PROGRAM OVERVIEW

STEM MISTA

THE PURPOSE

We live in a world where what one knows in terms of **inter-personal skills, emotional intelligence, and networking**, plays a crucial role in the success of their career and overall quality of life. We cover **financial literacy, emotional quotient, personality profiling, personal presentation**, and much more. On top of this, we place keen emphasis on both informing boys of **career options** available in today's society, and the process of how to successfully attain their **ideal career**. Beyond this, we also teach **workplace efficacy**, **cooperation, goal setting, project coordination,** and a multitude of other **crucial workplace skills.**

Before one even decides upon a career path, their **mental health, self-belief, and personal expectations** will largely determine the level of success they will attain in their life. STEM Mista programs are designed to **instil fundamental success principles, commitment and resiliency** in boys, effectively setting them up for a life of **tremendous accomplishment**.

CORE FUNDAMENTALS

- **EMOTIONAL INTELLIGENCE**
- **WORKPLACE EFFICACY**
- **LIFE-PATH SEEKING**
- **SUCCESS FUNDAMENTALS**
- **EMPLOYABILITY TRAINING**
- **FUTURE & STEM FOCUS**

INVESTMENT

The 4 Day all intensive event is $500 with $100 cashback. The investment covers: 2 Books, study pack, morning tea, lunch and afternoon tea. Tuition for 4 days and access to an array of STEM Guest speakers.

MENTORSHIP

Each program is supported by up to 16 highly qualified, hand-picked STEM professionals of integrity and character who share their many experiences and vast knowledge to guide boys towards their ideal lifestyle and passion through STEM.

PAST STEM MISTAS SAID

"The best part about the course was meeting the different STEM professionals."

"I really enjoyed the session on grooming and how to dress for an interview."

"The tour of the uni, meeting the STEM people and understand how to get into uni was really good."

PARENTS HAVE SAID

"I don't know what you did but he does his homework without nagging and takes the bins out, oh and his grades have improved"

"We didn't really notice a change until about a month later, his confidence has increased and he finishes his homework on time."
