

**PROTECT OUR WATER**

**BAN FRACKING**

## Measure G Protects Our Water and Our Public Health:

- Bans fracking and acidizing.
- Bans new oil drilling.
- Allows existing oil wells to continue operating.

**Protect Our Water, Our Health, and Our Future.**

**On November 6—or by mail  
VOTE YES on Measure G.**

## **VOTE YES on Measure G to Protect Our Water by Banning Fracking and New Oil Wells.**

Oil drilling and fracking use huge amounts of water and toxic chemicals to extract oil. This creates a massive amount of toxic wastewater that is disposed of in aquifers.

Measure G is fair and balanced. It allows existing oil wells to continue operating—but bans new oil wells and dangerous drilling techniques like fracking.

Measure G is a sensible way to protect our groundwater from toxic oil industry pollution.

## **Measure G is supported by Teachers, Nurses, and Health Professionals:**
