

Learn more about the proposed HOUSING FOR ALL measure on the June 2018 ballot.

Help our teachers and first responders stay in San Francisco!

FEBRUARY 2018

SAN FRANCISCO IS IN A CRISIS. We are losing our working families and seniors because they can't afford to live here. Our streets—home to a booming economy—are also home to a rapidly increasing homeless population that deserves better.

To protect our vulnerable populations, city leaders are placing a **HOUSING FOR ALL** measure on the June 2018 ballot. This measure will provide critical funding for homeless housing, low-income senior homes and housing for middle income working families who are at risk of displacement.

The time to act is now!

HOUSING FOR ALL
San Franciscans!

What exactly will this measure do? It will create thousands of housing units by 2030. These units will meet the allocations shown in the chart below:

HOUSING FOR ALL At-a-Glance		
Department	Allocation	People/ Families Served (with turnover)
Mayor's Office of Housing and Community Development	Middle Income Housing	1,850
"	SRO Preservation	520
"	Rental Subsidies for Low-Income Seniors	2,550
Department of Homelessness and Supportive Housing	Rapid Rehousing	1,200
"	Supportive Housing	710
"	Navigation Centers	21,200
Total		28,030

HOUSING FOR ALL will provide rent subsidies for low-income seniors across San Francisco.

Why does this measure matter?

We are in a crisis and we cannot afford to wait.

HOUSING FOR ALL will help more than 28,000 people with vital housing assistance – from those facing homelessness to middle-income households wishing to stay in San Francisco.

It will help solve the homelessness crisis on our streets, and the displacement epidemic in our neighborhoods.

Printed In-House. Labor Donated. No Public Funds Used.

What is the HOUSING FOR ALL measure?

The **HOUSING FOR ALL** measure raises the tax on commercial rents by 1.7% to create a \$1 billion fund to support critical housing services through a small increase in the rates that large commercial tenants pay.

The **HOUSING FOR ALL** measure will:

- Help lift people experiencing homelessness up off the streets and into housing by increasing the number of navigation centers around the city.
- Protect rent-controlled housing that is at risk of being bought and flipped by housing speculators. This will help renters stay in their affordable homes and protect families facing eviction.
- Make it possible for working people—like teachers and first responders—to afford housing in the communities they serve by building affordable homes for those families.
- Help low-income seniors on fixed incomes live in high-quality, affordable housing.

This measure will have real results. It will generate \$1 BILLION for housing, create thousands of additional housing units, and serve over 25,000 individuals or families.

Paid for by Affordable Housing for All, Yes on D. Financial disclosures are available at sfethics.org.
