

2019 Washington State Solar Summit Sponsor Code of Ethics

Companies and organizations wishing to become a sponsor of the 2019 Washington State Solar Summit, please read below, sign and return before committing to your sponsorship.

As a sponsor at the 2019 Washington State Solar Summit, our company is committed to conducting our business in an ethical manner and upholding the integrity of the solar industry. As part of this commitment and as a part of our general business practices, I/we pledge to:

- accurately and honestly represent the cost, capabilities, reliability, performance and other characteristics of solar and solar-related products and services in all business dealings.
- design, build, install, operate and/or maintain products in a manner compatible with public health, safety, and environmental values.
- employ or engage well-trained personnel to provide current, correct, and understandable product information.
- offer and honor clear, understandable warranties that comply with all applicable laws and regulations.
- treat consumers in a professional and timely manner.
- accurately and honestly represent any financing mechanism in any transaction so as to be highly transparent and forthright as to its terms.
- conform to the law and intent of federal, state, utility, and local incentives and fairly represent the impact of such incentives in all transactions.
- accurately and honestly represent ourselves and our products, services, and/or projects to any government entity from which we intend to receive financial or other assistance, and fully comply with the terms of any such assistance received.
- understand that Solar Washington's value as an unbiased resource for information is not swayed or influenced by contributions from any particular sponsor or financial supporter.
- support the mission of Solar Washington and the 2019 Washington State Solar Summit which is to provide educational resources and forums for solar homeowners, supporters, industry personnel and others with an interest in advancing solar in Washington.
