#### **5. Candidates for California Democratic Party Chair Candidates (Discussion)**

Kimberly Ellis and Eric Bauman will join the SF DCCC and discuss their candidacy for California Democratic Party Chair. We will aim for no more than 25 minutes of question and answer per candidate.

informational item only; speakers first, then discussion and audience questions  
Kimberly Ellis won the coin flip and ceded the first speaking slot to Eric Bauman.  
Eric Bauman introduced self; Member Alioto thanked Bauman for his work as former VC of party; Member Maxwell asked about his position on big money and thoughts about other problems, Bauman responded that best solution was federally or publically funded public elections to counteract extraordinary influence by corporations, Citizens United is part of the problem, and dark money PACs, we could regain control of DC through CA; Member Baraka asked for more detail about his questionnaire answer regarding complicated tasks, Bauman spoke about brokering peace and mediating between old guard and up and comers, and he stopped out of district appointments; Member Mar asked what he would do to make the party whole and look at needs of seniors and people with disabilities, Bauman responded that the convention is often not accessible, will continue to be a voice for the fastest growing group in the City, have to prioritize all these issues; Member Cohen asked if he supported Measure HH in LA, Bauman responded yes and he supports getting people into homes, it is his pet issue; Member Cohen asked about LACDP strategy for winning elections and how do we grow it, Bauman responded that the party must connect with voters, too much time has been spent with data, it's important to find resonant issues and use technology, but needs human connection; Member DeJesus asked for clarification about ADA access issues, how he hasn't fixed this issue as Vice Chair; Bauman responded that you must blow it up and shut it down; Member LaCroix asked whether he supported lowering the voting age, and whether he would include in platform, Bauman responded that 16 & 17 year olds have the capacity, civic education is degrading and election day used to be a holiday, young people must be incorporated in campaigns and planning, he supports youth voting; Member Gallotta asked he would implement a progressive platform and hold people accountable, Bauman responded that this was an ongoing problem, and a sign that you have read platform, balancing differences between SF/LA and Fresno, the platform should be part of endorsement process, and the center for progress and action, creating space for activist and legislative leaders.  
Eric Bauman concluded his portion at 7:40 pm.

Kim Ellis Introduction self. Member DeJesus asked her opinion about corporate money and whether she had taken any, Ellis responded that corporate influence was one of the reasons people are fleeing the party, because democrats accept money from same sources as republicans and voters don't see differences, we need to live our values and actually pass campaign finance reform, rebuild fundraising base through individual and small donors, she has disclosed all donors on her website, and has not taken big-oil, big-pharma, or tobacco money; Member Mar asked how would you involve/work for seniors and people with disabilities, Ellis responded that she would open up space at decision making tables, bring structural changes to party, add more buckets, open the party up to 13-19 year olds, and include folks in the planning process; Member Wiener felt this was a doom and gloom vision of party and wanted to know what was her criticism of current leadership, Ellis responded that we need to think about the long game, what good is it that California has a super-majority if we cannot pass issues on the party platform - single payer, fracking, etc., we can't rest on laurels; Member Cohen asked what she was hearing from new delegates, Ellis has visited 40 out of 58 counties, purple counties have felt abandoned, California has blue coasts, but we must invest in purple and red counties and value every county, perhaps instituting an "adopt a county" program and invest resources and build out infrastructure; Member Baraka asked how Emerge changed the landscape, Ellis explained that CADEMS did not want to invest in women, and that led to the creation of

Emerge, a program that meets people where they are, grooming diverse women to take a seat at the table, especially since there has been a loss of women in legislature; Member Gallotta stated that the party chair has a lot of power to wield, what are the structural reforms you are planning to make the party more democratic, Ellis spoke of getting rid of the super-delegate system, of not having automatic endorsement for incumbents - they should defend their votes and have accountability/scorecard system, expand delegate pool with new membership categories - including young people, college students, flattening hierarchy, wants to open process of appointing committee members, and spread the power of the Chair, she spoke of her difference in vision and leadership style, bottom up vs. top down; Member Alioto pointed out that there was a fine line between holding people accountable and shaming them, Ellis responded that she did not want to call out people, but hold up and promote the platform, it's up to constituents to hold elected officials to their votes, the chair is not a booster for candidates, but a referee.

Ellis finished at 8:10 pm

There were no questions submitted by audience members.

**6. Resolution: In Support of the Gender Recognition Act of 2017** (Gupta) (Discussion and possible action)

Member Gupta - gave background and made motion to support, seconded by Member Alioto  
Members Baraka and Gallotta requested to be added as cosponsors.

Member Gallotta introduced the resolution and thanked Hene Kelly for bringing forward the measure. Member Alexander spoke about her addition to recognize the need to build out public healthcare system, and prepare workers to transition.

Member DeJesus liked that it included the undocumented and asked to be added as cosponsor; Member Kim expressed her strong support, she authored a similar resolution at the SF Board of Supervisors, and thanked CNA; Member Mar stated that single payer has been part of the CA democratic party platform for 12 years at least, and is reaffirmed at every convention. Member Mar moved to support resolution, second by Member Gupta.

*Resolution passed acclamation, with abstention by Member Feinstein.*

**9. Proposed Bylaws Amendment** (DeJesus) (Discussion and possible action) (bylaws amendment, needing 2/3 vote)—**withdrawn by sponsor**

## **10. Proposed Policies and Procedures Amendments (DeJesus) (Discussion and possible action)**

Member DeJesus reviewed the recommendations proposed by the Adhoc Committee, revised version included all the requested actions, including consequences, separated out DCCC; This resolution has support from D6 Democratic Club, Potrero Hill Democratic Club, Harvey Milk LGBT Democratic Club, and Bernal Heights Democratic Club.

Member Yee, appreciated the committee's work, and supported taking the DCCC separately because DCCC is not a club; Member T. Hsieh asked why item 9 was withdrawn, Member DeJesus responded that it was redundant, and the committee recommended that changes should be in the Policy and Procedures Manual; Member T.Hsieh expressed concern that section 6.1 didn't address amended reports, and asked how the committee came to \$25,000 as a threshold in section 6.2; Member DeJesus agreed to add language, "including any amended reports submitted after the date," and explained that the committee tried to strike a balance between getting good information and not having burdensome requirements, the intent was to leave out small clubs, but catch large clubs; Member T. Hsieh felt that many clubs raise a lot of money and such a change should not be tailored toward any one club, but to be fair and transparent, the threshold should be lowered to \$2,000 because that's the FPPC threshold for filing, then rather than penalize, this measure would create more sunshine and encourage all clubs to come forward; Member DeJesus didn't want to burden clubs, wanted to make existing information more transparent, \$25,000 seemed fair sum to set as trigger; Member Wu suggested having a pilot program at the higher number and perhaps lower in time; Member F. Hsieh stressed the original task of the committee to address exposing dark money by adding transparency without overly burdening clubs; Member Baraka supported need to shine a light, opposed to execution and felt there was a missed opportunity to use what the Ethics Commission already has, rather than duplicate; Member F. Hsieh read response from Ethics Commission stating that they did not regulate requirements by the DCCC; Member Speier recommended an amendment to Section 6.2, line 2 to clarify language to say, "and cumulative donation is in excess of \$25,000"; Club President Jaffe reiterated that passing this resolution was about making a statement, it may be duplicative on purpose; Member Gupta corrected claim by Member T.Hsieh that there are 35 chartered clubs, not 80 and 7 are not current; Member T. Hsieh felt that details matter and we should get this amendment right, because it affected chartered clubs:

*Member T. Hsieh made a motion to amend the resolution by lowering the threshold of \$25,000 to \$2,000 and include in-kind contributions as part of the trigger, seconded by Member Mar.*

Member LaCroix was asked to clarify proper procedure and whether it was proper to motion for amendments or to bring forward a separate resolution; Member DeJesus felt this amendment was out of order because it would set up a new filing system; Member Ma felt that Section 6.4 was vague and lacked clarification, wanted to know who was the determiner for violations; Member DeJesus stated that the DCCC was the determining body, and this fell under existing powers; Member Ma pointed out that there was a conflict between the Policy and Procedures Manual with bylaws Article IX, Section 8; Chair Wu felt there was some concern about consistency; Member T. Hsieh asked for a point of order on his amendment; Member LaCroix clarified comments could only be made on the amendment motion or the entire matter could be sent back to committee; Members Jung wanted to make sure there was a date certain for adhoc and this should be added to April agenda; Members LaCroix, and DeJesus suggested sending this matter back to the adhoc committee; Member Jung suggested the committee should deal with both the Bylaws and Policy and Procedures Manual; Member T. Hsieh agreed to withdraw his motion if he was added to the adhoc committee.

*Member T. Hsieh and Member Mar were added to the adhoc committee.*

**11. Resolution: Protect Our Democracy with Public Source Voting Systems** (Jung and Mandelman) (Discussion and possible action, needing 2/3 vote)  
Baraka moved to approve by acclamation.

## **Resolution on U.S. Military Action in Syria**

**(Sponsors: DeJesus, Gallotta, F. Hsieh, Gupta)**

Whereas, the ill-conceived, illegal and illegitimate war in Iraq and the futility of the now fifteen-year "war on terror" have demonstrated that the route to peace and national security does not lie in undertaking "just one more invasion;" and

Whereas, Representative Barbara Lee has introduced H.R. 1473, a bipartisan bill to block additional U.S. forces from being sent into Syria by prohibiting the Department of Defense from funding any attempt by the administration to expand our presence in Syria by putting U.S. combat boots on the ground,

Be it resolved, that the San Francisco Democratic Party supports humanitarian and diplomatic actions to address the harm being brought upon the Syrian people, such as accepting more refugees into the United States, and

Be it further resolved, that the San Francisco Democratic Party supports H.R. 1473 and urges Representatives Nancy Pelosi and Jackie Speier to sign on as co-sponsors and Senators Dianne Feinstein and Kamala Harris to carry forward similar legislation in the Senate to prevent further U.S. military action in Syria.

## Resolution Requesting California Meet its Legal Obligations to Families in Dependency Courts

(Sponsor: Cohen)

WHEREAS, California law (Welfare and Institutions Code Section 317 et seq) requires the State to fund court-appointed counsel services so that all children and parents receive effective assistance of counsel, but all fifty-eight counties are seriously underfunded; some are in greater crisis than others, all carrying excessive caseloads, some as high as 300/attorney; and

WHEREAS, Prior to agreeing to further appropriations to dependency counsel, the Governor directed the Judicial Council to develop a funding methodology and to reallocate funds among counties as some were in greater crisis than others; and the now the completed funding methodology demonstrates a shortfall of \$88.2 million statewide, which if appropriated would bring caseloads down to 141/attorney, 41 cases higher than the standard of 100 per attorney recommended by the American Bar Association; and

WHEREAS, the families impacted by inadequate counsel services are disproportionately families in poverty and of color (6.5 percent of California's general population is African American/Black, yet 22 percent of our foster youth are African American/Black; Latinos comprise 38 percent of California's population and 50 percent of foster youth<sup>1</sup>) and national research demonstrates that providing trained, effective and competent counsel with reasonable caseloads is "clearly linked to increased party engagement, improved case planning, expedited permanency and cost savings to state government,"<sup>2</sup> and trained, effective and competent counsel with reasonable caseloads decreases unnecessary reentry into foster care, increases timeliness and durability of reunification and improved permanency for children, reduces intergenerational abuse (the cycle and the pipeline to the delinquency and criminal courts can be stopped), and assist in keeping families together in the community where they can have access to services and family/community support; and

NOW, THEREFORE, BE IT RESOLVED, that the San Francisco Democratic County Central Committee urges the California State Legislature and the Governor to meet California's legal obligations to California families and appropriate and approve sufficient funds to reduce caseloads for children and parents and provide effective legal representation for children and parents appearing in dependency courts statewide.

"There are hardly more consequential acts the government can take than deciding whether to remove a child from the home and terminate familial rights. It is imperative that the courts get these decisions right. Yet California continues to place children and families at risk of losing these fundamental interests without adequate protections. The state must fulfill its legal obligations by increasing funding for dependency counsel and ensuring that children and parents receive the representation that they deserve."<sup>3</sup>

## **Resolution to Support Passage of Assembly Bill 14 in the California State Assembly**

**(Sponsor: Baraka)**

*WHEREAS* The 2016 Democratic Party Platform unequivocally supports robust campaign finance reform, including ending undisclosed, unaccountable contributions and contributors; and

*WHEREAS* campaign finance reform is largely a federal issue and controlling Supreme Court precedent allows limitless undisclosed contributions and invented the assertion that “money is speech;” and

*WHEREAS* elections in the City and County of San Francisco and the State of California are relying on increasingly large amounts of donor money; and

*BE IT RESOLVED* The San Francisco Democratic County Central Committee officially adopts a position of support for Assembly Bill 14 and strenuously recommends the State Assembly and State Senate (for its companion bill) pass the measure, and Governor Brown sign it into law. Sunlight is the best disinfectant and Assembly Bill 14 will limit special interest influence in our elections by disclosing the largest contributors to state and local ballot and independent expenditure committees by ending the secret system that has allowed such committees to live in the shadows for too long.

*BE IT FURTHER RESOLVED* the San Francisco DCCC will transmit passage of this resolution to the Democratic Party of California, the Office of the Governor, California’s Congressional Delegation, and to all members of the California legislature.
