It is our goal to match volunteers with compatible elementary schools. Some teachers may ask you to participate in activities other than reading, such as helping students with writing. Teachers will work closely with you and be present in the classroom when you are there.

One very important aspect of this program is **consistency**. The children grow to expect you to be there. Often your presence becomes the highlight of their day. **If you are unable to make your scheduled time, please call the school and leave a message for the teacher.** The program does not run every week due to school breaks, minimum days, and other scheduled activities. If there is no objection, your contact information will be given to your assigned teacher. Volunteers must show proof of a recent TB test with negative results.

The schools and teachers are very appreciative to have your support, assistance, and time working with their students. If for any reason, you are not comfortable or have any concerns, please inform the teacher or us. It is important to us that you are happy with your assignment.
