

Family Plant Hunt

Hey, Parents!

Plants can be found in many of the objects that you encounter every day. They aren't just the trees and flowers outside, they are the chairs you sit on and the clothes you wear. Plants can be found everywhere, even inside your own home! Help your child identify some of the objects made of plants in your home with this family fun activity.

GO ON A "PLANT HUNT"

Grab your phone or camera and stay inside for a family plant hunt. Using the chart below as your guide, snap pictures of all the different ways plants can be found in your home.

Find the Hidden Plants	Found It!	Find the Hidden Plants	Found It!
Find an article of clothing made of cotton		Find a fruit or vegetable that you eat every day	
Find a piece of furniture made out of wood		Find an eraser made out of rubber	
Find a carpet made out of twine		Find toothpaste that is flavored with peppermint	
Find your favorite smelling candle made of plant wax		Find a household cleanser that is infused with lemons	
Find a bottle of lotion that is made of coconut or almond oil		Find a piece of chewing gum that is made out of chicle	
Find and list your own Hidden Plant		Find and list your own Hidden Plant	
Find and list your own Hidden Plant		Find and list your own Hidden Plant	

Share Your Findings

For Your Family Post your hidden plant findings photos on Instagram, Facebook, or Twitter using the hashtag #PlantHunt to share your findings and fun with other families that are looking for an activity to do.

For Your Child After the family plant hunt, encourage them to find their own plant power by taking the plant power quiz at WeAreBLOOM.org.
