Overview of AmeriCorps in New York State

New York by the Numbers

14,990 Members & Volunteers  2,126 Service Locations  $89.5m Total Investment

Meeting Needs in New York

Last year more than 14,900 Americans of all ages and backgrounds united to meet local needs, strengthen communities, and expand opportunity through national service in New York. AmeriCorps invested more than $47.0 million in federal funding to support cost-effective community solutions, working hand in hand with local partners to empower individuals to help communities tackle their toughest challenges.

AmeriCorps members and AmeriCorps Seniors volunteers are preparing today’s students for tomorrow’s jobs, helping communities and families impacted by COVID-19, reducing crime and reviving cities, connecting veterans to services, fighting the opioid epidemic, helping seniors live independently, and rebuilding communities after disasters.

AmeriCorps members and AmeriCorps Seniors volunteers served at more than 2,100 locations across New York, including schools, food banks, homeless shelters, health clinics, youth centers, veterans’ facilities, and other nonprofit and faith-based organizations. Through a unique public-private partnership, AmeriCorps and its partners generated more than $42.4 million in outside resources from businesses, foundations, public agencies, and other sources in New York in the last year. This local support strengthened community impact and increased the return on taxpayer dollars.

What is AmeriCorps?

AmeriCorps is the only federal agency tasked with elevating service and volunteerism in America. We provide opportunities for people of all ages and backgrounds to give their time and talent to strengthen communities across our country.

A Cornerstone of Our National Culture

By bringing people together to serve communities, AmeriCorps is making service to others an indispensable part of the American experience. We offer individuals and organizations flexible ways to make a local impact through our programs and initiatives.

Segal AmeriCorps Education Award

In exchange for their service, AmeriCorps members earn a Segal AmeriCorps Education Award that can be used to pay for trade school, college, or graduate school; or to pay back qualified student loans. Since 1994, more than 94,000 New York residents have served approximately 150 million hours and earned education awards totaling more than $358.9 million.
Our Programs and Initiatives

**AmeriCorps State and National** matches individuals with organizations that see service as a solution to local, regional, and national challenges. There are thousands of opportunities in locations across the country to serve with nonprofits, schools, public agencies, tribes, and community and faith-based groups. Most AmeriCorps grant funding goes to New York State Commission on National and Community Service, the Governor-appointed State Service Commission, which in turn awards grants to organizations to respond to local needs.

**AmeriCorps VISTA** places individuals with organizations that fight poverty, to build capacity and make sustainable change. Through fundraising, grant writing, volunteer recruitment, and so much more, AmeriCorps VISTA members gain experience and leadership skills that put them on track for a life of service in the public, private, or nonprofit sector.

**AmeriCorps NCCC** is a full-time, team-based, residential program for 18-24-year-olds. Whether clearing trails for a national park or building homes for families in need, AmeriCorps NCCC members engage in a variety of projects in multiple communities while developing leadership and teamwork skills. AmeriCorps NCCC FEMA Corps serves communities, in coordination with FEMA, through disaster preparedness, response, and recovery.

**AmeriCorps Seniors Foster Grandparents** provides grants to organizations to engage low-income Americans 55 and older in providing one-on-one mentoring and academic support to children with special or exceptional needs.

**AmeriCorps Seniors Senior Companions** provides grants to organizations to engage low-income Americans 55 and older in providing supportive, individualizes services to help older adults and adults maintain their dignity and independence.

**AmeriCorps Seniors RSVP** provides grants to organizations to engage Americans 55 and older in tutoring and mentoring youth, responding to natural disasters, supporting veterans and their families, and meeting other critical needs.

**Volunteer Generation Fund** supports voluntary organizations and state service commissions in boosting the impact of volunteers in addressing critical community needs.

**MLK Day of Service** is observed each year on the third Monday in January as “a day on, not a day off.” MLK Day is the only federal holiday designated as a national day of service to encourage all Americans to volunteer to improve their communities.

**9/11 Day of Service** calls Americans across the country to volunteer in their local communities in tribute to the individuals lost and injured in the attacks, first responders, and the many who have risen in service to defend freedom.

**Notes:** All data shown represents national service activity completed between January 15, 2020 and January 13, 2021. 1. Projects may be headquartered in other states. 2. The service location total may contain multiple counts of unique locations where multiple AmeriCorps programs operated. 3. Completed participants reflects all AmeriCorps members who completed service in New York between January 15, 2020 and January 13, 2021. For AmeriCorps Seniors, this reflects all volunteers funded by grants completed during that same period. 4. The Education Awards figures represent the maximum potential value of Segal AmeriCorps Education Awards that could be earned by AmeriCorps members who completed service in New York. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. 5. AmeriCorps-State and National, Foster Grandparent, and Senior Companion federal funding reflects the estimated/proportionate share of the federal grant associated with the participants in this report. For AmeriCorps-VISTA, funding reflects the national average cost per participant. RSVP funding appears in the state where the project is based and reflects the full amount awarded to operate the completed grant. 6. Current participants reflects national service participants currently serving in New York. 7. Total local project support reflects non-AmeriCorps cash and in-kind resources that AmeriCorps grantees committed to raise in support of their completed grants. As part of its public-private partnership approach, AmeriCorps grantees leverage additional resources to strengthen community impact and increase the return on the federal investment.

Covid-19
Information & Mask Usage

- People that have no symptoms can still spread COVID-19.
- A face covering is critical to stopping the spread of COVID-19.
- A state order requires everyone over age 2 who can medically tolerate a face covering to wear one when outside their home.
- Continue to maintain at least 6 feet from others even when wearing a face covering.
- A face covering is a well-secured cloth covering or disposable mask that covers both your nose and mouth. Face coverings help prevent the spread of COVID-19 by:

- **Protecting the wearer**, by reducing their exposure to respiratory particles.
- **Protecting others**, by reducing the amount of respiratory particles that enter the air when someone with COVID-19 coughs, sneezes, talks or breathes.
- **Providing two or three layers** of material to better prevent unfiltered air.
- **Wearing two face coverings** (a cloth mask over a disposable mask), which improves the fit and adds layers of filtered protection.

Mask Safety & Mandates

Starting August 17, 2021, you will be required to provide proof of COVID-19 vaccination for almost all if not all indoor activities and some outdoor large gatherings (e.g., concerts, sports).

Employees at locations offering indoor activities are also required to be vaccinated.
* Establishments may also have social distancing, mask mandates, and other rules.

III. Personal Management

This section provides you with tips to manage your financial resources and offers practical budgeting techniques to keep you afloat throughout your service term. Living on a service year stipend will teach you a lot about budgeting, self-control, and responsibility.

Personal Budgeting
Throughout your NYC service year term, budgeting is a necessity. It is also important to consider personal finance choices for your post-service transition as you plan for potential gaps in employment, moving to a new place (or staying where you served), cost of living, or becoming a student.

- Create a budget to estimate costs for the first few months of your service term. Research budget templates or use free online resources like www.mint.com to make a plan for how you will pay for your expenses during (and after) your service year.

- Set up an emergency fund, or savings account which is a fund where you can put aside between three and six months-worth of post-tax income in case of an emergency. A strategy for not spending from this fund is to set it up in a different account from the accounts you use to pay expenses.

- Seek out resources like the IRS Volunteer Income Tax Assistance (VITA) and the Tax Counseling for the Elderly (TCE) programs, which offer free tax help for taxpayers who qualify. Information on the programs can be found at: http://www.irs.gov/Individuals/Free-Tax-Return-Preparation-for-You-by-Volunteers.

- IDNYC cardholders can use their card as primary ID to open a bank or credit union account at one of several financial institutions across New York City. Other financial institutions accept it as a secondary form of ID. Visit nyc.gov[IDNYC] for more info.

50/20/30 Budget
The 50/20/30 budget has a simple concept that is easy to follow. It is credited as U.S. Senator Elizabeth Warren’s rule. Like all budgets, they are most successful when you make consistent contributions to the proposed schedule. The 50/20/30 rule can be malleable. The main concept is that you identify a set amount each pay period that should be designated to your essential needs. For NYC Service Year members, it may be hard to include a 20% savings component with such limited funds. So your budget might actually reflect 70%-Essentials and 30%-Personal Choice. Remember, a budget is supposed to help you manage your finances, so whatever model you end up choosing, be consistent. Below is the example of a breakdown of the 50/20/30 budget rule.

50% of Your Income – Essentials
Expenses that you cannot live without
- Rent
- Food
- Phone/Wi-Fi
- Other Bills
20% of Your Income – Financial Obligations
- Paying down debt or saving for things that you need but you can live without
- 401K
- Tuition
- Emergency fund
- Future housing purchases

30% of Your Income – Personal Choices
- Voluntary expenses that improve your lifestyle
- Gym memberships
- New clothes
- Social outings

Determining essential and non-essential needs is not always easy, and often changes with age. Think deeply about what you absolutely need and then use this model to help organize the allocation of your remaining funds.

Second, the distribution schedule changed to half of the total credit being distributed on a monthly basis between July and December of 2021, with the other half distributed at tax time in 2022. No action is required for most eligible families. However, if you did not file taxes or claim a stimulus payment in 2019 or 2020, you must act. Visit nyc.gov/taxprep to learn more.

IV. Housing Resources

This section will provide you information on housing resources and services. Housing in New York City can be expensive and frustrating when you are trying to find a place that meets all your needs. However, there are some resources that are available to help lower the cost, including room shares and NYC Housing Connect.

Room Sharing
Trying to find an affordable place in NYC can be a daunting task. Past service year members have found that room shares help cut the cost for housing in the city. These websites are recommended by local service year members to locate roommates, and they are free. Be cautious and smart when looking for housing as there are scams and unlicensed real estate brokers.

https://newyork.craigslist.org/
Craigslist has a series of housing listings for room shares and apartment leasing across New York City. Often, third parties list the housing opportunities on behalf of the landlord. Make sure you do ample research on any property you are interested in, and get the landlord’s contact information, so you can be certain the property is indeed available. If you want to view the property in person, it is recommended that you bring a friend or family member.

https://www.spareroom.com/newyork
SpareRoom helps you find rooms, sublets, and roommates in the New York City area. You can search for your perfect room across the five boroughs.

https://www.padmapper.com/apartments/new-york-ny
You can find apartments within your price range across New York City and other areas. It captures all the listings in the area that have been posted through various websites and their photos, with precise map location.

Additional Websites

| nakedapartments.com | Gypsy Housing NYC (Facebook group) |
| Landlordwatchlist.com | https://streeteasy.com/ |

Tips for the Apartment Search in NYC:
- Don’t agree to live somewhere before you’ve seen the place in person for yourself.
- Never live somewhere without first signing a contract that you and the landlord have on file. Additionally, make copies of everything including the deposit transaction.
- Keep your service year site location in mind. Avoid a 1.5 hour commute, if possible!
- Consider what percentage of your income is going to rent and how realistic that is.
Other considerations before renting an apartment:
- Nearby subway and bus lines for transportation
- Availability of necessities like laundry
- Monthly utilities, as well as rent, for your budget

**NYC Housing Connect**
The NYC Department of Housing Preservation and Development (HPD) offers a wide variety of programs that create newly constructed or renovated affordable rental housing throughout the five boroughs. HPD and its partners use city subsidies and other financing tools to make these apartments affordable to low-, moderate-, and middle-income individuals and families.

Through NYC Housing Connect ([nyc.gov/housingconnect](http://nyc.gov/housingconnect)), you can learn how to apply for affordable housing lotteries, view lotteries currently open for applications, set up a profile, and submit applications for your household.

HPD also partners with community-based service providers in New York City who help people prepare and apply for affordable housing. To find a Housing Ambassador near you, please visit [nyc.gov/housing-ambassadors](http://nyc.gov/housing-ambassadors).
