

ALL OUT TO **STOP THE CUTS!**

In the latest Saskatchewan budget, corporations get a huge tax break, while the budget cuts K-12 education, libraries, universities, municipalities, audiology, and social services. The budget also eliminates STC and Nortep.

PROTEST *AT THE* **PREMIER'S FUNDRAISER**

These unfair cuts hurt thousands of people across SK. They are not about protecting our economy, but preserving corporate profits at peoples' expense.

The Premier's Dinner is a \$250.00 per person event, where the wealthy get their chance to schmooze and exert their influence on Brad Wall and Sask Party MLAs. Let's come together outside the fundraiser **to make sure our voices and priorities are heard.**
