## **STAR Voting Ballot**

Score - Then - Automatic - Runoff

Give each candidate a score to show your preferences.

Candidates who you leave blank receive a zero.

To indicate no preference you can give the same score more than once.

The two highest scoring candidates are finalists who advance to the runoff.

Your ballot already shows which finalist you scored higher,
and the runoff throws your full weight behind the finalist you preferred.

## STAR Voting is rad:

- Honesty is the best strategy. Your ballot ideally shows your preferences and how much you like or dislike each candidate.
- STAR Voting is highly accurate at picking the best winner - the candidate with the most support overall.
- You don't have to worry about vote splitting. STAR Voting is still accurate with many candidates in the race.
- Every voter has an equal say. STAR
   Voting doesn't play favorites or give anyone an unfair advantage.
- STAR Voting never wastes your vote. All the data from every ballot is taken into account - Unlike other proposed options.
- The STAR Voting runoff round helps prevent your worst case scenario even if your favorite can't win.
