Dear San Francisco Latino Democratic Club,

It is my honor to serve as your Representative in Congress, where I am proud to lead a dynamic House Democratic Caucus – a majority of women, LGBT Americans, and communities of color – defending the dignity of immigrants and safety of our DREAMERs and their communities, middle class families, union rights, women’s rights, veterans, public education, people with disabilities, the rights of LGBT Americans, and the planet we share.

With our eyes firmly on a better future for San Francisco and our country’s young people, we are fighting for the DREAM Act and comprehensive immigration reform that will protect immigrant families from Republicans’ anti-immigrant agenda; we are working tirelessly to spur initiatives and program that will bring about good-paying jobs for Latino families and many others – for guarding Americans’ pensions and defending consumers from Wall Street’s predatory practices, for securing more affordable housing and for stopping the sabotage of health care, Medicare and Social Security that millions of Latinos have benefitted from.

When people ask me what my priorities are, I always say the same thing: our children, our children, our children – the clean air they breathe; the clean water they drink; their health care as a right, not a privilege; strong public education; the safety of and good paying jobs for their families; and, a dignified retirement for their grandparents.

These have been, and always will be, my priorities. Our work toward progress is far from over. There is much more progress to achieve for the Latino community and all families in the United States. I humbly ask for your endorsement and support for my re-election as your Representative, and hope that together we can fight for a better tomorrow.

Thank you and best regards,
