

VOTE GEORGE POTTER

Vote for me if you want to have someone on SLF Council who will:

1. Make sure the SLF continues to develop and promote big, radical policy ideas - and push for it to take a more proactive role within the Lib Dems.
2. Push for the SLF to make membership free and to instead have a Patron scheme to encourage standing order donations.
3. Continue to run the SLF website and make sure emails get sent out on time!

What I believe:

For me the biggest risk facing the Liberal Democrats is that we sleepwalk into adopting a creed of insipid don't-rock-the-boat centrism.

I believe the SLF's most important job is to continue to fight for radical, social liberal policies within the Lib Dems. We must continue to produce and promote big ideas on how to build a truly fair and just society.
