

2019 Essential Services Contact

****Please Print Clearly****

In order to determine what duties make up essential services, we need your help. Your Union needs information from members in all job classification streams, so we can build an accurate list of duties that need to be carried out during a potential job action.

The better our information, the better we can make sure our job action is effective should we have to negotiate an essential services agreement.

Part of that participation includes filling out this form so that we can get a more accurate look at what is happening in facilities where we represent health care providers.

Also, we are looking for dedicated individuals to actively participate in an essential services bargaining sub-committee.

Would you be willing to participate in this sub-committee? Yes No

NOTE: Not everyone who says 'yes' will be selected for the sub-committee. Not being selected is not a reflection on the individual. We thank you in advance for your interest.

Name _____
First *Last*

Address _____
Street *City*

Cell Phone _____ Home Phone _____

Email _____

Unit/Facility _____ Dept./Area _____

Classification _____ JJE Job # _____

Status (circle those that apply): Permanent Temporary Full-Time Part-Time

I currently work the following shifts (circle those that apply): Day Evening Night

I work as part of a team (describe the number of workers on each shift and provide the job classification of each)

2019 Essential Services Contact

****Please Print Clearly****

I have a clear understanding of how the work is organized between members of the team and the duties specific to each job classification. Yes No

I understand that Essential Services negotiations involves having a clear understanding of those duties that must be carried out during a potential job action. Yes No

What duties, if any, must be done by a specific classification in your area/department/facility/service.

Do these duties require a license? Yes No

Do these duties require special training? Yes No

Have you ever worked a shift without a full staff complement? Yes No

If so, what duties were set aside and which classification were they specific to?

If your team includes workers within another job classification, can you provide a name of a co-worker that would be able to provide similar information specific to that job classification?

Please complete this contact form and send to **Russell Doell, Deputy Director of Contract Bargaining and Enforcement**, by mail, fax or email.
