

Petition to the Legislative Assembly Calling for Funding of In Vitro Fertilization (IVF) Treatments in Saskatchewan

We, the undersigned residents of the Province of Saskatchewan, wish to bring to your attention the following:

- That 1 in 6 couples in Canada experience infertility;
- That IVF treatments are prohibitively expensive for many, with one cycle typically costing at least \$10,000;
- That despite public health care being a right in Canada, there is no government financial support for Saskatchewan couples requiring IVF treatments;
- That Saskatchewan people’s ability to conceive should not depend on their socio-economic status;
- That investing in people determined to grow their families here in Saskatchewan makes economic sense;
- And that other Provinces have created programs that financially assist in providing IVF treatments to those struggling to conceive.

We, in the prayer that reads as follows, respectfully request that the Government of Saskatchewan:

Immediately move to cover the financial burden of two rounds of IVF treatments for Saskatchewan people experiencing infertility.
