

DR ROB DAVIDSON

MY SLF PRIORITIES

Define and promote social liberalism as a solution to today's 'grand challenges':

Climate Change, anti-microbial resistance, globalisation, automation and the future of work

Build the SLF member and contributor network

Increase the impact of SLF both within and beyond the Lib Dem party

ABOUT ME

Co-founder of Scientists for EU and NHS for a People's Vote. Campaigning organisations grown from scratch to 100,000's of supporters.

Published academic author : cancer research, environmental biosciences, and the psychology of social media use.

Data scientist with expertise in data analysis for policy and digital skills for web, social media and targeted digital advertising.

Director with governance experience including Companies House, HMRC, Electoral Commission and ICO compliance.
