

Friends of the Folsom Powerhouse Association

Folsom Powerhouse State Historic Park

August 12, 2008

Mr. Kerry Miller
City Manager
City of Folsom
50 Natoma Street
Folsom, CA 95630

Dear Mr. Miller,

In reviewing the Grant Application document from the City of Folsom to the State of California Resources Agency concerning a trail access project along the shore of Lake Natoma, I note that the Friends of the Folsom Powerhouse Association is listed as being supportive of this proposed project.

This is incorrect, and I wish to state for the record that our organization was not aware of the project and has not discussed, nor taken a formal position on, this matter. I expect such a discussion will occur in the next several weeks, when our board of directors meets again.

If our board decides either to be supportive, or non-supportive, I will be pleased to forward that information to you.

Sincerely,

Don Thomas
President, Friends of the Folsom Powerhouse Association
