

Volunteers passionate about maintaining and re-generating Fort William High Street and surrounding areas for the benefit of residents and visitors alike

It is a well-known fact that due to historic misfortune Fort William has turned its back on it's waterfront. Here are some of our visions to reconnect and to take advantage of the rise in marine tourism.

We need a canopy such as this over our fabulous new entertainment space in the High Street. The addition of weather protection for entertainers and other users is important for a town that has one of the highest rainfalls in the UK.

Once realised, these actions will undoubtedly result in huge economic benefit for Fort William and all of Lochaber.

With thanks to Fort William Marine & Shoreline Company, The Highland Council and Felicity Nightingale.
