

***Sikhi: Faith and Followers* – 2nd Edition Published**

For Immediate Release

August 5th, 2014

Bridgewater, NJ

The Sikh Research Institute (SikhRI) is pleased to announce the publication of the 2nd edition of *Sikhi: Faith and Followers*, a 32-page full-color illustrated booklet, covering the basic tenets, beliefs and practices of Sikhs. The first run of 10,000 copies sold out in four months.

In addition, we have also created a series of posters based on the page spreads of the booklet. This was a direct request from the global Sikh sangat. Individuals or organizations can now download the poster files and have them printed at their local copy shop for use at presentations, interfaith events, in gurdwaras, and a variety of other scenarios!

We are thrilled to incorporate this component into the launch as an element of SikhRI's continuing commitment to serve the Panth with high quality, accessible educational resources.
