

PV Module Stewardship and Takeback Program Update

DEPARTMENT OF
ECOLOGY
State of Washington

Current Status

- The statewide collection program is not currently operational.
- No sites (that I've heard of) in WA recycling PV modules.
- Recycling locations in:
 - Idaho
 - Ohio
 - Wisconsin
- Program collection begins January 2021.
- Creating guidance plan for manufacturers.

What Does the Law Say?

- SB 5939 passed in 2017
 - Primarily a tax incentive bill.
- Created [Chapter 70.355 RCW](#), Photovoltaic Module Stewardship and Takeback Program
 - PV module manufacturers responsible for financing the takeback and recycling system.

Examples Covered in Program

Examples NOT Covered in Program

Ecology's Role

- Create guidance document that manufacturers will follow when:
 - Creating stewardship (recycling) plan.
 - Preparing annual report.
 - Listing downstream vendors.
 - Creating collection network.
