Join the movement against corporate power! The San Francisco Berniecrats are a nonpartisan, nonprofit club inspired by Bernie Sanders’ 2016 presidential run to fight for social, racial, economic, and environmental justice. We have regular General Membership meetings, committee meetings, and social events. Our regular meeting locations are the Park Branch Library and 518 Valencia St. We’re a local Our Revolution affiliate, and have influence over their endorsements.

We conducted months of research, interviews, debates, and several rounds of voting to determine these endorsements. No money is ever accepted from corporations or campaigns.

Pass Single-Payer Healthcare – Improved Medicare For All

Two bills in the US Congress (HB 676 and SB 1804) and a bill in the CA legislature (SB 562) would guarantee healthcare for every person in the country or state. Big drug and insurance companies would no longer be in charge of your medical care. NO MORE: Premiums, deductibles, co-pays, enrollment issues, insurance companies, denying/restricting care, out of network doctors, health insurance coverage dependent on your job. Invest in Universal Affordable Social Housing with the SFCHA

San Francisco’s affordable housing crisis began with decades of federal divestment from housing. The SF Community Housing Act (SFCHA) is a visionary Universal Social Affordable Housing program modeled after all the successful social housing in Europe. It integrates homes, daycare, public transit, parks, restrooms, neighborhood councils, etc. into a unified system that serves entire communities. Rent is always 30% of net income and additional funding comes from a small tax on the wealthy.  www.sfcommunity.us
