

Denali Ranasinghe – Hackney

Since joining Lib Dems in 2016, I have been an active member standing as a paper candidate as well taking part in many local, national and international campaigns. If elected this would be my second term and I would continue to make a valuable contribution to SLF and its membership.

I have a Law-LLB and Master's in Social Policy from London School of Economics and continue my personal development in this field. I believe in a society in which people can genuinely exercise freedom and fairness so that everyone, regardless of background, is free from conformity and social hardship.

I would like the opportunity to be involved in the Social Liberal Forum to contribute towards progressive liberal values and to work closely with social liberals from all political parties. I also represented Lib Dems internationally as the Secretary of the Federal International Relations Committee and was actively involved as a Committee member of Liberal International Human Rights Committee and the International Federation of Liberal Youth (IFLRY).

In the current volatile social and political climate, I believe we need to more than ever strengthen and promote our core Social Liberal values.
