

Meeting Notes

January 17, 2017

5 Items to discuss at your monthly 10 minute meeting:

1. **Bargaining Update** – Ola Hadi would like site input concerning the new proposed calendar which could add 3 days to the school year. Please email olaatsea@gmail.com with the following input.
 - A. Are your member open to 1, 2, 3, or 0 additional days for professional development? Each day will be compensated at a rate of 0.54% on the salary schedule (in addition to any raise negotiated)
 - B. Is the placement important? i.e. during existing breaks, starting the Thursday before students begin, during Thanksgiving or Winter break.
 - C. Are any dates “deal breakers”?
2. **Communications** – Please check with your members if they received the Bargaining Update and President’s message via home email. If they did not and want to get information from the Association, please have them visit the SEA website at seacta.org and put their home email in the Sign up box. If they are getting multiple emails, please have them email jwalker62@cox.net and I will edit their information.
3. **Organizing** –
 - A. Sweetwater Secondary School Charter Update – The County Board of Education has heard the petition that the SUHSD Board denied. Colleen Cooke-Salas, Gretel Rodriguez, and Julie Walker spoke against the charter at the January board meeting. We are looking for members who are willing to speak at or just attend the County Board meeting on January 25, 2017 (general comments) and/or February 8, 2017 (the night they make their decision). Contact Jasper Daleo seer45@gmail.com if interested.
 - B. Women’s March, January 21, 2017 – SEA will be participating in the San Diego Women’s March. Information is posted on the SEA Facebook Page and Facebook group. Look for SCTU/CTA signs to find other educators who are marching. Wear your Unity is Power T-shirt or Sweatshirt and rain gear.
4. **Attendance Forms** – Gene has spoken with Karen Janney concerning the attendance verification forms. You are required to sign the forms, but Administration should give you time within your duty day, not prep time, to complete the signatures. This could be PLC or in lieu of a faculty meeting.
5. **Voices of the District Book** – Chandra Goodnough, Women’s Issues Chair is looking for student stories for an SEA produced book. Some topics for students and staff to consider are: What does it mean to be a woman today? Have you ever felt labeled or misunderstood? What is like to be a student today? What is it like to be a part of the LGSBQIIA community? What does white privilege look like: from inside or outside of it? What would school look like if it were perfect?
