

Committee Reports

Nursing Care Committee

The purpose of the Nursing Care Committee is to to educate our members on nursing issues. The prime purpose is to Educate, Communicate, and Advocate for all nursing issues.

The Nursing Care Committee is made up of Continuing Care Aides and Licensed Practical Nurses. We advocate for the family of Nursing.

In the fall of 2019, we held our 5th Annual CCA Conference. It was another great success. It was a great way to show our appreciation to the Continuing care aides and the Direct Care/Support workers. We are planning on having a Virtual CCA conference in the fall of 2021. Watch for details.

Committee Members:

Deidre Wilson, Co-Chair
Brenda Berry, Co-Chair
Sheila Boruch
Melanie Dolter
Cheryl Ann Smith
Lisa Zunti
Neil Colmin, ex-officio

In the spring of 2020, we were hit by a pandemic and everything came to a standstill. We were able to have a contest for National Nurse's Week where members shared a story of why they are part of the nursing family. We gave away gift cards to sixteen members.

The SALPN AGM was cancelled so we were unable to send our LPNs in 2020. We look forward to sending the LPNs this year, if it is going to be held.

We have purchased two pull up banners with pictures of our Nursing family displayed. We look forward to using these at conventions, conferences, and Career fairs. We also purchased more boo boo packs and white and black face masks with our NCC logo on one side. Watch for ways in which you can have a chance to win one.
