

# SERVICE YEAR CAMPUS

College students have been at the center of every social movement in history. From civil rights, to the environment, to #BlackLivesMatter, young people have continually led political and cultural change in America. That's why we're launching Service Year Campus – to build the service year movement on college campuses across the country. Fueled by the passion, energy, and creativity of young people, Service Year Campus is building a national movement, revolutionizing the idea of a service year, and inspiring a new generation to serve.

## What is the goal of Service Year Campus?

Mobilize students, faculty, and alumni to take actions

Build the service year movement

Connect peers to service year opportunities

Unite communities across the country

Combining activism, creative marketing, and advocacy actions unique to the college experience, students start a Service Year Campus chapter by rallying other students to participate in incentivized actions and programming on campus throughout the semester. Supported by a College Organizing Manager, students will be empowered through trainings, webinars, and workshops on advocacy, recruitment, organizing, and other skills necessary to be a successful, savvy service year advocate.

Regardless of one's major or graduation year, Service Year Campus provides excellent opportunities to build relationships with other national student leaders, cultivate skills and leadership experience to boost your resume, and transform your life and campus community.

## The Prize

The most impactful Service Year Campus chapter will be eligible to receive the grand prize: an all-expense paid trip to join Service Year Campus at the Bonnaroo music festival in Tennessee. Winners will also have the opportunity to shape the future of Service Year Campus through their participation on our student advisory board.
