

Schedule of Events

2018 Washington State Solar Summit Friday, October 19, 2018; Meydenbauer Center, Bellevue, WA

The Washington State Solar Summit is presented by Solar Washington, a nonprofit organization advancing solar energy education & awareness in Washington. You may purchase your own wireless connection on site during the Solar Summit via the Meydenbauer Center's "MC Get Wi-Fi" service. We will attempt to accommodate as many questions as possible after each session as time permits. You may find this schedule online at <https://www.solarwa.org/program>.
