Are your Kids-
Not Reaching their full potential?
Taught values that are not yours?
Indoctrinated and not educated?
1000’s Are Leaving Public Education!

They are frustrated by the failing academics and SEXXEd curriculum.
Now is the time for change!
California School Choice has the Solution!

School Choice

Allows all students equal access to State K-12 funds!
Makes private schools more affordable for everyone!
Money Can be Set Aside for College!
If you like your current school, you can keep your current school.
Funding follows the student and not their zip code!
Encourages Innovation!
Finally a Voter Initiative That Cares!
Nothing Has Ever Been More Fair!

Your Kids, Your Money, Your Choice!

It’s Just Not Fair!

Students in government schools are graduating deficient in math, reading, writing, science and vocational skills.

Parents fear the predators who bring drugs, violence and gangs to many of our government schools.

Government education engages in inappropriate SeXXX education and political indoctrination.

Government Schools have failed to prepare our students to be independent and productive members of society.

Our Children are trapped!

Your Kids, Your Money, Your Choice!

BENEFITS

Empowers Parents to choose a educational path for their children that best fit their children's particular talents and needs.

Through the dynamics of competition for students schools will be forced to be more responsive to the needs of our precious children and better manage costs!

Encourages diversity in Education.

Unspent scholarship money will be set aside for university and vocational training.

Our children will be better prepared for life after high school.

THERE IS A SOLUTION
IT’S SCHOOL CHOICE!

The Education Freedom Act (EFA) initiative. Allows parents to send their children to the school of their choice that their children are eligible for.

At last, schools must answer to the parents and be forced to compete for our education dollars.

Through the dynamics of competition, schools will be forced to provide superior educational services or fail.

It’s This Simple!

Under the EFA, K-12 children in California will receive a scholarship credit equal to their per capita share of Proposition 98 school funding revenues. That amount is currently approximately $12,600 per child per year.

Scholarship credits may be used to help pay tuition at any private, charter, parochial or public school where they are enrolled.

Take a look. Read a Book!

You Can Make The Difference For Your Children!
