Phone Scam Warning

Franklin PUD continues to warn of telephone scams targeting utility customers. Franklin PUD customers have reported receiving collection calls from individuals claiming they work for Franklin PUD and the customer is past due on their electric bill. Customers are told that if they don't respond to a given phone number within a short period of time their electricity will be shut off.

Rough guess

Solar Producers – by 2015
year end, will have
enough annual
output for:

7,500 Seattle homes
210,540,000 miles of EV driving
86,500 tons of carbon offset

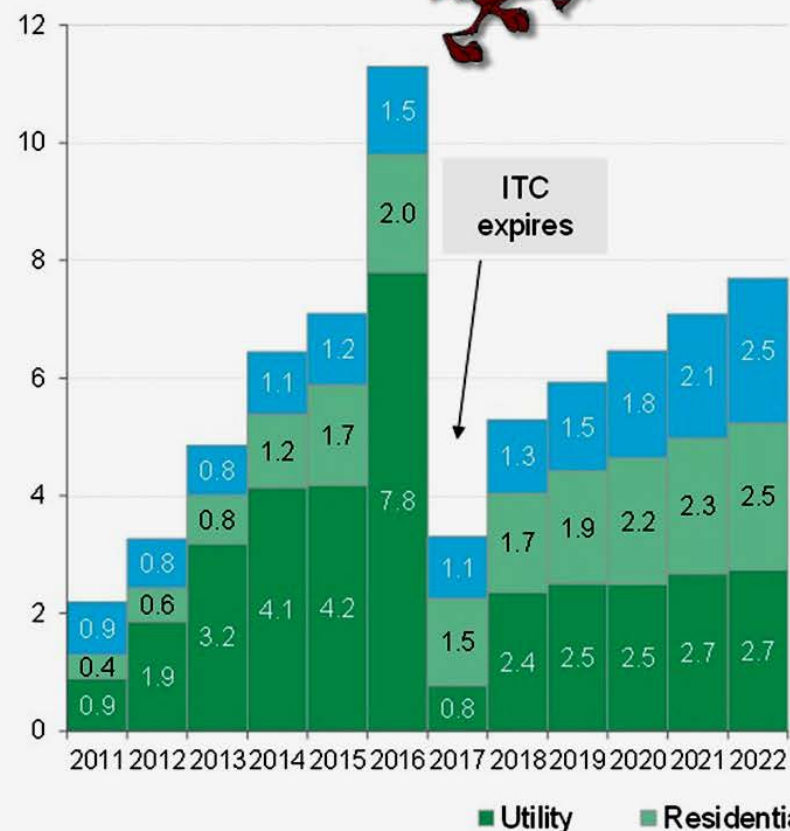

(fill in the blank)

Washington PV - Installed MW

THE IMPACT OF THE ITC EXTENSION ON US SOLAR

POLICY AS USUAL – NEW BUILD (GW)

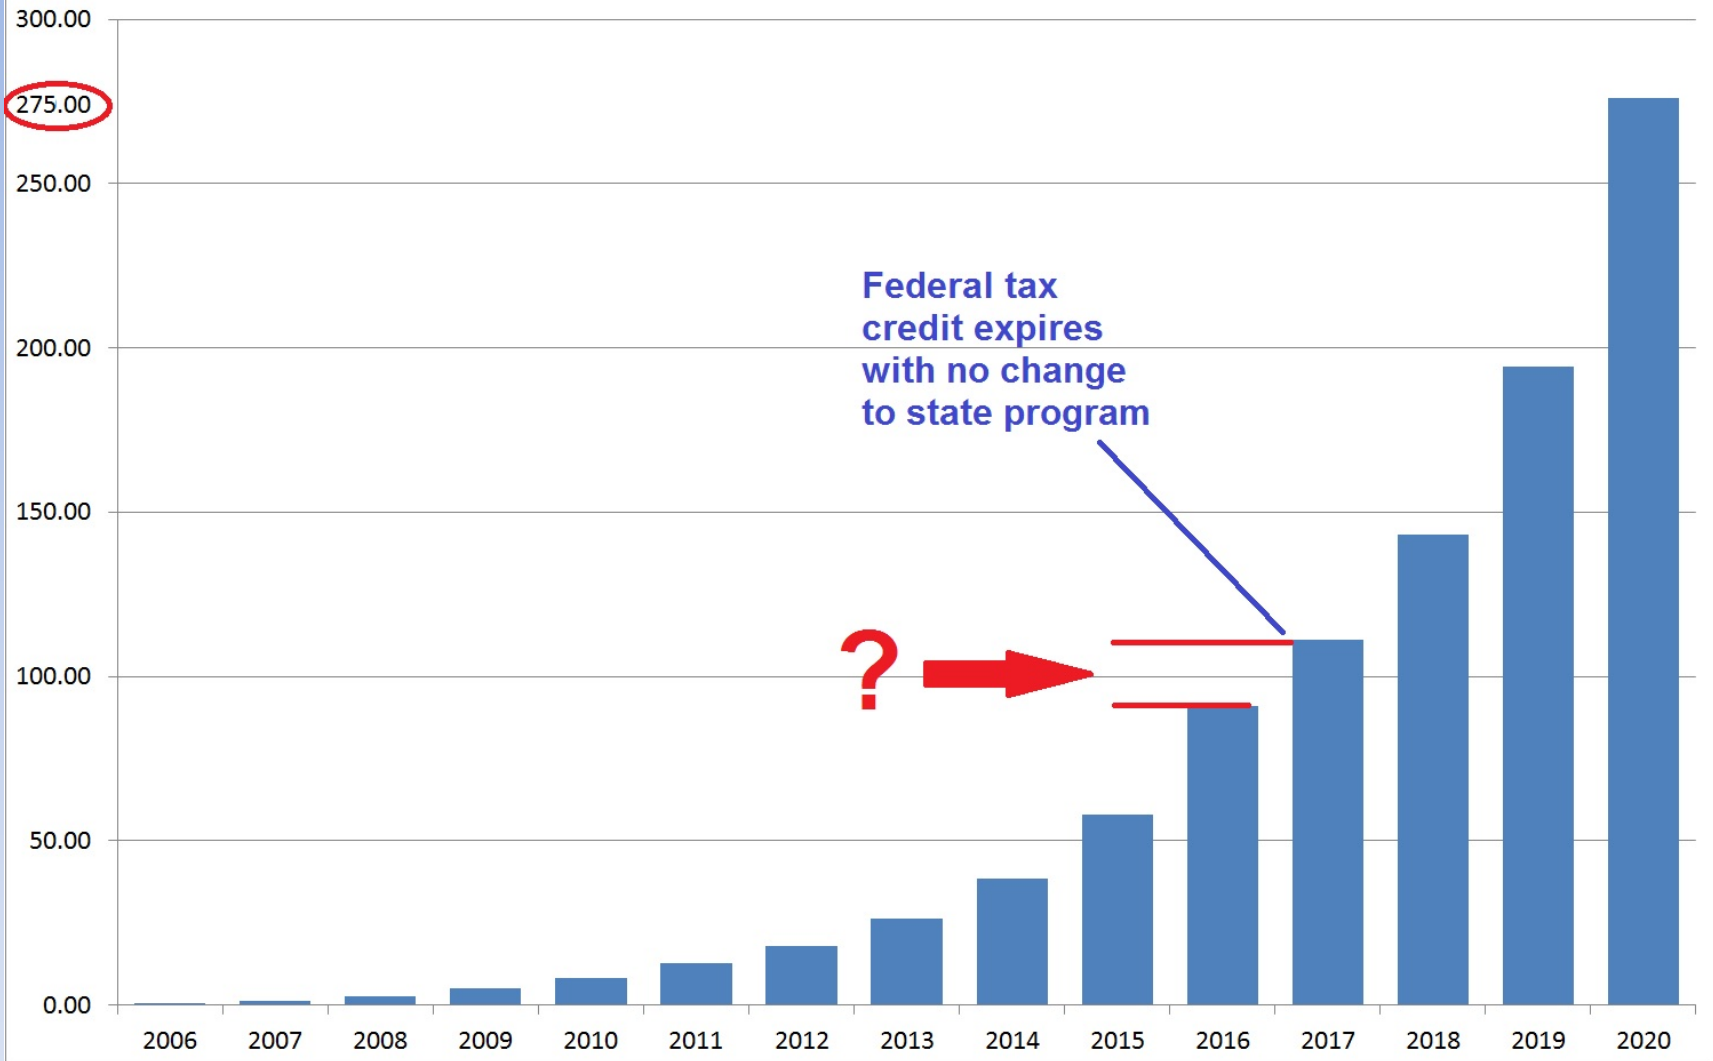

ITC EXTENSION – NEW BUILD (GW)

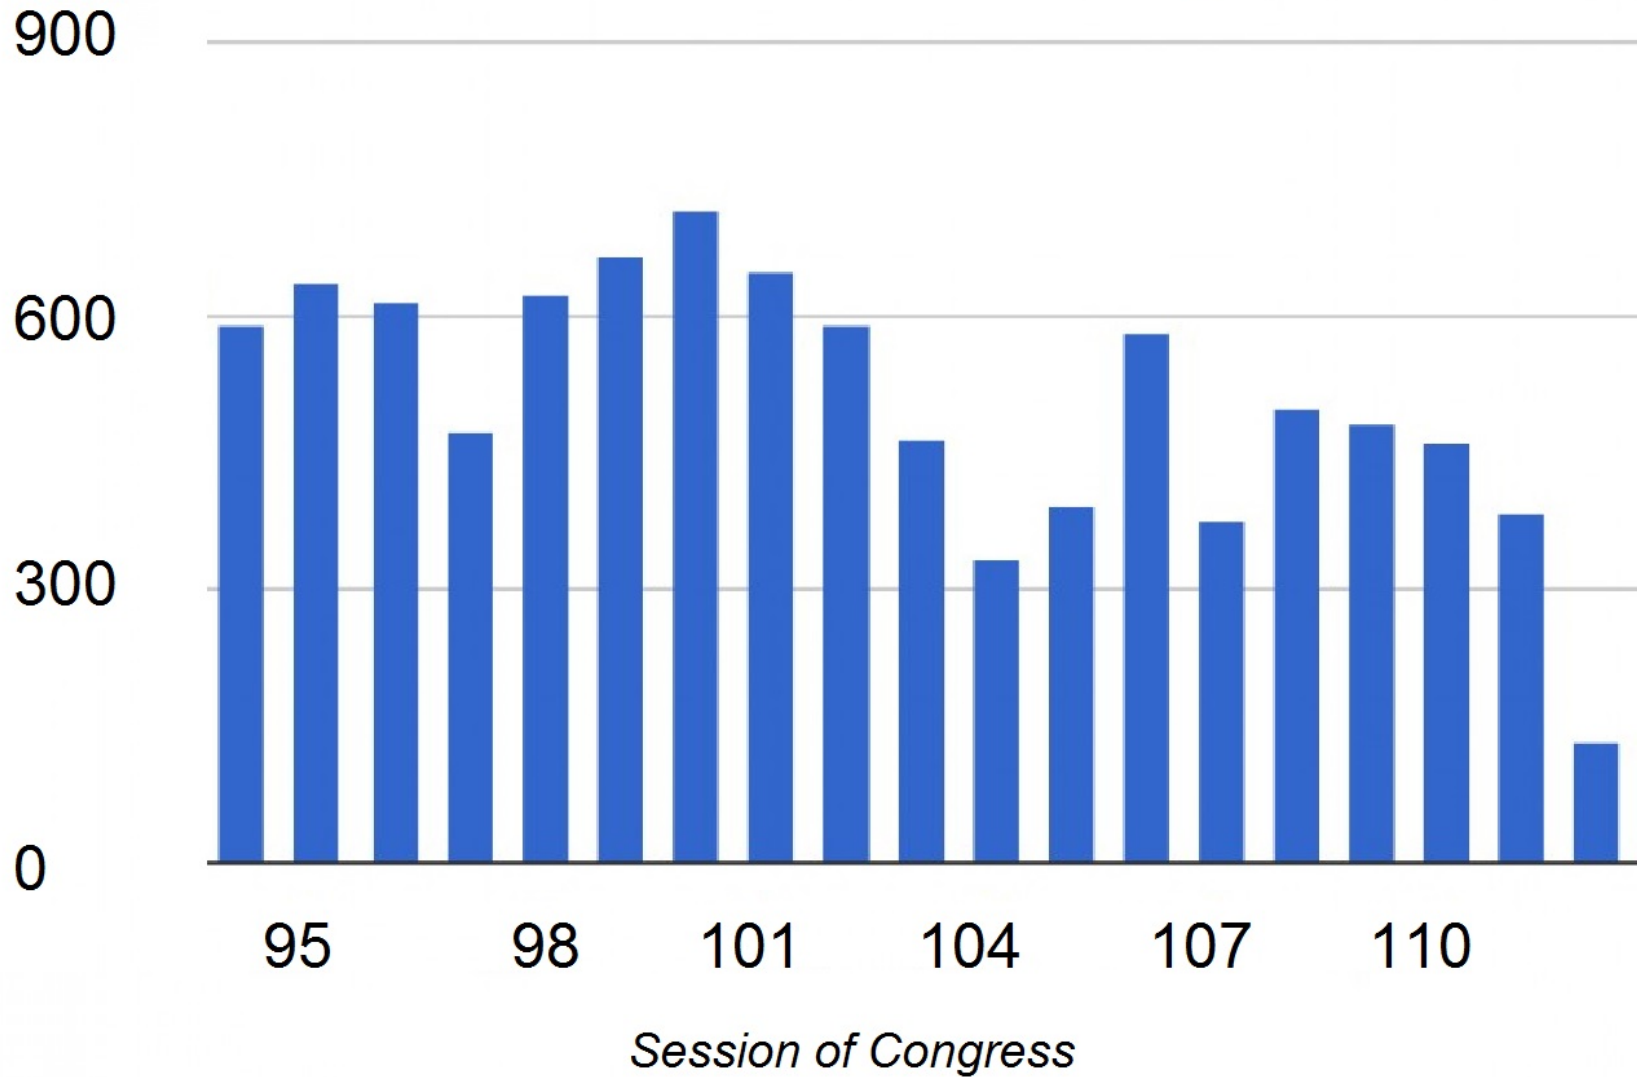

Notes: 'ITC extension' scenario considers a 5-yr extension to both the personal and business investment tax credits, and 'commence construction' language added to the business credit.

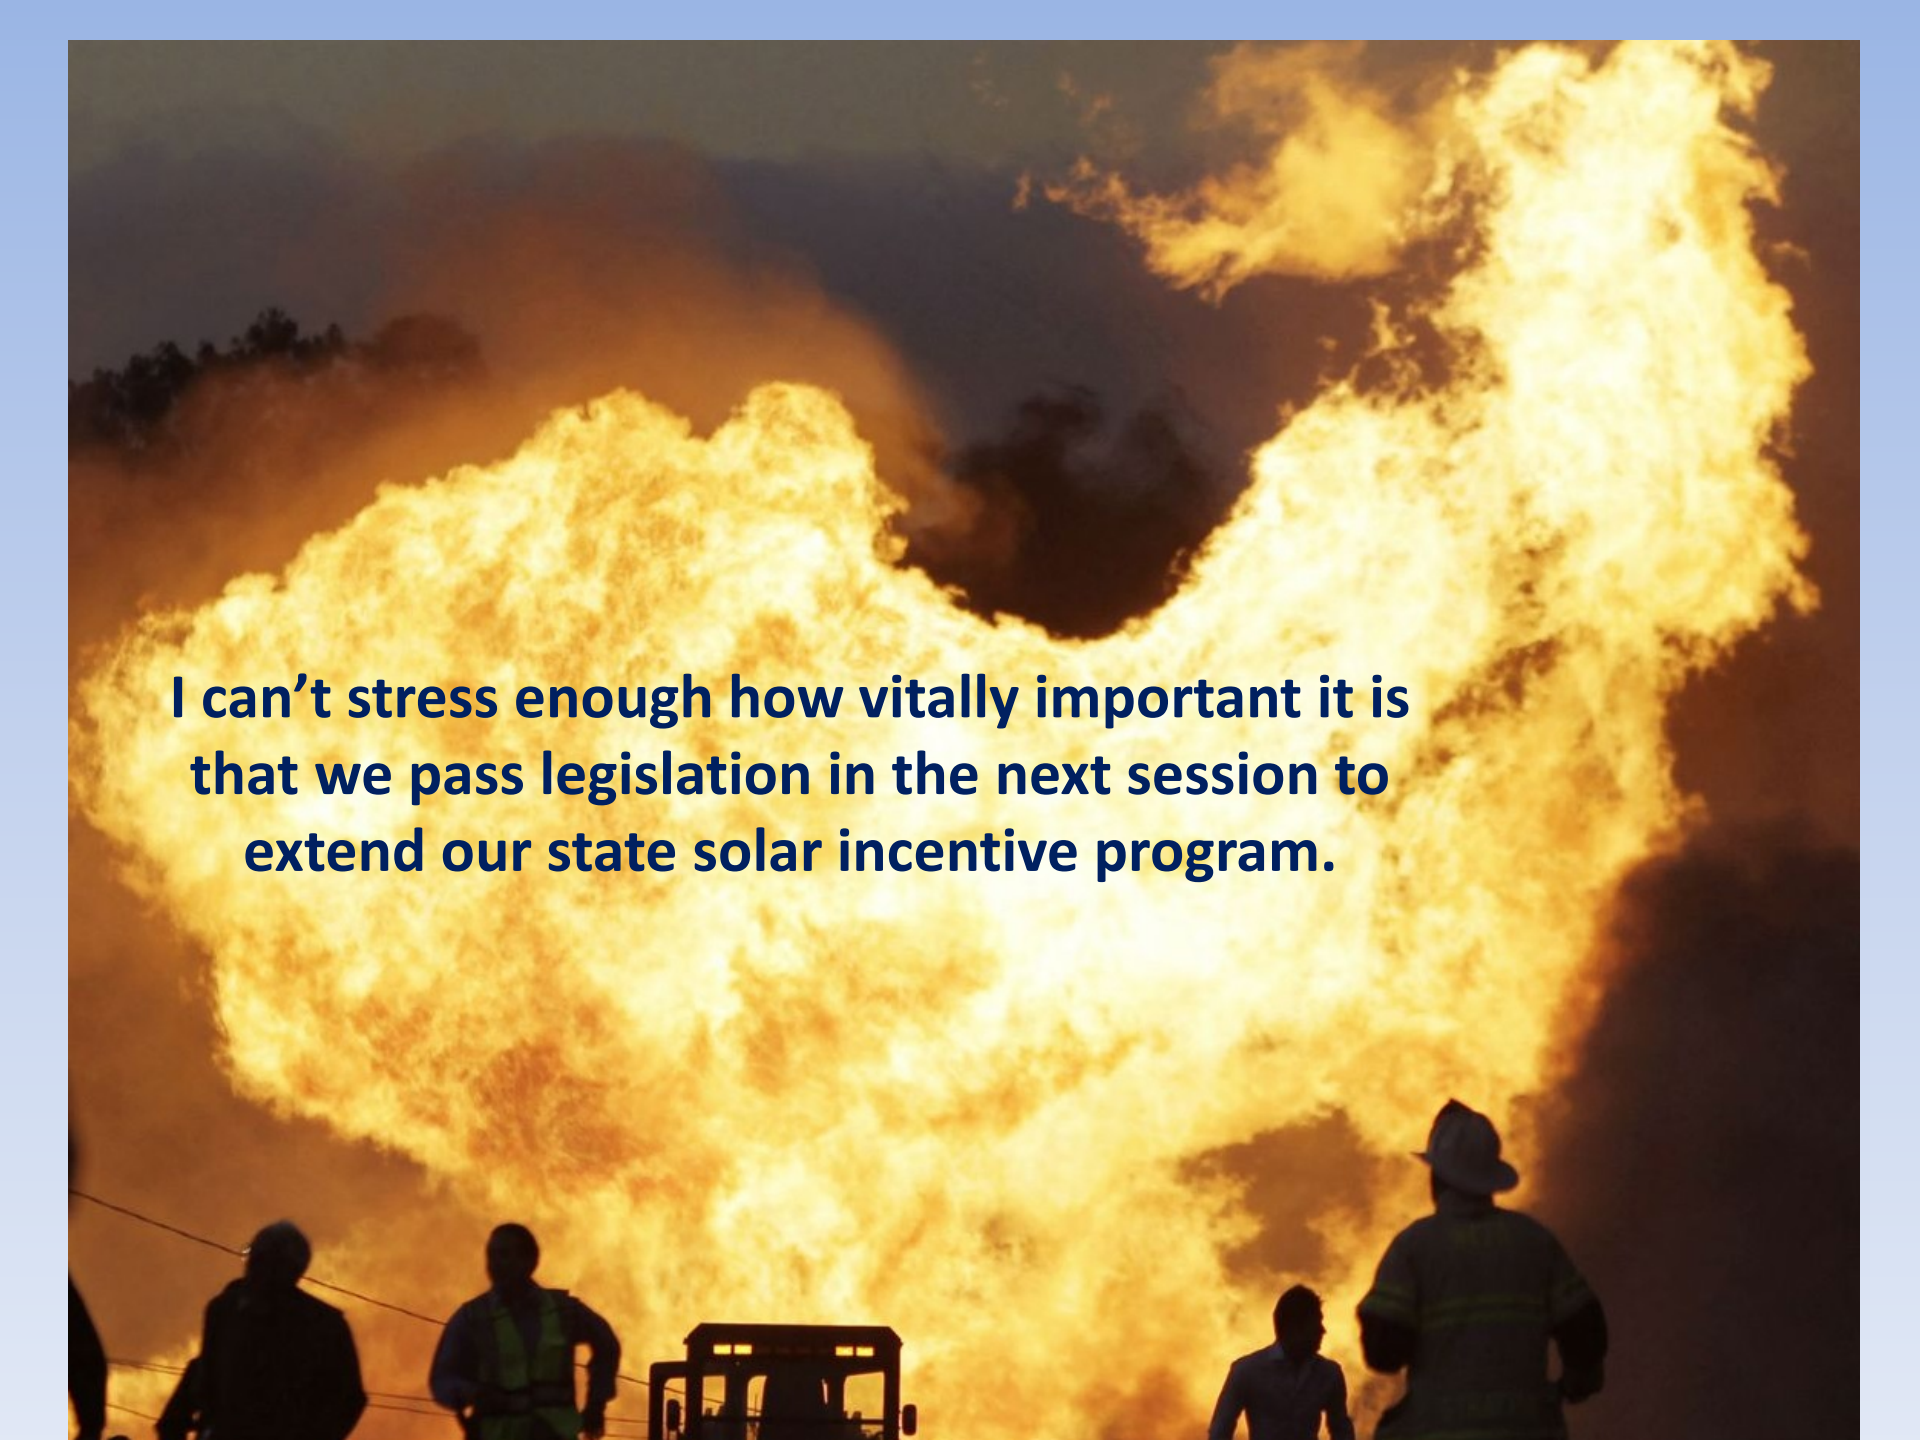

Source: Bloomberg New Energy Finance, EIA 826, 860 and 861

Washington PV - Installed MW

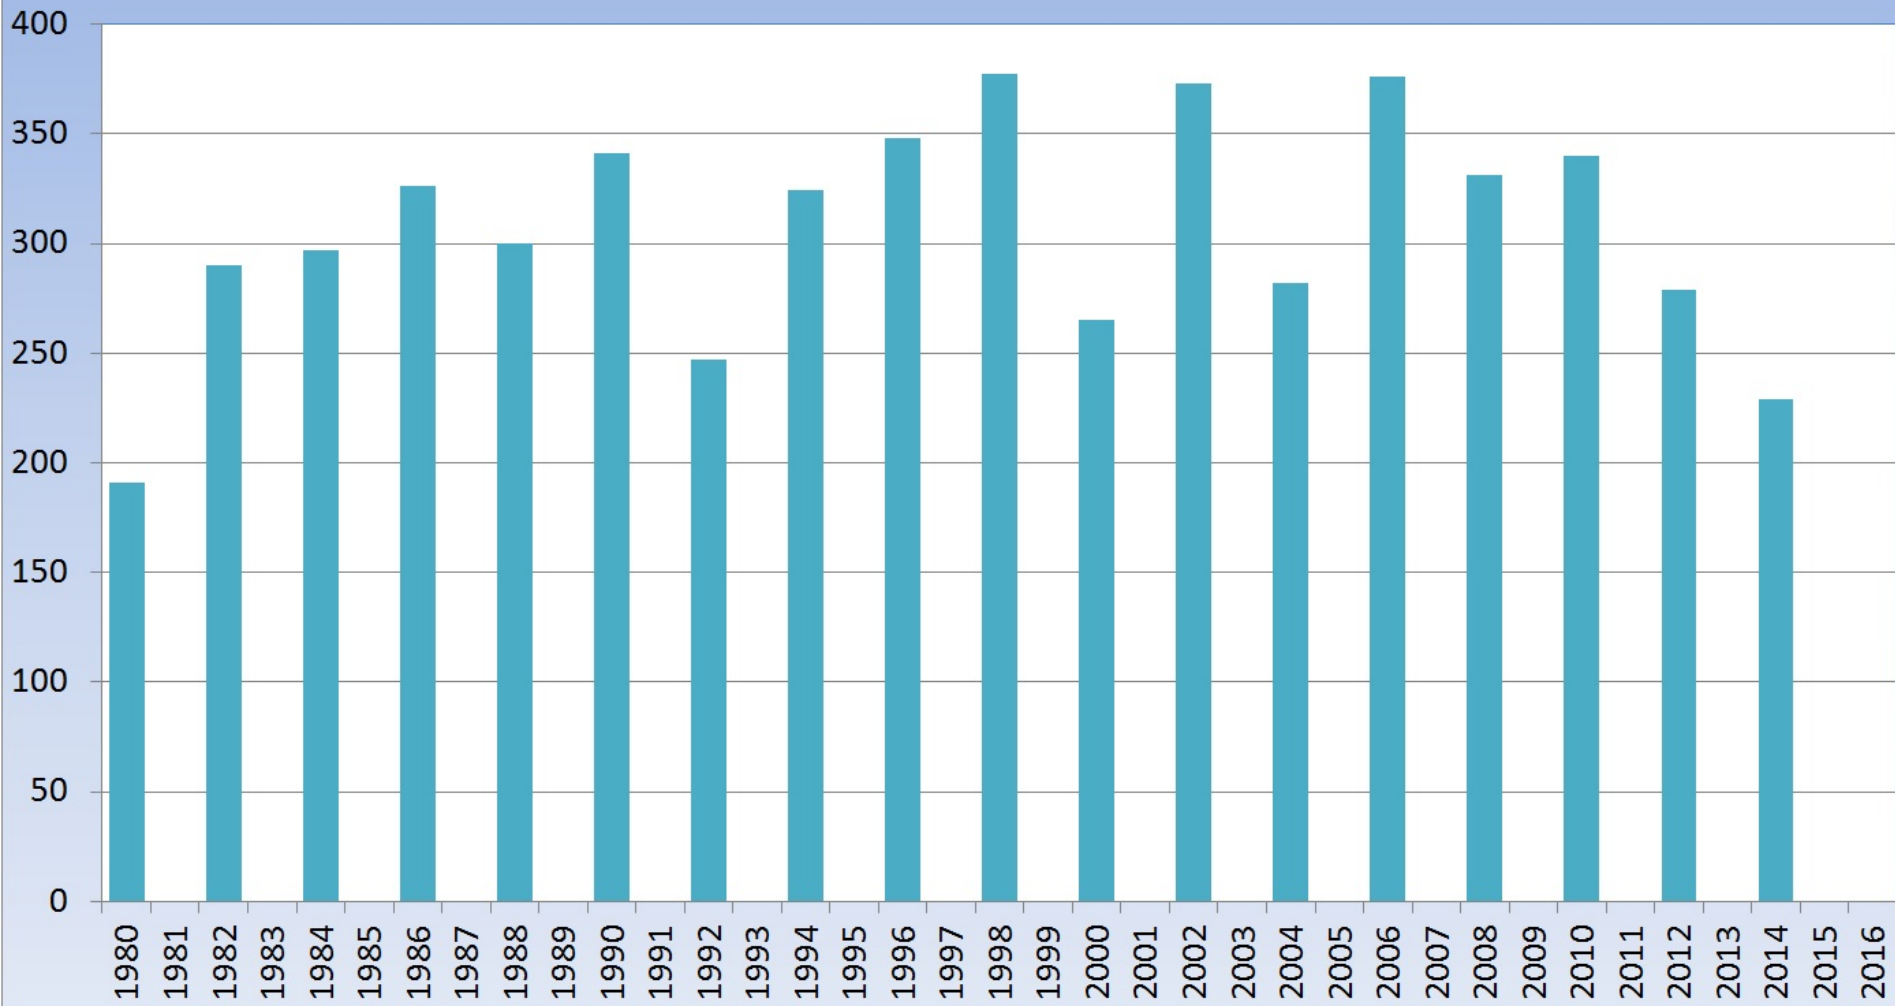

Bills Passed U.S. Congress

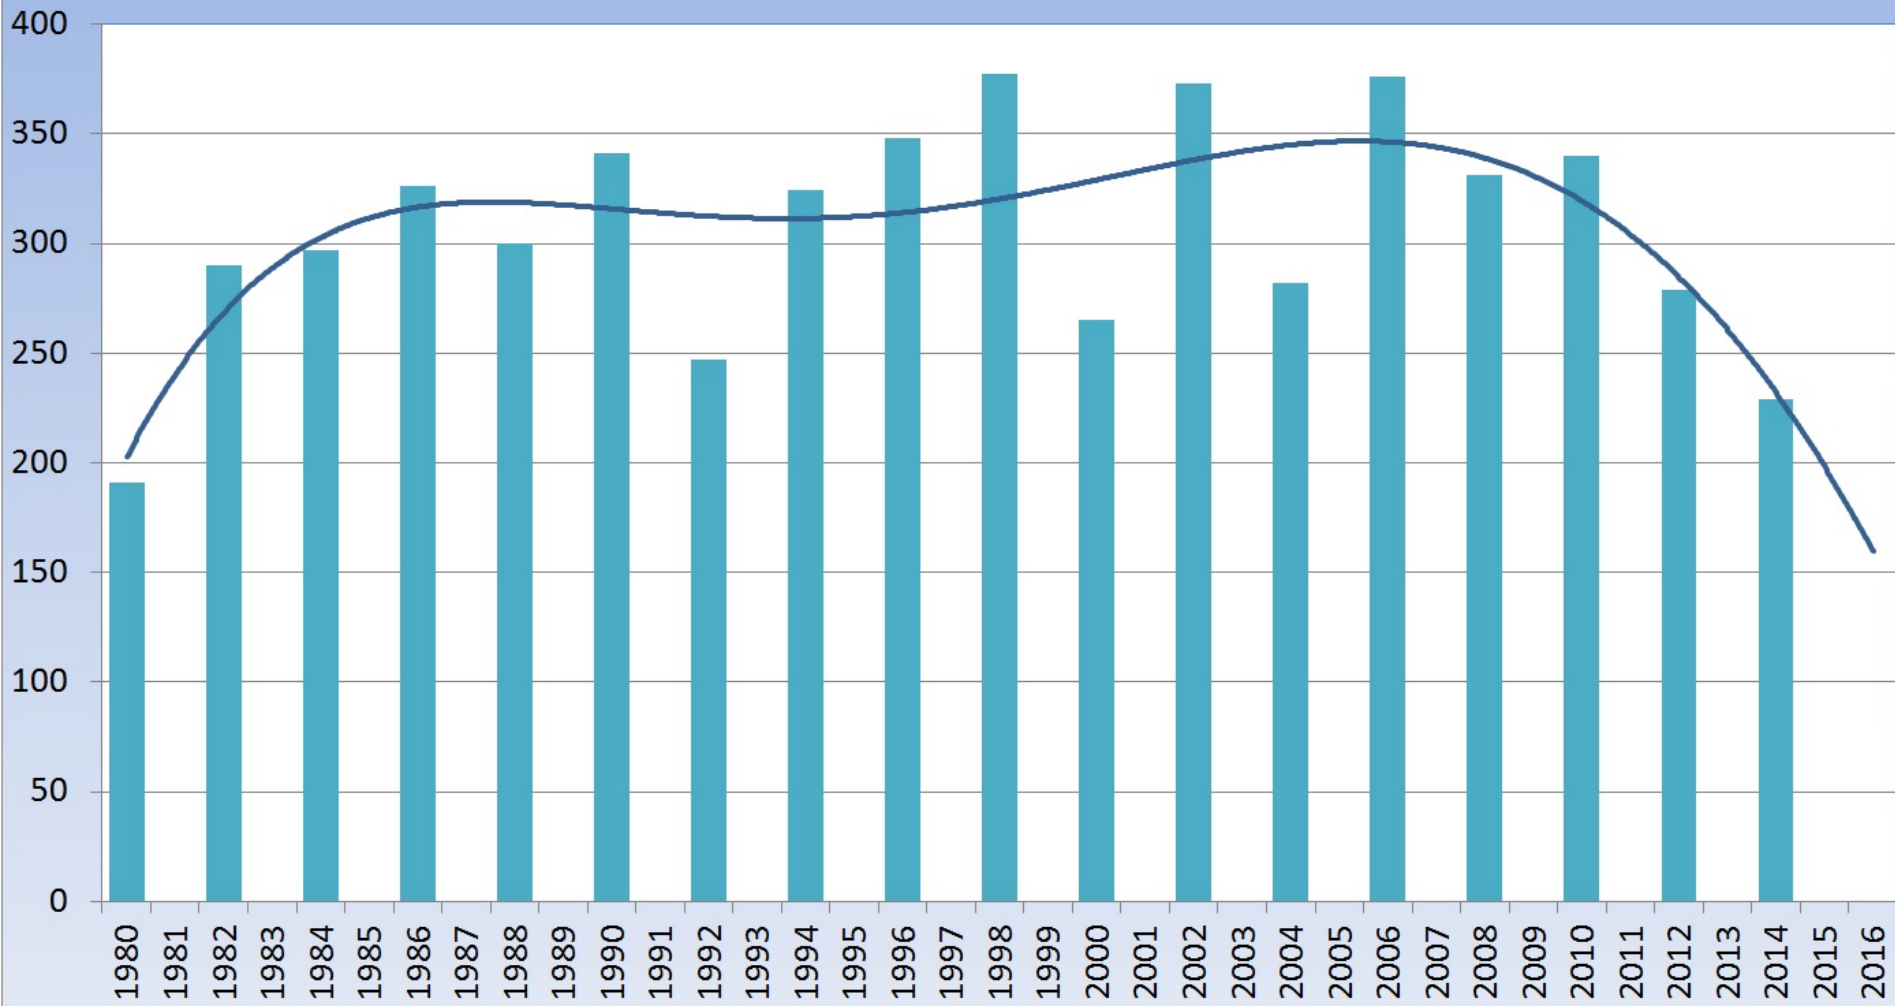

A large, intense fire with bright orange and yellow flames dominates the background. In the foreground, the silhouettes of several firefighters are visible, looking towards the fire. A fire truck is also partially visible in the lower center. The scene is set against a dark sky, with some smoke or clouds visible in the upper left.

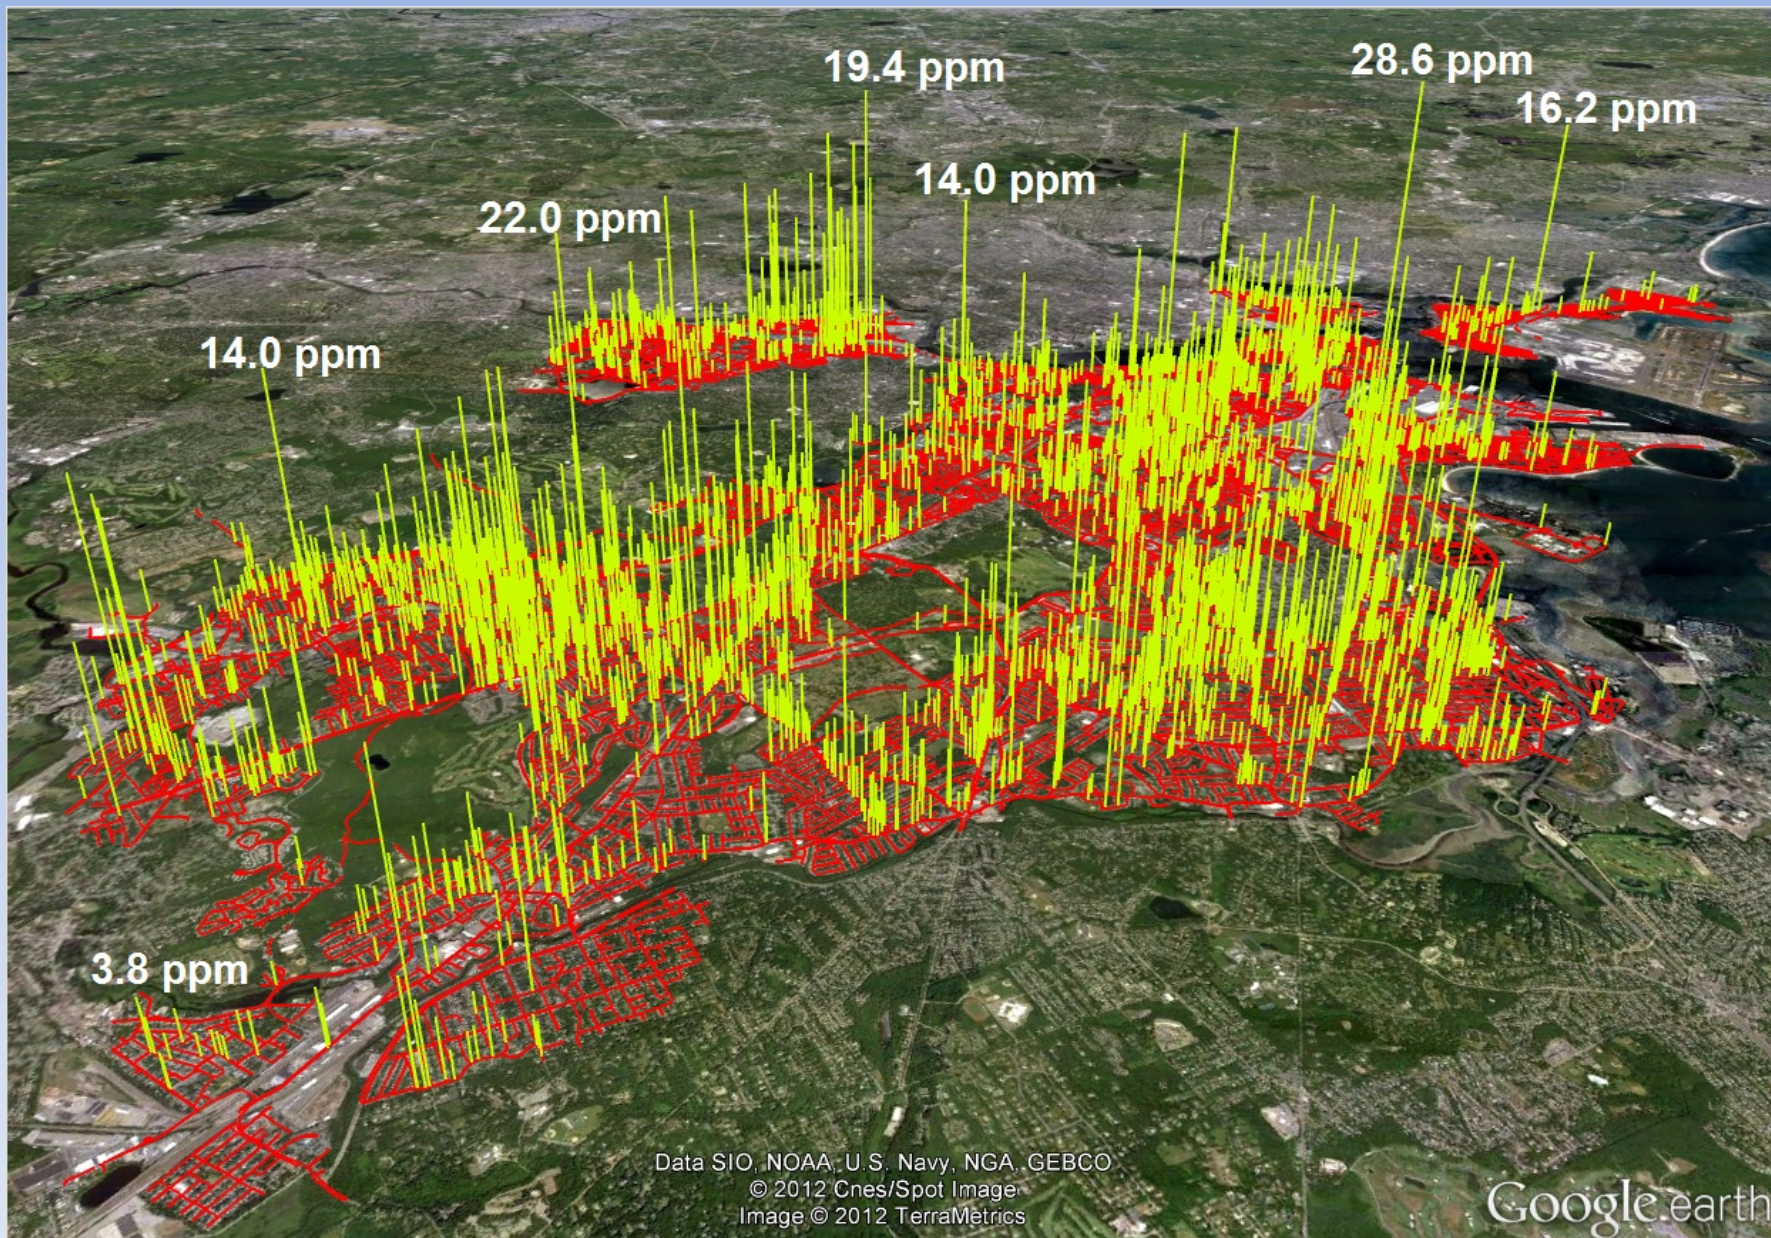

I can't stress enough how vitally important it is that we pass legislation in the next session to extend our state solar incentive program.
