

**Memorandum of Understanding
Between
SEA and SUHSD**

**Regarding: NMSI Laying the Foundation Training
June 25-28, 2019**

Whereas, NMSI Laying the Foundation Training is being offered as a voluntary professional development at Olympian High School from June 25 -28, 2019 for Math, Science and English teachers at both the middle schools and high school.

Whereas, the District believes this training is important and has been able to secure funding for an honorarium for teachers that attend all four days of the training.

Whereas, when required to attend professional development, SEA members are entitled to contractually agreed to rates.

Whereas, SEA values providing their members voluntary staff development training, but prefers all training be compensated.

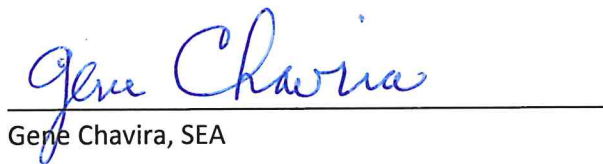

Now therefore be it resolved that the parties agreed:

1. Any Science, Math, or English teacher (Attendee) may attend the training on June 25 – 28, 2019 from Tu-Th 8:00am to 3:30 pm and Friday 8:00am to 12:30pm.
2. Any Attendee that attends all four days of the training will receive an honorarium of \$500.00 in a subsequent paycheck. Every effort will be made to pay that in the July paycheck.

Agreed to on April 15, 2019

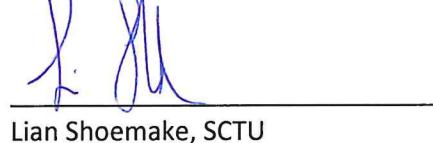

Scott Hendries, District

Gene Chavira, SEA

Julie Walker, SEA
