

Ryan Mercer For SLF Council

Priorities

Shaping the party

Many decisions are made on party Committees rather than conference. SLF endorses people for these positions, but needs to be a lot more organised in using that Influence to shape the party.

Fundraising

SLF faces big financial challenges. As a PPC who has raised tens of thousands I hope to help strengthen SLF in this area.

Growth

SLF needs to build its membership. It's biggest weakness is with younger people. With thousands of new Lib Dem members there's a huge opportunity that SLF needs to make the most of.

Experience

PPC for Putney

At the 2017 General Election I stood for the Putney Constituency. I achieved the largest increase for a candidate under the age of 30 in the country,

Federal Policy Committee

I was the Liberal Youth representative on Federal Policy Committee in 2015, contributing to the 2015 manifesto on housing and youth issues.

Professional

I'm a third sector policy professional, currently working on Education for a major Scientific charity. Previously I worked for a Lib Dem MP
