, parking lot, streets). Services include doing “whatever it takes,” to help individuals through their crisis, including follow up interventions within 48 hours of service to ensure those individuals are safe and linked to the appropriate follow up care. Services are available 8:00am-10:00pm M-F and 9:00am-7:00pm Saturdays. Partnerships have been created with 5 law enforcement agencies to receive referrals and to work together until the crisis is resolved. Referrals are also received through the county 24/7 mental health line available to all.	<a href="http://www.placer.ca.gov/departments/hhs/adult">http://www.placer.ca.gov/departments/hhs/adult</a>	Curtis Budge (916) 787-8976
<b>Unspecified</b>						
Placer		Wraparound Children’s System of Care (CSOC)	CSS-FSP	Wraparound services to include children (17 years and under) with severe emotional disorders eligible for County Mental Health Services.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(530) 889-6700

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Placer		Multi-Tiered School Supports: Positive Behavioral Intervention and Supports (PBIS)	PEI	Support participating schools in developing and implementing a systemic framework for prevention and early intervention for mental wellness called Positive Behavioral Intervention and Supports (PBIS). PBIS will provide the framework to help schools adopt and implement a continuum of evidence-based interventions to achieve positive outcomes for student mental wellness. The PBIS framework will include three tiers of prevention and early intervention strategies. Tier 1 universal prevention strategies include developing student pro-social skills, supporting student strengths, reducing stigma associated with mental health issues, and utilizing data analysis systems to identify students' need for more intensive support. Tier II early intervention focuses on more intensive, small group services to develop pro-social skills and problem solving using research-based practice. Tier III intervention provides the most intensive and often individualized services.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	PCOE: (530) 889-8020
Placer		Loving Solutions North Tahoe Family Resource Center (NTFRC)	PEI	Loving Solutions is a parent-training program designed specifically for parents raising difficult younger children, ages 5-10 years. Also known as "Parent Project, Jr.," this program utilizes the same principles found successful in "Parent Project, Sr.," adapted to the needs of younger children. Using a behavioral model, Loving Solutions is structured based on cooperative learning norms with group learning activities. Loving Solutions also addresses the needs of children with Attention Deficit Disorder.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(530) 546-0952
Placer		Youth Services and Supports Kids First	PEI	Youth K-18 Leadership Enrichment & Activities Program (LEAP) is an established after-school peer-to-peer mentoring, tutoring, and enrichment program. One program (LEAP Jr.) is offered for grades K-6 and one program (LEAP) for youth ages 11 and older. LEAP programs enable youth to experience healthy interactions with peers and positive role models, including law enforcement and others.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(916) 774-6802 (530) 887-3536
Placer		Adult Groups Lighthouse	PEI	Road to Wellness group is designed for those experiencing anxiety, stress, depression, anger, sleep disorders, fatigue, guilt or other feelings affecting their mental health and well-being. Road to Wellness groups are based on Cognitive Behavioral Therapy (CBT) theory and practice. CBT is a form of treatment that focuses on examining the relationships between thoughts, feelings and behaviors. By exploring patterns of thinking that lead to self-destructive action and the beliefs that direct these thoughts, people with mental illness can modify their patterns of thinking to improve coping.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(916) 645-3300
Placer		Parent Child Interaction Therapy (PCIT) Kids First	PEI	Parent-Child Interaction Therapy (PCIT) is provided through 14-20 weekly sessions, and is designed for parents with children (ages 2-7) who are exhibiting behavioral problems such as aggression, defiance, non-compliance, and temper tantrums. PCIT treatment is provided to the parent and child in two phases - Child-Directed Interaction (CDI) and Parent-Directed Interaction (PDI). During the CDI phase, parents engage their child in play situations, with the goal of restructuring and strengthening the parent-child relationship. During the PDI phase, which is similar to clinical behavior therapy, parents learn to use specific behavior management techniques while playing with their child.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(916) 774-6802 (530) 887-3536
Placer		Incredible Years - Dinosaur School Kids First	PEI	The Dinosaur School series for children ages 3-8 years focuses on social, emotional skills and problem solving designed as a classroom prevention program. Dinosaur School is meant to compliment the Incredible Years parent curriculum and teaches children self-regulation and positive classroom behavior.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	(916) 774-6802 (530) 887-3536
Placer		Functional Family Therapy (FFT)	PEI	FFT is an empirically grounded, well-documented and highly successful family intervention for at-risk and juvenile justice involved youth. The target population is youth ages 11-18 and their families, whose problems range from acting out, conduct disorder and alcohol/substance abuse.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	SMWG: (530) 581-4054
Placer		Transition to Independence (TIP) Unity Care	PEI	TIP model engages youth and young adults in the process of their own future planning, provides them with developmentally appropriate services and supports, and involves them and their families and other informal key players in a process that prepares and facilitates them in their movement toward greater self-sufficiency and successful achievement of the goals related to each of the transition domains - Employment and Career, Educational Opportunities, Living Situation, Personal Effectiveness and Well-being and Community and Life Functioning. TIP is designed to add in the mental health service element that some of these transitioning youth need to take the next step into adulthood.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	Shane Libby (530) 886-5473
Placer		Youth Therapy Uplift Family Services and Tahoe Safe Alliance	PEI	Individual, family and/or group therapy for children, youth and transitional aged youth.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	Uplift: (530) 265-7844 Tahoe Safe Alliance Hotline: (800) 736-1060

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Placer		Teaching Pro-Social Skills (TPS)	PEI	TPS also known as Aggression Replacement Training (ART) is a cognitive behavioral Intervention program to help children and adolescents improve social skill competence and moral reasoning, better manage anger, and reduce aggressive behavior. The program specially targets chronically aggressive children and adolescents.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	Lighthouse (916) 645-3300
Placer		Student and Family Support Program	PEI	Provide assessment and individualized treatment plans for youth who are at risk of mental health disorders due to identified substance misuse or dependence. These youth are not court ordered or enrolled in FSP.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	CoRR Auburn: (530) 885-1961 CoRR Roseville: (916) 782-3737
Placer		Early Onset-Therapeutic Services	PEI	Early Onset, short-term, culturally-appropriate mental health therapy for community members with anxiety, depression, PTSD, or other disorders.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	SNA: (530) 888-8767
Placer		Home to Stay Counseling and Supports for Birth and Kinship Families	PEI	Intensive in-home support services and counseling to birth and kinship families whose youth are at risk of placement for disruption) due to emotional, behavioral and mental health issues.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	Lilliput Families (530) 722-2233
Placer		Signs of Suicide (SOS)	PEI	The SOS program teaches students how to identify the symptoms of depression and suicidality in themselves or their friends, and encourages help-seeking through the use of the ACT technique (Acknowledge, Care, Tell). The SOS program teaches students that depression is a treatable illness. Students are taught that suicide is not a normal response to stress, but rather a preventable tragedy that often occurs as a result of untreated depression. Students are given specific action steps, encouraged to engage in a discussion about these issues with their parents, and utilize the peer-to-peer help-seeking model.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	Lighthouse (916) 645-3300
Placer		Consumer & Staff Development	WET	Provides consumer, staff, and leadership development through training, e-Learning online training, and implementation of evidence-based practices.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	Christopher Pawlak: (530) 886-2983
Placer		Leadership Development	WET	Supports developing leadership opportunities for people within the mental health delivery system public and private staff. By joining with community leaders, leadership skills are developed in an environment of diversity and collaboration, such as through trainings and speaking engagements through Speaker's Bureau.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	Mental Health America: (530) 886-2980
Placer		E-Learning	WET	Supports accessing e-learning course catalog and customizing courses to meet the specific, diverse needs of the community. Trainings offered will be wellness, recovery, and resiliency oriented.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	Christopher Pawlak: (530) 886-2983
Placer		Psychosocial Rehab Certification	WET	Implemented online CASRA psychosocial rehabilitation certification through Modesto Jr. College. Courses paid for by Central Region Partnership. Access to Peer to Peer evidence based practice free to consumers/peers.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	Mental Health America: (530) 886-2980 Christopher Pawlak: (530) 886-2983
Placer		Outreach & Enhanced Career Tracks	WET	Coordination of local, central region, and statewide workforce, education and training efforts to promote and distribute marketing information, attending speaking engagements, and job fairs to recruit and retain hard to fill positions.	<a href="http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx">http://www.placer.ca.gov/Departments/hhs/adult/mhsa.aspx</a>	Christopher Pawlak: (530) 886-2983

<b>RIVERSIDE COUNTY</b>						
<b>Crisis Support</b>						
Riverside		Toll-Free, 24/7 Helpline (Mental Health Outreach, Awareness and Stigma Reduction Project)	PEI	The “HELPLINE” provides crisis and suicide prevention services, including counseling and emergency assistance 24/7. Callers receive (when appropriate) referrals to ongoing services both in Riverside University Health System - Behavioral Health (RUHS-BH) and outside agencies as well as Riverside County 211.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Outreach and Reunification Services to Runaway TAY (TAY Project)	PEI	Provides crisis intervention and counseling strategies to facilitate re-unification of the transition age youth with an identified family member. Outreach includes training and education for business owners, bus drivers, and other community agencies to become aware of at-risk youth who may be homeless or runaway and seeking support. Trained individuals assist youth in connecting them to safety and additional resources. Follow-up referrals assist with stabilization of the living situation for the youth. RUHS-BH collaborates with community providers to identify specific outreach strategies to reach runaway TAY and to reach unserved and underserved populations, including LGBTQ youth.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		CREST Community Response Evaluation and Support Team	SB 82	Community Response Evaluation and Support Team (CREST) Age groups: Children, Adolescents Adults and Older Adults CHFFA Funded The CREST program is a field based team working collaboratively within the local Police and Sheriff Departments to decrease the need for inpatient hospitalizations as well as decreasing the amount of time that law enforcement personnel are dedicating to consumers in psychiatric crisis. The CREST Team is able to work with Consumers from all age groups. CREST provides the following services; Engagement with Consumers and their families in the community; Field based risk assessment; Determination if lower level of care or community-based supports can better meet the consumer’s needs; Link the consumer and their family to community based services in a timely manner; Crisis Intervention services and support to individuals/families in psychiatric emergency; Aid in development of a safety plan for the individual and their family or support system; Short-term follow-up services to ensure linkage and engagement are successful ; Extensive knowledge of Riverside County community resources available to individuals & families; The CREST Team will consult with the Law Enforcement Officers prior to making any critical clinical decisions / determinations; The CREST Team has clearly defined roles that do not replace the functions of the Emergency Responders or Law Enforcement Personnel; Serves as an information resource and consultant to Law Enforcement.	<a href="http://www.rcdmh.org/">http://www.rcdmh.org/</a>	Roderick W. Verbeck, Psy.D., MFT Mental Health Services Administrator 951-955-1551 Rwverbeck@RCMHD.org
Riverside		REACH Regional Emergency Assessment @ Community Hospitals	SB 82	The Regional Emergency Assessment @ Community Hospitals REACH Age groups: Children, Adolescents Adults and Older Adults. MHSOAC Funded. This program is a field based team consisting of a Clinical Therapist and Peer Support Specialist working collaboratively within community hospital emergency departments to decrease the need for inpatient hospitalizations as well as decreasing the amount of time that hospital medical staff are dedicating to patients in psychiatric crisis. The REACH Team is able to work with patients from all age groups. REACH provides the following services: Engagement with Consumers and their families; Risk assessment; Determination if lower level of care or community-based-supports can better meet the patient needs; Crisis Intervention services and support to individuals/families in psychiatric emergency; Release 5150 application if client no longer meets criteria and if proper linkage and resources are available to client – including community/family support; Aids in development of safety plan for individual / family; Short-term follow-up services to ensure linkage and engagement are successful; Extensive knowledge of Riverside County community resources available to individuals & families; The REACH Team will consult with Emergency Department Staff prior to making any critical clinical decisions / determinations; The REACH Team has clearly defined roles that do not replace the functions of the Emergency Department Medical Staff or Social Workers. The REACH team operates 7 days a week, excluding County Holidays. Hours of operation: 12:00 noon to 10:00 pm	<a href="http://www.rcdmh.org/">http://www.rcdmh.org/</a>	Roderick W. Verbeck, Psy.D., MFT Mental Health Services Administrator 951-955-1551 Rwverbeck@RCMHD.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Riverside		Crisis Stabilization Unit (CSU)	SB 82	<p>Crisis Stabilization Center (CSU)</p> <p>A contract operated outpatient crisis stabilization center. This program will offer 24/7 voluntary urgent care outpatient services to adults (age 18 or above). State regulations prevent the program from serving patients more than 24 hours for each admission. On-site services may include a mental health assessment, an evaluation for medication needs, individual crisis intervention, family support and peer to peer support. Clients seen will also receive intensive care coordination and will quickly be linked to more traditional outpatient and/or community services for ongoing support. The goals of the program are to: Provide urgent care support that focuses on providing relief from the immediate mental health crisis; Provide an alternative to individuals that routinely present in medical hospital emergency rooms due to a psychiatric crisis, thereby providing relief to local hospital emergency departments while providing mental health support in a more appropriate setting; Establish an alternative local resource for 911 responders who encounter persons in the community in crisis but who do not require involuntary inpatient interventions.</p>	<a href="http://www.rcdmh.org/">http://www.rcdmh.org/</a>	Roderick W. Verbeck, Psy.D., MFT Mental Health Services Administrator 951-955-1551 Rwverbeck@RCMHD.org
<b>Peer/Family Support Specialists</b>						
Riverside		Peer to Peer Services (TAY Project)	PEI	Peer-to-Peer Services — This project utilizes youth speakers' bureaus and other structured programming to outreach and educate at-risk youth and the community at large on the unique issues each group of identified at-risk youth experience as they relate to mental health and interpersonal issues.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Peer Navigation Line	PEI	A toll free number to assist the public in navigating the Behavioral Health System and connect them to resources based upon their individual need. Staff of the PNL are individuals with "lived experience."	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Children's Integrated Services Program	CSS	<p>The Children's Integrated Services Program provides a broad array of integrated services and a supportive system of care for minors ages 0–18 years and their families. Priority populations identified for Children/Youth were those with Serious Emotional Disturbances (SED) under the jurisdiction of the juvenile court (wards and dependent) and those suffering from a co-occurring disorder. This Work Plan provides an array of services through interagency service enhancements and expansions; evidence-based practices in clinic expansion programs and full service partnership programs; and continued support of Parent Partners employed as permanent County employees.</p> <p>Full Service Partnerships: Multi-Dimensional Family Therapy (MDFT), Treatment Foster Care Oregon (TFCO), Parent Child Interaction Therapy (PCIT).</p> <p>System Development: Parent Support, Social Service Re-Design, Mentoring, Youth Hospital Intervention, Clinic Enhancement and Expansions, Evidence-Based Practice Models.</p>	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	David Schoelen MHSA Administrator (951) 955-7198 DSchoelen@rcmhd.org
Riverside		Services for Youth in Transition	CSS	<p>Promotes meaningful and successful transitions to youth by reducing hospitalizations, homelessness, out-of-home placement and incarceration, decreasing isolation and promoting independent living.</p> <p>Full Service Partnerships: Integrated Services Recovery Centers (ISRC).</p> <p>System Development: Peer Support and Resource Centers, Transition to Independence Process (TIP) Training, Crisis and Adult Residential Treatment (CRT/ART), Evidence-Based Practices.</p>	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	David Schoelen MHSA Administrator (951) 955-7198 DSchoelen@rcmhd.org
Riverside		Comprehensive Integrated Services for Adults (CISA)	CSS	<p>Provides a combination of program expansion, new full-service partnership programs and program enhancements throughout the Adult System of Care. Includes:</p> <p>Full Service Partnerships: Integrated Services Recovery Centers (ISRC), including "Bridge" Programs and "high utilizers of service".</p> <p>System Development: Crisis and Adult Residential Treatment (CRT/ART), Safehaven, Housing (HHOPES), Mental Health Court, Augmented Board and Care (ABC), Crisis Stabilization, Family Advocate Program (FAP), Peer Support and Resource Centers (Wellness Cities), Veteran Liaison, and Clinic Enhancements/Expansions.</p>	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	David Schoelen MHSA Administrator (951) 955-7198 DSchoelen@rcmhd.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Riverside		Older Adult Integrated System of Care	CSS	Provides a comprehensive range of service options that encourages utilization of least-restrictive alternatives, including field-based options that bring services closer to the older adult's living situation. Full Service Partnerships: SMART (Specialty Multi-Disciplinary Aggressive Response Team), including "Bridge". System Development: Peer/Family Support, Housing, Network of Care, Specialized Training, and Clinic Enhancements/Expansions.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	David Schoelen MHSA Administrator (951) 955-7198 DSchoelen@rcmhd.org
Riverside		Peer Recovery Support Services	CSS	Ensures employment and utilization of consumers and family members in all aspects of service delivery and in the administrative structures associated with: Peer Support and Resource Centers (Wellness Cities), Consumer Affairs, Family Advocates, Parent Supports, Consumer Employment and Recovery Training, Consumer and Family Member Employment.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	David Schoelen MHSA Administrator (951) 955-7198 DSchoelen@rcmhd.org
Riverside		Mobile Mental Health Clinics and Preschool 0-5 program (Parent Education and Support)	PEI	For families w/ children who exhibit chronic disruptive behaviors at home, in school, preschool or daycare. Services are provided in mobile clinics. Services include: PCIT, Incredible Years, Strong Kids group, TCIT, Parent and Staff consultations.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Commercially Sexually Exploited Children	INN	Riverside University Health System – Behavioral Health proposed Commercially Sexually Exploited Children as Innovation Project 06. Approved in February of 2017, this project is in the early stages of development and implementation. The project seeks to contribute knowledge on the best service delivery approach for working with commercially sexually exploited youth by: 1) Adapting Trauma Focused Cognitive Behavioral Therapy for a commercially sexually exploited youth population to understand if this adapted approach delivered in a Specialty Care Team model increases engagement, retention, and outcomes. 2) Coordinating a Specialty Care Team approach with a CSEC team including the use of TAY Peer Specialist and Parent Partners to increase engagement and retention in services and improve outcomes.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	David Schoelen MHSA Administrator (951) 955-7198 DSchoelen@rcmhd.org
Riverside		TAY One-Stop Drop-In Center	INN	Riverside University Health System – Behavioral Health proposed TAY One-Stop Drop-In Centers as Innovation Project 05. Approved in August of 2015, this project is has opened various drop-in centers throughout the county and is in the early stages of implementation. The project incorporates a multi-dimensional approach to workforce training with three integrated elements: 1) Develop and implement a TAY PSS training curriculum with a dedicated space that will serve as a training hub. 2) Within the training hub, provide on-going development of TAY PSS work skills by integrating TAY PSS into an adapted evidence-based model serving TAY and their families. 3) Incorporate interagency partners into the training hub to provide the opportunity for TAY Peers to learn and practice their skills in an integrated way.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	David Schoelen MHSA Administrator (951) 955-7198 DSchoelen@rcmhd.org
<b>Reducing Disparities</b>						
Riverside		Media and Mental Health Promotion and Education Materials (Mental Health Outreach, Awareness and Stigma Reduction Project)	PEI	RUHS-BH continues with the Up2Riverside campaign to increase mental health awareness, reduce stigma and reduce suicide. This campaign will impact knowledge and attitudes about mental illness to include: mental health literacy, social distancing, mental health openness, knowledge of resources and willingness to seek help.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Ethnic and Cultural Community Leaders in a Collaborative Effort (Mental Health Outreach, Awareness and Stigma Reduction Project)	PEI	This collaborative effort continues relationships with community leaders from ethnic and cultural populations who were contracted during the Prevention and Early Intervention (PEI) Program Planning Process. These consultants continue to work within local communities to identify key community leaders and build a network of individuals from these communities whose primary goal is to promote the dissemination of mental health information, to create awareness and reduce stigma, encourage community engagement to take advantage of resources and education available, and promote participation in PEI services.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Riverside		Promotores de Salud (Mental Health Outreach, Awareness and Stigma Reduction Project)	PEI	Addresses needs within the large number of Hispanic communities in Riverside County. Promotores are health workers who work in, and are from, the community they serve. They provide health and mental health education and support to members of their communities.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Community Mental Health Promotion Program	PEI	Addresses needs within the un and underserved communities of Riverside County. Mental Health workers who work in, and are from, the community they serve provide mental health education and support to members of the following communities: African American, Native American, Asian/Pacific Islander, LGBTQ, and the Deaf and Hard of Hearing.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Contact for Change	PEI	Includes two programs: Speaker's Bureau and Educator Awareness Program. Each program involves presenters with lived experience of mental health challenges sharing their personal story of recovery. The Educator Awareness Program is presented to school professionals and include information to help them identify the key warning signs of early onset mental illnesses in children and adolescents in school.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Filipino American Mental Health Resource Center	PEI	Agreement to run a Resource Center in support of outreach activities and education, as well as linkage to appropriate mental health services for Filipino Americans in the Perris Valley and surrounding areas of Riverside County in order to reduce mental health stigma, increase mental health awareness, connect community with services and community mental health resources	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Mamás y Bebés (Mothers and Babies) (Underserved Latinos)	PEI	Evidence-based mood management perinatal group intervention for women.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Africentric Youth and Family Rites of Passage Program (Underserved African Americans)	PEI	Designed for African American male youth ages 11-15. An expansion of this program now targets African American females ages 11-15. The goal of the program is empowerment of black adolescents through a nine-month rites of passage program. A major component of the program is the after-school program that offers modules on knowledge and behaviors for living. Another component of the program includes casework and counseling with linkage to needed services.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Cognitive-Behavioral Intervention for Trauma in Schools (CBITS) (Underserved African Americans)	PEI	A cognitive and behavioral therapy group intervention for reducing children's symptoms of post-traumatic stress disorder (PTSD) and depression caused by exposure to violence that has been used successfully in inner city schools with multi-cultural populations.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Incredible Years (Underserved Native Americans)	PEI	Incredible Years is a parent training intervention which focuses on strengthening parenting competencies and fostering parents' involvement in children's school experiences to promote children's academic and social skills and reduce delinquent behaviors. SPIRIT is a culturally-tailored evidence-based practice that was adapted by Dr. Renda Dionne for the Riverside County Native American community.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Guiding Good Choices (Underserved Native American and African Americans)	PEI	This prevention program provides parents of children in grades 4 through 8 (ages 9-14) with the knowledge and skills to guide their children through early adolescence. It seeks to strengthen and clarify family expectations for behavior, enhance the conditions that promote bonding within the family, and teach skills that allow children to resist drug use successfully. Addressing substance abuse prevention is essential to the prevention of mental health problems.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Riverside		Strengthening Intergenerational/ Intercultural Ties in Immigrant Families (Underserved Asian American/ Pacific Islanders)	PEI	Strengthening Intergenerational/ Intercultural Ties in Immigrant Families (SITIF): A Curriculum for Immigrant Families – The target populations of the SITIF program are Asian American/ Pacific Islander immigrant parents and/or caregivers with inadequate parenting skills to effectively discipline and nurture their children. The primary strategies of the program are: community education/outreach workshops, a bicultural parenting class, and family support service linkage. The activities are delivered at locations that are natural congregation places for the immigrant families: school sites, community service delivery settings, community-based and culturally competent behavioral healthcare center.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Triple P Positive Parenting (Parent Education and Support)	PEI	A multi-level system of parenting and family support strategies for families with children from birth to age 12. Triple P is designed to prevent social, emotional, behavioral, and developmental problems in children by enhancing their parents' knowledge, skills, and confidence.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Strengthening Families Program (Parent Education and Support)	PEI	Family skills training intervention designed to increase resilience and reduce risk factors for behavioral, emotional, academic, and social problems in children. This program brings together the family for each session.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Stress and Your Mood (SAYM) [Previously known as Depression Treatment Quality Improvement (DTQI)] (TAY Project)	PEI	Provides evidence-based early intervention to treat depression, based on the concepts of Cognitive-Behavioral Therapy (CBT). Services provided in multiple locations in each service delivery region through organizations that serve youth and young adults in a setting where the youth feel comfortable. Services targeting LGBTQ youth are provided at an organization that serves LGBTQ youth and young adults.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Active Minds (TAY Project)	PEI	This national organization works to use the student voice to change the conversation about mental health on college campuses. Increases student awareness of mental health issues, provides information and resources regarding mental health and mental illness, encourages students to seek help as soon as it is needed, and serves as a liaison between students and the mental health community. The student-run chapters organize campus-wide events to remove the stigma that surrounds mental health issues and create an environment for open conversations about mental health issues. RUHS-BH supports these chapters and the Active Minds traveling exhibit Send Silence Packing.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Cognitive-Behavioral Therapy for Late-Life Depression (First Onset for Older Adults)	PEI	This program focuses on early intervention services that reduce suicidal risk and depression through an active, directive, time-limited, and structured problem-solving approach. A highlight of this model is its portability, which allows implementation in a variety of settings, including places where older adults are likely to go (senior centers and senior workforce centers).	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Program to Encourage Active Rewarding Lives for Seniors (PEARLS)	PEI	Program for older adults who have minor depression and are receiving home-based social services from community services agencies; Individual early intervention.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Cognitive Behavioral Intervention for Trauma In Schools (Trauma Exposed)	PEI	CBITS is a cognitive and behavioral therapy group intervention to reduce children's symptoms of Post Traumatic Stress Disorder (PTSD) and depression caused by exposure to violence.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Riverside		Dare to be Aware Conference (Mental Health Outreach, Awareness and Stigma Reduction Project)	PEI	This is a full-day conference for middle and high schools from across the county that began in 2002 to address stigma against individuals with mental illness, which was preventing them from seeking early intervention and treatment. The goal of the conference is to present an accurate picture of mental illness to the youth of Riverside County in order to reduce stigma. Our intervention efforts target high-risk youth and the community to teach them what stigma means, how it negatively impacts individuals, take steps to minimize stigma at school, home and community. We strive to bring awareness of available community resources and how to access services. We also strive to raise awareness about mental illness, which will make it easier for those with mental illness to seek appropriate help.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Directing Change Program and Film Contest (TAY Project)	PEI	The contest is part of Each Mind Matters: California's Mental Health Movement and statewide efforts to prevent suicide, reduce stigma and discrimination related to mental illness, and to promote the mental health and wellness of students. Youth are asked to produce a short film that focus on suicide prevention and mental health challenges. A simultaneous program contest and award ceremony is coordinated at the local level for Riverside County youth.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Teen Suicide Awareness and Prevention Program (TSAPP)	PEI	Suicide Prevention (SP) curriculum at each of 16 high school and 4 middle school campuses. The main goal of the SP program is to prevent teen suicide by providing training and resources to students, teachers, counselors, and public health workers. Each high school and middle school within the selected school district will be required to establish a suicide prevention club on campus or partner with an existing service group throughout the school year to train them in the Suicide Prevention (SP) curriculum. In addition IPS will assist each established suicide prevention club and middle school service group with a minimum of two (2) SP activities throughout the school year. One of the required high school club activities will be to participate in the annual Directing Change video contest. The remaining activities will include handing out SP cards at open house events, school events, and making PSA announcements.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Outreach Activities (Mental Health Outreach, Awareness and Stigma Reduction Project)	PEI	Outreach and engagement staff provide community outreach and engagement activities targeting those populations that are currently receiving little or no service. Increases awareness and knowledge of mental health and mental health resources, such as the PEI programs, increases community readiness to address mental health issues, and eliminates stigma associated with mental health issues. Staff provide community education, referral and linkage.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Network of Care (Mental Health Outreach, Awareness and Stigma Reduction Project)	PEI	The Network of Care for Behavioral Health is a user-friendly website that serves as a resource for consumers, community members, community-base organizations and providers interested in behavioral health. The website provides easy access to information regarding behavioral health services, laws, news, education, recovery management tools, and resources to increase mental health awareness. The Network of Care for Behavioral Health is a practical tool that hopes to ensure that there is "No Wrong Door" for those who need mental health information or services.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Call to Care (Mental Health Outreach, Awareness and Stigma Reduction Project)	PEI	Provides outreach to, trains, and assists non-professional community leaders to initiate and maintain understanding, caring relationships with persons of their communities, and to volunteer to use their lay counseling skills in their communities.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
<b>Housing</b>						
Riverside		Housing	CSS/Housing	The Riverside University Health System - Behavioral Health Housing program supports Housing Crisis Response teams which conduct street engagement to identify and link individuals living on the streets to services and available housing in County Behavioral Health programs and other community agencies, operates two Safehaven facilities that follow a low demand drop-in model for providing outreach and housing support services to chronically homeless individuals, facilitates Rapid Re-Housing programs, rental assistance and emergency housing programs to serve families with children, TAY, adults, and mature adults. The MHSA permanent supportive housing program partners with developers and housing providers across the continuum of housing options to promote housing development, improve access to housing, and ensure supportive services are available to serve TAY, adults and older adults throughout the County.	<a href="http://www.rcdmh.org/">http://www.rcdmh.org/</a>	Lynne M. Brockmeier Administrative Services Manager HHOPE Admin Office 951-715-5050 lmbrockmeier@rcmhd.org HHOPE@rcmhd.org

SB 82 Funded						
Riverside		CREST Community Response Evaluation and Support Team	SB 82	Community Response Evaluation and Support Team (CREST) Age groups: Children, Adolescents Adults and Older Adults CHFFA Funded The CREST program is a field based team working collaboratively within the local Police and Sheriff Departments to decrease the need for inpatient hospitalizations as well as decreasing the amount of time that law enforcement personnel are dedicating to consumers in psychiatric crisis. The CREST Team is able to work with Consumers from all age groups. CREST provides the following services; Engagement with Consumers and their families in the community; Field based risk assessment; Determination if lower level of care or community-based supports can better meet the consumer's needs; Link the consumer and their family to community based services in a timely manner; Crisis Intervention services and support to individuals/families in psychiatric emergency; Aid in development of a safety plan for the individual and their family or support system; Short-term follow-up services to ensure linkage and engagement are successful ; Extensive knowledge of Riverside County community resources available to individuals & families; The CREST Team will consult with the Law Enforcement Officers prior to making any critical clinical decisions / determinations; The CREST Team has clearly defined roles that do not replace the functions of the Emergency Responders or Law Enforcement Personnel; Serves as an information resource and consultant to Law Enforcement.	<a href="http://www.rcdmh.org/">http://www.rcdmh.org/</a>	Roderick W. Verbeck, Psy.D., MFT Mental Health Services Administrator 951-955-1551 Rwverbeck@RCMHD.org
Riverside		Crisis Stabilization Unit (CSU)	SB 82	Crisis Stabilization Center (CSU) A contract operated outpatient crisis stabilization center. This program will offer 24/7 voluntary urgent care outpatient services to adults (age 18 or above). State regulations prevent the program from serving patients more than 24 hours for each admission. On-site services may include a mental health assessment, an evaluation for medication needs, individual crisis intervention, family support and peer to peer support. Clients seen will also receive intensive care coordination and will quickly be linked to more traditional outpatient and/or community services for ongoing support. The goals of the program are to: Provide urgent care support that focuses on providing relief from the immediate mental health crisis; Provide an alternative to individuals that routinely present in medical hospital emergency rooms due to a psychiatric crisis, thereby providing relief to local hospital emergency departments while providing mental health support in a more appropriate setting; Establish an alternative local resource for 911 responders who encounter persons in the community in crisis but who do not require involuntary inpatient interventions.	<a href="http://www.rcdmh.org/">http://www.rcdmh.org/</a>	Roderick W. Verbeck, Psy.D., MFT Mental Health Services Administrator 951-955-1551 Rwverbeck@RCMHD.org
Riverside		REACH Regional Emergency Assessment @ Community Hospitals	SB 82	The Regional Emergency Assessment @ Community Hospitals REACH Age groups: Children, Adolescents Adults and Older Adults. MHSOAC Funded. This program is a field based team consisting of a Clinical Therapist and Peer Support Specialist working collaboratively within community hospital emergency departments to decrease the need for inpatient hospitalizations as well as decreasing the amount of time that hospital medical staff are dedicating to patients in psychiatric crisis. The REACH Team is able to work with patients from all age groups. REACH provides the following services: Engagement with Consumers and their families; Risk assessment; Determination if lower level of care or community-based-supports can better meet the patient needs; Crisis Intervention services and support to individuals/families in psychiatric emergency; Release 5150 application if client no longer meets criteria and if proper linkage and resources are available to client – including community/family support; Aids in development of safety plan for individual / family; Short-term follow-up services to ensure linkage and engagement are successful; Extensive knowledge of Riverside County community resources available to individuals & families; The REACH Team will consult with Emergency Department Staff prior to making any critical clinical decisions / determinations; The REACH Team has clearly defined roles that do not replace the functions of the Emergency Department Medical Staff or Social Workers. The REACH team operates 7 days a week, excluding County Holidays. Hours of operation: 12:00 noon to 10:00 pm	<a href="http://www.rcdmh.org/">http://www.rcdmh.org/</a>	Roderick W. Verbeck, Psy.D., MFT Mental Health Services Administrator 951-955-1551 Rwverbeck@RCMHD.org

<b>Other Programs</b>						
Riverside		Workforce Staffing Support	WET	Centrally coordinates, develops and implements the training, recruitment and retention strategies identified in the WET Plan. The goal of the unit is to enhance the recovery practice skills of the public mental health workforce as well as assist in the development of career pathways for qualified staff into the public mental health service system. Recruitment and retention is focused on reducing the disparities between our workforce and the diverse clientele that we serve, as well as integrating employees with consumer lived experience and their family members into public mental health service.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Sheree Summers Administrative Services Manager (951) 955-7108 SRSummers@rcmhd.org
Riverside		Training and Technical Assistance	WET	Provides recovery-oriented skill development within Riverside's public mental health service system and with our partner agencies that assist consumers and their families. Education and training strategies focus on improving cultural competency, and enhancing the service delivery of mental health providers, allied service professionals, and first responders that assist people who experience mental health needs.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Sheree Summers Administrative Services Manager (951) 955-7108 SRSummers@rcmhd.org
Riverside		Mental Health Career Pathways	WET	Develops and implements outreach and support programs that encourage people with lived experience to enter into the public mental health workforce; identifies strategies for both preparation and excellence in public mental health service delivery. Also includes programs that assist in the clinical development and retention of public mental health professionals.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Sheree Summers Administrative Services Manager (951) 955-7108 SRSummers@rcmhd.org
Riverside		Residency/Internship Programs	WET	Centrally coordinates the selection and placement of behavioral science students into our Department programs either as the part of a learning objective or a degree requirement, provides mental health career outreach and education to promote public mental services career pathways, and encourages mental health career development of students from underserved communities or who have lived experience.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Sheree Summers Administrative Services Manager (951) 955-7108 SRSummers@rcmhd.org
Riverside		Financial Incentives to Workforce Development	WET	Provides or supports academic incentive programs designed to recruit or retain a qualified workforce dedicated to public mental health service and that address the unmet needs of Riverside County consumers and their families. Strategies are tailored to the current and anticipated needs specific to Riverside County Department of Mental Health.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Sheree Summers Administrative Services Manager (951) 955-7108 SRSummers@rcmhd.org
Riverside		Caregiver Support Groups (First Onset for Older Adults)	PEI	Partners with local community-based organizations and social service agencies to provide support groups for caregivers. Specific outreach, engagement, and linkage to the support groups for individuals and caregivers/family members of individuals receiving prevention and early intervention services, caregivers of seniors with mental illness, and caregivers of seniors with dementia.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Seeking Safety (Trauma Exposed)	PEI	This program is a present-focused, coping skills program designed to simultaneously help people with a history of trauma and substance abuse. Can be conducted in group or individual format; for female, male or mixed gender groups; for people with both substance abuse and dependence issues; and for people with PTSD and for those with a trauma history that do not meet criteria for PTSD.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org
Riverside		Peace4Kids (Early Intervention for Families in Schools)	PEI	This model is based on Aggression Replacement Training (ART). Peace4Kids improves skill acquisition and performance, anger control, decreases the frequency of acting out behaviors and increases the frequency of constructive, pro social behaviors. The Peace4Kids curriculum added the empathy component, character education and expanded the anger control and social skills lessons. A parent component was added along with a discipline structure.	<a href="http://www.rcdmh.org/MHSA">http://www.rcdmh.org/MHSA</a>	Diana Brown Administrative Services Manager (951) 955-7125 DABrown@rcmhd.org

<b>Peer/Family Support Specialists</b>						
Sacramento		Consultation, Support and Engagement Teams (CSET) Program	CSS-OESD	This new program evolved from the 2014-2017 three-phased CSS expansion planning process and will be designed to address the needs of children and youth that have been commercially sexually exploited. This program will have two components: 1) Outreach and engagement services for children, youth and families; and 2) Consultation, education and training to mental health providers that are delivering treatment services to this underserved population. This program is targeted to roll out late in FY 2017-18.	<a href="http://www.dhs.saccounty.net">http://www.dhs.saccounty.net</a>	Jane Ann Zakhary (916) 875-0188 ZakharyJ@saccounty.net
Sacramento		Consumer and Family Voice	CSS-OESD	As part of the CSS Wellness and Recovery Workplan, the Consumer and Family Voice Program promotes the Division's mission to effectively provide quality mental health services to children, youth, adults, older adults and families in Sacramento County. The consumer and family member advocates promote and encourage parent/caregiver, youth, adult, and older adult consumer involvement in the mental health system from program planning to program participation. This program provides a wide array of services and supports to all age groups including, but not limited to, advocacy, system navigation, trainings, support groups, and psycho-educational groups. This program also coordinates and facilitates the annual Peer Empowerment Conference as well as every other month Expert Pool Town Hall meetings for clients/consumers of behavioral health services.	<a href="http://www.dhs.saccounty.net">http://www.dhs.saccounty.net</a>	<p>Matthew Marrison (Consumer Advocate Liaison) (916) 875-4710 marrisonm@saccounty.net</p> <p>Blia Cha (Family Advocate Liaison) (916) 875-5644 chablia@saccounty.net</p>
Sacramento		Peer Partner Program	CSS-OESD	As part of the CSS Wellness and Recovery Workplan, the Peer Partner Program (Peer Partners) provides peer support services to adults and older adults, from diverse backgrounds, linked to the APSS clinics. Peer Partners (consumers and family members) are integrated staff members of the APSS multidisciplinary team and provide peer-led services that support APSS participants and their families in their recovery process. Individual support, peer-led support groups, mentoring, and benefits acquisition are key strategies contributing to successful outcomes.	<a href="http://www.dhs.saccounty.net">http://www.dhs.saccounty.net</a>	Lou DeVille (916) 874-3361 devillel@saccounty.net

Sacramento		Transcultural Wellness Center	CSS-FSP	Designed to increase penetration rates and reduce mental health disparities in the Asian/Pacific Islander communities in Sacramento County. The program serves children, families, transition age youth, adults, and older adults. It is staffed by clinicians, consumers, family members, and community members and provides a full range of services with interventions and treatment that take into account the cultural and religious beliefs and values, traditional and natural healing practices, and associated ceremonies recognized by the API communities. Services, including psychiatric services, are provided in the home, local community and school with an emphasis on blending with the existing cultural and traditional resources so as to reduce stigma. Staff assignments are made taking into consideration the gender and specific cultural and linguistic needs of the client. The goals of the TWC are to increase timely and appropriate mental health services to API populations and to decrease the number of individuals utilizing social services, acute care, or public safety providers as a component of untreated mental illness.	<a href="http://www.dhs.saccounty.net">http://www.dhs.saccounty.net</a>	Asian Pacific Community Counseling (916) 383-6784

<b>Housing</b>						
Sacramento		Permanent Supportive Housing	CSS-FSP	Includes three programs: 1) PSH-Guest House is the front door and offers same-day access to service and limited temporary housing. Services include triage, comprehensive mental health assessments and evaluations, assessments of service needs, medication treatment, linkages to housing, and application for benefits. 2) PSH-New Direction provides permanent supportive housing and an FSP level of mental health services and supports for adults, including older adults, and their families. The program provides integrated, comprehensive services utilizing a “whatever it takes” approach to support consumers in meeting their desired recovery goals. New Direction provides services at two permanent supportive MHSF-funded housing developments, permanent supportive housing within TLCS permanent housing sites, and utilizes community-based housing vouchers and limited subsidies. Additionally, New Direction Palmer Apartments Brief Interim Housing provides services and supports in short-term housing, focuses on rapid access to permanent housing within 30 days once income is secured. Longer term temporary housing is available for individuals awaiting openings in MHSF-funded housing developments. 3) PSH-Pathways program provides permanent supportive housing and an FSP level of mental health services and supports for children, youth, adults, older adults and families. The program provides integrated, comprehensive services utilizing a “whatever it takes” approach to support consumers and their families in meeting their desired recovery goals. Pathways provides services at six permanent supportive MHSF-funded housing developments, community-based housing vouchers and utilizes limited subsidies.	<a href="http://www.dhs.sacounty.net">http://www.dhs.sacounty.net</a>	El Hogar-Guest House (916) 440-1500  TLCS, Inc. Sacramento		SB 82	PEI	Mobile Crisis Support Teams	<a href="http://www.dhs.sacounty.net">http://www.dhs.sacounty.net</a>	(916) 874-6057
Sacramento		SB 82	CSS-OESD	This 15-bed crisis residential treatment program leverages an SB82 grant for capital funding. Services are designed for persons who meet psychiatric inpatient admission criteria or are at risk of admission due to an acute psychiatric crisis, but can appropriately be served voluntarily in a community setting. Services will begin with an in-depth clinical assessment and development of an individual service plan. Staff will work with the consumers to identify achievable goals including a crisis plan and a Wellness Recovery Action Plan (WRAP). Once admitted, structured day and evening services will be available seven days a week that include individual and group counseling, crisis intervention, planned activities that encourage socialization, pre-vocational and vocational counseling, consumer advocacy, medication evaluation and support and linkages to resources that are available after leaving the program.	<a href="http://www.dhs.sacounty.net">http://www.dhs.sacounty.net</a>	Turning Point Community Programs - Crisis Residential II (916) 364-8395

Sacramento		Transitional Community Opportunities for Recovery and Engagement (TCORE)	CSS-OESD	This workplan consists of three program components: Adult Psychiatric Support Services (APSS) clinic, administered by DBHS, TCORE, administered by Human Resources Consultants (HRC) and TLCS, Inc. and the redesigned Regional Support Team (RST) service delivery system. These programs offer low to moderate intensity community-based services for individuals (age 18 and older) being released from acute care settings or who are at risk for entering acute care settings and are not linked to on-going mental health services.	<a href="http://www.dhs.saccounty.net">http://www.dhs.saccounty.net</a>	<p>APSS (916) 875-0701</p> <p>TCORE (916) 480-1801</p> <p>Turning Point Community Programs - RST (916) 567-4222</p> <p>El Hogar - RST (916) 441-3819</p> <p>Human Resources Consultants - RST (916) 485-6500</p> <p>Visions Unlimited Inc. - RST (916) 393-2203 or (209) 745-3101</p>
Sacramento		Sierra Elder Wellness	CSS-FSP	Provides specialized geriatric services including psychiatric support, multidisciplinary mental health assessments, treatment, and intensive case management services with persons who have co-occurring mental health, physical health, and/or substance abuse and social service needs that require intensive services in order to remain living in the community at the least restrictive level of care. The goals of the program are to improve psychiatric and functional status, increase social supports, decrease isolation, reduce trips to the emergency room and/or hospital, reduce homelessness, and improve overall quality of life.	<a href="http://www.dhs.saccounty.net">http://www.dhs.saccounty.net</a>	(916) 363-1553

Sacramento		Wellness and Recovery Centers	CSS-OESD	<p>Includes five components:</p> <p>1) Wellness and Recovery Centers (WRCs) - Community-based multi-service centers that provide a supportive environment offering choice and self-directed guidance designed to support clients in their recovery goals. They provide psychiatric and medication support services and wellness activities. They employ consumers and train individuals for peer counseling, peer mentoring, advocacy, and leadership opportunities throughout Sacramento County. WRCs provide curriculum-driven and evidence-based skill-building activities, vocational supports, family education, self help, peer counseling and support, and alternative therapies. Key assets include a library, a resource center, and a computer lab that can be utilized by center participants and the general public interested in learning more about mental health and recovery.</p> <p>2) Peer Partner Program (Peer Partners) - Provides peer support services to adults and older adults, from diverse backgrounds, linked to the APSS clinics. Peer Partners (consumers and family members) are integrated staff members of the APSS multidisciplinary team and provide peer-led services that support APSS participants and their families their recovery process. Individual support, peer-led support groups, mentoring, and benefits acquisition are key strategies contributing to successful outcomes.</p> <p>3) Consumer and Family Voice Program - Promotes the DBHS mission to effectively provide quality mental health services. The consumer and family member advocates promote and encourage parent/ caregiver, youth, adult, and older adult consumer involvement in the mental health system from program planning to program participation. This program provides a wide array of services and supports to all age groups including, but not limited to, advocacy, system navigation, trainings, support groups, and psycho-educational groups. This program also coordinates and facilitates the annual Peer Empowerment Conference as well as every other month Expert Pool Town Hall meetings for clients/consumers of behavioral health services.</p> <p>4) Sacramento Advocacy for Family Empowerment Program (SAFE) - Promotes the Division's mission to effectively provide quality mental health services to children, youth, transition age youth and families in Sacramento County. SAFE advocates promote family member as well as youth consumer involvement and partnership in the mental health system through system advocacy, direct client support services and advocacy.</p> <p>5) Mental Health Respite Programs - The Mental Health Crisis Respite Center promotes stabilization for adults experiencing a mental health crisis by providing voluntary 24-hour/7 day-a-week mental health crisis respite services that can be accessed on a drop-in basis in a warm and supportive community-based setting. Primary program goal is to provide a stable and supportive environment so the guest is better positioned to explore their crisis with a solution-oriented mindset. Every guest leaves with an individualized resource plan. Abiding Hope Respite House provides a welcoming home-like environment for peer-directed recovery services for adults with psychiatric disabilities who need relief from the stresses of life. Five beds with a communal kitchen and living area are located in a neighborhood with nearby access to a psychiatric tech/registered nurse, therapist, and psychiatrist to attend to client needs. Individuals and their caregivers will develop new skills to help cope with future mental health challenges and avoid relapse. NAMI Sacramento provides support to family and community members.</p>	<a href="http://www.dhs.saccounty.net">http://www.dhs.saccounty.net</a>	<p>Wellness and Recovery Center - North (916) 485-4175</p> <p>Wellness and Recovery Center - South (916) 394-9195</p> <p>Lou DeVille (Peer Partner) (916) 874-3361 devillel@saccounty.net</p> <p>Matthew Morrison (Consumer Advocate Liaison) (916) 875-4710 marrisonm@saccounty.net</p> <p>Blia Cha (Family Advocate Liaison) (916) 875-5644 chablia@saccounty.net</p> <p>Sandena Bader (916) 855-5427 sbader@norcalmha.org</p>

Sacramento		Juvenile Justice Diversion and Treatment	CSS-FSP	Provides screenings, assessments and intensive mental health services and FSP supports to eligible youth and their families involved in the juvenile justice system. Pre-adjudicated youth are screened and given an assessment. With court approval, the youth have the opportunity to avoid incarceration and voluntarily participate in this program, as long as clinically necessary, up to their 26th birthday. Adjudicated youth are referred, assessed, and have the opportunity to receive intensive, evidence-based services that are delivered in coordination with a specialized probation officer. Family and youth advocates complement clinical services.	<a href="http://www.dhs.saccounty.net">http://www.dhs.saccounty.net</a>	River Oak Center for Children, Inc (916) 609-5100
Sacramento		TAY Full Service Partnership	CSS-FSP	This new program was implemented in late 2017. Services are designed to meet the needs of youth ages 16-25 who are unserved, underserved and/or inappropriately served and be culturally and linguistically competent with sensitivity to and affirmation of gender identity, gender expression and sexual orientation. Services are individualized based on age, development and culture. The program will provide core FSP services and flexible supports to at-risk populations and will include outreach, engagement, retention and transition strategies with an emphasis in independent living and life skills, mentorship and services that are youth and family driven.	<a href="http://www.dhs.saccounty.net">http://www.dhs.saccounty.net</a>	Jane Ann Zakhary (916) 875-0188 ZakharyJ@saccounty.net

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Sacramento		Strengthening Families	PEI	Includes five components: 1) Quality Child Care Collaborative (QCCC) - Early Childhood Consultation to preschools and early care learning environments for children from birth to age five. Consultation is designed to increase teacher awareness about the meaning of behavior to ensure the success of the child while in a daycare and/or preschool setting. 2) HEARTS for Kids - Provides a comprehensive menu of services (health exams, assessments, referrals and treatment services) for children ages birth to five (5) who come to the attention of Child Protective Services or are placed into protective custody. 3) The Bullying Prevention Education and Training Project — A Training of Trainer (TOT) model uses evidence-based practices to train school staff, who then educate other school staff, students, and parents/caretakers on anti-bullying strategies. The project is primarily being implemented at elementary school demonstration sites; however, it is intended to expand to other grades by leveraging school district resources. The long-term goal is to change school climates across all 13 school districts. 4) Early Violence Intervention Begins with Education (eVIBE) — Uses universal and selective evidence-based prevention approaches to target children and youth ages six (6) to eighteen (18) and their family members/caregivers to improve social skills, increase protective factors, prevent youth violence, and reduce or eliminate family conflict. 5) Adoptive Families Mental Health Respite - Offering planned respite through events for adoptive parents of children with complex mental health needs.	<a href="http://www.dhs.sacounty.net">http://www.dhs.sacounty.net</a>	QCCC (916) 369-0191  HEARTS for Kids (916) 875-9871  Bullying Prevention Project (916) 228-2542  eVIBE (916) 452-3981  Capital Adoptive Families Alliance (916) 880-0234 Or (916) 671-2030
Sacramento		Integrated Health and Wellness	PEI	Includes three programs: 1) Assessment and Treatment of Onset of Psychosis - Sacramento Early Diagnosis and Preventative Treatment (SacEDAPT) — focuses on early onset of psychosis. It is a nationally recognized treatment program utilizing an interdisciplinary team of physicians, clinicians, support staff, consumers and family advocates to provide assessment, early identification and treatment of the onset of psychosis. The program continues to engage in outreach services throughout Sacramento County with a particular focus on underserved populations. 2) SeniorLink — Provides community integration support for adults aged 55 and older who are demonstrating early signs of isolation, anxiety and/or depression. Paraprofessional Advocates outreach to individuals in their homes or other community-based settings. Based on participant needs, program services include home visits; collaboration with and linkage to health care providers, socialization opportunities, transportation, service coordination, advocacy, information and referral, skill-building groups and liaison to community services. 3) Screening, Assessment and Brief Treatment - This program is administered by four Federally Qualified Health Centers. This program works to integrate medical and behavioral health services in a community health care setting. Services can include: (1) screening and assessment in a primary care clinic setting designed to increase early detection and treatment of depression, anxiety, substance use/abuse and symptoms related to trauma; (2) brief treatment when clinically indicated; (3) case management and follow-up care; and (4) linkages to individual counseling, support groups and other kinds of supports, as needed. Due to the implementation of the Affordable Care Act and changes in Medi-Cal, this program will be re-assessed in FY2015-16.	<a href="http://www.dhs.sacounty.net">http://www.dhs.sacounty.net</a>	SacEDAPT (916) 734-7251  SeniorLink (916) 369-7872
Sacramento		Mental Health Promotion	PEI	Increases community awareness about mental health issues and reduces stigma and discrimination toward individuals and families living with mental illness. This project, known as "Mental Illness: it's not always what you think," includes a culturally and linguistically appropriate multi-media campaign with specific efforts toward educating and engaging unserved and underserved cultural and ethnic communities, as well as a Speakers Bureau. The County is partnering with Consumer and Family Member advocacy groups, system partners, agencies and groups that work with culturally and ethnically diverse communities, as well as other stakeholders who can be instrumental in increasing awareness of mental health issues and reducing stigma and discrimination in Sacramento County. The project also includes the microsite, <a href="http://www.StopStigmaSacramento.org">www.StopStigmaSacramento.org</a> .	<a href="http://www.dhs.sacounty.net">http://www.dhs.sacounty.net</a>	Jane Ann Zakhary (916) 875-0188 ZakharyJ@sacounty.net

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Sacramento		Workforce Staffing Support	WET	The WET Coordinator assists in the facilitation and implementation of previously approved WET Actions. The Coordinator attends and participates in statewide WET Coordinator Meetings; twice monthly WET Coordinator Conference Calls; and the WET Central Region Partnership, including the Transitional Age Youth (TAY) Workgroup, Training Sub-Committee, and the Community College Workgroup. The WET Coordinator will continue to assist in the evaluation of WET plan implementation and effectiveness; coordinate efforts with other MHSF and Division/Department efforts; and participate in the implementation of WET activities.	<a href="http://www.dhs.saccounty.net">http://www.dhs.saccounty.net</a>	Jane Ann Zakhary (916) 875-0188 ZakharyJ@saccounty.net
Sacramento		System Training Continuum	WET	This Action expands the training capacity of mental health staff, system partners, consumers, family members, and community members through a Training Partnership Team, Train the Trainer Models, training delivery and other community-based efforts. Trainings provided to community and system partners include: Crisis Intervention Training (CIT); Mental Health First Aid (MHFA), Adult and Youth versions; Pro-ACT Training; Mental Health Interpreter Training; and California Brief Multi-Cultural Competence Scale training.	<a href="http://www.dhs.saccounty.net">http://www.dhs.saccounty.net</a>	Jane Ann Zakhary (916) 875-0188 ZakharyJ@saccounty.net
Sacramento		Office of Consumer and Family Member Employment	WET	This Action was designed to develop entry and supportive employment opportunities for consumers, family members and individuals from Sacramento's culturally and linguistically diverse communities to address occupational shortages identified in the Workforce Needs Assessment. Over time, many changes have occurred impacting the original design of this action. For instance, the Office of Statewide Health Planning and Development (OSHPD) has rolled out numerous MHSF-funded projects that address the needs of consumer and family members interested in obtaining employment. As a result of these efforts, DBHS has looked for alternative opportunities to leverage these projects and further move the activities described in this action forward. In line with DBHS core values and community/stakeholder input, DBHS has thoughtfully included consumer and family member positions in all programs using creative partnerships between county and contract providers.	<a href="http://www.dhs.saccounty.net">http://www.dhs.saccounty.net</a>	Jane Ann Zakhary (916) 875-0188 ZakharyJ@saccounty.net
Sacramento		High School Training	WET	Through this Action, a pilot behavioral health curriculum was developed in FY 2013-14. Currently two High Schools are participating in this action and offer mental/behavioral health-oriented career pathways for their student body. The participating High Schools are Arthur A. Benjamin Health Professions High School and Valley High Health TECH Academy (VHHTA). The pilot curriculum has since been expanded for both schools and was built upon MHSF principles of wellness, recovery and resiliency. The curriculum was developed through partnerships between Mental Health Plan providers and the Sacramento County Division of Behavioral Health Services Cultural Competence Committee, including community partners and other interested stakeholders. The curriculum focuses on introducing mental/behavioral health to high school youth, (9th through 12th grade) during the time they are typically considering career opportunities and empowers students to discuss mental health and mental illness in a supportive, familiar environment where they can gain knowledge, ask questions, combat stigma and develop awareness about community resources. The curriculum was designed with several goals in mind, including cultivating the interest of young people in public mental/behavioral health careers, expanding their knowledge and understanding of mental/behavioral health conditions, broadening their understanding of associated stigma and discrimination against individuals with mental illness, increasing their awareness of community resources and available supports, increasing understanding of mental health issues from diverse ethnic and racial perspectives and exploring mental health across age groups.	<a href="http://www.dhs.saccounty.net">http://www.dhs.saccounty.net</a>	Jane Ann Zakhary (916) 875-0188 ZakharyJ@saccounty.net
Sacramento		Psychiatric Residents and Fellowships	WET	This Action was implemented in fiscal year 2011-12 and continues to be administered through a partnership with UC Davis, Department of Psychiatry. Through this Action, the following three (3) components have been implemented: 1) Community Education; Psychiatry Residents and Fellowship Training Program; 2) Mental Health Collaboration; Psychiatry Residents, Primary Care and Mental Health Providers Training Program; 3) Residents and Post-Doctoral Fellows at Youth Detention Facility-Special Needs Unit.	<a href="http://www.dhs.saccounty.net">http://www.dhs.saccounty.net</a>	Jane Ann Zakhary (916) 875-0188 ZakharyJ@saccounty.net

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Sacramento		Multidisciplinary Seminar	WET	This Action increases the number of psychiatrists and other non-licensed and licensed practitioners working in community mental health that are trained in the recovery and resiliency and integrated service models; improves retention rates; supports professional wellness by addressing work stressors and burn-out; and improves quality of care. Implementation of this Action was delayed due to budget reductions and the focus on billable services. We recognize this is an important strategy and have sent staff to training that supports them in the delivery of effective mental health services. Moving forward, DBHS will continue to identify opportunities to establish multidisciplinary collaborations with key system partners.	<a href="http://www.dhs.sacounty.net">http://www.dhs.sacounty.net</a>	Jane Ann Zakhary (916) 875-0188 ZakharyJ@sacounty.net
Sacramento		Consumer Leadership Stipends	WET	<p>This Action provides consumers and family members from diverse backgrounds with the opportunity to receive stipends for leadership or educational opportunities that increase knowledge, build skills, and further advocacy for consumers on mental health issues. Educational opportunities include, but are not limited to: the California Association of Social Rehabilitation Association (CASRA) social rehabilitation certificate and certification in group facilitation and Wellness Recovery Action Plan (WRAP) Facilitator training as described in Action 2.</p> <p>Additionally Sacramento County continues to provide funding support for individuals with lived experience from diverse cultures to attend trainings/conferences that offer leadership training. As previously stated, the Office of Statewide Health Planning and Development (OSHPD) has rolled out numerous MHSFSA-funded projects that address the needs of consumer and family members interested in obtaining employment and enhancing leadership skills. The county continues to look for opportunities to leverage the statewide efforts and work with diverse stakeholders to determine an array of leadership and training opportunities that would be beneficial for consumers and family members.</p>	<a href="http://www.dhs.sacounty.net">http://www.dhs.sacounty.net</a>	Jane Ann Zakhary (916) 875-0188 ZakharyJ@sacounty.net
Sacramento		Stipends for Individuals, Especially Consumers and Family Members for Education Programs to Enter the Mental Health Field	WET	This Action supports efforts to develop a diverse, culturally sensitive and competent public mental health system by establishing a stipend fund to allow individuals to apply for stipends to participate in educational opportunities that will lead to employment in Sacramento County's mental health system. Sacramento County has a mechanism to provide stipends that leverages County WET and other related funds, as needed.	<a href="http://www.dhs.sacounty.net">http://www.dhs.sacounty.net</a>	Jane Ann Zakhary (916) 875-0188 ZakharyJ@sacounty.net
Sacramento		Technological Needs Project	CFTN	The Technological Needs (TN) project contained within the Capital Facilities and Technological Needs component funds and addresses our commitment to move to an Electronic Health Record and Personal Health Record to improve client care through a multi-phased approach. Per WIC Section 5892(b), Counties may use a portion of the CSS funds to sustain TN projects once the time-limited TN funds are exhausted. Therefore, these activities are being sustained with CSS funding.	<a href="http://www.dhs.sacounty.net">http://www.dhs.sacounty.net</a>	Jane Ann Zakhary (916) 875-0188 ZakharyJ@sacounty.net
Sacramento		Capital Facilities Project	CFTN	The Capital Facilities (CF) project was completed in Fiscal Year 2015-16. The project renovated three buildings at the Stockton Boulevard complex that house the Adult Psychiatric Support Services (APSS) clinic, Peer Partner Program and INN Project #2: Mental Health Crisis/Urgent Care Clinic. Those renovations allowed for an expansion of service capacity with space for additional consumer and family-run wellness activities and social events.	<a href="http://www.dhs.sacounty.net">http://www.dhs.sacounty.net</a>	Jane Ann Zakhary (916) 875-0188 ZakharyJ@sacounty.net
Sacramento		Respite Partnership Collaborative	INN	The Innovation (INN) component provides time-limited funding to test new and/or improved mental health practices or approaches with the goal of increasing access (including access for underserved groups), increasing the quality of services, or promoting interagency collaboration. Sacramento County's first approved INN Project, known as the Respite Partnership Collaborative (RPC) spanned five years from 2011 – 2016. The mental health respite programs established through this project have transitioned to sustainable MHSFSA CSS/PEI funding.	<a href="http://www.dhs.sacounty.net">http://www.dhs.sacounty.net</a>	Jane Ann Zakhary (916) 875-0188 ZakharyJ@sacounty.net
<b>SAN BENITO COUNTY</b>						
<b>Crisis Support</b>						
San Benito		San Benito County Behavioral Health	CSS	24/7 crisis clinicians available for 5150 assessments for the general public.	<a href="http://www.cosb.us/county-departments/health/#.WoMtK69liUk">http://www.cosb.us/county-departments/health/#.WoMtK69liUk</a>	Rachel White, LMFT, Assistant Director (831) 636-4020 Hours of Operation: 8am to 5pm Address: 1131 San Felipe Road, Hollister, CA 95023

San Benito		Suicide Prevention Training for First Responders	PEI	The suicide prevention program has offered Mental Health First Aid certification trainings over the past three years. Mental Health First Aid Trainings provides first line responders, community members and agency partners to increase their understanding about mental health signs and symptoms in order to better support those in the community struggling with mental health concerns and referring them to professional help as needed. SafeTalk trainings are also provided. We utilize brochures from the program Know the Signs - Suicide is Preventable. These brochures are available in English and Spanish. We continue to have a Know the Signs poster in a bus stop enclosure, and posters throughout the county. Additionally, CIT trainings are provided to law enforcement.	<a href="http://www.cosb.us/county-departments/health/#.WoMtK69IiUk">http://www.cosb.us/county-departments/health/#.WoMtK69IiUk</a>	Rachel White, LMFT, Assistant Director (831) 636-4020 Hours of Operation: 8am to 5pm Address: 1131 San Felipe Road, Hollister, CA 95023
San Benito		San Benito County Behavioral Health	CSS	Crisis Support Services of Alameda County Night Watch provides phone crisis services to the public during San Benito County's non-business hours including holidays and weekends.	<a href="http://www.cosb.us/county-departments/health/#.WoMtK69IiUk">http://www.cosb.us/county-departments/health/#.WoMtK69IiUk</a>	Rachel White, LMFT, Assistant Director (831) 636-4020 Hours of Operation: 8am to 5pm Address: 1131 San Felipe Road, Hollister, CA 95023
<b>Peer/Family Support Specialists</b>						
San Benito		Esperanza Center	CSS	Wellness Center provided training and employment for consumer employees. Peer led groups are offered to TAY and Adult consumers. Healthy Eating, Self-Expression Art Classes, and other peer-run recovery-oriented classes are offered weekly. The Esperanza Center is a welcoming environment to develop skills, participate in social support activities, and attend group events. The Esperanza Center also offers transition age youth a safe, comfortable place to receive services and participate in age-related activities.	<a href="http://www.cosb.us/county-departments/health/#.WoMtK69IiUk">http://www.cosb.us/county-departments/health/#.WoMtK69IiUk</a>	Maria Sanchez, Administrative Services Manager (831) 636-4020 Hours of Operation: 8am to 5pm Address: 1131 San Felipe Road, Hollister, CA 95023
<b>Reducing Disparities</b>						
San Benito		LGBTQ Center	PEI	Provides services to transitional aged youth who identify as LGBTQ+. This program is led by persons of the LGBTQ+ community and provides friendly and culturally-relevant services which include self-care, independent living skills, leadership groups, and peer support.	<a href="http://www.cosb.us/county-departments/health/#.WoMtK69IiUk">http://www.cosb.us/county-departments/health/#.WoMtK69IiUk</a>	Veronica Gallacher, LMFT, Clinical Supervisor (831) 636-4020 Hours of Operation: 8am to 5pm Address: 1131 San Felipe Road, Hollister, CA 95023

San Benito		Older Adult PEI Services	PEI	Our older adult program provides outreach, engagement, and group services to help seniors to reduce isolation and develop a social support network with their own community. A SBCBH mental health rehab specialist regularly visits the local senior center, Jóvenes de Antaño. Outreach and education meetings are held weekly, to provide information on health and wellness. The staff also provide informative materials, coordinates services with allied agencies (e.g., Health Foundation; visiting nurse), and offers supportive groups to caregivers. Services are available in English and in Spanish.	<a href="http://www.cosb.us/county-departments/health/#.WoMtK69IiUk">http://www.cosb.us/county-departments/health/#.WoMtK69IiUk</a>	Rumi Saikia, LMFT, Clinical Supervisor (831) 636-4020 Hours of Operation: 8am to 5pm Address: 1131 San Felipe Road, Hollister, CA 95023
San Benito		Children and Youth PEI Services	PEI	The Youth Alliance provides prevention and early intervention activities in the schools and community. Youth and families involved in the Joven Noble program have achieved positive outcomes. These include youth developing leadership skills, staying in school, and reducing involvement in gangs. This program offers prevention and early intervention services to reduce cultural and ethnic disparities in our mental health system. This program also improves access to services for the Latino community.	<a href="http://www.cosb.us/county-departments/health/#.WoMtK69IiUk">http://www.cosb.us/county-departments/health/#.WoMtK69IiUk</a>	Rachel White, LMFT Assistant Director (831) 636-4020 Hours of Operation: 8am to 5pm Address: 1131 San Felipe Road, Hollister, CA 95023
San Benito		Homeless Shelter Outreach	PEI	Weekly engagement provided at local seasonal homeless shelter as well as our new year round shelter. Referrals for both mental health and substance abuse programs are generated from this outreach effort.	<a href="http://www.cosb.us/county-departments/health/#.WoMtK69IiUk">http://www.cosb.us/county-departments/health/#.WoMtK69IiUk</a>	Maria Sanchez, Administrative Services Manager (831) 636-4020 Hours of Operation: 8am to 5pm Address: 1131 San Felipe Road, Hollister, CA 95023
<b>Housing</b>						
San Benito		San Benito County Behavioral Health	CSS	Supportive housing provided in partnership with CHISPA at our Buena Vista Apartments to provide homes for those in the community who had mental health needs and were homeless or at risk of homelessness.	<a href="http://www.cosb.us/county-departments/health/#.WoMtK69IiUk">http://www.cosb.us/county-departments/health/#.WoMtK69IiUk</a>	Maria Sanchez, Administrative Services Manager (831) 636-4020 Hours of Operation: 8am to 5pm Address: 1131 San Felipe Road, Hollister, CA 95023
<b>Unspecified</b>						
San Benito		Women's PEI Services	PEI	This PEI program offers supportive services to women who have experienced domestic violence. Services are provided at convenient locations in the community. A promising practice curriculum is utilized to engage and support these women in a group setting to help them learn key independent living skills, including budgeting, finding a job, and managing resources. These services also provide outreach and linkages to a traditionally underserved population. These services are available in English and Spanish.	<a href="http://www.cosb.us/county-departments/health/#.WoMtK69IiUk">http://www.cosb.us/county-departments/health/#.WoMtK69IiUk</a>	Rachel White, LMFT Assistant Director (831) 636-4020 Hours of Operation: 8am to 5pm Address: 1131 San Felipe Road, Hollister, CA 95023
San Benito		MHSA System Transformation Program	CSS	Provides services to all ages: children (ages 0-15), transition age youth (ages 16-25), adults (ages 26-59), older adults (ages 60+); all genders; and all races/ethnicities. Services include comprehensive assessment services; case management services; individual and group mental health service; education and employment support; crisis services; anti-stigma events; linkages to needed services; and housing support. Our programs embrace a 'whatever it takes' service approach in helping reduce ethnic disparities, offer peer support, and promote values-driven, evidence-based practices to clients and their families.	<a href="http://www.cosb.us/county-departments/health/#.WoMtK69IiUk">http://www.cosb.us/county-departments/health/#.WoMtK69IiUk</a>	Rachel White, LMFT Assistant Director (831) 636-4020 Hours of Operation: 8am to 5pm Address: 1131 San Felipe Road, Hollister, CA 95023
San Benito		Capital Facilities/Technological Needs	CFTN	Funds were utilized to purchase land in Hollister and begin the process required for the design and construction planning and eventual construction of a new larger Behavioral Health Facility to allow for the growth of SBCBH to meet the needs of our expanded client programs.	<a href="http://www.cosb.us/county-departments/health/#.WoMtK69IiUk">http://www.cosb.us/county-departments/health/#.WoMtK69IiUk</a>	Alan Yamamoto, LCSW, Behavioral Health Director (831) 636-4020 Hours of Operation: 8am to 5pm Address: 1131 San Felipe Road, Hollister, CA 95023

<b>SAN BERNADINO COUNTY</b>						
<b>Crisis Support</b>						
San Bernardino		Crisis Walk-In Centers (CWIC)	CSS-OESD	Provides a location to conduct psychiatric assessment and crisis stabilization for those clients who are in acute psychiatric distress, or a danger to themselves or others, or gravely disabled. The CWIC provides a much needed location for County residents who are in need of emergency psychiatric services 24 hours a day, 7 days a week. Crisis Walk in Centers are located in Rialto, Victorville and Yucca Valley.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Psychiatric Triage Diversion Team	CSS-OESD	Provides screening and assessment services to clients who present to the County hospital, Arrowhead Regional Medical Center, psychiatric emergency room but do not require inpatient treatment. Services include crisis stabilization, placement, transportation, advocacy and case management. Every effort is made to maintain the client safely in the community and avoid unnecessary hospitalizations.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Community Crisis Response Teams (CCRT)	CSS-OESD	Serves adults, children and youth County-wide in the least intrusive, restrictive and disruptive manner to promote client resiliency and recovery. A multidisciplinary team of mental health professionals provides crisis intervention services where individuals are located, 24 hours a day, 7 days a week. Staff conduct clinical consultations, provide referrals and case management services for clients and families, in an effort to avoid hospitalization.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Crisis Residential Treatment (CRT)	CSS-OESD	The department has successfully been awarded by the California Health Facilities Financing Authority (CHFFA) to build three facilities, which will house the new Crisis Residential Treatment (CRT) program. The CRT program will deliver much needed crisis residential treatment facilities to the residents of San Bernardino County. It will provide structured recovery-based, enriched treatment services and activities such as housing, psychiatric/medication support, comprehensive clinical assessments and therapies, life skills coaching, peer and family support networks, coping techniques, recovery education and community resource linkages.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Coalition Against Sexual Exploitation (CASE)	PEI	A collaborative program between several child-serving agencies, targeted at diverse children/youth who have been sexually exploited or are at risk of sexual exploitation. The collaboration is intended to strengthen practices for systems serving this unique population, combining best practices in trauma care with local-collaborative expertise. Services include outreach and education to at risk populations and community organizations, assessments, crisis intervention, case management, placement, school enrollment assistance, transportation, and referrals to additional community resources.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Triage Engagement and Support Teams (TEST)	SB 82	The Triage Engagement and Support Teams (TEST) program offers a necessary link between Crisis Services (Diversion, CWIC, CCRT), aimed at one time crisis intervention, and engagement to outpatient and community resources. The Triage Teams utilize case management services to link consumers with needed resources for ongoing stability, assisting for up to 59 days to ensure engagement. The teams are community based and placed in crucial points of access such as Hospital Emergency Departments, Jail Discharge, Family Resource Centers and Sheriff Stations. The Triage Teams aim to provide consumer stability in the least restrictive environment, sustained over time and avoiding inpatient services.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
<b>Peer/Family Support Specialists</b>						
San Bernardino		Comprehensive Children and Family Support Services (CCFSS)	CSS-FSP	The Comprehensive Children and Family Support Services (CCFSS) program is comprised of a continuum of services targeting three populations for inclusion in Full Service Partnerships (FSP) to provide “Wraparound” services to diverse children and youth with emotional disturbances and co-occurring disorders. Success First/Early Wrap was created to facilitate the success of children and youth who do not qualify for SB 163 Wraparound services. The Wrap informed Full Service Partnership culture was applied to youth in high levels of placement through the Residentially Based Services (RBS) program; and SB 163 Wraparound was incorporated into CCFSS program.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Integrated New Family Opportunities (INFO)	CSS-FSP	This National Association of Counties (NACO) award-winning program serves minors coming out of the Central Valley Juvenile Detention and Assessment Center. INFO uses evidence-based models for reducing the involvement of mentally ill minors in the juvenile justice system by providing assertive family and community involvement in treatment, case management and support 24 hours a day, 7 days a week, behavioral therapy, and peer counseling.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
San Bernardino		Transitional Age Youth (TAY) One Stop Centers	CSS-FSP	Provide services to Transition-Age Youth (TAY), ages 16-25 years old, from underserved and unserved ethnic and lower socio-economic populations with mental illness, alcohol and other drug abuse issues, homelessness, abuse, non-traditional lifestyles and/or single family issues. TAY services include employment assistance, educational opportunities, shelter bed housing, psychiatric therapy and counseling, medication supports, groups and activities with the goal of independence. There are four (4) centers located in San Bernardino, Rancho Cucamonga, Victorville and Yucca Valley.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Forensic Integrated Mental Health Services (STAR, FACT)	CSS-FSP	The Supervised Treatment After Release (STAR) and Forensic Assertive Community Treatment (FACT) programs are voluntary Mental Health Court programs for defendants who agree to make mental health treatment part of the terms and conditions of their probation. STAR services include day treatment for the most serious disorders, and FACT provides three-quarters of its services in the community. Services within both programs include intensive case management, medication support, residential placement/ housing assistance, drug and alcohol treatment and periodic court reviews.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Members Assertive Positive Solutions (MAPS) / Assertive Community Treatment Team (ACT) for High Utilizers of Hospital and Jail Services	CSS-FSP	The ACT program provides total and intensive care 24 hours a day, 7 days a week for seriously and persistently mentally ill adult consumers who are ready to transition from a locked facility into a lower level of care. Additionally, the MAPS program provides the same services to clients who have been identified as high recidivists of hospital and crisis services. Both programs provide the tools and personal support needed to embrace recovery and self-sufficiency in the community, providing access to medical care, housing, employment or volunteer activities, along with intensive case management and medication support services as needed.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Homeless Intensive Case Management and Outreach / Full Service Partnership (FSP)	CSS-FSP	The Homeless Intensive Case Management and Outreach / Full Service Partnership Program is comprised of three (3) focus areas: Intensive Outreach and Case Management, Integrated Housing and Employment and Homeless Outreach and Support Teams (HOST). The program provides mental health and shelter services to the adult homeless mentally ill population. The program partners with the homeless mentally ill in transitioning from a homeless state into eventual self-supported or MHSA permanent housing via intensive case management, residential shelter services, assistance in accessing entitlements, and ongoing mental health counseling and other services. *In Fiscal Year 2016/2017 the Adult Full Service Partnership will be pulled out of the Homeless Intensive Case Management and Outreach/Full Service Partnership Program. It will be a new standalone program, the Regional Adult Full Service Partnership (RAFSP).	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Big Bear Full Service Partnership	CSS-FSP	The Big Bear Full Service Partnership is an alliance of mental health service providers in the geographically isolated Big Bear Lake area that provides mental health services to children and adults. The Big Bear Full Service Partnership allows for consumers in this geographic area access to a continuum of needed mental health services.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Access, Coordination and Enhancement (ACE) of Quality Behavioral Health Services Program	CSS-OESD	ACE is a fundamental tool utilized in the resolution of inadequate staffing resources and treatment delivery processes within DBH. This program will aid in meeting the Department's goal of improving the delivery of services to unserved, underserved and inappropriately served residents residing in the San Bernardino County. Services provided by this program include mental health assessments, substance abuse screenings, referrals, and linkage and increased access to appropriate services.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Age Wise Older Adult Services	CSS-FSP	The Age Wise program is the Department of Behavioral Health's flagship program, providing mental health and case management services to the older adult population. The Age Wise program works with seniors to maintain maximum independence and health in their own homes. Services include mobile case management services, counseling services, local group counseling, and the Senior Peer Counseling program.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Consumer-Operated Peer-Support Services and Clubhouse Expansion	CSS-OESD	Clubhouses are recovery-oriented centers for members, ages 18 and older, that operate with minimal support from staff. Consumers and family members offer guidance to peers for assistance with employment, housing, recreation, social activities and education. There are nine (9) contract and County-operated clubhouses located throughout the County.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478

San Bernardino		Age Wise Mobile Response	CSS-OESD	The Age Wise Mobile Circle of Care provides mobile responses to the mental health needs of older adults in the High Desert Region of San Bernardino County. The Circle of Care team works closely with community stakeholders in responding to the needs of older adults through assertive outreach and engagement, full service partnerships, mental health counseling services, and case management linkages and consultations.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Regional Adult Full Service Partnership (RAFSP)	CSS-FSP	The Regional Adult Full Service Partnership (RAFSP) offers Full Service Partnership (FSP) programs in all clinics in every region of San Bernardino County. The RAFSP programs include intensive services that both assist individuals to step down to a lower level of care and services to assist at-risk individuals to receive services in the least restrictive setting possible.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Crisis Residential Treatment (CRT)	CSS-GSD	The department has successfully been awarded by the California Health Facilities Financing Authority (CHFFA) to build three facilities, which will house the new Crisis Residential Treatment (CRT) program. The CRT program will deliver much needed crisis residential treatment facilities to the residents of San Bernardino County. It will provide structured recovery-based, enriched treatment services and activities such as housing, psychiatric/medication support, comprehensive clinical assessments and therapies, life skills coaching, peer and family support networks, coping techniques, recovery education and community resource linkages.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Community Wholeness and Enrichment	PEI	This program is designed primarily for transition age youth and adults who are experiencing, or are at risk of experiencing, the initial onset of a mental illness. It provides risk screenings and community mental health education; depression and substance abuse screenings; support groups for those at risk; suicide bereavement support groups directed at family members; short-term mental health services; and connections to medication support, as appropriate.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Family Resource Centers	PEI	Community-based centers offering parenting education, short-term counseling services and programs for transition aged youth, after-school activities, and life skills enhancement programs.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Lift – Home Nurse Visitation Program	PEI	Connects first-time, low-income mothers with a registered nurse who conducts education and wellness checks from the third trimester of pregnancy through the child's second birthday, via a home visitation process.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Military Services and Family Support	PEI	A collaborative program that provides screening, assessment, short-term counseling, and support for military personnel and their self-defined families.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		National Crossroads Training Institute (NCTI)	PEI	Curriculum-based educational program targeting children and transition age youth at risk of or involved in the juvenile justice system through a cognitive behavioral change process.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Native American Resource Center	PEI	This program functions as a one-stop center offering several prevention and early intervention resources for American Indian and Alaskan Native of all ages. The center provides services utilizing strength-based traditional Native American practices. Services include outreach and education, family support, parenting education, youth empowerment, including counseling, healthy choice prevention activities, talking circles, drumming circles, employment development and education assistance.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
San Bernardino		Preschool PEI Program	PEI	Provides mental health support for diverse preschool children and education for parents and teachers to prevent and reduce the occurrence of aggressive and oppositional behavior in an effort to reduce the chance of behavioral health concerns later in life.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Promotores de Salud/ Community Health Workers	PEI	A community education program designed to promote mental health awareness, educate diverse cultural populations on substance abuse and mental health topics, and provide information on available resources throughout the County in a culturally and linguistically appropriate manner.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Resiliency Promotion in African American Children	PEI	Provides prevention and early intervention services to African-American children, youth, and their families. Incorporates African-American values, beliefs and traditions in mental health educational programs in a culturally and linguistically appropriate manner.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Student Assistance Program	PEI	A school-based approach to providing focused services to diverse students needing preventative education and interventions for substance abuse, mental health, emotional and social issues.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Coalition Against Sexual Exploitation (CASE)	PEI	A collaborative program between several child-serving agencies, targeted at diverse children/youth who have been sexually exploited or are at risk of sexual exploitation. The collaboration is intended to strengthen practices for systems serving this unique population, combining best practices in trauma care with local-collaborative expertise. Services include outreach and education to at risk populations and community organizations, assessments, crisis intervention, case management, placement, school enrollment assistance, transportation, and referrals to additional community resources.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Training Program	WET	Responsible for all aspects of implementation of the Workforce Education component. Includes development of a training institute, a training unit, distance learning and coordination with other MHSa components and programs.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Training to Support Fundamental Concepts of Mental Health Services Act (MHSa)	WET	Helps meet the needs of several areas that empower DBH and contract agency staff to provide services that are based in the wellness, recovery and resiliency model, are culturally competent, support the philosophy of a client/family driven mental health system, integrates services and includes community collaboration.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Development of Core Competencies	WET	Develops core competencies for each job classification title tied to employee work performance evaluations. Categorizes training to reflect the competency areas needed within the department.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Outreach to High School, Adult Education, Community College and ROP Students	WET	Collaborates with high school, adult education, community college and Regional Occupational Program (ROP) students to increase awareness of the opportunities in the public Behavioral Health System.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Leadership Development Program (LDP)	WET	Develops leaders from existing DBH and contract agency staff, begins succession planning for future leadership of DBH, begins to make leadership-based assignments, and builds leadership into supervisory training.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Peer and Family Advocate (PFA) Workforce Support Initiatives	WET	Provides training for consumers and their family members as well as volunteers who want to become Peer and Family Advocates. Provides training for newly hired Peer and Family Advocates to assist them in making the transition from consumer to provider in the mental health system. Provides training for current Peer and Family Advocates to further develop and enhance their skills.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Medical Education Program	WET	WET staff works with the DBH Medical Director to implement medical student training and psychiatric residency programs through a collaboration with the County hospital Arrowhead Regional Medical Center, Loma Linda University Medical Center and other medical schools, providing a community mental health setting.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Scholarship Program	WET	Implements an employee scholarship program to help DBH and contract employees continue their education and advance their careers in behavioral health professions. The majority of scholarship funding will be aimed at lower level employees to assist them in moving up the career ladder.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Increase Eligibility of Federal Workforce Funding	WET	Obtains and maintains Mental Health Profession Shortage Area (MHPSA) and site designations to assist in the recruitment and retention of mental health providers in the County system.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
San Bernardino		TAY Behavioral Health Hostel (The STAY)	CSS	This peer-driven program is a voluntary short-term crisis stabilization/residential program for at-risk Transition-Age Youth (TAY). It targets TAY 18-25 years of age with particular focus on the needs of diverse youth such as African American, Latino and LGBTQ with a history of system-involvement who are experiencing an acute psychiatric episode or crisis. Typically the individuals in this program are in need of a higher level of care than board and care residential, but a lower level of care than psychiatric hospitalization. Services are culturally and linguistically appropriate to safely and successfully transition TAY back to community living after a period of psychiatric crisis and recovery.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Recovery Based Engagement Support Team (RBEST)	INN	This project provides field-based community services such as outreach, engagement, case management, family education, supportive services and therapy for diverse adult clients who suffer from untreated mental illness. RBEST re-engages individuals into the mental health system to receive appropriate services. This effort targets individuals who are high users of behavioral health services and those who repeatedly access treatment points in the mental health system that do not effectively meet their psychiatric needs. Also included in this effort are the “invisible individuals” who have been cared for solely by families and loved ones without the assistance of effective behavioral health supports. The RBEST project addresses AB 1421, also known as Laura’s Law, by working to engage noncompliant and/or resistant to treatment individuals into appropriate and necessary psychiatric care voluntarily.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Triage Engagement and Support Teams (TEST)	SB 82	The Triage Engagement and Support Teams (TEST) program offers a necessary link between Crisis Services (Diversion, CWIC, CCRT), aimed at one time crisis intervention, and engagement to outpatient and community resources. The Triage Teams utilize case management services to link consumers with needed resources for ongoing stability, assisting for up to 59 days to ensure engagement. The teams are community based and placed in crucial points of access such as Hospital Emergency Departments, Jail Discharge, Family Resource Centers and Sheriff Stations. The Triage Teams aim to provide consumer stability in the least restrictive environment, sustained over time and avoiding inpatient services.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
<b>Reducing Disparities</b>						
San Bernardino		Comprehensive Children and Family Support Services (CCFSS)	CSS-FSP	The Comprehensive Children and Family Support Services (CCFSS) program is comprised of a continuum of services targeting three populations for inclusion in Full Service Partnerships (FSP) to provide “Wraparound” services to diverse children and youth with emotional disturbances and co-occurring disorders. Success First/Early Wrap was created to facilitate the success of children and youth who do not qualify for SB 163 Wraparound services. The Wrap informed Full Service Partnership culture was applied to youth in high levels of placement through the Residentially Based Services (RBS) program; and SB 163 Wraparound was incorporated into CCFSS program.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Integrated New Family Opportunities (INFO)	CSS-FSP	This National Association of Counties (NACO) award-winning program serves minors coming out of the Central Valley Juvenile Detention and Assessment Center. INFO uses evidence-based models for reducing the involvement of mentally ill minors in the juvenile justice system by providing assertive family and community involvement in treatment, case management and support 24 hours a day, 7 days a week, behavioral therapy, and peer counseling.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Transitional Age Youth (TAY) One Stop Centers	CSS-FSP	Provide services to Transition-Age Youth (TAY), ages 16-25 years old, from underserved and unserved ethnic and lower socio-economic populations with mental illness, alcohol and other drug abuse issues, homelessness, abuse, non-traditional lifestyles and/or single family issues. TAY services include employment assistance, educational opportunities, shelter bed housing, psychiatric therapy and counseling, medication supports, groups and activities with the goal of independence. There are four (4) centers located in San Bernardino, Rancho Cucamonga, Victorville and Yucca Valley.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Forensic Integrated Mental Health Services (STAR, FACT)	CSS-FSP	The Supervised Treatment After Release (STAR) and Forensic Assertive Community Treatment (FACT) programs are voluntary Mental Health Court programs for defendants who agree to make mental health treatment part of the terms and conditions of their probation. STAR services include day treatment for the most serious disorders, and FACT provides three-quarters of its services in the community. Services within both programs include intensive case management, medication support, residential placement/ housing assistance, drug and alcohol treatment and periodic court reviews.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
San Bernardino		Members Assertive Positive Solutions (MAPS) / Assertive Community Treatment Team (ACT) for High Utilizers of Hospital and Jail Services	CSS-FSP	The ACT program provides total and intensive care 24 hours a day, 7 days a week for seriously and persistently mentally ill adult consumers who are ready to transition from a locked facility into a lower level of care. Additionally, the MAPS program provides the same services to clients who have been identified as high recidivists of hospital and crisis services. Both programs provide the tools and personal support needed to embrace recovery and self-sufficiency in the community, providing access to medical care, housing, employment or volunteer activities, along with intensive case management and medication support services as needed.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Homeless Intensive Case Management and Outreach / Full Service Partnership (FSP)	CSS-FSP	The Homeless Intensive Case Management and Outreach / Full Service Partnership Program is comprised of three (3) focus areas: Intensive Outreach and Case Management, Integrated Housing and Employment and Homeless Outreach and Support Teams (HOST). The program provides mental health and shelter services to the adult homeless mentally ill population. The program partners with the homeless mentally ill in transitioning from a homeless state into eventual self-supported or MHSA permanent housing via intensive case management, residential shelter services, assistance in accessing entitlements, and ongoing mental health counseling and other services. *In Fiscal Year 2016/2017 the Adult Full Service Partnership will be pulled out of the Homeless Intensive Case Management and Outreach/Full Service Partnership Program. It will be a new standalone program, the Regional Adult Full Service Partnership (RAFSP).	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Big Bear Full Service Partnership	CSS-FSP	The Big Bear Full Service Partnership is an alliance of mental health service providers in the geographically isolated Big Bear Lake area that provides mental health services to children and adults. The Big Bear Full Service Partnership allows for consumers in this geographic area access to a continuum of needed mental health services.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Access, Coordination and Enhancement (ACE) of Quality Behavioral Health Services Program	CSS-OESD	ACE is a fundamental tool utilized in the resolution of inadequate staffing resources and treatment delivery processes within DBH. This program will aid in meeting the Department's goal of improving the delivery of services to unserved, underserved and inappropriately served residents residing in the San Bernardino County. Services provided by this program include mental health assessments, substance abuse screenings, referrals, and linkage and increased access to appropriate services.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Age Wise Older Adult Services	CSS-FSP	The Age Wise program is the Department of Behavioral Health's flagship program, providing mental health and case management services to the older adult population. The Age Wise program works with seniors to maintain maximum independence and health in their own homes. Services include mobile case management services, counseling services, local group counseling, and the Senior Peer Counseling program.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Consumer-Operated Peer-Support Services and Clubhouse Expansion	CSS-OESD	Clubhouses are recovery-oriented centers for members, ages 18 and older, that operate with minimal support from staff. Consumers and family members offer guidance to peers for assistance with employment, housing, recreation, social activities and education. There are nine (9) contract and County-operated clubhouses located throughout the County.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Crisis Walk-In Centers (CWIC)	CSS-OESD	Provides a location to conduct psychiatric assessment and crisis stabilization for those clients who are in acute psychiatric distress, or a danger to themselves or others, or gravely disabled. The CWIC provides a much needed location for County residents who are in need of emergency psychiatric services 24 hours a day, 7 days a week. Crisis Walk in Centers are located in Rialto, Victorville and Yucca Valley.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Psychiatric Triage Diversion Team	CSS-OESD	Provides screening and assessment services to clients who present to the County hospital, Arrowhead Regional Medical Center, psychiatric emergency room but do not require inpatient treatment. Services include crisis stabilization, placement, transportation, advocacy and case management. Every effort is made to maintain the client safely in the community and avoid unnecessary hospitalizations.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Community Crisis Response Teams (CCRT)	CSS-OESD	Serves adults, children and youth County-wide in the least intrusive, restrictive and disruptive manner to promote client resiliency and recovery. A multidisciplinary team of mental health professionals provides crisis intervention services where individuals are located, 24 hours a day, 7 days a week. Staff conduct clinical consultations, provide referrals and case management services for clients and families, in an effort to avoid hospitalization.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
San Bernardino		Age Wise Mobile Response	CSS-OESD	The Age Wise Mobile Circle of Care provides mobile responses to the mental health needs of older adults in the High Desert Region of San Bernardino County. The Circle of Care team works closely with community stakeholders in responding to the needs of older adults through assertive outreach and engagement, full service partnerships, mental health counseling services, and case management linkages and consultations.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Regional Adult Full Service Partnership (RAFSP)	CSS-FSP	The Regional Adult Full Service Partnership (RAFSP) offers Full Service Partnership (FSP) programs in all clinics in every region of San Bernardino County. The RAFSP programs include intensive services that both assist individuals to step down to a lower level of care and services to assist at-risk individuals to receive services in the least restrictive setting possible.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Crisis Residential Treatment (CRT)	CSS-OESD	The department has successfully been awarded by the California Health Facilities Financing Authority (CHFFA) to build three facilities, which will house the new Crisis Residential Treatment (CRT) program. The CRT program will deliver much needed crisis residential treatment facilities to the residents of San Bernardino County. It will provide structured recovery-based, enriched treatment services and activities such as housing, psychiatric/medication support, comprehensive clinical assessments and therapies, life skills coaching, peer and family support networks, coping techniques, recovery education and community resource linkages.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Child and Youth Connection	PEI	Provides assessment, early intervention services, and connects foster care and juvenile justice-involved children and youth and their families with resources, mentors and mental health services.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Community Wholeness and Enrichment	PEI	This program is designed primarily for transition age youth and adults who are experiencing, or are at risk of experiencing, the initial onset of a mental illness. It provides risk screenings and community mental health education; depression and substance abuse screenings; support groups for those at risk; suicide bereavement support groups directed at family members; short-term mental health services; and connections to medication support, as appropriate.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Family Resource Centers	PEI	Community-based centers offering parenting education, short-term counseling services and programs for transition aged youth, after-school activities, and life skills enhancement programs.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Lift – Home Nurse Visitation Program	PEI	Connects first-time, low-income mothers with a registered nurse who conducts education and wellness checks from the third trimester of pregnancy through the child's second birthday, via a home visitation process.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Military Services and Family Support	PEI	A collaborative program that provides screening, assessment, short-term counseling, and support for military personnel and their self-defined families.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		National Crossroads Training Institute (NCTI)	PEI	Curriculum-based educational program targeting children and transition age youth at risk of or involved in the juvenile justice system through a cognitive behavioral change process.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Native American Resource Center	PEI	This program functions as a one-stop center offering several prevention and early intervention resources for American Indian and Alaskan Native of all ages. The center provides services utilizing strength-based traditional Native American practices. Services include outreach and education, family support, parenting education, youth empowerment, including counseling, healthy choice prevention activities, talking circles, drumming circles, employment development and education assistance.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Preschool PEI Program	PEI	Provides mental health support for diverse preschool children and education for parents and teachers to prevent and reduce the occurrence of aggressive and oppositional behavior in an effort to reduce the chance of behavioral health concerns later in life.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Promotores de Salud/ Community Health Workers	PEI	A community education program designed to promote mental health awareness, educate diverse cultural populations on substance abuse and mental health topics, and provide information on available resources throughout the County in a culturally and linguistically appropriate manner.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Resiliency Promotion in African American Children	PEI	Provides prevention and early intervention services to African-American children, youth, and their families. Incorporates African-American values, beliefs and traditions in mental health educational programs in a culturally and linguistically appropriate manner.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Student Assistance Program	PEI	A school-based approach to providing focused services to diverse students needing preventative education and interventions for substance abuse, mental health, emotional and social issues.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
San Bernardino		Coalition Against Sexual Exploitation (CASE)	PEI	A collaborative program between several child-serving agencies, targeted at diverse children/youth who have been sexually exploited or are at risk of sexual exploitation. The collaboration is intended to strengthen practices for systems serving this unique population, combining best practices in trauma care with local-collaborative expertise. Services include outreach and education to at risk populations and community organizations, assessments, crisis intervention, case management, placement, school enrollment assistance, transportation, and referrals to additional community resources.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Training Program	WET	Responsible for all aspects of implementation of the Workforce Education component. Includes development of a training institute, a training unit, distance learning and coordination with other MHSF components and programs.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Training to Support Fundamental Concepts of Mental Health Services Act (MHSF)	WET	Helps meet the needs of several areas that empower DBH and contract agency staff to provide services that are based in the wellness, recovery and resiliency model, are culturally competent, support the philosophy of a client/family driven mental health system, integrates services and includes community collaboration.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Development of Core Competencies	WET	Develops core competencies for each job classification title tied to employee work performance evaluations. Categorizes training to reflect the competency areas needed within the department.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Outreach to High School, Adult Education, Community College and ROP Students	WET	Collaborates with high school, adult education, community college and Regional Occupational Program (ROP) students to increase awareness of the opportunities in the public Behavioral Health System.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Leadership Development Program (LDP)	WET	Develops leaders from existing DBH and contract agency staff, begins succession planning for future leadership of DBH, begins to make leadership-based assignments, and builds leadership into supervisory training.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Peer and Family Advocate (PFA) Workforce Support Initiatives	WET	Provides training for consumers and their family members as well as volunteers who want to become Peer and Family Advocates. Provides training for newly hired Peer and Family Advocates to assist them in making the transition from consumer to provider in the mental health system. Provides training for current Peer and Family Advocates to further develop and enhance their skills.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Expand Existing Internship Program	WET	Provides clinical supervisors to the internship program to further enhance supervisor competencies, supplement supervision of interns created by staff shortages, provide licensing preparation support to pre-licensed clinicians, and create an employee internship program for current DBH staff who have been accepted into a master's level program in behavioral health. All three (3) disciplines, psychology, marriage and family therapy, and social work internship supervisors work with universities to recruit interns from underrepresented populations.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Medical Education Program	WET	WET staff works with the DBH Medical Director to implement medical student training and psychiatric residency programs through a collaboration with the County hospital Arrowhead Regional Medical Center, Loma Linda University Medical Center and other medical schools, providing a community mental health setting.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Scholarship Program	WET	Implements an employee scholarship program to help DBH and contract employees continue their education and advance their careers in behavioral health professions. The majority of scholarship funding will be aimed at lower level employees to assist them in moving up the career ladder.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Increase Eligibility of Federal Workforce Funding	WET	Obtains and maintains Mental Health Profession Shortage Area (MHPSA) and site designations to assist in the recruitment and retention of mental health providers in the County system.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		TAY Behavioral Health Hostel (The STAY)	CSS	This peer-driven program is a voluntary short-term crisis stabilization/residential program for at-risk Transition-Age Youth (TAY). It targets TAY 18-25 years of age with particular focus on the needs of diverse youth such as African American, Latino and LGBTQ with a history of system-involvement who are experiencing an acute psychiatric episode or crisis. Typically the individuals in this program are in need of a higher level of care than board and care residential, but a lower level of care than psychiatric hospitalization. Services are culturally and linguistically appropriate to safely and successfully transition TAY back to community living after a period of psychiatric crisis and recovery.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478

San Bernardino		Age Wise Mobile Response	CSS-OESD	The Age Wise Mobile Circle of Care provides mobile responses to the mental health needs of older adults in the High Desert Region of San Bernardino County. The Circle of Care team works closely with community stakeholders in responding to the needs of older adults through assertive outreach and engagement, full service partnerships, mental health counseling services, and case management linkages and consultations.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Regional Adult Full Service Partnership (RAFSP)	CSS-FSP	The Regional Adult Full Service Partnership (RAFSP) offers Full Service Partnership (FSP) programs in all clinics in every region of San Bernardino County. The RAFSP programs include intensive services that both assist individuals to step down to a lower level of care and services to assist at-risk individuals to receive services in the least restrictive setting possible.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		Crisis Residential Treatment (CRT)	CSS-OESD	The department has successfully been awarded by the California Health Facilities Financing Authority (CHFFA) to build three facilities, which will house the new Crisis Residential Treatment (CRT) program. The CRT program will deliver much needed crisis residential treatment facilities to the residents of San Bernardino County. It will provide structured recovery-based, enriched treatment services and activities such as housing, psychiatric/medication support, comprehensive clinical assessments and therapies, life skills coaching, peer and family support networks, coping techniques, recovery education and community resource linkages.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
San Bernardino		TAY Behavioral Health Hostel (The STAY)	CSS	This peer-driven program is a voluntary short-term crisis stabilization/residential program for at-risk Transition-Age Youth (TAY). It targets TAY 18-25 years of age with particular focus on the needs of diverse youth such as African American, Latino and LGBTQ with a history of system-involvement who are experiencing an acute psychiatric episode or crisis. Typically the individuals in this program are in need of a higher level of care than board and care residential, but a lower level of care than psychiatric hospitalization. Services are culturally and linguistically appropriate to safely and successfully transition TAY back to community living after a period of psychiatric crisis and recovery.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
<b>SB 82 Funded</b>						
San Bernardino		Triage Engagement and Support Teams (TEST)	SB 82	The Triage Engagement and Support Teams (TEST) program offers a necessary link between Crisis Services (Diversion, CWIC, CCRT), aimed at one time crisis intervention, and engagement to outpatient and community resources. The Triage Teams utilize case management services to link consumers with needed resources for ongoing stability, assisting for up to 59 days to ensure engagement. The teams are community based and placed in crucial points of access such as Hospital Emergency Departments, Jail Discharge, Family Resource Centers and Sheriff Stations. The Triage Teams aim to provide consumer stability in the least restrictive environment, sustained over time and avoiding inpatient services.	<a href="http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#">http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#</a>	Access Unit (888) 743-1478
<b>SAN DIEGO COUNTY</b>						
<b>Crisis Support</b>						
San Diego		Mobile Adolescent Services Team (MAST)	CSS	Mental health assessment and treatment services located at Juvenile Court and Community School (JCCS) sites countywide. Expands Medi-Cal funded program to include unserved clients (those with no access to services).	<a href="http://sandiego.camhsa.org/files/MHSA-CSS-Prg-Summ.pdf">http://sandiego.camhsa.org/files/MHSA-CSS-Prg-Summ.pdf</a>	"Community Research Foundation Mobile Adolescent Services Team 1202 Morena Blvd, Suite100 (619) 398-3261"
San Diego		Psychiatric Emergency Response Services Team (PERT)	CSS	The service pairs law enforcement officers with psychiatric emergency clinicians to serve children and adults throughout the County. Provides mental health consultation, case coordination, linkage and limited crisis intervention services to mentally ill clients who come in contact with law enforcement officers. San Diego		Connect Well San Diego	CFTN	Program identifies opportunities to aggregate data across the continuum of care from disparate systems, creating a longitudinal patient record containing information that supports programs such as decision support, quality measurement, and analytics for population management. The ConnectWell platform will be developed to create a Health Information Exchange to provide the means for this interoperability project.	<a href="http://sandiego.camhsa.org/files/MHSACERTIFIED3YearPlanFY17_20.pdf">http://sandiego.camhsa.org/files/MHSACERTIFIED3YearPlanFY17_20.pdf</a>	ConnectWellSD 1255 Imperial Ave. Suite 740 San Diego, CA 92101 (619) 338-2036
San Diego		Financial Management System	CFTN	The Financial Management System will ensure operational efficiency and cost effectiveness in mental health administration by creating a centralized financial system capable of day-to-day budget management, year-to-date revenue and expenditure monitoring, contract tracking and business analytics tools, including standard reporting, dashboards and queries.	<a href="http://sandiego.camhsa.org/files/MHSACERTIFIED3YearPlanFY17_20.pdf">http://sandiego.camhsa.org/files/MHSACERTIFIED3YearPlanFY17_20.pdf</a>	Behavioral Health Services 3255 Camino del Rio S. San Diego, CA 92120 (619) 563-2700
<b>SAN FRANCISCO COUNTY</b>						
<b>Crisis Support</b>						
San Francisco		Prevention and Recovery in Early Psychosis (PREP)	CSS-OESD	PREP is an early intervention treatment program for schizophrenia and early psychosis for individuals between the ages of 16 and 30 to support symptoms remission, active recovery, and full engagement with coworkers, peers, and family members. PREP treatment services include: algorithm-based medication management, cognitive rehabilitation, cognitive behavioral therapy for early psychosis, multi-family groups (MFG), strengths-based care management, and neuropsychiatric and other advanced diagnostic services.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Emic Behavioral Health Services	CSS-OESD	Emic Behavioral Health Services (EBHS) provides services to meet the unmet mental health needs of youth and families whose problems place them at significant risk, and impede adequate functioning within their family, school, community and mainstream society. The EBHS treatment model combines culturally informed, evidence based substance abuse and mental health principles and practices that are linguistically sensitive, strength based, family focused and bio-psychosocially-oriented.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Trauma Recovery and Healing Services	CSS-OESD	This program provides trauma recovery and healing services through its Cultura Cura Program to individuals ages 12 to 25 and their families, with an emphasis upon Mission District youth and Latinos citywide. Services include prevention and intervention modalities to individuals, agencies and the community.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Emergency Stabilization Housing	CSS-OESD	Emergency stabilization units (ESUs) provide short-term housing stability for clients who are homeless or have been discharged from the hospital or jail. The ESUs are located within three single room occupancy (SRO) hotels in San Francisco. The units are available to clients referred by Full Service Partnership, Intensive Case Management clients and Central City Hospitality House.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Assisted Outreach Treatment (AOT)	CSS-FSP-OESD	This program outreaches to and engages individuals with known mental illness, not engaged in care, who are on a downward spiral. AOT is a court process that uses peer counselors to facilitate individuals' access to essential mental health care.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Comprehensive Crisis Services	PEI	Comprehensive Crisis Services (CCS) is a multidisciplinary, multi-linguistic program that provides crisis response services to children and adults. This program operates 24/7 and evaluates individuals for 5150 psychiatric holds or other crisis supportive interventions. CCS is comprised of three different teams. Mobile Crisis provides behavioral health crisis triage, in-the-field crisis interventions and short-term crisis case management for individuals age 18 years or older. Child Crisis offers 5150 assessments & crisis intervention for suicidal, homicidal and gravely disabled children and adolescents. Crisis Response provides mobile clinical support, therapy, and crisis case management services to individuals and families affected by community violence and critical incidents. CCS also supports the Crisis Intervention Team (CIT) that provides behavioral health training and support for law enforcement officers to instruct officers how to effectively manage behavioral crisis situations in the field.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556

<b>Peer/Family Support Specialists</b>						
San Francisco		Peer-to-Peer Supports: Clinic and Community-Based	CSS-OESD	Peer-to-Peer Support Services provides individuals with lived experience in the mental health system the opportunity to assist their peers in developing the skills necessary to pursue meaningful roles in their lives. These programs employ peers in clinics and community-based programs throughout San Francisco. Many peer-support staff are graduates of the Peer Specialist Mental Health Certificate or the Advanced Certificate programs designed to prepare consumers and/or family members with the skills & knowledge for employment in the behavioral/mental health system. In addition, MHSA also funds a peer-run drop-in center, a NAMI peer-led support and education program, and specialized peers placed at LEGACY and Gender Health - SF.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Peer Outreach and Engagement	CSS-PEI	This program provides peer support and assistance navigating the community and systems of care for individuals dealing with severe mental health challenges. This projects works to eliminate stigma by training people in the community who have been living with mental health challenges to share their personal experiences (i.e. hoarding challenges, nutrition support, etc.).	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Addressing the Needs of Socially Isolated Older Adults	INN	This Innovations Learning Project helps to determine the outcomes and best practices of providing peer outreach and engagement services, along with screening and assessment services, to reduce isolation among the older adult population.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Transgender Pilot Project (TPP)	INN	This approved INN funded pilot program seeks to learn to develop and implement effective peer-to-peer support services in a network of organizations providing health, nutrition and social supports to Transgender individuals.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
<b>Reducing Disparities</b>						
San Francisco		Expanding Outpatient MH Clinic Capacity	CSS-OESD	In recognition of disparities in access for certain populations, this program expands the staffing capacity at outpatient mental health clinics to better meet the treatment needs of target populations such as older adults and monolingual communities.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Reducing Stigma in the Southeast Sector (RSSS)	CSS-OESD	Engages faith-based organizations and families in Bayview/Hunter's Point and Visitation Valley in order to increase mental health awareness, decrease stigma, and provide social support for consumers, community members, and peers.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Population Focused Mental Health Promotion and Early Intervention	PEI	Population-focused mental health promotion services are typically delivered in community-based settings where mental health services are not traditionally provided. This program supports activities including, outreach and engagement, mental health promotion and psycho-social education, behavioral health screening and assessment, referrals and linkage, and short-term therapeutic services. Target populations include: * Black/African American * Asian and Pacific Islander (API) * Native American * Mayan/Indigena * Adults who are homeless or at-risk of homelessness * Transition Age Youth who are homeless or at-risk of homelessness (16-24) * Socially Isolated Older Adults	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
<b>Housing</b>						
San Francisco		Full Service Partnership Housing Program	CSS-FSP	Available to Full Service Partnership clients, the FSP Housing Program provides access to emergency stabilization housing, transitional housing for TAY, permanent supportive housing and other supports designed to help FSP participants gain access to and maintain housing.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Emergency Stabilization Housing	CSS-OESD	Emergency stabilization units (ESUs) provide short-term housing stability for clients who are homeless or have been discharged from the hospital or jail. The ESUs are located within three single room occupancy (SRO) hotels in San Francisco. The units are available to clients referred by Full Service Partnership, Intensive Case Management clients and Central City Hospitality House.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
San Francisco		Housing Placement and Supportive Services (Direct Access to Housing)	CSS-OESD	MHSA funding has allowed for Direct Access to Housing to expand capacity to serve MHSA clients with the addition of an Intake Coordinator, focused on placing clients in the setting most appropriate to their needs, and a Nurse Practitioner.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		ROUTZ TAY Transitional Housing	CSS-OESD	MHSA ROUTZ TAY Housing Partnership provides housing slots at the Aarti Hotel (located at 391 Leavenworth Street) and additional slots at scattered housing sites.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
<b>SB 82 Funded</b>						
San Francisco		Programs & Triage Personnel	SB 82	Warmline: This 24/7 peer run phone line is available so people can call talk about issues related to mental health, get referrals, and obtain support for friends and family of people having mental health issues.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Programs & Triage Personnel	SB 82	Mobile Treatment Teams: Mobile Teams are composed of clinicians, peers and counselors that help to stabilize youth and their families in the community. There is a focus on people who have been affected by violence, and hard to reach and treat families. Each team has specialized services to focus on the Latin community, unaccompanied minors, the Southwest section of the city, the Bayview district, clients transitioning out of the hospital and children in the Child Protection Services.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Programs & Triage Personnel	SB 82	Crises Stabilization Unit: A 23 hour facility located that tries to stabilize children and youth to avoid sending them to inpatient hospitals.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
<b>Other Programs</b>						
San Francisco		Full Service Partnership 1. CYF (0-5)	CSS-FSP	This program provides trauma focused dyadic therapy, intensive case management, and wraparound services to the population of 0-5 year olds and their caregivers.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Full Service Partnership 2. CYF (6-18)	CSS-FSP	Through close partnerships with Social Services, Mental Health, Juvenile Probation, and other organizations, Seneca and Family Mosaic Project provide trauma informed, unconditional, family-centered, strengths-based, and outcome-oriented alternatives to group care placements, for children and youth ages 5-18 with complex and enduring needs at risk of out of home placement.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Full Service Partnership 3. TAY (16-24)	CSS-FSP	Supporting youth, ages 16-24, with serious and persistent mental illness, substance abuse, homelessness, HIV/AIDS, and/or foster care experience, to help them stabilize, link to needed services, set and achieve treatment goals, improve functioning in daily life, and engage in meaningful socialization, vocational, volunteer, and school activities. The programs also work with family members, significant others, and support-persons in the clients' lives.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Full Service Partnership 4. Adults (18-59)	CSS-FSP	This program offers an integrated recovery and treatment approach for individuals with serious and persistent mental illness, homelessness, substance use disorder, and/or HIV/AIDS by centering care with the individual and involving family members, significant others, and support persons in the clients' lives. These programs include Adult FSP programs for Bayview, Oceanview, Western Addition, and Tenderloin neighborhoods; SF First; and the Forensics program.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Full Service Partnership 5. Older Adults (60+)	CSS-FSP	This program serves older adults age 60 and older with severe functional impairments and complex needs, by providing specialized geriatric services related to mental health and aging.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Behavioral Health Access Center	CSS-OESD	The Behavioral Health Access Center (BHAC) is a portal of entry into San Francisco's overall system of care. BHAC co-locates the following five behavioral health programs: 1) Mental Health Access for authorizations into the Private Provider Network, 2) the Treatment Access Program for assessment and placement into addiction and dual diagnosis treatment, 3) the Offender Treatment Program to place mandated clients into addiction and dual diagnosis treatment, 4) Centralized Opiate Placement Evaluation (COPE) and Office-Based Buprenorphine Induction Clinic (OBIC) for evaluation and placement into Opiate Replacement Therapy, and 5) the Behavioral Health Services (BHS) Pharmacy. The Pharmacy, among its many services, provides specialty behavioral health medication packaging and serves as a pharmacy safety net for all BHS clients.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
San Francisco		Integration of Behavioral Health and Primary Care	CSS-OESD	Behavioral health clinicians work as a member of a primary care team providing services to patients in primary care clinics with an emphasis on the older adult population. Services include the delivery of brief, evidence-based and practical interventions, consultation to primary care team members, and self- and chronic-care management services. This program also supports primary care clinicians providing services in mental health clinics.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Integration of Behavioral Health into the Juvenile Justice System	CSS-OESD	All youth detained for more than 72 hours at San Francisco's Juvenile Justice Center are assessed for behavioral health needs. Any identified needs are presented to the Juvenile Probation Department to be addressed in case planning with local courts. The program connects and supports the engagement of youth and families in appropriate and effective mental health services. MHSA also funds psychiatric services in the Youth Guidance Center Clinic – a clinic providing free primary health care, case management and psycho-social services to incarcerated youth ages 8-18.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Vocational Services	CSS-OESD	Vocational services assist consumers and family members in securing and maintaining meaningful employment. Vocational services include job coaching, assessment services, training, and job placement services in the areas of 1) Information Technology 2) Basic Construction 3) Hospitality/Culinary 4) Behavioral Health Services 5) Mailroom Distribution 5) Landscaping and Horticulture 6) Janitorial Services 7) Clerical and Administrative Support and 8) General Competitive Workforce. Vocational services also includes a collaborative project with the California Department of Rehabilitation to help clients secure employment in the competitive workforce and the SF First Vocational project to train clients in basic work skills.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		First Impressions (part of Vocational Services)	INN	First Impressions (FI) is a basic construction and remodeling vocational program that will assist mental health consumers in learning marketable skills, receive on-the-job training and mentoring, and secure competitive employment in the community.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		School-Based Mental Health Promotion (K-12)	PEI	School-Based Mental Health Promotion is a collaboration of six (6) community-based organizations and San Francisco K-12 campuses in order to apply school-based best practices that address non-academic barriers to learning. With public schools serving as hubs, this initiative offers a range of supports and opportunities for children, youth, and their families to support student success by combining the full spectrum of prevention, early intervention, and linkages to behavioral health services.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		School-Based Mental Health Promotion (Higher Ed)	PEI	The Masters in Counseling Psychology (MCP) program seeks to advance the development of a diverse and culturally competent mental health pool of higher education students by engaging and supporting communities who are underrepresented in licensed mental health professions. The program recruits and enrolls students from underrepresented communities in a university's MCP program, provides them support services, and organizes trainings, workshops and lectures to attract individuals of color, consumers of mental health services and family members of consumers so that they will graduate with a psychology education and gain licensure.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Mental Health Consultation and Capacity Building	PEI	The Mental Health Consultation and Capacity Building project is grounded in the work of mental health professionals who provide support to children, parents, and caregivers of San Francisco's youngest residents between the ages of 0-5. ECMHCI services are delivered in a variety of settings, including center-based and family child care, homeless and domestic violence shelters, permanent supportive housing facilities, family resource centers and substance abuse treatment centers.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Behavioral Health Workforce Training and Technical Assistance	WET	The MHSA supports trainings for health and social service providers to improve their capacity to provide high quality, culturally competent, recovery oriented services. Key components of this work include the implementation of the Trauma-Informed Systems Initiative and the Adolescent Health Working Group.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Behavioral Health Workforce Career Pathways	WET	The Mental Health Career Pathways Program focuses on developing a workforce pipeline that will usher in the next generation of mental health and behavioral health practitioners and include members of underserved and underrepresented communities. Funded projects include 'career exposure' programs for high school students and a Community Mental Health Certificate program at City College.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
San Francisco		Behavioral Health Workforce Residency and Internships	WET	In partnership with the San Francisco General Hospital and the University of California San Francisco (UCSF), a Public Psychiatry Fellowship Program was established to enable general psychiatry and child psychiatry fellows to work in community-based clinics, thereby providing experience and training on how to work in a community-based setting, with the goal of enticing them into future community-based employment. This program also includes funding for an Intern Coordinator to work collaboratively with San Francisco County staff, university and college graduate level (Master's level and PhD level) programs and graduate student interns to develop, implement and evaluate a centralized and coordinated public mental health internship/practicum program.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Consumer Portal	CFTN	This project allows consumer access to their electronic medical records via a new consumer portal.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Vocational IT	CFTN	This project trains consumers to provide information technology (IT) support services (i.e., desktop, help desk) at the IT Department through its Vocational Information Technology Training Program.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		System Enhancements	CFTN	System Enhancements focus on improving the quality and efficiency of behavioral health services and include improving connectivity and IT infrastructure at behavioral health sites, supporting servers that host the County's Electronic Medical Record System application and other applications related to the delivery of services. System Enhancements also include the expansion of staff capacity to develop reports (clinical productivity, consumer outcomes, etc.) and maintain databases.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Southeast Health Center	CFTN	Southeast Health Center is a primary care clinic located at 2401 Keith Street serving San Francisco's historically underserved Bayview-Hunters Point neighborhood. With the goal of better and more holistically meeting the needs of Bayview-Hunters Point patients and their families, this priority project renovates and expands upon the existing facility, bringing a fuller and more integrated complement of the County's healthcare resources and programs to one convenient campus.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Community Assessment and Resource Center (CARC)	CSS-OESD	CARC is a partnership among Juvenile Probation, San Francisco Sheriff's Department, San Francisco Police Department, and several community-based organizations. This valuable service supports the availability of MHSA supported on-site therapists who provide mental health consultation to case managers, family mediation, and individual and family therapy. Mental health consultation is provided through weekly client review meetings and during individual case conferences.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Assess, Identify Needs, Integrate Information & Match to Services (AIIM) Higher	CSS-OESD	AIIM Higher is a partnership among the San Francisco Juvenile Probation Department; the Child, Youth and Family System of Care; and community-based organizations. The AIIM Higher team is comprised of mental health clinicians who conduct clinical assessments and facilitate community behavioral health linkages for probation-involved youth in San Francisco.	<a href="https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp">https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp</a>	Kathleen Minioza MHSA Project Coordinator 415-255-3556
<b>SAN JOAQUIN COUNTY</b>						
<b>Crisis Support</b>						
San Joaquin		Mobile Crisis Support Team	CSS-GSD	Provides onsite mental health assessment and intervention within the community for individuals experiencing mental health issues and to avert a mental health related crisis.	<a href="http://sjmhsa/MHSA/mhsaplan.aspx">http://sjmhsa/MHSA/mhsaplan.aspx</a>	Kathy Hannah, LMFT (209) 468-8693 khannah@sjcbhs.org
San Joaquin		Crises Services Expansion	CSS-GSD	Crisis unit provides 24/7 crisis response for any individual experiencing a mental health emergency in San Joaquin County. New crisis services fully or partially funded through MHSA funds include: a) Warm Line, b) Community Crisis Response Teams, c) Crisis Stabilization Unit	<a href="http://sjmhsa/MHSA/mhsaplan.aspx">http://sjmhsa/MHSA/mhsaplan.aspx</a>	Kathy Hannah, LMFT (209) 468-8693 khannah@sjcbhs.org
<b>Peer/Family Support Specialists</b>						
San Joaquin		Children and Youth FSP	CSS-FSP	Provides intensive and comprehensive mental health services to unserved and underserved youth and families who have not yet received services necessary to address impairments and stabilize children and youth in their own environments. Program interventions are targeted for children and youth who are juvenile justice involved and/or in foster care and meet the state of California definition of the Katie A subclass.	<a href="http://sjmhsa/MHSA/mhsaplan.aspx">http://sjmhsa/MHSA/mhsaplan.aspx</a>	Jacqueline Coulter, LMFT (209) 468-2385 jcoulter@sjcbhs.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
San Joaquin		Transition Age Youth FSP	CSS-FSP	Provides intensive and comprehensive mental health services to unserved and underserved transition aged youth 18-25 with a diagnosed mental illness or having difficulty stabilizing in managing their own treatment and recovery. Services are designed to meet the needs of adolescents and young adults with an emphasis on recovery and wellness.	<a href="http://sjmhsa/MHSA/mhsaplan.aspx">http://sjmhsa/MHSA/mhsaplan.aspx</a>	Jacqueline Coulter, LMFT (209) 468-2385 jcoulter@sjcbhs.org
San Joaquin		Adult FSP	CSS-FSP	Services are available throughout the county for any adult with SMI who meets the criteria for FSP enrollment, with priority enrollment given to individuals who are currently involved with the criminal justice system, homeless, frequent users of crisis or emergency services, or at risk of placement in an institution.	<a href="http://sjmhsa/MHSA/mhsaplan.aspx">http://sjmhsa/MHSA/mhsaplan.aspx</a>	Cindy Morishige, LCSW (209) 468-8782 cmorishige@sjcbhs.org
San Joaquin		Older Adult FSP	CSS-FSP	Provides individualized and focused treatment to older adults aged 60 and over with serious mental illness and/or co-occurring substance use disorders.	<a href="http://sjmhsa/MHSA/mhsaplan.aspx">http://sjmhsa/MHSA/mhsaplan.aspx</a>	Cindy Morishige, LCSW (209) 468-8782 cmorishige@sjcbhs.org

<b>SAN LUIS COUNTY</b>						
<b>Crisis Support</b>						
San Luis Obispo		Enhanced Crisis and Aftercare	CSS-OESD	The Enhanced Crisis Response and Aftercare work plan features the Mental Health Evaluation Team, MHET, provided by Sierra Mental Wellness, to increase the county's capacity to meet the needs of individuals requiring specialized, critical intervention and aftercare. The goal and objectives of the work plan include the aim to increase access to emergency care, prevent further exacerbation of mental illness, and be available to all county residents, across all age, ethnic and language groups. A key to this work plan is the coordinated efforts which have been built between emergency rooms, law enforcement, jails, the local Hotline, and inpatient psychiatric health facility (PHF).	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHA).aspx</a>	Frank Warren MHSa Coordinator (805)788-2055 fwarren@co.slo.ca.us
<b>Peer/Family Support Specialists</b>						
San Luis Obispo		Children and Youth Full Service Partnership (FSP)	CSS-FSP	The Children and Youth Full Service Partnership program serves children and youth ages 0-15 of all races and ethnicities with severe emotional disturbance or serious mental illnesses. Behavioral Health partners with Family Care Network to provide a wide array of culturally and linguistically appropriate services. All services are family driven and may include: individual and family therapy; rehabilitation services focusing on activities for daily living, social skill development, case management; crisis services; and medication supports.	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHA).aspx</a>	Frank Warren MHSa Coordinator (805)788-2055 fwarren@co.slo.ca.us
San Luis Obispo		Transitional Aged Youth Full Service Partnership (and Housing)	CSS-FSP	The Transitional Age Youth Full Service Partnership program serves youth between the ages of 16-25 of all races and ethnicities. Young adults served include those with serious emotional disturbances/serious mental illness and a chronic history of psychiatric hospitalizations; law enforcement involvement; co-occurring disorders. Behavioral Health and Family Care Network collaborate to provide wrap-like services and includes 24/7 crisis availability, intensive case management, housing, employment linkages and supports, independent living skill development and specialized services for those with a co-occurring disorder.	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHA).aspx</a>	Frank Warren MHSa Coordinator (805)788-2055 fwarren@co.slo.ca.us
San Luis Obispo		Adult Full Service Partnership	CSS-FSP	The Adult Full Service Partnership team is a community and wellness approach to engage persons at risk and targets adults 26-59 years of age with serious mental illness. The participants are usually unserved, inappropriately served or underserved and are at risk of institutional care because their needs are difficult to meet using traditional methods. They may be frequent users of hospital or emergency room services, involved with the justice system or suffering with a co-occurring substance abuse disorder. Transitions Mental Health Association (TMHA), and Behavioral Health partners provide a full range of services including assessment, individualized treatment planning, case management, integrated co-occurring treatment, medication supports, housing, and integrated vocational services to enable individuals to remain in the community, and live full, productive, self-directed lives.	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHA).aspx</a>	Frank Warren MHSa Coordinator (805)788-2055 fwarren@co.slo.ca.us
San Luis Obispo		Adult Full Service Partnership: Homeless	CSS-FSP	The team focuses on outreach to unserved, difficult-to-reach homeless population, and seeks to engage clients in health care, mental health treatment, and housing. Program participants are assisted in their efforts to gain the skills needed to make choices that reflect their own values, preferences, and goals; supports are developed to meet each person's needs and to empower each individual to attain their highest level of independence.	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHA).aspx</a>	Frank Warren MHSa Coordinator (805)788-2055 fwarren@co.slo.ca.us
San Luis Obispo		Older Adult Full Service Partnership	CSS-FSP	The goal of the Older Adult Full Service Partnership team is to offer intensive, individualized interventions to older adults' ages 60+ to ensure that participants remain in the least restrictive setting possible. Wilshire Community Services and Behavioral Health partners to provide client driven services to Older Adults who are at risk of inappropriate or premature out-of-home placement due to a serious mental illness and, in many instances, co-occurring medical conditions that impact their ability to remain in home/community environments.	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHA).aspx</a>	Frank Warren MHSa Coordinator (805)788-2055 fwarren@co.slo.ca.us
San Luis Obispo		Adult Assisted Outpatient Team (AOT)	CSS-FSP	Adults in Assisted Outpatient Treatment includes AOT outreach and treatment services provided by a FSP team comprised of TMHA staff. SLOBHD staff provide assessment, program support and coordination with the court. The services offered to AOT clients include co-occurring treatment to address both mental health and substance use disorder needs, rehabilitation services to assist clients in learning and utilizing skills to improve self-care, social support system, and health, and intensive case management to support clients in accessing housing, financial, vocational, health care, and social support services, including voluntary mental health services.	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHA).aspx</a>	Frank Warren MHSa Coordinator (805)788-2055 fwarren@co.slo.ca.us

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
San Luis Obispo		Client and Family Wellness Supports	CSS-OESD	<p>Conducted in partnership with TMHA, Client and Family Wellness and Supports provide an array of services designed to facilitate and support wellness, recovery, and resiliency.</p> <p>Supportive Employment and Vocational Training: TMHA partners with Department of Rehabilitation to provide employment readiness classes, on the job training, and job placement.</p> <p>Peer Support and Education: TMHA provides peer mentoring, peer and family educational and support groups focused on wellness, recovery and resilience. Peer to Peer and Family to Family education courses are delivered throughout the County.</p> <p>Wellness Centers: Peer driven wellness centers offer support groups, socialization activities and sponsored educational activities in comfortable, welcoming settings throughout the county.</p> <p>Client and Family Partners: Individuals with lived experience act as advocates to provide navigation for various systems and day-to-day, hands on assistance and recovery services and supports. Services include assistance with individual and family needs such as health care, food, short-term housing, transportation, and education.</p> <p>Growing Grounds Retail: TMHA provides vocational training, support and direct work experience in their retail outlet store. The program offers job coaching, assessment, vocational support and work experience.</p> <p>Integrated Access Therapists and Co-Occurring Specialists: Located in every adult outpatient clinic, caseload reduction therapists and co-occurring specialists facilitate a “no wrong door” approach and ensure that every participant receives appropriate services regardless of how they enter the system.</p>	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx</a>	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us
San Luis Obispo		Peer Advisory, Mentoring, and Advocacy Team	WET	The Peer Advisor and Advocacy Team (PAAT) provides formalized collaboration between members of PAAT, clients, family members, and SLOBHD staff members.	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx</a>	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us
<b>Reducing Disparities</b>						
San Luis Obispo		Latino Outreach and Engagement (Therapy Services)	CSS-OESD	Bilingual and bicultural therapists to provide culturally appropriate treatment services offered in both community and clinic settings. The target population is the unserved and underserved Latino community, particularly those in identified pockets of poverty in the north and south county areas and rural residents.	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx</a>	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us
San Luis Obispo		Community School Mental Health Services	CSS-OESD	Behavioral Health and the San Luis Obispo County Office of Education have partnered with the community schools in the county to provide mental health services to seriously emotionally disturbed youth, engaging these youth and their families in services that enable them to stay in school.	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx</a>	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us
San Luis Obispo		Forensic Mental Health Services	CSS-OESD	<p>Behavioral Health Treatment Court (BHTC): The BHTC team serves adults, ages 18 and older, with a serious and persistent mental illness, who are on formal probation for a minimum of two years, and who have had chronic use of mental health treatment observed as a factor in their legal difficulties. BHTC clients volunteer for the program forming a contractual agreement as part of their probation orders. These individuals have been previously underserved or inappropriately served because of lack of effective identification by all systems, may be newly diagnosed, or may have been missed upon discharge from jail or Atascadero State Hospital. BHTC clients, in many cases, have little insight or understanding about having a mental illness or how enhanced collaborative services could meet their needs.</p> <p>Forensic Re-entry Services (FRS): A Forensic Re-entry Services team, is provided by TMHA and includes two Personal Services Specialist (PSS) that apply a “reach-in” strategy in the County Jail, adding capacity for providing aftercare needs for persons exiting from incarceration. The team is responsible for providing a “bridge” for individuals leaving the jail in the form of assessment and referral to all appropriate health and community services and supports in addition to short-term case management during this transition.</p> <p>Veterans Program: Behavioral Health has a Mental Health Therapist located in the Veterans Services Office in order to serve veterans referred directly from the VSO and those participating in the Veterans Treatment Court. The placement of the Therapist on-site at the VSO provides a culturally competent environment for veterans and their families to seek support and engage in behavioral health services.</p>	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx</a>	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
San Luis Obispo		Cultural Competence	WET	The Cultural Competence Committee meets regularly to monitor the training, policies, and procedures of the public mental health system and their relative enhancements of cultural competence in serving consumers and families. The primary objective of the group is to coordinate training and education to improve engagement with underserved populations.	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx</a>	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us
San Luis Obispo		Bi-Lingual Internships	WET	This workplace training program is designed to build capacity for threshold language services within Behavioral Health. Bilingual interns are placed regionally throughout the county.	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx</a>	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us
San Luis Obispo		Mental Health Awareness and Stigma Reduction	PEI	<p>MENTAL HEALTH AWARENESS &amp; STIGMA REDUCTION</p> <p>This universal and selective prevention project for all ages includes media, social marketing strategies, and targeted outreach to underserved cultural populations. Transitions Mental Health Association (TMHA) provides stigma reduction presentations to underserved and at-risk populations such as college students, LGBTQ, homeless, and veterans.</p> <p>VETERANS OUTREACH PROGRAM</p> <p>The VOP leverages resources by embedding a mental health therapist within local rehabilitative activities for veterans and their families. The Behavioral Health Department offers monthly events and opportunities for veterans to stay active, meet others, and engage with community resources. Activities include horseback riding, kayaking, climbing gyms, CrossFit, surfing, zip-lining, and art events. Activities are aimed at reducing stigma and encouraging veterans to seek out mental health services in safe, culturally competent settings. The VOP's mental health therapist assesses and responds to participants' mental health issues such as depression, anxiety, addiction, and post-traumatic stress disorder. These issues are assessed both on-site during program events, and through follow-up assessment and treatment in comfortable, confidential environments.</p> <p>COLLEGE WELLNESS PROGRAM</p> <p>The CWP is designed to provide mental health education, along with supports for wellness initiatives in the County's campus communities of California Polytechnic State University, San Luis Obispo and Cuesta Community College. The County's College Prevention and Wellness Promotion Specialist who acts as a liaison between the community mental health system and the campus populations. The Specialist helps bridge the gap between community education (e.g. suicide prevention efforts, stakeholder committees, speakers and education, etc.) and on-campus activities and student organizations (e.g. Active Minds). The Specialist provides Mental Health First Aid training, coordination of the Cal Poly Friday Night Live Chapter, participation in campus policy and activity groups, plans outreach and community events and coordinates campaigns and activities that promote student wellness.</p>	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx</a>	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us
San Luis Obispo		School-based Wellness	PEI	<p>This program is a multi-age approach to building resilience among school aged youth and families. This program responds to the universal population of children and youth as well as youth exhibiting risk factors for mental illness by utilizing the following projects:</p> <p>THE POSITIVE DEVELOPMENT PROJECT</p> <p>Community Action Partnership provides side by side facilitation of a Pre-K life skills and behavior assessment tools for private daycares and preschools throughout the county. Services and materials are bilingual and bicultural. Child care providers and families also receive education and training regarding mental health issues, and may obtain early recognition and referral to appropriate services.</p> <p>MIDDLE SCHOOL COMPREHENSIVE PROJECT</p> <p>The Middle School Comprehensive project is an integrated collaboration between schools, Behavioral Health staff, and The Link, a community organization. Six selected middle schools operate a Student Assistance Program on campus, which includes a Student Support Counselor, Family Advocates (for the student and the family) and Friday Night Live Youth Development programming. The Youth Development program provides mental health awareness and education opportunities for all middle schools. Students receive individual and group counseling, and wellness education. Family Advocates provide case management and system navigation and supports. Faculty, staff, and parents receive education, training and supports surrounding mental health issues. Youth Development staff work to reduce risk factors and increase protective factors for all students with activities such as: suicide prevention, No Place for Hate, anti-bullying campaigns, and substance use prevention.</p>	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx</a>	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
San Luis Obispo		Family Education, Training, & Support	PEI	<p><b>FAMILY ADVOCATES</b> The Center for Family Strengthening, formerly known as the San Luis Obispo County Child Abuse Prevention Council (SLO-CAP) alongside Parent Connection provides coordination and provision of bilingual and bicultural parenting classes and resources for all at-risk parents, selective prevention education for parents of high-risk youth, and “on demand” coaching for parents facing specific challenges.</p> <p><b>IN-HOME PARENT EDUCATOR</b> The Community Action Partnership of San Luis Obispo (CAPSLO) administers the In-Home Parent Educator Program. The program was implemented in FY 2016-2017. The program provides in-home parent education services to families at the house or at another specified location, using evidence based curriculum, and assessments of families to identify immediate needs to be met in order to stabilize the family unit. The program aims to build parenting skills, knowledge of appropriate behaviors, increase positive discipline skills, and increase attachment through positive parent/child interactions.</p>	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSa).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSa).aspx</a>	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us
San Luis Obispo		Early Care and Support for Underserved Populations	PEI	<p>A multi-focus effort to address the needs of distinct underserved populations:</p> <p><b>SUCCESSFUL LAUNCH PROJECT</b> Cuesta College models this program after the Independent Living Program to include graduating community school youth, Wards of the Court, homeless, and other high risk transitional age youth (TAY). The emphasis of this program is to provide TAY development opportunities and support to ensure that as participants enter adulthood, they are stable, have housing, and momentum for school or work.</p> <p><b>OLDER ADULT MENTAL HEALTH INITIATIVE</b> Wilshire Community Services provides multi-level services for seniors at risk for mental illness. Services include, Caring Callers for isolated older adults, clinically supervised Senior Peer Counseling, and short term, solution focused therapy. Wilshire also conducts depression screenings and provides older adult specific mental health education throughout the county.</p> <p><b>PERINATAL MOOD ANXIETY DISORDER (PMAD)</b> The Perinatal Mood Anxiety Disorder (PMAD) project brings together new and meaningful ways to have a positive impact on the future of healthy pregnancies, women, and children. The Perinatal Mood Anxiety Disorder program creates a comprehensive system of care based on collective engagement of public and private community partners to develop sustainable coordinated services and programs.</p>	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSa).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSa).aspx</a>	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us
San Luis Obispo		Integrated Community Wellness	PEI	<p>This countywide program maximizes the opportunity for a large number of diverse individuals to access services in community based non-clinic settings.</p> <p><b>COMMUNITY BASED THERAPEUTIC SERVICES</b> Community Counseling Center and Behavioral Health provide no cost, brief, low-intensity group and individual counseling to underserved populations, who are uninsured or underinsured. Services are provided in non-clinic settings throughout the county and appointments are available in the evenings and on weekends. In addition to promoting resilience and recovery, this program aims to reduce prolonged suffering and identify early signs of severe mental illness in addition to promote resilience.</p> <p><b>WELLNESS ADVOCATES</b> Transitions Mental Health Association provides advocates to link people referred from PEI projects in need of social supports and basic needs. Wellness Advocates focus on minimizing stress, supporting resilience, and increasing individuals' self-efficacy.</p> <p><b>YOUNG ADULT COUNSELING</b> The program offers free individual and/or small group counseling opportunities for Transitional Aged Youth who are experiencing early signs of mental health issues or seeking help or support. Young Adult Counseling aims to address feelings of depression, anxiety, or associated risk behaviors including substance use. SLOBHD provides services to students in non-traditional settings as well, including community schools and Cuesta College, Generation Next Teen Resource Center, family resource centers, such as The Link, and other convenient locations as requested by the clients when appropriate.</p>	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSa).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSa).aspx</a>	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
San Luis Obispo		System Empowerment for Consumers, Families, and Providers	INN	<p>TARP (Transition Assistance and Relapse Prevention): This program seeks to determine if peer assistance during a client's transition from a Full Service Partnership (FSP) program into a self-supported, community-based system of self care can reduce relapse rates and improve long-term success of FSP clients.</p> <p>LLEAP (Late Life Empowerment and Affirmation Program): This project will adapt a curriculum designed for victims of domestic violence and adapt it to work with older adults who have lost their spouse or partner. Activities may include group and individual sessions, as well as socialization, peer support, and elder fraud and abuse education for clients.</p> <p>COLEGA (Creating Opportunities for Latinas to Engage in Goal Achievement): This project will test whether there is a difference in client outcomes based on the degree of lived experience of the peer advisor/advocate working with them. Latino women who demonstrate a need for mental health services, and who have been a victim of domestic violence will participate in 12-week group sessions led by one of three rotating peers, each with a varying degree of lived experience. Clients will be asked to rate their experience with each peer, as well as identify specific factors that facilitated their recovery. Additionally, clients will be asked to create and self-manage their own support groups, an idea borrowed from drug and alcohol programs where participants help each other with a long-term support network that extends beyond treatment rooms.</p> <p>TIC, a Trauma Informed County of SLO: The purpose of this project is to build skills with public service providers, including County employees, to better serve community members who may vulnerable due to mental illness or trauma. The TIC training aims to provide participants with the foundation necessary to use a culturally competent, empathy-based approach to customer service. This project aligns with the County's mission of becoming a World Class Organization by better preparing employees to meet the needs of a diverse community.</p>	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx</a>	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us
<b>Housing</b>						
San Luis Obispo		Housing	CSS	<p>Nelson St: Studios were constructed and continue to be administered by TMHA. These five studio units are located in South San Luis Obispo County adjacent to a peer-lead wellness center. The studio apartments provide stable and affordable housing with supports to assist low and very low income clients in promoting whole life wellness. Crisis services are available as needed.</p> <p>Nipomo St Studios: This MHSA housing project provides 8 units to serve adults who are homeless or at risk of homelessness and have a diagnosis of severe mental illness, consistent with the CSS Plan and the MHSA definition of target population. Those with co-occurring disorders are also considered for residency in a unit.</p>	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx</a>	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us
<b>SB 82 Funded</b>						
San Luis Obispo		Crisis Stabilization Unit (CSU)	SB 82	In 2015-2016 San Luis Obispo County accepted a one-time State grant of \$971,070 from the California Health Facilities Financing Authority to build a Crisis Stabilization Unit at the Health Agency Campus. The primary objectives of this service are prompt assessments, stabilization, and/or a determination of the appropriate level of care. The CSU will give individuals in crisis who do not meet the criteria for involuntary treatment on the Psychiatric Health Facility an alternative for stabilization, as well as providing an alternative to those who meet criteria but are better served by a short term crisis stabilization facility. The CSU, the first and only of its kind in the County, will open for services in April of 2018.	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx</a>	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us
<b>Other Programs</b>						
San Luis Obispo		E-Learning	WET	The ReliasLearning program provides electronic access to employees, contracted employees and volunteers to the Behavioral Health library of curricula. E-Learning helps providers meet training and licensing requirements and to ensure our workforce's ability to provide quality of care and culturally and linguistically competent services to the community.	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx</a>	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us
San Luis Obispo		Family Education and Support	PEI	The Center for Family Strengthening's Parent Connection provides coordination and provision of bilingual and bicultural parenting classes and resources for all at-risk parents, selective prevention education for parents of high-risk youth, and "on demand" coaching for parents facing specific challenges.	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx</a>	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
San Luis Obispo		The Behavioral Health Electronic Health Record (BHEHR)	CFTN	A comprehensive integrated behavioral health system that will modernize and transform clinical and administrative information systems through a Behavioral Health Electronic Health Record (BHEHR) System allowing for a 'secure, real-time, point-of-care, client-centric information resource for service providers' and the exchange of client information according to a standards-based model of interoperability.	<a href="https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx">https://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Prevention-Outreach/Services/Mental-Health-Services-Act-(MHSA).aspx</a>	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us
<b>SAN MATEO COUNTY</b>						
<b>Crisis Support</b>						
San Mateo		PEI Programs for Ages 0-25 • Early Childhood Community Team (Prevention and Early Intervention) • Project SUCCESS • Seeking Safety • Teaching Pro-Social Skills (Prevention)	PEI	The Early Childhood Community Team supports healthy social emotional development of young children. A Team comprises a community outreach worker, an early childhood mental health consultant, and a licensed clinician and targets a specific geographic community within San Mateo County, in order to build close networking relationships with local community partners also available to support young families. Community Interventions for School Age and TAY focuses on school age and transition age youth, reaching out to them in non-traditional settings such as schools and community based agencies, such as substance abuse programs, drop-in centers, youth focused and other organizations operating in communities with a high proportion of underserved populations. The second intervention, Project SUCCESS (Schools Using Coordinated Community Efforts to Strengthen Students), is considered a SAMHSA model program that prevents and reduces substance use and abuse and associated behavioral issues among high risk, multi-problem adolescents. Seeking Safety is an approach to help people attain safety from trauma/PTSD and substance abuse. It targets Transition Age Youth through their contacts with community based organizations. Teaching Pro-social Skills (TPS) groups in San Mateo County public elementary schools generally receive referrals from teachers for students with classroom behavioral issues. TPS addresses the social skill needs of students who display aggression, immaturity, withdrawal, or other problem behaviors.	<a href="http://www.smchealth.org/bhrs/mhsa">www.smchealth.org/bhrs/mhsa</a>	Toni DeMarco, Deputy Director Child and Youth Services Tdemarco@smcgov.org
San Mateo		Early Intervention Programs • Primary Care Interface • Prevention and Recovery in Early Psychosis (PREP) • Youth Crisis Intervention • SMART	PEI	Primary Care Interface program funds system-wide co-location of BHRS practitioners in primary care environments to facilitate referrals, perform assessments, and refer to appropriate behavioral health services if deemed necessary. PREP aims at achieving remission through early detection, meticulous diagnosis and an array of evidence-based treatments, rehabilitation by providing clients with the tools that they need to manage their symptoms, recovery by assisting clients in obtaining the lives that they desire, and respect by promoting a collaborative relationship between the client, his or her family, and the treatment team, as well as providing services in a culturally sensitive manner. Youth Crisis Intervention provides student at risk for harming themselves and/or in crisis with phone counselors available by phone 24/7 for consultation and clinicians that provide in-person assessment at the school campus. The SMART program has trained paramedic responds to law enforcement Code 2 EMS requests for individuals having a behavioral emergency.	<a href="http://www.smchealth.org/bhrs/mhsa">www.smchealth.org/bhrs/mhsa</a>	Toni DeMarco, Deputy Director Child and Youth Services Tdemarco@smcgov.org

<b>Peer/Family Support Specialists</b>						
San Mateo		General System Development <ul style="list-style-type: none"> <li>• Older Adult System of Integrated Services (OASIS)</li> <li>• Senior Peer Counseling Services (50% CSS; 50%PEI)</li> <li>• Pathways, Court Mental Health and Co-occurring Housing Services</li> <li>• Peer Consumer and Family Partners</li> <li>• Co-Occurring Contracts with AOD Providers</li> <li>• Juvenile Girls Program</li> <li>• Voices of Recovery</li> <li>• Lived Experience Academy and Speakers Bureau</li> <li>• The California Clubhouse</li> <li>• The Barbara A. Mouton Center</li> <li>• Puente Clinic for Developmentally Disabled</li> <li>• Child Welfare Partners</li> <li>• Evidence Based Practices (EBP) and Services</li> </ul>	CSS-OESD	<p>OASIS serves older adults at risk of becoming or seriously mentally ill, including those served by specialty field-based outpatient mental health team, County clinics, community-based mental health providers, mental health managed care network providers (private practitioners and agencies), primary care providers, Aging and Adult Services, and community agencies that provide other senior services. The intent is to assist seniors to lead dignified and fulfilling lives, and in sustaining and maintaining independence and family/ community connections to the greatest extent possible. Senior Peer Partners as part of the Senior Peer Counseling program provide support, information, consultation, peer counseling, and practical assistance with routine tasks such as accompanying seniors to appointments, assisting with transportation, and supporting social activities.</p> <p>The Pathways Mental Health Treatment Court Program serves seriously mentally ill, nonviolent offenders with co-occurring mental health and substance use/abuse. The goal of the Pathways Program is to avoid incarceration and help them to live more successfully in the community.</p> <p>System transformation and effectiveness strategies includes a focus on recovery/resilience and transformation; increased capacity and effectiveness of County and contractor services through bilingual/ bicultural clinicians, Peer and Family Partners; and Co-occurring Contracts with alcohol and other drug. It also includes community based providers including the Girls Program, a court mandated treatment for adolescent girls with co-occurring disorders in the juvenile justice system; Voices of Recovery provides training, wellness services at BHRS sites, and health and wellness groups and activities; the Lived Experience Education Workgroup (LEEW) and the Lived Experience Academy (LEA), which 1) identify and engage lived experience clients, consumers, and family members to prepare for workforce entry, advocacy roles, committee and commission participation, and other empowering activities and 2) train clients/consumers and family members with behavioral health lived experience to share their stories as a tool for self-empowerment, stigma reduction, and education of others about behavioral health problems; The California Clubhouse provides support for individuals living in the community and connecting such individuals with employment, as well as volunteer opportunities; and The Barbara A. Mouton Multicultural Wellness Center is a place where consumers of mental health services and their family members can go to receive support, information, and be in community with each other. System Transformation also partially funds a clinician and psychiatrist at the Puente Clinic, a clinic that serves the special mental health needs of clients with developmental disabilities and two clinicians serving high risk children/ youth referred through Child Welfare Partners program. The EBP Expansion funds staff specialized in the provision of evidence-based services throughout the BHRS system.</p>	<a href="http://www.smchealth.org/bhrs/mhsa">www.smchealth.org/bhrs/mhsa</a>	Karen Krahn Deputy Director of Adult Services <a href="mailto:kkrahn@smcgov.org">kkrahn@smcgov.org</a>

<b>Housing</b>						
San Mateo		FSPs for Children and Youth <ul style="list-style-type: none"> <li>Edgewood Short-term Adjunctive Youth and Family Engagement (SAYFE) FSP</li> <li>Edgewood Comprehensive "Turning Point" FSP</li> <li>Fred Finch Out-of-County Foster Care Youth FSP</li> </ul>	CSS-FSP	FSPs for Children and Youth helps our highest risk children and youth with serious emotional disorders (SED) remain in their communities, with their families or caregivers while attending school and reducing involvement in juvenile justice and child welfare. Priority populations to be served by FSPs for children and youth are: 1) Seriously emotionally disturbed children, youth and their families, who are at risk of out-of-home placement or returning from residential placement, with juvenile justice or child welfare involvement and 2) Seriously emotionally disturbed children and youth with multiple psychiatric emergency services episodes and/or frequent hospitalizations and extended stays are also eligible, including homeless youth and youth exiting school-based, IEP-driven services. The programs are open to all youth meeting the criteria described above, but targeted to Asian/Pacific Islander, Latino and African American children/youth as they are over-represented within school dropout, child welfare and juvenile justice populations. Asian/Pacific Islander and Latino populations are underrepresented in the behavioral health system.	<a href="http://www.smchealth.org/bhrs/mhsa">www.smchealth.org/bhrs/mhsa</a>	Toni DeMarco, Deputy Director Child and Youth Services <a href="mailto:Tdemarco@smcgov.org">Tdemarco@smcgov.org</a>
San Mateo		FSPs for Transition Age Youth (TAY) <ul style="list-style-type: none"> <li>Caminar Enhanced Supportive Education Services FSP</li> <li>Edgewood Comprehensive "Turning Point" FSP</li> <li>Mental Health Association FSP Supported Housing</li> </ul>	CSS-FSP	FSPs for TAY provides specialized services to transition age youth aged 16 to 25 with serious emotional disorders to assist them to remain in or return to their communities in safe environments, support positive emancipation including transition from foster care and juvenile justice, secure safe and stability. Priority populations to be served by FSPs for TAY are: 1) Seriously emotionally disturbed and dually diagnosed TAY at risk of or returning from residential placement or emancipating, with juvenile justice or child welfare involvement; 2) Seriously emotionally disturbed TAY with multiple psychiatric emergency services episodes and/or frequent hospitalizations and extended stays are also eligible, including homeless youth and youth exiting school-based, IEP-driven services; and 3) Newly identified TAY that are experiencing a "first break". It is worth noting that the transition age youth team emphasizes the individual consumer's role in developing their own wellness and recovery plan. This FSP also offers a drop-in center and supported education to engage TAY, which serves the FSP participants as well as other SED transition age youth in the community that are receiving mental health services. The focus is to provide self-help supports, social activities, and skill building, as well as support for those seeking to enter the college system, all aimed at enhancing ability to manage independence. Emphasis is placed in outreach to LGBTQI SED youth.	<a href="http://www.smchealth.org/bhrs/mhsa">www.smchealth.org/bhrs/mhsa</a>	Toni DeMarco, Deputy Director Child and Youth Services <a href="mailto:Tdemarco@smcgov.org">Tdemarco@smcgov.org</a>

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
San Mateo		FSPs for Adults <ul style="list-style-type: none"> <li>• Telecare FSP and Housing Support</li> <li>• Caminar FSP and Housing Support</li> <li>• Mateo Lodge South County Integrated FSP</li> </ul>	CSS-FSP	FSPs for Adults serves seriously mentally ill adults who may also have co-occurring disorders and include: those eligible for diversion from criminal justice incarceration if adequate multi-agency community supports can be provided; currently incarcerated individuals for whom early discharge planning and post-release partnership structure and support may prevent recidivism and/or re-hospitalization; individuals placed in locked mental health facilities who can succeed in the community with intensive supports; and individuals whose mental illness results in frequent emergency room visits, hospitalizations, and homelessness that puts them at risk of criminal justice or institutional placement. The program focuses on engagement of Latino, African American and Pacific Islander populations that are over-represented in the criminal justice system and underrepresented in the mental health system.	<a href="http://www.smchealth.org/bhrs/mhsa">www.smchealth.org/bhrs/mhsa</a>	Karen Krahn Deputy Director of Adult Services kkrahn@smcgov.org
San Mateo		FSPs for Older Adults <ul style="list-style-type: none"> <li>• Telecare FSP and Housing Support</li> <li>• Caminar FSP and Housing Support</li> <li>• Mateo Lodge South County Integrated FSP</li> </ul>	CSS-FSP	FSPs for Older Adults serves seriously mentally ill older adults and medically fragile individuals who are either at risk of institutionalization or currently institutionalized and who, with more intensive supports, could live in a community setting. In many instances these individuals have co-occurring medical conditions that significantly impact their ability to remain at home or in a community-based setting. The program outreaches especially to Asian, Pacific Islander and Latino individuals, as these populations are under-represented in the current service population. Similar to the FSP for Adults, the goal of this program is to facilitate or offer “whatever it takes” to ensure that consumers remain in the least restrictive setting possible through the provision of a range of community-based services and supports delivered by a multidisciplinary team.	<a href="http://www.smchealth.org/bhrs/mhsa">www.smchealth.org/bhrs/mhsa</a>	Karen Krahn Deputy Director of Adult Services kkrahn@smcgov.org
San Mateo		MHSA Housing Program	Housing	<p>The San Mateo County MHSA Housing Program funds permanent supportive housing for individuals with severe mental illness and that meet the MHSA eligibility criteria as homeless or at-risk of being homeless. Since 2006, the funding has supported 50 housing units across four housing developments in Redwood City, South San Francisco, San Mateo and North Fair Oaks community. Most recently, BHRS contributed the last of the MHSA Housing dollars, about \$1.1 million, to the Affordable Housing Fund administered by the Department of Housing for the development of affordable housing, which led to 12 additional MHSA units expected in 2018.</p> <p>Cedar Street Apartments in Redwood City (14 MHSA units) – 2009  El Camino Family Housing in South San Francisco (20 MHSA units) – 2010  Delaware Street Apartments in San Mateo (10 MHSA units) – 2011  Waverly Place Apartments in North Fair Oaks area (15 MHSA units) – 2015  Bradford Senior Housing in Redwood City (6 MHSA units) – 2017  2821 El Camino Real in North Fair Oaks (6 MHSA units) – 2017</p>	<a href="http://www.smchealth.org/bhrs/mhsa">www.smchealth.org/bhrs/mhsa</a>	Karen Krahn Deputy Director of Adult Services kkrahn@smcgov.org

<b>SANTA BARBARA COUNTY</b>						
<b>Crisis Support</b>						
Santa Barbara		CARES Mobile Crisis Team	CSS-OESD	A mobile crisis team available 24/7 was added to the Behavioral Wellness CARES (Crisis and Recovery Emergency Services) program to provide clients in crisis appropriate alternatives to hospitalization. Mobile crisis response teams collaborate with law enforcement crisis calls to reduce incarceration or involuntary care. The goal is to increase access to care by extending comprehensive services to underserved individuals.	<a href="http://countyofsb.org/behavioral-wellness/adultservices.sbc">http://countyofsb.org/behavioral-wellness/adultservices.sbc</a>	John Winkler <a href="mailto:JWinkler@co.santa-barbara.ca.us">JWinkler@co.santa-barbara.ca.us</a> (805) 681-5220
Santa Barbara		SAFTY	PEI	Consolidates crisis stabilization, intake, mobile crisis response and access to service for mental health and alcohol and drug emergencies. Staffed by mental health professionals, CARES provides crisis support on a 24/7 basis, serves children and adults, and works closely with the SAFTY program.	<a href="http://countyofsb.org/behavioral-wellness/adultservices.sbc">http://countyofsb.org/behavioral-wellness/adultservices.sbc</a>	Pam Fisher <a href="mailto:PFisher@co.santa-barbara.ca.us">PFisher@co.santa-barbara.ca.us</a> (805) 681-5220
<b>Peer/Family Support Specialists</b>						
Santa Barbara		Assertive Community Treatment (ACT)	CSS-FSP	Evidence-based approach helps people with severe mental illness who have co-occurring life issues, including alcohol and drug use. Deploys multidisciplinary teams responsible for providing services, including housing assistance; supported employment and education; vocational skills enhancement; medication support; counseling; peer support and social skills development.	<a href="http://countyofsb.org/behavioral-wellness/adultservices.sbc">http://countyofsb.org/behavioral-wellness/adultservices.sbc</a>	Tammy Summers <a href="mailto:TSummers@co.santa-barbara.ca.us">TSummers@co.santa-barbara.ca.us</a> (805) 681-5220
Santa Barbara		HOPE	CSS	HOPE provides an array of intensive in-home services available to foster home and extended family home placements. The goals are to maintain the stability of children in their homes and placements and reduce multiple placements.	<a href="http://countyofsb.org/behavioral-wellness/adultservices.sbc">http://countyofsb.org/behavioral-wellness/adultservices.sbc</a>	Pam Fisher <a href="mailto:PFisher@co.santa-barbara.ca.us">PFisher@co.santa-barbara.ca.us</a> (805) 681-5220
Santa Barbara		Spirit	CSS-FSP	Provides a family-centered, strength-based, highly individualized service to help children and their families meet unmet needs both within and outside of formal human services systems while children remain in their neighborhoods and homes whenever possible. Two staff operate at each of the three regional ADMHS Children's service sites. Staff have been enhanced by adding parent partners who reflect the culture and language of those being served. SPIRIT staff ensure that care is available 24/7 to families to keep youth and families stable and safe.	<a href="http://countyofsb.org/behavioral-wellness/childrenservices.sbc">http://countyofsb.org/behavioral-wellness/childrenservices.sbc</a>	Ana Vicuna <a href="mailto:Avicuna@co.santa-barbara.ca.us">Avicuna@co.santa-barbara.ca.us</a> (805) 681-5220
Santa Barbara		Partners in Hope	CSS-OESD	This resource includes family partners, peer recovery staff and alcohol and drug treatment specialists who provide outreach, linkage to care and recovery-oriented activities in Lompoc, Santa Maria, and Santa Barbara. In addition, Recovery Learning Centers (RLCs) in each region of the County provide peer-run, recovery-oriented activities.	<a href="http://countyofsb.org/behavioral-wellness/adultservices.sbc">http://countyofsb.org/behavioral-wellness/adultservices.sbc</a>	Pam Fisher <a href="mailto:PFisher@co.santa-barbara.ca.us">PFisher@co.santa-barbara.ca.us</a> (805) 681-5220
Santa Barbara		Consumer Empowerment Manager	WET	Behavioral Wellness recognizes the value and richness that consumer and family member employees bring to the workplace, whether in direct service capacity or in other positions of interest. To address barriers to obtaining and sustaining employment, Behavioral Wellness established the positions of Consumer Empowerment Manager and WET Program Manager to build a supportive and success-driven infrastructure for consumers and family members choosing to enter or reenter the workforce.	<a href="http://countyofsb.org/behavioral-wellness/adultservices.sbc">http://countyofsb.org/behavioral-wellness/adultservices.sbc</a>	Tina Wooten <a href="mailto:TWooten@co.santa-barbara.ca.us">TWooten@co.santa-barbara.ca.us</a> (805) 681-5220
Santa Barbara		Consumer and Family Member Training and Employment Opportunities	WET	Behavioral Wellness seeks to provide consumers and family members with opportunities to build skills that will prepare them for entering and/or re-entering the workforce. A major current focus is maintaining a Peer Expert Pool to provide graduates of the 10-Day WET Peer Specialist Training opportunities for part-time employment.	<a href="http://countyofsb.org/behavioral-wellness/adultservices.sbc">http://countyofsb.org/behavioral-wellness/adultservices.sbc</a>	Tina Wooten <a href="mailto:TWooten@co.santa-barbara.ca.us">TWooten@co.santa-barbara.ca.us</a> (805) 681-5220

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Santa Barbara		Client/Family Access to Computer Resources	CFTN	Focuses on training and access to technology in each of the three primary population centers in Santa Barbara County: Santa Barbara, Santa Maria, and Lompoc. Consumers will have access to computer resources and tools to gather information, research mental health conditions, and gain knowledge to become a well-informed and active partner in their own treatment. Makes training resources available to promote the well-being of consumers by enabling them to acquire skills to improve their opportunities for education and employment.	<a href="http://countyofsb.org/behavioral-wellness/adultservices.sbc">http://countyofsb.org/behavioral-wellness/adultservices.sbc</a>	Lindsay Walter lwalter@co.santabarbara.ca.us (805) 681-5236
Santa Barbara		Early Childhood Mental Health Services	PEI	Provides in-home support, health and development screening, parent education and skills training, infant parent psychotherapy, advocacy, resources and referrals, postpartum support groups and father outreach. Implements problem-solving and capacity-building interventions within a collaborative relationship between a professional consultant with mental health expertise and family resource staff, preschool teachers, families and programs.	<a href="http://countyofsb.org/behavioral-wellness/childrenservices.sbc">http://countyofsb.org/behavioral-wellness/childrenservices.sbc</a>	Pam Fisher PFisher@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		Prevention/Early Intervention Services for Children and TAY	PEI	Includes mental health assessment, screening and treatment, home visits, school collaboration, family interventions, respite, multi-agency linkages, child abuse prevention education. A school-based program offers prevention and early intervention mental health services to students in Carpinteria public schools experiencing emotional and/or behavioral difficulties. In addition, specialized teams in Santa Barbara and Santa Maria offer evidenced-based interventions for adolescents and young adults, including family psychoeducation, education and employment support, family-aided assertive community treatment, and medication, if needed. (Children) <a href="https://www.countyofsb.org/behavioral-wellness/childrenservices.sbc">https://www.countyofsb.org/behavioral-wellness/childrenservices.sbc</a> (TAY) <a href="https://www.countyofsb.org/behavioral-wellness/tayservices.sbc">https://www.countyofsb.org/behavioral-wellness/tayservices.sbc</a>	<a href="http://countyofsb.org/behavioral-wellness/home.c">http://countyofsb.org/behavioral-wellness/home.c</a>	Ana Vicuna Avicuna@co.santa-barbara.ca.us (805) 681-5220
<b>Reducing Disparities</b>						
Santa Barbara		New Heights	CSS-SD	County wide services that assist transition age youth in making the successful transition into adulthood with tools necessary for ongoing wellness and recovery. Offers an array of recovery-focused services, including mental health services, employment and education support and referrals, linkage to other service providers and community resources and socialization support. New Heights uses the Transition to Independence Process (TIP) that stresses the importance of providing access to community-based outreach and support, engages transition age youth in shaping their own future planning process and adopts a focus on each individual's strengths.	<a href="http://countyofsb.org/behavioral-wellness/tayservices.sbc">http://countyofsb.org/behavioral-wellness/tayservices.sbc</a>	Ana Vicuna Avicuna@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		The Justice Alliance	CSS-FSP	Emphasizes treatment, not punishment, for people with mental illness in the justice system. A licensed mental health professional in each region of the County provides linkage to mental health services for individuals with serious mental illness who have had interactions with the legal system including the courts, probation, public defender, and district attorney. Services are provided in the jail, at court, in the community, at acute care facilities, and/or at regular service delivery sites. Treatment and services are wellness- and recovery-oriented. In 2014-15 this program was expanded to serve as a countywide forensic team.	<a href="http://countyofsb.org/behavioral-wellness/adultservices.sbc">http://countyofsb.org/behavioral-wellness/adultservices.sbc</a>	John Lewis JoLewis@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		Support to Culturally Underserved Communities	PEI	Community health educators from culturally underserved communities offer educational workshops, discussion groups and support groups to address individual and family member mental and wellness topics. Provides culturally appropriate training sessions for community leaders and service providers. Culturally and linguistically appropriate case management to ensure linkages to services. Cultural wellness practices are integrated into outreach, consultation and early intervention activities. (Children) <a href="https://www.countyofsb.org/behavioral-wellness/childrenservices.sbc">https://www.countyofsb.org/behavioral-wellness/childrenservices.sbc</a> (TAY) <a href="https://www.countyofsb.org/behavioral-wellness/tayservices.sbc">https://www.countyofsb.org/behavioral-wellness/tayservices.sbc</a> (Adults) <a href="https://www.countyofsb.org/behavioral-wellness/adultservices.sbc">https://www.countyofsb.org/behavioral-wellness/adultservices.sbc</a>	<a href="http://countyofsb.org/behavioral-wellness/home.c">http://countyofsb.org/behavioral-wellness/home.c</a>	Lindsay Walter lwalter@co.santabarbara.ca.us (805) 681-5236
Santa Barbara		Access and Assessment Specialized Clinic Team	PEI	Three regional teams specialize in access and assessment, with special attention to cultural considerations, such as unique presentations of crises among minorities and the importance of accessing family and community supports. The new regional teams are based in Lompoc, Santa Maria and Santa Barbara. The teams will be guided by recovery and resiliency concepts and will improve access to services by operating in the field throughout the county.	<a href="http://countyofsb.org/behavioral-wellness/home.c">http://countyofsb.org/behavioral-wellness/home.c</a>	Ana Vicuna Avicuna@co.santa-barbara.ca.us (805) 681-5220

<b>Housing</b>						
Santa Barbara		Assertive Community Treatment (ACT)	CSS-FSP	Evidence-based approach helps people with severe mental illness who have co-occurring life issues, including alcohol and drug use. Deploys multidisciplinary teams responsible for providing services, including housing assistance; supported employment and education; vocational skills enhancement; medication support; counseling; peer support and social skills development.	<a href="http://countyofsb.org/behavioral-wellness/adultservices.sbc">http://countyofsb.org/behavioral-wellness/adultservices.sbc</a>	Tammy Summers TSummers@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		Supported Housing	CSS-FSP	Provides intensive, multidisciplinary services to adults and older adults who require a higher level of care than offered by mental health clinics, but less than that provided by ACT programs.	<a href="http://countyofsb.org/behavioral-wellness/adultservices.sbc">http://countyofsb.org/behavioral-wellness/adultservices.sbc</a>	Pam Fisher PFisher@co.santa-barbara.ca.us Phone: (805) 681-5220
Santa Barbara		MHSA Housing	MHSA Housing	Provides funding for capital costs and operating subsidies to develop permanent supportive housing for persons with serious mental illness who are homeless, or at risk of homelessness. Supports 10 units in the Garden Street Apartments in Santa Barbara, eight units in Homebase on G Street in Lompoc and 12 units in Rancho Hermosa in Santa Maria. Additional housing projects are currently under development.	<a href="http://countyofsb.org/behavioral-wellness/adultservices.sbc">http://countyofsb.org/behavioral-wellness/adultservices.sbc</a>	Laura Zeitz LaZeitz@co.santa-barbara.ca.us (805) 681-5220
<b>SB 82 Funded</b>						
Santa Barbara		Crisis Triage	SB 82	Based in Santa Maria, Lompoc and Santa Barbara, crisis triage teams will focus on assisting individuals experiencing behavioral health crises who do not meet the criteria for involuntary hospitalization. Services include short-term interventions to promote wellness and recovery and helping individuals gain access to effective outpatient and crisis services. Client experiences will be improved through a more seamless array of supports designed to prevent future crises.	<a href="http://countyofsb.org/behavioral-wellness/adultservices.sbc">http://countyofsb.org/behavioral-wellness/adultservices.sbc</a>	John Winkler JWinkler@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		Crisis Stabilization Unit	SB 82	A 23-Hour Bed Unit, designed to provide a safe, nurturing, short-term, voluntary emergency treatment option for individuals experiencing a behavioral health emergency. It is designed to assist individuals before hospitalization is required. The program accommodates up to eight people daily for stays of up to 23 hours. Located on the county campus in Santa Barbara, the facility offers a semi-private intake and assessment space, a casual open common room with lounge chairs or day beds, wireless phone access, music headsets, laundry facilities, showers, secure storage and staff offices.	<a href="http://countyofsb.org/behavioral-wellness/adultservices.sbc">http://countyofsb.org/behavioral-wellness/adultservices.sbc</a>	Kristin Isaac Krlsaac@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		Crisis Residential	SB 82	The Crisis Residential House in Santa Barbara offers a voluntary, non-institutional, homelike setting for behavioral health clients. Residents receive up to 30 days of respite, peer support and linkages to ongoing services and resources. The County contracts with a recovery-oriented organization experienced in operating residential programs for individuals with behavioral health needs.	<a href="http://countyofsb.org/behavioral-wellness/adultservices.sbc">http://countyofsb.org/behavioral-wellness/adultservices.sbc</a>	John Winkler JWinkler@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		West County Mobile Crisis	SB 82	The new Mobile Crisis West County Team serves adults experiencing a psychiatric crisis or mental health emergency and substantially enriches treatment options, providing clients appropriate alternatives to hospitalization whenever possible. Staffing include a Peer Recovery Specialist, Mental Health Practitioner and Psychiatric Nurse. This program accepts individuals detained by law enforcement pursuant to WIC §5150.	<a href="http://countyofsb.org/behavioral-wellness/adultservices.sbc">http://countyofsb.org/behavioral-wellness/adultservices.sbc</a>	John Winkler JWinkler@co.santa-barbara.ca.us (805) 681-5220
<b>Other Programs</b>						
Santa Barbara		Electronic Health Records Enhancement	CFTN	Builds on the currently operational Integrated Information System at Santa Barbara County ADMHS. The project creates system wide access to clinical, administrative and financial information in digital format. Trains staff to access and record accurate and timely data. The project allows for the capture of digital information and eventual elimination of a paper-based system.	<a href="https://www.countyofsb.org/BehavioralWellness/BehavioralWellness2.aspx?id=37228&amp;id2=38600">https://www.countyofsb.org/BehavioralWellness/BehavioralWellness2.aspx?id=37228&amp;id2=38600</a>	Marshal Ramsey mramsey@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		Consumer Security and Confidentiality	CFTN	Builds on the security efforts currently in place at ADMHS. The security standards will match other Santa Barbara County Departments to meet the state-mandated requirements. The project facilitates secure system wide access to clinical and administrative information, ensures the security of data, and reduces the risk of potential identity theft. The project also provides access to the consumer health data system and improves continuity of care on a daily basis and in case of an emergency.	<a href="https://www.countyofsb.org/BehavioralWellness/BehavioralWellness2.aspx?id=37228&amp;id2=38600">https://www.countyofsb.org/BehavioralWellness/BehavioralWellness2.aspx?id=37228&amp;id2=38600</a>	Lindsay Walter lwalter@co.santabarbara.ca.us (805) 681-5236
Santa Barbara		Medical Integration Team	CSS	Specialized teams in each region of the county serving persons with severe mental illness who also experience serious medical problems, including individuals who are 60 years of age and over. Teams will also develop ongoing partnerships with all relevant agencies, including, but not limited to, Public Health, Alcohol and Other Drug providers and senior service organizations. The creation of these partnerships will be critical to meeting the needs of mental health clients of all ages, including older adults.	<a href="http://countyofsb.org/behavioral-wellness/tayservices.sbc">http://countyofsb.org/behavioral-wellness/tayservices.sbc</a>	Ana Vicuna Avicuna@co.santa-barbara.ca.us (805) 681-5220

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Santa Barbara		RISE (Formerly GRRRL)	INN	This program is designed to serve and identify young women who have been victims of sexual trafficking. Teams of service providers will work with victims and will collaborate with partner agencies to ensure successful outcomes are achieved and potential victims identified.	<a href="http://countyofsb.org/behavioral-wellness/tayservices.sbc">http://countyofsb.org/behavioral-wellness/tayservices.sbc</a>	Lisa Conn LConn@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		Homeless Services Specialty Clinic Team	CSS	In response to stakeholder input, homeless services will be created in Central County (Lompoc) and North County (Santa Maria). In South County (Santa Barbara), homeless services will be augmented. This enhancement responds to long-term concerns by a broad section of community stakeholders that persons with severe mental illness who are homeless or at-risk of homelessness are not receiving adequate mental health services.	<a href="http://countyofsb.org/behavioral-wellness/adultservices.sbc">http://countyofsb.org/behavioral-wellness/adultservices.sbc</a>	John Winkler JWinkler@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		Co-Occurring Specialty Clinic Team	CSS	The co-occurring outpatient teams offer client-driven services and customize services based on individual needs. The creation of this program is in direct response to stakeholder priorities. Specialized outpatient co-occurring teams are based in North, Central and South County.	<a href="http://countyofsb.org/behavioral-wellness/adultservices.sbc">http://countyofsb.org/behavioral-wellness/adultservices.sbc</a>	Ana Vicuna Avicuna@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		Wellness & Recovery Adult Specialized Clinic Teams/ Wellness & Resiliency Children's Specialized Clinic Teams	CSS	Three Wellness and Recovery teams, one each in Santa Barbara, Santa Maria, and Lompoc address the needs of adult populations. Three Wellness and Resiliency Teams serve children, youth and their families in Lompoc, Santa Barbara, and Santa Maria.  Specialized clinic teams use evidence-based practices that maximize specialization, wellness and recovery. Stable treatment relationships will be maintained. Client-centered and individualized approaches will be sensitive to challenging diagnoses and responsive to client hopes and dreams.	<a href="http://countyofsb.org/behavioral-wellness/home.c">http://countyofsb.org/behavioral-wellness/home.c</a>	Ana Vicuna Avicuna@co.santa-barbara.ca.us (805) 681-5220
<b>SANTA CLARA COUNTY</b>						
<b>Crisis Support</b>						
Santa Clara		Behavioral Health Services Outpatient System Redesign / TAY Crisis and Drop-In Services	CSS	This expands the system of care for TAY youth through a continuum of services that include specialized outreach, crisis intervention, linkages, self-help, peer support and case management. The project includes a 24-hour Drop-In Center and a community center serving the LGBTQ community.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 evelyn.tirumalai@hhs.sccgov.org
Santa Clara		Adult/Older Adult Behavioral Health Outpatient Services Redesign	CSS	This project expands self-help and peer support services, redesigns outpatient clinics toward a recovery model, incorporates consumer involvement, modifies levels of care to appropriately meet consumers' levels of need, and works with system partners (e.g., law enforcement) to improve the care consumers receive when they interface with multiple systems. The service expansion component addresses specific population disparities in the adult system for concurrent mental health/substance abuse disorders, concurrent mental health/developmental disabilities, and unserved and underserved ethnic and cultural groups.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 evelyn.tirumalai@hhs.sccgov.org
Santa Clara		Central Wellness and Urgent Care Services	CSS	This project provides consumers and individuals with emergent needs with critical services and is an alternative to Emergency Psychiatric Services (EPS). Mental Health Urgent Care (MHUC) services include crisis counseling, referrals, education, medications, as well as intensive follow-up in the community for a short period of time. This service is available to individuals who walk in for assistance. The project is open from 8 AM to 10 PM each day, 7 days a week, and works closely with EPS staff and County Law Enforcement Liaisons (LEL). On a limited basis, the staff provides mobile crisis response and telephone consultation to the police as they are called to highly emotionally charged situations.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 evelyn.tirumalai@hhs.sccgov.org
Santa Clara		Strengthening Families and Children	PEI	This initiative is divided into two components; component one is intended to prevent or intervene early in the development of emotional and behavioral problems in young children by providing the parents with outcome-based parenting strategies, support services, and access to screenings to identify developmental delays; and component two builds upon the first by implementing a continuum of services targeting four geographic areas of high need (Investment Communities) for children and youth ages 0-18 who may be experiencing symptoms ranging from behavioral/emotional distress to depression and anxiety caused by trauma or other risk factors.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 evelyn.tirumalai@hhs.sccgov.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Santa Clara		Suicide Prevention Strategic Plan	PEI	This initiative seeks to reduce suicide risk among all age groups throughout Santa Clara County and is intended to directly support the implementation of the County's Suicide Prevention Strategic Plan (SPSP), which was approved by the Board of Supervisors in August 2010. The goal of the SPSP is to reduce the number and rate of suicides in Santa Clara County as well as to reduce the number of suicide attempts. Through this plan, the County will implement all five distinct but related strategies of the SPSP, resulting in comprehensive suicide prevention and awareness activities countywide. The SPSP's five strategies have multiple recommendations, all of which will be implemented over time with input from the Suicide Prevention Oversight Committee (SPOC) and its work groups.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
Santa Clara		Investment In Mental Health Wellness (IMHW) Program	CFTN	In April 2014, the California Health Facilities Financing Authority (CHFFA) awarded the County \$4,699,948.11 in grant funding: 30 new beds for Crisis Residential and 8 new beds for Crisis Stabilization Treatment Programs. No local match (i.e., from the county) is required, but projects must include leveraging of public and private funding sources. The County set aside a portion of CFTN funds to pay for costs related to the capital portion of the IMHW grant project not covered by CHFFA grant funding.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
<b>Peer/Family Support Specialists</b>						
Santa Clara		Behavioral Health Services Outpatient System Redesign / TAY Crisis and Drop-In Services	CSS	This expands the system of care for TAY youth through a continuum of services that include specialized outreach, crisis intervention, linkages, self-help, peer support and case management. The project includes a 24-hour Drop-In Center and a community center serving the LGBTQ community.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
Santa Clara		Consumer and Family Wellness and Recovery Services	CSS	This is an initiative to transform the outpatient services of County and CBO-operated clinics. The initiative provides clinic staff with the training and practical skills to move toward a recovery and wellness-oriented service model, which emphasizes the consumer's principal role in his or her own recovery, appropriate levels of care, and infuses and expands the role of peer mentors, peer-directed services and self-help programs throughout the system. Another component of this workplan is the Office of Family Affairs, staffed by Mental Health Peer Support Workers to provide peer support services to family members in clinics at Mental Health Urgent Care and inpatient hospitals.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Jeannette Ferris (408) 792-3911 <a href="mailto:jeannette.ferris@hhs.sccgov.org">jeannette.ferris@hhs.sccgov.org</a>
Santa Clara		Welcoming Consumers and Family Members	WET	This project develops and implements training, workshops and consultations that support an environment that welcomes consumers and family members as contributing partners in the public mental health system. It creates a Consumer/Family Member Training Coordinator whose focus will be to advance the educational, employment, and leadership opportunities for consumers and family members in public mental health.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Jeannette Ferris (408) 792-3911 <a href="mailto:jeannette.ferris@hhs.sccgov.org">jeannette.ferris@hhs.sccgov.org</a>
Santa Clara		Community Engagement and Capacity Building for Reducing Stigma and Discrimination	PEI	This is an initiative to reduce disparities in service access by unserved and underserved communities; increase knowledge of mental illness; reduce stigma and discrimination within the context of culture; and increase community prevention and healing capacity through natural support systems through the efforts of the Mental Health Department's Ethnic and Cultural Community Advisory Committees (ECCACs). Activities will include community engagement and education through outreach to ethnic communities and their cultural leaders and institutions. The intent is to breakdown cultural barriers to mental help seeking, decrease stigma and discrimination, and for the ECCACs to act as cultural ambassadors to community members in need of services.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
Santa Clara		Strengthening Families and Children	PEI	This initiative is divided into two components; component one is intended to prevent or intervene early in the development of emotional and behavioral problems in young children by providing the parents with outcome-based parenting strategies, support services, and access to screenings to identify developmental delays; and component two builds upon the first by implementing a continuum of services targeting four geographic areas of high need (Investment Communities) for children and youth ages 0-18 who may be experiencing symptoms ranging from behavioral/emotional distress to depression and anxiety caused by trauma or other risk factors.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Santa Clara		Prevention and Early Interventions for Individuals Experiencing Onset of Serious Psychiatric Illness with Psychotic Features	PEI	The REACH (Raising Early Awareness Creating Hope) project implements a continuum of services targeting youth and transition age youth (TAY), ages 11 to 25, who are experiencing At Risk Mental States (ARMS) or prodromal symptoms. The service model is based on the Early Detection and Intervention for the Prevention of Psychosis (EDIPP) program, which is currently a replication study occurring at six sites nationwide to build research evidence on the effectiveness of preventing the onset and severity of serious mental illness with psychosis.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
<b>Reducing Disparities</b>						
Santa Clara		Child FSP	CSS	Intensive, comprehensive age-appropriate project for seriously emotionally disturbed children ages 0 to 15 that combines critical core services within a wraparound model. The targeted population is juvenile justice-involved and SED African American, Native American and Latino youth at risk of, or returning from, out-of-home placement.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
Santa Clara		Child System Development	CSS	This plan establishes systems of care for at-risk young children and families through key Santa Clara County child-serving agencies involved in 0 to 5-age services. The objectives are to establish quality screening, assessment, service linkages and parent support models that achieve the outcomes of increased school readiness and success among at-risk young children through early identification, treatment and support interventions for children with significant developmental, behavioral and emotional challenges.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
Santa Clara		Children and Family Behavioral Health Outpatient Services Redesign	CSS	This project involves the research, design and implementation of system-wide level-of-care screening, assessment, practice guidelines, and treatment services to improve the system of care for children and youth, particularly those from un-served and underserved ethnic and cultural populations. Services include screening, assessment and service linkages for young children; services for SED youth involved in the juvenile justice system; service system redesign for foster care youth; partial funding for independent living programs that provide services to TAY foster youth; services to Uninsured Youth; and the Juvenile Competency Restoration program.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
Santa Clara		TAY FSP	CSS	This is an intensive, comprehensive, age-appropriate project for over 200 TAY consumers with high levels of need. The project targets youth "aging out" of other child-serving systems.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
Santa Clara		Behavioral Health Services Outpatient System Redesign / TAY Crisis and Drop-In Services	CSS	This expands the system of care for TAY youth through a continuum of services that include specialized outreach, crisis intervention, linkages, self-help, peer support and case management. The project includes a 24-hour Drop-In Center and a community center serving the LGBTQ community.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
Santa Clara		Adult FSP	CSS	This is an intensive, comprehensive program for 259 highest risk Serious Mental Illness (SMI) adults who are frequent users of involuntary care and/or underserved homeless consumers with high levels of need. Based on the AB 2034 philosophy, the project provides treatment, case management and community resources necessary to meet the needs of each individual's life circumstances.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
Santa Clara		Adult/Older Adult Behavioral Health Outpatient Services Redesign	CSS	This project expands self-help and peer support services, redesigns outpatient clinics toward a recovery model, incorporates consumer involvement, modifies levels of care to appropriately meet consumers' levels of need, and works with system partners (e.g., law enforcement) to improve the care consumers receive when they interface with multiple systems. The service expansion component addresses specific population disparities in the adult system for concurrent mental health/substance abuse disorders, concurrent mental health/developmental disabilities, and unserved and underserved ethnic and cultural groups.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
Santa Clara		Criminal Justice System Jail Aftercare FSP Program	CSS	This project currently serves 486 adults 18 to 59 years old with concurrent mental health and substance abuse problems who also are involved in the criminal justice system. A continuum of intensive, comprehensive services, including residential, outpatient, and aftercare linkage and case management, is offered to clients based on individual need.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Santa Clara		Central Wellness and Urgent Care Services	CSS	This project provides consumers and individuals with emergent needs with critical services and is an alternative to Emergency Psychiatric Services (EPS). Mental Health Urgent Care (MHUC) services include crisis counseling, referrals, education, medications, as well as intensive follow-up in the community for a short period of time. This service is available to individuals who walk in for assistance. The project is open from 8 AM to 10 PM each day, 7 days a week, and works closely with EPS staff and County Law Enforcement Liaisons (LEL). Santa Clara		Primary Care / Behavioral Health Integration for Adults and Older Adults	PEI	This project has two major components: 1) services to new refugees drawing upon outreach and focus groups with refugees and organizations serving refugees; and 2) implementation of integrated behavioral health services within local non-profit Federally Qualified Health Centers (FQHCs) that serve underserved ethnic communities.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Santa Clara		Multi-Cultural Center (MCC)	INN	Increase access to underserved and inappropriately served ethnic minorities by housing activities and services for multiple ethnic communities in Santa Clara County. MCC will provide an opportunity for ethnic minority community coordinators to collaborate in identifying and initiating multi-cultural approaches to successfully engage individuals in mental health services in a culturally sensitive manner and find sensitive ways to combat stigma and internalized oppression.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
<b>Housing</b>						
Santa Clara		Child FSP	CSS	Intensive, comprehensive age-appropriate project for as many as 60 seriously emotionally disturbed children ages 0 to 15 that combines critical core services within a wraparound model. The targeted population is juvenile justice-involved and SED African American, Native American and Latino youth at risk of, or returning from, out-of-home placement.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
Santa Clara		TAY FSP	CSS	This is an intensive, comprehensive, age-appropriate project for as many as 100 TAY consumers with high levels of need. The project targets youth “aging out” of other child-serving systems.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
Santa Clara		Behavioral Health Services Outpatient System Redesign / TAY Crisis and Drop-In Services	CSS	This expands the system of care for TAY youth through a continuum of services that include specialized outreach, crisis intervention, linkages, self-help, peer support and case management. The project includes a 24-hour Drop-In Center and a community center serving the LGBTQ community.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
Santa Clara		Adult FSP	CSS	This is an intensive, comprehensive program for 175 highest risk Serious Mental Illness (SMI) adults who are frequent users of involuntary care and/or underserved homeless consumers with high levels of need. Based on the AB 2034 philosophy, the project provides treatment, case management and community resources necessary to meet the needs of each individual's life circumstances.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
Santa Clara		Criminal Justice System Jail Aftercare FSP Program	CSS	This project currently serves 486 adults 18 to 59 years old with concurrent mental health and substance abuse problems who also are involved in the criminal justice system. A continuum of intensive, comprehensive services, including residential, outpatient, and aftercare linkage and case management, is offered to clients based on individual need.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
Santa Clara		Older Adult FSP	CSS	This project offers intensive wraparound services for up to 25 older adults. FSP's for older adults are designed to meet the comprehensive needs of seriously mentally ill older adults 60+ years of age that include psychiatric needs, homelessness or the risk of homelessness, hospitalization or other forms of institutionalization, and the risk of being harmed physically, financially or psychologically.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
Santa Clara		Housing Options Initiative	CSS	At the end of FY2016, the County Board of Supervisors approved placing a \$950M General Obligation Bond on the November 2016 ballot which was eventually approved by Santa Clara County voters. The bond proceeds will be used to develop housing for the county's poorest and most vulnerable clients, including persons with a serious mental illness (SMI). Effective FY2017, the Office of Supportive Housing (OSH) transitioned to the County Executive Office (CEO). Critical functions related to the mission of OSH will remain within BHSD to maintain level of care for homeless and coordination among SCVHHS. The transition resulted in staff moves from BHSD to the CEO. BHSD staff continue to be funded through MHSA Housing Options as well as direct services.	<a href="https://www.sccgov.org/sites/osh/HousingandCommunityDevelopment/AffordableHousingBond/Pages/home.aspx">https://www.sccgov.org/sites/osh/HousingandCommunityDevelopment/AffordableHousingBond/Pages/home.aspx</a>	Soo Jung (408) 793-0564 <a href="mailto:Soo.Jung@hhs.sccgov.org">Soo.Jung@hhs.sccgov.org</a>
<b>Unspecified</b>						
Santa Clara		Administration	CSS	Includes support staff positions and contracts for Administration, Contracts, Finance and Quality Improvement.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
Santa Clara		Workforce Education and Training Coordination	WET	Positions budgeted for Workforce, Education and Training infrastructure are charged entirely to this budget. The infrastructure supports the education and training of underrepresented populations to enter the mental health workforce and advance within the system as desired.	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Jeannette Ferris (408) 792-3911 <a href="mailto:jeannette.ferris@hhs.sccgov.org">jeannette.ferris@hhs.sccgov.org</a>

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Santa Clara		Promising Practice-Based Training in Adult Recovery Principles & Child, Adolescent & Family Service Model	WET	This project expands training for SCCMHD and contract CBO management and staff, consumers and family members, and other key stakeholders. The training will promote and encourage the integration of Wellness and Recovery methods, the value of providing peer support, and the use of staff with “lived experience” via a continuous learning model.	www.sccbhsd.org/mhsa	Jeannette Ferris (408) 792-3911 jeannette.ferris@hhs.sccgov.org
Santa Clara		Improved Services & Outreach to Unserved and Underserved Populations	WET	This project expands specialized cultural competency training for all staff to improve services to ethnic and cultural populations. Ethnic and cultural populations are broadly defined to include marginalized populations such as, People of Color, the Elderly, Youth, People with Disabilities, LGBTQ individuals, Immigrants and Refugee Populations.	www.sccbhsd.org/mhsa	Jeannette Ferris (408) 792-3911 jeannette.ferris@hhs.sccgov.org
Santa Clara		WET Collaboration with Key System Partners	WET	This project builds on the collaboration between the Mental Health Department and key system partners to develop and share training and educational programs so that consumers and family members receive more effective integrated services.	www.sccbhsd.org/mhsa	Jeannette Ferris (408) 792-3911 jeannette.ferris@hhs.sccgov.org
Santa Clara		A Comprehensive Mental Health Career Pathway Model	WET	This includes a position and overhead budgeted to support the development of a model that supports SCCMHD’s commitment to developing a workforce that can meet the needs of its diverse population. The person in this position is trained in the principles of recovery, strength-based approaches and culturally competent interventions. The needed “cultural change” in the transformation process is expected to occur as the workforce’s composition changes to include more individuals who have “lived experiences” as consumers and family partners and who come from the diverse cultural, ethnic and linguistic underserved and un-served communities that the SCCMHD seeks to serve.	www.sccbhsd.org/mhsa	Jeannette Ferris (408) 792-3911 jeannette.ferris@hhs.sccgov.org
Santa Clara		Stipends and Incentives to Support Mental Health Career Pathway	WET	This project provides financial support through stipends and other financial incentives to attract and enable consumers and family and community partners to enroll in a full range of educational programs that are prerequisites to employment and advancement in public mental health.	www.sccbhsd.org/mhsa	Jeannette Ferris (408) 792-3911 jeannette.ferris@hhs.sccgov.org
Santa Clara		Administration	WET	Represents the indirect administrative overhead costs for Mental Health Administration, County’s Health & Hospital System Overhead (e.g. Information Systems, Patient Business Services, Finance), County Overhead, and other Mental Health wide administrative functions (e.g. Quality Improvement).	www.sccbhsd.org/mhsa	Jeannette Ferris (408) 792-3911 jeannette.ferris@hhs.sccgov.org
Santa Clara		Administration	PEI	Represents the indirect administrative overhead costs for Mental Health Administration, County’s Health & Hospital System Overhead (e.g. Information Systems, Patient Business Services, Finance), County Overhead, and other Mental Health wide administrative functions (e.g. Quality Improvement).	www.sccbhsd.org/mhsa	Evelyn Tirumalai (408) 885-5785 evelyn.tirumalai@hhs.sccgov.org
Santa Clara		Administration	INN	A new Innovations Coordinator was hired to provide support and technical assistance in the preparation and submission of Innovations Projects from community stakeholders to the MHSOAC in alignment with the MHSF Innovations regulations.	www.sccbhsd.org/mhsa	Lily Vu (408) 885-3983 lily.vu@hhs.sccgov.org
Santa Clara		Electronic Health Record	CFTN	Purpose: To provide a comprehensive electronic medical record for consumers that can be shared in a secure and integrated environment across service providers. Need: The EHR is mandated by Federal, State and Local initiatives. The Federal Executive Order requires everyone to have an electronic health record by 2014. The Governor of California has backed this deadline with an Executive Order. SCVHHS has set a goal of switching to EHRs by 2013. Project Overview: <ul style="list-style-type: none"> <li>• Reduce paper medical charts and provide an electronic mechanism to securely share critical client treatment data with all providers in the network;</li> <li>• Improve coordination of care between providers of services through integration of data;</li> <li>• Provide opportunities to reduce costs by streamlining and automation of clinic operations;</li> <li>• Produce better treatment outcomes because of better coordination of care and integrated treatment protocols.</li> </ul>	www.sccbhsd.org/mhsa	Evelyn Tirumalai (408) 885-5785 evelyn.tirumalai@hhs.sccgov.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Santa Clara		Enterprise-wide Data Warehouse	CFTN	<p>Purpose: To create a single data repository for all Mental Health Department service, administrative, financial and provider information. The data warehouse will integrate information to improve the ability of SCVHHS to measure key clinical and administrative metrics through enhanced business intelligence reporting capabilities. The data warehouse will directly support treatment decisions, new program design and management decision-making activities.</p> <p>Need: The Enterprise Data Warehouse (EDW) will address an on-going need to improve clinical and administrative reporting capabilities for SCVHHS. The need for improving access to data and reporting was the number one issue identified during an information system assessment conducted in the summer of 2008. A single system that contains easily accessible, clean and reliable data, combined with robust reporting and business intelligence tool sets will significantly improve report generation and support active decision-making processes focused on supportable data related analysis and eliminate redundant databases and reports that have been created as temporary solutions to fill the gap.</p>	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
Santa Clara		Consumer Learning Center	CFTN	<p>Purpose: To provide additional support for consumers in MHSF recovery programs and living in the community by setting up supervised computer labs and basic PC skills training in established Wellness Centers across the County.</p> <p>Need: The need for this project was identified during meetings with consumers and staff. There is currently one consumer PC lab located in one facility. That lab has outdated equipment and is not staffed appropriately. Consumers and staff see great potential in a well-planned and modernized lab environment.</p>	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
Santa Clara		Website Redesign and Consumer Portal	CFTN	<p>Purpose: To provide additional services for consumers and their families by enhancing the current MH website and developing a secure consume portal. The WEB focuses on developing a set of Internet applications that provide real-time, secure behavioral health and medical treatment services and outcomes information to consumers and the public in general. These revisions will make it easier for consumers and family members to obtain mental health services, treatment, and other information.</p> <p>Need: The need for this project was identified during meetings with consumers and staff. The need to provide more access to information via the website that supports consumers and their families continues to grow and must be part of a continuous and on-going plan for SCVHHS.</p>	<a href="http://www.sccbhsd.org/mhsa">www.sccbhsd.org/mhsa</a>	Evelyn Tirumalai (408) 885-5785 <a href="mailto:evelyn.tirumalai@hhs.sccgov.org">evelyn.tirumalai@hhs.sccgov.org</a>
<b>SANTA CRUZ COUNTY</b>						
<b>Crisis Support</b>						
Santa Cruz		Enhanced Crisis Response	CSS	This work plan provides enhanced 24/7 supports to adults experiencing significant impact to their level of functioning in their home or community placement to maintain functioning in their living situation, or (2) in need or at risk of psychiatric hospitalization but are able to be safely treated on a voluntary basis in a lower level of care, or (3) individuals being inappropriately treated at a higher level of care or incarceration and able to step down from psychiatric hospitalization or locked skilled nursing facility to a lower level of care in the community.	<a href="http://www.santacruzhealth.org/HSASHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx">http://www.santacruzhealth.org/HSASHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx</a>	(831) 454-4170 (800) 952-2335
Santa Cruz		Community Services and Supports	CSS	The services and strategies in this work plan are designed to advance recovery goals for all consumers to live independently, to engage in meaningful work and learning activities that are central to enhancement of quality of life. Participants will be enrolled in Full Service Partnership (FSP) Teams. FSPs are “partnerships” between clients and clinicians that include opportunities for clinical care, housing, employment, and 24/7 service availability of staff. To accomplish the above, the Recovery Team and South County Adult Team have been restructured to now provide intensive wrap around services to prevent acute hospitalizations and assist in getting people out of higher levels of care. These teams focus more on “crisis” as their priority and when time allows provide an additional array of recovery-oriented supports that include linkage to housing, employment and education. One team Supervisor carries a small caseload.	<a href="http://www.santacruzhealth.org/HSASHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx">http://www.santacruzhealth.org/HSASHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx</a>	(831) 454-4170 (800) 952-2335

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
<b>Peer/Family Support Specialists</b>						
Santa Cruz		Integrated Health and Housing Supports	INN	The Integrated Health and Housing Supports Program (IHHS) provides intensive community based supports, including peer support services and housing navigation services, to individuals with a severe mental illness and a co-occurring other health condition such as diabetes, heart disease, and obesity with close in home monitoring through the use of telehealth monitoring devices which monitor health and mental health conditions and transmit that data directly to the treatment team for triage and follow-up. The goal of this program is to improve health and mental health outcomes.	<a href="http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx">http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx</a>	(831) 454-4170 (800) 952-2335
Santa Cruz		Special Focus: Family Partnerships	CSS	This MHSF contract is designed to expand Family and Youth Partnership activities provided by parents, and youth, who are or have been served by our Children's Interagency System of Care, to provide support, outreach, education, and services to parent and youth services in our System of Care. Family partners have become increasingly integrated parts of our interagency Wraparound teams serving youth on probation at-risk of group home placement.	<a href="http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx">http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx</a>	(831) 454-4170 (800) 952-2335
Santa Cruz		Consumer, Peer & Family Services	CSS	These services and supports are intended to provide peer support, which is empowering and instills hope as people move through their own individual recovery process. Services are available countywide and are culturally competent, recovery oriented, peer-to-peer and consumer operated. This Plan includes: 1. the Wellness Center, located at the Mental Health Client Action Network, 2. Mariposa Wellness center, and 3. Peer supports.	<a href="http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx">http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx</a>	(831) 454-4170 (800) 952-2335
<b>Reducing Disparities</b>						
Santa Cruz		Prevention & Early Intervention Services for Children	PEI	These projects serve children and youth from stressed families, early onset of mental illness, and trauma exposed children and their families. Of particular concern are families needing help with parental/supervision skills, or affected by substance use/abuse, and/or whose children/youth are exposed to violence, abuse, and /or neglect. The desire is to decrease the negative impact of these factors by offering mental health services to children/youth and their families. PEI Project #1 has three strategies: 0-5 Early Intervention; 2. Countywide Parent Education & Support; 3. School-based Prevention.	<a href="http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx">http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx</a>	(831) 454-4170 (800) 952-2335
Santa Cruz		Culture Specific Parent Education & Support	PEI	These projects help decrease the risk of violence, suicide, and other traumas that children and youth age 0 – 17 may be exposed to by providing education, skills-based training, early intervention and treatment referrals to parents, families, and children, that are in need of parental/supervision skills, are affected by substance abuse, and/or are exposed to violence, abuse, or neglect. Specific treatment programs are Cara y Corazon, Joven Noble, and Xinachtli.	<a href="http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx">http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx</a>	(831) 454-4170 (800) 952-2335
Santa Cruz		Services for Transition Age Youth & Adults	PEI	These projects provide intensive treatment and education for family members when individuals are developing early signs of possible serious mental illness. Through consultation, training and direct service delivery, a broad menu of services will be offered by Peer Counselors, Family Advocates, and Licensed counselors and psychiatrists to transition age youth and their families. Strategies include: Early Intervention Service, Veteran's Advocacy & Service Coordination, and Suicide Prevention.	<a href="http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx">http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx</a>	(831) 454-4170 (800) 952-2335
Santa Cruz		Services for Older Adults	PEI	These strategies address the high rates of depression, isolation and suicides of Older Adults in Santa Cruz County. Strategies are aimed at identifying older adults at risk of trauma-induced mental illness, depression, anxiety, suicidal ideation, and late onset mental illness, as well as undiagnosed and misdiagnosed seniors. This group has been identified as an underserved population, often due to senior's isolation and challenges in accessing appropriate care. Strategies include: Senior Outreach, Peer Companion, and Warm Line.	<a href="http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx">http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx</a>	(831) 454-4170 (800) 952-2335
<b>Housing</b>						
Santa Cruz		Integrated Health and Housing Supports	INN	The Integrated Health and Housing Supports Program (IHHS) provides intensive community based supports, including peer support services and housing navigation services, to individuals with a severe mental illness and a co-occurring other health condition such as diabetes, heart disease, and obesity with close in home monitoring through the use of telehealth monitoring devices which monitor health and mental health conditions and transmit that data directly to the treatment team for triage and follow-up. The goal of this program is to improve health and mental health outcomes.	<a href="http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx">http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx</a>	(831) 454-4170 (800) 952-2335

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Santa Cruz		Community Services & Supports	CSS	The Housing Support Team provides services and supports to adults living independently in order to help them maintain their housing and mental health stability. The team consists of County staff (Housing Coordinator and an occupational therapist), Front Street staff (housing case management, occupational therapist, RN, and peer counselor), Community Connection staff (employment specialist and peer counselor), and Encompass case managers. We also provide Adult care facility beds with providing 24/7 care, bi-lingual, bi-cultural services. The Board and Care facilities include Wheelock, Willowbrook, and Front Street. Opal Cliffs provides an adult residential setting to provide intensive supervision and support to individuals returning from Locked Care settings to prepare to re-integrate into housing and community services.	<a href="http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx">http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx</a>	(831) 454-4170 (800) 952-2335
Santa Cruz		Community Services and Supports: Housing	CSS	This component is to offer permanent supportive housing to the target population, with no limit on length of stay. The target population is defined as very low-income adults, 18 years of age and older, with serious mental illness, and who do not have stable permanent housing, have a recent history of homelessness, or are at risk for homelessness. Nuevo Sol located in Santa Cruz has 2 units for adults 18 and over who were chronically homeless. These units are accessed through our partnership with Homeless Persons Health Project. Nuevo Sol was the first project in the State to use the Governor's Homeless Initiative funding, tied to MHSF for services and also the capitalized subsidy reserve. The County has developed housing at Bay Avenue Apartments, Capitola. The Bay Avenue project provides five MHSF units for seniors 60 years and older, at risk of homelessness. "Aptos Blue" opened in February 2014, and it provides five MHSF for adults with mental illness who are homeless, or at risk of homelessness. County staff is developing Lotus Apartments for six transition age youth and adults located mid county. These units will be owned and operated by a local non-profit Encompass in partnership with the County MHSF and a property management agency. All referrals and supports to MHSF housing come from a FSP team. A program requirement for these services is that persons be without stable housing or at risk of becoming homeless. The Housing Support team has worked intensively to both educate the client and mitigate any problem issues that might lead to eviction notices with the property manager.	<a href="http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx">http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx</a>	(831) 454-4170 (800) 952-2335
<b>Other Programs</b>						
Santa Cruz		Community Gate	CSS	The services of this program are designed to create expanded community-linked screening/assessment and treatment of children/youth suspected of having serious emotional disturbances—but who are not referred from our System of Care public partner agencies (Probation, Child Welfare, Education).	<a href="http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx">http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx</a>	(831) 454-4170 (800) 952-2335
Santa Cruz		Probation Gate	CSS	The Probation Gate is designed to address the mental health needs (including assessment, individual, collateral, group, case management, and family therapy) of youth involved with, or at risk of involvement, with the Juvenile Probation system. This program is also designed to increase dual diagnosis (mental health/substance abuse) services to these individuals. The System of Care goal (shared with Probation) is keeping youth safely at home, rather than in prolonged stays of residential placement or incarcerated in juvenile hall. We have noted that providing more access to mental health services for at-risk youth in the community via our contract providers BEFORE the youth become more deeply involved in the juvenile justice system has helped to keep juvenile rates of incarceration low.	<a href="http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx">http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx</a>	(831) 454-4170 (800) 952-2335
Santa Cruz		Child Welfare Gate	CSS	The Child Welfare Gate goals are designed to address the mental health needs of children/youth in the Child Welfare system. By ensuring comprehensive screening and assessment for foster children, we are assisting in family reunification and permanency planning for court dependents, helping them perform better in school, minimize hospitalization and keep children in the lowest level of care.	<a href="http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx">http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx</a>	(831) 454-4170 (800) 952-2335
Santa Cruz		Education Gate	CSS	This program is designed to create school-linked screening/assessment and treatment of children/youth suspected of having serious emotional disturbances. In addition, specific dual diagnosis (mental health/substance abuse) service capacity has been created and targeted to students referred from Santa Cruz County's local schools, particularly those not referred through Special Education.	<a href="http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx">http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx</a>	(831) 454-4170 (800) 952-2335

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Santa Cruz		Community Services & Supports	CSS	The services and strategies in this work plan are designed to advance recovery goals for all consumers to live independently, to engage in meaningful work and learning activities that are central to enhancement of quality of life. Participants will be enrolled in Full Service Partnership (FSP) Teams. FSPs are “partnerships” between clients and clinicians that include opportunities for clinical care, housing, employment, and 24/7 service availability of staff. The supportive employment activities include the development of employment options for clients, competitive and non-competitive alternatives, and volunteer opportunities to help consumers in their recovery. The supportive education services include the support for consumers attending Cabrillo College via the “College Connection” program.	<a href="http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx">http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx</a>	(831) 454-4170 (800) 952-2335
Santa Cruz		Workforce Education & Training	WET	A challenge we face is how to sustain our training and education program, given that the State does not distribute additional WET funds. However, the County of Santa Cruz recognizes that we still need work in our efforts to transform our service delivery system to one which is more client and family centered, recovery oriented, fosters an environment of enhanced communication and collaboration while promoting self-directed care, utilizes Evidenced Based Practices which have been demonstrated most effective at supporting recovery and independence in the community, and measures outcomes on a client, program and system level.	<a href="http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx">http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx</a>	(831) 454-4170 (800) 952-2335
Santa Cruz		Information Technology	IT	To modernize and transform clinical administrative systems. Our goal is to improve overall functionality and user-friendliness for both clinical and administrative work processes. We need to have one cohesive system with intuitive functionality where it would only be necessary to enter information one time and have that information populate fields as needed. The system must support fiscal, billing, administrative work processes, and include an electronic health record. Ideally a patient portal is needed as well. Strong billing processes, including automated eligibility and exception reports, are needed to effectively manage accounts payable and accounts receivable, and also provide necessary reporting tools for cost reports and budgeting activities. It also needs to include robust caseload and clinical management tools, as well as encourage and allow client access, interaction and participation. It should facilitate person-centered treatment planning, and ease of information sharing of documentation across service providers in the system of care.	<a href="http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx">http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx</a>	(831) 454-4170 (800) 952-2335
<b>SHASTA COUNTY</b>						
<b>Crisis Support</b>						
Shasta		Crisis Services/ CRRC/ CARE Center	CSS	The Crisis Services Program completes the transformation of Shasta County Mental Health’s crisis and short-term treatment system, which for many is the initial access point into the public mental health system. A multiple-level array of services is provided for those persons with mental illness in crisis or emergency. Directed at people in crisis, close to crisis, or frequently experiencing crisis. Includes: assessment/evaluation, discharge planning, care coordination, transitional care, 24/7 telephone crisis line, emergency services, clinical staff in the emergency rooms, & a 30-day residential support center. Services are available 24/7 and include telephone crisis services. The Crisis Residential Recovery Center (CRRC), which provides services for up to 30 days for adults, permits individuals to move from crisis into short-term transitional housing and stabilization or to intensive case management and support, as needed. The goals of this program are to reduce acute hospitalizations, and allow individuals to receive treatment within their community. Through our Innovation program we also contract with Hill Country CARE Center who provides multi-level care and extended hour services, 7 days a week, 365 days a year.	<a href="http://www.shastamhsa.com">www.shastamhsa.com</a>	Kerri Schuette (530) 245-6951 <a href="mailto:kschuette@co.shasta.ca.us">kschuette@co.shasta.ca.us</a>
<b>Peer/Family Support Specialists</b>

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Shasta		MHSA Volunteer Program	WET	The MHSA Volunteer Program is for consumers and family members who would like to explore a career in the public mental health field. The programs addresses the priority workforce education and training need to establish a career pathway and responds to the identified need to increase the public mental health workforce capacity while involving the community in a meaningful way in the delivery of services. The program seeks to both enhance the capacity of the public mental health system in Shasta County to provide services and support to individuals with serious mental illness while collaborating with and accessing the use of natural community supports – community members with an interest in volunteering to serve. Provides specific skill training: including peer support and non-violent crisis intervention and other mental-health related CEU courses. Provides people working toward a degree or licensure the opportunity to gain required internship supervision hours. Provides on-site learning for local Community College students.	www.shastamhsa.com	Kerri Schuette (530) 245-6951 kschuette@co.shasta.ca.us
<b>Reducing Disparities</b>						
Shasta		Shasta Triumph and Recovery (STAR)	CSS	Shasta Triumph and Recovery (STAR) is a Full Service Partner program that serves all age groups. The STAR program is an enrollment program that is wellness, recovery, and resiliency based and practices the “whatever it takes” model to provide access to services including supports for housing, employment or employment preparation, medication, transportation, peer relations, social activities, and education for those individuals with severe and persistent mental illness who are at risk of homelessness and/or hospitalization. There is a focus on wellness and recovery using a Wellness Recovery Action Plan (WRAP) jointly developed with the individual involved and any family or support individuals she/he chooses. Those individuals who meet FSP criteria are provided with outreach until they either become an FSP or are transferred to other appropriate programs.	www.shastamhsa.com	Kerri Schuette (530) 245-6951 kschuette@co.shasta.ca.us
Shasta		Rural Health Initiative	CSS	The Shasta Rural Health Initiative initiated recovery-based service agreements with Federally Qualified Health Centers (FQHC) in the community to provide integrated primary health care and mental health care to priority populations. Services include Full Service Partnerships, telepsychiatry, intensive case management, co-occurring groups, and crisis support. The programs concentrates on individuals of all ages.	www.shastamhsa.com	Kerri Schuette (530) 245-6951 kschuette@co.shasta.ca.us
Shasta		Older Adult Services	CSS	The Older Adult Services Program is a system of interagency services for adults 60 years and older who have serious and persistent mental illness. Older adults are identified and provided services that are comprehensive, age appropriate, culturally competent, and accessible. Services support recovery or rehabilitation as deemed appropriate by the client and his or her natural support system of family and community. In order to address the needs of this population, the program collaborates with multiple agencies and conducts intensive resource and program development. Multiple agencies/partners are convened with the support of the existing Shasta County Older Adult Policy Council in order to identify collaborative resources and outreach engagement strategies.	www.shastamhsa.com	Kerri Schuette (530) 245-6951 kschuette@co.shasta.ca.us
Shasta		Co-Occurring Disorders	CSS	Services to individuals who have co-occurring disorders of behavioral health/physical illness or behavioral health/substance use.	www.shastamhsa.com	Kerri Schuette (530) 245-6951 kschuette@co.shasta.ca.us
Shasta		Outreach/ Access	CSS	Services to individuals in the community who are un- and under-served in our system to determine their appropriateness for services and levels required, including evaluation and assessment provided by the Access Team. Case management, nursing, and clinical staff who work within the community providing outreach services to those individual in need with the goal of bringing them into the behavioral health system. Also includes linkage to individuals to the appropriate community services that are available (primary care, wellness centers, community behavioral health providers). Also includes educational services provided in the community.	www.shastamhsa.com	Kerri Schuette (530) 245-6951 kschuette@co.shasta.ca.us
Shasta		Individuals Experiencing the Onset of Serious Psychiatric Illness: Reduce Duration of Untreated Psychosis	PEI	Shasta County's Individuals Experiencing the Onset of Serious Psychiatric Illness Project targets individuals who are between the ages of 15 and 25 who have early symptoms that might indicate the start of a serious and persistent mental illness. Activities include outreach and engagement to patients and their families, assessment, treatment, case management, and family support.	www.shastamhsa.com	Kerri Schuette (530) 245-6951 kschuette@co.shasta.ca.us

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
<b>Housing</b>						
Shasta		Permanent Supportive Housing	CSS	The Woodlands, a 54-unit apartment complex contains 19 MHSa units: 14 one-bedroom and 5 two-bedroom. Units house individuals who meet Full Service Partnership eligibility requirements. Tenancy is for adults with serious mental illness and children with severe emotional disturbance and their families.	www.shastamhsa.com	Kerri Schuette (530) 245-6951 kschuette@co.shasta.ca.us
<b>Other Programs</b>						
Shasta		Children and Youth in Stressed Families: Triple P- Positive Parenting Program	PEI	Shasta County coordinates with and leverages the efforts of First 5 Shasta to provide county-wide implementation of the Triple P-Positive Parenting Program. Triple P is a multi-level, parenting and family support strategy that aims to prevent behavioral, emotional and developmental problems in children by enhancing the knowledge, skills and confidence of parents. Triple P incorporates five levels of intervention of increasing strength for parents of children from birth to age 18 years. Triple P interventions can also be tailored in such a way as to respect and not undermine the cultural values, aspirations, traditions and needs of different ethnic groups. It has been proven effective for use with various underserved geographic and cultural populations.	www.shastamhsa.com	Kerri Schuette (530) 245-6951 kschuette@co.shasta.ca.us
Shasta		Children and Youth in Stressed Families: Community Programs for At-Risk Middle School Students	PEI	Shasta County Mental Health, through a negotiated contract with a local school district(s), has implemented the Positive Action program which focuses on children at risk. Positive Action is an evidence-based program designed to build self esteem and good communication skills, as well as other psychosocial skills. The curriculum has 6 units covering the following concepts: self concept, positive actions for your body and mind, managing yourself responsibly, being honest with yourself and others, and improving yourself continually.	www.shastamhsa.com	Kerri Schuette (530) 245-6951 kschuette@co.shasta.ca.us
Shasta		Children and Youth in Stressed Families: Adverse Childhood Experience (ACE)	PEI	Shasta County Mental Health participates and supports the Strengthening Families Community Collaborative which focuses its efforts on facilitating collaboration and coordination and the development and dissemination of information to the community about strengthening families, ACE, and other topics surrounding programs in the areas of perinatal, maternal, parenting, and youth with the goal of having a significant impact on protective and risk factors. The purpose of convening this group is to identify and coordinate current and future ACE resources; increase the community's capacity to ensure linkage to quality, effective, and appropriate services; increase the number and quality of linkage and coordination relationships with organizations and systems that deal with ACE; develop county-wide procedures to improve access to services for children and families; and create united Collaborative objectives that include county-wide outcomes.	www.shastamhsa.com	Kerri Schuette (530) 245-6951 kschuette@co.shasta.ca.us
Shasta		Stigma & Discrimination	PEI	This program aims to build awareness of and eliminate the discrimination and stigma associated with mental illness. It includes the following strategies: public education, media campaigns, direct contact with mental health consumers, and recognition for positive portrayals of people with mental health problems.	www.shastamhsa.com	Kerri Schuette (530) 245-6951 kschuette@co.shasta.ca.us
Shasta		Suicide Prevention	PEI	This program is based on the local level recommendations which coincide with the California Strategic Plan on Suicide Prevention. This program includes local and culturally appropriate activities, including creating a system of suicide prevention, implementing training and workforce enhancements to prevent suicide, and improving suicide program effectiveness and system accountability. It was through this program the Shasta County Suicide Prevention Workgroup was formed. This workgroup coordinates local suicide prevention efforts including assessment, planning, implementation of evidence-based programs, and evaluation.	www.shastamhsa.com	Kerri Schuette (530) 245-6951 kschuette@co.shasta.ca.us

<b>SIERRA COUNTY</b>						
<b>Crisis Support</b>						
Sierra		Combined Programs	CSS	Sierra County continues to partner with Plumas Crisis Intervention and Resource Center (PCIRC) in the operation of the Crisis Line which operates 24/7, and provides 24/7 access to a mental health professional. Targeted populations are specified as all underserved/un-served persons in the County, which has essentially been the majority of the county population (3000). The Crisis Line phone number has been disseminated to nearly all community agencies. Full Service Partnerships are provided for children, transition age youth, adults, and older adults through the following positions: a case manager, 2 psychiatrists, 2 Marriage & Family Therapists MFT, a psychologist and a Peer Support Service provider. Services are provided for any person demonstrating need, regardless of gender, race/ethnicity, or language spoken. Through the above stated positions all residents of Sierra County needing services can be served. Monday through Friday, during regular office hours, Sierra County Behavioral Health serves individuals experiencing signs and symptoms of a mental health crisis. The 24/7 Crisis Line is also available. Should further crisis services be needed, which includes the need to be detained by law enforcement pursuant to WIC §5150, Sierra County Behavioral Health contracts with Tahoe Forest Hospital in Nevada County. Sierra County contracts with Placer County facilities to accept individuals who have been detained by law enforcement pursuant to WIC §5150.	<a href="http://www.sierracounty.ca.gov">http://www.sierracounty.ca.gov</a>	Laurie Marsh MHSF Coordinator lmarsh@sierracounty.ca.gov 207 Front St., PO Box 265 Loyalton, CA 96118 530.993.6745

Sierra		Mental Health First Aid	PEI	Mental Health First Aid is offered to community members and stakeholders throughout Sierra County. Mental Health First Aid also helps to reduce stigma associated with the symptoms of living with mental illness.	<a href="http://www.sierracounty.ca.gov">http://www.sierracounty.ca.gov</a>	Laurie Marsh MHSa Coordinator lmarsh@sierracounty.ca.gov 207 Front St., PO Box 265 Loyalton, CA 96118 530.993.6745
Sierra		Music Together	PEI	Music Together is an internationally recognized early childhood education music and movement program, the curriculum of which we employ to provide a prevention & early intervention program offered to community members and their young children to increase access and linkage to services while reducing stigma associated with mental illness, as well as, accessing supports and services through Behavioral Health. Music Together successfully interweaves the learning of age-appropriate social and problem solving skills, cognitive development, limit setting, how to follow instructions, being innovative and learning to lead through music activities. A Licensed Marriage Family Therapist facilitates Music Together in the school setting. Modeling from the facilitator not only takes place for the child; it also enables the teachers, parents, aides, and caregivers to apply age-appropriate, positive interaction in school and at home.	<a href="http://www.sierracounty.ca.gov">http://www.sierracounty.ca.gov</a>	Laurie Marsh MHSa Coordinator lmarsh@sierracounty.ca.gov 207 Front St., PO Box 265 Loyalton, CA 96118 530.993.6745
Sierra		Student/Parent Navigator	PEI	Sierra County Behavioral Health is working towards creating a Student/Parent Navigator position. The outcomes desired in creating this position is to provide outreach, linkage and access to supports and services to families of older youth who are experiencing challenges with school attendance and behavior problems. Growing evidence shows that positive emotional health improves educational outcomes by decreasing absences, decreasing discipline referrals, and improving test scores. Because of this important interplay between emotional health and school success Sierra County will be collaborating with schools and the Student Attendance Review Board as an outreach vehicle in creating relationships with families to identify needs and provide linkage with appropriate services. Linkage of appropriate supports and services will be based on identifying needs and strengths of families, being person and family centered with a holistic approach to promote whole-person wellness within families.	<a href="http://www.sierracounty.ca.gov">http://www.sierracounty.ca.gov</a>	Laurie Marsh MHSa Coordinator lmarsh@sierracounty.ca.gov 207 Front St., PO Box 265 Loyalton, CA 96118 530.993.6745

Sierra		Parenting Supports/Programs	PEI	During the latest Community Planning Process, stakeholders identified a gap of providing supportive services to build stronger and healthier family units. Stakeholders were of the belief that by providing parenting and family strengthening programs, other issues identified as concerns in the survey would be addressed. Stakeholders voiced emotional literacy modeled and learned in a healthy family unit is a first step in reducing immersing mental health issues. Depending on the setting and venue in which the classes/supports are offered, a universal or indicated service strategy will be indicated with a target population of community members, children, youth, and families.	<a href="http://www.sierracounty.ca.gov">http://www.sierracounty.ca.gov</a>	Laurie Marsh MHSA Coordinator lmarsh@sierracounty.ca.gov 207 Front St., PO Box 265 Loyalton, CA 96118 530.993.6745
SISKIYOU COUNTY						
Crisis Support						
Siskiyou		FSP	CSS-FSP	We continue to review clients designated as Full Service Partnership (FSP) to ensure that they are high-need and meet the MHSA requirements for this specialized service. We served approximately 179 FSPs in 16/17. We frequently update client plans and review services together to ensure our program embraces the vision for consumer driven services. FSP services focus on clearly identifying the criteria for this level of services and develop clinically appropriate services to ensure that clients successfully meet their goals and remain stable in the community. Services are culturally diverse and linguistically competent to meet the needs of the clients in our community.	<a href="http://www.co.siskiyou.ca.us/content/behavioral-health-services-division">http://www.co.siskiyou.ca.us/content/behavioral-health-services-division</a>	Camy Rightmier (530) 841-4281 crightmier@co.siskiyou.ca.us
Siskiyou		Systems of Care, Adult, Children's, TAY, Older, unserved/underserved	CSS	Services include, but are not limited to, crisis intervention, clinical assessments; individual and group therapy; case management; wraparound; medication management; linkages to community resources, including primary care and transport if needed; housing; and employment services.	<a href="http://www.co.siskiyou.ca.us/content/behavioral-health-services-division">http://www.co.siskiyou.ca.us/content/behavioral-health-services-division</a>	Camy Rightmier (530) 841-4281 crightmier@co.siskiyou.ca.us
Peer/Family Support Specialists						
Siskiyou		Six Stones Wellness Center	CSS-OESD/ FSP	Behavioral Health successfully executed a contract with an organizational provider and identified and leased a site for the Six Stones Wellness Center program which opened its doors in December 2015. Services in the Center are offered to adults and older adults with SMI in a safe, caring and supportive environment where clients can participate in activities that encourage recovery and resiliency. Located in Yreka, Siskiyou County's most populous city, transportation is be provided from surrounding communities to facilitate engagement by clients from all regions of the County. Wellness Center programming is client driven, focused on peer support and aimed at promoting resiliency and recovery.	<a href="http://www.co.siskiyou.ca.us/content/behavioral-health-services-division">http://www.co.siskiyou.ca.us/content/behavioral-health-services-division</a>	Camy Rightmier (530) 841-4281 crightmier@co.siskiyou.ca.us
Reducing Disparities						
Siskiyou		Latino Access and Linkage to Treatment	PEI	Latino outreach worker to provide bilingual/bicultural outreach and engagement, linkage to services, interpretation and support services to Latino individuals and their families. For individuals identified as meeting medical necessity criteria for specialty mental health services at SCBH, the assigned outreach worker will provide linkage and continue to support these individuals as appropriate in treatment. Outreach activities will also be directed at increasing awareness of mental health issues and services available in Siskiyou County through participation in health fairs and other community events.	<a href="http://www.co.siskiyou.ca.us/content/behavioral-health-services-division">http://www.co.siskiyou.ca.us/content/behavioral-health-services-division</a>	Camy Rightmier (530) 841-4281 crightmier@co.siskiyou.ca.us
Siskiyou		Veterans Outreach	CSS-OESD	Outreach and Engagement activities targeting veterans will continue to be provided throughout the County and will include outreach and linkage to services for un- or underserved veterans suffering from mental illness and/or substance abuse, in addition to coordination with the Veteran's Service Office and other community providers to foster development of resources and supports for this growing population.	<a href="http://www.co.siskiyou.ca.us/content/behavioral-health-services-division">http://www.co.siskiyou.ca.us/content/behavioral-health-services-division</a>	Camy Rightmier (530) 841-4281 crightmier@co.siskiyou.ca.us

Siskiyou		Day Reporting Center	CSS-OESD	We currently fund medication support services at the Day Reporting Center (DRC). This project seeks to engage post-release adult and older adult offenders who have been diagnosed with a severe mental illness, or those who identify themselves as SMI, by addressing barriers to service. By providing psychiatric services at the DRC and linking participating individuals directly to medication and other medically necessary services at SCBH, this project focuses on bridging the gap to services for this vulnerable population. In 16/17 this program served 28 unduplicated individuals.	<a href="http://www.co.siskiyou.ca.us/content/behavioral-health-services-division">http://www.co.siskiyou.ca.us/content/behavioral-health-services-division</a>	Camy Rightmier (530) 841-4281 crightmier@co.siskiyou.ca.us
Siskiyou		Co-Occurring O&E	CSS-OESD	This collaborative O&E pilot project serves post-release adult and older adult offenders who have been diagnosed with a SMI, or identify themselves as SMI and have a co-occurring substance use disorder. This project is group based and services are provided at the DRC by a licensed practitioner of the healing arts (LPSA). The project also supports continued engagement in services as offenders transition into the community by providing seamless access to AOD and mental health services at SCBH.	<a href="http://www.co.siskiyou.ca.us/content/behavioral-health-services-division">http://www.co.siskiyou.ca.us/content/behavioral-health-services-division</a>	Camy Rightmier (530) 841-4281 crightmier@co.siskiyou.ca.us
Siskiyou		Community Resource Centers	PEI	Seven Family Resource Centers (FRC) throughout the county provide MHSA Prevention and early intervention services and provide linkage to behavioral health for mental health services. Data is collected and submitted back to BHS for evaluation to ensure all necessary populations are being included in services.	<a href="http://www.co.siskiyou.ca.us/content/behavioral-health-services-division">http://www.co.siskiyou.ca.us/content/behavioral-health-services-division</a>	Camy Rightmier (530) 841-4281 crightmier@co.siskiyou.ca.us
Siskiyou		Mental Health First Aid	PEI	SCBH contracts with Lotus Educational Services to provide several 8-hour Mental Health First Aid trainings to first responders in Siskiyou County. Trainings focus on educating first responders including medical professionals, teachers, law enforcement, Family Resource staff, among others to recognize the early signs of potentially severe and disabling mental illness and to provide support and/or refer individuals who need treatment to appropriate services. We also provide 3.5 hour safeTALK trainings for suicide prevention.	<a href="http://www.co.siskiyou.ca.us/content/behavioral-health-services-division">http://www.co.siskiyou.ca.us/content/behavioral-health-services-division</a>	Camy Rightmier (530) 841-4281 crightmier@co.siskiyou.ca.us
Siskiyou		PCIT	PEI	SCBH will contract with a local vendor to provide Parent Child Interactive Therapy for boys and girls who are exhibiting signs of aggression, defiance, difficulty in school, refusing to follow directions, as well as other behavior disorders. Services will be provided by a LPHA who has been trained in PCIT.	<a href="http://www.co.siskiyou.ca.us/content/behavioral-health-services-division">http://www.co.siskiyou.ca.us/content/behavioral-health-services-division</a>	Camy Rightmier (530) 841-4281 crightmier@co.siskiyou.ca.us

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Siskiyou		Youth Writing Program	PEI	This school based writing program targets high school students at risk of school failure or juvenile justice involvement. Students learn to write about lived experience with mental health challenges or substance abuse and express themselves through stories or poetry. The program also includes a public reading where youth are encouraged to present their writings to promote recovery, wellness and reduce stigma.	<a href="http://www.co.siskiyou.ca.us/content/behavioral-health-services-division">http://www.co.siskiyou.ca.us/content/behavioral-health-services-division</a>	Camy Rightmier (530) 841-4281 crightmier@co.siskiyou.ca.us
Siskiyou		Suicide Prevention/Outreach, Stigma & Discrimination reduction	PEI	Siskiyou County continues to distribute outreach materials to partners and providers, schools and businesses to educate community members on Suicide awareness and Stigma & Discrimination reduction associated with Mental health in our County. We've partnered with Each Mind Matters and Know the Signs and disseminated materials to our schools from Walk in our Shoes and Directing Change campaigns. We will also provide suicide prevention trainings throughout the county.	<a href="http://www.co.siskiyou.ca.us/content/behavioral-health-services-division">http://www.co.siskiyou.ca.us/content/behavioral-health-services-division</a>	Camy Rightmier (530) 841-4281 crightmier@co.siskiyou.ca.us
Siskiyou		Workforce Education and Training Subcommittee	WET	Continue to fund trainings on mental health and/or substance use issues for community partners and providers. Provide financial assistance for staff to enroll in higher education courses related to mental health and/or substance use. SCBH is committed to implementing evidence based treatment modalities as appropriate agency-wide. To this end, WET funds will be utilized to train SCBH staff in evidence-based models such as CBT/TF-CBT, DBT and others.	<a href="http://www.co.siskiyou.ca.us/content/behavioral-health-services-division">http://www.co.siskiyou.ca.us/content/behavioral-health-services-division</a>	Camy Rightmier (530) 841-4281 crightmier@co.siskiyou.ca.us
Siskiyou		Capital Facilities/Technology	CFTN	Continue to support our electronic health records system, including additional storage to provide room as we convert old files to electronic records as well as infrastructure for server virtualization and fail-over redundancy, ensuring greater reliability and uptime for core servers supporting behavioral health.	<a href="http://www.co.siskiyou.ca.us/content/behavioral-health-services-division">http://www.co.siskiyou.ca.us/content/behavioral-health-services-division</a>	Camy Rightmier (530) 841-4281 crightmier@co.siskiyou.ca.us
Siskiyou		Innovation	INN	<p>The purpose of this Health Care Coordination (HCC) project is to increase the quality and continuity of health care services and improve outcomes for adults with a serious mental illness who are at risk for, or have, a chronic health condition. The HCC project will serve individuals with co-occurring mental health, substance use, and/or physical health disorders. The following learning objectives have been identified as important components of the overall HCC project:</p> <ul style="list-style-type: none"> <li>• Identify and implement effective strategies for behavioral health and primary care integration in rural Siskiyou County</li> <li>• Develop an integrated care model that utilizes peer support services</li> <li>• Develop effective engagement and retention strategies for clients with complex medical, mental health and/or AOD issues</li> <li>• Develop a sustainable collaborative process within the provider network</li> </ul> <p>The project is currently serving 10 individuals with coordinated physical and mental health case management, working on procedures and protocols for services and evaluating outcomes.</p>	<a href="http://www.co.siskiyou.ca.us/content/behavioral-health-services-division">http://www.co.siskiyou.ca.us/content/behavioral-health-services-division</a>	Camy Rightmier (530) 841-4281 crightmier@co.siskiyou.ca.us
<b>SOLANO COUNTY</b>						
<b>Crisis Support</b>						
Solano		Crisis Stabilization Unit (CSU)	CSS	The Crisis Stabilization Unit (CSU), operated by a community-based organization, is the County's provider for crisis stabilization services and linkages to a spectrum of crisis mental health services. Operating 24 hours a day, 7 days a week, consumers stay at the CSU for up to 23 hours while receiving intensive crisis services. The goal of CSU service is to facilitate rapid resolution of mental health crises for consumers ages 5 and up. The CSU strives to provide a safe environment for individuals in a psychiatric emergency, providing assessment and emergency treatment and when their crisis has abated, linking those individuals to the least restrictive services and supports. For individuals who are not able to be stabilized, the CSU secures inpatient hospital placement in order to ensure consumer and community safety. Overall CSU services reduce the incidence of suicide, harm to others, re-hospitalization and incarceration due to untreated mental illness.	<a href="https://admin.solanocounty.com:4433/depts/mhs/default.asp">https://admin.solanocounty.com:4433/depts/mhs/default.asp</a>	<p>CSU Site 707-428-1131 2101 Courage Drive, Fairfield, 94533</p> <p>Jonathan Spars, LMFT (County Liaison) (707) 784-8129 jspars@solanocounty.com</p>

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Solano		Relapse Prevention & Crisis Aftercare	CSS	The Relapse Prevention and Crisis Aftercare Program, operated by a community-based organization, serves adults (18+) who have suffered an acute crisis resulting in inpatient hospitalization and/or are identified as high utilizers of the CSU or other emergency services. The program will provide up to 90 days of engagement and crisis after-care services. This program features a combination of peer-provided and professional services that may include: 1:1 peer support, structured wellness and recovery skills training, brief individual and group counseling, medication services and management, field outreach and transportation, telephone check-in and follow up, crisis prevention planning, mentorship, and other proven strategies to support individuals new to their recovery or needing a period of more intensive support.	<a href="https://admin.solanocounty.com:4433/depts/mhs/default.asp">https://admin.solanocounty.com:4433/depts/mhs/default.asp</a>	Sarah Marie Pierce (Bay Area Community Services) (510) 717-2726 spierce@bayareacs.org
Solano		Crisis Intervention Team (CIT) Training for Law Enforcement	WET	A one-day crisis intervention team (CIT) training, conducted by CIBHS, was designed for law enforcement at the request of local law enforcement departments. The training is designed to increase first responders' knowledge and understanding about mental illness, and to help them develop skills and strategies to interact and intervene with individuals with mental illness. The training includes sessions on Welfare and Institutions Code § 5150, County policies and procedures for involuntary hospitalization, cultural diversity, and on how to de-escalate individuals in order to establish safety without physical intervention in a mental health crisis. It also includes sections on the types of mental illness, post-traumatic stress disorder, recognizing signs and symptoms of mental disorders among returning veterans, and on how to maintain officer safety in crisis situations. Multiple cycles of this training have been and will continue to be offered.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/wet.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/wet.asp</a>	Tracy Lacey, (County) (707) 784-8213 TCLacey@solanocounty.com
<b>Peer/Family Support Specialists</b>						
Solano		Children's Full Service Partnership (FSP)	CSS	SCBH operated FSP programming provides a continuum of services to children from birth through age 18 and their families including intensive treatment, case management, medication management, peer/family support, vocational/educational support, crisis support, etc. The Children's FSP Teams will serve children and youth who have not been stabilized at lower levels of care and are at risk of, or have been hospitalized, involved with the juvenile justice system, involved with child welfare, have been removed from their birth families or had multiple placement changes, experienced loss of school placements, etc. In addition to the FSP mental health services, the Children's FSP team actively reaches out to community partners to broaden available services and "out of the box" activities for consumers to normalize and enhance the child or youth's quality of life which includes but is not limited to: recreational activities, sports, etc.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/fsp/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/fsp/default.asp</a>	Katherine Kellum, (County) (707) 784-8181 KELLUK@SolanoCounty.com
Solano		Foster Care Treatment Unit Full Service Partnership	CSS	The Foster Care Treatment Unit was transitioned to an FSP model as of January 1, 2017. The FCTU FSP program provides intensive services to children and youth up to 21 years old and their families who are currently involved with the Child Welfare System. The children and youth served by this program have not been stabilized at lower levels of care and are at risk of or have been hospitalized, involved with the juvenile justice system, have continued involvement with child welfare, and may have had multiple placement changes.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/fsp/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/fsp/default.asp</a>	Katherine Kellum, (County) (707) 784-8181 KELLUK@SolanoCounty.com
Solano		Transition Age Youth Full Service Partnership (FSP)	CSS	The Transition Age Youth (TAY) FSP program, administered by a community-based organization, delivers intensive strengths-based mental health services and support to high-need and high-risk youth ages 16-25. In addition to intensive treatment services the program includes case management, medication management, peer/family support, vocational/educational support, crisis support, etc. The TAY FSP Program places an emphasis on recovery and wellness while providing an array of mental health services. In addition to the FSP mental health services, the program also provides community and social integration services to assist individuals with developing skill-sets that support self-sufficiency; e.g. housing support, vocational/employment services, educational support, independent living skills, peer counseling, and linkage to substance abuse services when indicated. The TAY FSP Program works closely with another community-based organization that provides transitional housing for up to eight TAY consumers.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/fsp/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/fsp/default.asp</a>	Lindsey Miller, (Seneca) (707) 429-4440 lindsey_miller@senecacenter.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Solano		Adult Full Service Partnership (FSP)	CSS	The Adult FSP Program operated by SCBH serves seriously mentally ill adults that have historically been the most difficult to effectively engage in treatment. The team focuses on supporting mental health consumers who have been placed in more restrictive out-of-county treatment facilities to return to a less restrictive level of care in Solano County. By moving consumers out of institutions and back into community settings, the team strives to improve their consumers' quality of life, supporting their recovery process, and working to address their needs at a local level. The SCBH Adult FSP Team provides intensive treatment, case management, medication management, peer/family support, vocational support, crisis support, etc. The programs assists consumers in finding meaningful roles in the community such as work, school, or social activities. The program has higher staff- to-consumer ratios to provide high-intensity, community-based services with the goal of reducing adverse events such as repeat hospitalizations, criminalization, out-of-county placements, and reliance on emergency systems for care.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/fsp/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/fsp/default.asp</a>	Rozzana Verder-Aliga, (County) (707) 553-5824 rnverderaliga@solanocounty.com
Solano		Adult and Older Adult Full Service Partnership (FSP)	CSS	Due to the volume of adults in need of FSP services, SCBH contracts with a community-based organization to provide additional adult FSP services. The Contractor Adult FSP Program provides intensive treatment, case management, medication management, peer/family support, vocational support, crisis support, etc. The program adheres to the Assertive Community Treatment (ACT) model with a goal to support consumers in their efforts to live as independently as possible as members of the community and in a setting of their choice. The program is designed to enhance each person's quality of life, teach self-management skills to reduce the impact of psychiatric symptoms, assist in the development of social connections in the community, and reduce dependence on community safety net services such as the crisis services and police.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/fsp/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/fsp/default.asp</a>	Chris Kughn, (Caminar) (707) 648-8121 Ckughn@caminar.org
Solano		Adult Forensic Full Service Partnership (FSP)	CSS	The Forensic Assessment Community Treatment (FACT) FSP Program, which is County operated, serves adults with serious and persistent mental illness who are currently involved with the criminal justice system and who have recently been released from a local jail and/or are incarcerated and pending eminent release to the community. The goal of the program is to support consumers in creating a stable life, prevent recidivism, and promote wellness through independence, hope, personal empowerment, and resilience. The FACT FSP provides intensive treatment, case management, medication management, peer/family support, vocational support, crisis support, etc. The Program works closely with Probation and the Courts to stabilize mentally ill offenders; links consumers to intensive outpatient substance abuse treatment and/or residential substance abuse treatment when warranted; and works closely with partners providing the Cooperative Employment program. The FACT Program provides comprehensive group programming including the following curriculums/models: Moral Reconation Therapy (MRT), Helping Women Recover, Anger Management, Social Skills, Dialectical Behavior Therapy (DBT), and Wellness & Recovery Action Plan groups.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/fsp/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/fsp/default.asp</a>	Kate Grammy, (County) 707-784-2061 KAGrammy@solanocounty.com
Solano		Homeless Mentally Ill Full Service Partnership (FSP)	CSS	The Homeless Outreach Motivation & Engagement (HOME) FSP, operated by a community-based organization, serves the County's seriously mentally ill adults who are experiencing homelessness (situational or long-term) or those who are at risk of becoming homeless. The HOME FSP Program conducts outreach and engagement activities at local shelters, homeless encampments, and at locations in which the homeless community congregates in order to identify individuals that have disabling mental health conditions that have contributed to them being homeless to promote engagement in treatment, linkage to transitional and permanent housing, and reduced rates of incarceration and hospitalization for this population. FSP program provides intensive treatment, case management, medication management, peer/family support, vocational support, crisis support, and non-mental health services and supports including emergency food, clothing and housing services.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/fsp/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/fsp/default.asp</a>	Chris Kughn, (Caminar) (707) 648-8121 Ckughn@caminar.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Solano		Wellness & Recovery Unit	CSS	In April 2013 SCMH established a Wellness and Recovery Unit (WRU) to support, educate, and enhance recovery-oriented principles and practices and incorporate them into the existing mental health system of care. This unit now consists of a Mental Health Manager, Consumer Affairs Liaison, a Family Liaison , a Mental Health Specialist, and two Patient Advocates. The WRU provides direction for wellness and recovery activities in the County, acts as liaison and ombudsman for individuals with SMI as advocates, and provides regular consumer-run support groups, family support groups, trainings and educational events for the community. The WRU recruits consumers and family members to provide the consumer voice and perspective to MHSa planning and evaluation activities.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/gsd/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/gsd/default.asp</a>	Melanie Cook, (County) (707) 553-5592 mcook@solanocounty.com
Solano		Wellness & Recovery Centers	CSS	Wellness and recovery drop-in centers provide a safe and welcoming place for adult consumers who have a known mental illness. Staff at the Wellness and Recovery Centers, many of whom have lived experience, apply the principles of recovery to exemplify and promote hope, commitment, and action. They support clients, building on their strengths, to identify and reach quality of life goals. Services include development of Wellness and Recovery Action Plans, support groups, 12-step support, peer counseling and mentoring, employment preparation, workshops on self-management, health and life skills, substance abuse, relapse prevention, and other topics. Warm lunches, community outings, and computer access are also provided. Solano County has 2 adult Wellness and Recovery Centers: Circle of Friends, located in Fairfield is open 6 days a week and provides services 2 days a week at a satellite site in Vacaville. The Caminar Wellness and Recovery Center is located in Vallejo and is open 5 days per week.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/gsd/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/gsd/default.asp</a>	Stacy Lopez (Circle of Friends) (707) 880-0916 stacetothelo@aol.com  Chris Kughn, LMFT (Caminar) (707) 648-8121 Ckughn@caminar.org
Solano		Early Childhood Mental Health	PEI	The Early Childhood program, which will be operated by community-based organizations, will provide home-based or center-based prevention and early intervention services to children ages 0-5 and their families. The program will targets families living in low-income, high-risk neighborhoods, including Spanish/Tagalog- speaking parents, children in the child welfare system, and those in families struggling with parental mental illness, domestic violence, substance abuse, or parental depression. The program will continue to be funded jointly by MHSa and First 5 Solano. In addition the operation of the Help Me Grow referral line, services include in-person screenings, parent education trainings, and community trainings to both mental health and physical health providers.	<a href="http://www.solanocounty.com/depts/first5/our_programs/funded_programs.asp">http://www.solanocounty.com/depts/first5/our_programs/funded_programs.asp</a>	Lorraine Fernandez (First 5 Solano) (707) 784-1332 L_Fernandez@solanocounty.com  Tracy Lacey, (County) (707) 784-8213 TCLacey@solanocounty.com
Solano		School-Based Mental Health Services	PEI	The School-Based Mental Health Services program serves children and youth in grades K-12. The program will continue to be delivered by community-based organizations in cooperation with the Solano County Office of Education (SCOE) a Local Education Agency (LEA), and will provide school-based prevention services and mental health treatment services in selected school sites within the six County School Districts and in the city of Rio Vista. Services will be provided in schools in low-income communities and those with the highest percentage of English language learners. Efforts will be made to reach unserved/underserved communities to include but not limited to: the Latino and Filipino communities with specific efforts to reach at-risk Lesbian, Gay, Bisexual, Transgender, and Questioning (LGBTQ) youth who are at much greater risk of attempting suicide due to stigma and bullying. Additionally, program staff will have the knowledge and awareness to identify, screen and make appropriate referrals for youth at high-risk for commercial sexual exploitation. Prevention services include workshops and groups for children and youth, workshops and trainings for school staff and parents, and stigma-reduction activities. Early Intervention and Treatment Services include assessments and short-term treatment services. Linkages and referrals will be made for children/youth who need additional services, including those that will require more intensive or longer treatment.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/pei/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/pei/default.asp</a>	Julie Jedzinak (A Better Way) (510) 821-2091 JJedzinak@abetterwayinc.net  Nicola Parr (SCOE) (707) 416-1026 Nparr@solanocoe.net Adriana Bejarano (Rio Vista Care), (707) 374-5243, ABejarano@rvcare.org
Solano		Early Treatment Psychosis Program	PEI	The Early Treatment Psychosis Program is geared to serve individuals ages 12-30, who are either exhibiting the early signs and symptoms of psychosis or have had a first episode of psychosis and are early in the development of a serious mental illness. This early intervention program includes a specialized screening, comprehensive assessments, and an evidence-based treatment model. The program is provided by a community-based organization in collaboration with a research and training institution in order to provide technical support, training, supervision and consultation as related to the specialized assessment tools used and the evidenced-based practice treatment model.	<a href="https://www.aldeainc.org/services/behavioral-health/early-diagnosis-preventative-treatment">https://www.aldeainc.org/services/behavioral-health/early-diagnosis-preventative-treatment</a>	Julie Falicki, LMFT (Aldea, Inc.) (707) 374-5243 jfalicki@aldeainc.org

Solano		Prevention and Early Access for Seniors (PEAS)	PEI	The PEAS Program, delivered by a community-based organization, conducts community outreach, education, and screenings for older adults, ages 60 and over, who may have experienced a loss, are exhibiting signs of depression or anxiety, or who live with a mental illness, or are at risk for developing a mental illness and are in need of support to continue to maintain their independence in the community. For those identified as experiencing depression or anxiety, short term treatment, case management, or peer support will be provided. Support and linkage will be provided for clients in need of on-going or more intensive treatment services.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/pei/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/pei/default.asp</a>	Sara Pryor (Area Agency on Aging) (707) 644-6612 sarap@aaans.org
Solano		Peer Counseling for Homebound Seniors	PEI	The Peer Counseling for Homebound Senior program, provided by a community-based organization, is a targeted prevention and early intervention program that recruits and trains community volunteers to provide peer counseling for older adults over the age of 60 residing throughout the County who are experiencing depression and the effects of loss. Services include screenings, “buddy calls” and home visitation, outreach & community education, in-person one-on-one- peer counseling, in-person peer counseling groups, and virtual peer counseling groups as well as linkages and referrals for other needed services.	<a href="http://solano.networkofcare.org/mh/services/agency.aspx?pid=FaithinActionofSolanoCountySeniorPeerCounselingProgram_357_2_0">http://solano.networkofcare.org/mh/services/agency.aspx?pid=FaithinActionofSolanoCountySeniorPeerCounselingProgram_357_2_0</a>	Robert Fuentes (Faith in Action) (707) 425-6164 executivedirector@faithinactionsolano.org
Solano		Family & Peer Support	PEI	The National Alliance on Mental Illness (NAMI) of Solano provides support and advocacy to individuals with mental illness and their family members. The program provides support and advocacy to individuals with mental illness and their family members through workshops and trainings to the local community which reduce stigma and the discrimination of the mentally ill. Solano County has elected to continue to implement the NAMI Family and Peer Support Program for FY 2017/20 . NAMI is uniquely qualified to provide evidence-based practices such as: Peer-to-Peer programming; Family-to-Family programming; Mental Health Promotion; and In-service presentations for local schools.	<a href="http://www.namisolanoounty.org/">http://www.namisolanoounty.org/</a>	Dorothy Laney (NAMI Solano) (707) 803-1713 teancum@aol.com
Solano		Pregnant & Postpartum Maternal Support	PEI	In partnership with Solano County Public Health, this program will provide prevention and mental health services for pregnant women and/or new mothers to prevent/treat post partum depression. Strategies include use of an evidence-based group model as well as individual counseling as needed.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/pei/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/pei/default.asp</a>	Deborah Espinoza, (County Public Health) (707) 784-8333 DAEspinoza@SolanoCounty.com
Solano		Integrated Care Clinic On-Duty Staff	CSS	Each of the three, Solano County Behavioral Health-operated regional adult psychiatry clinics, located in Vallejo, Fairfield and Vacaville primarily provide medication services to adults who have been diagnosed with a serious mental health condition. Each clinic employs a mental health specialist who is assigned the “on-duty” (OD) role, primarily focused on providing emergent case management for consumers to address basic needs such as food, clothing and shelter. OD staff provide linkages to insurance eligibility specialists as well as linking consumers to other vital resources such as Employment and Eligibility Services, local shelters, etc. In addition to case management activities, the OD staff may provide crisis support in the clinics, up to and including referring consumers to the Crisis Stabilization Unit.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/gsd/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/gsd/default.asp</a>	Emery Cowan, (County) (707) 784-8041 Ecowan@solanocounty.com
Solano		CARE Clinic	CSS	Utilizing the Comprehensive Assessment Research and Evaluation (CARE) model, the CARE Clinic offers and intensive, ten-week, daily meu of services for clients three to six years of age (up to 7th birthday) with complex presentations including a mental health diagnosis, developmental, social, behavioral and communication challenges who are at risk of or have been expelled from daycare or preschool settings. Each cohort is between 7-10 children with a high staff ratio from a multi-disciplinary team. The Solano County Special Education Local Plan Area (SELPA) funds children who have been assessed by SELPA to be eligible for the specialized services offered through the CARE Clinic.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/gsd/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/gsd/default.asp</a>	Jane Johnson, (Child Haven) (707) 425-5744 jjohnson@child-haven.org
Solano		Katie A. Services (KAS)	CSS	The KAS program provides intensive outpatient mental health services for children and adolescents ages 6-21, with the targeted population being individuals who have been identified as the Katie A subclass or referred by County Child Welfare/foster care system.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/gsd/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/gsd/default.asp</a>	Lindsey Miller, (Seneca) (707) 429-4440 Lindsey_Miller@senecacenter.org

<b>Reducing Disparities</b>						
Solano		Bilingual Services for Children & Youth	CSS	In FY 2017/20 SCBH will continue to use MHSa funding to increase bi-lingual services, administered by SCBH Children's providers in an effort to improve mental health access to Latino and monolingual Spanish-speaking children and youth by supporting at least three bilingual providers to be assigned to any of the three County operated Children's regional clinics; Vallejo, Fairfield or Vacaville. The bi-lingual providers' caseloads will include at least 75% monolingual, bilingual, and bicultural consumers to whom they will provide clinical services tailored to meet the needs of Latino consumers and families. Additionally, the bi-lingual providers will maintain relationships with other community programs and resources in order to ensure that Latino children and their families who need additional supports receive appropriate services.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/gsd/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/gsd/default.asp</a>	Leticia De La Cruz-Salas (County) (707) 784-8439 LDeLaCruz-Salas@solanocounty.com
Solano		African-American Faith-Based Initiative (AAFBI)	PEI	The AAFBI program, delivered by three independent consultants, creates partnerships with leaders in the African-American faith community with a goal of creating mental health-friendly communities (MHFC) to support individuals with mental illness and their families. Prevention strategies include workshops, provider trainings, development of support structures within local faith centers, and developing and maintaining partnerships with local faith centers. The program will focus on creating alliances and awareness in the African American faith community to decrease stigma, empower volunteers to assist in advocating for mentally ill consumers in their community, and capitalize on the resources and community respect of local ministries to achieve these aims. These efforts will build upon the work already done in 2013/14 with a consortium of churches and ministries sponsored by CalMHSA, a statewide organization, and hosted by Solano County faith communities and Solano County itself.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/pei/stigma/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/pei/stigma/default.asp</a>	Gigi Crowder, (Contractor) gigicrowder0283@comcast.net
Solano		Lesbian, Gay Bisexual, Transgender, Queer (LGBTQ) Outreach and Access Program	PEI	The LGBTQ Outreach & Access Program, delivered by a community-based organization, provides social support program designed to decrease stigma, isolation, depression and suicidal ideation among members of the LGBTQ community residing in Solano County. A clinician is co-located at the local LGBTQ Center to provide preventative services including brief counseling and linkages to resources and services including referrals to higher level mental health services. Another community-based agency provides technical support to the local LGBTQ Center. Prevention strategies include outreach efforts, social and support groups, provision of community trainings, and specific outreach efforts to local schools. Early Intervention and Treatment strategies include assessments and brief individual counseling.	<a href="https://www.solanopride.org/">https://www.solanopride.org/</a>	Rebecca Nord, (Solano Pride Center) (707)-207-3430 rebecca@solanopride.org
Solano		Hispanic Outreach and Latino Access (HOLA)	CSS-OESD	The HOLA program is designed to decrease stigma and increase awareness regarding the mental health services available for the Latino community. Increase access through community engagement is a key component of the program.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/oe/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/oe/default.asp</a>	Mara León Sammartino, (County) (707) 784-8469 MSLeon@solanocounty.com
Solano		Filipino Outreach: KAAGAPAY	CSS-OESD	The KAAGAPAY Filipino Outreach Project is designed to educate and provide information to the Filipino community on holistic wellness, including mental health topics and how to access local mental health services and programs for the Filipino community	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/oe/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/oe/default.asp</a>	Roanne de Guia-Samuels, (County) (707) 784-8112 RRDeGuia@solanocounty.com
Solano		Accessible Resources for the Community's Homeless (ARCH)	CSS-OESD	The ARCH program is designed to outreach to homeless transition-age youth (TAY) in an effort to link them into mental health services, housing, and other necessary resources. Additionally the ARCH TAY Outreach clinician educates the community on the issues that impact this special population and relays how to refer them for services.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/oe/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/oe/default.asp</a>	Kristian Moore, (County) (707) 784-8326 KMMoore@solanocounty.com

Solano		Mental Health Interdisciplinary Collaboration and Cultural Transformation Model	INN	<p>The Mental Health Interdisciplinary Collaboration and Cultural Transformation Model (ICCTM) aims to increase culturally competent and appropriate services for County-specific unserved and underserved populations with low mental health service utilization rates: the Latino, Filipino, and LGBTQ communities. The project includes the creation of a region-specific curriculum based on the National Culturally and Linguistically Appropriate Service (CLAS) Standards and the local community's perspective on culturally competent practices that should be integrated into the current local mental health system to increase access to targeted populations. Long term goals for the project include the following:</p> <ul style="list-style-type: none"> <li>- Reduce shame and stigma related to accessing mental health services, and increase timely access and improve outcomes of care;</li> <li>- Build mental health-knowledgeable community alliances so that compassionate understand and connection to services can occur within one's own community;</li> <li>- Increase cultural competence of service providers to create a stronger rapport and alliance with the consumers they serve.</li> <li>- Increase mental health service access, utilization and retention rates for the Latino, Filipino, and LGBTQ communities in Solano County</li> </ul>	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/oe/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/oe/default.asp</a>	<p>Tracy Lacey, (County) (707) 784-8213 TCLacey@solanocounty.com</p> <p>Sergio Aguilar-Gaxiola, UC Davis Center for Reducing Health Disparities aguilargaxiola@UCDAVIS.EDU</p>
<b>Housing</b>						
Solano		Supported Housing	CSS	<p>Solano County leveraged California Housing Finance Agency (CalHFA) funds to help fund several permanent housing projects to serve adults who are seriously mentally ill, and children with severe emotional disorders and their families. In order to qualify, a household must also be homeless or at risk of becoming homeless, as defined by the MHSa regulations. Signature at Fairfield is a 90-apartment, mixed-income project that began accepting tenants in July 2012. The project includes 7 two-bedroom units reserved for families in which one member qualifies for MHSa Community Services &amp; Supports, and 3 two-bedroom apartments shared by two unrelated adults who qualify for MHSa services. The Heritage Commons project in Dixon is a 65-apartment older adult project. Seven units are reserved for consumers 55 years old or older who qualify for MHSa services through Community Services &amp; Supports. The project began accepting applications in July 2013.</p> <p>In addition to the provision of permanent housing for selected consumers, the Supported Housing program, administered by a community-based organization, provides case management and support for consumers placed in the permanent housing units. Additionally, the program provides 30-day transitional housing.</p>	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/housing/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/housing/default.asp</a>	<p>Tranine Chisom (Caminar) (707) 425-7036 tranineC@Caminar.org</p>
Solano		Urgent Respite Housing	MHSa Housing	<p>The Respite Housing program, provided by a community-based organization, provides urgent respite housing for 1-5 nights for seriously mentally ill adult consumers who have recently experienced a crisis are at risk of homelessness. Program staff provide referral and linkage services to connect consumers to eligibility, longer-term housing, etc.</p>	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/housing/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/housing/default.asp</a>	<p>Sarah Marie Pierce (Bay Area Community Services) (510) 717-2726 spierce@bayareacs.org</p>
Solano		Shelter Housing	MHSa Housing	<p>Community Provider Heather House provides shelter beds to Solano County mentally ill consumers who are homeless or at risk of homelessness. The Caminar HMI FSP program partners with Heather House to identify consumers for housing, and the two agencies work closely to support the consumers placed in the shelter with a goal to secure permanent housing within 12 months.</p>	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/housing/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/housing/default.asp</a>	<p>Catherine Moy, (Interfaith Counsel) catmoy@gmail.com</p>
<b>Unspecified</b>						
Solano		Cooperative Employment Program	CSS	<p>Solano County Mental Health, the Greater East Bay District of the Department of Rehabilitation and a local community-based provider, combine staff and resources to provide employment services to individuals with severe and persistent psychiatric disabilities. The goal of this cooperative program is for clients to obtain and maintain employment in a manner that the stigma attached to their disability is either neutralized or minimized. Services include a collaborative assessment, development of an Individual Plan for Employment, mental health treatment services and supports, employment intake, employment preparation, job development and placement, follow-up, and retention.</p>	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/gsd/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/gsd/default.asp</a>	<p>Maxine Younger (Dpt. of Rehabilitation) (925) 602-3991 maxine.younger@dor.ca.gov</p>

Solano		Improve Mental Health Workforce Clinical and Administrative Competence	WET	The overall goal of this training plan is to increase overall and specific workforce competencies for providers throughout the public mental health workforce by developing and/or funding trainings that will strengthen and expand the knowledge, skills, and abilities necessary to work in roles across the system. In FY 2017/20, SCBH will provide training opportunities for both county and community-based providers in: - Dialectical Behavioral Therapy (DBT); - Training in the treatment of co-occurring mental health and substance abuse disorders; - Motivational Interviewing; - Evidence-based practices as determined by system needs. - Risk assessment and intervention - Internship program	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/wet.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/wet.asp</a>	Anna Mae Gonzales-Smith (County) (707) 784-8340 ARGonzales@SolanoCounty.com
Solano		Mental Health Loan Assumption Program (MHLAP)	WET	In 2012-13, Solano County contracted with the CIBHS to participate in the statewide loan assumption program. The program repays mental health professionals a portion of the costs of educational loans through an innovative partnership between Solano County, the Office of Statewide Health Planning and Development, and the Health Professions Education Foundation. MHLAP is targeted to mental health professionals who commit to work in un-served and underserved communities. As a condition of the award, recipients must commit to a twelve-month service obligation. In 2014/15 and subsequent years this will specifically focus on minority recruitment and comprehensive internship programs with the goal of building an on-going relationship with institutions of higher learning to build a culturally and linguistically competent workforce. FY 2018/19 will be the final year that the MHLAP program will be available as the funding at the state level is set for sunset.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/wet.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/wet.asp</a>	Tracy Lacey, (County) (707) 784-8213 TCLacey@solanocounty.com
Solano		Technology Needs	CFTN	Solano County has implemented the Avatar Electronic Health Record (EHR) system provided by Netsmart Technologies. - Phase One is completed and includes: Practice Management (admissions, diagnosis, and discharge records); Progress Notes; Financial Management; Appointment Scheduling, and Managed Services to authorize and pay for services provided by contractors. - Phase Two is completed and includes: Clinician Workstation which includes Electronic Assessments and Treatment Plans; Addiction Severity Index and; Electronic Prescribing and Medication Management. Point-of-Service Document Imaging and Scanning; and Mobile access to system - Phase Three is currently in the implementation process and will consist of: Point-of-Service Document Imaging and Scanning; and Mobile access to system; Electronic Submission of Laboratory Orders and receipt of results and; a Health Information Exchange (HIE) to provide data sharing with other County and medical records systems.  During FY 2016/17 SCBH is moved to vendor hosting which allows greater accessibility of the Avatar system for our County staff and contract providers. These services allow greater accountability, increased availability of medical information and improved coordination of care.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/cftn.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/cftn.asp</a>	Anna Mae Gonzales-Smith (County) (707) 784-8340 ARGonzales@SolanoCounty.com
Solano		Mentally Ill Offender Crime Reduction (MIOCR) Program	CSS	The MICOR program is a multi-agency, multi-disciplinary effort to provide a re-entry and diversion program for adult mentally ill offenders. The goals of the program are to provide necessary mental health treatment and referrals, divert individuals with untreated mental illness from the criminal justice system into community-based treatment and support services, and reducing recidivism. This program is jointly funded by the MIOCR grant that the Solano County Sheriff's Department was awarded and Solano County Behavioral Health MHSa funds.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/gsd/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/gsd/default.asp</a>	Renee Smith, (County - Sheriff) (707) 784-4813 RLSmith@solanocounty.com  Tracy Lacey, (County) (707) 784-8213 TCLacey@solanocounty.com
Solano		Jail Liaison: Mentally Ill Offenders	CSS	During the FY2014/2015 MHSa Mid-Year Adjustment Process, funding was made available to support a "Jail Liaison" clinician position, which would be co-located in the local jail facilities and would support mentally ill inmates who are being released to the community	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/gsd/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/css/gsd/default.asp</a>	Dr. Kate Grammy, (County) (707) 784-2061 KAGrammy@solanocounty.com
Solano		Trauma-Focused Cognitive Behavioral Therapy (TF-CBT) Training	WET	The TF-CBT is a model of therapy that has been shown to be 80-85% effective in resolving a diagnosis of Post-Traumatic Stress Disorder in children age 3-18. It is a short-term model that typically spans 12-20 sessions. County and community-based provider staff were trained in this model.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/wet.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/wet.asp</a>	Meredith Webb, (County) (707) 784-8691 MCWebb@solanocounty.com

Solano		Suicide Prevention Activities and Services	PEI	Solano County suicide prevention efforts include provision of “safeTALK” and “Applied Suicide Intervention Skills Training”, aka “ASIST”, National Suicide Prevention Week proclamations and resolutions, and continuing the Suicide Prevention Committee, which meets actively and recently developed a Countywide Suicide Prevention Strategic Plan.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/pei/sp/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/pei/sp/default.asp</a>	Tracy Lacey, (County) (707) 784-8213 TCLacey@solanocounty.com
Solano		Community Trainings and Support	PEI	Mental Health First Aid (MHFA) trainings provided in English and Spanish at various locations/agencies throughout the County.	<a href="https://admin.solanocounty.com:4433/depts/mhs/mhsa/default.asp">https://admin.solanocounty.com:4433/depts/mhs/mhsa/default.asp</a>	Tracy Lacey, (County) (707) 784-8213 TCLacey@solanocounty.com
<b>SONOMA COUNTY</b>						
<b>Crisis Support</b>						
Sonoma		Mobile Support Team	INN-SB 82	Integrates consumers and family members into a county-wide response team, and retrain mental health staff to work effectively alongside consumers and family members. Adapts crisis response team models that rely solely on the involvement of licensed clinicians by integrating trained consumers and family members into the team. Proposes to engage in a number of bridge-building activities with law enforcement to support crisis response. Hours of Operation 2pm to midnight 7days a week, 5150 designated	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	707-565-6900
Sonoma		Urgent Care Center	SB 82	<p>When fully implemented, the CSU expansion will increase the unit’s capacity from 12 treatment slots to 30 (an increase of 18 beds), and also expand the Urgent Care respite capacity for those consumers who are in crisis but do not need hospitalization or an overnight stay at the CSU. The newly designed and expanded CSU is able to accept more individuals in crisis and have them stay for the full allowable Crisis Stabilization timeframe in support of stabilization vs. hospitalization when hospitalization is not needed.</p> <p>When fully expanded, the new SCBHD CSU will be able to serve approximately 6,500 additional individuals each year within the expanded 20 hour overnight CSU capacity, which does not include additional capacity for voluntary respite or urgent care. This will enable SCBHD to provide close to 12,000 episodes of crisis services per year, more than doubling current capacity. Hours of Operation 24/7 5150 Designated</p>	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	707-565-6900
Sonoma		CAPE Team	PEI-SB 82	<p>Crisis Assessment, Prevention and Education (CAPE) Team- Expansion of Services-Meet with students screened and referred by school/site staff</p> <p>Complete a crisis assessment of needs</p> <p>Evaluate for involuntary treatment, place on hold if indicated</p> <p>Refer individual/family to community treatment resources</p> <p>Assist in successful connection</p> <p>Facilitate groups on site if indicated, targeting depression, anxiety, skill-building, etc.</p> <p>Respond to schools, sites, community to provide support and critical incident debriefing after a tragedy has occurred</p> <p>Hours of Operation 8-5 Monday through Friday, 5150 Designated</p>	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	707-565-6900
Sonoma		Crisis Residential Unit	SB 82	<p>The development of the expanded Crisis Residential Treatment program funded by SB 82 grant dollars will operate on a 24/7/365 basis. The target population to be served will be adults 18 years and older who are experiencing a mental health crisis and have been screened and referred by the Sonoma County Behavioral Health Crisis Stabilization Unit (SCBH CSU). The Crisis Residential Treatment program staff will provide the following services: Intake and assessment services; crisis intervention and stabilization; suicide assessment; 1:1 and group counseling; treatment and discharge planning; life skills assessment and development; encouragement for residents to participate in house activities, recreational pursuits, drug &amp; alcohol counseling, and referrals to NAA/AA and substance abuse programs. Additionally, staff will advocate for clients’ needs, assist residents with transportation, applying for income and benefits, and referrals to primary health care and housing.</p> <p>Hours of Operation 24/7- referrals only from crisis stabilization.</p>	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	707-565-6900

Sonoma		North Bay Suicide Prevention Hotline of Sonoma County	PEI	The North Bay Suicide Prevention Hotline of Sonoma County provides 24/4 Suicide Prevention and Crisis Hotline counseling. FSA of Marin's highly trained and supervised volunteers continue to offer crisis prevention and intervention to people in distress and/or their family and friends. Phone counselors help to enhance the callers' coping and problem-solving skills giving people in crisis alternatives to violence to themselves or others and relief from the profound isolation of crisis, loss and/or chronic mental illness.	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	707-565-6900
<b>Peer/Family Support Specialists</b>						
Sonoma		Goodwill Industries of the Redwood Empire Wellness and Advocacy Center	CSS-OESD	The Wellness and Advocacy Center is a consumer-operated self-help program that provides mental health consumers with the opportunity to participate with their peers in a variety of activities that assist in personal and social enrichment. Ongoing activities include a career/computer lab, the art program, the garden project, self help groups, speakers' bureau, and a quarter-life group. The Wellness and Advocacy Center is a program of Goodwill Industries of the Redwood Empire.	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
Sonoma		Peer Warmline of Sonoma County	PEI	The Warmline program is a peer-run program or service that is administratively controlled and operated by the mental health consumers and emphasizes self-help as its operational approach. The focus of a Warmline program is to provide a telephone connection for people with mental health challenges who are isolated in their homes, feel the need to speak with another consumer about a variety of issues related to their mental health and/or are requesting information about a county resource in or out of the mental health system. The Warmline will provide individuals with the opportunity to talk through their situations, vent their feelings, or make a connection that reduces their feelings of isolation.	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
Sonoma		Goodwill Industries of the Redwood Empire - Interlink Self Help Center	CSS-OESD	Interlink Self-Help Center (Interlink), a consumer operated self-help center, provides many groups, one-to-one support, Peer Support Training, and information and referral to other agencies and resources, within a safe environment, for people to explore their mental health recovery. MHSa funds were used to support staff and services for people with co-occurring disorders of substance use and mental health issues. Interlink provides specific outreach, peer, and group opportunities.	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
Sonoma		Community and Family Service Agency-Russian River Empowerment Center	CSS-OESD	The Russian River Empowerment Center (The Empowerment Center) is a consumer-driven mental health and wellness drop-in center that provides a safe and supportive haven for those who want to transcend serious and persistent mental illness. With peer support, The Empowerment Center nurtures a positive self-worth, recovery, self-determination, responsibility, and choice. The Empowerment Center offers a variety of services to support members, including a garden project, community lunch, groups, and other activities. The Russian River Empowerment Center is a program of West County Community Services a program of Community and Family Services Agency.	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
Sonoma		NAMI Sonoma County	CSS-OESD	<p>NAMI provides Family Based Advocacy and Support Services to families and caregivers of experiencing first onset of a serious psychiatric illness as a partner with Sonoma County Mental Health Division. Services included: warm-line calls, support groups (for family &amp; clients) and educational classes (for family &amp; clients), outreach to schools and colleges and to other agencies that serve youth throughout Sonoma County.</p> <p>The purpose of the NAMI Family Support Project is for provide support to family members and loved ones of mental health consumers and to link them with ongoing NAMI family support groups and activities. The Family Support Project will make available a family support warm line to accept referrals from and to make follow up calls to family members and loved ones who are identified by the Mobile Support Team. The Family Support Project will:</p> <ul style="list-style-type: none"> <li>• Provide immediate follow up support to family members and loved ones of people experiencing a mental health crisis and who have been in contact with the Mobile Support Team (MST) or Psychiatric Emergency Services (PES);</li> <li>• Collect and input data and outcomes related to activities.</li> <li>• Organize and arrange a volunteer program for family members and loved ones of mental health consumers.</li> <li>• Recruit two part-time bi-lingual/bi-cultural trainees (interns)</li> </ul> <p>NAMI provides services to families and loved ones to mental health consumers. These services are provided the System of Care component (formerly Community Services and Supports) of the Mental Health Services Act.</p> <p>Services included: Family Support Groups (drop-in) and Family-to-Family 12-week educational classes (for family members, friends and caregivers); Library services (books &amp; videos) are available. Warm-Line call service provides support and referrals as needed.</p>	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org

Sonoma		Bucklew Programs, Inc. Family Services Coordinator	CSS-OESD	Provides a family services coordinator to assist families throughout Sonoma County with navigation of all mental health programs, including public and private insurance, the court process, etc.	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
<b>Reducing Disparities</b>						
Sonoma		Community Intervention Program	CSS	Provides services to community members who are traditionally underserved or unserved by mental health services. These communities include communities of color, LGBTQQI communities, homeless people, people with substance abuse issues, people experience recent psychiatric hospitalizations, people in geographically isolated areas and veterans. Services are provided where populations go for services including homeless shelters, drug treatment programs, community health centers, housing projects, fairs, gatherings, etc. Partnerships include: The Mary Isaak Homeless Services Center, Catholic Charities Homeless Services Programs, Drug Abuse Alternatives Center, Women's Recovery Services, Santa Rosa Community Health Centers, Sonoma County Indian Health Center, Alliance Medical Center, Petaluma Health Center, and West County Health Services – Russian River Health Center.	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
Sonoma		Services to populations who experience disparity in access- LGBTQQI community: Positive Images	PEI	Positive Images (PI) is a community-based non-profit and is the only agency in Sonoma County serving the unique needs of Gay, Lesbian, Bisexual, Transgender, Queer, Gender-Queer, Questioning, and Intersex (GLBTQQI) youth ages 12 to 25. Positive Images provides seminars teaching youth, staff, volunteers and the community the indicators of mental distress specific to the GLBTQQI population; enhanced relationships with ethnic communities through targeted recruitment for youth and adults of color for peer and mentoring programs; sharing information with all partners, especially faith-based groups, law enforcement, and juvenile justice organizations; and training youth outreach workers to engage more GLBTQQI youth and allies in programs and services.	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
Sonoma		Services to populations who experience disparity in access: Geographic Isolation-Alexander Valley Health Center	PEI	Alexander Valley Health Center administers Pediatric Symptoms Checklist to All children and youth ages 5 to 19. The Pediatric Symptom Checklist (PSC) is a psychosocial screen designed to facilitate the recognition of cognitive, emotional, and behavioral problems in order to initiate appropriate interventions early. PSCs for children between the ages of 5 and 11 years were completed by a parent or guardian; youth ages 12 to 19 years completed the assessment themselves.	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
Sonoma		Services to populations who experience disparity in access- African Americans: Community Baptist Church (CBC)	PEI	Community Baptist Church provides prevention and early intervention programming and services to children, youth, and their families. These services build protective factors in children, youth, and their families, and other adults that promote health behaviors and decrease engagement in risky behaviors. Protective factors include building strong parent-child bond, early academic success, appropriate peer relationships, creating social connections, concrete support in times of need. Program interventions include the use of evidence based practices (QPR: Question, Persuade, Refer) and Triple P Positive Parenting. CBC provides three programs: The Saturday Academy, The Village Project, Rites of Passage and the Safe Harbor Project	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
Sonoma		Services to populations who experience disparity in access- Latinos: Latino Service Providers Sonoma County (LSP-SC)	PEI	Latino Service Providers - Sonoma County (LSP-SC), supported by West County Community Services, serves to and strengthen Hispanic families and children by building healthy communities and reducing disparities in Sonoma County by offering a variety of mechanisms for networking, collaboration, information exchange, enabling all groups to work together to leverage resources and influence service delivery and promote professional development.	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
Sonoma		Services to populations who experience disparity in access: Native Americans: Sonoma County Indian Health Project, (SCIHP) Inc.	PEI	Provides services to Native American tribes of Northern California, Pomo, Miwok, Wappo and other tribe members from other nations who reside in Sonoma County. Addresses obstacles to Native Americans seeking mental health services through education and outreach activities to the Native community to reduce stigma of accessing mental health services. Services include the mentoring program Aunties & Uncles Program; ongoing training and education to SCIHP staff regarding issues that affect Native Americans, depression screening for all youth ages 12 to 25.	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org

Sonoma		Services to populations who experience disparity in access: Geographic Isolation- Action Network	PEI	Action Network - Enhanced mental health services to Sonoma County residents of the Redwood Coast. The Redwood Coast is a bi-county region of Northern California coastal and riddled communities spanning Sonoma and Mendocino Counties, From Fort Ross to Elk. Because Action Network is located in one of the most geographically isolated area in Sonoma County, they provide services to people across the lifespan. Services include: outreach and engagement to Kashia and Sea Ranch to increase access to mental health services; Education and training, peer-based services trained by youth peer educators to increase awareness of signs and symptoms of depression and suicide; 1:1 mentoring with youth	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
<b>Housing</b>						
Sonoma		Vida Nueva	Housing	Vida Nueva in Rohnert Park – six permanent supportive housing units dedicated to mental health clients (4 singles and 2 family units). Service partners include St. Joseph's Health Care Systems and COTS	<a href="http://www.sonoma-county.org/health/about/behavioralhealth.asp">http://www.sonoma-county.org/health/about/behavioralhealth.asp</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
Sonoma		Windsor Redwoods	Housing	Windsor Redwoods in Windsor - eight permanent supportive housing units dedicated to mental health clients (6 singles and 2 family units).	<a href="http://www.sonoma-county.org/health/about/behavioralhealth.asp">http://www.sonoma-county.org/health/about/behavioralhealth.asp</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
Sonoma		Fife Creek Commons	Housing	Fife Creek Commons in Guerneville - eight permanent supportive housing units dedicated to mental health clients (7 singles and 1 family unit).	<a href="http://www.sonoma-county.org/health/about/behavioralhealth.asp">http://www.sonoma-county.org/health/about/behavioralhealth.asp</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
Sonoma		McMinn Avenue	Housing	McMinn Avenue in Santa Rosa – provides shared permanent supportive housing in a four unit complex. Each unit has two private rooms and a secured bathroom. Service partner is Telecare ACT – Sonoma County.	<a href="http://www.sonoma-county.org/health/about/behavioralhealth.asp">http://www.sonoma-county.org/health/about/behavioralhealth.asp</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
<b>Crisis Support/SB 82 Funded</b>						
Sonoma		Mobile Support Team	INN-SB 82	Integrates consumers and family members into a county-wide response team, and retrains mental health staff to work effectively alongside consumers and family members. Adapts crisis response team models that rely solely on the involvement of licensed clinicians by integrating trained consumers and family members into the team. Proposes to engage in a number of bridge-building activities with law enforcement to support crisis response. Hours of Operation 2pm to midnight 7days a week, 5150 designated	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	707-565-6900
Sonoma		Urgent Care Center	SB 82	When fully implemented, the CSU expansion will increase the unit's capacity from 12 treatment slots to 30 (an increase of 18 beds), and also expand the Urgent Care respite capacity for those consumers who are in crisis but do not need hospitalization or an overnight stay at the CSU. The newly designed and expanded CSU is able to accept more individuals in crisis and have them stay for the full allowable Crisis Stabilization timeframe in support of stabilization vs. hospitalization when hospitalization is not needed.  When fully expanded, the new SCBHD CSU will be able to serve approximately 6,500 additional individuals each year within the expanded 20 hour overnight CSU capacity, which does not include additional capacity for voluntary respite or urgent care. This will enable SCBHD to provide close to 12,000 episodes of crisis services per year, more than doubling current capacity. Hours of Operation 24/7 5150 Designated	<a href="http://www.sonoma-county.org/health/about/behavioralhealth.asp">http://www.sonoma-county.org/health/about/behavioralhealth.asp</a>	707-565-6900

County	Program Type	Program Name	Component	Program Description	Website	Contact Information

Sonoma		Older Adult Peer Support	CSS-FSP (contractor)	West County Community Services, Jewish Family and Children's Services and Council on Aging provide Peer Support Services to Sonoma County's older adult community. These three organization recruits, hires, trains, supervises, and supports senior peer counselors to ensure quality services are being provided and volunteers are retained.	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
Sonoma		Services to Older Adults: Older Adult Collaborative	PEI	Older Adult Collaborative (OAC) is a five agency project lead by Sonoma County Human Services Department – Adult and Aging Division. The OAC provides services to reduce depression and suicide among older adults countywide. This is accomplished through outreach to seniors, screening seniors, counseling through an expansion of an intern program, and referral of seniors to Healthy IDEAS/Care for Elders.	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
Sonoma		Services to Children ages Birth to 5 years	PEI	A collaborative effort supported by First 5 Sonoma County to support a continuum of care for children ages birth to 5 years and their families by providing navigation services, screening and a variety of evidence based assessments, Triple P – Positive Parenting Programs, case management and treatment for perinatal mood disorder and consultation to day care providers. Collaborators include: California Parenting Institute (CPI), Early Learning Institute, Petaluma People Services Center, and Jewish Family and Children's Services.	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
Sonoma		School Based Services to Youth Ages 5-18: Project SUCCESS PLUS (+)	PEI	MHSA funds build upon a county-wide Student Assistance Program to add prevention and early intervention system of care for adolescents at 17 high schools in Sonoma County, Project SUCCESS Plus (+). Project SUCCESS + is in six school districts (Petaluma, Cotati-Rohnert Park, Windsor, Cloverdale, Healdsburg, and West Sonoma County). Coordinated through the Sonoma County Office of Education. Includes community-based partners, Social Advocates for Youth, Petaluma People Services Center, West County Community Services, Drug Abuse Alternative Center, and National Alliance for Mental Illness who provide mental health screening, counseling, training, and education.	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
Sonoma		Workforce Education and Training Coordination	WET	The current WET Coordinator will provide increased public behavioral health system workforce and training coordination and enhanced student/intern program supports. This position is responsible for: <ul style="list-style-type: none"> <li>• Assuring that all WET planning and programs adhere to the values, principles, and goals of the MHSA</li> <li>• Developing and coordinating the Workforce Needs Assessment</li> <li>• Developing and coordinating the WET planning process</li> <li>• Developing and coordinating the WET plan</li> <li>• Providing internship supervision</li> <li>• Developing relationships with educational and training partners</li> <li>• Participating both at the state and regional level to ensure coordination of training and to maximize training opportunities.</li> </ul>	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
Sonoma		Workforce Development	WET	Provides trainings and ongoing consultations to develop staff competencies in identified training need areas. Incorporates effective, evidence-based, and best/promising practices in provision of mental health services, including the use of consumers as trainers and best practices for including and working with consumers and family members as peers. Promotes mental health career paths for consumers, family members, and ethnically diverse communities. Provides supports (including stipends when necessary) and coaching on and off the job to ensure greater success for recruitment and job retention of consumer and family members.  Uses plans, techniques, and knowledge on independent living skills to support clients toward recovery. Develops a new workforce (current workforce and new professional pathways) in leadership and management.	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
Sonoma		Consumer and Family Member Mental Health Career Pathways	WET	Goodwill Programs of the Redwood Empire – Consumer Relations Program was funded to provide: outreach, education and employment coordination, peer mentoring and counseling, consumer satisfaction projects, and quality improvement.  Education and employment coordination encompasses strengthening links between local education programs and interested mental health consumers; promoting internships/externships and certificate programs; collaborating to design job openings that accept and are reflective of consumer experience; and promoting relevant training, evaluations and announcements about workforce training and education developments. Additionally, in order for consumers of public mental health services to be successful as providers of public mental health services, they need specialized support and training.	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org

Sonoma		Postgraduate Internships and Supervision	WET	Lomi Psychotherapy Clinic and Support Our Students Community Counseling are funded to provide mental health services to client using post graduate students. Crisis services provided by Support our Students and psychotherapy services provide by Lomi offer post graduate interns a range of opportunities to gain experience.	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org
Sonoma		Integrated Health Team	INN	Creates a client-centered, holistic approach that incorporates community health education strategies as a core component of primary care and behavioral health service provision. In this model, the primary goal is to address unmanaged physical health conditions that lead to early morbidity for consumers living with serious and persistent mental illness (SPMI). Launches an integrated, multidisciplinary team of peer health educators, physicians, nurses, psychiatrists, behavioral health specialists, and care managers. Create a new three-pronged model by adapting two existing models: 1) primary care and behavior health integration model, and 2) peer- based community health education.	<a href="http://www.sonoma-county.org/health/mh/mhsa.htm">http://www.sonoma-county.org/health/mh/mhsa.htm</a>	Amy Faulstich (707) 565-4823 Amy.Faulstich@Sonoma-County.org

<b>STANISLAUS COUNTY</b>						
<b>Crisis Support</b>						
Stanislaus		Stanislaus Homeless Outreach Program (SHOP)	CSS-FSP CSS-GSD	<p>Stanislaus Homeless Outreach Program (SHOP) provides services to transitional aged young adults (TAYA), adults, and older adults who have co-occurring issues of mental health and substance abuse. These individuals are also uninsured or underinsured and involved with other agencies. The program goals are to reduce the risk for emergency room use, contact with law enforcement, homelessness, and psychiatric hospitalization.</p> <p>SHOP offers 3 levels of care and utilizes Full Service Partnership (FSP) funding. This approach allows individuals to enter the program at an appropriate level of service for their needs and then move to a lesser or greater level of care as needed.</p> <p>The FSP level of care has 4 tracks: 1) Westside SHOP, 2) Partnership Telecare Recovery Access Center (Partnership TRAC), 3) Josie's Telecare Recovery Access Center (Josie's TRAC) and 4) Modesto Recovery Services TRAC (MRS TRAC). FSP strategies include integrated, intensive community services and supports with 24/7 availability with a known service provider. SHOP utilizes a "housing first" approach with recovery and client- and family-centered focus that inspires hope.</p> <p>SHOP also provides services to the community funded by General System Development (GSD) dollars. Led by clinical service staff, SHOP group support is offered to individuals, along with peer-led wellness/ recovery support groups. All levels of care include a multi-disciplinary approach.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 341-1824

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Stanislaus		Juvenile Justice	CSS-FSP	<p>This program provides 24 hours a day, seven (7) days a week crisis response and on-site intensive mental health services to high risk youth in the Juvenile Justice behavioral health program and their families. This Full Services Partnership (FSP) expands the Juvenile Justice Mental Health Program to target youth on formal or informal probation who are diagnosed with a serious mental illness or a serious emotional disturbance. Many are victims of trauma and have not successfully been engaged by traditional methods of treatment. As a result, they tend to become more seriously ill, have more aggressive behavior, and higher rates of incarceration and institutionalization. The FSP is designed to do “whatever it takes” to engage youth and their families. The program goals are to reduce recidivism, out of home placement, homelessness, and involuntary hospitalization and institutionalization.</p> <p>Many of the high risk youth are from racially and ethnically diverse communities. Some may be uninsured or underinsured and live in families that are difficult and resistant to engage. And, often times, there’s a history of domestic violence, gang involvement, and multi-generational incarceration. Due to the severity of the serious emotional disturbance, the levels of aggression involved in the crimes committed and continued recidivism, these youth are often made formal wards of the court and are at persistent risk of out-of-home placement.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 525-5401
Stanislaus		High Risk Health & Senior Access	CSS-FSP	<p>The High Risk Health and Senior Access (HRHSA) program is a full service partnership that became operational in FY 2010-11. Target populations include transition age young adults (18 - 25 years), adults (26 - 59 years) and older adults (60+ years) who have significant, ongoing, possibly chronic, health conditions co-occurring with serious mental illness. Older adults may also have functional impairments related to aging. Outreach and engagement services are focused on engaging diverse ethnic/cultural populations and individuals, as well as those who have mental illness and are homeless. The program also serves those at risk of homelessness, institutionalization, hospitalization, or nursing home care or frequent users of emergency rooms.</p> <p>Strategies include 24/7 access to a known service provider, individualized service plans, a multidisciplinary treatment approach, wellness and recovery focused group and peer support, linkage to existing community support groups, peer support and recovery groups for individuals with co-occurring health and mental health disorders. Both service recipients and family members receive education regarding the management of both health and mental health issues as well as benefits advocacy support and housing support.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 525-4920
Stanislaus		Turning Point Integrated Service Agency (ISA)	CSS-FSP	<p>The Integrated Services Agency (ISA) works closely with individuals on conservatorship and persons with high hospitalization rates to help them successfully reintegrate back into the community. The program provides intensive case management to adults with serious psychiatric disabilities who are Medi-Cal eligible. The primary focus is on relationship building with service recipients and how to better assist them on the path of wellness and recovery. This is a new Full Service Partnership (FSP) that includes a continuum of care, crisis intervention, and wraparound funds, in alignment with the severity of the mental health challenges experienced by these service recipients.</p> <p>The creation of this new FSP offers the following services:</p> <ul style="list-style-type: none"> <li>• Provides services 24 hours a day, seven days a week to provide FSP level services to clients</li> <li>• Work collaboratively with Doctor’s Behavioral Health Center, the Psychiatric Health Facility (PHF), the Public Guardian’s Office, and the Community Emergency Response Team (CERT) and Warmline to ensure client immediate needs are met</li> <li>• Reduce client/staff ratios</li> <li>• Provide support services including wraparound funds to help with clients immediate and temporary needs such as food, clothing, and shelter</li> <li>• Outcome will include reductions in length of stay for clients in costly Institutions for Mental Disease (IMD) setting and state hospital settings</li> </ul>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 544-1913

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Stanislaus		Integrated Forensic Team	CSS-FSP	<p>The Integrated Forensic Team (IFT) partners closely with the Stanislaus County Criminal Justice System to serve transition age young adults (18 – 25 years), adults (26 - 59 years) and older adults (60+ years) who have a serious mental illness or co-occurring substance abuse issues. It's a population also at risk for more serious consequences in the criminal justice system.</p> <p>Strategies include a multidisciplinary team that provides a “wrap around” approach that includes 24/7 access to a known service provider, individualized service planning, crisis stabilization alternatives to jail, re-entry support from a state hospital, and linkages to existing community support groups. Both service recipients and family members are offered education regarding the management of both mental health issues, benefits advocacy, and housing support. Culturally and linguistically appropriate services are provided to diverse consumers.</p> <p>Partner collaboration is central to reducing disparities and achieving an integrated service experience for consumers and family members. In addition to law enforcement agencies and probation, collaboration occurs with agencies including Turning Point Community Programs, Salvation Army, United Samaritans Homeless Services, and Golden Valley Health Clinics (a Federally Qualified Health Clinic).</p> <p>A combination of Full Service Partnership (FSP) and General System Development (GSD) funds provides 3 levels of care: Full Service Partnership, Intensive Support Services, and Wellness/Recovery.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 558-4420
Stanislaus		Community Emergency Response Team (CERT)/ WarmLine	CSS-GSD	<p>Referred to as the “Community Emergency Response Team (CERT)/Warm Line”, the BHRS operated CERT program combines consumers with a team of licensed clinical staff to provide interventions in crisis situations. The “Warm Line”, administered under a contract with Turning Point Community Programs, is a telephone assistance program. It provides non-crisis peer support, referrals, and follow-up contacts. The program serves children, transition age youth, adults and older adults. The primary focus is on acute and sub-acute situations of children and youth with serious emotional disturbances (SED) and individuals with serious mental illness.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 558-4600
Stanislaus		Expanded Child Sexual Abuse Prevention and Early Intervention (ECSAPEI)	PEI	<p>BHRS has partnered with Parents United/Child Sexual Abuse Treatment Team to address the trauma associated with child sexual abuse. The program provides additional Spanish speaking programming for adults who were molested as children and establishes a 24-hour/7 day a week Warm Line for individuals and families affected by child sexual abuse. There is also a Peer Sponsorship program where volunteers provide support to families who have experienced child sexual abuse.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 541-2555

Stanislaus		Josie's Place Drop-in Center	CSS-GSD	Josie's Place is a membership-driven "clubhouse" type center for diverse transition age young adults (TAYA) with mental illness. Outreach to and participation from Gay, Lesbian, Bi-sexual, Transsexual and Questioning (LGBTQ) youth are included in the cultural sensitivity of services provided. The center has two service teams: Josie's Place Intensive Services and Supports (ISS) and a Full Service Partnership (FSP) called Josie's TRAC operated by Telecare Recovery Access Center. The teams provide case management, therapy, and psychiatric services in English, Spanish, Laotian, and Thai languages. The following peer support groups are offered: Seeking safety, aggression reduction therapy, gender specific peer support, and an active LGBTQ support group.	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 558-4464
Stanislaus		Community Emergency Response Team (CERT)/ WarmLine	CSS-GSD	Referred to as the "Community Emergency Response Team (CERT)/Warm Line", the BHRS operated CERT program combines consumers with a team of licensed clinical staff to provide interventions in crisis situations. The "Warm Line", administered under a contract with Turning Point Community Programs, is a telephone assistance program. It provides non-crisis peer support, referrals, and follow-up contacts. The program serves children, transition age youth, adults and older adults. The primary focus is on acute and sub-acute situations of children and youth with serious emotional disturbances (SED) and individuals with serious mental illness.	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 558-4600
Stanislaus		Families Together	CSS-GSD	Families Together is the MHSa funded program at the Family Partnership Center (FPC). The goal is to provide mental health services to families in a one-stop-shop experience. Joined by the Parent Partnership Project, Kinship Support Services, and the Family Partnership Center Mental Health Team, the program provides a wide variety of support services to meet the need of diverse families. Services include peer group support and help with navigating mental health, Juvenile Justice, and Child Welfare systems. The Parent Partnership Project promotes collaboration between parents and mental health service providers. Kinship Support Services provide services to caregivers, primarily grandparents raising grandchildren. Family Partnership Mental Health provides mental health and psychiatric services, and linkage to the other programs.	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 558-8550
Stanislaus		Consumer Empowerment Center	CSS-GSD	The Consumer Empowerment Center (CEC) provides behavioral health consumers and family members a safe and friendly environment where they can flourish emotionally while developing skills. It is a culturally diverse place where individuals gain peer support and recovery-minded input from others to reduce isolation, increase the ability to develop independence and create linkages to mental health and substance abuse treatment services.  CEC is 100% staffed by behavioral health consumers and family members. A culinary training program called "The Garden of Eat'n" is part of the center. This program provides an opportunity for people to learn food preparation, sanitization, catering, and safe food practices with the goal of gainful employment after completing their training. CEC offers group space for all consumer and family organizations to reserve for meetings.	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 544-1913
Stanislaus		Friends are Good Medicine (FGM)	PEI	FGM is designed to be a resource and provide information and support to community self-help groups. This program promotes community-based self-help efforts in both the general and professional community. It provides leadership training and consultations.	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 541-2555
Stanislaus		Expanded Child Sexual Abuse Prevention and Early Intervention (ECSAPEI)	PEI	BHRS has partnered with Parents United/Child Sexual Abuse Treatment Team to address the trauma associated with child sexual abuse. The program provides additional Spanish speaking programming for adults who were molested as children and establishes a 24-hour/7 day a week Warm Line for individuals and families affected by child sexual abuse. There is also a Peer Sponsorship program where volunteers provide support to families who have experienced child sexual abuse.	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 541-2555
Stanislaus		Senior Peer Counseling	PEI	Senior Peer Counselors are trained volunteer counselors who regularly visit older adults who have trouble overcoming difficulties or face significant change in their lives. Peer Counselors are senior citizens themselves. They attend an initial training supervised by a professional clinician and help connect seniors to services. They provide counseling and support to those experiencing emotional distress due to health problems, grief, loss of a loved one, depression, anxiety or other difficulties. These peers often share similar life experiences and offer comfort and understanding. The home visits are usually weekly and open-ended in duration. There is no fee for the service, which is for adults 60 years of age or older.	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 541-2555

Reducing Disparities						
Stanislaus		High Risk Health & Senior Access	CSS-FSP	<p>The High Risk Health and Senior Access (HRHSA) program is a full service partnership that became operational in FY 2010-11. Target populations include transition age young adults (18 - 25 years), adults (26 - 59 years) and older adults (60+ years) who have significant, ongoing, possibly chronic, health conditions co-occurring with serious mental illness. Older adults may also have functional impairments related to aging. Outreach and engagement services are focused on engaging diverse ethnic/cultural populations and individuals, as well as those who have mental illness and are homeless. The program also serves those at risk of homelessness, institutionalization, hospitalization, or nursing home care or frequent users of emergency rooms.</p> <p>Strategies include 24/7 access to a known service provider, individualized service plans, a multidisciplinary treatment approach, wellness and recovery focused group and peer support, linkage to existing community support groups, peer support and recovery groups for individuals with co-occurring health and mental health disorders. Both service recipients and family members receive education regarding the management of both health and mental health issues as well as benefits advocacy support and housing support.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 525-4920
Stanislaus		Integrated Forensic Team	CSS-FSP CSS-GSD	<p>The Integrated Forensic Team (IFT) partners closely with the Stanislaus County Criminal Justice System to serve transition age young adults (18 – 25 years), adults (26 - 59 years) and older adults (60+ years) who have a serious mental illness or co-occurring substance abuse issues. It's a population also at risk for more serious consequences in the criminal justice system.</p> <p>Strategies include a multidisciplinary team that provides a “wrap around” approach that includes 24/7 access to a known service provider, individualized service planning, crisis stabilization alternatives to jail, re-entry support from a state hospital, and linkages to existing community support groups. Both service recipients and family members are offered education regarding the management of both mental health issues, benefits advocacy, and housing support. Culturally and linguistically appropriate services are provided to diverse consumers.</p> <p>Partner collaboration is central to reducing disparities and achieving an integrated service experience for consumers and family members. In addition to law enforcement agencies and probation, collaboration occurs with agencies including Turning Point Community Programs, Salvation Army, United Samaritans Homeless Services, and Golden Valley Health Clinics (a Federally Qualified Health Clinic).</p> <p>A combination of Full Service Partnership (FSP) and General System Development (GSD) funds provides 3 levels of care: Full Service Partnership, Intensive Support Services, and Wellness/Recovery.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 558-4420
Stanislaus		Josie's Place Drop-in Center	CSS-GSD	<p>Josie's Place is a membership-driven “clubhouse” type center for diverse transition age young adults (TAYA) with mental illness. Outreach to and participation from Gay, Lesbian, Bi-sexual, Transsexual and Questioning (LGBTQ) youth are included in the cultural sensitivity of services provided. The center has two service teams: Josie's Place Intensive Services and Supports (ISS) and a Full Service Partnership (FSP) called Josie's TRAC operated by Telecare Recovery Access Center. The teams provide case management, therapy, and psychiatric services in English, Spanish, Laotian, and Thai languages. The following peer support groups are offered: Seeking safety, aggression reduction therapy, gender specific peer support, and an active LGBTQ support group.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 558-4464
Stanislaus		Families Together	CSS-GSD	<p>Families Together is the MHSa funded program at the Family Partnership Center (FPC). Stanislaus		Garden Gate Respite Center	CSS-OE	<p>Garden Gate Respite (GGR) introduces individuals from unserved and underserved populations to mental health services through a welcoming and engaging environment, in the context of a home-like setting. GGR was originally developed as an AB-2034 "housing first" program, a value which remains a priority, given its significant focus in the context of collaborations with the Stanislaus County Behavioral Health and Recovery Services (BHRS) Housing Outreach program, and other BHRS contracted outreach and engagement programs.</p> <p>GGR operates as a 6-bed facility, open 24 hours a day, seven (7) days a week, 365 days a year, situated in a residential neighborhood. It's adjacent to the Garden Gate Innovative Respite Project (GGIRP) and the BHRS Transitional Housing program apartment complex, for which GGR provides limited ancillary support to residents. Staff members of GGR represent diverse cultures, including individuals with lived experience as consumers or family members of mental health service consumers.</p> <p>Individuals served include Transition Age Young Adults (age 18 minimum), Adults and Older Adults from diverse populations who are either known or suspected to have significant mental health issues, are either homeless or at risk of homelessness, and at risk of incarceration, victimization, and /or psychiatric hospitalization. The majority of program referrals were initiated by the Modesto Police Department, Community Emergency Response Team (CERT) and Telecare Transition TRAC, and other BHRS contracted outreach and engagement programs.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 341-0718
Stanislaus		Workforce Development	WET	<p>Trainings are at the core of Workforce Development. The goal of the training program is to increase overall and specific competencies in staff throughout the public mental health workforce and expand capacity to implement MHSF essential elements in the existing workforce. The trainings address a variety of key content identified during the stakeholder planning process. Among them:</p> <ul style="list-style-type: none"> <li>• Community collaboration skills</li> <li>• Resiliency and recovery</li> <li>• Treatment of co-occurring disorders</li> <li>• Welcoming consumers and family members perspective in the workplace as a way to ensure an integrated service experience</li> <li>• How to work with people from diverse cultures to ensure a culturally competent service experience.</li> </ul> <p>Training is designed from a consumer and family member perspective and uses consumer and family member trainers when appropriate.</p> <p>Training was offered to BHRS and organizational provider staff to enhance knowledge and skills, especially in the areas of recovery and resilience and evidence-based practices.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 525-7339
Stanislaus		Consumer Family Member Training & Support	WET	<p>In partnership with Modesto Junior College, the California Association of Social Rehabilitation Agencies (CASRA) based program provides a structure to integrate learning into real life field experience in the adult public mental health system.</p> <p>This is a nine (9) unit certificated course that provides individuals with the knowledge and skills to apply goals, values, and principles of recovery oriented practices to effectively serve consumers and family members. The certificated units also count towards an Associate of Arts Degree in Human Services at MJC.</p> <p>The CASRA program includes student stipends to assist with school fees, bus and parking passes, and school supply vouchers, as needed. There is also a textbook loan program. CASRA students receive ongoing peer support and academic assistance to maximize their opportunities for success.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 525-7339

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Stanislaus		Consumer and Family Member Volunteerism	WET	<p>This program addresses the needs of consumers, family members, and diverse community members who wish to volunteer in the public mental health system. It also provides an opportunity to get back and give back to the workforce as part of their recovery. Volunteers provided an important and valuable service as they worked in countywide BHRS programs.</p> <p>Volunteer opportunities also continued for California Association of Social Rehabilitation Agencies (CASRA) students from Modesto Junior College. Volunteers were placed in BHRS programs as well as community-based organizations.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 525-7339
Stanislaus		Targeted Financial Incentives to Increase Workforce Diversity	WET	<p>This program provides educational stipends to students in Master's level Social Work and Psychology programs at CSU, Stanislaus. It also offers financial stipends for BHRS and community partner staff working on a Baccalaureate degree in Psychology. The scholarships are awarded to potential recruits who meet established criteria based on the ongoing assessment of "hard to fill or retain" positions. Such positions include those related to language, cultural requirements, and special skills.</p> <p>MS and MSW stipends were provided to students through an existing contract with CSU, Stanislaus. BHRS awarded a total of 14 stipends this year and all recipients met desirable classifications for hard to fill positions identified in the WE&amp;T plan workforce needs assessment.</p> <p>BHRS assisted in submitting applications to the Mental Health Loan Assumption Program (MHLAP) funded by Proposition 63 and administered through the Office of Statewide Health Planning and Development (OSHPD). MHLAP is a loan forgiveness program designed to retain qualified professionals working within the public mental health system.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 525-7339
Stanislaus		Promotores and Community Health Workers (P/CHW)	PEI	<p>Promotores and Community Health Workers play a critical role in developing opportunities for community members to gather, belong, and exercise their leadership to improve their personal well-being and that of their community. They plan and support community-led interventions that sustain well-being, reduce the "mental illness" stigma, and connect isolated individuals to a community of support. The latter intervention reduces the risk of serious illness in the future, as social isolation is often linked to a variety of negative outcomes.</p> <p>Promotores and community health workers serve as true agents of change to create neighborhoods that promote wellness to reduce risk factors. Since they live in the communities they serve, they have a self interest in the results of community well-being projects.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 541-2555
Stanislaus		Expanded Child Sexual Abuse Prevention and Early Intervention (ECSAPEI)	PEI	<p>BHRS has partnered with Parents United/Child Sexual Abuse Treatment Team to address the trauma associated with child sexual abuse. The program provides additional Spanish speaking programming for adults who were molested as children and establishes a 24-hour/7 day a week Warm Line for individuals and families affected by child sexual abuse. There is also a Peer Sponsorship program where volunteers provide support to families who have experienced child sexual abuse.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 541-2555
Stanislaus		Health Behavioral Health Integration	PEI	<p>This project expands on an effective model of behavioral health integration with primary care that is currently used in five Golden Valley Health Centers (GVHC) clinics and two Health Services Agency (HSA) medical offices within Stanislaus County. Clinicians and psychiatrists are embedded in the clinics that serve primarily underserved cultural communities.</p> <p>The project is the result of a collaborative planning process that involved diverse stakeholders throughout the county. It interfaces with several other projects in the PEI plan to ensure continuity of care to older adults, children and youth, and adults who are at risk of depression and suicide due to untreated behavioral health issues.</p> <p>The project is implemented through the following seven clinic sites:</p> <ul style="list-style-type: none"> <li>• Hughson Medical Office</li> <li>• Ceres Medical Office</li> </ul> <p>GVHC Sites:</p> <ul style="list-style-type: none"> <li>• Corner of Hope Clinic – 1130 6th Street, Modesto, CA. 95354</li> <li>• Turlock West - 1200 W. Main Street Turlock, CA 95380</li> <li>• Ceres East - 1920 Memorial Drive Ceres, CA 95307</li> <li>• Robertson Road - 1121 Hammond St. Modesto, CA 95351</li> <li>• Hanshaw School - 1717 Las Vegas St. Modesto, CA 95358</li> </ul>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 541-2555

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Stanislaus		FSP Co-Occurring Disorders	INN	<p>The focus of this project is on adults who have both serious mental illness and co-occurring substance use disorder to insure treatment/primary care is provided to address potential risks to reduce homelessness, criminal justice involvement, acute psychiatric hospitalizations, and institutionalization. Learning Proposed:</p> <ol style="list-style-type: none"> <li>1. Will clients be successfully engaged by receiving a combination of services through this new FSP?</li> <li>2. Will using stage-based treatments for both mental health and SUD concurrently lead to improved outcomes for clients participating in the FSP project?</li> <li>3. What engagement strategies and interventions will emerge from this concurrent stage-based approach that are most effective for this population?</li> <li>4. While utilizing the concurrent stage-based approach, what practices/processes are most effective from staffs' perspective?</li> <li>5. Will access to integrated primary care positively affect outcomes?</li> <li>6. Will employing an integrated "Housing Fist" approach positively affect outcomes?</li> <li>7. Will co-locating this FSP on an SUD/Co-Occurring treatment site lead to increased peer support, SUD treatment follow through and linkages to mental health and SUD resources?</li> </ol>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 525-6247
<b>Housing</b>						
Stanislaus		Stanislaus Homeless Outreach Program (SHOP)	CSS-FSP CSS-GSD	<p>Stanislaus Homeless Outreach Program (SHOP) provides services to transitional aged young adults (TAYA), adults, and older adults who have co-occurring issues of mental health and substance abuse. These individuals are also uninsured or underinsured and involved with other agencies. The program goals are to reduce the risk for emergency room use, contact with law enforcement, homelessness, and psychiatric hospitalization.</p> <p>SHOP offers 3 levels of care and utilizes Full Service Partnership (FSP) funding. This approach allows individuals to enter the program at an appropriate level of service for their needs and then move to a lesser or greater level of care as needed.</p> <p>The FSP level of care has 4 tracks: 1) Westside SHOP, 2) Partnership Telecare Recovery Access Center (Partnership TRAC), 3) Josie's Telecare Recovery Access Center (Josie's TRAC) and 4) Modesto Recovery Services TRAC (MRS TRAC). FSP strategies include integrated, intensive community services and supports with 24/7 availability with a known service provider. SHOP utilizes a "housing first" approach with recovery and client- and family-centered focus that inspires hope.</p> <p>SHOP also provides services to the community funded by General System Development (GSD) dollars. Led by clinical service staff, SHOP group support is offered to individuals, along with peer-led wellness/recovery support groups. All levels of care include a multi-disciplinary approach.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 341-1824
Stanislaus		Garden Gate Respite Center	CSS-OE	<p>Garden Gate Respite (GGR) introduces individuals from unserved and underserved populations to mental health services through a welcoming and engaging environment, in the context of a home-like setting. Stanislaus		Supportive Housing Services	CSS-OE	Supportive Housing Services include Garden Gate Respite, Intensive Transitional Housing, Vine Street Emergency Housing, and Supportive Housing Services/Transitional Board and Care. The program includes Transitional Housing, Permanent Housing, and outreach and employment programs for homeless and mentally ill residents of Stanislaus County.	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 341-0718
Other Programs						
Stanislaus		Suicide Prevention Innovation Project (SPIP)	INN	<p>The Suicide Prevention Innovation Project, is a three year project using and evaluating the Collective Impact Model as a new best practice or approach to the mental health system.</p> <p>The project has formed and regularly convenes stakeholders and partners from various sectors of the community to establish the Suicide Prevention Advisory Board (project collaborative).</p> <p>The Advisory Board is using the Collective Impact Model as its framework to learn about and address suicides in Stanislaus County. The primary purpose is to increase the quality of mental health services, including measurable outcomes. In addition to the primary purpose, the project will also evaluate the Collective Impact Model as a new practice and the impact it has on our community's ability to collaboratively work together on large-scale issue like suicide.</p> <p>Project Strategy:</p> <p>To introduce the application of the Collective Impact Model to the mental health system as a promising practice or approach that has been successful in a non-mental health setting. The Collective Impact Model was adopted as the innovative approach for the project because it allows for cross-sector perspectives, collaboration and the ability to address complex root causes.</p> <p>The Collective Impact Model is a framework used to tackle deeply rooted and complex social problems. It is the commitment of a group of stakeholders from different sectors of the community, with a shared vision for solving a specific-complex social problem, like suicide.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 281-8805
Stanislaus		Consumer Family Member Training & Support	WET	<p>In partnership with Modesto Junior College, the California Association of Social Rehabilitation Agencies (CASRA) based program provides a structure to integrate learning into real life field experience in the adult public mental health system.</p> <p>This is a nine (9) unit certificated course that provides individuals with the knowledge and skills to apply goals, values, and principles of recovery oriented practices to effectively serve consumers and family members. The certificated units also count towards an Associate of Arts Degree in Human Services at MJC.</p> <p>The CASRA program includes student stipends to assist with school fees, bus and parking passes, and school supply vouchers, as needed. There is also a textbook loan program. CASRA students receive ongoing peer support and academic assistance to maximize their opportunities for success.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 525-7339
Stanislaus		Expanded Internship & Supervision Program	WET	<p>This program addresses the challenges of identifying internships and providing clinical supervision in the mental health field. In FY 14-15, those challenges were addressed through BHRS funded partnerships with community organizations and academic institutions to provide supervision in the following ways:</p> <ul style="list-style-type: none"> <li>• MSW/MA student internships in public mental health</li> <li>• Supervision workshops for staff that provide clinical supervision for MSW associates and MFT interns.</li> </ul>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 525-7339
Stanislaus		Outreach and Career Academy	WET	<p>Outreach and Career Academies were established in response to strong community input to outreach to junior high and high school students to raise awareness about behavioral health and mental health careers.</p> <p>The West Modesto King Kennedy Neighborhood Collaborative (WMKKNC) sponsored a Wellness Project at Mark Twain Junior High School. As part of their learning, students participated in skits, scenarios, and discussions on issues important to them such as stress, self-esteem, and healthy relationships. They also learned how these issues can affect their physical and mental well-being.</p>	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 525-7339

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Stanislaus		Aggression Replacement Training (ART)	PEI	Aggression Replacement Training® is a cognitive behavioral intervention program to help children and adolescents improve social skill competence and moral reasoning, better manage anger, and reduce aggressive behavior. The program specifically targets chronically aggressive children and adolescents. Developed by Arnold P. Goldstein and Barry Glick, ART® has been implemented in schools and juvenile delinquency programs across the United States and throughout the world. The 10 week program consists of 30 sessions of intervention training and is divided into three components - social skills training, anger control training, and training in moral reasoning.	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 541-2555
Stanislaus		Early Psychosis Intervention: LIFE Path	PEI	LIFE Path is a program designed to provide Early Intervention services for 14 – 25 year-olds who have experienced initial symptoms of psychosis. The program provides intensive treatment for consumers, families, caregivers, and significant support persons. The services are tailored to meet the unique needs of each participant and may include screening and assessment, diagnosis, individual and family counseling, and crisis and relapse prevention. A primary goal is to support consumers in discovering their life path potential by decreasing the disabling effects from untreated psychosis.	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 541-2555
Stanislaus		In Our Own Voice	PEI	IOOV is a unique public education program developed by NAMI in which two trained consumer speakers share compelling personal stories about living with mental illness and achieving recovery. The program was started with a grant from Eli Lilly and Company. IOOV is an opportunity for those who have struggled with mental illness to gain confidence and to share their individual experiences of recovery and transformation.  IOOV also includes “Ending the Silence”, a mental health awareness educational program for high school students. The program highlights anti-stigma and suicide prevention efforts.	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 541-2555
Stanislaus		Friendly Visitor	PEI	Friendly Visitor volunteers visit with lonely seniors in the community, usually two times a month. They provide socialization and support to seniors who may not otherwise have any contact with anyone else. Activities may include reading together, taking walks, playing cards, or having coffee and conversation.	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 541-2555
Stanislaus		Ending the Silence	PEI	This program, run by the National Alliance on Mental Illness (NAMI) Stanislaus chapter, is designed to introduce students the facts about mental illness. It includes a power point education presentation about the facts of mental illness, anti-stigma information, and suicide prevention. A hand-out entitled, “How to Help a Friend”, is included which highlights the symptoms of mental illness in youth. The program is taught by a retired school teacher trained by NAMI and another speaker who is now in recovery.	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 541-2556
Stanislaus		Electronic Health Record (EHR)	CFTN	The Electronic Health Record (EHR) (a.k.a. Anasazi and now Cerner) implementation is a massive endeavor that reaches every part of BHRS’ service system. All support areas including the billing department are affected. And all face-to-face contacts between service recipients and providers are touched by this new method of keeping health records confidential and accessible. In the second quarter of FY 13-14, the Doctor’s Home Page (DHP) got fully implemented, and various prescribing methods were available to all prescribers, one of them been e-Prescribing. In the fourth quarter of the same fiscal year, the initial Assessments, electronic clinical forms, were implemented.  Managed Care Operations is the remaining component, and initial discussions with Cerner have taken place as part of the implementation phase. It is expected to have this component fully implemented during FY 14-15.	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 525-6247
Stanislaus		Consumer Family Access to Computing Resources Project	CFTN	Consumer Family Access to Computing Resources Project is in operation. During FY 14-15, one technician was assigned to manage the computer and internet resources at community sites throughout Stanislaus County. There are plans to hire additional technicians so 2 staff members can be assigned to cover the different MHSa sites. Plans are to upgrade computer equipment and up the internet speed at the different sites during the upcoming fiscal year.	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 525-6247
Stanislaus		Electronic Data Warehousing	CFTN	An infrastructure project to extract, manage, and report data from the Electronic Health Record (EHR) system. During FY 14-15, BHRS continued to expand the use of the Data Warehouse and a lot of development took place in order to support the data repository required for the department dashboards. Development will continue to take place since there are still several dashboards to be implemented during the upcoming fiscal years, and additional tools to be incorporated into the Data Warehouse for ease of reporting.	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 525-6247

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Stanislaus		Electronic Document Imaging	CFTN	Aimed at transferring the existing warehouse of paper medical records to more readily accessible electronic files. Work continues on a document management system. Medical Records staff is now able to attach lab results to the client chart in the EHR. This is especially beneficial when providing Telepsychiatry services. This is a paperless system where program staff fax lab results to our Medical Records department, then the fax gets automatically saved as an electronic document that gets attached to the EHR client's chart, and no paper record ever gets generated at the Medical Records end.	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 525-6247
Stanislaus		Crisis Stabilization Unit	CFTN	Initially serving as a building project, the CSU opened its doors in February 2016. It houses clients who are in need of crisis services in lieu of psychiatric hospitalization. The CERT Unit serves as the gatekeeper for all crisis referrals for psychiatric services.	<a href="http://stanislausmhsa.com">http://stanislausmhsa.com</a>	(209) 558-4600

<b>Crisis Support</b>						
Sutter-Yuba		Urgent Services Adult and Youth Team	CSS-SD	<p>SYBH MHSA Adult Urgent Services: provides expedited access to all adult outpatient services through weekly Open Access (walk-in) Clinics and as a disposition from Psychiatric Emergency Services. Nursing staff coordinate and schedule access to urgent and routine psychiatry for new and returning consumers; SUD (Substance Use Disorder) Program staff provide motivational enhancement, engagement, and Moral Resonance Therapy (MRT) for those with co-occurring disorders, while licensed therapists provide assessment, referral, and counseling services. Adult Urgent Services are available Monday-Thursday 8 am–2 pm.</p> <p>SYBH MHSA Youth Urgent Services: provides expedited access to all youth outpatient services for youth who have been taken to Psychiatric Emergency Services experiencing suicidal or homicidal ideation and not hospitalized but sent home with a safety plan. The Team is comprised of a therapist and case manager. Team either works on crisis to stabilize and move to longer-term services, or stabilize youth and family to discharge. Team conducts weekly reviews with multi-disciplinary team to ensure every child who visits Psychiatric Emergency Services or are hospitalized have been offered adequate care whilst in hospital and upon release. Urgent Youth Services are available by referral only from Psychiatric Emergency Services or psychiatric hospitalization.</p>	<a href="http://www.suttercounty.org/SYBH">www.suttercounty.org/SYBH</a>	1965 Live Oak Blvd Yuba City, CA 95991 PHONE: 530-822-7200

<b>TEMAHA COUNTY</b>						
<b>Crisis Support</b>						
Tehama		Community Crisis Response Unit (CCRU)	CSS	Available 24/7, the Community Crisis Response Unit (CCRU) provides crisis stabilization, referral and coordination with outpatient medication support services to insure a continuum of care. Staff members are trained in the evidence based practice, Seeking Safety, to help individuals design a plan of recovery even before leaving the unit. Because the Tehama County Health Services Agency (TCHSA) also manages the County's Medi-Cal Clinic, primary care integration on a regular basis. A Case Resource Specialist (CRS) in the CCRU has helped to ease the disruption of psychiatric crisis and has helped clients transferring from different levels of care to adjust more quickly and successfully to their daily routines. CCRU staff have been trained in ASIST. Focused attention and cased management services are provided for those individuals identified as experiencing their first episode of psychosis. A CCRU staff member has been trained as a trainer in Non-Violent Crisis Intervention Training and provides ongoing training and coaching in this method at CCRU staff meetings.	<a href="http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm">http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm</a>	(530) 527-5637 (800) 240-3208
Tehama		Adult Full Service Partnerships	CSS	Adult FSP includes case management, clinical therapy, medication support, crisis management, housing assistance, board and care support, employment assistance and flexible funding for a variety of services designed to foster recovery and resilience.	<a href="http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm">http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm</a>	(530) 527-8491 betsy.gowan@tchsa.net
Tehama		Older Adult Full Service Partnerships	CSS	Older Adult FSP includes case management, clinical therapy, medication support, crisis management, housing assistance, board and care support, employment assistance, and flexible funding for a variety of services. Our efforts with this population also include assistance in coordinating primary care services as these consumers begin to struggle with advanced age-related medical conditions.	<a href="http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm">http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm</a>	(530) 527-8491 michele.brousseau@tchsa.net

<b>Peer/Family Support Specialists</b>						
Tehama		Safe Talk Training - Parent Child Interaction Training +(PCIT)	PEI	TCMH is currently training clinicians in Parent Child Interaction Therapy (PCIT) and this important new modality will be a significant support to families and children.	<a href="http://www.tehamacohealthservices.net/MentalHealth">www.tehamacohealthservices.net/MentalHealth</a>	(530) 527-8491 angela.terhorst@tchsa.net
Tehama		WRAP (Wellness Recovery Action Plan)	CSS	WRAP groups have been successfully implemented in several settings including VWRS, Adult Outpatient, The YES Center, and the CalWORKS program. Staff and clients have been trained in WRAP and are implementing this as a foundationally evidence-based practice for FSP services. This philosophy of WRAP will fundamentally change how services are viewed and delivered. It will increase the wellness and recovery orientation as well as personal responsibility of clients to create their own life including the five key concepts of WRAP: 1. Hope-supporters and care providers need to encourage you, help you feel better, assist and support you in staying well. 2. Personal responsibility-Sometimes this means taking back control that you have lost in the past. 3. Education-Learn all about yourself so that you can make good decisions about treatment, lifestyle, career, relationships, living space, leisure time activities, and all aspects of your life. 4. Self-advocacy-Become a strong advocate for yourself. 5. Support- Supporters are people who care about you, empathize with you, affirm and validate you and your experience, accept you as you are, and listen to you and share with you.	<a href="http://www.tehamacohealthservices.net/MentalHealth">www.tehamacohealthservices.net/MentalHealth</a>	(530) 527-8491 betsy.gowan@tchsa.net

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Tehama		Wellness center, youth: Youth Empowerment Services (YES) Center	CSS	The Youth Empowerment Services (YES) Center serves our transition age youth (TAY) population (16-25 years of age). The YES Center provides a continuum of services which includes each of the TAY consumers actively participating in the management and upkeep of the facility. Each consumer complies with a basic charter, the “STANS” which includes a focus on Service, Treatment, Activities, Networking, and Support. TAY consumers utilize the YES Center facility from 10:00 AM - 2:00 PM each day while receiving the benefit of treatment modalities that contribute to the acquisition of independent living skills. The YES Center weekly schedule includes the following groups: Time Management, Anger Management/Symptoms Management, “Let’s Chat” Problem Solving, Exercise/ Yoga, Effective Communication, Community Resources, Substance Abuse Prevention, and Therapeutic Drumming. Additionally the TAY consumers participate in community service, peer-lead cooking classes, catering for various trainings and meetings, and facility maintenance duties.	<a href="http://www.tehamacohealthservices.net/MentalHealth">www.tehamacohealthservices.net/MentalHealth</a>	(530) 527-8491 angela.terhorst@tchsa.net
Tehama		Wellness center, adults: Vista Way Services Center	CSS	VWRS provides an array of services for adults and older adults including case management and rehabilitative services, individual and group therapy, pre–employment and employment services. The client driven wellness center is located at Vista Way and embodies the “Recovery Philosophy;” this is a focus on learning how to live to the fullest while managing the ups and downs that accompany mental health challenges. A client council is active in giving stakeholder input to guide the evolution of existing services as well as identifying gaps in service and suggesting new services. In Rural Tehama County, VWRS provides transportation to and from services for those clients with no other transportation options. Stipend workers are trained by VWRS staff and stationed at VWRS and other TCHSA sites.	<a href="http://www.tehamacohealthservices.net/MentalHealth">www.tehamacohealthservices.net/MentalHealth</a>	(530) 527-8491 michele.brousseau@tchsa.net
Tehama		Co-occurring services (mental health combined with substance use issues)	CSS	Support that includes both mental health services and services related to substance use disorders.	<a href="http://www.tehamacohealthservices.net/MentalHealth">www.tehamacohealthservices.net/MentalHealth</a>	(530) 527-8491 traci.lewis@tchsa.net
Tehama		ASIST training	PEI	Applied Suicide Intervention Skills Training (ASIST) is a two-day interactive workshop in suicide first aid. ASIST teaches participants to recognize when someone may have thoughts of suicide and work with them to create a plan that will support their immediate safety. Although ASIST is widely used by healthcare providers, participants don’t need any formal training to attend the workshop—anyone 16 or older can learn and use the ASIST model.	<a href="https://www.livingworks.net/programs/safetalk/">https://www.livingworks.net/programs/safetalk/</a>	(530) 527-8491 melissa.obrien@tchsa.net
Tehama		Safe Talk Training	PEI	SafeTALK is a half-day alertness training that prepares anyone 15 or older, regardless of prior experience or training, to become a suicide-alert helper. Most people with thoughts of suicide don’t truly want to die, but are struggling with the pain in their lives. Through their words and actions, they invite help to stay alive. safeTALK-trained helpers can recognize these invitations and take action by connecting them with life-saving intervention resources, such as caregivers trained in ASIST.	<a href="https://www.livingworks.net/programs/safetalk/">https://www.livingworks.net/programs/safetalk/</a>	(530) 527-8491 melissa.obrien@tchsa.net
Tehama		MH First Aid	PEI	Just as CPR helps you assist an individual having a heart attack, Mental Health First Aid helps you assist someone experiencing a mental health or substance use-related crisis. In the Mental Health First Aid course, you learn risk factors and warning signs for mental health and addiction concerns, strategies for how to help someone in both crisis and non-crisis situations, and where to turn for help.	<a href="https://www.mentalhealthfirstaid.org/take-a-course/what-you-learn/">https://www.mentalhealthfirstaid.org/take-a-course/what-you-learn/</a>	(530) 527-8491 melissa.obrien@tchsa.net
Tehama		Crisis Intervention Training	PEI	A Crisis Intervention Team (CIT) program is a model for community policing that brings together law enforcement, mental health providers, hospital emergency departments and individuals with mental illness and their families to improve responses to people in crisis.	<a href="https://www.nami.org/Law-Enforcement-and-Mental-Health/What-Is-CIT">https://www.nami.org/Law-Enforcement-and-Mental-Health/What-Is-CIT</a>	(530) 527-8491 betsy.gowan@tchsa.net
Tehama		Consumer Employment	CSS	Consumer employment options are provided through two contracts with a local non-profit provider, NVCSS. The first is employment as a peer support worker: A higher level of employment, this position is a significant tool for the County Mental Health programs, and includes work with adult consumers as well as hours supporting the local behavioral health “warm line”, a telephone line for mental health issues that are not crisis level. A second employment option is vocational employment that, through landscaping and other employment duties, provides consumers with a first step into supportive employment with the goal -- if and when appropriate -- of community employment.	<a href="http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm">http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm</a>	(530) 527-8491 michele.brousseau@tchsa.net

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Tehama		Trauma Focused Cognitive Behavioral Therapy	PEI	Trauma Focused Cognitive Behavioral Therapy (TF-CBT) modality a comprehensive model of therapy which assesses anxiety, PTSD, depression, and other trauma-related symptoms. TF-CBT encourages parents, children, and adolescents to work collaboratively at building skills to address mood regulation and safety.	<a href="http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm">http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm</a>	(530) 527-8491 angela.terhorst@tchsa.net
<b>Reducing Disparities</b>						
Tehama		Therapeutic Drumming	CSS	TCMH used therapeutic drumming with its adult and TAY consumers as a therapeutic modality.	<a href="http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm">http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm</a>	(530) 527-8491 angela.terhorst@tchsa.net
Tehama		Therapeutic Drumming	PEI	Drumming groups throughout Tehama County and across age cohorts are used to introduce community and school groups to drumming, and also as an entry activity to introduce mental health issues and mental health services.	<a href="http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm">http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm</a>	(530) 527-8491 angela.terhorst@tchsa.net
Tehama		TalkLine (a warm-line for mental health issues that are not crisis level)	PEI	Tehama County consumer support workers are operators for the Talkline one night a week. The Talkline is a sub-crisis line which is open 365 days a year from 4:30 PM – 9:30 PM; anyone can call the toll free number for peer to peer confidential support when life gets challenging.	<a href="http://www.tehamacohealthservices.net/MentalHealth">www.tehamacohealthservices.net/MentalHealth</a>	(530) 527-8491 michele.brousseau@tchsa.net
Tehama		Community Crisis Resource Unit (CCRU) Family Support Groups	PEI	A family support group for family members of Community Crisis Resource Unit (CCRU) clients. Focused attention and case management services have been provided for those individuals identified as experiencing their first episode of psychosis.	<a href="http://www.tehamacohealthservices.net/MentalHealth">www.tehamacohealthservices.net/MentalHealth</a>	(530) 527-8491 Joann.Jeffery@tchsa.net
Tehama		Transition Aged Youth (TAY) Family Support Groups	PEI	Support groups for family members of clients who have recently accessed CCRU services and parents of our children and youth clients.	<a href="https://www.livingworks.net/programs/safetalk/">https://www.livingworks.net/programs/safetalk/</a>	(530) 527-8491 Angela.Terhorst@tchsa.net
Tehama		Community Education and Latino Outreach	CSS	Tehama County's Community Education and Latino Outreach Work plan provides services for Latino outreach, community education activities, and counseling with a bilingual therapist. Outreach priorities include the Cinco De Mayo celebration and May is Mental Health Month.	<a href="http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm">http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm</a>	(530) 527-8491 betsy.gowan@tchsa.net
Tehama		Nurturing Parenting (NP)	PEI	Nurturing Parenting is an evidence-based parenting program that supports parents / caregivers and children / youth in learning and reinforcing core values that contribute to effective parent-child interactions. Nurturing Parenting is provided with bi-lingual Spanish support.	<a href="http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm">http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm</a>	(530) 527-8491 betsy.gowan@tchsa.net
<b>Housing</b>						
Tehama		Therapeutic Drumming - Special Needs Housing Program	Housing	Tehama County has, in Spring of 2018, released an Expression of Interest for the Special Needs Housing Program. The hope and expectation is the development of a small, multi-unit development to fill an important service gap in the County's system of care. The funds available for the project are approximately \$800,000; while this limits the development's size, the County has worked with a housing consultant to maximize funds and the housing produced.	<a href="http://www.tehamacohealthservices.net/MentalHealth">www.tehamacohealthservices.net/MentalHealth</a>	(530) 527-8491 michele.brousseau@tchsa.net
Tehama		Housing	CSS	Housing support includes assisting consumers in obtaining permanent housing, facilitating shared housing access, and/ or providing rental assistance. Supportive housing is pursued for FSP-level consumers.	<a href="http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm">http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm</a>	(530) 527-8491 betsy.gowan@tchsa.net
Tehama		Adult Full Service Partnerships	CSS-FSP	Adult FSP includes case management, clinical therapy, medication support, crisis management, housing assistance, board and care support, employment assistance and flexible funding for a variety of services designed to foster recovery and resilience.	<a href="http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm">http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm</a>	(530) 527-8491 betsy.gowan@tchsa.net
Tehama		Older Adult Full Service Partnerships	CSS-FSP	Older Adult FSP includes case management, clinical therapy, medication support, crisis management, housing assistance, board and care support, employment assistance, and flexible funding for a variety of services. Our efforts with this population also include assistance in coordinating primary care services as these consumers begin to struggle with advanced age-related medical conditions.	<a href="http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm">http://www.tehamacohealthservices.net/MentalHealth/directory_mh.htm</a>	(530) 527-8491 betsy.gowan@tchsa.net

<b>TRI-CITY Mental Health Services</b>						
<b>Crisis Support</b>						
Tri-City Mental Health Services		Full Service Partnerships for Adults, Older Adults, Children and Transition Age Youth	CSS-OESD	Full service partnerships are individualized services grounded in a “whatever it takes” commitment. Each enrolled individual, and where appropriate his or her family, participates in the development of a culturally appropriate plan that includes all needed services, including but not limited to traditional mental health services, safe housing, a network of supportive relationships; and timely access to services. Each enrolled individual has a personal services coordinator (PSC), and is supported by a staffing structure that insures 24/7 support. This program operates 24/7. This program is not designated to accept individuals who have been detained by law enforcement.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MHSa 909.623-6131
Tri-City Mental Health Services		Supplemental Crisis Services	CSS-OESD	The Supplemental Crisis Services program provides after-hours and weekend support to individuals who are suffering a crisis and who currently are not receiving TCMHC services. Local, on-call clinicians offer support to the person in crisis, police personnel, and others as appropriate. Support may be provided over the phone or at the crisis location. A second component to this program is the Intensive Outreach and Engagement Team (IOET), which is designed to increase the likelihood that persons who access SCS services will ultimately engage and/or enroll in more appropriate treatment. This program operates 24/7. This program is not designated to accept individuals who have been detained by law enforcement.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MHSa 909.623-6131
Tri-City Mental Health Services		Field Capable Clinical Services for Older Adults	CSS-OESD	Through this program, TCMHC staff members provide mental health services to older adults where they are such as in their homes, senior centers and medical facilities. Older adults, especially frail elders, often have a difficult time accessing services in traditional venues and therefore need mental health services provided in locations convenient to them. This program operates 24/7. This program is not designated to accept individuals who have been detained by law enforcement.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MHSa 909.623-6131

Tri-City Mental Health Services		Therapeutic Community Gardening	PEI-OESD	The Therapeutic Community Gardening project helps participants decrease their isolation and experience mental health benefits through participation in gardening and horticultural group therapy programs. Focusing on early intervention, this program provides services to people who do not yet meet medical necessity or who are not eligible for Medi-Cal. For some people, the community garden becomes a place to reconnect with their family's heritage of working the land; for all participants, the community garden is a setting where otherwise isolated people come together to work, learn, and share. Program participants not only engage in peer support activities supported by professional staff; they also experience the satisfaction of producing something meaningful—healthy food—that contributes to their wellbeing and the wellbeing of their families.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MMSA 909.623-6131
<b>Peer/Family Support Specialists</b>						
Tri-City Mental Health Services		Full Service Partnerships for Adults, Older Adults, Children and Transition Age Youth	CSS-OESD	Full service partnerships are individualized services grounded in a “whatever it takes” commitment. Each enrolled individual, and where appropriate his or her family, participates in the development of a culturally appropriate plan that includes all needed services, including but not limited to traditional mental health services, safe housing, a network of supportive relationships; and timely access to services. Each enrolled individual has a personal services coordinator (PSC), and is supported by a staffing structure that insures 24/7 support. This program operates 24/7. This program is not designated to accept individuals who have been detained by law enforcement.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MMSA 909.623-6131
Tri-City Mental Health Services		Wellness Center	CSS-PESD	The Wellness Center is a community hub for activities that promote recovery, resiliency and wellness for residents of the Tri-City area. The Wellness Center sponsors support groups, and provides an array of holistic services through collaboration with other community partners. Staff members at this site include peer advocates, family members, clinical staff, and others. They provide a range of culturally competent, person- and family-centered services and supports that are designed to promote increasing independence and wellness. The Wellness Center is open 5 days a week, and for extended hours on many days.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MMSA 909.623-6131
Tri-City Mental Health Services		Community Mental Health Trainers/Mental Health First Aid	PEI-OESD	The Community Mental Health Trainers provide free educational presentations throughout the Tri-City area. Beginning with Mental Health First Aid (MHFA), this nationally recognized program trains individual community members (Mental Health First Aiders) to recognize the early warning signs of someone experiencing mental and emotional distress. TCMHS expanded the program to include additional trainings beyond the core MHFA curriculum, such as workshops on Everyday Mental Health, The Recovery Model, Non-Suicidal Self-Harm, and Suicide Prevention.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MMSA 909.623-6131
Tri-City Mental Health Services		Peer Support Program (Older Adult Wellbeing)	PEI-OESD	The Peer Support program trains volunteers from the Tri-City area who want to learn how to provide support to peers who are in emotional distress. Once trained, peer mentors can offer both individual and group mentoring, and additional support through linkages to age- and culturally-appropriate resources. Originally, this project focused on providing peer to peer services to transition aged youth and older adults. However, there has been significant demand for peer-to-peer mentoring services for intergenerational exchanges. Given this demand, TCMHC expanded the program to also include adults ages 26 to 59.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MMSA 909.623-6131
Tri-City Mental Health Services		Peer Support Program (Transition Age Youth Wellbeing)	PEI-OESD	The Peer Support program recruits and trains transition-aged young adult volunteers as peer mentors. These volunteers are trained to assess the mental health and well-being of transition-aged young adults, to provide 1-1 peer mentoring, and to lead age- and issue-based peer support groups. Originally, this project focused on providing peer to peer services to transition aged youth and older adults. However, there has been significant demand for peer-to-peer counseling services for intergenerational exchanges. Given this demand, TCMHC expanded the program to also include adults ages 26 to 59.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MMSA 909.623-6131
Tri-City Mental Health Services		Family Wellbeing Program	PEI-OESD	In this program, staff and volunteers build trusting relationships and provide support to family members and caregivers of people who struggle with mental illness. The focus is particularly on family members from unserved and under-served communities. Programming includes support groups, 1-1 support, and an array of culturally-appropriate activities focused on wellness interests, e.g. exercise, cooking, other interests—that can attract family members and other caregivers from vulnerable communities into peer support experiences.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MMSA 909.623-6131

Tri-City Mental Health Services		Community Navigators	CSS-OESD	Community Navigators help people in the Tri-City area connect to local resources, including informal community supports and available formal services. Navigators also provide education and stigma reduction services to local communities and organizations. All Tri-City Community Navigators are bilingual and bicultural. Community Navigators help people who have received services, family advocates, family members, and leaders of un-served and under-served communities whenever possible in identifying and helping leverage community supports.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MHSF 909.623-6131
Tri-City Mental Health Services		Community Wellbeing Program	PEI-OESD	The Community Wellbeing Program is designed to help communities develop and implement community-driven plans to improve and sustain the mental and emotional wellbeing of their members. Particular focus is on unserved and underserved communities who often struggle to access appropriate mental health and other services. The program provides small grants and technical assistance to help communities build their capacity to strengthen the well being of their members and the community as a whole. The program focuses on providing support to communities at greater risk for mental illness.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MHSF 909.623-6131
Tri-City Mental Health Services		Family Wellbeing Program	PEI-OESD	In this program, staff and volunteers build trusting relationships and provide support to family members and caregivers of people who struggle with mental illness. Programming includes support groups, 1-1 support, and an array of culturally-appropriate activities focused on wellness interests, e.g. exercise, cooking, other interests—that can attract family members and other caregivers from vulnerable communities into peer support experiences.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MHSF 909.623-6131
Tri-City Mental Health Services		Wellness Center	CSS-OESD	The Wellness Center is a community hub for activities that promote recovery, resiliency and wellness for residents of the Tri-City area. The Wellness Center is open to people of all ages, focusing especially on people in recovery and their families. The Wellness Center sponsors support groups, and provides an array of holistic services through collaboration with other community partners. Staff members at this site include peer advocates, family members, clinical staff, and others. They provide a range of culturally competent, person- and family-centered services and supports that are designed to promote increasing independence and wellness. The Wellness Center is open 5 days a week, and for extended hours on many days. The Wellness Center supports people who have struggled with mental health issues accelerate their movement toward independence, recovery, and wellness.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MHSF 909.623-6131
<b>Housing</b>						
Tri-City Mental Health Services		Permanent Supportive Housing Project	CSS-OESD	This comprehensive Housing Master Plan is designed to construct or rehabilitate short-term transitional and permanent supportive housing units. Permanent supportive housing units are living spaces where people who are homeless or at risk of homelessness and who suffer from one or more mental illness can receive an array of services designed to support their recovery. Such housing enables successful pathways to recovery and, ultimately, can reduce the cost of other services such as emergency room visits and incarceration.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MHSF 909.623-6131

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Tri-City Mental Health Services		Housing Stability Program	PEI-OESD	The Housing Stability Program is designed to help people with mental illness maintain their current housing or find more appropriate housing. Program staff members work with clients, mental health service providers, landlords, and property managers to secure housing placements, mediate conflicts, and strengthen relationships. The intention is to find ways to work with landlords in a cooperative manner, reduce stigma towards mental illness, and prevent evictions and homelessness.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MHSA 909.623-6131
<b>Unspecified</b>						
Tri-City Mental Health Services		NAMI Community Capacity Building/Interfaith Collaborative on Mental Health	PEI-OESD	The Interfaith Collaborative on Mental Health provides outreach, education and training opportunities to faith organizations, which are often a first point of contact when individuals and families seek assistance. Among other activities, the Collaborative conducts outreach efforts, seminars and conferences, and engages a Steering Committee throughout the year. Through this project, NAMI-Pomona Valley Chapter provides education, training, and support to help faith-based community members become better able to accept, identify, assist and guide persons and families who are at risk of and/or experiencing mental illness in their lives.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MHSA 909.623-6131
Tri-City Mental Health Services		NAMI Community Capacity Building/Parent and Teachers as Allies	PEI-OESD	Parents and Teachers as Allies provides in-service trainings for school professionals and families to help participants better understand the early warning signs of mental illnesses in children and adolescents. The intention is that this training will help teachers and family members learn how best to intervene so that youth with mental health treatment needs are linked with services. Through this project, NAMI-Pomona Valley Chapter provides education, training, and support to help school personnel become better able to accept, identify, assist and guide persons and families who are at risk of and/or experiencing mental illness in their lives.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MHSA 909.623-6131
Tri-City Mental Health Services		Community Capacity Building/ Stigma Reduction	PEI-OESD	Tri-City's stigma reduction efforts group into three main efforts: Room4Everyone, Courageous Minds, and Green Ribbon Week. Room4Everyone is a community wellbeing campaign that focuses on reducing stigma. The Room4Everyone website includes resources, information, a pledge, and personal stories of recovery from participants in Courageous Minds. Courageous Minds is a speakers bureau made up of people living with mental health challenges who are leading the charge against stigma by sharing their personal stories to a wide range of audiences. Green Ribbon Week is part of a national stigma reduction effort and is held during the third week of March.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MHSA 909.623-6131
Tri-City Mental Health Services		Volunteer and Training Programs	WET	The WET program is focused on improving the effectiveness of people currently providing support and services in the Tri-City area as well as, preparing the community for careers in mental health. Clinical and non-clinical staff, family, community caregivers and volunteers are the primary recipients of the education and training offered through the WET Plan. The two primary objectives are to 1) develop a systematic and sustained approach to training and learning, and 2) to develop a deeper pool of volunteers and future employees who have a realistic understanding of community mental health. The WET staff is implementing these actions and more to bring awareness to the Mental Health System as well as provide staff, volunteers, and community caregivers the resources and tools to do their jobs more effectively.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MHSA 909.623-6131
Tri-City Mental Health Services		Cognitive Remediation Therapy	INN-OESD	The project integrates two existing evidence-based practices, Cognitive Enhancement Therapy and Cognitive Behavioral Treatment for Psychosis (CBTP) that elsewhere have been administered independently, each addressing one part of a client's interrelated cognitive impairment and psychotic symptoms. This project tests an approach to treating the whole person who experiences psychotic illness with an innovative combination of treatments to address both their cognitive impairment and psychotic symptoms. This project is underway and the curriculum development is in process. It is anticipated that this project will be implemented by June 2016.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MHSA 909.623-6131
Tri-City Mental Health Services		Employment Stability Project	INN-OESD	This project seeks to build new relationships, understanding, and activities that will effectively incorporate employers into the system of care. By developing a "good employee" curriculum participants will build skills that are attractive to employers and help remove self-stigma among clients who may believe they lack the ability to be a good employee. Topics such as how to properly communicate in the workplace and how to follow the chain of command will be addressed.	<a href="http://www.tricitymhs.org/mhsa">http://www.tricitymhs.org/mhsa</a>	Rimmi Hundal Director of MHSA 909.623-6131

<b>TRINITY COUNTY</b>						
<b>Crisis Support</b>						
Trinity		Alpine House/Respite	CSS	Consumers who are experiencing a crisis have the opportunity to de-escalate their troubling situation and avoid a psychiatric hospitalization.	<a href="http://www.trinitycounty.org/index.aspx?page=60">http://www.trinitycounty.org/index.aspx?page=60</a>	Marlinda Butler, MSW mbutler@kingsview.org Noel O'Neill, Director noneill@kingsview.org (530) 623-1362
<b>Peer/Family Support Specialists</b>						
Trinity		Milestones and Horizons Wellness Centers	CSS-OESD	Milestones and Horizon Wellness Centers, peer staff work with consumers to provide psychosocial rehab, WRAP and occupational skills workshops and provide beneficial support by using lived experience. Outreach efforts are anchored at the wellness centers. Efforts are made to engage the most underserved populations in the county using a variety of strategies including using materials provided through CALMHSA.	<a href="http://www.trinitycounty.org/index.aspx?page=60">http://www.trinitycounty.org/index.aspx?page=60</a>	Marlinda Butler, MSW mbutler@kingsview.org Noel O'Neill, Director noneill@kingsview.org (530) 623-1362
Trinity		Cedar Home Peer Liaison	INN	Trinity County is planning to open a peer respite home that will be staffed by Peer Specialists. The house will be available to individuals who present in crisis and are also experiencing another psychosocial crisis. These consumers will not meet criteria for a psychiatric hospitalization but definitely need intensive support in order to alleviate distress. A consumer will be able to stay at the home for up to two weeks. Peer staff will work closely with the crisis manager from Trinity County Behavioral Health. Staff at the peer respite home (Cedar Home) will be responsible for helping to link consumer using the home to a variety of resources in the community. Trinity County is planning to utilize Innovation dollars to fund the Cedar Home Peer Liaison who will be the lead staff for the home. This staff member will be in charge of the day-to-day pragmatic running of the home but will also be responsible for providing individual rehabilitation interventions to consumers in the home. This staff will also work closely and collaboratively with crisis staff at Trinity County Behavioral Health to ensure that the consumer is receiving the best care and support possible.	<a href="http://www.trinitycounty.org/index.aspx?page=60">http://www.trinitycounty.org/index.aspx?page=60</a>	Marlinda Butler, MSW mbutler@kingsview.org Noel O'Neill, Director noneill@kingsview.org (530) 623-1362
<b>Reducing Disparities</b>						
Trinity		Full Service Partnership Program	CSS-PEI	Full Service Partnership Program, Trinity County utilizes its FSP program as a way to minimize disparities for those individuals who may not have or qualify for Medi-Cal benefits but who are in significant need of a mental health intervention and other supports to help them avoid a psychiatric hospitalization or further decompensation. Trinity County has four Prevention and Early Intervention programs that are directed toward youth. Three of the programs are school based and the fourth is anchored at the probation department for youth experiencing the juvenile justice system. The school based programs provide psychosocial education and skill building. The program within the probation department helps youth meet conditions of their probation, reduce problematic behaviors and re-integrate back into the community. This program minimizes disparities for youth who may need more intensive interventions (PEI).	<a href="http://www.trinitycounty.org/index.aspx?page=60">http://www.trinitycounty.org/index.aspx?page=60</a>	Marlinda Butler, MSW mbutler@kingsview.org Noel O'Neill, Director noneill@kingsview.org (530) 623-1362

<b>TULARE COUNTY</b>						
<b>Crisis Support</b>						
Tulare		County FSP Program	CSS	<p>The Tulare County FSP Program services are currently provided at Visalia Adult Integrated Clinic, Porterville Mental Health Clinic, and Tulare Youth Services Bureau, for those individuals within the system of care who are identified as needing intensive, frequent mental health services due to acuity and engagement barriers. The County FSP program provides an array of comprehensive mental health services for individuals with serious emotional disturbance (SED) and severe and persistent mental illness (SMI) who are traditionally un/underserved, homeless or at risk of homelessness, experiencing co-occurring disorders, at risk of criminal justice involvement, and/or at risk of institutionalization. Services provided primarily include intensive case management along with individual, family and group therapy, medication services, and peer delivered services. Staff engage consumers in a multi-disciplinary process in order to determine how to best meet the consumers' needs from a broad approach focused on wellness, recovery, and resiliency. In addition, there are specialty FSP programs tailored to best meet the need of consumers who are experiencing unique challenges during their wellness and recovery journey.</p> <p>The Mental Health Court program functions as a diversion, in that for some defendants charged with non-violent offenses (and in some cases charged with felonies) the behavior or problem is more a product of mental illness than of criminality. This program provides eligible adult population with judicially supervised, community-based treatment plans, which includes the necessary guidance, encouragement, and treatment to assist the client in becoming healthy and successful. The Mental Health Court provides courts with resources to improve clients' social functioning and links clients to employment, housing, treatment, and support services, emphasizing continuing judicial supervision and the coordinated delivery of services. This includes specialized training of criminal justice personnel to identify and address the unique needs of offenders who were mentally ill, centralized case management, and continuing supervision of treatment plan compliance.</p> <p>The Assertive Community Treatment (ACT) Team is an outreach-oriented, service delivery model providing intensive and frequent engagement to consumers who are experiencing extreme difficulty engaging into services. Services include intensive case management; group therapy; medication support services; co-occurring disorder services, provided through a multidisciplinary team; and family education and support services. It is the intent to continue to develop the ACT Team and services to more closely align with the ACT evidence-based model.</p>	<p><a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a></p> <p><a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a></p>	<p>Yesenia Lemus YesLemus@tularehhsa.org Phone: 559-624-7459</p>

Tulare		One Stop Center Programs / North, Central and South Tulare County	CSS	The One Stop Centers provide an array of comprehensive mental health services for children and youth, and transitional-age youth with severe and persistent mental illness or serious emotional disturbance, who are underserved, at risk of out-of-home placement, at risk of justice system involvement, or diagnosed with a co-occurring disorder. The One Stop Centers are strategically located in North, Central, and South Tulare County in an effort to optimize outreach and engagement efforts. The program provides linkages and services consistent with CSS requirements through collaboration with other mental health service providers, health organizations and agencies such as Child Welfare Services and Alcohol and Drug Services, community-based organizations, and faith-based organizations. Services follow the MHSa philosophy with a focus on reducing ethnic and cultural disparities by requiring culturally and linguistically diverse program staff to make regular contact with education programs, local community organizations, and local schools to promote mental health and access to services.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a> <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Yesenia Lemus YesLemus@tularehhsa.org Phone: 559-624-7459
Tulare		Specialty Mental Health Services	CSS	<p>Child Welfare Services (CWS) Continuum of Services is a partnership between Tulare County Mental Health Department and Tulare County Child Welfare Services department. This program staffs five licensed clinical social workers who provide counseling to adults who have an open CWS case to alleviate barriers to accessing needed mental health services which helps many to remain or reunify with their children.</p> <p>The Equine-Facilitated Psychotherapy Program (EFP) began as a pilot project in February 2010 through a partnership between Tulare County Department of Mental Health, Happy Trails Riding Academy, and Tulare Youth Service Bureau. The overall goal of Equine Facilitated Psychotherapy (EFP) Program is to provide an alternative therapeutic intervention for consumers who might not be responding to traditional forms of psychotherapy, or whose level of functioning might be further enhanced through this intervention. The targeted ages for EFP are 7 - 15 years of age. EFP is a creative and innovative addition to play and talk therapy that provides a mental health consumer and rehab specialist or therapist with a live, interactive medium for effective assessment and treatment. While a consumer is participating in EFP group sessions, the therapeutic progress they are making is further enhanced by individual sessions with their primary mental health clinician. Parents/foster parents/guardians are included in the child/youth's treatment through family and/or collateral sessions.</p> <p>The Co-Occurring Disorders Program provides individuals diagnosed with a co-occurring mental health and substance abuse disorder with residential and outpatient treatment based on the principles of Harm Reduction and Hazelden's co-occurring disorder evidence-based program. In partnership, through a multidisciplinary coordinated care approach, an alcohol and other drug (AOD) provider provides the residential and outpatient substance use disorder treatment while the consumer's mental health provider provides mental health services.</p> <p>Outreach and Engagement (O&amp;E) Team provides targeted outreach to consumers who are experiencing difficulty in engagement. Many of the consumers engaged by the O&amp;E Team are individuals who are discharging from a psychiatric hospitalization and need warm linkage to services; individuals who have frequent contact with the emergency room, law enforcement, and the psychiatric emergency team; and individuals who have or are beginning to disengage from services and additional support is needed to assist with re-engagement. The O&amp;E Team provides services in a method that is heavily focused on the evidence-based practice of Motivational Interviewing.</p> <p>The Recovery-Oriented Services (ROS) Team provides wellness, recovery and resiliency focused services to assist consumers in understanding their mental illness and medication(s), setting and achieving wellness and recovery goals, increasing supports, learning and using community supports, and learning and applying coping mechanisms and techniques. Services are primarily delivered through group-based therapy to include evidence-based treatment such as Dialectical Behavioral Therapy (DBT) and Illness Management and Recovery (IMR), and skill-building groups to include WRAP and Life Skills group.</p>	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a> <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Yesenia Lemus YesLemus@tularehhsa.org Phone: 559-624-7459
<b>Peer/Family Support Specialists</b>						
Tulare		Consumer and Family Member Training, Support, and Volunteer Program	WET	This program provides employment preparation and volunteer support for consumers using the SAMHSA evidence-based Supported Employment materials. The focus is on developing essential skill sets and supports to promote success in employment and volunteer roles.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a> <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Juan Alvarez Jalvarez1@tularehhsa.org Phone: (559) 624-7470

Reducing Disparities						
Tulare		Unidos Para la Salud / United for Health Mobile Unit Programs	CSS	The Mobile Units provide an array of comprehensive mental health services for all age groups with severe and persistent mental illness or serious emotional disturbance, who are traditionally un/underserved, are homeless or at risk of homelessness, those with co-occurring disorders, those at risk of criminal justice involvement, and those who are at risk of institutionalization. The Mobile Units are characterized for their strategic mobility of services to decrease barriers in access to services seen in rural communities and with lack of transportation. The program provides linkages and services consistent with CSS requirements through collaboration with other mental health service providers, health organizations and agencies such as Child Welfare Services and Alcohol and Drug Services, community-based organizations, and faith-based organizations. The Mobile Units also provide specific health services by on-site public health nurses, and benefits assistance through on-site self sufficiency counselors. Services follow the MHSa philosophy with a focus on reducing ethnic and cultural disparities by requiring culturally and linguistically diverse program staff to make regular contact with local community organizations and local schools, and regular visits to local health fairs and community events to promote mental health and access to services. The co-location of Health and Mental Health services reduces stigma by normalizing discussion of mental illness, and provides services in the consumer's community thus reducing disparities in access to care.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a>  <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Yesenia Lemus YesLemus@tularehhsa.org Phone: 559-624-7459
Tulare		Reducing Disparities in Access to Mental Health - Community Warm Line - English and Spanish	PEI	The Tulare County Community Warm Line is a local call center that provides information and support to county residents experiencing non-emergency hardship. A warm line is a service designed to solve minor problems or to prevent those problems from becoming serious, thereby diverting non-emergency call volume from emergency rooms, law enforcement and crisis lines. A unique component of the Warm Line program is the employment of persons with lived experience who provide direct peer support to callers. These call specialists help callers by listening to concerns, providing non-discriminating support and normalizing the caller's emotions, thoughts, and experiences.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a>  <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384
Tulare		Reducing Disparities in Access to Mental Health - Senior Counseling Program.	PEI	The Senior Peer Counseling Program provides counseling to senior citizens who are experiencing either diagnosable mental or emotional problems, or difficulties in adjusting to changes that occur in later life. There are two therapists assigned to this program and they receive regular referrals from the outpatient clinics and the community. Considering that the aging community is an underserved population, staff attends to trainings that address this growing population and other trainings that might be useful in addressing those needs that are unique to older adults.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a>  <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384
Tulare		Reducing Disparities in Access to Mental Health - Homebound Senior Outreach (HBSO) Program.	PEI	Home-Bound Senior Outreach (HBSO) program will target clients who are home-bound and socially isolated, and who receive services through various programs administered by the Kings/Tulare Area Agency on Aging, including Home-Delivered Meals, Information and Assistance, Legal Assistance, and Health Insurance Counseling. HBSO goals are to identify and refer adults age 60 and over who are at risk for depression and suicide adults using the Beck Hopelessness Scale (BHS), and use non-traditional referral sources to help identify and provide an intervention for depression and suicide risk.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a>  <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384
Tulare		Reducing Disparities in Access to Mental Health - London Prevention Program	PEI	The London Prevention Program targets at-risk youth in the communities of rural northern Tulare County who have been involved with the criminal justice system and demonstrated a need for prevention and early intervention services. While utilizing Project Alert, the program focuses on comprehensive, educational sessions among children who are at risk of drug abuse and school failure. The program also provides support and resources to the families of youth who have been identified as at-risk utilizing the curricula, Guiding Good Choices. The London Prevention program operates out of the London Community Center and is administered by Proteus, Inc.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a>  <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384
Tulare		Cultural Competence in the Public Mental Health System	WET	The purpose of this effort is to develop understanding, skills, and strategies to assist in embedding cultural competence into the public mental health system. Training and activities focus on disparities identified in the County's Cultural Competency Plan and include culturally focused discussion with community based organizations and community leaders, as well as consumers and their family members.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a>  <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Juan Alvarez Jalvarez1@tularehhsa.org Phone: (559) 624-7470

Housing						
Tulare		Supportive Housing	CSS	<p>The Transitional Living Center (TLC) is a 53-bed licensed residential care facility that is operated by Tulare County Mental Health Department. The basic services provided at TLC include food; shelter; basic clothing; medication management; and transportation to psychiatric, medical, and other community services as needed. Augmented services include individual and group therapy, life skill groups in English and Spanish, recovery support meetings, peer support groups, and Wellness and Recovery activities (exercise, internet access, art and social activities, Wellness and Recovery Action Planning, and NAMI functions). Additionally, TLC holds a monthly Family Dinner and Family Support Group to engage resident consumer families in the lives of the residents. The CLC provides a transitional housing option for adults with severe and persistent mental illness and is a more independent living setting for Transitional Living Center (TLC) residents in their movement toward independent living in the community. The CLC program employs the Wellness and Recovery Action Plan (WRAP). The WRAP model teaches participants recovery and self-management skills and strategies that: promote higher levels of wellness, stability and quality of life; decrease the need for costly, invasive therapies; decrease the incidence of serious mental health challenges; decrease traumatic life events; increase understanding of these mental health challenges and decrease stigma; raise participants' level of hope, and encourages actively working toward wellness; and increases participants' sense of personal responsibility and empowerment. Achieving wellness in mental health treatment and everyday living is paramount for residents at CLC. While the consumer may be achieving recovery goals as it relates to mental health treatment such as medication management or substance abuse resolution, it is also important to focus on the consumer's ability to manage day-to-day activities in personal and inter-personal relationships.</p> <p>East Tulare Avenue Cottages (ETAC) is a permanent supported residential option for 22 adults. Residents have access to a drop-in center where they can utilize such things as computers and exercise equipment. All services offered to the residents are voluntary and staff ensures that on-site training maximizes the clients' progress in attaining their service plan goals.</p> <p>The Transitional Age Youth (TAY) Housing program provides transitional supportive housing for TAY with complex mental health needs. To meet the needs of these youth across Tulare County, TAY maintains two separate operating sites, one in Visalia and the other in Porterville. In partnership with the local One Stop Service Centers and other mental health service providers as applicable, the program assists participants in stabilizing from the effects of being homeless or at-risk of homelessness and provides support and assistance with self-sufficiency and independence by offering life skills workshops, employment and education linkages, peer mentorship, and one-on-one coaching sessions around issues and topics fundamental to resiliency and successful independent living.</p>	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a>  <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Yesenia Lemus YesLemus@tularehhsa.org Phone: 559-624-7459
Unspecified						
Tulare		Wellness and Recovery Activities	CSS	<p>The Wellness and Recovery Centers (WRC) are community-based multi-service centers that provide a supportive environment offering choice and self-directed guidance for recovery and transition into community life. They are primarily consumer-driven centers providing peer counseling, peer mentoring, advocacy, and leadership opportunities. Services include support groups, educational guidance, vocational services, fitness, independent living skill development, and socialization.</p> <p>Wellness and Recovery Trainings and Activities: Trainings are offered on an ongoing basis to promote services offered in alignment with MHSF principles and to increase promising practices and evidence-based programs. Trainings include but are not limited to the Wellness and Recovery Action Plan (WRAP), Illness Management and Recovery (IMR), Motivational Interviewing, and Co-Occurring Disorder. Activities are offered on an ongoing basis to promote and support wellness, recovery, and resiliency among consumers, family members and the community.</p> <p>Peer-Delivered Services (PDS) facilitates a path for individuals with lived experience to mentor and support consumers and family members within the mental health system and in the community. Services include, but are not limited to, peer-run groups and activities, a newsletter, and orientation and transition services.</p>	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a>  <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Yesenia Lemus YesLemus@tularehhsa.org Phone: 559-624-7459

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Tulare		Children and Youth in Stressed Families - Building Bridges Program	PEI	The Building Bridges Program is designed to provide evidenced-based, low-intensity, short-term interventions for women who are pregnant or post-partum, and experiencing a broad-range of emotional and behavioral symptoms related to their pregnancy. Program goals include increasing positive later-in-life outcomes of infants; reducing the instance and/or severity of depression and anxiety experienced by pregnant and postpartum women; and promoting positive bonding, parenting, and coping skills within the parent/infant relationship.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a> <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384
Tulare		Children and Youth in Stressed Families - Family Interaction Program	PEI	The Family Interaction Program aims to improve the quality of the parent-child relationship by using the evidence-based programs Parent Child Interaction Therapy (PCIT), Parent Child Attunement Therapy (PCAT), and Relationship Enhancement Therapy (RET) to teach parents to appropriately bond with, interact with, and discipline their children. Intervention is conducted through a series of 14-20 sessions, and focuses on two basic interactions: Child Directed Interaction (CDI), and Parent Directed Interaction (PDI). CDI is similar to play therapy in that parents engage their child in a play situation with the goal of strengthening the parent-child relationship. PDI teaches caregivers the process of establishing consistent rules for a child's behavior.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a> <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384
Tulare		Children and Youth in Stressed Families - In-Home Parent Education Program (formerly titled: Family Integration Program)	PEI	The In-Home Parent Education (IHPE) Program's purpose is to increase coping skills to stabilize, strengthen and educate the family unit. The IHPE Program is a multidisciplinary collaborative of child and family therapists, educators, and parents who are passionate about providing mental health resources and services to families. Through Parenting Wisely curriculum, IHPE provides support services and education to at-risk families to foster positive interactions and increase coping skills which stabilize and strengthen the family unit. Parenting Wisely is a set of interactive training modules for parents of children ages 3-18 years. Families enrolled in the program present with known environmental risk factors such as violence, abuse, neglect in the home, parental stress, mental illness, substance abuse, and poor parenting skill which can put children at risk for developing mental health issues. Parenting Wisely has been proven to reduce problem behaviors and increase communication and family unity. For children in need of one-on-one intervention, IHPE uses Trauma-Focused Cognitive Behavioral Therapy. Trauma-focused cognitive behavioral therapy (TF-CBT) is an evidence-based treatment approach shown to help children, adolescents, and their caretakers overcome trauma-related difficulties.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a> <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384
Tulare		Children and Youth in Stressed Families - SafeCare Program	PEI	The SafeCare program is based on the SafeCare Home Based Visitation model for families with children (age 0-7). This program is a partnership between the Tulare County Department of Mental Health and the Tulare County Child Welfare Services (CWS) Division. The CWS division provides oversight, and training in the SafeCare evidence-based model to five Family Resource Centers in Tulare County. The SafeCare program trains parents to seek treatment for their children's illnesses, promotes the acquisition of positive and effective parent-child interaction skills; reduces the number of hazards in the home; increases parental structured problem-solving skills; and increases accessibility of mental health services for unserved and underserved populations of Tulare County.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a> <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384
Tulare		Children at Risk of School Failure - Preschool Expulsion Reduction Program	PEI	The Preschool Expulsion Reduction Program (also known as Bright Future) is a program established through the Tulare County Office of Education that currently provides prevention and early intervention services for children at risk of preschool expulsion. Bright Future provides an alternative to expulsion. The principles of applied behavioral analysis and other evidence-based methods (e.g., Preschool Life Skills Curriculum) are used to decrease challenging behaviors and teach skills. Services are provided in the classroom to target problem behaviors and serve as a model for educators. In-home services help to ensure that there is continuity in the child's environment and provide support for parents in reinforcing positive behaviors. Ongoing parent consultation and training is provided to generalize skills learned during individualized instruction.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a> <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384

Tulare		Children at Risk of School Failure - K-3 Early Intervention Program (a.k.a. Special Friends)	PEI	The K-3 Early Intervention Program (also known as the Primary Intervention Program (PIP) and Special Friends). Special Friends aims to increase school success of at-risk children by administering screening measures, providing behavioral intervention, teaching effective coping and interaction skills, and educating parents and teachers regarding behavioral problems and effective interventions. It is composed of preventive training, screening activities and a short-term early intervention component (Primary Intervention Program (PIP)) for children in need of services. PIP is designed to increase protective factors, functioning, and positive outcomes for children with adjustment problems (e.g., inattentiveness, shyness, aggression, and acting-out) in grades K-3. Every 1st grade student in a participating Special Friends school is screened for risk-factors associated with adjustment difficulties that can impact social and academic functioning. Referrals are also accepted for K, 2nd and 3rd grade students who may also be at-risk. When a child meets criteria for PIP, they are enrolled and receive 1-on-1 non-directive play and communication techniques. Play sessions last for 30-40 minutes weekly for 8-12 weeks. Parents are also provided education regarding their child's needs and are surveyed at the conclusion of the program.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a> <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384
Tulare		Children at Risk of School Failure - Children of Promise Program	PEI	The Children of Promise Program (COPP) provides services to youth in grades 6 through 12 at-risk for school failure by utilizing the evidence-based practices, Reconnecting Youth (RY) and Coping and Support Training (CAST). RY is a proven, award-winning program that helps high-risk youth improve school performance, decrease drug use, anger, depression, and suicidal behavior. Designed for students ages 14-18, RY curriculum uses small group skills training to enhance personal competencies and social support resources. CAST is a high school based suicide prevention program targeting youth 14 to 19 years old. CAST delivers life-skills training and social support in a small-group format (6-8 students per group). CAST skills training sessions target three overall goals: increased mood management (depression and anger), improved school performance, and decreased drug involvement. Sessions focus on group support, goal setting and monitoring, self-esteem, decision making skills, anger and depression management, "school smarts," drug use control, relapse prevention, and self-recognition of progress throughout the program.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a> <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384
Tulare		Early Identification and Intervention for Individuals Experiencing Mental Illness project	PEI	Identification and Intervention for Individuals Experiencing Mental Illness is designed to educate the community, first responders, and primary care professionals on recognizing indicators that may lead to the development of mental illness if not addressed. The following efforts have been implemented to meet this goal: Crisis Intervention Training (CIT) for law enforcement personnel, Mental Health First Aid (MHFA) for first responders and the general population, and a consultation component between public health and mental health to more easily identify and coordinate care for those accessing public health needing mental health services and vice versa.  The First Episode Psychosis (FEP) program is primarily funded through the Mental Health Block Grant provided by SAMHSA, with additional funds blended from MHSA PEI. The program pilot began at Porterville Youth Services (PYS) and South County One Stop in November 2015, and aims to better identify adolescents and transitional age youth (TAY) who may be experiencing symptoms which are sometimes prodromal for psychosis, and provide early intervention services to decrease the likelihood of a psychotic episode and negative outcomes related to untreated mental illness.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a> <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384
Tulare		Suicide Prevention - Tulare County Suicide Prevention Task Force	PEI	Tulare County Suicide Prevention is addressed through the Tulare County Suicide Prevention Task Force (SPTF). The SPTF functions as a multi-disciplinary collaborative which addresses local suicide prevention issues. Membership reflects a broad range of local stakeholders with expertise and experience with diverse at-risk groups including: local government and non-profit agencies, such as mental health, public health, law enforcement, education, and individuals such as coroners, survivors of suicide attempts and their family members, and mental health clients. The SPTF focusing on suicide prevention through many efforts including ASIST Training; Slick Rock Film Festival; Trevor Project; and the Check-In With You: Older Adult Hopelessness Screening Program.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a> <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384

Tulare		Suicide Prevention - Community Warm Line - LGBTQ (a.k.a. Trevor Project)	PEI	The Trevor Project is a leading national organization focused on crisis and suicide prevention efforts among lesbian, gay, bisexual, transgender and questioning (LGBTQ) youth. Trevor stresses the importance of suicide prevention training through grassroots outreach and engagement efforts by participating in various community health fairs and events, and presenting to local interest groups and educators. Outreach consists of hosting the only nationwide, around-the-clock crisis and suicide prevention helpline for LGBTQ youth in crisis, and family/friends of LGBTQ youth; facilitating the Lifeguard Workshop Program which promotes suicide prevention education for community gatekeepers through the use of a structured, age-appropriate curriculum with trained facilitators to address topics including sexual orientation and gender identity, the impacts of language and behavior on LGBTQ youth and suicide prevention skills in schools; and distributing the Trevor Survival kit which is a classroom tool used in conjunction with the short film, Trevor, to constructively generate discussion about the myriad of issues surrounding suicide, personal identity and sexual orientation.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a> <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384
Tulare		Workforce Development	WET	This effort identifies necessary training, evidence-based curricula, and best practices that will assist in transforming the mental health system to one that is based on recovery, resiliency, and wellness, culturally competent, and consumer and family driven. Strategies include implementation of train-the-trainer programs, consultation by field experts, and use of online learning and content management systems (e.g., E-Learning, Network of Care).	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a> <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Juan Alvarez Jalvarez1@tularehhsa.org Phone: (559) 624-7470
Tulare		Local High School and Community College Initiative	WET	In collaboration with local high schools and community colleges, a mental health career pathway component will be developed, preparing students for careers in the mental health field. Special effort will be made to involve youth from diverse ethnic communities where access to knowledge about mental health careers may be limited and stigma regarding mental illness may be strong.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a> <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Juan Alvarez Jalvarez1@tularehhsa.org Phone: (559) 624-7470
Tulare		Wellness and Recovery Center	CFT - Capital Facilities	Tulare County's use of the Capital Facilities funds to create wellness and recovery centers will increase the County's ability to produce long-term impacts with lasting benefits and will move its mental health system toward the MHSF goals of wellness, recovery, and resiliency.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a> <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Juan Alvarez Jalvarez1@tularehhsa.org Phone: (559) 624-7470
Tulare		Integrated Clinic with Pharmaceutical Case Management	INN	The Integrated Clinic with Pharmaceutical Case Management program combines consultation, assessment, and warm linkage for providers of physical health, mental health, substance abuse, medication management, and community services. This is an effort to ameliorate current fragmentation of service delivery and create pathways of communication between physical health and mental health providers. This program seeks to increase access to health services and increase the quality of services (resulting in better physical health and mental health outcomes) as providers coordinate care across disciplines. The integration model will foster collaboration between the two systems and increase education across disciplines.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a> <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384
Tulare		My Voice Media Center	INN	The My Voice Media Center program provides the opportunity to develop methods in which consumers and family members tell their stories through various mediums, such as public oral expression, video, and music. The My Voice Media Center introduces a new approach that has been successful in non-mental health contexts, including campaigns for educational rights, human trafficking, and advocacy for individuals living with HIV. Forms of expression such as participatory photography programs provide individuals from disadvantaged and marginalized communities with tools for advocacy and communication to create positive social change. The My Voice Media Center will increase consumer satisfaction with the types of supportive services that are available, increase consumer skill sets, increase participation in the mental health system of care, and reduce mental illness-related stigma in surrounding communities.	<a href="http://www.tchhsa.org/hhsa/">http://www.tchhsa.org/hhsa/</a> <a href="http://tulare.networkofcare.org/mh/index.aspx">http://tulare.networkofcare.org/mh/index.aspx</a>	Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384

Tuolumne		Full Service Partnerships	CSS-FSP	Provides extensive support and wrap around case management services for individuals who have a serious mental illness or severe emotional disorder. Additional supports are provided by FSP Peer Specialists (including one full time) to support FSP clients in achieving their personal goals for recovery and independence.	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 533-6245
Tuolumne		Peer Support Services	CSS-OESD	As part of the peer driven continuum of care , clients have access to the following programs: The Enrichment Center: serves as a place for socialization and provides outreach and support help to people in achieving recovery in a safe and caring place. Peer support groups such as BiPolar & Depression; Working with Emotions; PTSD; and Job Development are available, as well as individual one-on-one peer support. The David Lambert Community Drop in Center provides meals, socialization and basic resources for homeless individuals.	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 533-6245
Tuolumne		Nurturing Parenting (NP) Early Childhood Education Services	PEI	A contract with Infant Child Enrichment Services (ICES) provides a Nurturing Parenting Program. This is a multi-level parenting and family support strategy to prevent severe behavioral, emotional and developmental problems in children by enhancing the knowledge, skills and confidence of parents. These services foster positive parenting skills and activities to promote positive brain development in children birth to teen years.	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 533-0377
Tuolumne		Early Childhood Education	PEI	Expansion of the existing AmeriCorps Family Support Aide (FSA) support through Child Welfare Services (CWS). This is a prevention driven, peer support model that connects high risk families to work with those with lived experience in the CWS system. Using the Strengthening Families model, as well as Nurturing Parenting curriculum, the FSA will provide one-on-one sessions that are tailored to the specific needs of each individual parent. In addition, support staff will facilitate a Parent Support Group to help parents to develop social connections and to build relationships with other parents, families and community members to increase parent self-sufficiency. Other responsibilities include assistance in navigating resources for CalFresh and community resources.	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 533-6245
Tuolumne		Peer Outreach	CSS-OESD	<p>Peer Specialist Support has been added in the following programs: Substance Use Disorder; Peer Specialist works with incarcerated individuals suffering from co-occurring disorders and co-facilitates support groups outside of the jail.</p> <p>Outreach: One Peer Specialist is dedicated outreach to community members and agencies by sharing personal stories of mental health challenges to reduce stigma and build awareness. Outreach: One Peer Specialist is located on the Columbia Community College campus to provide individual and group supports for students.</p>	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 533-6245
Tuolumne		Benefits & Resources	CSS-OESD	The Benefits and Resource Specialist assists clients in applying for and obtaining public benefits such as Medi-Cal and SSI/SSDI. Linkage to community resources; housing options; and other services are provided.	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 533-6245

Reducing Disparities						
Tuolumne		Native American Outreach and Engagement	PEI	A contract with the Tuolumne Me-Wuk Indian Health Clinic provides outreach and engagement services targeting Native American youth and their families. The intent of this program is to engage individuals/families/populations that are currently receiving little or no mental health services by providing services within the community and in locations other than traditional mental health service sites, by focusing on identifying needs, assisting with linkages to services, reducing barriers to services, and providing culturally competent responses to behavioral health problems within the Native American Community of Tuolumne County. The clinic recently added a full-time Substance Abuse Counselor to provide services to Native Americans who are incarcerated and/or preparing for re-entry into the community.	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 928-3350
Tuolumne		Older Adults Outreach and Engagement Services	PEI	A contract with Catholic Charities provides outreach and engagement services targeting older adult population (60+). The intent of this program is to engage those older adults that are currently receiving little or no mental health services by providing services within the community and in locations other than traditional mental health service sites, focusing on identifying needs, assisting with linkages to services, and reducing barriers to services.	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 532-7632
Tuolumne		The Social Emotional Learning Foundations (SELF) Program	PEI	A contract with First Five, which administers the SELF program, promotes the social and emotional development of young children ages 0 through 5. The program relies on an Early Childhood Education (ECE) specialist, along with other qualified and experienced community professionals, to address social-emotional development delays in early childhood. Preschools receive training, consultations and materials for teachers to use for the identification and long range management of children with behavioral problems. ECE specialists provide on behavior management strategies to both teachers and parents.	<a href="https://www.tcsos.us/educational-services/self-socio-emotional-learning-foundations/">https://www.tcsos.us/educational-services/self-socio-emotional-learning-foundations/</a>	(209) 586-2337
Tuolumne		Latino Outreach and Engagement Services	PEI	A contract with Amador Tuolumne Community Action Agency provides outreach and engagement services targeting the Latino community via the Promotores de Salud (Promoters of Health) Program. The Promotores focus on the culturally competent service approaches, translation, and reduction of fear and stigma among the Latino population.	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 533-1397
Tuolumne		Reduction in School Based Violence Project	PEI	This Program targets students between the ages of 6 and 16 and to school administrators and teachers to provide education, information and supports to reduce violence on campus. Through a contract with Center For a Non Violent Community (CNVC), teachers learn to engage students in lessons and activities which increase empathy for the victim, the person exhibiting bullying behaviors, and the bystander. Strategies for victims and bystanders to remain safe are provided and educating students about healthy relationships, how to identify sexual harassment, and coping with emotional issues stemming from school-based incidents.	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 588-9305
Tuolumne		Statewide PEI Programs	PEI	Tuolumne County actively contributes to Statewide PEI programs and receives materials and support in return. These programs are: Suicide Prevention: intended to significantly impact information about suicide prevention Student Mental Health initiative: intended to provide grants to support educational institutions in implementing mental health programs and service. Stigma and Discrimination Reduction: intended to develop a strategic plan to reduce sigma and discrimination against people living with mental illness. These Statewide programs continue to be provided through CalMHSA	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 533-6245
Tuolumne		HealthLitNow (HLN) Healthcare Workforce Development	WET	In-school workshops provide education and information to students about careers in the healthcare industry. Workshops include information on professional trainings and mechanisms for successfully preparing for healthcare careers with a substantial focus on Mental/Behavioral Health and occupations serving persons with disabilities. This program is supported through various grants from OSHPD and local organizations including Tuolumne County Economic Development Authority, Sonora Regional Medical Center, Tuolumne County Superintendent of Schools Office, Mother Lode Job Training, Columbia College and the Blum Center at UC Merced.	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 601-9888

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Tuolumne		Student Mental Health & Wellness	PEI	A contract with Jamestown Elementary School provides outreach and engagement services to at risk youth and their families. Positive Behavior Intervention Strategies (PBIS) provide evidence-based behavioral interventions that help both academic and social behavior in students. Training was provided school staff including teachers, bus drivers, administrators and yard duty aids to become the first Trauma Informed School in Tuolumne County.	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 984-4704
Tuolumne		Suicide Prevention Program	PEI	A local community agency and interagency oversight committee work together to implement, coordinate, monitor, and provide project management for suicide prevention education trainings county-wide, as well as train the trainer activities and a comprehensive community education campaign targeted to all community residents. Targeted individuals receive training to help recognize and review risk, and intervene to prevent the immediate risk of suicide. A Suicide Prevention Sub-Committee meets quarterly to address community concerns.	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 533-1397
<b>Housing</b>						
Tuolumne		Supportive Housing Program	Housing	TCBHD's Housing component of the Mental Health Services Act was used to purchase a home close to the Behavioral Health offices in 2012 to provide permanent supportive housing for residents living with a serious mental illness. The house has two separate floors with 3 bedrooms on each floor; 6 tenants began living there in March, 2013. A second home, Cabrini House, was purchased in April, 2014. The procurement of this 2nd home added 5 housing units. There are 11 individuals who are supported to live independently, receive mental health services and thrive by living within the community.	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 533-6245
<b>SB 82 Funded</b>						
Tuolumne		Mental Health Triage	SB 82	SB 82 funding was established in order for the Mental Health Crisis Response system to support law enforcement in the field. TCBHD was awarded the grant to increase the crisis services within the county. The goal of the funding is specifically to reduce the number of persons present at the Emergency Department and to reduce psychiatric admissions. As a result of this new funding, efforts to team more with hospital staff to prevent psychiatric placement have been increased. Phone response and support is more available for pre-crisis response and case management team members, Behavioral Health Workers, are now trained and dispatched to the hospital to work more extensively with persons rather than just providing a crisis evaluation. **Funding for this project expires on May 31, 2018 and an application for additional funding has been submitted.** In March, 2018, TCBHD was notified by the MHSOAC of the intent to award SB 82 funds to Tuolumne County. As a result, TCBHD will be assigning Behavioral Health staff to work on-site with the Tuolumne County Sheriff Department to respond to crisis calls anywhere in the county. Also, Peer Specialist staff will be recruited and trained to provide follow up services to those who are being served through the program.	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 533-6245
<b>Other Programs</b>						
Tuolumne		Staff Training	WET	TCBHD continues to build core professional competencies through a variety of trainings for all staff. Trainings are focused on educating staff to provide services that are based on the recovery model; address cultural competency standards; support the philosophy of a client/family driven mental health system; and integrate services including community resources. Best practice and evidence based training approaches are provided in order to ensure accountability and outcomes. FY 2018/19 goals include continued focus on peer staff training and development to meet upcoming SB906 Peer Specialist Certification requirements. A focus on Milestones of Recovery Scale (MORS) training is also on tap for implementation of this tool to better report outcomes for services.	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 533-6245
Tuolumne		Internship and Supervision Program	WET	Provides the opportunity for students seeking MFT, LMFT, MSW, and other licensures to participate in clinical supervision in both group and individual settings. Availability of clinical supervision of hours toward licensure of interns and staff and increase of participation by individuals from underserved communities in internships.	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 533-6245
Tuolumne		Mental Health Loan Appreciation Program (MHLAP)	WET	The Mental Health Loan Appreciation Program (MHLAP) can serve up to 6 employees per year for qualified positions. Eligible employees are granted up to \$15,000 in student loan repayment and must agree to a 2 year employment contract in return. This program coordinated through CIBHS and OSHPD.	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 533-6245

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Tuolumne		Capital Facilities and Technological Needs	CFTN	CTFN funds have been used to remodel the Crisis Access and Intervention Prevention (CAIP) Walk in unit; renovation of another building that is now the Enrichment Center; technology upgrades throughout the department; and purchase of signature pads. The renovation of another building that is now the MHSF Administration office houses MHSF FSP and Admin staff. Updates and improvements to the grounds around the Enrichment Center and the David Lambert Center continue.	<a href="http://tuolumne.networkofcare.org/mh/">http://tuolumne.networkofcare.org/mh/</a>	(209) 533-6245
<b>VENTURA COUNTY</b>						
<b>Crisis Support</b>						
Ventura		Crisis Residential Treatment Center	CSS	The Crisis Residential Treatment (CRT) facility offers a short-term program to address the needs of adults experiencing worsening psychiatric symptoms or a behavioral health crisis, or who are in need of further stabilization following an acute hospitalization in order to return successfully to the community. As an alternative to hospitalization, the CRT model provides intensive mental health and behavioral supports in a spacious and home-like setting. Treatment and services are aimed at the stabilization of psychiatric symptoms and community reintegration. Residents must be between 18 and 59 years of age, and be willing to participate in the Wellness and Recovery-oriented services that include individual and group psychotherapy, psychiatric and medication management services, and a variety of programming that includes substance abuse relapse prevention, coping skills training, life skills support, activities and outings, and discharge planning.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Dr. Thomas Taylor (805) 981-9240 Thomas.Taylor@ventura.org
Ventura		Children's Crisis Stabilization Unit	CSS-SD	The CSU is in the beginning stages in the creation of the new receiving center for medically stable children and adolescents (ages 5-17 years) assessed as a danger to self, a danger to others or gravely disabled due to a mental disorder. The CSU will also function as a crisis stabilization specialty mental health program for children and adolescents who do not meet the criteria for civil commitment and can be safely discharged in less than 24 hours to lower levels of care in the community. Typically, children, youth and caregivers voluntarily commit to this phase of treatment. The Team continues to assess each client prior to discharge on their ability to demonstrate safe behavior and participate in additional crisis stabilization services while on the CSU.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Julie Glantz (805) 981-5476 Julie.Glantz@ventura.org
Ventura		Screening, Triage, Assessment and Referral (STAR)	CSS-SD	STAR serves consumers of all ages who are entering the county's behavioral healthcare system. The program coordinates access so that consumers receive timely, appropriate and consistent information, thorough screening, triage, assessment, and/or linkage to appropriate mental health services and supports in an efficient, high quality, culturally sensitive manner county-wide. "Recovery Coaches," who are individuals with "lived experience," assist in engaging persons in treatment who have traditionally been un-served or underserved, while helping to ensure that the concepts of empowerment, wellness and recovery are incorporated from the beginning of the consumer's experience with the VCBH system. STAR has increased the county's ability to provide consistent, coordinated outreach, assessment, supports and referral to our community, including an increase in service to un-served and underserved individuals.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Julie Glantz (805) 981-5476 Julie.Glantz@ventura.org
<b>Peer/Family Support Specialists</b>						
Ventura		Children's Full Service Partnership	CSS-FSP	In collaboration with the Probation Department, the program provides intensive community-based services for youth between 13 and 18 years of age who are involved with the Juvenile Justice System and have been placed on formal probation. Utilizing a 'wraparound' philosophy of "whatever it takes," the program provides support to youth and families through culturally competent services. With the use of parent support, peer advocates, and intensive case management to provide counseling, education and support, the program focuses on assisting youth and their families in identifying their strengths, working together to assess needs, and designing a personal plan of care, which includes linkage and engagement to identified services and supports.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Dina Olivas (805) 981-1101 Dina.Olivas@ventura.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Ventura		Adult Wellness and Recovery Center	PEI	The Adult Wellness and Recovery Center serves adults who are recovering from mental illness and often also substance abuse, who are at risk of homelessness, substance abuse, incarceration and increasing severity of mental health issues. The program is a 'portal' for access by offering supports commonly utilized by individuals with a serious mental illness without the pressure of 'enrolling' in services. It is located in Oxnard, and outreaches to underserved individuals throughout the county, offering an array of on-site supports and referrals to those who historically have not accessed services through the traditional clinic system. The program also provides supports for individuals as they transition out of other mental health programs on their journey of wellness and recovery. The program was developed and is run by peers who support members in the design of their personal recovery plan and in creating a set of goals that are meaningful to them.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Salvador Manzo (805) 385-9420 Salvador.Manzo@ventura.org  Clara Barron (805) 981-2247 Clara.Barron@ventura.org
Ventura		TAY Wellness and Recovery Center	CSS-SD	The Transitional Age Youth (TAY) Wellness and Recovery Center, or "TAY Tunnel," serves TAY, ages 18 to 25 years old, who are recovering from mental illness and often substance abuse issues, and are also at risk of homelessness, substance abuse, incarceration and increasing severity of mental health issues. The program is a 'portal' for service access, by offering supports commonly utilized by young adults with a serious mental illness without the pressure of 'enrolling' in services. It is located in Oxnard, and outreaches to underserved TAY throughout the county, offering an array of on-site supports and referrals to TAY who historically have not accessed services through the traditional clinic system. The TAY Tunnel also provides supports for TAY as they transition out of other mental health programs on their journey of wellness and recovery. The TAY Tunnel was developed and is run by peers who support members in the design of their personal recovery plan and in creating a set of goals that are meaningful to them.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Sevet Johnson (805) 981-9264 Sevet.Johnson@ventura.org  Clara Barron (805) 981-2247 Clara.Barron@ventura.org
Ventura		Family Access Support Team	CSS-SD	This program is designed to provide services to youth and their families served by the Behavioral Health Department who are at high risk for hospitalization or out-of-home placement. FAST is staffed solely with Parent Partners, who have raised a child with a serious mental/emotional disorder and receive specialized training to support others in similar situations. Parent Partners collaborate with the treatment team, providing intense home-based services to families. They model techniques to support parents in implementing the Personal Care Plan of each child and their family, so that the family better understands how to utilize interventions to alleviate crises.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Jennifer Dougherty (805) 582-4088 Jennifer.Dougherty@ventura.com
<b>Reducing Disparities</b>						
Ventura		LGBT	PEI	In collaboration with Rainbow Umbrella, this program will work with our at-risk LGBTQIA county youth and TAY ages, 13-24. RU will provide a coordinator to work with schools to create/ strengthen established Gay Straight Alliance/Diversity Groups. This coordinator will also establish community supportive groups throughout the county, enlisting community facilitators to provide mental health linkage and stigma/discrimination reduction.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Clara Barron (805) 981-2247 Clara.Barron@ventura.org
Ventura		Universal Prevention Project	PEI	While the Community Coalition projects have sunset in FY 13/14, the four Outreach & Engagement projects will continue and will include a variety of grassroots prevention efforts that address specific needs of target communities and increase community engagement, provide public education, and promote awareness of mental health issues while reducing the stigma that prevents people from accessing services. The projects are designed to "mirror" the area they serve, reflecting the cultural, ethnic/racial and linguistic make-up of the community. The projects include area-specific, as well as community-wide, universal and targeted outreach, education and prevention strategies. The outreach and engagement projects include: Tri-Counties GLAD, with a project specifically focusing on the deaf and hard of hearing community; Project Esperanza, with a project specific to the Latino community in the Santa Clara Valley; One Step A La Vez, with a project specific to at-risk youth in Fillmore; and St. Paul's Baptist Church, with a project specific to the African American community. Other Universal prevention project activities include: a social marketing campaign, Wellness Everyday, designed to increase awareness and decrease stigma of mental health issues; Mental Health First Aid, which includes education of community members about mental health issues; Crisis Intervention Training which trains law enforcement of issues around mental health; SafeTALK which teaches participants how to identify people who have thoughts of suicide and connect a person to appropriate interventions.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Clara Barron (805) 981-2247 Clara.Barron@ventura.org

<b>Housing</b>						
Ventura		Adult Recovery Tracks	CSS-FSP/SD	Provides a full continuum of services to adult behavioral health consumers with serious and persistent mental illness (SPMI), many of whom had been underserved or un-served by the county's traditional mental health system. The program was developed with multiple tracks, providing services across a spectrum of needs and focusing on the wellness and recovery of the individual. Additional tracks provide research informed or evidenced-based treatment for consumers diagnosed with psychotic disorders or mood disorders, or who are dually diagnosed with mental health and substance abuse issues. These tracks are provided in all VCBH adult clinics, serving consumers county-wide. Consumers served through all tracks receive additional support from Recovery Coaches – peer employees with lived experience who participate as members of the treatment teams. These tracks also include the Adult and Older Adult FSP tracks.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Dr. Thomas Taylor (805) 981-9240 Thomas.Taylor@ventura.org
Ventura		Transitional Age Youth Full Service Partnership	CSS-FSP	This program serves transitional age youth (TAY), ages 18-25, who are diagnosed with a serious mental illness (SMI), many of whom are dually diagnosed with a co-occurring substance abuse disorder and who are risk of homelessness, incarceration or hospitalization. The program serves 15 TAY who live in a supportive, social rehabilitation environment in Camarillo, with an additional 15 TAY living independently throughout the county. The program supports individuals in moving toward personal recovery by providing stabilization and skill development to live independently and successfully within the community. Consumers receive a multidimensional range of services – “whatever it takes” to support their wellness and recovery, with an emphasis on moving toward living independently within the community.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Sevet Johnson (805) 981-9264 Sevet.Johnson@ventura.org  Clara Barron (805) 981-2247 Clara.Barron@ventura.org
Ventura		Capital Development and Capitalized Operating Subsidy	MHSA Housing	The funds allocated by DMH to Ventura County and administered by California Housing Finance Authority provide permanent financing and capitalized operating subsidies to develop permanent supportive housing for MHSA-eligible individuals with serious mental illness who are homeless or at risk of homelessness. At present, 15 units completed, 24 ready for occupancy, 15 under construction and 11 in development, for a total of 65 apartments, affordable to very- and extremely- low income individuals. An additional 31 units: 15 units developed as a result of one-time extraordinary MHSA funding (preceded MHSA Housing Program) and 16 units developed, as a result of MHSA but funded from other sources.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Fernando Medina (805) 981-3300 Fernando.Medina@ventura.org
<b>SB 82 Funded</b>						
Ventura		Rapid Integrated Support and Engagement	SB 82	The Rapid Integrated Support and Engagement (RISE) Team is a new unit that provides even greater opportunities for engagement and outreach throughout the county in order to reach those who traditionally have fallen through the cracks or cycled through inpatient stays. The current crisis team was expanded. Clinicians will be staffed at the inpatient psychiatric unit to connect with patients prior to discharge, provide a bridge to short-term crisis residential services for those eligible who were declined IPU admittance, and provide short-term crisis intervention and supervision of ER patients to alleviate the need for law enforcement personnel for that purpose. A Rapid Response and Assessment Team was established to provide in-field services including assessments, case management and referrals. This team includes Peer Support Specialists, Community Services Coordinators (CSC) and clinicians. An Engager team provides targeted community-based case management and outreach to those hard to reach who are newly admitted to the IPU or CRT. A CSC Homeless Team will outreach to the homeless mentally ill who are receiving clinic-based services to help keep them engaged in services. RISE is built upon relationships with the community and other agencies.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Julie Glantz (805) 981-5476 Julie.Glantz@ventura.org
Ventura		Mobile Crisis Response Team	CSS-SD (SB 82)	This program provides services to all adults and older adults in need of community-based crisis response services 24/7 throughout Ventura County. This is for individuals currently receiving mental health services, and for those who are un/under served within the community. For some of these consumers and their families, this may be the first contact with mental health services, so follow up calls and expedited referrals to the Screening, Triage, Assessment and Referral team are made if necessary.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Julie Glantz (805) 981-5476 Julie.Glantz@ventura.org

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Other Programs						
Ventura		Adult XP2	CSS	Ventura County Behavioral Health contracts with TeleCare Corp. to provide Assertive Community Treatment (under the “VISTA” program name, also known as XP2) for adults with serious mental illnesses and history of incarcerations. The so-called “wrap around” services include psychiatric medication, case management, rehabilitation services, and 24/7 access to staff. Most referrals to the program are identified while they are in jail and they are determined to not otherwise be engaging in outpatient psychiatric treatment while in the community. There are resources for 30 clients at be served at a time.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Dr. Thomas Taylor (805) 981-9240 Thomas.Taylor@ventura.org
Ventura		Adult Recovery Tracks	CSS-FSP/SD	Provides a full continuum of services to adult behavioral health consumers with serious and persistent mental illness (SPMI), many of whom had been underserved or un-served by the county’s traditional mental health system. The program was developed with multiple tracks, providing services across a spectrum of needs and focusing on the wellness and recovery of the individual. Additional tracks provide research informed or evidenced-based treatment for consumers diagnosed with psychotic disorders or mood disorders, or who are dually diagnosed with mental health and substance abuse issues. These tracks are provided in all VCBH adult clinics, serving consumers county-wide. Consumers served through all tracks receive additional support from Recovery Coaches – peer employees with lived experience who participate as members of the treatment teams. These tracks also include the Adult and Older Adult FSP tracks.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Sevet Johnson (805) 981-9264 Sevet.Johnson@ventura.org
Ventura		TAY Transitions	CSS-FSP/SD	The Transitions program serves Transitional Age Youth (TAY), ages 18 to 25 years old, with serious mental illness, by addressing their full spectrum of needs. Transitions focuses on a client driven model, which integrates wellness and recovery into its array of services, including psychiatric treatment, individual therapy, intensive case management services, group treatment and rehabilitation services. While ensuring capacity to provide services within the clinic setting, the Transitions Program ensures that clinicians and case managers also provide field-based services within homes, community, and the TAY Wellness and Recovery Center. Peer staff, or “Recovery Coaches,” support consumers in the achievement of their wellness and recovery goals. The program serves primarily the Oxnard, Ventura, Conejo and Simi Valley regions of Ventura County and has been effective in expanding access to services to traditionally un-served and underserved TAY in these areas.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Sevet Johnson (805) 981-9264 Sevet.Johnson@ventura.org
Ventura		Fillmore Community Project	CSS - SD	The Fillmore Community Project provides a variety of mental health treatment, supports and case management services for severely emotionally disturbed (SED) youth between 0 and 17 in the communities of Fillmore and Piru, historically underserved communities that are predominantly Latino. These communities include a significant number of migrant workers and Spanish speakers. With fully bilingual staff, services are community based, culturally competent, client and family driven and designed to overcome the historical stigma and access barriers to services in these communities.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Salvador Manzo (805) 385-9420 Salvador.Manzo@ventura.org
Ventura		Early Signs of Psychosis Intervention	PEI	The Ventura Early Intervention Prevention Services (VIPS) program assesses and treats individuals between the ages of 16-25 years old who show signs of and experience early warning signs of psychosis. The VIPS team provides individualized treatment to address these early “prodromal” signs and to assist young people and their families to build coping skills, reduce stress, and increase performance in all areas of life. The team also educates community members who most typically interact with young people, assisting them in the identification of the early warning signs of psychosis. This program utilizes the Portland Identification and Early Referral (PIER) model, a research informed practice.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Sevet Johnson (805) 981-9264 Sevet.Johnson@ventura.org
Ventura		Primary Care Project	PEI	This project provides early intervention treatment of depression for individuals 12 years and older, through a collaborative care approach between behavioral health and primary care clinics. Clinicians are integrated into primary health care sites utilizing IMPACT, which is an evidenced based collaborative care model for the screening, assessment, and intervention of individuals experiencing early depression. Integration of these early mental health services with primary health care is less stigmatizing and provides accessibility to services for individuals that have historically been less likely to access traditional mental health services. The Primary Care Project has been implemented in partnership with Clinicas del Camino Real.	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	Clara Barron (805) 981-2247 Clara.Barron@ventura.org

Ventura		Financial Incentive Programs	WET	<p>Educational Stipends and Scholarships – This program is still in development and will provide financial supports in the form of scholarships and/or loan assumption for educational costs. This program will be available for staff, consumers and family members that are pursuing advanced degrees in the mental health field. The focus will be on bilingual and bicultural individuals and will also support those with lived experience.</p> <p>Internship Stipends – Provides educational stipends to students who are participating in clinical training programs. Currently these stipends are focused on bilingual students receiving training as an MFT trainee, MSW intern, and Research Assistant.</p>	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	<p>Carla Cross (805) 981-4221 Carla.Cross@ventura.org</p>
Ventura		Internship Programs	WET	<p>Clinical Training and Internship Programs – Includes providing clinical fieldwork experience and training for students enrolled in a variety of clinical programs.</p> <p>Mental Health Nurse Practitioner Program – Clinical internships for nurse practitioners enrolled in a mental health nurse practitioner certificate program. The goal is to utilize nurse practitioners with specialty training in mental health to provide relief to clinics where it has been difficult to find a sufficient number of psychiatrists for medication management services.</p>	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	<p>Carla Cross (805) 981-4221 Carla.Cross@ventura.org</p>
Ventura		Mental Health Information System - Avatar Practice Management	CFTN -Technology	<p>Includes the purchase and implementation of a new MIS (Management Information System) that is necessary to meet both current Department needs, as well as to comply with State and Federal requirements, which require counties to transform reporting systems to an integrated technology system supporting secure Electronic Health Records.</p> <p>The new system will include electronic billing, registration, data collection, electronic clinical notes, e-prescribing and lab orders, mobile clinical access, document imaging, interface with contracted community based providers, and a linkage to a personal health record that consumers can set up and control.</p>	<a href="http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)">http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)</a>	<p>Dave Roman (805) 981-3337 Dave.Roman@ventura.org</p>
<b>YOLO COUNTY</b>						
<b>Crisis Support</b>						
Yolo		Crisis Intervention Program (SB 82) Program Augmentation	PEI	<p>This mobile crisis intervention program is designed to have trained clinical staff available and follow-up peer support workers when law enforcement responds to a mental health crisis with the goals of providing the most appropriate mental health crisis care while minimizing the costly placement of individuals in hospitals and jails. When a law enforcement agency is called to respond to a mental health crisis, CIP staff are sent into the field along with police officers to offer brief assessment and intervention. At the onset of the crisis response, police officers determine whether the situation is stable, and if deemed so, the CIP clinician takes over. CIP staff work with consumers to de-escalate the crisis and provide necessary support and linkage to services. As part of the program, peer support staff follow up to facilitate engagement. Due to both the success of the pilot and the increasing community need for crisis intervention services, MHSa stakeholders agreed to continue augmenting SB 82 funding to cover additional staffing costs.</p>	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	<p>Yolo County Health and Human Services Agency 137 N. Cottonwood St. Woodland, CA 95695</p> <p>Staff Contact: Harjit Singh Gill</p>

Yolo		Adult Residential Tx Program (Acquisition of Property)	CFTN	Yolo County plans to develop an adult residential treatment facility to support people transitioning back to the community from institutional placements, such as IMD/MHRCs, and provide a community-based residential treatment alternative for adults at risk of IMD/MHRC placement. The adult residential treatment facility will be licensed as an ART with Community Care Licensing and certified as a transitional residential program through the State Department of Health Care Services, Mental Health division. It will be located within Yolo County and serve adults ages 18 and older with serious mental illness who are at risk of or transitioning from IMD/MHRC placement. The expected length of stay will be no more than 18 months, during which time consumers will receive a variety of psychosocial rehabilitation to address their mental health needs as well as any other issues that arise that would increase the likelihood of IMD/MHRC placement.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Yolo County Health and Human Services Agency Location TBD: In Development
Yolo		First Responders Initiative (Urgent Care)	INN	The First Responders Initiative, has three primary components: 1. Multidisciplinary Forensic Team (MDFT): which modifies the existing MDFT practice that exists in other California counties of facilitating a regular, ongoing case conference between LEAs and behavioral health staff to include all first responders (i.e. EMS, EDs, and fire), to gather all emergency personnel who may encounter someone experiencing a mental health crisis with HHSA and contracted providers to develop a coordinated response for individuals who are likely to come into contact with first responders or have a history of repeated contact. 2. Mental Health Urgent Care (MHUC): the County has designed a MHUC program that can provide crisis intervention services to individuals and their families who do not meet criteria for a 5150 hold but require additional support. This also provides an additional location for first responders to drop off someone in need of mental health support; the facility also plans to accept walk-ins and family members dropping someone off, thereby providing an alternative to the ED for consumers and their families. 3. Health Information Exchange (HIE): HHSA and the EDs each maintain their own Electronic Health Records (EHRs), and each of the LEAs and first responder agencies maintain separate dispatch and call records. In order to support a coordinated response for people with frequent contact with first responders, EDs, and HHSA crisis and other behavioral health services, HHSA and partners have identified a need to support health information sharing. Recognizing that this is a significant investment of time and resources, HHSA has reached out to the ED partners and health plans to begin the process of including this project as a part of a larger HIE initiative, currently underway.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Yolo County Health and Human Services Agency West Sacramento 500-B Jefferson Boulevard West Sacramento, CA 95605 Phone: (855) 897-2033 - Phone Hours: 7 Days per Week *Closed Holidays 12:00 p.m. - 9:00 p.m.

<b>Peer/Family Support Specialists</b>						
Yolo		TAY Wellness Center Services	PEI	The TAY Wellness Center services will provide access to multiple levels of care in a youth-welcoming environment. In centralized locations, TAY Wellness Center services will focus on improving access and engagement with mental health services while providing a safe space for youth and transitional aged youth. The centers will serve as a support for young people who are entering the mental health system and to navigate the service system. Additionally, TAY Wellness Center activities will be youth-dedicated and focus on addressing the unique needs of the youth and transitional aged youth population in Yolo County. The youth-friendly centers will provide multiple levels of mental health services from one-on-one services to severe mental illness interventions. Additionally, TAY Wellness Center services will provide community-building, socialization, and academic activities that promote wellness, recovery, and resiliency among this population. This includes recreational sport activities, mentoring services, college preparedness workshops, and group counseling. Yolo County HHSA is developing TAY wellness center days and hours dedicated specifically for this population as a supportive environment for TAY to hang out, access resources, and find community. TAY Wellness Center services aim to decrease the disparity gap in service utilization between children and transition age youth by delivering services for their unique needs and concerns. TAY Wellness Center services will provide opportunities for early intervention and alternative mental health services for youth and transitional aged youth. This population will receive support through mental health services, peer-network development activities, and socialization based activities.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	<p>Yolo County Health and Human Services Agency</p> <p>Woodland 137 N. Yolo		TAY Speakers Bureau	PEI	The TAY Speaker's Bureau aims to reduce the stigma and discrimination associated with having a mental health issue, by replacing harmful misconceptions with stories of mental health recovery and resiliency. This program will develop a group of TAY with diverse backgrounds, interests, talents, and aspirations, who have lived experience of mental health as well as perspectives on how to build and maintain wellness in their lives. The TAY Speaker's Bureau will include leadership from Yolo County's Peer Workforce to ensure the work is peer-led and recovery and resiliency based, which is a demonstrated best practice. TAY Speaker's Bureau members will receive monthly training as well as stipends for developing their stories, public speaking practice, and community presentations. These youth and young adults will participate in speaking engagements to share their personal experiences with mental health to educate and inspire their communities. TAY will speak in various settings and to various stakeholders such as education, law enforcement, faith based communities, mental health providers, and peers. All speaking engagements will include targeted messaging around public, structural, and self-stigma and strategies to better support those living with mental health issues. Audience members will also have the opportunity to participate in a question and answer period with TAY to further support stigma reduction activities.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	<p>Yolo County Health and Human Services Agency 137 N. Yolo		Integrated Behavioral Health for Latino Communities and Families	PEI	The Integrated Behavioral Health Services for the Latino Community Families program will provide culturally responsive services to Yolo County Latino/Hispanic residents with health issues, mental health illnesses, and/or substance use issues. The program will serve the entire Latino community as well as provide targeted outreach effort to Latino men/heads of household. The program seeks to develop relationships between providers and not only consumers, but also their supports, families, and community. When applicable, services are provided in coordination with a consumer's other providers, and always provide referrals to other appropriate services when needed. Additionally this program incorporates Que Viva La Vida Conferences for the Latino farmworkers will include speakers presenting resources and information on mental health, physical health, education, and much more to Latino farmworkers in some of the rural communities. The program intends on hosting at least two of these events a year, and will provide a resource fair in which up to thirty agencies will network with the event participants and provide either referrals or information for participants to act upon. Ideally, the program hopes to provide referrals to 100% of the farmworkers that may need resources by visiting two farms per week, totaling up to 45-75 farms per year.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Communicare Health Centers 215 West Beamer Street Woodland, CA 95695 Hours: Monday – Friday 8:30 AM – 7:00 PM  RISE Inc. Yolo		Community Based Drop in Navigation Centers (Adult System of Care)	CSS	The Community Based Drop-In Navigation Centers are intended to provide a community-based location where adults who are at risk of incarceration, hospitalization, and/or homelessness, and who are not yet connecting to county mental health services, can drop in to receive a variety of behavioral health and social services. The Community Based Drop in Navigation Centers will serve Yolo County Adults ages 18 and older. The Centers will provide a central location and staff to support three types of consumers: 1) those with mental health conditions who are not currently accessing services, 2) those who have been recently released from jail, hospitals, or other institutions and are not currently accessing services, or 3) those consumers whose mental health may be currently well managed and stable, but who are experiencing instability due to underlying challenges with basic needs such as housing, food, or employment. The purpose of the Community Based Drop in Navigation Centers is to reach consumers who a) are at risk of developing a mental health crisis but who may not be willing or able to engage in more formalized services in a clinical setting, and b) desire additional support in a flexible, non-clinical setting. Services at the Community Based Drop in Navigation Centers will provide a wide array of options for assisting consumers with any level of service engagement, focused on but not exclusive to those recently leaving jail, hospital, or other institutional setting.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Communicare Health Centers Location TBD (Davis, CA)
Yolo		Peer and Family Led Support Services (Adult System of Care)	CSS	Peer and Family Led Support Services include the development and provision of psycho-education and other support groups intended to assist peers and families to 1) increase understanding of the signs and symptoms of mental health, 2) promote awareness of mental health resources and develop ways to support and advocate for an individual or loved one to access needed services, and 3) receive support to cope with the impact of mental health for an individual or within the family.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	NAMI-Yolo PO Box 447 Davis, CA 95617 Phone: 530-756-8181 Email: <a href="mailto:friends@namiyolo.org">friends@namiyolo.org</a>
Yolo		Peer Workforce Development Workgroup (Multiple Systems of Care)	WET	The Peer Workforce Development Workgroup will develop a program that provides 1) Yolo County peer staff with an array of training and supports to develop their roles as direct service providers to consumers as well as their personal professional progress, and 2) addresses issues of benevolent stigma and implicit bias in the workplace. Peer staff will comprise some of the workgroup membership, and the workgroup will conduct further research activities to inform its focus and any actions it enacts. These activities will include gathering data around peer workforce best practices as well as practices in other counties. The ultimate goal of these activities is to inform and assist Human Resources to support and utilize peer staff to the highest possible degree.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Yolo County Health and Human Services Agency 137 N. Cottonwood Street Woodland, CA 95695  Staff Contact: Theresa Smith
<b>Reducing Disparities</b>						
Yolo		Early Childhood Mental Health Access and Linkage Program	PEI	The Early Childhood Mental Health Program Access and Linkage program provides universal screenings to parents and their children ages 0-5 to identify young children who are either at risk of or beginning to develop mental health problems that are likely to impact their healthy development. The ECMH Access and Linkage program will then connect children and their families to services that would either prevent or intervene early to address mental health problems impacting healthy development. The ECMH Access and Linkage program will provide screening, identification, and referral services for children 0 - 5 in the community setting to: 1) provide prompt identification and intervention for potential issues; and 2) provide timely access and coordination for services to address existing issues at appropriate service intensity. Children and youth will be linked to the most suitable service, regardless of funding source or service setting (e.g., county funded, ESPDT, or school).	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	First 5 Yolo 502 Mace Boulevard, Suite 11 Davis, CA 95618 Main Line: 530-669-2475 Fax: 530-669-2477 Email for General Inquiries: <a href="mailto:info@first5yolo.org">info@first5yolo.org</a>

Yolo		School Based Access and Linkage Program	PEI	The School-based Access and Linkage program will place clinical staff at schools to provide universal screening, assessment, and referral to treatment for children and youth aged 6-18. Similar to the Early Childhood Mental Health Access and Linkage program, the School-based Access and Linkage program will help identify youth who need mental health services and provide linkages and warm-hand offs. This program shifts the focus for MHSa-funded clinical staff from providing brief treatment in the schools to understanding a child's needs and linking the child and their family to the appropriate level of mental health service. (The previously funded school-based brief mental health treatment is covered service for children if medically necessary and may continue through the EPSDT, Partnership Health Plan, and other insurance programs.) The School-based Access and Linkage program will provide screening, identification, and referral services for and 6 – 18 in a school-based setting to: 1) provide prompt identification and intervention for potential issues; and 2) provide timely access and coordination for services to address existing issues at appropriate service intensity. Children and youth will be linked to the most suitable service, regardless of funding source or service setting (e.g., county funded, ESPDT, or school).	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Urban: Victor Community Support Services 3050 Beacon Blvd., Suite 200A West Sacramento, CA 95691 United States (530) 601-5612  Rural: Yolo Family Services Agency 455 First Street Woodland, CA 95695 Ph: (530) 662-2211 Fax: (530) 662-4315
Yolo		Mentorship and Strengths Building Program	PEI	The Mentorship/Strengths-Building Program provides evidence-based, culturally responsive services and offers promising practices in outreach and engagement for at-risk children and youth that build their resiliency and help to mitigate and/or support their mental health experiences. As designed, the Mentorship/Strengths-Building Program is intended to serve three functions, 1) provide school and community based education programs about children's mental health and relevant children's mental health issues to children, youth, and child-serving agencies, 2) provide school and/or community based prevention groups for school-age children, and 3) provide after-school mentorship to children and youth.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Urban: Victor Community Support Services 3050 Beacon Blvd., Suite 200A West Sacramento, CA 95691 United States (530) 601-5612  Rural: RISE Inc. Yolo		TAY Speakers Bureau	PEI	The TAY Speaker's Bureau aims to reduce the stigma and discrimination associated with having a mental health issue, by replacing harmful misconceptions with stories of mental health recovery and resiliency. This program will develop a group of TAY with diverse backgrounds, interests, talents, and aspirations, who have lived experience of mental health as well as perspectives on how to build and maintain wellness in their lives. The TAY Speaker's Bureau will include leadership from Yolo County's Peer Workforce to ensure the work is peer-led and recovery and resiliency based, which is a demonstrated best practice. TAY Speaker's Bureau members will receive monthly training as well as stipends for developing their stories, public speaking practice, and community presentations. These youth and young adults will participate in speaking engagements to share their personal experiences with mental health to educate and inspire their communities. TAY will speak in various settings and to various stakeholders such as education, law enforcement, faith based communities, mental health providers, and peers. All speaking engagements will include targeted messaging around public, structural, and self-stigma and strategies to better support those living with mental health issues. Audience members will also have the opportunity to participate in a question and answer period with TAY to further support stigma reduction activities.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Yolo County Health and Human Services Agency 137 N. Cottonwood St. Woodland, CA 95695  Staff Contact: Julie Freitas
Yolo		Early Signs Training and Assistance	PEI	Early Signs Training and Assistance focuses on mental illness stigma reduction, and on community education to intervene earlier in mental health crisis. Early Signs provides training to providers, individuals, and other caregivers who live and/or work in Yolo County on Applied Suicide Intervention Strategies Training (ASIST); SafeTALK; Mental Health First Aid Certification; Youth Mental Health Aid; Educate, Equip, and Support: Building Hope; and Question Persuade Refer (QPR).	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Yolo County Health and Human Services Agency 137 N. Cottonwood St. Woodland, CA 95695 Phone: (530) 666-8712 Email: <a href="mailto:MHSa.MHTrainings@yolocounty.org">MHSa.MHTrainings@yolocounty.org</a> Staff Contacts: Donna Bousquet or Tessa Smith
Yolo		LGBTQ+ Initiative	PEI	The Cultural Competency/LGBT+ Cultural Competency Initiative is intended to provide the Cultural Competency Committee with the information it needs to effectively expand and deepen cultural competency among all HHSA staff, providers, and other partners to foster the development of specialty training for some staff in specific content and cultural areas, and to apply these with specific attention to LGBTQ+ culture. The initiative will provide targeted support to improve cultural competency mental health service provision across the system, with more depth than the current training model and with appropriate data collection and analysis capacity in place.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Yolo County Health and Human Services Agency 137 N. Cottonwood St. Woodland, CA 95695 Hours: Workgroup meetings 2nd Friday Monthly  Staff Contact: Theresa Smith
Yolo		Community Based Drop in Navigation Centers (Adult System of Care)	CSS	The Community Based Drop-In Navigation Centers are intended to provide a community-based location where adults who are at risk of incarceration, hospitalization, and/or homelessness, and who are not yet connecting to county mental health services, can drop in to receive a variety of behavioral health and social services. The Community Based Drop in Navigation Centers will serve Yolo County Adults ages 18 and older. The Centers will provide a central location and staff to support three types of consumers: 1) those with mental health conditions who are not currently accessing services, 2) those who have been recently released from jail, hospitals, or other institutions and are not currently accessing services, or 3) those consumers whose mental health may be currently well managed and stable, but who are experiencing instability due to underlying challenges with basic needs such as housing, food, or employment. The purpose of the Community Based Drop in Navigation Centers is to reach consumers who a) are at risk of developing a mental health crisis but who may not be willing or able to engage in more formalized services in a clinical setting, and b) desire additional support in a flexible, non-clinical setting. Services at the Community Based Drop in Navigation Centers will provide a wide array of options for assisting consumers with any level of service engagement, focused on but not exclusive to those recently leaving jail, hospital, or other institutional setting.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Communicare Health Centers Location TBD (Davis, CA)

These supports include: supportive housing, daily living skills training, community integration skill development, volunteer work opportunities, collaboration with the Yolo Mental Health Wellness Team, and referral/linkage to necessary community services.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	<p>Turning Point Community Programs</p> <p>Referral Required from Yolo County Health and Human Services Agency</p> <p>24 Hour Toll Free Access Line: (888) 965-6647 Woodland: (530) 666-8630 Hours: Monday-Friday 8:00 am – 5:00 pm.</p>
<b>SB 82 Funded</b>						
Yolo		Crisis Intervention Program (SB 82) Program Augmentation	PEI	This mobile crisis intervention program is designed to have trained clinical staff available and follow-up peer support workers when law enforcement responds to a mental health crisis with the goals of providing the most appropriate mental health crisis care while minimizing the costly placement of individuals in hospitals and jails. When a law enforcement agency is called to respond to a mental health crisis, CIP staff are sent into the field along with police officers to offer brief assessment and intervention. At the onset of the crisis response, police officers determine whether the situation is stable, and if deemed so, the CIP clinician takes over. CIP staff work with consumers to de-escalate the crisis and provide necessary support and linkage to services. As part of the program, peer support staff follow up to facilitate engagement. Due to both the success of the pilot and the increasing community need for crisis intervention services, MHSFSA stakeholders agreed to continue augmenting SB 82 funding to cover additional staffing costs.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	<p>Yolo County Health and Human Services Agency 137 N. Cottonwood St. Woodland, CA 95695</p> <p>Staff Contact: Harjit Singh Gill</p>
<b>Other Programs</b>						
Yolo		Early Signs Crisis Intervention Training	PEI	The Crisis Intervention Team (CIT) is modeled after a nationally recognized, evidence-based program known as the CIT Memphis Model, which focuses on training law enforcement personnel and other first responders to recognize the signs of mental illness when responding to a person experiencing a mental health crisis. The course is approved by the local Peace Officers Standards and Training agency and provides materials plus 32 hours of training at no cost to the participating agency or individual. The course trains on the signs and symptoms of mental illness and coaches on how to respond appropriately and compassionately to individuals or families in crisis.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	<p>Disability Response Inc. <a href="mailto:disabilityresponse@yahoo.org">disabilityresponse@yahoo.org</a></p>

Yolo		Children's Mental Health Services (Children's System of Care)	CSS	The Children's Mental Health Program provides a comprehensive blend of outreach and engagement, systems development, and full service partnership services for children with severe emotional disturbance who meet medical necessity for county mental health services. This program specifically provides case management, and individual and family services to Yolo County children up to age 17 with unmet or under-met mental health treatment needs. Additionally, the CMS program emphasizes services to school-age children who are Latino and/or are English learners, which are delivered by a bilingual-bicultural clinician. Services are available to children county-wide and include specific outreach into rural portions of the county where a disproportionate number of Yolo County residents are English learners and experience poverty. This program is provided by Yolo County HHSA with a FSP program contracted out to Turning Point Community Programs.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Turning Point Community Programs 3120 Freeboard Dr. Ste 102 West Sacramento, CA 95691  Referral required from Yolo County Health and Human Services Agency 24 Hour Toll Free Access Line: (888) 965-6647 Woodland: (530) 666-8630 Hours: Monday-Friday 8:00 am – 5:00 pm.
Yolo		Pathways to Independence (TAY System of Care)	CSS	The Pathways to Independence Program provides outreach and engagement, systems development, and full service partnership services for youth ages 16-25 with severe emotional disturbance and/or serious mental illness who meet medical necessity for county mental health services. This program is provided by Yolo County HHSA. This includes youth experiencing homelessness or serious risk for homelessness, emancipating from the foster care system or juvenile hall, involved with or at risk of involvement with the criminal or juvenile justice system, or experiencing a first episode of serious mental illness.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Yolo County Health and Human Services Agency 137 N. Yolo		Adult Wellness Alternatives (Adult System of Care)	CSS	The Adult Wellness Alternatives Program provides systems development, full service partnership, outreach and engagement services for adults with serious mental illness who meet medical necessity for county mental health services. This program serves Yolo County Adults ages 26 – 59 who are unlikely to maintain health/recovery and maximal independence in the absence of ongoing intensive services. The primary focus is to meet the mental health treatment needs of un-served, under-served, and inappropriately served adults in Yolo county with the highest level of mental health needs. Program features include opportunities to access housing, self-help programs, employment supports, family involvement, substance abuse treatment, assistance with criminal court proceedings, and crisis stabilization assistance, thereby offering several alternatives to support the individual consumer's prospects for wellness and recovery. Services at all levels are delivered mainly in the Wellness Centers, where consumers can gather and access an array of consumer-driven services and social/recreational programming. FSP includes a generalized program and two specialized programs, Assertive Community Treatment (ACT) and Assisted Outpatient Treatment (AOT). Assertive Community Treatment serves FSP consumers at the highest level of need with strong fidelity to the evidence-based ACT model, while Assisted Outpatient Treatment, also referred to as Laura's Law, serves court-mandated consumers who are unable to accept voluntary treatment and are at continued risk of harm. Both specialized programs are delivered by Turning Point, a community organization, while all other Adult Wellness Alternatives programs are delivered by HHSA.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Yolo County Health and Human Services Agency 137 N. County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Yolo		Older Adult Outreach and Assessment (Older Adult System of Care)	CSS	The Older Adult Outreach and Assessment Program provides a blend of full service partnership, system development, outreach and engagement services, and necessary assessments for seniors with mental health issues who are at-risk of losing their independence or of institutionalization. This program serves Yolo County Older Adults ages 60 years and older who may also have underlying medical and/or cooccurring substance abuse problems, or be experiencing the onset of mental illness later in life. This program includes case management, psychiatric services, as well as a continuum of services across the County. Additionally, the program coordinates services with the Older Adult Senior Peer Counselor Volunteers PEI Program, as well as integrating the Telepsychiatry program, with the goal of providing a continuum of care services to older adults.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Yolo County Health and Human Services Agency 137 N. Cottonwood Street Woodland, CA 95695  24 Hour Toll Free Access Line: (888) 965-6647  Woodland: (530) 666-8630 Hours: Monday-Friday 8:00 am – 5:00 pm. Yolo		Clinical Internship Program (Older Adult System of Care)	WET	Formerly known as the Intern Therapy for Older Adults program, the Clinical Internship program is designed to expand the existing stipended Intern Therapy Program connecting pre-degree Master's level trainees and pre-Doctoral level psychology student interns with older adult consumers in the community to include consumers 18 years and older. Yolo County, like many other California counties, continues to experience a shortage of mental health professionals with the education, training, and experience to competently treat the HHSA consumer population. As a result, this program aims to both provide specialized services while training new therapists to serve Yolo County. Intern therapists will provide psychotherapeutic services that draw upon a transtheoretical framework spanning social gerontology (for older adults), developmental, behavioral, cognitive, and health psychology. Yolo HHSA will ensure that Practicum and Intern Therapists receive the required level of clinical supervision and training. In order to implement this program, Yolo HHSA will assign supervisory responsibility to clinical teams.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Yolo County Health and Human Services Agency 137 N. Cottonwood Street Woodland, CA 95695
Yolo		Psychiatry Residency Program Development (Multiple Systems of Care)	WET	A Psychiatric Residency Program offers the promise of encouraging psychiatric residents to enter the public mental health workforce and receive training and supervision in the public mental health system and MHSa values. Psychiatry Residents would be involved with the psychiatric diagnosis, prescription of psychotropic medications, medical care issues, and psychotherapies for HHSA consumers. Like many California Counties, Yolo County is experiencing a workforce shortage of psychiatrists. In order to address the shortage, Yolo HHSA is committed to exploring a partnership with local medical schools, including UC Davis and UCSF, for a Psychiatric Residency program. A Psychiatry Residency Internship program would increase the number of trained psychiatry interns in community mental health at Yolo County HHSA.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Yolo County Health and Human Services Agency 137 N. Cottonwood Street Woodland, CA 95695
Yolo		Mental Health Professional Development (Multiple Systems of Care)	WET	The Mental Health Professional Development program is intended to provide training and capacity building for mental health providers. The program focuses on 1) clinical training and identified evidence based practices, 2) online professional development courses using the E-Learning platform, 3) support to implement the new DSM-V, 4) a strength-based approach to leadership and team development using Gallup's StrengthsFinder, 5) training and technical assistance to promote cultural competency throughout the system and with identified "experts," and 6) training for health care providers to screen for and identify perinatal mental health issues for pregnant and new mothers. Yolo County recognizes an ongoing and evolving need to provide training and development opportunities to all staff members, in order to serve a diverse consumer population with the most effective, evidence-based practices that are well informed by community input.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Yolo County Health and Human Services Agency 137 N. Cottonwood Street Woodland, CA 95695  Staff Contact: Theresa Smith

County	Program Type	Program Name	Component	Program Description	Website	Contact Information
Yolo		Tele Psychiatry (Equipment only)	CFTN	Tele-Mental Health services will allow live, interactive two-way audio-video communication technology (i.e. videoconferencing). During the appointment, Yolo HHSA staff facilitate the consultation between the client and the psychiatrist, clinician or case manager. The county will take special care in ensuring the privacy, confidentiality, and informed consent of the client. Yolo HHSA intends to deliver Telepsychiatry in non-crisis settings in two formats. Telepsychiatry services will be integrated into a Mobile Services Unit that will deliver mental health services to clients in rural areas where transportation poses a barrier to ongoing in treatment. In addition, Yolo HHSA is considering integrating Telepsychiatry unit(s) in other county-owned facilities outside of Woodland.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Yolo County Health and Human Services Agency 137 N. Cottonwood Street Woodland, CA 95695  Woodland: (530) 666-8630 Hours: By Appointment Only
Yolo		Social Media Initiative	CFTN	This program was created to improve service engagement and dissemination of information to the community, Yolo County HHSA will initiate the launch of reviewing alternative and updated tools such as social media platforms, mobile applications, and other software tools. Additionally, Yolo County will seek management tools to support this initiative.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Yolo County Health and Human Services Agency 137 N. Cottonwood Street Woodland, CA 95695
Yolo		Board and Care Study	INN	The Board and Care Study Project seeks to explore and address the issues identified by Yolo County stakeholders around access to Board and Care services, and to achieve the following learning goals: 1) increase understanding of the dynamics underlying the Board and Care bed shortage, 2) identify strategies and incentives to increase Board and Care bed capacity, 3) identify capacity building approaches to incentivize the placement of consumers with the most intense service needs in available Board and Care beds, 4) and develop an implementation plan to increase access to Board and Care placement for those with the most intense service needs. Through this project, the Yolo County Health and Human Services Agency (HHSA) plans to gather qualitative data from consumers, their families, Board and Care operators, Community Care Licensing, and mental health providers; conduct a quantitative analysis of people currently placed or at risk of placement in out-of-county facilities; and conduct benchmarking interviews with other jurisdictions to identify potential strategies. HHSA then plans to engage stakeholders in using the data gathered to develop creative and actionable strategies to increase County Board and Care capacity. Following this study project, HHSA plans to implement the strategies developed to increase Board and Care capacity within the County.	<a href="http://www.yolocounty.org/mhsadocs">www.yolocounty.org/mhsadocs</a>	Yolo County Health and Human Services Agency 137 N. Cottonwood Street Woodland, CA 95695
