

## **Help Revolutionize Democracy: Volunteer with the STAR Voting for Multnomah County Initiative**

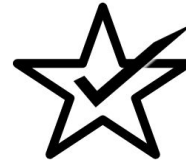

The STAR Voting Initiative invites you to get involved, intern and volunteer! Politics is a mess right now, but we have a proposal that gets to the root of the problem. This is the model that the rest of the county can follow!

STAR Voting eliminates the need for a primary and allows voters to rate their candidates. You only need to vote once in November and those ballots are counted in a 2 step process:

### **Rate candidates from 0-5.**

- **First:** All the scores from all the ballots are totaled and the two highest scoring are finalists.
- **Second:** Your ballot already shows which finalist you preferred. The finalist preferred by more voters wins.

STAR Voting is a game changer because it would allow everyone to vote in the elections that matter, and vote their conscience, no matter what. Even if your favorite can't win your vote makes a difference and helps prevent your worst case scenario. STAR Voting solves the dreaded "Spoiler Effect" ending vote splitting once and for all and giving us elections for the first time ever that are highly accurate with any number of candidates in the race.
